

# ASK CHARTER CHANGE TO ELECT MAYOR

## Business Men Complete Organization Buchanan Civic Association

## WOULD ELECT CITY BOARD FROM WARDS

Representation Principle on City Commission would Provide More Responsible Government, it is Believed.

Petitions were completed this week for a city-wide referendum at the spring election for an amendment to the city charter providing for the election of members of the city commission from wards and the election by popular vote of the mayor, and possibly other city officials.

Sentiment has been growing for some time in favor of the election of the mayor by popular vote, on the plea that the present method of election by the commission tends to destroy interest in city government. The lack of a contest in the selection of the head of the city government tends to take the interest out of the election for the average citizen, it is contended, with the result that John Q. Citizen has been consistently staying away from the polls ever since the present method went into effect with the adoption of the commission form of government. Instead of a total poll of a thousand votes, such as was common under the village form of government, the number of votes cast has been cut in two.

It is suggested that the city be divided into three wards and that a commissioner and a supervisor be nominated by caucus and elected from each ward. It is felt that this system will provide a more responsible form of government and will ensure a more equitable spread of improvements over the city.

## DETROIT LAUNCHES WAGE-WORK PLAN THIS TO EMPLOY 15,000 MEN IN VARIOUS DEPARTMENTS OF THE CITY

Homeless Men Fed at City Expense Engage to Keep Loop District from Snow and Rubbish.

The city of Detroit launched its "wage-work" plan to take 39,342 families off the dole Monday, with assignment of 12,000,000 men to the supervision of Commission of Public Works Laurence G. Lenhardt.

Lenhardt suggested a welfare wage rate of from 25 to 35 cents per hour, which is meeting strong opposition. Mrs. Josephine Gomon and Frank X. Martel, members of the Mayor's Unemployment Commission, announced that they would ask for a wage rate of 55 cents per hour for the 15,000 men and women who are to be employed short hours in the different departments of the city. The first contingent of 1,500 was due to begin work yesterday.

An extensive work program was announced for the 1,452 residents at Fisher Lodge, who are single, homeless men. These men have undertaken the responsibility for removal of all snow from the loop district through the winter. At a meeting held Tuesday, it was proposed that the men take over a large area near Fisher Lodge and keep it clean of ashes, garbage, snow and rubbish.

Painting by Pauline Palmer, Chicago Artist, Owned Here

The selection of Mrs. Pauline Palmer, noted Chicago artist, as a member of the board of judges for the selection of the Queen of the Century of Progress Exposition recalls to the minds of Buchananites that she was once a frequent visitor at the home of the Dooney family who conducted the Dooney Variety store where the Lyle Burrus market now stands. She was accustomed to paint along the St. Joe river. During her trips down the river she became acquainted with a barefoot, red-headed boy who attracted her much by his vivid coloring. He was Hugh Ingalls, son of Charles Ingalls. She persuaded the boy to pose for her and entered the results under the title of "Freckles," in a Chicago art exhibit, winning first place. The picture was acquired by Dr. Perry Anderson. On the death of Mrs. Anderson two years ago the painting was left to her sister, Mrs. Jesse Vele, and is now to be seen in the beautiful art collection at the Vele home. The subject, Hugh Ingalls, died not long after in New York.

## ELECT FIVE CITIZENS ON EXEC. COMMITTEE

Relief Committee Discusses Welfare with City Commission on Friday Night.

Organization of the business men's group which was begun last week, was completed at a mass meeting held at the City Commission chambers Monday evening, the title of "The Buchanan Civic Association" being adopted and the membership increased to 75.

Chairman E. N. Schram was in charge of the meeting and called for an election of executive committee of five members, the following being selected: Arthur Knoblauch, C. R. Montague, C. Longworth, A. J. George and Dr. H. M. Beisler.

The evening was taken up with the organization and adoption of rules and the reports of the committees appointed at the previous meeting, all of which had met and adopted a program.

The feasibility of securing a county paved road from the vicinity of Bakertown to join the old M-50 and thus provide a cut-off from the new M-60 to Buchanan was discussed.

An unofficial conference was held Friday evening between Mayor Hathaway and the members of the city commission and the committee appointed by the business men to discuss the local relief situation.

## Births Off 25 Per Cent in City During Past Year

There were only 11 births in the city of Buchanan during the quarter ending Dec. 31, 1932, as compared with 21 for the same period in 1931, according to City Clerk Harry Post, who states that the last quarter of 1932 was the first on his records in which the deaths in the city exceeded the births.

Births were reduced nearly 50 per cent from the previous year. The eleven births recorded comprised 8 males and 3 females.

Deaths on the other hand more than doubled, there being 13 in the final quarter of 1932, as compared with six in the final quarter of 1931.

In 1932 there were a total of 62 births and 43 deaths, as compared with an identical figure of 43 deaths for both 1931 and 1932 in the city.

## PIONEER HOTEL MAN OF BUCHANAN DIES IN TOLEDO

Albert Stephens, former operator of Hotel Rex, Dead as Result of Pneumonia.

Albert C. Stephens, 75, former Buchanan hotel man, died Friday from bronchial pneumonia at Vincent's Hospital, Toledo, where he had been since August receiving treatment for a broken hip.

Stephens spent last summer in Buchanan, coming here from Chicago and making his home with a relative, Miss Hattie Gates, while recuperating from a breakdown. He left in latter August, going to Toledo to visit his children. On the night of his arrival he went to a hotel to be the guest of a friend who managed it. He was found the next morning on the tile floor of a bathroom with a fractured hip.

Stephens managed the Hotel Rex, then known as the Lee Hotel, for several years during the nineties. He made a fortune in Chicago in the restaurant business during the World's Fair in 1893. A few years ago he was the proprietor of the El Meigs, a 400-room hotel in Toledo, O.

Once a wealthy man, he lost heavily in the depression. While living in Buchanan he married Miss Elma Glover, who died in March, 1930. In 1925 they celebrated their 50th wedding anniversary in Toledo.

He is survived by two children, Hugh G. Stephens and Mrs. Jack Holroyd, both of Toledo. The funeral was held Monday afternoon in Toledo and he was buried there.

one is worrying about what he is to use for money to meet his own obligations.

When he fails to meet them, he is just a poor business man, he might be at that because he did not howl for help. Mrs. Harriet Post, Ohio, Grit.

## STATE AUDITOR MOVES TO OMIT ADVERTISEMENT OF TAX DELINQUENT PROPERTY IN INTEREST ECONOMY

Predecessor Contends That Commission of Publication Will Invalidate Tax Sales.

Delinquent tax lands will not be advertised in Michigan this year in all counties where the publication has not already been made, according to the newly-elected Auditor-General Patrick O'Brien, who holds that the provision in the state relating to the procedure is not mandatory, and that the omission will save the state some \$225,000 for this year alone.

Instead of publishing the itemized list of delinquencies, the Auditor-General would limit the publication to the place and date of the tax sale. The expense of this publication would average about \$37.50 per county, whereas advertising each description in detail as was formerly done would cost Wayne county alone between \$45,000 and \$50,000. Itemized advertising of all descriptions would cost the entire state in the neighborhood of \$300,000 this year.

The Auditor General has received an opinion from Atty.-General Patrick O'Brien saying that if a court should interpret the full publication as mandatory, the auditor would then be liable to the penalty carried for non-performance, which is a fine of \$800 or imprisonment in jail for 6 months or both, at the discretion of the court.

## GRANGE MASTER URGES INFLATION OF THE CURRENCY

Gold Dollar is Dishonest Dollar, Says Head Michigan Grange; Urge School Economy.

The gold dollar is a dishonest dollar, stated H. Bramble, State Master of the Michigan Grange in an address before the 200 members of the subordinate granges of Berrien County assembled in the hall of the Berrien Center unit for the quarterly sessions of the County Pomona Grange.

State Master Bramble made a plea for inflation at the evening meeting and at the afternoon session spoke for simplification of education in the interests of economy for the duration of the present crisis at least.

The resolutions committee which reported at the afternoon session recommended the maintenance of the system of free rural mail delivery at its present efficiency. Recommendation was also made that the "tolerance rate" allowed by the federal government for sprays be increased from one per cent to two per cent. The fruit growers contended that the solution enforced by the government is so weak that it is inadequate.

Other recommendations made were: compulsory filing of rate schedules by public utilities, approval of Horton Act returning all automobile weight and gasoline taxes to the counties.

Atty. A. Weldon of Benton Harbor spoke on the advisability of securing rates for rural customers of light and power companies equivalent to those in effect in cities.

## Retail Merchant Forgotten Man, Says Noted Writer in Grit

A friend of the paper hands in the following timely comment clipped from an exchange:

Much has been said and written on the subject of "Help the Farmer," "Help the Miner," "Help the Railroad," all of which doubtless do need help along with the unemployed and suffering, but not one word is ever written or spoken regarding the man who seems to be carrying all the other fellows' burdens as well as his own. I refer to the retail merchant.

Everyone says "charge it" and every one really intends to pay, and does when he can, but too often he can not, and as the wholesaler must be paid, there comes a time when the grocer, the meat dealer, and many others are forced to give up the struggle.

Added tax on every commodity has increased his burden, demands of the needy (he is a piker if he refuses) must be met gratis. No

## Now Here's the Proposition

BALLAD WRITTEN ON THE BACK OF A TAX STATEMENT

By Haws

"I had a little nest egg that I had laid away; I used to save a dime or two and add it every day; I'd throw in of a payday about six bits or so. It was such satisfaction to watch that nest egg grow.

Chorus

Oh, the taxes! the taxes! ere I had time to spend They sneaked up on my nestegg—of course that was the end. Whenever I can gather a little chunk of dough, Along comes a tax bill and knocks it for a row.

You wonder how they spend it or where the money goes— The kale we need for house rent, The dough we need for clothes. The kids they cry for candy, the missus bawls for hats, But not a groat or stiver to spend on dope like that.

Chorus

Oh, the taxes! etc.

So you'd better save your nickles and watch your p's and q's, And don't you never gamble, nor spend your coin on booze, And cut out all the hotcha, and eat the hoop-dee-doo, Or some day a big tax bill will knock you for a loop.

Chorus

Oh, the taxes! etc.

Share the Work

Speaking of the campaign which they're starting here in Buchanan to have the offices all elective and hand them around among all the boys fair and square like—stand back you big stiff, it's my turn to be mayor, why don't we go a step further and conduct the city on the "share-the-work-plan" that has proved successful in the industries?

Elect three or four mayors, clerks and treasurers and let them share the work and the salaries. Chief of police and night watch for instance. One of the most wide-awake night policemen we ever knew used to make it a regular practice to happen around where parties were breaking up and see that the lone dancels, got home okeh. If the nightwatch adopts this plan we want to apply for the post of nightwatch from ten o'clock to two or do they go home that early?

Uncle Hank of Hills Corners Sez:

The courthouse got too small for the office holders last week an' they had to rent sum more space in the Masonic temple.

"Fears that Charlie Miller is so swelled up since he got that diamond studded star that he jes' naturally crowded the road board out o' the court house.

At that they's two sides to the question—some sez the court house is too small an' some sez they's too many in it.

What we gonna do—build a bigger court house or whittle the office holders down to fit the one we got?

I wuz sorry to hear about the county supervisors laughin' and cryin' when the meetin' closed Saturday. It shows the party musta been gettin' putty well along. At that, it musta been touchin' to see the Democrats kissin' the Republicans goodbye. The papers said they jes' natchally cried all Saturday afternoon, in their handycuffs an' on the taxpayer's time. The new ones wuz laughin' about what they would get an' the old ones wuz cryin' becuz they wouldn't get any more. They wuz passin' the gold watches an' the seggars an' the deuce knows what else—but I know from experience that a great big he-man can't cry good unies' he's been takin' on somethin' moist.

## TOPNOTCHER

by KET

The regular meeting of Wagner

Grange will be held Friday evening.

Alfred George, manager of the Buchanan, Cassopolis, Three Oaks Shipping Associations, will speak.

J. G. Boyle will speak on the relief conditions in Detroit as they were discussed at the special session of the state legislature during the holidays. Each lady is requested to bring sandwiches for refreshments for this meeting.

Frank Wright has a painfully injured hand incurred while cranking his car.

There's something still for each to do.

To drive old booze from out our land.

It needs the whole to see it thru.

Depression is in every land.

But worse in those where they have beer.

Why should we have it in our land?

To my mind isn't very clear.

To think our land should come to do.

To sell ourselves for a mess of booze.

Like Judas, to betray his Lord.

When thirty pieces, he did choose!

We'll be partners then with Uncle Sam.

At least, will share the revenue.

Uncle Sam's bar we then will tend.

And we will pay for those who do.

Of those who protest against this sale.

The above charge will not be true.

They will not buy the accursed stuff.

Tho they may stare the revenue.

The die is cast, we have no choice.

Tho many there are who will refuse.

To bow their heads to the brewers' axe.

Distillers and brewers who sell the booze.

To make it weak at first they'll ply.

Till we get used to selling beer—Beer is but an entering wedge—They'll make them all, no law they will fear.

(Rye, whiskey, gin and brandy clear.)

Regardless of the woe it brings.

Till it's their care, of what becomes.

Of John or Frank, or Hal or Ben, Just so it doesn't reach their sons.

Their sons, and those who tend the bar.

Are told to leave the stuff alone—Strong drink is not for them they are told.

But foolish folk who to drink are prone.

The bars are set and the whole outfit.

Will bring to them millions of gold.

To make up for the past they're fierce.

To make up this, their lives are sold.

Just where they'll sell, we do not know.

It may be in the grocery store.

Where little children go for bread.

Or in a large room, less or more.

Will our lady clerks become bar maids?

As thousands do in Britain's Isles?

Perchance they'll come to help us here.

We read, they're waiting "with their smiles."

When this gets started where will it end?

It took a war this to disclose—'Tis no experiment with us.

This isn't the "Story Nobody Knows."

Our troubles will then but be begun.

We think we've had enough before.

We'll have not only bootleggers to fight.

But saloons galore, as in days of yore.

Our girls, poor dears, the wise have said.

Must learn what liquor they can stand.

And not get drunk—can this have come.

From our "First Lady of Our Land?"

While other College Dads have said.

This change will mean from bad to worse.

Our girls will suffer most, they say.

Forced to Sacrifice Vote

It is said that Zachary Taylor, the twelfth President of the United States, never remained in one place long enough to qualify himself for voting.

He was a soldier by profession.

Good many dyes have worked so hard.

To help the folks to see our way.

Folks ought to know beer is no friend.

To whip depression, all must pay.

To own defeat would be unwise.

Tis the Merry Christmas time.

And our hearts are sad today.

We fear saloons are coming back.

In spite of what the wet folks say.

shoes?

Just you and I, we can't refuse.

Whose money will pay for all the booze?

To balance the budget with revenues?

'Tis Christmas Day—Dear Christ, our Lord.

Please Help us wisely to choose. M. L. M.

A meeting of the Berkley City Commission was recently stormed by unemployed alleged to be Communists, who demanded that the city welfare wage rate be increased from 25 to 50 cents per hour. The Berkley City Commission is meeting again tonight to take action on a resolution adopted Monday by Southern Oakland County Welfare directors for a uniform welfare wage rate not to exceed 35c per hour.

Seniors Trim Freshmen in the Inter-class Series

The fifth week of the inter-class basketball tournament was played last Friday.

The first game was between the freshmen first team and the senior first team in which the seniors smothered the freshmen by a score of 50 to 9. By the help of the "senior shiek" Joe Dunlap, Bill Bromley and Robert Gladwish, the seniors were able to run up such a score. Joe made fourteen of these points while Bill and Robert made ten each.

The second game between the junior high second team and the sophomore second team, the junior high won over the sophomores by a score of 25 to 3.

The last game between the junior high third team and the junior third team the junior high again came out on the long end of the score which was 18 to 12.

The seniors still have an unmarred record but their time may come.

"Truth" the subject of the Lesson Sermon in all Christian Science churches throughout the world on Sunday, Jan. 22.

Among the Bible citations is this passage (111 John 1:4) "I have no greater joy than to hear that my children walk in truth." Correlative passages read from the Christian Science text book, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following: (p. 448) "It is Christian Science to do right, and nothing short of right-doing has any claim to the name. To talk the right and live the

wrong is foolish deceit, doing one's self the most harm."

We are learning about some of the people who help us every day. So we paid a visit to the creamery. This is the story of our trip:

Francis saw a man with gloves on washing the milk bottles. After he washed them he put them in a box.

Another man took the bottles out of the box. He filled them with milk. We saw him put the caps on the bottles. Then they put the bottles in crates and washed the outsides of the bottles. They wheeled the crates into the ice box which keeps the milk cool.

Then we saw a big churn. It looked like a big white tank. They drained the water out of the churn. A man took the butter out of the churn with a big wooden paddle. He put the butter into big wooden boxes. We saw him wash these boxes with hot water. He packed the butter into the box with a big stamper.

We said "thank you" to the people at the creamery because they were so nice to us.

The following day we churned butter in our room. The story of that episode will be published soon.

In art work we are making a "Teenieism" book. Teenieism is a book about Orange cat food for his mistress.

One of the health rules for this winter is eat a hot cereal every morning. To encourage this, samples of Ralston wheat cereal were given to each child, with a calendar sheet to check the days the cereal was eaten. When these sheets with standard sized Ralston package top a Find the Bottom cereal bowl was received. This bowl has a bunny at the bottom and it is real fun to find the bunny each morning.

In connection with our hot cereal project grains of wheat were planted. And it was found that the grains receiving the proper food and plenty of sunshine grew the faster.

**Household Time Saver**  
Washing machines save our housewives 12,500 years of hard work every Monday. If one woman had worked steadily every week for more than 10,500 years before the beginning of Christianity and an up to the present, she still would not have rounded out a term equalling the time saved each week.

**Saracens in History**  
The Saracens were a people mentioned by Ammianus Marcellinus as inhabiting the northern district of Arabia Felix. At the period of the Crusades the term was employed to designate all infidel nations against which crusades were preached, and in course of time it became the generic name of all Arabian tribes who embraced Mohammedanism and extended their conquests to Asia and Africa.

## ROUND ABOUT BUCHANAN

**COURT HOUSE TOO SMALL**  
Comes from St. Joe the news that the county court house no longer furnishes adequate space to house all the elective officials and their employees, and that in consequence the road board must move to rented quarters in another building. The dispatches do not state who is paying the rent, but it is presumed that the taxpayer does. This in the face of all the ado about economy and the campaign promises for retrenchment. Doubtless there is a good explanation why the court house will not hold all the officials needed, but we venture that not all the taxpayers have heard an explanation that will satisfy. Perhaps it is merely the overlap between the incoming horde of hungry Democrats and the Republicans who will still linger at the pie counter for a parting bite.

**Temple of Light**  
The Spiritualist church of Niles celebrated the first anniversary of its organization on Sunday, Jan. 15. There was special entertainment both afternoon and evening. A pot luck supper was enjoyed by a large crowd from Buchanan, Goshen, Mishawaka, Elkhart, Peru, South Bend and Three Oaks. "Troubles," said Uncle Eben, "kin be laughed at. But a right kind of 'em don't take no seal liberties wit 'em unless dey is strictly his own."—Washington Star.

Two bills which would permit pari-mutual betting for harness or running races at county fairs or regular tracks were introduced in the legislature Thursday by Rep. Harvey H. Jarvis of Benton Harbor and Senator Lee Gorman of Detroit. The bill introduced by Jarvis was sponsored by Floyd Fitzsimmons, former Twentieth City boxing promoter. It provides that the state commissioner of agriculture would be empowered to charge a racing license fee of \$1,000, a fee of \$750 for each day of actual racing, 6 1/2 per cent of the amount played in the pari-mutuals and 10 per cent of the gate.

## TELEPHONE BRINGS AID TO INJURED CHILD

An actual incident, reported to this company

The small daughter of a Michigan family, playing in the basement of her home, was painfully and critically injured.

Her mother, hearing the child's screams, and seeing what had happened, dashed frantically to the telephone and called the doctor. The physician arrived without delay, and through immediate and skillful medical attention, was able to treat the child's injuries successfully and prevent serious complications.

In such emergencies, just one telephone call for assistance may be worth more than the cost of the service for a lifetime.
