SUGGESTED TREATMENT

By Haws

(News Note: A medical authority states that a son of a University of Michigan professor was impelled to commit a double robbery and murder by a severe cold in the head.)

Poor Johnny has a cold today. So let us put the axe away. For every time he blows his nose I'm shaky in the knees. Most every time he has a chill I fill him with the urge to kill. I dread to think what he might do if he should chance to sneeze.

For it was just one day last week He pushed his sister in the creek And brained Aunt Mattie with the axe and shot at Cousin Ben. We could not blame the boy, of course, Because he was a little hoarse. All deadly weapons we should hide since he is sick again.

The last time that he had a cough He went and bumped poor grandma off. So put the hay knife out of sight and hide the paper weight! And sakes alive! Run sister, run! And take the bullets from the gun. And drop the cleaver down the well before it is too late.

Perhaps 'twere best, till he is well, To keep him in a nice warm cell, Or tie a rope about his neck to shield it from the air. And it might help to warm his feet Or maybe make the cure complete To give him one good treatment in a nice electric chair.

ECONOMY LEAGUE PROPOSES BOARD
3 COMMISSIONERS TO RUN COUNTY.
REFORM STATE, TWP., SCHOOL GOVT.

Would Centralize County Assessments; State and County Offices to be Appointive.

Large economies through the elimination of unnecessary state, county, township and school offices are proposed through the agency of a plan approved by the Economy League of Michigan at its convention in session at Lansing this week, which is to be presented at the opening of the legislature Jan. 4 as the basis for legislation.

The plan proposes the elimination of the present board of supervisors as a county administrative body and the substitution of board of three county commissioners, such as is the rule in many other states. The member of the board receiving the largest number of votes would automatically serve as chairman. The people of the county would decide whether the commission would devote its entire time to the administration, or whether they would delegate the authority to a county manager.

The present board of supervisors would act only in a secondary and advisory capacity. The board of commissioners would be empowered to appoint the other county officers, with the approval of a board of supervisors. The office of drain commissioner would be abolished and the duties taken over by the appointed county engineer. A sheriff would be appointed whose duties would be limited to those of county jailer. A county attorney would be appointed, to whom would be delegated power to appoint to a staff a medical examiner who would take over the duties of coroner.

One assessor would be appointed, who would have county-wide powers, naming his own deputies for all districts of the county. One election board would be appointed with supervision of all elections. Duties retained by the board of supervisors would be as follows:

1. Confirmation or rejection of appointments of county officials.
2. Confirmation, rejection or modification of the county budget prepared by the board of county commissioners.
3. Assumption of the duties of the present board of review.

A large part of these changes would require an amendment to the state constitution, in which the Economy League propose to include a state provision to the effect that the power of fixing salaries shall be placed at the discretion of the Board of Commissioners, subject to the approval of the supervisors.

The League further proposed that instead of the present school board system, under which over 7,000 administrative units are maintained in Michigan, the township shall be made the unit. In cases of more than 3,000 population, the plan provides for continuation of the present system, with the provision that the people may have the option of delegating to the mayor the appointment of a school board of three.

Under the present state constitution it is necessary to elect several township officers. The League proposed that the Constitution be amended to permit of the abolition of all these offices with the exception of the supervisor.

One state financial board is proposed to take over the duties now scattered among the administrative board, tax commission, debt commission and the state bodies now providing lucrative positions to a large number. This board would be empowered to hear appeals

from citizens against tax levies, and to reduce such levies but not to raise them.

The governor would be given the power to appoint his cabinet with the advice and consent of the legislature, thus eliminating the election of all state officers with the exception of Governor and Lieutenant Governor.

REPORT OF
P. T. A. PROGRESS
IN RELIEF NEEDY

Requests That All Christmas Baskets Sent Be Checked By Assoc. to Prevent Duplication.

Local charity work is proceeding in an orderly and thorough manner through the co-operation of the various organizations within the city who are interested in this work. The Parent-Teacher association, working with the domestic science department of the high school, is feeding between 30 and 35 pupils each noon, while 40 to 50 pupils are being given free milk daily. Funds for this purpose are being furnished by the association. In addition the Home Economics department, under the direction of Miss Thompson, is serving meals as a part of their project work.

In order that no duplication of effort be made, and yet every needy family in the city be reached at Christmas time, the P. T. A. is asking that organizations planning Christmas baskets check their lists with the association. If this is done the association will eliminate any names duplicated or will accept responsibility for any families other organizations are unable to furnish. In this manner it is hoped there will be no needy families in Buchanan without a Christmas basket. Anyone planning baskets is asked to check with the P. T. A. by the fore part of next week in order to avoid last-minute confusion.

Several gifts of individuals and organizations promises to lighten the burden of local Christmas giving. The Niles Elks have contributed \$50 to be used at Christmas by the United Charities. Harry Brown has contributed 50 chickens, and the employees of the Indiana & Michigan Electric Co. have contributed \$50 to the P. T. A. Charity fund to buy shoes and overcoats.

Eighty-five baskets were distributed last Christmas and it is expected more than 100 will be needed this year.

from citizens against tax levies, and to reduce such levies but not to raise them.

The governor would be given the power to appoint his cabinet with the advice and consent of the legislature, thus eliminating the election of all state officers with the exception of Governor and Lieutenant Governor.

and the evening, the organist in the afternoon was Mr. Gehm, instructor in the Berrien Springs Lutheran school.

To Enforce Dry Law in Berrien
The beginning of the dual wet and dry law regime in Michigan will have no present effect in Berrien county, according to County prosecuting Attorney Wilbur Cunningham, who stated last week that he would continue to enforce the dry law until the end of its term or until its repeal by the state legislature.

Two Children Burned
The two small children of Mr. and Mrs. Joseph Sage of Hagar township, Donald, 3, and Betty Jean, 2, died last week as the result of burns and suffocation incurred when the Sage home caught fire from a stove explosion. Mrs. Sage had gone to a neighbor's for a moment, leaving the children alone. The stove exploded, scattering fire and igniting the building. A man, name unknown, who was passing the house, ran in and rescued the children from the fire but they had been so severely burned that the boy died at Mercy hospital, St. Joseph, that evening.

HOW TO SAVE MONEY
WHEN YOU SEND YOUR
CHRISTMAS GREETINGS

Postmaster Batchelor has provided the Record with the following letter from the postal department relative to rates on Christmas greetings:

There appears to be some confusion on the part of the public as well as some postmasters with respect to the rate of postage on Christmas and other greeting cards mailed under cover of unsealed envelopes.

Printed greeting cards mailed under cover of unsealed envelopes are chargeable with postage at the third-class rate of 1-1/2 cents for each 2 ounces or fraction of 2 ounces, regardless of whether addressed for delivery through post-office boxes or general delivery, or by city or rural carrier; the 1-cent drop-letter rate applicable at nonletter carrier offices does not apply to such cards in unsealed envelopes.

Printed Christmas and other greeting cards in unsealed envelopes may bear a simple written inscription not in the nature of personal correspondence such as "Sincerely yours," "Merry Christmas," "Happy New Year," etc., together with the name and address of the sender and of the addressee, without subjecting them to more than the third-class rate.

Greeting cards, sealed or unsealed, bearing written messages other than the simple inscriptions above mentioned, as well as all cards sent in sealed envelopes, are chargeable with postage at the first-class rate of 3 cents an ounce or fraction of an ounce, except when the 1-cent drop-letter rate applies.

Clark Equipment
Christmas Party
Saturday, Dec. 24

The annual Clark Equipment Christmas party for the children of the employees will be held in the theater at the plant on Saturday afternoon, Dec. 24, commencing at 2 p. m. All children under twelve years of age, either or both of whose parents are now employed or who have been employed at any time in the past three years, but are temporarily laid off on account of slack production, are invited to come.

In order that the management may know how many to prepare for, it is urgent that all who have children planning to attend get their tickets at once from the superintendent of the department in which they work, or have worked. Each child present must have a ticket.

ELIZA HOLLOWAY
DIED SUNDAY AT
HOME DAUGHTER

Had Made Home in Buchanan Twelve Years; A Native of Bristol, England.

Eliza Jane Holloway, 74, died Sunday morning at the home of her daughter, Mrs. Albert Shaw, 433 Moccasin Avenue, where she had made her home for the past twelve years.

She was born in Bristol, Eng., March 17, 1858, and arrived in the United States on May 1, 1886. On Oct. 16, 1887 she was united in marriage to John Thomas Holloway, who preceded her in death Sept. 28, 1898. To this union were born a son, John Thomas, Jr., of Chicago, and two daughters, Edith, who died in infancy, and Mrs. Adeline Rose Shaw of Buchanan. After her marriage she resided successively in North Dakota, Missouri, Texas, Chicago, North Judson, Ind., and Buchanan.

In her girlhood she united with the Methodist church in her native land and while she attended divine services in this country she retained her membership in England.

Funeral services were held at the home of Mrs. Shaw, Tuesday, Dec. 13, at 3 p. m. Rev. Arthur Hodgson, pastor of the First Baptist church of Chicago Heights, Ill., officiating. Burial was made in Oak Ridge cemetery.

Those attending the funeral from out of the city were Mr. and Mrs. John Holloway and family and Mrs. Anna Hills of Chicago, Mr. and Mrs. Harry Whitfield of Morgan Park and Rev. A. C. Hodgson of Chicago Heights.

Correction

In the Record of last week it was stated that Mrs. Emily Weaver was standing on a chair washing walls at the time of seizure with a heart attack, which preceded her death. Members of the family state that this was incorrect, as she was seated in a chair at the time.

S. I. VAN LEW,
FORMER DAYTON
RESIDENT, DIES

Son of First Protestant Missionary to California; Veteran Civil War; Widely Traveled.

Samuel Irving VanLew, age 90, a civil war veteran and former resident of Berrien county, passed away Monday morning, Dec. 12, in his home at Plymouth, Ind., after a ten day's illness with influenza, which developed into pneumonia.

Mr. VanLew was born in Santa Monica, Calif., April 8, 1842, the son of Samuel and Margaret VanLew, who were the first Protestant missionaries to that state.

Mr. VanLew enlisted for service in the Civil War in 1861, at the age of 19 in the 128th Infantry, Co. H. His first battle being fought at Rocky Face Ridge, and followed him all the way to Los Jay Station, 5 miles from Atlanta, Ga. He then followed Gen. Thomas from there to the close, facing some of the worst battles of the Civil War. He later became connected with the International Survey Co., working in South America and Mexico.

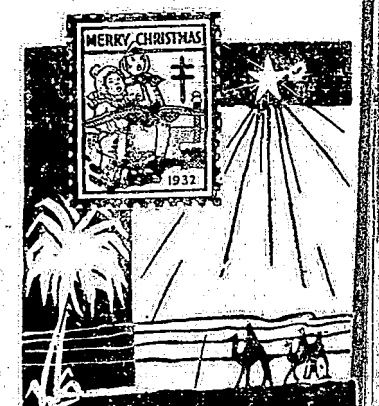

He was married August 29, 1879 to Mary Hall Marble of Galien. After living in Galien for two years, they moved to a farm near Dayton and lived there for 47 years. Six years ago they moved to Plymouth, Ind.

Mr. VanLew is survived by his devoted wife and five children, Mrs. Frank Mann and Mrs. Homer Morley of Buchanan, Mrs. Ross Burrus and Cornelius VanLew of Dayton, Ray VanLew of South Bend and Leonard of Plymouth. Twelve grandchildren and four great grandchildren also survive. One son, Irving, passed away, 23 years ago.

Funeral services were held at the Hamilton Funeral Home Wednesday, Dec. 14 at 2 o'clock. Burial was in Bakertown cemetery. Pallbearers were Legionnaires. Mr. and Mrs. Stanley Marsh sang two numbers by request, Beautiful Isle of Somewhere and Nearer My God to Thee.

All Convicted of Offenses
Against Law will be Put on
Bail Until Legal Tangle
is Straightened.

After Jan. 1, liquor raids and investigations will be made in Berrien county only on complaint of private citizens, and never at the initiation of state or county officers, according to the announcement of County Prosecuting Attorney-Elect Harvey Holbrook, who will take office at that time.

His announcement was consequent to the edict of Oscar Olander, head of the state department of safety, that liquor raids would henceforth be made by the state police only on the advice of prosecuting attorneys. Holbrook stated that he would hold all liquor cases in abeyance until the present tangle between the state and federal liquor laws is ironed out. This does not mean, he stated, that he will not initiate prosecutions, but that defendants will be put on bail pending definite settlement of the question.

Raids will be conducted by either state or county officers when private citizens have made complaints.

Juniors Win in
Interclass Game

Last Friday, interclass games saw two forfeits and only one game played. The only game played was an exciting and rough affair between the junior first team and sophomore second team. It was a close battle all the way and at the close of the regular time the score was knotted at 11-11. In the overtime periods the juniors garnered 3 points while the sophomores made 2. In the other games that should have been played, the junior third team forfeited to the freshman third team and the sophomore second team forfeited to the senior second team. At present, the seniors and freshmen are the only ones with perfect records. Neither have been beaten.

Fitzgerald Elected
Frank D. Fitzgerald, Republican, was certified to succeed himself to the office of Secretary of State by the state board of canvassers Saturday, the final figures arrived at as a result of the recount of the vote being as follows: Fitzgerald, 762,295; Abbott, 759,543. Fitzgerald thus had a margin of 2,752 over his democratic opponent. Burnett J. Abbott began operations for placing the entire election in the hands of the State Supreme Court.

U. M. Students Hard Pressed
There is a shortage of 500 maintenance jobs to enable University of Michigan students to continue their studies, according to reports issued from the offices of the dean of men and the dean of women of that institution. A number of students are reported to be subsisting on bread and milk. The Michigan Co-operative Boarding House is an association of students which feeds from 150 to 200 students at a cost of \$2.90 for 20 meals or 14¢ per meal. This association is planning to install a pasteurizing plant in the co-operative for the purpose of reducing the cost of dairy products, the largest

item in the budgets. A smaller association maintains a co-operative table at a residence where 22 students get board and room for \$2 per week. The meals cost from 76c to \$1 weekly. The students bought fruit from the orchards last fall and preserved it themselves under the supervision of the house mother, Mrs. Ruth B. Buchanan.

New Members in State's

The advantages of Michigan as a summer or year-round home have been recognized by a class of residents, who should themselves add much to the state's attractions. Many of these new residents are from the West, and they are bringing with them the great wealth of the West.

THE BOOMER,
COMIC DRAMA,
IS SELECTION

Otis Flenar, George Spatta, Audrey McClellan, Richard Schram Carry the Lead Parts.

"The Boomer," this year's annual junior play, is to be given on Friday evening, Dec. 16, at 8 p. m. in the high school auditorium. The play is under the direction of Miss Helen Hanlin, English teacher in the high school. Tickets are 25c and may be purchased from any member of the junior class. Reserved seats may be secured at Glenn E. Smith's store by paying an additional 10c. Tickets may also be bought at the door Friday evening.

The plot of the play centers around Hoopstown, Ind. Otis Flenar, whose powerful voice sways the high school assembly whenever he favors the students with a speech, will appear to a great advantage as he portrays Elmer Carter, the ambitious lawyer of Hoopstown; while energetic George Spatta takes the part of constable, fireman, chief of police, head of public works, band leader and deputy sheriff.

If you desire a good laugh, do not miss seeing Audrey McClellan as the potter and president of the Hoopstown Literary Society; and every woman who wishes to know the latest styles in hats, should not miss seeing the ones Audrey displays in the play.

Richard Schram, the handsome, dark, innocent-eyed young man, is the scheming villain, Russell Proud, a negro janitor, "Yessah," Chondos Jackson, takes the part of a farmer. Others in the play are Jean Russell, Jane Briney, Mary Irvin, Mary Donley, Anna Grace Rananah and Carson Donley.

The boomer causes much trouble and many changes in Hoopstown affairs. Why? See "The Boomer" tomorrow evening, Dec. 16, for the answer.

The play is presented by permission of Longmans, Green and Company of New York.

To Stop Theft
Christmas Trees
From State Lands

Conservation officers and other field men of the department of conservation have been notified by Director George R. Hogarth to give special attention to trespassing on state owned land for the purpose of taking Christmas trees. Cutting and selling of Christmas trees has reached the proportion of an industry in Michigan. Director Hogarth said, and many tree merchants disregard land ownership and haul away thousands of young trees.

In past years it has been reported that large numbers of trees in state forests and other publicly owned land have been removed and sold and officers have been ordered to halt such trespassing.

"The Best for Less"

THE LEADER CAN ACCOMPLISH

WHAT OTHERS DARE NOT TRY

CHEVROLET PRESENTS A NEW SIX

Longer • Larger • Faster • Smoother • New in Styling • More Economical • And Featuring Fisher No-Draft Ventilation

THIS is Chevrolet Week throughout America. And the new car that millions have been watching and waiting for—the latest product of the world's leading builder of automobiles—is now on display: the New Chevrolet Six—at a new scale of low prices. Front, side, rear—inside, outside—everything about this new car is advanced, improved, exciting. Longer wheelbase makes it the biggest automobile in today's low-price field. The latest principle of car design, "Aer-Stream" styling, gives it a totally different, ultra-modern appearance. The new Fisher bodies are larger, wider—faultlessly streamlined—swung lower to the road—and offer the first basic improvement in travel comfort in over ten years: Fisher No-Draft Ventilation. Chevrolet performance in every gear is faster, flashier, more brilliant. The time-proved six-cylinder

engine is more powerful as well as more economical. Improved Free Wheeling is combined with a "silent second" Synchro-Mesh gear-shift. Chevrolet engineers have developed a remarkable new invention that wins a complete victory over vibration: The Cushion-Balanced Engine Mounting. And as far as prices are concerned, several models now sell at the lowest figures in Chevrolet history. Chevrolet is able to do all this because Chevrolet has the advantage of being the world's largest builder of cars for 4 out of the past 6 years. Chevrolet builds cars in greater volume—buys materials in greater quantities—does everything on a bigger, more economical scale. Hence, Chevrolet is in a position to provide a better car at a better price than could possibly issue from any other source. The leader can accomplish what others dare not try!

The Problem of the Railroads

THE difficulty of solving the railroad problem has been greatly increased by the development of competing means of transportation by highway, waterway and airway, which are aided by subsidies by our national and state governments, and by exemption from such regulation as is applied to the railroads. The importance of the railroads to the economic welfare of the country is such that constructive efforts to solve the problem must be made at once, confronted as we are by evidence of the effects produced upon the entire industry and commerce of the country by the decline in railroad earnings.

THE SERVICE OF THE RAILWAYS IS INDISPENSABLE FOR HANDLING THE GREAT BULK OF OUR COMMERCE.

HERE are the facts as to the decline in railway earnings during this depression. The gross earnings in 1929 were \$6,360,000,000 while in 1932 they will approximate only \$3,200,000,000. Railroad operating expenses are 45 per cent less than they were in 1929, a decline of \$2,052,000,000. This was effected by the reduction in the number of employees by about 620,000 and in the total wages paid them about \$1,325,000,000. Purchases of fuel, materials and equipment have been cut about \$1,430,000,000. The total reduction in wages paid, and purchases, exceeds \$2,750,000,000.

THE recovery of the railways is essential to the recovery of national prosperity and they cannot recover under government policies that promote every kind of competition with them and at the same time impose every kind of restriction upon them to prevent them from meeting this competition.

SENSE AND COMMON SENSE DICTATE THAT EQUALIZATION AND EQUITABLE REGULATION ARE NEEDED IN THE INDUSTRY OF TRANSPORTATION.

Urgent action by national, state and local executives and legislators alone have the opportunity and the power to enact and enforce such regulation so necessary in this time of crisis.

Returned, and by bringing back the employment of labor, all industry and commerce, and the woman and child in the country to their normal uses.

B.H.S. Wins Double-Header From Niles Friday

NILES VETERANS ARE OFF FORM IN TORRID CONTEST

Graduation of Stars at Mid-Year Threatens Chances of Invaders to Come Back in Second Game.

After taking four trimmings from Niles in the last two years, Buchanan put practically the same team on the floor that took the defeats, and did they click? Well, they surely did. Buchanan, with five short men and Niles with five lanky basketballers made it look impossible for Buchanan to win. But

the Bucks showed how much they resented their previous defeats and went in the game determined to win. With a great deal of fight and spirit on the defense and team work on the offense, Niles soon found themselves in dire straits. Buchanan zipped into the lead at the very outset of the game and held the lead throughout. Bradfield, the Buchanan coach, was jubilant over the victory and said, "I credit the victory solely to the fine team work and spirit shown by the boys." He also stated that Niles' team did not seem to be quite the same this year as last, despite the fact that the majority of the team is the same as last year. The game was quite free from fouling and only Glenn Jesse of Buchanan, guard, was forced to leave the game in the closing minutes of the battle, due to four personal fouls.

The whole secret of the battle

was the fact that Buchanan was what is known as "on." In other words they were able to hit the basket consistently. Lauren Morse appeared very much "on" and his team mates soon realizing this, fed the ball to him in order that he might roll up the score. He connected with five field goals and a free throw, for 11 points. Every man on the Buck varsity broke into the scoring column.

Niles, on the other hand, found too many Buchanan hands trying to get hold of the ball which made it very difficult for them to work the ball down the floor. Time after time a Buchanan player mused up passes, which in a large degree, disconcerted the Niles boys. However, Mattix, Niles forward, was "on" also. He collected six field goals and a free throw for thirteen points and high point man of the game. Incidentally he scored over half of his team points.

Niles was very desirous of winning as they lose the majority of their varsity by graduation at the end of the half year semester.

The lineups:

Buchanan	B F P	Niles	B F P
Louie Morse, rf	2 0 4	Matthix	6 1 13
Lauren Morse, lf	5 1 11	Smith	1 0 2
Rolen, c	3 1 7	Walker	0 1 1
Ellis, lg	0 0 0	Kraft	0 1 9
Jesse, rg	3 0 6	Hess	0 0 0
A. Topash, rg	13 3 29	Ort	11 3 25

As a curtain raiser, the Buchanan second team completely outclassed the Niles seconds. Dan Topash played a short time on the second team and amassed 6 points with little trouble. Dreitzler and Deeds played a very good game for the locals also. Outstanding for Niles were Forler, Anderson and Jones. In the varsity game, Niles had the height over Buchanan, but in the second team game Buchanan was much the taller.

Second team line-ups:

Buchanan	B F P	Niles	B F P
Leiter, rf	2 1 5	D. Topash, lf	2 2 6
Bathelot, c	3 1 7	Dreitzler, lg	4 2 10

I sit in history class and strain my poor, over-worked brain for an editorial. Of course, I should be studying history, but how can anyone concentrate on anything when he keeps thinking about the editorial that's to be finished by fifth hour? Here it is—third hour and not an idea yet!

Now, of course, if there was a great educational war in Buchanan, it would be a simple task, but when everything runs slowly and smoothly with only a scrap between two students now and then, what can even the best of editors do? It's terrible I tell you! The depression has even set its mark on this.

It's too bad that editorials don't grow on bushes or just write themselves. The thing this country needs most, in my estimation, is an editorial writer; that is, some sort of a machine which requires only the pulling of a lever and drops a made-to-order editorial! It would save many an editor from getting grey so young. Just ask 'em!

Now, if some of our young geniuses want to attempt perfecting such an apparatus, I'm certain it would become a millionaire in just no time at all, for editorial writing is such a bother! It simply ruins my whole day!

Freshmen Girls Win the Volley Ball Tournament

As the volleyball season ends, the freshmen are the champions. Senior first team defeated the sophomore first team and also the junior first team; while the ninth grade second team beat the junior second team. The freshmen first team was undefeated by the post graduates.

The freshmen first team honored Dorothy Jerue as their captain during the season, while Luanna Haffner was chosen as the head of the ninth grade second team. Shirley Howard and Francis DiGiaccio led the sophomores; the latter was on the second team. Mary Donley was given the title of captain of the eleventh grade by the team; while Ethel Sibley of the same grade was head of the second team. The seniors had Marjorie Pennell as their leader.

Basketball practice has been held by all girls' gym classes during the last week.

Contributor's Column Clock Thinks

By Robert Russell

"Oh boy! Would I could tell that teacher," cried the schoolroom clock one day.

"What could you tell her?" said Mrs. Light Bulb. "Just what could you tell her?"

"Well," said Mr. Schoolroom Clock, "for one thing I could tell her who threw that spit ball yesterday, and who put that tack on John's seat. That's what I could tell her."

"Is that so," said Mrs. Light Bulb very indignantly. "Well, I could tell her who took the fuses out of the fuse box so the kids wouldn't have to go to school that dark afternoon, that's what I could tell her."

"Say, maybe we better keep quiet because here comes the teacher," said Mr. Schoolroom Clock. "If I guess you are right. We had better keep quiet," said Mrs. Light Bulb, Sh. Sh."

OH! WE HEARD!
Upon recent investigation, one of the items in the class of 1932 will have been found to actually exist.

Florence Franklin left her position as treasurer to Maurice Aronson, and it really happened. "Stretch" Gladwish, and "Bill" Bromley thought that they were original when they came to the boys' inter-class games in green gym outfits. But don't forget, boys, we saw "Cammie" two weeks ago.

Carson Donley and Mahatma Gandhi have one thing in common, they both have tried to solve the great salt problem. For further information see Donley, as Gandhi is too busy in India.

Marjorie Weaver can be loyal to two schools. She attended the Edwardsburg-Niles Troy game Tuesday night.

And the trip to Dowagiac by our Glee clubs—everyone was surely anxious to sing and prove that we really have a glee club in Buchanan.

The girls of the post-grad ranks were upset Tuesday when their volleyball team was defeated by the freshmen team. But they say they meant well.

A large group of the student body attended the Odd Fellows' dance Saturday night. Sort of a celebration of the Friday night game.

"Gubby" Gladwish is anxiously awaiting the arrival of Christmas. He hopes Santa Claus will bring him some hidden secrets for his column.

AROUND B. H. S.
Monday—We have some bright students in our school today. One of the seniors said, "Well, I have another nephew." Bob Banke, very inquisitive, asked, "What is it, a boy or a girl?" Bob is just another "green freshman."

Tuesday—"Curly" Bradfield and assistant coach, Fette, accompanied by the basketball squad, are going to attend the basketball clinic at Notre Dame given by the Tribune this evening. We all wish we were basketball players.

Wednesday—Looks like winter today. No wonder Anita Andrews is absent.

Thursday—Our well known glee club journeys to Dowagiac today. They have some people get all the breaks.

Friday—Big pep meeting today. Buchanan plays Niles a game of basketball tonight. They're bound to win when Eddie Rolen sees that certain person that gives him all his inspiration. Who is she, Eddie? Don't be bashful.

That's all, folks. I'll see you next week.

Who's Who
Although Dorothy Hawks is only 15 years old, and a freshman, she is planning to go to business college when she graduates. "Dot" has a very tiny appetite and is very choosy about what she eats.

A few things which she likes are tapioca pudding, biscuits, gravy, chicken, salmon on toast and cranberry tarts. Dorothy's birthday is Oct. 25. She has brown hair and eyes and she is really a nice little girl even if her leisure time is spent in quarreling with her sister, Elaine. If you should hear someone say "piegosh" you'd know Dorothy was around someplace because that's her by word.

This, ladies and gentlemen, is the life story of Mayida Myers. She was born Nov. 14, 1914 (she seems to like the 14's) at Bridgeport, Mich. Her favorite dishes are chili con carne, salmon salad, escalloped potatoes and just about everything except hominy. Mayida is 4 feet, 9 inches tall and she weighs 100 pounds. Her eyes are blue and her hair is brown. For such a tiny person she has rather large by words such as "phooey" and "cripe-to-ditty."

Leona Wolken likes to dance, play volleyball and indoor ball. Her favorite dishes are wienies and sauerkraut and chop suey. She said she was going to be a stenographer if she ever had good enough luck to graduate. When asked her by word, she answered, "Oh, I wouldn't dare to tell you that."

NOTES
Buchanan high school will debate Comstock Friday, Dec. 16. The basketball game between St. Joseph and Buchanan for Dec. 16 is cancelled.

The regular school board meeting was held Monday, Dec. 5. The customary routine of business was carried out.

Dr. Henderson, who dedicated this school building, will speak in general assembly, Wednesday, Dec. 14, at 1:15.

W. W. Thompson, director of physical education of the department of public instruction, visited the physical education department of the Buchanan Public School system, Wednesday, Dec. 7.

Mr. Stark was visiting in Niles, Dec. 6, inspecting the welfare work conducted by the Niles Public school.

HIT AND MISS IN SPORTS
By Bob Ellis

"Handsome" Glenn Jesse, probably one of the most versatile guards ever developed in Buchanan, and also the same villain who has shattered some of the hearts of the fair sex, has received a unanimous offer for a very distinctive office. The important job of this comely youth is the assumption of the "Iron Hand," or coach of the three senior inter-class basketball teams. Coach Jesse takes over his new team with a flashing smile, and states that his teams should punch the trophy this year with utmost ease.

However, the beautiful boy confesses he will rule his stalwarts with an iron hand, and will stand for no dissension or dissipating among the lines of his charges. He says his cohorts will either have to know their dexterity or he will make alterations in the starting crews.

A new face, although very familiar around Buchanan, will appear in some of the contests which Buchanan's varsity will engage this year. That face is none other than "Roses Pete" Donley, football captain, sprinter and Buchanan's literary genius, poet laureate.

The vociferous vandal from Dayton is showing up well in practice of late, and his guarding is the most impressive feature of his work. One must remember "The great one" has been out for basketball only one year (this making his second) and should expect every "miracle" from him; but when the melee gets tough and a good substitute is necessary, the grizzly one will be there with his far-famed Irish sky high.

THE BIGGEST THRILL OF CHRISTMAS

"Oh... it's a MAGIC CHEF"

Picture her surprise and joy when she finds you have given her a Magic Chef. What could better express your loving consideration? A Magic Chef means shorter, easier hours in the kitchen... more leisure... more time she can call her own. She wants a Magic Chef—for it's the most beautiful, most convenient cooking appliance on the market. Let us help you with your selection.

Improved aluminum head burners that light automatically without matches. Won't clog or rust. Give any heat desired. Spread flame more evenly. Special tray fits around burner heads to protect burner arms from boil-overs and spattering fats. Special broiling pan prevents fats from catching fire. Red Wheel Lorain oven heat regulator controls the insulated, heat retaining oven automatically.

ASK THE USER who has had one for 5 years

THIS being a year for practical giving, you probably want to be thrifty... yet would like to be generous too. You can be both... give "her" a G-E refrigerator.

Every G-E user knows how much a busy, thrifty home-maker will appreciate the gift of a G-E. The user can tell you how a General Electric modernizes the kitchen... saves time and steps... helps "her" in a dozen ways with those daily problems in saving and serving. And besides all its convenience... a G-E will actually more than pay for itself.

Ask the user who has had a G-E for a year... or five years. She will tell you of dependable low-cost service month after month, year after year... of performance as satisfactory today as when first installed.

General Electric provides the lowest-cost refrigeration you can own. The simple General Electric mechanism quietly serves without care or attention, and the sturdy cabinets withstand a life time of use.

One out of every three electric refrigerators in use today is a G-E... instantly recognized by friends and neighbors as the very finest of home refrigeration service. Give "her" one this year.
