### **BURNT CORK** CAST STAGES MINSTREL SHOW

Net Proceeds will be Devoted to Fund for Relief of Needy School Children; Full Program Songs, Acts.

For such as may be suffering from post-election, the cheering news is available this week that there is a dark cloud on the horizon that may afford considerable relief—several dark clouds in fact, in the form of an all-star burnt cork ensemble which will present a regular old-time minstrel program with 1932 trimmings at the high school auditorium Tuesday, Nov. 15, auspices of the Buchanan Parent-Teachers Association, net proceeds to the benefit fund of that organization.

The Parent-Teacher Association is in special charge of the relief work for the needy school children and the funds which are realized from the presentation are to be entirely devoted to that end.

Tickets are now on sale at the Glenn Smith Shoe & Men's Clothing store and may be reserved there at once. In view of the prospects for a crowded house, patrons would be wise to buy and reserve their seats at once.

Liquor Problem Not Factor in American Athletics Why is it that for years the United States has been first and

Finland second in the Olympic Games? Other nations have sought Games? Other nations have sought various explanations of this apparent superiority on the part of American and Finnish athlet but to Prof. A. A. Stagg, football coach and athletic director at the University of Chicago, the reason is not hard to find. for Winners Some nations believe that it is proper to allow their athletes to drink wine and beer while in training, but even though the wet propagandists make quite a point of this, Prof. Stagg declares that the records of the Americans and Finns show that the argument has no value, and will have none until Britain, for example, supersede the dry nations in athletic per-formances. "After all," he says,

In the talks Prof. Stagg frequently gives over the radio and before school gatherings, and the like, he always speaks of the dangers inherent in alcoholic beverages and the benefits of total abstingue. He also mentions this He also mentions this sand-table scene from the poem, i"The Rainbow."

### **FIGHTING BUCKS** YIELD GROUND TO HEAVIER FOES

Ellis Makes 55 Yard Run to Goal Line in Second Quarter for Sole Buchanan Score.

The Dowagiac Chiefs pounded out a 12-7 victory over the Buch-anan high school Maroons last Saturday here in Buchanan at Athletic Field. The game was preceded by a parade and many colorful events. Dowagiac's team was big and they know how to play football as also did the Maroons. Both teams were in tip top condition for the battle of the year. Both were undefeated, both were striving for an undefeated season and southwestern championship, and unfortunately for Buchanan, destiny decreed that Dowagiac should be the winner.

Dowagiac, as a team, was really a little more unified than were the Maroons. Buchanan's outstanding weakness was to be found in the end positions which failed on numerous occasions to function properly, and the Dowagiac backs made long gains on end runs as a result. Buchanan found the big Dowagiac line hard to penetrate and while they were attempting and white they were attempting said procedure, away went a fleet chief back for a substantial gain. However, Buchanan was a fighting outfit from the start to the finish. Ellis, Maroon fullback, whose spinners into the center of the line hardly ever failed to bring a few yards. Dowagias, on the other and, was able to make almost any of their plays to some degree of success. The Bucks' fleet halfbacks the Morse twins, were stopped quite successfully by the Dowagiao team. Louic Morse suffered a foot injury when the game was about half over, and thus diminished the Maroon's chances just that much

Buchanan, however, much outweighed, made more yards from scrimmage than did the chiefs. Neither team resorted to any extensive passing. It was a game marked by hard running. All Dowaging backs figured prominently in the attack on offense, while only Ellis stood out as a consistent ground gainer for the Bucks.

Downgiac scored first in about the middle of the first quarter. Buchanan tried a pass when they were on Dowagiac's 47 yard line. Easley of the Chiefs, intercepted and ran to Buehanan's 20 yard line. Frontzak made five yards. He made two more. Easley made two. Freeland made three for a down on Buchanan's seven McDonald made three.

game, scored early in the second quarter. Dowagiac punted to Bu-chanan's 38 yard line. Lauren Morse made 12 yards. Ellis ran ball outside. Louie lost a yard, Dowagiac penalized five yards. ### Boy Scout News

After receiving special permission from the Boy Scout national headquarters to enlarge their membership to take care of the greater number of boys of scouting age in Buchanan, Troop 41 enrolled 16 new boys. This increases the size of the troop from four to six full patrols or a total member-

ship of about 50 boys.

A second scout troop in Buch-anan is desired but due to the lack of qualified leadership the boys are being accepted into troop 41.

A new system of meetings has

been attempted by appointing an acting scoutmaster and assistant from among the boys and letting them, plan and have complete charge of the meetings, while the regular officers, substitute, in the patrols for the acting officials and making sure that everything runs smoothly. Last Tuesday Scout master Lewis Paul and Assistant Earl Stevens, had quite an inter-esting meeting. Next week, Ray Juhl and Leslie Brewster will take over the reins of office.

Tuesdays meeting saw the ter-mination of a first aid contest that has been carrying on for the last five weeks. The contest began with about 25 entries and by a process of elimination through a series of first aid questions, prac-tical problems and demonstrations cut the number of contestants until last time there were only three the left, Bob Strayer, George Semple and Bill Habicht. A written test and two demonstrations settled the matter in favor of Bob Straywho had a total average cov per cent; George Semple came second with a score of 69 3-4 per cent and Habicht third with 65 3-4 per cent.

### Wake Up Your Liver Bile -Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, sidn often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent s substituta, 25c et all stores. Q1981, C.M. Ca
