Foulkes Assails Stand of Cong. Ketcham on Farm Legislation

G. O. P. RALLY SCHEDULED AT PRINCESS TONITE

Now Here's the Proposition

SOCIAL MAXIMS

By Haws

If you'd dwell on Society Street This is the thing you must know It is better to owe for the cats Than to labor too long with the hoe.

If you'd move in the regions of class You must stand with your toes on the chalk. It is better to owe for the gas Than be caught once too oft on the walk.

Though you've bidden farewell to your roll And the due bills are gathered in stacks It is better to owe for the coal Than to labor too long with the axe.

Too Democratic, Mebee Jim Alkenbottom, the well known River Road Democrat, dropped into the office this morning to ask if it was so that the Young Men's Republican Club was going to admit the girls to membership. If so, he said, there might be a pretty good chance of them all going Democratic.

Hiram Hardscrabble, mayor of Bakertown, was in yesterday and wanted to know what the idea is of displaying all these "Coal is Cash" signs so prominently around town when everybody knows nobody has any cash and why do they want to rub it in that way.

Mert Has Judgment And at that Mert Wallace is a good judge of when he has all the competition he needs. After he and Goldie Smith had been nominated for the office of sheriff of the Young Men's Republican club, Mert got up and moved that the nominations be closed.

Miller-For-Sheriff Headquarters found Pursuant to the notice in this column last week, arrangements have been made to open a Miller-For-Sheriff headquarters in the northwest corner of the Record office, where the cause of Mr. Miller will be furthered until election and possibly afterward. Interested parties are warned not to make the mistake of going to the desk immediately in line with the entrance—the one with the half-cut apple and the August copy of True Stories—or, the other desk to the right, decorated with the package of cigarettes, the corn cob pipe and other evidence of an effeminate disposition.

The right desk is the one on the left as you enter, with the hard-working, earnest-looking gentleman laboring in front of it. Leave a dollar with him if you are interested in electing this fine, clean-cut, upstanding, foursquare, red-blooded, virile specimen of American manhood, Mr. Miller, to the office of sheriff. If you are not, you might leave a dollar anyway.

For the Protection of the G. O. P. Cliff Hubbleston, well known local Republican leader from Michigan street, dropped into the office to know if the City Health Officer had put them Comstock-for-Governor signs on the windows around town to quarantine the Democrats.

More Razz-z-z-burles Harry Hartline was a visitor in the office Tuesday bringing with him a fine spray of black cap raspberries the second crop for the season at his farm north of town.

After All a Cleaning Plant Is What Both Need The local Republican party leaders are reported to have taken over the Modern Dry Cleaning plant in the Pears building, where they are now in a position to render first class service in cleaning up political records, pocketbooks or what have you? So that's OK or your money back.

TALKS BEFORE DEM. RALLY AT LEGION HALL

Attacks Extravagance State and Federal Bureaus' Cities State Police and U. S. Dept. of Agriculture.

Speaking before an audience that filled the American Legion hall to capacity, George Foulkes, Democratic candidate for congress, delivered a vigorous attack on state and federal bureaucracy here Monday evening, finishing his address with a thrust at the record of his adversary, Congressman John C. Ketcham.

Relative to the stand taken by Congressman Ketcham on legislation of interest to farmers he said:

"On December 19, 1931, on a motion to provide a one year moratorium on farm mortgages held by the Federal Farm bank, Mr. Ketcham voted No. This bill would have given 100 million as an advance on farm loans and stopped foreclosures. But Ketcham, who voted against it, did not hesitate to cast his vote, just one day previous, in favor of a moratorium for one year, of the great foreign debt payment to the United States of 250 millions, while these same countries paid this same money, which should have been paid to our government, to the New York bankers in settlement of their private debts.

"It would have been better business to have paid this money out of our treasury direct to Wall Street, thereby saving the freight on it. That would have been economy. Hoover economy. "This friend of the farmer also voted Yes on the passage of the two thousand million dollar Reconstruction Finance Appropriation Bill, which placed this tremendous sum of money, wrung from the taxpayers into the hands of the International Bankers and other Big Business.

"I now leave the case for the jury, the voter, to decide."

A PROCLAMATION

By the Governor Pursuant to custom we each year set aside a period known as Fire Prevention Week The purpose is to call to the attention of all our people, the sad havoc caused by fire. Each year enormous waste of our resources and destruction of life is caused by carelessness of our citizens and it is only by constantly bringing before the public the significance of this waste of property and loss of life that improvement can be effected. Michigan loses in the destruction of her resources—for fire insurance does not replace burned values, nor can life insurance bring back a lost life.

It is the solemn duty of every home owner to safeguard that home against fire—each store-keeper to keep his business place safe for the public and each factory owner to so operate his plant that there be no sacrifice of life or property.

Our Fire Departments of city and village—The Michigan Fire Chief's Association and the State Fire Marshal Department devote much time the year round to the work of Fire Prevention.

Let us all join with them for Fire Prevention Week Oct. 9 to Oct. 15 inclusive and through united effort make Michigan a safer and better place to live.

Given under my hand and the great seal of the State this twenty-second day of September in the year of our Lord one thousand nine hundred and thirty-two, and of the Commonwealth the ninety-fourth.

By the Governor: Wilbur M. Bruckler, Frank D. Fitzgerald, Secretary of State.

EDITOR GOOD HOUSEKEEPING SPEAKS HERE

Emily Newell Blair, Vice President Democratic National Committee, Makes Address.

"I am not afraid of either Socialism or Fascism; in fact I prefer either to starvation, but what the Democrat voters want is one more chance to see whether the good old American plan of equal rights for all, special privileges for none cannot stage a comeback," declared Emily Newell Blair of New York City, associate editor of Good Housekeeping in a brilliant address before an audience that packed the Legion hall Monday evening.

Mrs. Blair is also an honorary vice president of the Democratic National Committee and a personal friend of Franklin D. Roosevelt, Democrat nominee for president.

She drew a parallel between what she termed to be the central ideas of the Republican and Democratic parties, stating that the former stood first and foremost for "government by privilege" under a system which extended favors to established leaders of industry. The Democratic party, she stated, stands for the old American idea of "special privilege for none." She illustrated her point by reference to the provisions of the Home Land Bank, a relief measure of the Hoover administration. She stated that this measure provided for loaning money to private banks and building and loan companies to "permit" them to extend leniency to those owing on mortgages on their homes. In fact, she said, the money is largely let out in new loans at higher rates of interest.

She stated that the Democrat ideal was not to "permit" but to "commit" banks to relief.

She stated that the Republican idea is that if the big fellow is helped long enough and large enough, he will eventually in some way help the little fellow, but the way in which he will do it is not stipulated. The Democratic party, she stated, is not committed to the proposition of helping the big fellow and hoping he will help the little fellow.

"Hoover has already taken us some distance along the road to Fascism," she stated, "For Fascism is nothing other than an alliance between government and the already established leaders of big industry. If that is perfected, never again can it be said that your son and my son and the other fellow's son have a chance to start from scratch in America."

She gave an appreciation of the character of Franklin D. Roosevelt, detailing her personal knowledge of his heroic fight against the ravages of infantile paralysis, and the growth and expansion of his character as a result of that fight.

Two and a half years ago he came to Buchanan to make his home with his daughter, Mrs. Charles Hoffman at 220 Lake St. Soon after he came here his health began to fail. For the past seven weeks he failed rapidly.

His wife died at Brooklyn 31 years ago. He is survived by a sister, Mrs. Jane Puderbaugh, of Ozark, Kas.; by a brother, Geo. Hall of Brooklyn, Ia.; by two daughters, Helen Hall of Brooklyn and Mrs. Charles Hoffman of Buchanan; by six sons, Leonard, Clarence, Russell, Lawrence, Orange Hall of Brooklyn, and Earl H. of Fort Collins, Colo.; also by 14 grandchildren.

E. C. Wonderlich Back From Iowa With Dented Ears

E. C. Wonderlich, Main street realtor, arrived back last week from a trip back to his old stomping grounds way out in Iowa, where he has been recuperating from the rush of business in Buchanan. Mr. Wonderlich occasioned not a little wonderment when he dismounted from his Hudson wagon in front of the Rough Wagon Works and hauled out three long, yellow cylinders, each resembling a young Zeppelin in size and dimension, which he unrolled and carried into his office. Further inquiry revealed that the mysterious objects were ears of Iowa Yellow Dent.

There's one thing that is easier in the lot of the harassed stock raiser these days, and that is the riding accommodations on the road to market, according to Paul Reinke, who left for his ranch on his Goose Creek near Sheridan today, after a visit of a week at the home of his parents, Mr. and Mrs. Rudolph Reinke. Whereas the stockmen who were accompanying a shipment of cows to market used to have to travel in the cramped and stuffy freight caboose, nowadays the railroads provide them with one of the passenger coaches which the inroads of motor bus traffic have left on their hands.

ANDREW J. HALL DIED SUNDAY AT DAUGHTER'S HOME

Born in Weesaw Township; Lived in Brooklyn, Ia., For Fifty-two Years.

Andrew Jackson Hall, 73, died Sunday at the home of his daughter, Mrs. Charles Hoffman, after a long illness.

Mr. Hall was born Sept. 8, 1859, in Weesaw township, the son of Elijah and Rosetta Hamilton Hall, and grew to manhood there, leaving at the age of 22 years and moving to Brooklyn, Ia., where he was a member of the Brethren Church at South Brooklyn for many years.

Two and a half years ago he came to Buchanan to make his home with his daughter, Mrs. Charles Hoffman at 220 Lake St. Soon after he came here his health began to fail. For the past seven weeks he failed rapidly.

His wife died at Brooklyn 31 years ago. He is survived by a sister, Mrs. Jane Puderbaugh, of Ozark, Kas.; by a brother, Geo. Hall of Brooklyn, Ia.; by two daughters, Helen Hall of Brooklyn and Mrs. Charles Hoffman of Buchanan; by six sons, Leonard, Clarence, Russell, Lawrence, Orange Hall of Brooklyn, and Earl H. of Fort Collins, Colo.; also by 14 grandchildren.

The funeral was held from the Hoffman home at 2 p. m. Wednesday, Rev. Boettcher preaching the funeral sermon and interment was made in Oak Ridge cemetery.

Plans have been completed for the annual Home Coming at the Hills Corners church to be held Oct. 30, the last Sunday in the month. The regular Sunday School and church services will be held in the morning with a pot luck dinner at noon and a good program in the afternoon.

Mrs. Warren Willard and Mrs. George Roe arrived home Friday from a visit of several days in Illinois and Iowa. Mrs. Roe visited her sister, Mrs. F. S. Nelson, in Rock Island, and Mrs. Willard visited relatives in Sheffield and Rock Island, Ill., and in Davenport, Ia.

MERCHANTS ARE VICTORS OVER P. P. GREYHOUNDS

Lefty Morse Pitches One-Hit Game; Greyhounds Unable to Retrieve First Inning Disaster.

The Buchanan Merchants defeated the Portage Prairie Greyhounds in their second game of the season at the Liberty Heights diamond Sunday afternoon by the score of 7 to 1, with Bob (Lefty) Morse pitching a one hit, one run game in the box for the locals.

The contest would probably have ended in a blank for the visitors had it not been for an overthrow in the ninth inning which permitted a Greyhound runner who had gotten on first by a hit to sprint home.

Fire Department Makes Quick Run to Steinbauer Fire

The O. L. Steinbauer farm home located on the Walton Road six miles northeast of Buchanan was destroyed by fire Saturday night. The Buchanan fire department received a call and the Lincoln chemical truck started at 11:23 p. m. with Chief Tenny Bunker and Keith Bunker in charge, going by way of Niles and arriving there at 11:45 p. m.

There was no one in the house at the time, Steinbauer having recently moved to the home of his mother-in-law. He was playing for a dance at the Grange hall at the time. The flames were discovered by Fred Tichenor, but by the time he arrived they had gained too much progress, and the building and all contents were destroyed.

Maynard Post is Elected to Staff W. S. T. C. Herald

Price of Clams Hits New Lows

With first grade clams worth not more than \$20 a ton and a market for second grade mussels, the number of commercial clambers in Michigan waters has dropped during the present season according to the department of conservation.

To date only 379 clam licenses have been sold by the state as compared with more than 500

last year.

During 1931 clambers received \$40 a ton for first grade mussels and from \$5 to \$25 for second grades. This represents a drop of from \$100 to \$125 a ton for mussel shells in 1928 and 1929.

Rogers Gives Advice on the Handling of Expensive Wives

With Will Rogers offering some valuable suggestions on the proper way to handle extravagant wives, "Down to Earth" is proving to be one of the most popular vehicles of his career. It is the attraction at the Ready Theatre on Sunday and Monday, Oct. 16 and 17. The story, written by Homer Croly, is unusually timely in its disclosures of a business man's efforts to balance his dwindling income with his family's increasing expenses. Irene Rich again enacts the role of Roger's wife, with Matty Kemp, Dorothy Jordan, Mary Carlisle, Theodore Lodi, Brandon Hurst and Clarence Wilson in the cast. David Butler directed.

Bucaneers Take Waterliet in Stride 25 to 0

NOW POINT TO SEASON CLASSIC WITH NILES 11

With Two Victories Under Belt, Locals Plan to Make Ancient Rivals Walk Plank Saturday.

Playing to one of the smallest crowds of recent years, the Buchanan "Maroons" overwhelmed the Waterliet football team last Saturday to the tune of 25-0. Buchanan looked much better on the line this week than they did against St. Joseph two weeks before. They can still stand vast improvement, however. The backfield was about the same as in the St. Joe game, but Waterliet proved much easier to block out and as a result Buchanan made four touchdowns. Waterliet put up a good fight and lost in a true sportsman-like manner by giving a yell in honor of their opponents.

This game showed that Niles will have to be on their toes next Saturday when Buchanan will invade their stronghold at Plymouth in Niles. The Buchanan-Niles contest is always a battle from start to finish, and this year it will be as hard a battle as either team will have this year, and will be as spectacular as the meeting of these two schools will furnish for a long time to come. All of Buchanan should be there rooting for the "Maroons."

At the beginning of the Waterliet game, Buchanan won the toss and elected to protect the western goal. Buchanan kicked to Waterliet and Jesse missed the first play. On the next play they fumbled and Buchanan recovered. Buchanan's ball on Waterliet's 36 yard line. Ellis failed to gain on first play and Louis Morse made 1 yard on next. Pass by Buchanan incomplete. Jesse punted on next play. Ball rolled over goal and was brought out to the twenty yard line. Waterliet made no gain on first play and made three on the next and two on the next. They then punted to Buchanan's 4 yard line. Ellis failed to gain on first play. Waterliet made a yard on the first play, and no gain on the second. They punted but Bucks were offside and ball was brought back. Buchanan was penalized 5 yards. Ball was on 12 yard line. They punted to Bucks again, but this time Waterliet was offside and they were penalized accordingly. Again they punted to Buchanan, the ball being down on Buck's 42 yard line. Ellis failed to gain. Jesse punted. Waterliet's ball on own 5 yard line. On the first play they made 3 yards. A pass was good for 20 yards. A whole new line came in for Buchanan, Yurkovitch, Aronson, Cripe, Captain Lee Donley, A. Topash, Frame and Penwell. Waterliet failed to gain on first play and failed again on next play. Waterliet pass to Buck's 27 yard line. They then made 4 yards and then 2. On the next play there was no gain; next, no gain. On attempted pass Buchanan intercepted the ball on own 3 yard line. Louis Morse made 4 yards on first play and then 9 more, and went ahead for two more. Ellis made 7. Quarter ended with Buchanan in possession of the ball on their own 33 yard line.

At the beginning of the second quarter Louis Morse made 15 yards. Ellis failed to gain. Loren Morse made 3 and Louis Morse made 20 and then 5 more. Ellis made 5, Louis Morse, S. Ball on Waterliet's 14 yard line. Louis Morse made 6, Ellis 5, Louis, 1/2 yard. Ellis took ball over for a touchdown. Jesse kicked again. Bucks kicked off to Waterliet's 25 yard line. No gain on first play or second. Pass intercepted by Ellis but Buchanan was penalized for use of the hands on next play and set back 15 yards. Ball on Waterliet's 45 yard line. Louis Morse made 4. Pass good for 3. Jesse to Yurkovitch. Ellis made 7 yards. Loren Morse made 3. On the next play Louis Morse took the ball over for a touchdown. Jesse's kick for extra point no good. Bromley replaced Cripe. Bucks kicked to Waterliet's 38 yard line. No gain on first play and 2 yards made on second. Pass incomplete on third play and so they punted to Bucks. Ball downed on Buchanan 45 yard line after a 30 yard run-back by Louis Morse. Dan Topash, Deeds, Rolen, Marrs came in for Buchanan. Lauren Morse made 5, Marrs made 14, and Donley made 6. Louis made 5 but Bucks were offside and Buchanan was penalized 15 yards for use of the hands. The ball now rested uncertain on the Bucks' own 42 yard line. Dan Topash made 4. Whistle ended half. Buchanan, 13; Waterliet, 0. Ellis and Donley and Jesse came in for Buchanan. Buchanan received Waterliet's kick and Jesse returned ball to his own 31 yard line. Louis Morse made no gain. Jesse made 12. Pass incomplete. Punt to Waterliet's 22 yard line. No gain on first play but made 9 on next play. Buchanan blocked a punt and was in possession of the ball on Waterliet's 23 yard line. Louis Morse lost 1 yard

and Lauren made 15. Ellis made 5, Lauren made 4 and Ellis put ball over for the third touchdown. Jesse's kick for extra point was not good.

Bucks kicked to Waterliet, who returned ball to own 4-yard line. Pass incomplete. Waterliet punted, and Louis returned ball to 48 yard line. He then lost 5 and gained 1. Jesse punted to Waterliet's 32 yard line. Gained a yard and then lost two. Waterliet punted to Bucks, who were stopped on own 45 yard line. Ellis made 4 yard. Buchanan replaced Aronson. Pass incomplete. Lauren Morse made no gain. Jesse punted to Waterliet on their own 40 yard line. They made 8, failed to gain, and made an incomplete pass and then missed to Bucks. Dan Topash fumbled. Waterliet recovered on Buchanan's 28 yard line. They made 3 and then 5. Quarter ended.

At start of fourth quarter the ball was in possession of Waterliet on Buchanan's 20 yard line. Made 4 yards for a first down. Made 2 and then failed to gain. Tried two incomplete passes. Buchanan's ball on downs. Ball on own 17 yard line. Ellis made 7, Lauren Morse made 11, D. Topash made 2 and Lauren Morse made 5. Bucks offside on play and ball placed on Buchanan's 46 yard line. Pass to Buchanan net 10 yards and Lauren Morse made 10. Ellis made 4. Marrs replaced Jesse and Denno replaced A. Topash at center. Ball on Waterliet's 16 yard line. Ellis made 11. Marrs made 2, Ellis 2. Ellis put ball over for his third touchdown of the day. Kick failed to clear bar. Buchanan kicked to Waterliet's 33 yard line. Pass incomplete. Made four yards. Pass incomplete. Punted to Buchanan's 37 yard line. Lauren Morse lost 3 and a penalty of 5 yards for offside on play. Bromley replaced L. Donley. The Bucks punted to Waterliet's 20 yard line. Waterliet pass good for 17 yards. Pass incomplete. The coach, Bradford, sent in the "B" team for the rest of the game. Waterliet made two long gains and made another long gain on a pass. Whistle ended game. Buchanan 25, Waterliet 0.

School Slants

Eccentricities of our senior class:
In one history class there are five "Roberts," five "Marjories," two "Johns," two "Georges," two "Vivians," and two "Marys."
Bob Gladwin's ability to blush and his tallness.
Bob Bowers' and John Colvin's shortness.
Lester Beadle's curly hair and women?
Marjory Campbell's poetic ability.

Mary Richter's good nature
Bruce Ernst's ability in prevaricating to Doris
Doris, Alene, Fred and Viv's Comedy club
Marvin Gross's vocabulary
Pete Donley's beard
And approximately eighty-five percent of the girls have permanent waves!

We never realized Bob Strayer's brute strength until several girls came to school with "black and blue" wrists after spending the evening at his home.
Ben Franklin is on the verge of being sued for "alienation of affections." Wonder why?
There seems to be a fad going around of senior girls getting notes from under-classmen. How about it, Josephine?

First year French class seems to be the place where many a secret is divulged. What's this we hear about Dan, Audrey? Then again we haven't heard anything of Tom Quirk's wife before.

James Everingham met his Waterloo when he tried to go thru the English room door at the same time as one of the girls boasting of her avoirdupois.
There was a mad rush for Miss Hanlin's desk when she announced the long waited for news, "I'll now pass out the Fortunes."

Joe Gross and Bernice Letter were equally embarrassed when Bernice blew in and said, "Well here I am." Of course, she insists it was to Mayvada Myers, but then what's the difference?
We wonder at Doris Campbell's great patience in waiting for the coveted copy of Collins.

What could poor, little, innocent Fred Ricket have done to merit being locked in the English room?

Dental Exams Given Grades

All grades up to the ninth have been given dental examinations during the past two weeks by Miss Marian Kramer, oral hygienist. Parents were notified of dental defects found by cards sent home with the pupils. Only 38 per cent of the children were found to have perfect teeth. Many could be put in perfect condition by one trip to the dentist. Others have many decayed and abscessed teeth. Parents should realize how much suffering and illness could be avoided by caring for the teeth.

It is interesting to note in a group of 26 who are repeating their grade, only two have perfect teeth. This is just another proof that physical defects are a handicap. Miss Kramer will be here at the school Wednesday and Thursday for a short time cleaning teeth for school children. This work is financed by the children's fund of Michigan.

Reporting Inquirer

Should the high school organize a social hour to meet after school hours and charge admission to those attending?

The high school should organize a social hour to meet after school hours. Charge admission and no one will attend. Charge no admission and the whole school will be there. Hurrah for social hour!

Robert Montgomery. I think that the school should organize a social hour, but not charge admission. Some of the students can not afford it.

Bob Willard. I think we should have a social hour, so all the students who do not know how to dance can have an opportunity to learn.

Mary March. I believe the high school should organize a social hour but should not charge admission. If no admission is charged there will be a better attendance and all will have a better time. Tom Zerbe.

Commercial Dept.

The first year typing classes have been reviewing the operative parts of their machines and learning the new keys. Miss Chandler has been instructing them about the new parts of their machines, the shift key, the shift lock, ribbon mechanism and the care of their machines.

The second year typing classes have started in their new advanced typing books dealing with the different types of business letters, reports of all kinds, and statements.

Arithmetic Classes
The seventh and eighth grade arithmetic classes are beginning to make conventional and modernistic patterns usable in designing cloth. They are using only geometric figures. They are getting ready for the exhibit which will be held the last of November.

Mrs. Weaver's commercial arithmetic class members are working rapid addition problems and are checking out the same by 11's.

School Holiday
There will be no school today and tomorrow due to the M. E. A. meeting which will be held at St. Joseph and Benton Harbor.

Sixth Grade, Miss Abel
News by Bobby Habicht and Bill Strayer

In reading we have been studying about a great forest fire in Idaho and Montana. It started on August 20, 1910. There are some of the interesting facts we remember. The fire covered an area of more than a thousand miles. Its smoke could be seen at Billings, Montana, and Denver, Colo., and covered the sun completely at both places. Its taints could be seen at Kansas City. The damage was done in six hours, but for days afterward it burned among the fallen trunks. It has been the largest forest fire in a thousand years. The rangers would go to the creeks to get water, and they would find boiled fish floating on the water because it was so hot. Millions of dollars in timber were lost in this great forest fire.

BOOK NOTES

Quicker Than The Eye
(By John Mulholland)
Magic! Who does not thrill at the word? In John Mulholland's "Quicker than the Eye" you may read about Gypsy magic, Indian magic, Old World magic and Eastern magic.
This book is about the makers of the minor miracles of magic. Mr. Mulholland gives interesting information about the tricks that have fascinated you, and he tells how you have been fooled.
He says, "Magic of the world is more alike than drama, music, or dance, but people enjoy being fooled and do not tire of the similarity of the tricks."
"Quicker than the Eye" is an unusual book and one of the new books in the high school library.

Mechanical Drawing
Students of the mechanical drawing class are doing good work. The beginners are working much faster than in previous years. Not only are they faster but they are doing better work.
The advanced class has been drawing the lathe vibrator.
One student who was taking mechanical drawing last year, is now working in the architectural field.
Girls' Physical Education
Soccer, tennis, volley ball, and speedball are now started and in full swing.
It has been announced that the gym classes have been divided into teams. The winners of these will play after school on Monday. Monday marked the first game in the inter-class tournament. The champions of this will play Niles. The date is not complete.
Much enthusiasm is still being shown in tennis.
The girls have been handicapped by the bad weather this week and have not been able to practice.
English Department
"The Vagabond Song," by Bliss Carman, has been learned by the eighth grade English classes. They will also spend the last two weeks of this period on literature.
The spelling record for the eighth grade is steadily improving. There were twelve 100s last week.
A mastery test over capitals, periods, and nouns has recently been completed by the freshmen. They are now working on punctuation in "Composition and Rhetoric."
Wilma Metzgar has handed in her project on "The Gold Bug," by Poe. It is a miniature scene where Jupiter is in the tree putting the gold bug through the eye of the skull. There are two men standing below, waiting to dig for the treasure.
Doris and junior English classes are working on exercise books, "Trail Fires," and "Eastward Ho!" These books not only help the student with punctuation but also prove to be very enjoyable. The exercises are in the form of a story, and the pupils record their own progress from day to day.
"Everyman," a morality play, was staged by the junior English classes. Thomas Quirk and Geo. Spatta took the part of Everyman in the fourth hour class, and Lowell Batchelor and Donald Burrus played this role in the second hour class. The customers were Maxine Howe and Esther Kemp-ton.
Seniors are analyzing short stories by Stevenson, Poe, O. Henry, De Maupassant, and Hawthorne for their preparation in writing short stories.
The Scholastic Magazine has been awarded the school four magazines and two books to be used for class work throughout the year. The magazines are: "Atlantic Monthly," "Asia," "The Saturday Review of Literature," and "The Golden Book." The books are "Ancient Man" and a novel by Thomas Hardy.
Home Economics
Breakfast dishes, cereals, and beverages are the three subjects that the seventh grade has been trying to master and dinner units and soups have been the main interest of the eighth grade.
Ninth grade home economics class has been studying the family meal. Garments that were being remodeled are now finished, and the advanced home economic class has started work on work.
The Home Economics club has now been formed but has not yet been fully organized. About one hundred thirty girls have entered this club.
Science
The chemistry classes are learning to distill water and also to purify it. Mastering the Charles law and the Boyle's law is the chief object of the students.
Mechanics of liquid and the study of air pressure and affects of air pressure are being taken up by the physics classes.
In biology the pupils have finished Unit One which was made up chiefly of the introduction. Now they are beginning Unit Two, which consists of biology proper. They are also beginning to bring in specimens and are mounting various objects.
Mathematics
The 9th grade algebra class will study addition of polynomials, over which they will be given a weekly test the latter part of the week.
The geometry classes are now studying parallel lines.
The advanced algebra class is taking up simultaneous equations which have two unknowns. They also will be given a test the latter part of the week.
History
Mrs. Whitman
The senior history classes have begun the chapter in their text about the Revolutionary war. Greece has been the subject of the

ALUMNI NOTES

By Vivian Wissler
During the hurry and excitement of returning to school everyone has thought only of the present high school students. Let's stop a moment and think of some of the big things our past graduates have done.
Did you know that Fred Smith of the class of '29 won the jeweled Sigma Chi pin when at Wabash, for being the best all-around freshman in the fraternity. That is a big honor. Why so quiet about it, Fred?
George Wynn, a post graduate, was an all "A" student at Western State last year. Along with that he was president of the Student Council and one of the two representatives sent to the National Student Federation of the U. S.
John Strayer, one of our last year's students now at Ann Arbor (University of Michigan) has been admitted to the R. O. T. C. band and is a prospective member of the Glee club. Although Johnnie has not pledged as yet, he has been getting a big rush from numerous fraternities such as Phi Gamma and Sigma Chi.
Charlotte Arnold, who always did big things in our high school music department, has been chosen for the trio and quartette at Kalamazoo college.
Maynard Post, a Western State student, was in the band and orchestra of last year. He was also on the staff of the college newspaper.

HIGH SCHOOL SONG
For the benefit of new students in Buchanan High School, the school song is printed below:
Hail to Buchanan,
School that every loyal heart will never forget.
Hail to the Friendship,
Bound by memories fair and true.
Hail to Buchanan,
Pledge we now our loyalty
Sing we now the songs of songs
To Alma Mater,
School we love, our own Buchanan High.

Etiquette
Bernice Lawson
There are several small but important words that I think we all omit from our vocabulary entirely too much.
They are:
"Please," "Thank you" and "You're welcome."
It sounds so much better to hear the "Bill" say "I take your pencil a moment, please?" "Thank you, Bill" and "You're welcome, Joe," than to hear this: "Gimme your pencil, Bill!" "Here, I'm through with it!" and - no response whatever.
It might also be a good idea if the words were made often, dressed to our teachers (Shh! a secret! Your marks might come up a notch.) After all, it's the only polite thing to do.
Harry Banke, now a junior at Western State, was the vice president of the sophomore class of '32. Harry is also in "The Players," a dramatic club.
Phil Hanlin, now a "Frosh" at Wabash, has been pledged to the Sigma Chi fraternity. Phil has also been admitted to the college band and orchestra. He is assistant sports editor for "The Bachelor," the college newspaper, and is showing his ability at drawing and writing in "The Cave Man," the college magazine.

New Guinea Justice
In the native courts of New Guinea, a judge determines guilt or innocence by the arrested man's reaction to the court's accusation. If he just laughs and jollies the judge, he is set free. No guilty man could possibly do such a thing.—Collier's Weekly.

Cause of Weather Changes
The sun is nearer the United States in winter than it is in summer. On January 1 the distance is about 91,300,000 miles, while on July 1, it is 94,400,000 miles. In January, the earth is so inclined to the plane of its ecliptic that the northern hemisphere, which includes the United States, receives the slanting rays of the sun. This causes the cold weather. In July the northern hemisphere receives the direct rays of the sun.

The same experience is open to the remnant church. Rev. 3:21. Christ is the perfect subject and because of His training as a perfect king. Heb. 2:10. His kingdom will not come until the good tidings of His grace have been carried to all the earth. Hence, as we give ourselves to God, and win other souls to Him, we hasten the coming of His kingdom. Only those who devote themselves to His service, saying, 'Here am I, send me,' to open blind eyes, to turn men from darkness to light, and from the power of Satan unto God, that they may receive forgiveness of sins, and inheritance among them which are sanctified; they alone pray in sincerity, 'Thy Kingdom come.'"

Think It Over
Patriotism depends as much on mutual suffering as on mutual success; and it is by that experience of all fortunes and all feelings that a great national character is created.

Reindeer Increase
In 1931 about a dozen domestic reindeer were brought to Alaska from Siberia by Dr. Sheldon Jackson for the benefit of the natives for use as food and for transportation. Imports were continued for ten years and to the number of 1,200. From these sprung the vast herds which have created a new industry. The number is now estimated at nearly a million, and many reindeer are being transferred to the interior.

The membership of the Association in this District during the past school year was 3,068. The district includes the counties of Van Buren, Cass, Kalamazoo, Calhoun, Branch, St. Joseph and Berrien.

Leaders of the teaching profession and of national and world affairs will be heard, including such outstanding speakers as Dr. David Friday, nationally known economist and statistical advisor to the United States treasury; Dr. Rodney H. Brandon, state director of welfare in Illinois and Louis K. Moench, dramatist, philosopher and poet. Speakers for the Division meetings will be Dr. Rollo C. Reynolds, principal of the Horace Mann School, Columbia University; Dr. Marion Monroe, chief psychologist of the Child Guidance Center of Pittsburgh; Dr. Joseph Roemer, director of instruction in the Reabody Junior College, Detroit; and Dr. Howard Y. McCluskey, assistant professor of educational psychology in School of Education, Western Reserve University; Winifred Ward, supervisor of dramatics, Evanston; Benjamin March, curator of oriental art, Detroit Institute of Art and Fannie M. Hays, director of the department of rural education, Teachers College, Columbia University. Miss Dunn, who will address the Rural Division, has made it her life work to champion the cause of the one and two-teacher rural schools. Mr. March will address the Art Division.

Webster H. Pearce, state superintendent of public instruction and Otto W. Haisley, president of the Michigan Education Association and superintendent of Ann Arbor public schools, will appear on the General Program.

Melvin Lohmough, of Berrien Springs, was arrested by Conservation Officer, Cleve Horner, on charge of having shot a fox squirrel for fur in his possession. He demanded an examination which was fixed for Wednesday, Oct. 12.

Harold Davis, 36, Bertrand, was bound over to Circuit Court Tuesday on charges of statutory rape, as result of charges preferred by a 13 year old girl. Warrant also issued for his wife, who is step-mother of girl, who charges her with aiding Davis.

Niles Cares for 300 Families
Niles welfare fund spent total \$3,883.70 for relief during month of September. 300 families cared for. Additional employment afforded a number of men by the Tyler Sales Fixture plant which was recently moved to Niles from Muskegon Heights.

Berrien County Red Cross and nurse, Miss Emma Arnold, reported to County Supervisor on county nursing service as follows: The report of the rural nursing service maintained by the county, shows that 1946 school pupils were given medical inspection. Of these 79 had defective vision, 766 had enlarged or diseased tonsils, 269 were afflicted with skin eruptions and 8 suffered from tuberculosis. The nurse made 324 calls in pre-school, school and tubercular cases and 164 calls classed as miscellaneous, for various organizations. The county sent 214 patients to various hospitals and clinics.

To aid unemployment distress during the past year, the Red Cross distributed 16,877 yards of gingham, muslin, outing flannel and shirting and 43,466 sacks of flour, each weighing 12 1/2 pounds. An appropriation of \$1,500 will be asked for the Red Cross from the board of supervisors.

Dolly Gann in Niles
Dolly Gann, sister of Vice-President Curtis, will speak in Niles Oct. 20 enroute from Detroit to Chicago. The talk will be made at noon and will be the occasion of a rally of Republican women of the county.
