The address was made under the auspices of the National Association for the Reduction of Public Expenditures. It presented the plan adopted in the states of Minnesota and South Dakota, which has resulted in a reduction of taxes of 30 per cent and of 5 1/2 per cent respectively.

Foulkes outlined this plan, pointing out numerous instances in county, township and state offices where reductions in salary and maintenance has been accomplished. He cited the department of public safety in this state as a special instance of possible curtailment.

He stated that the state police might just as well be entirely abolished, on the ground of duplication of work.

WLS STAR TO BE FEATURE OF PROGRAM

Girl Dancers, Musical Numbers to Feature Entertainment; Baby Show and Sports in Afternoon.

The Dayton Odd Fellow Lodge will again be host to southwestern Michigan at one of their justly famous picnics at Dayton Labor Day when it is expected that the attendance will be fully equal if not greater than in previous years.

The Dayton Lodge is again maintaining the tradition of the picnic, which has been an immense drawing card for 20 years. During the past two years, business and industrial conditions have made it increasingly difficult to stage an event but the management has carried on. Given good weather, a crowd of from five to six thousand is not unusual.

The feature of the entertainment this year will be Max Terhune, the Barnyard mimic from WLS, who will be ably supported, however, by a number of other attractive features, including Miss Maxine Shafer in acrobatic dancing, Miss Jean Boyd Russell, who has appeared in South Bend theaters in toe dancing, and a mysterious organization billed as the "Dusky Daisies," whose identity may become known as the event progresses.

Guests of honor will be Dr. T. D. Dow of Stanton, Mich., and Mrs. Carrie Blanchard of Battle Creek, president of the state Rebekah Assembly.

The horse shoe pitching tournament begins at 10 a. m., with two contests, one for players using their own shoes and another for players using standard shoes furnished by the committee. A number of prizes are offered by Buchanan merchants for the winners.

### Lost 20 Lbs. of Fat In Just 4 Weeks

Mrs. Mae West of St. Louis, Mo., writes: "I'm only 23 yrs. old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and furthermore I've never had a hungry moment."

Fat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—it's the SAFE, harmless way to reduce as tens of thousands of men and women know. For your health's sake ask for and get Kruschen at any drugstore—the cost for a bottle that lasts 4 weeks is but a trifle and it after the first bottle you are so joyfully satisfied with results—money back.

The National Association for the Reduction of Public Expenditures Endorses

## George Foulkes

of Hartford, Michigan, for Democratic Representative in Congress

(Fourth District)

The following endorsement was given to Mr. Foulkes by the representatives of the National Association for the Reduction of Public Expenditures at meetings held at Eau Claire, Berrien Springs, Baroda and St. Joseph, Michigan.

"This association, which combines the activities of over six hundred local organizations working for tax reform, after due investigation has decided to endorse Mr. Foulkes for Congress on the Democratic ticket in the 4th Congressional District. You have doubtless heard from public speakers and the leading newspapers of the country much about the waste of your public money, and it is not our purpose to emphasize this question now. In November you will elect three men who will practically control the expenditures of your public money for the next two years. Your State Representative—State Senator and your Congressman. The cost of all other offices and officers are controlled by the votes of these three. We feel that in the person of Mr. Foulkes you have a man who meets the qualifications demanded by our National Organization, and we commend him to your thoughtful consideration for Congress in this, the Fourth District. His untiring efforts in organizing tax reform movements in this and other states has met with much success and brought about much needed reforms. He is the largest individual land farm taxpayer in his county and one of the largest in your state. A University graduate in agriculture and law who has devoted many years to farming and a successful career. He has not hitherto held elective office and is not allied to any minority groups now seeking selfish advantages."

Candidate for the Democratic Nomination for County Treasurer

Ten years successful business experience. Two years member of the Berrien County Board of Supervisors for Baroda Township. Through self liquidating projects he carried the unemployment situation in his township through the past year without costing the taxpayers a dollar for poor relief. Capable, efficient and courteous service in the County Treasurer's office if he is nominated and elected.

ASK FOR DEMOCRATIC BALLOT AT PRIMARY SEPT. 13

**Julius J. Krieger**  
for State Representative  
First District Democratic Ballot

Krieger is endorsed by the Veterans of Foreign Wars, and other clubs and here are some of the reasons:

**Krieger Stands Squarely Behind:**

- 1st. A drastic cut in governmental costs.
- 2nd. A revision of taxes to reduce real estate tax at least one-half, other necessary revenues to be derived from graduated tax on earnings.
- 3rd. An emergency measure to stop the enormous loss of farms and homes by mortgage and tax sales.
- 4th. A state banking law that will protect your money.
- 5th. The Democratic platform on the prohibition question.
- 6th. Krieger is a farmer, sells farms as a side line, is secretary of a fruit growers' association, knows their problems and conditions from all angles, and will make an honest effort to help them.

**HAS HE THE ABILITY TO 'PUT IT OVER?'**

He possesses a vocabulary amply sufficient to convey your needs to any body of fair minded men, and his dramatic training enables him to present your cause with enough force to penetrate any "thick cranium" that may try to prevent it. He knows that existing conditions must be changed, and without delay, if given a chance, he will certainly go his share.

How to Propose Instead of saying, "Darling, if you'll only be my wife I swear I'll make you happy," men ought to say, "Darling, if you'll only be my housekeeper, cook, maid, valet, laundress, nursemaid, and general odd-job man, I'll keep you in grub and necessities." But even then I suppose women would still be idiotic enough to say, "Yes."—London Passing Show.

ARTICLE I This is not an essay on economics. I am not an economist. I did not force the depression, nor do I know when it is going to end, though past experience teaches me the upturn is bound to come, perhaps slowly, perhaps suddenly, when we least expect it.

This is something of a retrogression from an earlier period. When our government was founded, our forefathers did not let unknowns represent them. They made it their business to know all about the character and achievements of the men they elected to public office.

ROUND ABOUT BUCHANAN

THE RENEWAL OF THE SPRINGS Reports from the Riverside park grounds indicate that the camp meeting just concluded there surpassed in interest and attendance the meetings of many years previously.

Changing Social Life This change is partly due to our changing social life. Many of us do not even know our next-door neighbors. But it is a manifestation of a deeper and more sinister change, the tendency of the average citizen to let somebody else do his thinking for him.

The provision of wholesome amusement may very well be productive of dividends to the community in hard cash, even though the cash may not be exactly in hand.

Owing to the restoration of the courts by the city in collaboration with a number of wide awake young people and tennis fans, there has been without a doubt, more racket play here than in any previous year in Buchanan's history.

Estimating that an average of 505 hours of tennis is played on the courts daily over a hundred day period, which does not seem excessive, a little arithmetical work gives a total of 5,000 hours of wholesome and innocent amusement.

Much of the credit for this achievement must go to Dr. H. M. Beistle, who in the capacity of chairman of the park committee of the city commission, has shown a friendly attitude of co-operation with the young people of the town.

The tennis players have disproved the former contention that there would be no use in equipping the courts as the players would not be responsible for the care of the equipment and consequently it would soon be ruined.

**Obverse of Coin**  
"Obverse" means turned toward or facing one. It is opposed to reverse. The obverse of a coin or medal is the side containing the principal device. In other words, it is the front of the coin, the side meant to be displayed. It is a common mistake to suppose that "obverse" in this connection means the reverse or back side.

Men who undertake considerable things, even in a regular way, ought to give us ground to presume ability.—Burke.

**Russian Bread**  
The so-called black bread of Russia is not black, but exceedingly dark colored, due to the fact that its principal ingredients are barley and rye.

**Housewives' Exchange**  
(Conducted by our own Marie) It has been suggested to you by quite a number of Buchanan ladies that we start an economy menu program in our columns. No doubt there are any number of local housewives who can make tasty dishes for their family at a small cost. We are asking you to pass your recipe on. We will publish these recipes in the Record and will use your name, or not, as it may please you.

**Spanish Rice** (All-in-one-Dish)  
4 lbs. Crisco or other shortening  
1 cup rice  
2 tsp. salt  
1/4 tsp. paprika  
1/4 tsp. pepper  
1 small onion, chopped  
2 stalks celery, leaves and all, chopped  
4 cups tomatoes  
1 cup stock or boiling water  
1 cup left-over meat  
Method—Wash rice and drain thoroughly. Heat meat, frying pan, then add Crisco. Fry the rice five minutes, until brown, stirring occasionally to keep from sticking. Add salt, paprika and pepper, stir and fry until well blended. Add onions and celery; cook 5 minutes more. Add tomatoes and left-over meat and stock or boiling water. Lower heat, cover closely and simmer slowly until rice is tender, about 25 minutes. Stir occasionally to prevent sticking. To brown, uncover skillet and brown in over about 5 minutes.

**Handled Last Year**  
**By State Treasurer**

During the state's last fiscal year which ended June 30, 1932, Howard C. Lawrence, state treasurer, was responsible for \$166,299,490.60 in state funds, of which \$33,703,053.84 was on hand when the year closed.

As shown in the treasury department's annual report which is being distributed, copies of which are available at the treasurer's office.

The report contains a tabulation of the 212 state and national depository banks where funds are placed at interest, the amount of the respective accounts with the banks in each community and the amount and nature of the security covering each account. An interesting feature is an itemized list of the specific tax receipts totaling \$15,194,632.18 for the year. Except for the levy upon sleeping car companies which is paid into the general fund, this revenue is turned into the primary school interest fund. The railroads of Michigan paid specific taxes of \$7,846,290.09 during the year. Of this amount \$2,880,093.40 was paid by the Michigan Central Railroad company and \$1,472,407.30 by the Pere Marquette Railroad Co.

Life insurance companies paid \$2,371,845.42 and the specific taxes levied against fire insurance companies were \$704,098.94. Telephone companies paid taxes of \$3,487,342.57 of which the Michigan Bell Telephone company's levy was \$3,300,751.20 which was paid in a single check on June 30.

The legislature, the report states, during its special session in 1932, created two new activities with which the state treasury is identified. The Public Debt Commission was formed with authority to supervise the refunding of the indebtedness of municipalities. The members of this commission are the state treasurer, attorney general and auditor general.

**Problem of Tact**  
How to word an invitation so that the proposed guest will take it politely but will not come to the dinner is what bothers many a hostess.—Florida Times-Union.

**Very Rare Marsupial**  
The curator of the national museum of the Adelaide museum has discovered in Central Australia one of the rarest marsupials, Caluromanus Campesstris (at rat kangaroo) of which no living specimen has been seen for hundreds of years. The only three specimens known are in the British museum.

I'll Tell You Free How to Heal Bad Legs

Simply anoint the swollen veins and sores with Emerald Oil, and bandage your leg. Use a bandage three inches wide and long enough to give the necessary support, winding it upward from the ankle to the knee, the way the blood flows in the veins. No more broken veins! No more ulcers! No more open sores! No more crippling pain! Just follow directions, and you are sure to be helped. Your druggist won't keep your money unless you are.

## Wake Up Your Liver Bile—Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just stays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes these good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up."

They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't take liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a mild taste. 25¢ at all stores. © 1931 C. M. Co.

Faith in the U. S. A.
In spite of the leaders who fail to lead,
In spite of bribery, graft and greed,
In spite of the men who, day by day,
Pile on the taxes we have to pay,
I still believe in the U. S. A.

In spite of the note with interest due,
In spite of the income cut in two,
In spite of the bond that fails to pay,
In spite of the dividend gone astray,
I still believe in the U. S. A.

In spite of the gang and the racketeer—
Hell-fire whiskey and weak-kneed beer,
In spite of the lawyer that knows the way
To serve the crooks by the law's delay,
I still believe in the U. S. A.

In spite of the banks and foreign loans,
Frozen as hard as the Arctic stones,
In spite of the cotton we hold today,
In spite of the wheat we've stored away,
I still believe in the U. S. A.

In spite of the hell we're passing through,
There's still a fight in me and you
It may be hard, but we'll find a way,
It's bound to help if you grin and say,

Morley Launches Campaign for State Representation

Dean Morley, prominent New Troy miller, last week officially announced his intention to make a serious bid for the nomination for state representative from the first district on the Democratic ticket.

Although Mr. Morley's petitions were duly circulated and filed, he had made no effort to campaigning for votes until the present time.

DEAN MORLEY

"Of late, however," said the Weesaw township candidate, "so many offers of support have been voluntarily made that I have decided to yield to the wishes of my friends, and make every possible effort to secure the nomination."

Mr. Morley's plan is to meet personally as many voters as is possible between now and the primary and convince them that his platform of "conscientious representation" is what is needed in the state capital.

Dean Morley is one of the best known and liked men in this part of the county. He was born in New Troy and has lived there all his life.

At present, he is the manager of the New Troy Mills which is one of the county's largest institutions. Mr. Morley has been clerk of Weesaw township for 12 years and is an ex-serviceman with a wide circle of friends who are confident of his success at the polls.

Opposing Mr. Morley for the nomination are Julius J. Krieger of Lincoln township and T. J. O'Donnell of New Buffalo.

ECONOMY with Geo. H. Selfridge
Our Republican Candidate for County Treasurer
GEO. H. SELFRIDGE worked his way thru high school, and as a young man assumed the responsibility of maintaining a home after his father's death. He knows the meaning of the word "economy." He has succeeded step by step through his own efforts, and in business circles of Berrien county, he has won respect by his persistent and conscientious work. He is clean; he has the ability; he is courteous and we recommend him for the office of COUNTY TREASURER.
