

B. H. S. TO PLAY COLOMA FOR C TITLE

MICH. DEMOCRATIC LEADER SAYS NEW LAWS WILL BE ENACTED ON LINES SIMILAR TO ONTARIO PLAN

Now Here's the Proposition

TO THE COUNTRY SUBSCRIBERS

There's very little left to do in autumn when the huskies thru And stormy winds begin to blow, Except to watch the mortgage grow.

You cannot give away the crop So how about a little swap, A fair exchange of farm-grown grub.

In payment for a yearly sub? So while the printer chews and chews,

The farmer can keep up on news, A sack of spuds, a side of meat? You like to read, we like to eat.

A sweet location is the farm— A place with many points of charm Where though you work, so help me Harve!

There's very little chance to starve For though they're mostly made of mud, They grow the cauliflower, the spud,

The squire fit for kings to chew The cottage cheese—and what have you? For though 'tis said a drop of ink If rightly spread, makes millions think

And starts a bonfire or a riot, It's rotten as a table diet, We'll swap some printer's ink for meat, You like to read, we like to eat.

What, Again! We are reliably informed that Jack Turner's heart is broken this week.

The Rooster is a Democrat, Anyway Ed Hall reports that the influence of the Democratic victory is already apparent. On election morning his flock of egg-makers whipped up twenty per cent, and they have been going at it hammer and tongs ever since.

Ain't It? It's awful hard for a man who's been snowed under in an election to be optimistic about the future of Democratic government.

And prosperity, we find, is just around the -ser keg.

State College Offers Advice in Work for Idle Men

Michigan communities which intend this fall or winter to employ men in reforestation, woodlot thinning, or other work involving forests, as a welfare measure, are invited by the forestry department at Michigan State College to use the specialists from that department to help plan the work.

This kind of employment provides healthful outdoor work upon projects which return profit to the communities in which it is undertaken if the proper plans and methods are used. Foresters at Michigan State have had the technical training which enables them to plan work in forests or woodlots which will result in future benefits.

The mechanical equipment needed for employing crews in forestry work consists of simple, inexpensive tools. The work itself needs careful planning but after the plans are made the work can be directed and performed by men who have had no previous training in similar jobs.

Communities who wish to use this form of welfare employment can secure the cooperation of Michigan State College by writing to the forestry department at that institution.

Many unproductive acres unsuitable for farm purposes can be profitably reforested. Many woodlots will produce much better timber if the present stand of trees is properly thinned and a crop of fuel can be harvested during the thinning. Clearing up river banks through cities and the planting of the proper species of trees will result in the providing of recreation centers for future years.

Appear Among Class Leaders

In a picture of nine representative girls from the freshman class of Kalamazoo College, published in the South Bend papers Monday evening are the Misses Jane Easton, daughter of Mr. and Mrs. Glenn Easton of Otsego and Miss Charlotte Arnold, daughter of Mr. and Mrs. C. D. Arnold of this city.

Says Laws will Abolish the Sneakeasv. but will not Permit the Return of the Saloon.

The adoption of Amendment No. 1 providing for the establishment of a state liquor control commission will be followed by the enactment of laws by the state legislature along the lines of the Ontario control plan, in the opinion of Judge William F. Connelly, a state Democratic leader.

"Heavens will be returned in this state with the modification of the Volstead Act, but hard liquors will not be sold legally until after repeal of the Eighteenth Amendment," continued Judge Connelly. "I note that Attorney General Mitchell says that could be accomplished within four months, but that that depends upon Congress."

"With the modification of the Volstead Act the way will be paved for the establishment of a liquor control system in this state, and the drafters of that law will exercise the proper care to make certain that no abuses will come into the new system," Judge Connelly added. "The new law will provide for a proper tax upon the beverage. The brewers' interests will not be the primary consideration."

"People Opposed to Saloon. "The people voted against illicit traffic in liquor, against a traffic that brought no revenue and no control of liquor," Judge Connelly continued. "The people are just as much opposed to the saloon as they ever were, but they realized that when the saloon passed out the speakeasy came in, and conditions were worse than they had been before."

"I have no sympathy with the brewers and distillers," he added. "They forced prohibition upon the country and have no one to blame but themselves for what happened. By their disregard for public opinion, and by their opposition to methods proposed for adequate control, they made this state dry. For that reason they should have no voice in the drafting of new legislation designed to control liquor in Michigan, and they will not have any voice in the matter."

INS. COMPANY TO ENTERTAIN POLICY HOLDERS

Farm Players Make Talks for State Farm Mutual Entertainment.

Policy holders of the State Farm Mutual and State Farm Life Insurance Companies in this county are to be entertained with eight reels of talking motion pictures at the Bijou theatre, Benton Harbor, Wednesday afternoon, Nov. 23, at 2, also at the high school, Berrien Springs, Wednesday evening at 8 o'clock, according to Richard Dean Clark, Buchanan local agent, who with Ray F. Weaver of Buchanan R. 2, are making arrangements for the entertainment.

Titles of the pictures are "The Benefactor" and "Horse Sense," three reel farm plays by farm folks who are said to carry their roles with professional skill. Other subjects are farm news reels of the National Corn Husking contest, the National Dairy Show and the National Live Stock Exposition, featuring boys and girls section of the show. There is no admission charge, according to Mr. Clark.

Farm Bureau Votes for State Income Tax, Money Inflation

The Michigan State Farm Bureau abandoned its traditional conservative stand in its state convention held at Lansing last week by approving a resolution advocating inflation of money and the reduction of the amount of gold in the dollar. E. A. Neal, national Farm Bureau president and an Alabama Democrat, spoke for the resolution, stating that the national organization is solidly behind the resolution and will push legislation along that line in the next congress.

The organization also adopted a resolution opposing any tariff which would prevent the foreign sale of farm surpluses. For the

first time in recent years the Farm Bureau took a determined stand favoring a graduated state income tax to relieve the property tax for school purposes. A substitute proposal to turn the revenue from such tax into the primary school fund was defeated.

A storm center was a proposal protesting any encumbrance in operation of trucks by farmers. M. E. Peterson of Lowell, a director and a member of the state tax commission, stated that "unless farmers take some step to keep commercial trucks off the highways running in competition with the railways, it would be just as well to kiss the state primary fund goodbye."

Aged Candy, 64, of Detroit, was identified on his death bed Monday as the man who shot to death George Papp, gasoline station attendant, on the previous Saturday.

Flving Partner of Edward Schlee Dies of Cancer

William S. (Billy) Brock, famous flying partner of Edward S. Schlee in their attempted flight around the world in 1927, succumbed to the ravages of cancer at the Presbyterian hospital in Chicago Sunday night. He was 36 years old. Born at Gladstone, O., he was a pilot at sixteen. He was an instructor in aviation during the World War, a pioneer air mail pilot.

In 1927 Brock and Schlee hopped off from Harbor Grace, Newfoundland, in an attempt to break the existing record for circling the world. They were held in Japan by adverse weather conditions and finally abandoned the flight there. Their flight had much interest here from the fact that Schlee is the son-in-law of Mrs. Rosa Livingston, 108 Clark St., this city.

CHEVROLET TO BRING AL JOLSON BEFORE THE MIKE

America's Greatest Actor-Comedian to Begin Series Broadcasts Over NBC Friday Night.

Beginning Friday evening, Nov. 18, at 9 p. m. Central Standard Time, Al Jolson, premier comic entertainer and singer of America, will go on the air over the NBC Red Network, under the sponsorship of the Chevrolet Sales organization, as the feature of their program announcing the new 1933 Chevrolet car, to be on display here early in December according to a notice received by the Russell Chevrolet Sales here this week.

This is Al Jolson's first radio program and accordingly a red letter in aerial entertainment. For years Jolson has refused all overtures to lure him into the radio studios and it remained for the Chevrolet Company to finally induce him to go on the air. He has the greatest following of any comedian on the American stage, and has the record of having "put over" more song hits than any other vocal artist.

The Chevrolet Motor Company is departing from its former procedure this year in devoting an entire month to an announcement program, before the car is placed on display.

In addition to radio and newspaper advertising, the new car is being announced in a gigantic billboard campaign featuring the slogan, "Here Comes the Leader."

While the new model has not been definitely described, the makers assert that it will include the greatest number of important mechanical improvements ever introduced in a new Chevrolet, and that it will consolidate the standing of the car as the leading seller in the motor car field in four out of the past six years.

The new car will be longer and lower than the 1932 model, and will also provide more width and leg room. There will also be a new feature in ventilation, that is expected to become an established factor in automobile construction.

The new car will also be faster, and easier to handle than ever before. Retaining the six-cylinder feature which was Chevrolet's contribution to the low-priced car field, the new models achieve a new peak in power, speed, pick-up and smoothness.

PROHIBITION TO BE ENFORCED IN COUNTY PENDING ORDERS TO CONTRARY SHERIFF AND PROSECUTOR ANNOUNCE

Sheriff Cutler Orders Deputies to Continue Arrests for Dry, Law Violations.

The liquor situation in Berrien County will remain on the pre-election basis until the prosecuting and enforcement departments are officially advised that the dry laws are repealed, according to announcements by County Prosecutor Wilbur M. Cunningham and Sheriff Jane Cutler.

"The machinery for setting up the proposed beer and wine commission will not become effective for thirty days. In the meantime, and until the situation is cleared up, the law will be enforced," Prosecutor Cunningham is quoted as saying.

Constitutional state-wide prohibition was adopted in Michigan in the general election of 1916 by a majority of 68,624, and the amendment took effect May 1, 1918. On April 7, 1919, the voters defeated the amendment initiated by the wets to legalize beer and wine by a majority of 207,520.

The amendment adopted in 1916 made it a felony for any person, directly or indirectly, himself or by his clerk, agent, or employee, to manufacture, sell or keep for sale, or have in possession, any vinous, malt, brewed, fermented, spirituous or intoxicating liquor, or any mixed liquor or beverages, any part of which is intoxicating, or keep a saloon or other place where such liquors are manufactured, stored, or given away, or furnished in this state, on or after May 1, 1918.

Exceptions were made of course, for medicinal, sacramental and scientific uses.

In 1929 the legislature enacted the so-called "life for a pint" law, which was known as the Cuthbertson-Miner law, which provided for varying penalties for dry law infractions.

First conviction, not less than one year or more than four years; second conviction, imprisonment from two to six years; third conviction, imprisonment from four to eight years; fourth conviction, imprisonment from seven and one-half years to fifteen years.

Michigan was the sixteenth state to ratify national prohibition, the legislature approving the Eighteenth Amendment by a vote of 30-0 in the Senate and 83-3 in the House.

P. T. A. Realizes \$78 in Successful Minstrel Benefit

The Parent-Teacher charity minstrel staged at the high school auditorium Tuesday evening under the direction of Charles H. Kennedy proved a most successful entertainment, an audience filling the main auditorium and part of the balcony at the high school enjoying to the limit the rapid-fire series of songs, jokes and end-men gags.

The sum of \$78.64 was realized for charity, representing 60 per cent of the gross. These net receipts go toward financing the meals for school children which will begin after the Thanksgiving recess and the milk for underweight children. The Parent-Teachers Association is also the official agency for the distribution of Red Cross Relief.

The annual Red Cross Roll Call for Buchanan began last week under the sponsorship of the Thirty club, with Mrs. Glenn Smith as chairman.

The drive has a local objective of \$175 this year. Miss Beth Bachelor and Miss Dorothy Fortz are actively canvassing for the Roll Call. They will be at the Post Office Saturday of this week and Friday and Saturday of next week, the concluding days of the drive.

The objection to the Red Cross Roll Call as conflicting with local charity requirements is removed this year by the fact that the largest part of public relief now being carried on here is in the form of the flour and clothing given by that organization.

Gym Classes to Be Opened Soon for Men and Women

Gym classes will be opened in the near future for the public, one night for the ladies and one night for the men. Ladies' gym classes will be under the direction of Miss Alice Rockenbach, local girls' athletic instructor, and the men will be under the direction of Harold Bradford, local boys' athletic instructor. Date of opening will be announced in the near future.

TO OUR RURAL SUBSCRIBERS

The Record will take potatoes on subscription, allowing 50c a bushel. The prevailing price is much lower than this figure and we're offering you an excellent opportunity to "pay up" and in advance. Three bushels will pay for one year's subscription, six bushels, two years. Half of the potatoes thus received will be given the Buchanan Welfare Association to be distributed among the city needy.

If potatoes are not available and you have other produce you'd like to dispose of, call the Record. If usable we'll take, allowing a fair price, and present at least half of it to the local welfare association. Phone No. 9.

BYRON BRANT, FORMER CITY EMPLOYEE, DIES

Resident of Buchanan Over Fifty Years Dies Suddenly at Home on Friday Afternoon.

The funeral of Byron Brant, 78, resident of Buchanan for the past fifty years, and of Berrien county during his entire lifetime, was held at 2:30 p. m. Sunday from the residence, with Rev. Walter Spaugh, reader from the Christian Science church of South Bend in charge.

Mr. Brant was apparently in his usual health Friday and was about his work as usual until 11 a. m. when he complained of feeling ill. From that time on he failed rapidly and passed on about 12:45 p. m.

He was born in Pipestone township Aug. 22, 1854, the son of Alonzo and Mary Brant.

He was married to Miss Ella Ormsby of South Haven in 1884. She passed on Sept. 27, 1919. To this union was born two children, a daughter who died in infancy, and a son, Cleve, who passed on at the age of 25.

In 1926 he was united in marriage to Mrs. Helen Hall. In addition to the widow, he is survived by her son, Ora Hall, and her daughter, Mrs. Verna Jerue, all of Buchanan. A sister, Mrs. Josephine Brant of Benton Harbor, and a brother, Allen Brant of San Diego, Cal., niece, 4 nephews, and a grandchild survive.

In addition to spending all his life in Berrien county, he lived over 50 years in Buchanan. For a number of years he was an employee of the city. On his retirement from that work, he devoted his remaining years to the privacy of his small farm interests in the northwest part of the city.

Special music was furnished for the funeral services by Mrs. Will Beardsley and R. R. Robinson, the pallbearers were Messrs. Wessendorf, Bissell, Dodge, John McClellan, F. F. Rinker and Bowers. Interment was made in Oak Ridge cemetery.

Those who attended the funeral from outside the city were Mrs. Josephine Brant, Mr. and Mrs. Edwin Rhoades, Mr. and Mrs. Earl Brant, Mr. and Mrs. Nate Brant, all of Benton Harbor; Mr. and Mrs. William Service of St. Joseph; Mr. and Mrs. William Riley of Otsego; Misses Gerta Fuller and Ora Thumm of Cleveland; Mrs. Lillie Geert and son of Chicago and Frank Keller and son of Berrien Springs.

Local Scout Leaders Attend Training School

H. E. Edwards of the department of education of Emmanuel Missionary College will speak at the Boy Scout Training School at Berrien Springs high school this evening on the theme, "The Nature of Adolescence," according to H. C. Stark, chairman of the program committee of the school and one of several local scout leaders who have been attending the school.

The training school opened at Berrien Springs Oct. 27 for an eight week series. It is sponsored by the Berrien-Cass Scout Council and draws in the neighborhood of 100 Scout leaders from all parts of that area.

The courses given are the following: required Approved Course, Standard Course, First Aid; special courses, Cubbing, Life Saving, Scouting and Boy Nature, the Play Method of Teaching Scouting.

Heath Planes Stunt During Football Game

Two Heath airplanes, piloted by Duke Muller and Gene Gallagher, of the Heath Aircraft Corp., Niles made a special trip to Buchanan a week ago Saturday, stunting over the football field just before the game between Dowagiac and Buchanan high school game. The planes are part of a "Century of Progress" fleet which is touring the country. Dick Schram, who is closely associated with the boys at the Heath factory, was instrumental in getting the planes to come over for the special occasion.

Edward Trapp of Bakertown Died Tuesday

Edward H. Trapp, age 47, of Bakertown, passed away Tuesday at 7:30 p. m. in Pawating hospital, Niles, where he was taken a week ago for an operation for appendicitis.

Mr. Trapp was born in Chicago, Ill., Nov. 22, 1884, a son of August and Johanna Trapp. On Sept. 18, 1915, he was married in Chicago to Martha Rose.

Eleven years ago he came to Michigan. He resided four years at Baroda, one year in Buchanan, and the past five years in Bakertown.

Surviving are the widow, six sons, Arthur, Marne, Charles, William, Richard and Earl; three daughters, Shirley, Martha, Edwina, all residing at home; three step-children, Mrs. Joseph Liska, Frank and Edwin Trapp of Bakertown; his mother, Mrs. Johanna Trapp; two sisters, Mrs. Erie Thiel and Mrs. Jerry Newberg; six brothers, Paul, George, Walter and Fred, all of Chicago, William of Los Angeles and Harry of Bakertown.

Funeral services will be held on Saturday afternoon at 2 o'clock in the Hamilton Mortuary, Rev. W. F. Boettcher, pastor of the Evangelical church, officiating. Burial will take place in Oak Ridge.

Ed Taska Hurt When Car Upsets

Ed Taska was painfully, but not seriously hurt late Friday night when the Ford coupe which he was driving left the road at the last turn on the Portage Prairie highway to South Bend, six miles north of that city.

Taska states that when he came to the was staggering about in a field. A farmer found him and took him to the St. Joseph hospital, South Bend, where he is now being cared for. His injuries are confined mainly to severe face cuts and bruises. He lives at the home of Mrs. Julie Thanning, 201 Days Ave.

MICHIGAN ADOPTS TAX LIMITATION AMENDMENT BY MAJORITY 23,000 WITH ONLY 126 PRECINCTS OUT

against the measure are unfounded. The amendment exempts from its province all taxation for the financing of debts already contracted. On that basis he states, net state tax rate is \$2.34 per \$1,000, the average net county rate is \$3.35 per \$1,000, the average net school rate \$6.35 per \$1,000, and the average net township tax rate is \$.57 per thousand, a total average tax on these units of \$12.61 per \$1,000, exclusive of charges for debts already contracted.

Atty. Smith states that \$130,000,000 of Michigan's total tax bill of \$254,000,000 is for debt service. This slightly more than 50 per cent, leaving the tax levy for all purposes, including city and village taxation, at \$16.18 per \$1,000, of only \$1.18 more than the legal limit provided by the amendment.

The amendment closes the door to any income tax, he stated, since it clearly states that the property tax limits are for "all purposes" (Continued on page 4)

ORIOLES FORM AMUSEMENT PLANS FOR THE WINTER

Attain 74 Members; Equip Suite of 8 Rooms with Card and Billiard Tables.

Among the factors which bid to relieve the gloom of the final winter of the depression in Buchanan is the Oriole Athletic club, which has attained a membership of seventy-four, not counting several additions last night and which has completed the decoration of their suite of eight rooms on the second floor of the Glenn Smith building.

Membership in the club is open to all males over 18 years of age who are not attending the public schools. The dues are 35c per month. This admits them to all privileges of the club rooms and entitles them to try for membership in the football, basketball and baseball teams which the club sponsors.

The club rooms have been fitted with card tables, billiard table and other recreational facilities. One of the rooms is suitable for a dance hall. Another is being equipped for a kitchen. The rules of the club strictly prohibit the use of liquor, gambling or swearing in the rooms.

The club plans to stage a series of dances, smokers and other amusement features later in the winter.

The members of the club are: M. Kean, W. Bohl, C. Wilson, B. Smith, I. Swartz, C. Bainton, W. Brodick, R. B. Reamer, W. Baker, M. Burks, F. Fabiano, E. Boyce, C. Binns, Rex Rifenberg, C. Smith, L. Winner May Lay Claim to C Title for State Locals Stock Boosted by Win Over Normal High.

The Michigan Class C Interscholastic football title may be involved in the outcome of the grid game between Buchanan high school and Coloma high school here next Saturday afternoon, both teams being undefeated thus far by Class C eleven, and both having clearly demonstrated themselves to be the best in the southwestern part of the state.

By defeating the Normal High School of Kalamazoo last Friday, Buchanan high was established as the strongest contender for Class C title honors in southwestern Michigan. Normal high school has been defeated thus far only by Marshall, a Class B eleven, and by Buchanan. Normal High tied with Paw Paw, which in turn defeated Allegan. This gives Buchanan a rating above all of the Class C teams in this section of the lower peninsula, with the possible exception of Coloma.

Coloma plays only Class C teams and thus far has not been scored on this season. The Coloma eleven defeated Watervliet 6-0. The 25-0 victory of the Buccaneers over the Watervliet team gives the locals the edge on the dope for next Saturday's game.

In the event that Buchanan defeats Kalamazoo, the local high school will issue a challenge for the State C title.

Oriole Gridsters Defeat Two S. B. Teams Last Week

The Oriole football team added two scalps to its belt in the past week, taking the measure of the strong Deamico team, challengers for the South Bend Independent title on the local gridiron here on Friday and defeating River Park Boosters, also of South Bend, here, 7-0 Sunday afternoon.

In the game with the Deamico eleven the first touchdown was scored by Doc Bailey in the first quarter. Bailey had planned the pigskin behind the goal line after a ten-yard sprint and then added the extra point from scrimmage by smashing the line. The second score was made in the third quarter by Fullback Conrad.

The sole tally in the game with the River Park Boosters was effected by a 20-yard pass, Conrad to Letcher, in the first quarter. Many fumbles were made by the players of both teams, due to the cold and the muddy field.

H. S. Debaters Meet Dowagiac This Afternoon

The Buchanan high school debating team will engage in the first of the elimination series of the Michigan Interscholastic Debating League this afternoon when a selected team takes the negative side of the state question against the Dowagiac affirmative team in the auditorium of the latter school. The state question this year is: "Resolved, That Michigan Should Adopt an Income Tax."

The members of the Buchanan negative team will be selected from the following: Helen Mogford, Marvin Gross, Tom Quirk, Otis Flenar, James Everingham.

Child Runs in Path of Automobile

Junior Fagras is reported to be recovered from painful hurts received when he ran in front of a car driven by Clarence Upham of Terre Coupe road, the accident happening in front of the Fagras residence at the bend of Front street and Terre Coupe. "Clump's" Hard Pathway  
The clump is a person who permits others to make a fool of him mainly because he hasn't ambition or sense enough to think his own way through life. The man who must constantly be assisted by others usually gets that aid in the form of a kick in the seat of his trousers.—Grit.

### American Sea Horse

Strictly a salt-water denizen, the sea horse is found all along the Atlantic coast from Massachusetts to South Carolina, and although our variety seldom exceeds seven inches in length, those from the Pacific shores of Mexico grow over a foot long. When you happen to come across them, you find them swarming in the moss and seaweed in droves, and if you reach down into their midst, they crawl all over your arm like little mice.—Boys' Life.

### WIN OR LOSE!

In the recount being conducted on the sheriff's race at the county court house, I wish to take this opportunity to thank my many friends who have exerted their helpful influence in my behalf during my campaign for sheriff. Such loyalty and effort is truly appreciated.

### WHAT MOTHER REALLY WANTS

## EVERY WOMAN WOULD LIKE A RANGE LIKE THIS!

Give Mother what she really wants—a new General Electric Hotpoint Range. Mother knows that Hotpoint is faster, far more economical, as clean as electric light—thanks to Calrod, General Electric's fast, new heating coil in the Hotpoint range. The big, insulated Hotpoint oven cooks meats in a still, moist, flameless heat with practically no shrinkage. That saves money—enough to pay for the Hotpoint over a period of time. Hotpoint does not scorch-blacken pots and pans nor soil kitchen walls—a big saving in money and work. Automatic timing and temperature control make it possible to cook with scientific accuracy—preventing waste of food, current or time. These features also permit cooking of foods without constant watching and waiting. There are scores of reasons why G-E Hotpoint is the range every woman would like to have. Come in today and let us show you how practical this gift really is.

## MICHIGAN BELL TELEPHONE CO.

### It's easy to be forgotten if you have no telephone

When friends plan parties and other good times, often "on the spur of the moment", they usually turn to the telephone to invite the "crowd". For telephoning is the easiest and quickest way. As a result, those without telephones miss many good times.

A telephone costs surprisingly little... only a few cents a day. It helps in finding employment. It is a social and business aid. And it is PRICELESS PROTECTION in EMERGENCIES, enabling you to summon doctor, firemen, or police instantly, day or night.

Just one telephone call in an emergency may be worth more than the cost of the service for a lifetime.

ROUND ABOUT BUCHANAN

DO YOUR STUFF, MR. COMSTOCK As the victory of the constitutional amendment for the limitation of the tax on real estate for state, county, school, and township purposes becomes a matter of probability, the question is raised as to the possible effect of this measure on local finances and the administration of local government.

During the prolonged campaign of propaganda for and against the amendment it was contended by those opposed that its adoption would demoralize the tax system of the state and that it would require drastic revision of the state laws to save the various departments of government effected from chaos.

The number of deputy sheriffs in the county, for instance, was reduced from 46 to 12, and their per diem pay was cut from \$6 for both wages and car fare to \$3 per diem wages and \$2 car expense.

Can this reduction be effected without seriously crippling the schools and other units of government? It seems quite likely that many thousand voters cast their ballots for the amendment with the full realization of the situation that its passage would entail, in the belief that only by such drastic means would it be possible to bring about reform of the state finances.

Their line of reasoning is something like this: It is true that \$15 is very likely insufficient for the maintenance of the departments affected. But it is all that real estate can afford to pay. Real estate in general receives 30 per cent of the income of the country and pays 80 per cent of the taxes.

William A. Comstock, governor-elect, has for years made relief of real estate taxation a main plank in his platform. He is now in office with a Democratic legislature to back him up.

Early in December CHEVROLET will present A NEW CAR of such importance that no person interested in the purchase of a low-priced automobile can afford to disregard it. America naturally expects big things of Chevrolet. For it is Chevrolet that first brought beauty and comfort to the low-price field... pioneered the six-cylinder engine... built the most economical cars, and the most dependable. And it is Chevrolet who has led the world in sales for 4 of the past 6 years. So each year at this time America looks to the leader to learn what's new in the way of low-priced transportation. And again America's confidence is fully justified. The new Chevrolet, to appear next month, advances standards in every phase of motoring. Again Chevrolet has broken boldly with the past wherever change means improvement in style, comfort, smoothness, performance, safety, economy, and dependability. Chevrolet engineers have packed this latest of a long line of successful cars with thrill after thrill and advancement after advancement. Fisher body craftsmen have taken advantage of an even longer wheelbase to contribute coachwork which is unique in the low-price field—including dynamic new styling, and an invention which you will immediately recognize as one of the most fundamental comfort improvements of all time. And the experience gained in the production of more than 8,000,000 cars, together with the marked advantages that naturally accrue to the leader in sales, has made it possible to build the new Chevrolet at a price which takes account of today's incomes. So keep an open mind on the question of an automobile purchase until you see Chevrolet's Great American Value for 1933. And watch for it next month! It will prove to you, beyond a doubt, that this is the time to buy a car, and this is the car to buy. Christian Science Churches "Soul and Body" is the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, Nov. 20.

Among the Bible citations in this passage (Ezek. 18:32): "For I have no pleasure in the death of him that dieth, saith the Lord God, wherefore turn yourselves, and live ye."

Correlative passages read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 131): "So long as we believe that soul can sin or that immortal soul in a mortal body, we can never understand the Science of being. When humanity does understand this Science, it will become the law of Life to man, even the higher law of Soul, which prevails over material sense through harmony and immortality."

Seventh Day Adventist Sabbath School at 10 a. m. Lesson Study, "But Deliver Us From Evil."

Introductory thought: Most captives long to be freed from bondage, but our trouble seems to be that we are content with our lot and do not care to be delivered. If we pray this prayer earnestly, we shall manifest the proper characteristics of the captive whose very anxiety is his strongest plea.

In connection with this lesson, review carefully the deliverance of the children of Israel from being prisoners in the "house of bondage." See how many of the characteristics of the Deliverer were manifested by God, and how few of the characteristics of the captive were shown by Israel. This experience is but a mirror of our deliverance from the house of spiritual bondage today.

Preaching service at 11:15. Prayer meeting Wednesday evening at 7:20.

Evangelical Church W. F. Boettcher, Minister 10 a. m. Sunday School. 10:15 a. m. Morning worship. Subject, "Where and What is Heaven?"

### Special Musical Score Grand Hotel Intensifies The Love Scenes

Music plays an important part in Metro-Goldwyn-Mayer's picturization of the famous Vicki Baum novel and play, "Grand Hotel," which will be shown starting on Thursday at the Ready theatre, Niles.

Through a novel method of synchronization, Director Edmund Goulding underlines the action and dialogue in the drama with atmospheric music, composed by himself in collaboration with orchestration experts.

Goulding, who wrote the music for "Love, Thy Magic Spell is Everywhere," and other numbers, planned the musical score to emphasize the emotional intensity of the scenes and to interpret the varying moods of the action. Particularly effective use of music was made in the love scenes between Greta Garbo and John Barrymore.

The brilliant cast of "Grand Hotel" also includes Joan Crawford, Wallace Berry and Lionel Barrymore in starring roles with Lewis Stone and Charles Hersholt heading the large supporting cast.

Daily Financial News On June 13, 1855, the New York Herald, edited by James Gordon Bennett, printed an article on the state of the money market, which gained wide attention. Despite considerable opposition, this became a permanent feature. This paper was the first to publish the stock lists and a daily financial review.

### W. C. T. U. Notes

Having promised faithfully to restore the legalized liquor traffic without the saloon, the wets are now deep in thought trying to write a description of a saloon to be prohibited by law.

The W. C. T. U. finds in the Union Signal for May 3, 1902, a description of a saloon in an advertisement published by Hiram Johnson, a saloonkeeper of Fayetteville, Tenn., in a newspaper of that city in 1854.

Because of this ad Hiram Johnson's saloon became the best-known grocery in the United States, the ad having been copied in a thousand cities.

"Friends: Having opened in Fayetteville several years ago a commodious shop for the sale of liquor fire, I embrace this opportunity to inform you that I have commenced the business of making Drunkards, Paupers and Beggars for the sober, industrious and respectable portion of the community to support. I shall deal in Family Spirits which will excite men to deeds of riot, robbery and blood, and by so doing, diminish the comfort, augment the expenses and endanger the welfare of the whole community.

"I will undertake, at a short notice, for a small sum and with great expectations, to prepare victims for the asylums, poorhouse, prisons and gallows.

"I will furnish an article which will increase the amount of fatal accidents, multiply the number of distressing diseases and render those which are harmless incurable. I will deal in drugs which will deprive some of life, many of reason, most of prosperity and all of peace, which will cause the fathers to become fiends; wives widows; children orphans and all mendicants.

"I will cause many of the rising generation to grow up in ignorance and prove a burden and nuisance to the nation.

"I will cause mothers to forget their offspring and cruelty to take the place of love.

"I will sometimes even corrupt the ministers of religion; obstruct the progress of the gospel; defile the purity of the church, and cause temporal, spiritual and eternal death, and if any should be so impudent as to try to have the audacity to bring such accumulated misery upon a comparatively happy people, my honest reply is 'MONEY.' The spirit trade is lucrative, and some professing Christians give it their cheerful countenance.

"I have a license and if I do not bring these evils upon you somebody else will!

"I have purchased the right to demolish the character, destroy the health, shorten the lives and ruin the souls of those who choose to honor me with their custom.

"I pledge myself to do all I have herein promised. Those who wish any of the evils specified brought upon themselves or their dearest friends, are requested to meet me at my bar, where I will, for a few cents, furnish them with certain means of so doing.

H. E. JOHNSON.

This was, of course, originally written by a temperance advocate. However, Saloonkeeper Johnson believed that he could attract attention by using it as an advertisement for his saloon, and he did so in the spirit of sneer and brag that has characterized the wet movement from the moment the slightest attempt was made to curtail or regulate the sale of liquor.

While our present-day wets are trying to make liquor harmless and respectable, they might get the benefit of experience in reading Saloonkeeper Johnson's advertisement.

Armadillo's Defense Were it not for its hard overcoat the armadillo would have little means of protection against its enemies, for it has no front teeth and its claws are not fitted to fight or even climb trees; they are used only for digging. But when, upon the approach of danger, the armadillo has drawn his head in between its horny armor plates, the ordinary enemy can find no point of attack.

Spain's Capital City Madrid, the capital of Spain, has a population of close to 900,000. Many homes in the city have only one story. Balconies jut out from the sides of the houses, and we may fancy a pretty "senorita" sitting on such a balcony during a warm summer evening, listening to the guitar played by one of her admirers who stands on the ground below.

### Special Musical Score Grand Hotel Intensifies The Love Scenes

Music plays an important part in Metro-Goldwyn-Mayer's picturization of the famous Vicki Baum novel and play, "Grand Hotel," which will be shown starting on Thursday at the Ready theatre, Niles.

Through a novel method of synchronization, Director Edmund Goulding underlines the action and dialogue in the drama with atmospheric music, composed by himself in collaboration with orchestration experts.

Goulding, who wrote the music for "Love, Thy Magic Spell is Everywhere," and other numbers, planned the musical score to emphasize the emotional intensity of the scenes and to interpret the varying moods of the action. Particularly effective use of music was made in the love scenes between Greta Garbo and John Barrymore.

The brilliant cast of "Grand Hotel" also includes Joan Crawford, Wallace Berry and Lionel Barrymore in starring roles with Lewis Stone and Charles Hersholt heading the large supporting cast.

Daily Financial News On June 13, 1855, the New York Herald, edited by James Gordon Bennett, printed an article on the state of the money market, which gained wide attention. Despite considerable opposition, this became a permanent feature. This paper was the first to publish the stock lists and a daily financial review.
