

# BUCHANAN GETS \$1,500 R. F. C. LOAN

## Now Here's the Proposition

**FIFTY-FIFTY**  
By Haws

When that I took the marriage vows  
To hook up with a lawful spouse  
I said: "I now declare a truce  
In traffic with the tailor's goose.  
For what's the use to press my  
pants  
To please, perhaps, a maiden aunt  
And what's the use to primp and  
curl  
I can't look sideways at a girl.  
I'll ease off on that stuff, I trow,  
For what's the use—I'm mar-  
r-ried now."

But with a fillup of the head  
The little wife, she up and said:  
"You'd better have a change of  
heart,  
For now's the time you're going to  
start  
To wash your ears and comb your  
hair,  
And mind what color ties you wear  
And match your suits and shirts  
in hues,  
And press your pants and brush  
your shoes,  
I'll not be living with a slouch  
And that's a fair description  
(Ouch!)"

So don't hand me no rowdy-dow.  
Remember, boy, you're mar-  
r-ried now."

And so we rowed around a week  
Till neither one would hardly  
speak.  
But in the end, you are advised,  
We both made up and compromised.  
And that is why I comb my hair  
And mind what color ties I wear,  
And match my suits and shirts in  
hues  
And press my pants and brush my  
shoes,  
And wash my neck and ears—and  
how!

For I have learned I'm mar-  
r-ried now!

## Father of Ralph DeNardo, Died in Chicago Tuesday

Vincent DeNardo, Sr., 72, died at  
the St. Francis Hospital at  
Oak Park, Ill., at 2:30 a. m. Tues-  
day and the funeral will be held  
at the St. Mary's church at 23  
and Alexander streets, Chicago, at  
9 a. m. Friday.

He was chiefly known here thru  
his son, Ralph DeNardo, to whose  
home he came in 1920 from Italy.  
Here he remained eleven years, un-  
til increasing illness rendered it  
necessary to remove him to the  
hospital where he had been since.  
He was born at Simbarro, Italy,  
Aug. 18, 1861. He is survived by  
three sons, Ralph, of Buchanan,  
and Oscar and Anthony of Chicago.  
Ralph DeNardo was unable to  
attend the funeral since he is  
only now recovering from a three  
weeks siege of influenza and pneu-  
monia at his home. Mrs. DeNardo  
and son, Vincent DeNardo, Jr.,  
left Tuesday for Chicago to re-  
main until the funeral.

E. I. Bird, who has been serious-  
ly ill with pneumonia at his home,  
was reported to be about the same  
last night.

## GOV. COMSTOCK'S STATE FINANCE MEASURE INTRODUCED IN BOTH HOUSES LEGISLATURE YESTERDAY

### Mrs. Sarah Most Is Honored on 87th Birthday

Mrs. C. V. Glover entertained at  
dinner Sunday honoring her moth-  
er, Mrs. Sarah Most, on the oc-  
casion of the latter's 87th birth-  
day. Covers were laid for nine,  
guests being Mr. and Mrs. Chester  
Most of Three Oaks, Mr. and Mrs.  
E. J. Stoner of Gallien, Mr. and  
Mrs. L. W. Johnson of Buchanan,  
Mrs. Most has two children who  
were not present, Frank Most of  
Tacoma, Wash., and Charles Most  
of Ft. Lauderdale, Fla. All of her  
six children are living. She was  
born near Toronto, Can., and came  
to Michigan at the age of twenty.  
She has lived in this section for  
62 years. She enjoys excellent  
health for her age, attends church  
very regularly and insists on  
working every day.

### LIFE SENTENCE FORMER BUCHANAN MAN IS COMMUTED

#### Arthur Rich Released from Jackson Friday After 7 Years; Famed as Model Prisoner.

Special interest attaches to the  
case of Arthur Rich, released from  
the Jackson state prison Friday  
after a life sentence had been com-  
muted to seven years, from the  
fact that he is the son of George  
R. Rich, manufacturer, who was a  
short time resident of Buchanan.  
The Rich family lived in Buch-  
anan for a year, during which time  
the elder Rich conducted the  
George R. Rich Manufacturing Co.  
He transferred his business here  
from Chicago in 1905 and returned  
to Chicago in 1906, when his man-  
ufacturing business was acquired  
by others, renamed the Celfor Tool  
company, which later expanded in-  
to the Clark Equipment Company.  
Arthur Rich, who was destined  
to figure in one of the most fa-  
mous criminal cases in court an-  
nals of Michigan, is now 29 years  
old and was then but a child of  
three years. He was committed  
to the Jackson State prison in  
March, 1926, after conviction of  
assault on Miss Louise King, a  
coed in the Battle Creek Nurses'  
college. The alleged offense took  
place during a drinking party, and  
the entire matter was highly con-  
troversial. Miss King sued for  
damages and is reported to have  
settled for \$25,000. Later feeling  
developed that young Rich had  
been "railroaded" to prison and  
that the sentence had been un-  
reasonably harsh. This feeling  
was accentuated by his model be-  
havior as a prisoner. He soon  
became outstanding among the  
more than 5,000 convicts in the in-  
stitution. He acted as referee in  
the prison boxing matches, as a  
coach of the intramural football  
teams, and as a leader in general  
activities. Throughout his term  
he served as an orderly in the in-  
stitution hospital.

Gov. Fred Green commuted the  
life sentence to not less than ten  
or more than twenty years. With

**1,200 Plums for Deserving**  
Democrats  
More than 2,000 appointments to  
Federal positions not subject to  
civil service regulation are in  
store for deserving Democrats in  
the state of Michigan, according  
to a publication furnished to both  
houses of Congress by E. C. Bab-

### Includes Plan of Division of Funds from 15 Mill Tax Between School, County and Township.

Measures embodying Governor  
William A. Comstock's ideas of  
revenue reform and designed to  
raise a minimum of \$35,000,000 for  
state purposes and aid of week  
school districts were introduced  
into both houses of the Michigan  
legislature yesterday.  
Included in the program is a  
plan for the allocation of the 15-  
mill tax allowed by the constitu-  
tional amendment between the  
three units of the county, school  
district and township. The pro-  
gram would abolish the state gen-  
eral property tax. An attempt  
will be made to enact legislation to  
fix charter limitations for tax levies  
for municipalities which will be  
adequate for their needs. Such  
charter limitations would be ex-  
empt from the 15-mill limit.  
To press their demands for state  
aid, school men from many parts  
of Michigan met in Lansing this  
week and launched one of the most  
powerful campaigns seen in Lan-  
sing in years. They will endeavor  
in their home districts to develop  
sentiment for a state sales tax and  
press for at least \$25,000,000 in  
added state aid.  
In addition to removing the  
necessity for levying a state prop-  
erty tax and alleviating local prop-  
erty taxes for school purposes,  
which would make \$50,000,000 to  
be made up by the new levy, the  
program will seek to finance sub-  
stantial state aid for local school  
districts, possibly \$25,000,000 as a  
means of escaping the restrictions  
of the new 15 mill limitation, and  
also to finance state services and  
the additional state requirements  
of "direct appropriation" for wel-  
fare relief and old-age pensions.  
Adjustment Provided For  
"Actuaries say the program will  
produce a minimum of \$35,000,000.  
We do not know what the actual  
need will be and of course the  
rates will be adjusted accordingly,"  
said the governor.  
His program will require two  
Constitutional amendments pre-  
cluding favorable action by the  
legislature until after the April  
election, he said. The bill will be  
considered jointly with the budget  
of state expenditures.  
The finance program has several  
phases, the first being suspen-  
sion of delinquent tax sales, au-  
thorizing the state to purchase tax  
titles sold for 1927-28 taxes, and  
the segregation and reassessing of  
these delinquencies so that they  
may be amortized over 10 years.  
It is estimated there are \$110,000-  
000 in accumulated delinquencies  
of state, county and township gov-  
ernments and about \$100,000,000  
in municipal taxes.

## Ralph Rumbaugh Am. Legion Post Sets New Record

A delegation of sixteen mem-  
bers of local Legionnaires and  
women of the Auxiliary set a new  
record for the local post when  
they attended the Fourth District  
meeting at Decatur Sunday. The  
auxiliary group consisted of its  
president, Mrs. Edith Willard, Mrs.  
George Roe, Mrs. Harry Hollen-  
baugh, and Miss Augusta Huebner.  
Miss Huebner was delegated by  
the district to represent it on  
committee work at the meeting.  
The post was represented by its  
commander, Arthur Johnston, H.  
McKinnon, Tom Burks and George  
Roe.

Considerable interest is aroused  
among local ex-service men over  
the expected visit of a state offi-  
cial to represent it on committee  
work at the meeting. The post was  
represented by its commander, Arthur  
Johnston, H. McKinnon, Tom Burks  
and George Roe.

## I. & M. DROPS SALE ELECTRIC REFRIGERATORS

### General Public Acceptance and Location Responsible Dealers Makes Service Unnecessary.

The local Indiana & Michigan  
will discontinue the sale of elec-  
tric refrigerators in this territory,  
according to Albert Rohl, superin-  
tendent, who states that the ac-  
ceptance of that device on the  
part of the public has now become  
so general that the company feels  
that it is no longer necessary to  
bring it to attention through a  
sales campaign.

The servicing of electric refrig-  
erators purchased from the Ind-  
iana & Michigan will continue. The  
company will also continue the  
sale of electric ranges and water  
heaters, since there are not yet  
available in this district sufficient  
dealers who handle these devices.  
The sale of the refrigerators  
was undertaken in 1927 in order to  
bring to the attention of the cus-  
tomers of the company the value  
of the device in modernizing their  
homes. Most of the territory of  
this district was not then served  
by electric power, and the sale of  
refrigerators was consequently un-  
derstood by the public as a gen-  
eral recognition of its ad-  
vantages, and whenever respon-  
sible dealers in such apparatus  
were established throughout the  
territory, the I. & M. would refrain  
from competition. This point, Mr.  
Rohl stated, has now been reached.

Mr. Rohl said:  
"There is a benefit to the cus-  
tomer which has accrued through  
this activity in that he decreases  
his unit cost of electricity as he  
increases his use. A great part of  
the expense to the company of serv-  
ing a residence customer does  
not vary with the number of kil-  
owatt-hours the customer takes  
and, consequently, when he takes  
only a small quantity of current,  
each month for lighting his unit  
cost is much higher than it need  
be if he would only use more ser-  
vice. Our records show that cus-  
tomers who have one or more of  
the three devices listed, are paying  
an average rate per kilowatt-hour  
for combined lighting and domestic  
service of less than 5 cents, while  
those who have installed both the  
range and refrigerator are, in  
practically all cases, having an  
average rate for the total use of  
less than 4c per kilowatt-hour. The  
addition of an electric water heat-  
er, under existing rate schedules,  
would still further reduce the rate  
per kilowatt-hour."

## Cashing Service Not Illegal, Says Bank Commissioner

The establishment by local mer-  
chants of a free check-cashing  
service would not be in viola-  
tion of state banking laws, accord-  
ing to a letter received this week  
from the state banking commissioner,  
R. E. Reichert, by Rex Lamb, who  
had communicated in behalf of the  
Buchanan Civic Association.  
Reichert said:  
"I question whether this could  
be termed a general banking busi-  
ness. I believe that anyone would  
have a right to cash checks and  
charge for his services without re-  
quiring a license. In fact, no one  
could issue a license for such a  
transaction."  
A local man has proposed to  
open such an agency here, furnishing  
the money for cashing checks.  
The arrangement is put into ef-  
fect he will be paid by the mer-  
chants and will not charge for  
cashing the checks.

## HIGHWAY WORK RELIEF PROGRAM AND R. F. C. LOANS WILL CARE FOR MICH. UNEMPLOYED, SAYS GOV. COMSTOCK

### 1932 License Plates Are Good Until March 1

Announcement was made by Sec-  
retary of State Frank D. Fitzgerald  
Monday that use of 1932 li-  
cense plates will be legal in Mich-  
igan until March 1. At the same  
time he advocated a reduction in  
automobile and truck license fees  
in future years when the acute  
need for use of weight tax funds  
for the reduction of local highway  
tax burdens has disappeared.

The decision to extend the legal  
use of 1932 plates to March 1,  
the full limit allowed by the 1931  
statute, was reached after rec-  
ords of the Department of State  
showed that automobile weight tax  
fees collected for the first 25 days  
of January, 1933, were \$2,380,748  
as compared with \$2,444,406 for  
the same period in 1932. "This  
decrease in funds shows that it is  
becoming increasingly more diffi-  
cult for vehicle owners to obtain  
funds to pay the present weight  
tax."

"Weight tax revenue is needed,  
badly by the state but the finan-  
cial condition of the vast major-  
ity of Michigan citizens demands  
that they be given every possible  
extension of time," Mr. Fitzgerald  
said. "But every citizen who is  
financially able to do so, should  
purchase his 1933 plates as soon as  
possible, as practically all of this  
money will ultimately find its way  
into welfare channels by providing  
employment on our highways."

In advocating a sharp reduction  
in the annual weight tax on motor  
vehicles, Mr. Fitzgerald pointed  
out that at the present time all  
weight tax funds are returned to  
local government units for the re-  
tirement of highway bonds and the  
reduction of local highway, road  
and bridge taxes. Until the need  
for this local tax relief is past, he  
asserted, there appears no clear  
way to lower license plate fees.

## LOCAL PIONEER DIED AT HOME SUNDAY EVENING

### Taught School Near Here in Sixties; Born in Orono- ko Township in 1847.

Mrs. Carrie Williams Grossman,  
aged 85 years, five months and  
seven days, a pioneer of Buchanan  
died after an illness of three  
weeks at her home here on Days  
avenue early Sunday evening.  
She was one of Buchanan's oldest  
residents. She was born in  
Oronoko township, Berrien county,  
Aug. 22, 1847. She was the daugh-  
ter of Andrew and Elizabeth Ing-  
eright. She taught school near  
here. In 1868 she was united in  
marriage to Albert Williams of  
Cassopolis, Mich., and to this union  
eight children were born of which  
three preceded her in death. They  
were, Laura E. Morgan, Birdie  
Williams and Lee Williams. Her  
husband passed away thirty  
years ago.

The surviving children are: Guy  
Williams of Wolverine, Mich.;  
Beryl Kelling of Buchanan, Mrs.  
Grace Skinner of Berrien Springs,  
Mrs. Fannie Jurgensen of Dow-  
agiac, Mrs. Blanche Heim of Buch-  
anan. Ten grandchildren also sur-  
vive her. Violet Heron, Niles,  
Maurice Williams, Wolvrette, Guy  
Leo, Williams, Wolverine; Guy  
L. Lillard, Cleveland, O.; L.  
Skinner and W. Skinner, Berrien  
Springs; Tyke, Mathias and Gale  
Jurgensen, Dowagiac; and Cherry  
Blossom Heim, Buchanan. Seven  
great grandchildren and two great  
grandchildren, Shirley Ann and  
Marjorie Alice Peterson, Niles.

## Chief Mitchell Breaks Up Mich. Street Beer Flat

Local sources of illegal (or are  
they?) beverages were reduced by  
one Friday when Chief Edward  
Mitchell invaded a beer flat main-  
tained by Mildred Babcock and  
Dorothy Stevenson on Michigan St.,  
taking the two women in custody  
and confiscating a supply of beer,  
wine and other liquors. Two men,  
James Fordyce and Frank Wall-  
ace, were taken in the place and  
the entire party were hauled into  
the court of Justice Rex Lamb,  
where they were given their choice  
of serving ten days in jail or leav-  
ing the state. All those the latter  
alternative.

## Bills Introduced to Set Up Emergency Relief Commis- sion to Legalize Contracts Between State and Local Units.

Reconstruction Finance Corpor-  
ation loans to counties and cities,  
plus an \$8,000,000 federal advance  
for a "work relief highway" pro-  
gram should take care of the un-  
employed of Michigan without re-  
course to direct state appropria-  
tion, in the opinion of Gov. Will-  
iam A. Comstock.  
The governor now has two bills  
pending in the 57th Assembly, one  
of which sets up an emergency  
state welfare commission which  
would supervise R. F. C. and other  
funds advanced to aid local units.  
Another bill would legalize con-  
tracts between state and local  
units pledging delinquent taxes or  
highway funds for R. F. C. loans,  
several of which have already been  
executed.

## Mrs. R. Keating, Nee Clara Hubbell, Dies at Pasadena

Tidings have been received here  
of the death at Pasadena, Calif.,  
Jan. 22, of Mrs. Robert Keating,  
better known to her former Buch-  
anan acquaintances as Clara Hub-  
bell. She was the daughter of Mr.  
and Mrs. John Hubbell, the former  
superintendent of the Lee & Porter  
Axle Works. Their home at that  
time was the house which is now  
the residence of L. M. Des-  
enberg, at 210 W. Front street.  
Her death was the result of acci-  
dental burns. While she lived here  
she was a member of the Presby-  
terian church and was the organ-  
izer of that organization for years.  
She left Buchanan about twenty  
years ago.

## Series Meetings to Begin Sunday at L. D. S. Church

A series of special meetings  
will be opened at the L. D. S. church  
next Sunday evening, with  
Elders J. W. McKnight and Mark  
Gross in charge. The meetings  
open promptly at 7:30 p. m. and  
the subjects will be:  
Sunday, "What the Seventh Day  
Adventists Believe," by Elder J.  
W. McKnight.  
Monday, "The Kingdom of God  
Among Men," by Elder Mark  
Gross.  
Tuesday, "What Must I Do To  
Be Saved," by Elder J. W. Mc-  
Knight.  
Wednesday, "Safe in God," Elder  
Mark Gross.  
Thursday, "Repentance," by Eld.  
McKnight.  
Friday, "Is Water Baptism Es-  
sential to Salvation?" Eld. Gross.

## M. Pearson to Speak on "Why I Am An Adventist"

Martin Pearson will speak on  
"Why I Am A Seventh Day Ad-  
ventist" at the Seventh Day Ad-  
ventist church Sunday evening, be-  
ginning at 7:30 p. m. The gen-  
eral public is cordially invited to  
attend.

**Novel Attempt at Suicide**  
Morris Jewell, 57, attempted  
suicide Thursday at his home, a  
mile and a half south of Spinks  
Corners, by trying to drive a nail  
into his heart with a piece of wag-  
on tire, after a heavy drinking  
bout with friends. Neighbors re-  
ported to the sheriff's office that  
they feared that Jewell was going  
insane. Deputy Sheriffs arrived  
just in time to prevent Jewell  
from success in his novel attempt  
at making away with himself. The  
nail had been driven part way  
into the heart and a few more  
blows would have forced it into  
that organ. Jewell was taken to  
the county jail, where his condi-  
tion was reported as not serious,  
but was held for observation.

## Scouts and Cubs Offer Entertainment For The Public

Cub Pack 141 and Scout Troop  
41 are planning an entertainment  
as a feature for Scout Anniversary  
Week. Each year the week of  
February 8th to 14th is celebrated  
by Boy Scouts all over the United  
States as the Anniversary of  
Scouting, brought to this country  
by W. D. Boyce, a Chicago pub-  
lisher, in 1910.

The entertainment consists of a  
number of comic stunts and dram-  
atizations of some phases of Scout-  
ing. There are Scout acts, Cub  
acts and mixed group acts, as well  
as several individual features.  
An invitation is extended to the  
general public to this free enter-  
tainment, especially to the Scouts  
and Cubs wish to invite the mem-  
bers of their sponsoring organiza-  
tions, Troop and Pack committee-  
men and the Executive Board. The  
date and time is Monday, Feb. 6,  
at 7:30 o'clock, at the high school  
auditorium.

## AUNT MATE KLOCK DIED TUESDAY AT AGE OF 92 YEARS

### Remains Taken to Old Home at Charlotte for Burial This Afternoon; Short Service Here.

A life that came near to cover-  
ing a century of Michigan history  
and development came to an end  
at 12:30 a. m. Tuesday, Jan. 31,  
with the passing of Mary Klock,  
better known to her many friends  
here as "Aunt Mate."  
She was exactly 92 years and six  
months of age at the time of her  
death.

Aunt Mate lived all of her 92  
years in Michigan. Her father,  
Richard Lamb, came to Detroit by  
boat from Buffalo, N. Y., away  
back in the dim dawn of settle-  
ment. From Detroit he struck out  
through the almost trackless  
wilderness to Linden, near Flint,  
where he built him a log house.  
There Aunt Mate, or Mary Lamb,  
was born on Aug. 1, 1840, the  
fourth child. There she lived un-  
til she was grown, when she moved  
to Charlotte, to live there 60  
years. In 1920 she came to Bu-  
chanan to make her home with her  
niece, Miss Georgia Wilcox, who  
has been her constant companion  
and nurse through the ensuing  
years.  
She was still able to be fairly  
active until five years ago, when  
a stroke paralyzed her right side.  
Since that time she remained in-  
valid, an uncomplaining invalid.  
She counted it among the chief  
distinctions of her life that she  
was able to render material aid in  
the time of the nation's major wars.  
Even in the World War when she  
was approaching eighty years of  
age, she was able to knit for the  
soldiers until she was afflicted  
with "knitter's paralysis."

Funeral services were held from  
the home at 114 S. Portage at 10  
a. m. today, with Rev. H. W. Stav-  
er preaching a short service. L. O.  
Swerlow took the remains to Char-  
lotte, Mich., where another ser-  
vice is to be held at 3 p. m. today,  
in the Congregational Chapel where  
she had always retained a mem-  
bership. The sermon there was  
preached by Rev. Roth and burial  
was made in the beautiful Maple  
Hill cemetery at that city.

Wants Names Sugar Bush Owners  
County Agent H. J. Lurkins is  
asking for the names of farmers  
owning sugar bushes and the ex-  
tent of the same, for the benefit of  
an unnamed retail organization  
which, it is reported, will send  
representatives to visit this section  
in an effort to determine the ex-  
tent of production here.

**Teachers Institute**  
Over 500 Berrien County teach-  
ers met for the annual county  
convention at Benton Harbor Mon-  
day. Leading speakers were Dr.  
William McAndrews, former head  
of the Chicago schools, who spoke  
on "Where Teachers Come In" and  
Edgar C. Doudna of the University  
of Wisconsin, who spoke on "Lit-  
erature as Citizenship."  
New Hours for Probate Office  
Malcolm Hatfield, judge of the  
county probate court, announces  
the following schedule of hours  
for that office: continuous service  
from 8 a. m. until 5:30 p. m., in-  
cluding the noon-hour, except Sat-

## WATERLOO, IA., ORGANIZES THE UNEMPLOYED FOR SELF-HELP; FREES MANY FROM PUBLIC DEPENDIBILITY

### Level-Headed Take Situation in Hand in Anticipation of Inroads of Agitators.

The dilemma of cities not far distant from Buchanan that have let the unemployment situation get out of hand until numbers of discouraged men and women have fallen easy prey to the agitators of radicals leads interest to the experiment now being carried on in Waterloo, Ia., where the more conservative and intelligent of the jobless anticipated the "reds" and organized their fellow sufferers for self help.

Waterloo is a city of 46,000 people in which unemployment is rampant. Last year the Waterloo Unemployment Relief club was organized, with the intention of helping to render as many as possible of its members independent of welfare funds.

This club is entirely separate from the Waterloo Community Chest, although there is co-operation between the two organizations. Today the headquarters of the club are humming with activity. The dues are five cents a year. The use of a vacant four-story building in the heart of the business district has been given the club. Immediately after the organization a comprehensive survey of the relief needs of the Waterloo unemployed was undertaken. The city was divided into sections of four blocks each and a representative of the club was placed in charge of the survey in each of these districts.

In the club headquarters is placed a master file where every family in the city needing relief is tabulated.

The first opportunity of finding work for the unemployed came during the harvest season. The farms were canvassed for opportunities for exchanging farm products for harvest labor. A hundred and sixty-five men were sent to the nearby cornfields, where they

received 1 1/2 cents per bushel, to be paid in pork, potatoes, carrots, cabbage and other farm produce. The live hogs were brought to city slaughter houses, which the unemployed were permitted to use. Unemployed butchers and meat cutters had charge of this work. All of the pork was transformed into sausage to eliminate contention over choice cuts. To date the farmers have traded 26,000 pounds of pork for labor.

A cardinal principle of the organization is that none of the members shall be paid in money. All are paid in produce, including the executives.

In the shoe department, which gives work to unemployed shoemakers, 18 to 24 pairs of shoes are being repaired or made over daily. The club also traded labor for 1,000 pounds of leather for use in making shoes. Unemployed tailors and cleaners also at work reconditioning old clothing given to the club. In one section of the headquarters building may be seen rack after rack of men's and women's coats in process of reconditioning.

A few blocks from the club is a lodging house where unmarried members of the club live, paying their way by doing odd jobs about the city. There is a machine shop where the unemployed mechanics are at work repairing the automobiles and trucks used by the city and welfare department. The club has a social center where dances are given each Thursday evening, unemployed musicians furnishing the music.

The club is now dickering with the city for the job of removing snow at the rate of 35c per hour. The club membership includes 174 different types of trades and occupations. All are giving labor services of one kind or another in exchange for produce, fuel and clothing.

Whenever a member does any work, he is given a requisition on the commissary department of the club and in return gets food, clothing, fuel and other services.

number will attend from Buchanan.

## W. C. T. U.

Nearly 14,000 members in Michigan. JOIN

(Note. The following paper was prepared and read by Mrs. W. F. Runner at the W. C. T. U. meeting last Friday at the home of Mrs. F. Fox. The topic and hour of the meeting were those suggested by the state program committee for the month of January.)

Prohibition

1. When and how did it (the 18th amendment) become a part of the Federal Constitution?

It became a part of the Constitution one year after the ratification of the thirty-sixth state—that date being Jan. 16th, 1919. On the above date three states ratified, namely: Nebraska, Missouri, and Wyoming. Nebraska being in the lead in point of hours, won the distinction of being the 36th state to ratify, thus completing the necessary three-fourths of all the states in the Union. The first state to ratify was Mississippi, Jan. 8, 1918. The last and 45th state to ratify was Pennsylvania, Feb. 1, 1919. Michigan was the 16th, Jan. 2, 1919. The states of New Jersey, Connecticut and Rhode Island never ratified. Accordingly, Jan. 16, 1920, is the permanent date of the eighteenth amendment becoming a part of the Federal Constitution.

## BERRIEN EVAN. CHURCHES MEET AT ST. JOSEPH

Afternoon Laymen's Conference and Evening Banquet Next Tuesday, Feb. 7th.

Evangelical churches of Berrien County will participate in a Laymen's Conference and banquet at the St. Joseph Evangelical church Tuesday, Feb. 7, delegates and members from the St. Joseph, Benton Harbor, Bainbridge, Niles, Royan, Portage Prairie and Buchanan congregations attending.

The members and friends of the church and their families are cordially invited to attend. It is requested that anyone who plans to attend report to the pastor of the local church before Saturday, so that adequate arrangements may be made. The special speaker is C. M. Cook of Bay City, Mich. A

## Stage, Screen Show Booked for Sunday at Ready Theater

By public demand, the popular Ready theater will present another combination stage and screen show for one day only, Sunday, Feb. 5th, when "Me and My Gal" featuring Spencer Tracy and Joan Bennett will be presented for this date only. Neither of these stars need any introduction, to the motion-picture fans of this vicinity, having shown at the Ready theater numerous times in their most popular successes.

The stage entertainment booked for this date only will introduce "The Marrioff All Star Revue," with a cast of 17 singing and dancing stars headed by Sonia and Marrioff, that famous dance team who were featured with George White's Scandals and Earl Carroll Vanities for several seasons as well as in vaudeville in this country and abroad. Other members of the cast include Reed and Lott, Dean Schooley, Dot and Betty Lee and the Six Dazzling Steppers, and Harry Light and His Melody Kings, a talented musical organization who play all the music for the stage show.

Four complete performances of both stage and screen attractions will be presented for this one day, Sunday, Feb. 5th. The first performance will start promptly at 2 o'clock. There will be no advance in admission prices on account of this added stage entertainment. All regular prices will prevail at all performances, it being the desire of the management of the Ready Theater to determine if the general public want stage shows in connection with the picture program or if a straight picture policy is more to the liking of theater patrons.

4. What good has prohibition done?

First, it did away with the saloon.

Second, the saloon rooms have been converted into places of respectable business.

Third, the sanitariums and Keelley-Cure places for restoring the drunkards to normalcy have practically become extinct and reports from records farther show very few deaths from alcoholism.

Fourth, money formerly spent for booze has been spent for real benefit to home and family and children, by providing better food, better clothing, better housing and better education. Also, there has been no liquor advertising since its adoption.

5. What is the present outlook for Prohibition?

Well, that seems like a puzzling question. Considered only in the light of the defeat of November last, we would have to admit the outlook is very discouraging. But looking back into the history of the W. C. T. U. during the 58 years of its existence—with its successive defeats, and yet sure progress toward right goals following each such defeat, we are confidently led to say, the outlook is very good.

Then too, we remember there are only two sides to this question, the right and the wrong. The only aim of the right side being to build up, conserve and stand in defense of all that is best in humanity, physically, mentally, morally and spiritually. While the natural fruits of the wrong side in the operations are the weakening and destruction of the entire man, spiritually, morally, mentally and physically.

There comes a degree of strength and assurance with the fact that God is always on the side of right and as we have often heard quoted—"even one with God makes a majority."

6. How are your faith and courage?

Briefly—it is surprisingly good. The after effects of the stunning blow received Nov. 8th last, are noticeably disappearing, and in their place seems to be planted a more serious and sane realization of conditions and the great need of activity, by all defenders of this cause, and our courage and faith seem to be equal to the demands. The month of January has been "full of good works" in the community, sponsored by our earnest W. C. T. U. workers. We doubt whether any Union in the State can make a better showing in temperance activities (according to size and membership) than has our own local Union, so far this year. And if the good work continues, we may be able to pronounce it the most successful year in our history. So from the foregoing you may easily judge that our "Faith and Courage" are not hanging on the Willows.

## Niles Overcomes Bucaneers in Surprise Defeat

### AFTER 7 WINS LOCALS DISCOVER THEY CAN BE BEAT

Reserves Have Easy Time in  
Defeating Niles Seconds -  
By a Score of  
35 to 14.

All those persons who thought the Niles game would be a cinch for the Bucks, were given a fine demonstration of what can happen to the best laid plans. Buchanan, with seven victories and no defeats, went to Niles the favorite. But Niles with an almost entirely different team than the one the Bucks defeated earlier in the season, flashed brilliant to an unquestionable victory. The only man on the team for Niles that was in the last game was Kraft, Niles' captain. In the game last Friday, he was unstoppable. He made exactly fifteen points and with excellent teamwork for his mates, made the speediest team. Buchanan never gave up and kept making points just as they always do. Niles presented a truly fine team and it is a credit to the Maroons that they were within eight points of the Redbirds when the final gun went off. Niles has a good team. Buchanan has a good team. Both teams are good. One team had to lose and in this case it fell to the lot of Buchanan. This should, however, be a serious reminder to the Maroons. Perhaps they will settle down and play like they meant it. This game Friday night shows very definitely that the Bucks can be beaten and will be beaten again unless they go to the rest of the schedule in a more determined manner. Rolen, the Buck center, was high scorer for Buchanan with nine points. Tomorrow night the Bucks tangle with Three Oaks at the local gym.

The lineups:

Buchanan	B. F. P.	Niles	B. F. P.
Louis Morse, rg	0 0 2	Anderson, rg	0 0 0

Official, Zudea, Western State, handled both games.

Before Buchanan met its Waterloo, the second team or the "B" team was handing the Niles "B" a lesson in the fine points of the game. The score 35-14 indicates that the Buchanan squad had an easy time defeating the Redbird fledglings as they did. Batchelor and Dretzler were in very good form, Batchelor collecting fourteen points while Dretzler amassed twelve.

**RED PANTS CAUSE NOT**  
Boy, oh boy! What are all the grunts and groans about anyway? To get down to brass tacks they are about the hot red pants that Bob Strayer is wearing about the halls of our temple of education.

Man! Those pants are louder than a group of seniors talking about the Annual.

It seems that Bob has been looking for such a pair of colored trousers for years and years.

Casualties, from fainting and shock at seeing such a bright red pair of pants on the meek little sophomore, are mounting. Anita Andrews was the first to have a bad case of jitters from such a sight.

The cause of shock or fainting is that the red pants are mistaken for those worn by St. Nick. Heart failure naturally results as the poor onlooker thinks his past Christmas gifts from Santa are to be taken away.

Students are all heaving sighs of relief because exams are over. Some smile, others groan, and all resolve to study harder next time.

### Niles Jr. High Quintets Win Over Buchanan

The Niles Junior High basketball team defeated the Buchanan Junior high basketball team both games last Friday afternoon in the local gymnasium.

Niles defeated the Buchanan first team by a score of 19-4, in which the following line-up was used:

Buchanan	B. F. P.
Hopover, f	0 0 0
Ellis, f	2 0 4
Stevens, c	0 0 0
Richards, g	0 0 0
Lyons, g	0 0 0

### School Slants

Isn't it funny how these college boys circulate around? By the way, whose is the one Miss Riley is wearing now?

Carson Donley is planning revenge, Marjorie certainly keeps the poor boy guessing.

A merry time was had by all last Friday during Velmarian Literary period. Questions were asked and it was compulsory that they be answered. Some of the few blushes passed around the room.

Miss Shriver is back again after a lengthy illness. She was welcomed back in a big way. At least by the seniors.

"Handsome" Beedle wishes us to run an "Excuse Us" column. The statement regarding the bartonette wrapped around his neck was incorrect. It was a tub!

Vivianne and her side-kick look forward to Saturday nights. What is the big attraction? Some of the rest of the senior girls would like to know.

New Year's resolutions were disclosed during the session of Velmarian "Lit," last Friday. Howard Currier declared that he thought that he was good enough without making any resolutions. Freddie decided not to eat any more "pie a la mode". George Remington resolved to eat more spaghetti in the future, and Alvin decided to be a good girl hereafter.

### Reporting Inquirer

**Freshman Opinions of Our High School**

In my opinion our high school rates very highly, probably because I am a freshman. It gives a freshman a thrill when he hears one talk of the high school and knows that he is included.

Although upper classmen look down upon "freshies" we are getting used to it, and we feel we are just as important as they are.

Ardell Reamer.

My opinion of our high school is based on education. I think and know that we get as good an education as any city student. Our shop, laboratories, domestic science department, and all other rooms are as well equipped as any large city school. If schools were to be rated on a percentage basis for their neatness, arrangement of classes and best equipped for work, I think our Buchanan high school would be rated as high as any.

Milburn Shafer.

My opinion of high school is very good. When you're in the grades you look forward to the time when you'll be a freshman. In some ways it's disappointing because of the fact that you're snubbed by the upper classmen, but then the freshmen look down on junior high students and the lower grades. What's the difference? In spite of all this, it is a new novelty and gives you a thrill to think some day you may be able to do most of the snubbing.

Virginia Walters.

### Editorial

**Jealousy**  
By Marjorie Weaver

Would you like to see the home of jealousy? It is a dark, damp cave, the air is putrid, for lying about are ruined lives, people who have been hen-pecked to death by jealousy's cruel tongue.

There is nothing cheerful about the scene which meets our curious eyes. We see persons of great ability, who would have proven useful in the world, had not jealousy's ruthless hand seized them. No one is too good; nothing too white for jealousy to besmirch with mud of dislike for someone who does his work a little better or with the showers of cruel, bitter words for some one who is more popular.

History abounds with jealousy's victims. Jealousy impelled Queen Elizabeth to imprison her sister, Mary.

It was jealousy that caused Aaron Burr to murder Hamilton. In whispering, confident tones, jealousy speaks to us, urging us on.

"Jealousy's tongue is a drawn sword," says an old proverb. So let us refrain from jealousy, lest we too, be drawn into the waters of quagmire in which jealousy thrives.

### A LINE OF CHATTER OR TWO

By Chester G. Chatterton

Did you know that Glenn Jesse's curls are self-made? The "Sheet" Boleyn thought that "Sheet" in physique is a glutton when it comes to eating? That Louis Leiter is a fine singer? That Maury Aronson's life ambition is to be an orchestra leader? That "Chas" Cripe has only been really angry once since he came to this school? That "Peck" That Mary Donley's idea of a career is to get married and settle down? That "Snark" Morse is a past master at writing notes? That "Senior Rita" Donley is a nut over cherry pie?

Prosperity news, Buchanan, Feb. 2. (Special)

Two new football sweaters were seen flashing around the Buchanan high school all last week. The costly tags were flaunted by the Messrs. Max (have a toe hold) Penwell, and Dick (lot o' girls) Morris. These two stalwarts of the gridiron were awarded major letters in football and actually have garnered enough money to purchase a new car. It is believed that these two rare occurrences should not only help stimulate prosperity but help President-elect Roosevelt have a successful term in office the next four years.

"Sonny" Riley was a little bit absent-minded or lost in a trance a few days back. The first day that the commercial law class met, Mr. Riley was among the multitude. After about a half hour of the class time was over, Riley snapped out of his trance and something dawned upon him. He got up and started to leave the room. Miss Desenberg asked the doppelganger where he was going. Riley feebly exclaimed, "I guess this isn't horticulture. I must be in the wrong class!" However, Thursday, Mrs. Weaver returned and either Riley didn't care for horticulture or else he was in the right class in the first place. Something's wrong, Sonny.

Remington resolved to eat more spaghetti in the future, and Alvin decided to be a good girl hereafter.

There's a skeleton in Mrs. Dunbar's closet. When asked who killed Cock Robin, she blushing replied, "That's a family secret, and I'm not going to tell!"

If you want to get a good laugh, you should come and see the Velmarian stage tomorrow afternoon. It's not the fact that the plays are so humorous, but the fact that some of the members of the basketball squad have gone in for dramatics. The boys aren't John Barrymores but their uncomfortable one-act plays tomorrow afternoon. **ANNOUNCEMENTS**

A leadership class in boy scouting has been started in the Buchanan school. This class meets twice a week on Tuesday and Thursday. It is conducted by Mr. Williams and Mr. Stark. Mr. Stark oversees the class on Tuesday and Mr. Williamson on Thursday.

The members of the class are the following: Howard McClellan, Bob Irvin, George Richards, Hubert McClellan, Albert Webb, Edvin Moore, George Sample, Bill Habicht, Robert Strayer, Robert Stevens, Ted Lyon, Fred Roli, Leslie Brewster and Don Roli Roli.

School closed Monday, Jan. 30, for county institute, which was held in Benton Harbor, former superintendent McAndrews of Chicago was the speaker.

W. D. Henderson of Ann Arbor was the speaker at the P. T. A. meeting, Monday evening at Buchanan high school.

### Class Activities

**Language Dept.**

Writing sentences in the passive voice and the study of third declension adjectives have been the objects of study in the ninth grade Latin class.

"Pas a Pas," meaning step by step, is the title of the book which is going to be used soon by the French eleven pupils.

In the study of the custom of the Latin people, the tenth grade Latin class is concerned this week with Roman holidays and superstitions.

The French 12 class will make a study of family life in France in their study of customs.

**Journalism**

The journalism class has been reviewing all national and international news of the past year in "Literary Digest," and "Scholastic" magazines.

Work on pyramid news stories has begun. In class, practice was given in writing and testing leads in, and for, various new stories.

**Horticulture**

The horticulture class, under the supervision of Knoblauch, has been reviewing botany while the biology class has been studying "Animal Husbandry" also "Diseases and Main Health of Farm Animals."

The debating class is still preparing for their debate in the elimination series.

**The Junior Class**

The junior class held a class meeting Monday, during home room period. Report cards were distributed and a business meeting followed. A committee was selected to decide a way to raise money for pictures in the senior book. Those selected were Mary Donley, William Zachman and George Spatt.

The report of the committee will be given at the next meeting and all members of the class will be asked to co-operate to make this project a success.

**Mathematics**

The algebra classes are studying the simplest forms of quadratic equations whose degree is greater than one. Quadratic equations are solved by factoring.

Geometry students are taking up the measurement of angles in circles. Angles include these which are formed by intersecting cords, tangents and secants.

Solid geometry classes are taking up parallel lines and planes and perpendicular lines and planes.

**English 9**

The ninth grade has begun the study of the original, ballad, and the later imitations of these early ballads. They are reading "The Rime of the Ancient Mariner." The students are doing memory work on the ballad.

This week their work in the exercise books has centered around the use of quotation marks and adjectives and adverbs.

**English**

The eighth grade English classes are continuing the essentials drills for a few minutes each day. They are required to do a standing of 90 by the end of the semester.

Joyce Bonner made a perfect score on the essentials test for the first semester.

Longfellow's poem "Evangeline" is being studied by the eighth graders. They are learning the prelude for memory work. Note books containing vocabulary words, figures of speech and Biblical allusions are being made. Illustrative note books are optional.

**History**

Current events note books are being kept by the eighth grade history class. Once a week they have discussion on the various current events with oral reports on the most important ones.

They left off the cut and dried routine of studying topics just as they come in the text books, last week, and went to the back of the books to take up Coolidge's administration. This was done because of the abundance of material now available concerning this period.

**Typing and Shorthand**

Last week, in the advanced typing class, Miss Chandler gave speed and accuracy tests. By dividing the class into two sections she then gave an assignment for both sections to do. After each person had finished the assignment, the one who had a perfect copy was given a mark. After giving several assignments she then counted the marks on each section and the one receiving the most won. The object was to see who could do all the assignments which she gave and do them without a mistake. Several persons did perfect copies and others only missed one assignment. The average was about five assignments out of seven. The honor roll for the accuracy and speed tests included Dorothy Vincent, Bill Bromley, Vivian Russell, Bernice Newsum, John Nelson, Alene Riley, Helen Fletcher, George Zachman and Jennie Smith.

In the beginning typing class for accuracy the honor roll is as follows: Lee Frame, Claude Denney, Raymond Marsh, Otis Fletcher, Mary L. Beardsley, Esther Kempton and Lucille Lightfoot.

In the shorthand class, the students have been reading about some of the unusual ways in which persons make a living. Some of these unusual and interesting ways are: gold-fish farms, angle-worm farms, frog farms, etc., in addition to others, there are 600 ways listed by the census bureau.

**History and Civics**

The senior history class has worked on the progressive movement. This occurred during the administration of William Taft. Many changes were made in politics at this time and the Republican party split up.

Commercial revolution resulted in the discovery of America. This is the subject under discussion by the tenth grade history class.

**Citizenship**

Citizenship pupils studied industry and the management of it. Raymond Juhl and Glenn Koch were in charge of the program given in Mrs. Whitman's home room. Janet Kelley has been an added member to this home room.

**Home Economics**

With the beginning of the second semester all the home economics classes have turned from cooking to clothing, except cafeteria. The tenth grade girls who manage cafeteria alternate, half of them cook and the other half sew. The girls who are present, sewing are making blouses, pyjamas or anything they wish. Sewing on cotton is the chief interest of the seventh grade sewing class. They are now making aprons, lingerie or pyjamas.

**Mechanical Drawing**

Once more the shop classes have gone back to mechanical drawing. This time they will only be at it for three weeks. The drawing that will be done will be shop drawing and a small amount of machine drawing.

**The first year class of mechanical drawing** is about to start on machine drawing. They have finished all other drawings and now they start sketching, drawing the detail of the machinist vice.

Advanced students have started the drawing of the aeroplane motor. They have to draw the crankshaft, camshaft, rods and pistons.

**The sophomore class of Mrs. Dunbar's English class** has been studying the life of Benjamin Franklin and his writings; also speeches by Hamilton and Jefferson and Washington's address, "Farewell to the Army."

**Juniors have been studying on the subject unit "Samuel Johnson and His Contemporaries."** This work includes the study of Johnson, Goldsmith, Gray, Burke, Fielding, Richardson and Sheridan. This work is expected to take about two weeks for completion.

Members of the senior English class are working on "Beowulf," the English epic. The first critical essays will be handed in containing personal comments on modern facts.

**Biology**

A set of slides from the Western State Teachers College of Kalamazoo were shown in the biology laboratory on the subject of conifers. The slides illustrated to the class the different varieties of pine trees and trees of the pine family. The class has been identifying and collecting the different varieties, and among the different specimens collected are the Austrian pine, Scotch pine, white pine, hemlock and the red cedar or juniper.

**Chemistry**

If one ventured into the halls of the high school, one wouldn't need a very keen sense of smell to obtain the cause of the obnoxious odor. To solve the solution, the chemistry class is experimenting on sulphur and sulphur compounds.

A special motion picture from the Bureau of Mines will be shown on "Sulphur Mining."

**Physics**

Heat, the subject of the physics class, has finally been completed. They will now try to find out something on magnetism and electricity.

### Who's Who

Robert ("Bob") Willard, a junior in high school, although you wouldn't think it, is eighteen years old. His great ambition is to get his M. D. and be a doctor in the city of Buchanan. Now, let's see, "Bob" likes to sing and read "Tom Swift" books. He likes fried fowl, but not pigeon any more, for he had two as pets once. Sure enough, he has a hobby, delivering papers on Sunday mornings, studying chemistry, and above all, talking. But see here, girls. He's cute, isn't he?

Thelma Lohmough, a blue-eyed brunette, five feet, four inches tall, has a great taste for green plums and sour pickles. She is 17 years old, born Sept. 15, 1915, and has a great hobby of riding horse back and carrying a type written Main street. "Tommy" is her nick name. Yes, indeed, she also has a by word, but wishes it not to be known. She has many favorite subjects, principally chemistry and geometry. Thelma is enjoying her junior year in high school.

**Romantic First Picture?**

In the Stuchart gallery there is a signed and dated picture of "St. Paul in Prison," which is Rembrandt's earliest piece with an ascertained date—1627.

### Velmarian Lit. Society to Stage 3 Plays, Friday

Three plays are to be staged by the Velmarian Literary Society, Friday afternoon, Feb. 3, at 2:45 o'clock in the high school auditorium. These plays were written by members of the senior English class. Admission charge will be 5c for parents and students.

Proceeds from the three plays are to go toward financing a creative writing contest sponsored by the Velmarian Literary Society. This contest is to be in three fields, short story, essay and poetry. Medals are to be awarded the winners. The plays and their authors are: "An Episode" by Alene Riley; "Strange Interludes" by Doris Campbell and "Bums" by Dee Weaver.

The first play takes place in the prison cell block of a large prison and the characters are Eddie Ryan, Alene Riley, Marvin Gross, George Riley and two prison guards. Eddie, whom you will remember as having been in last year's junior play, is doing a stretch after having been "framed."

His pal is a fellow prisoner, Marvin Gross, and Eddie's wife is Alene.

The second play brings together the famous team seen together last year in the junior play, Marjorie Campbell and Charlie Blake as man and wife. Their niece and nephew, Doris Campbell and Bob Ellis, furnish much amusement with their modern banter. Charlie Blake, the erratic uncle, goes out of his head and imagines that he is Napoleon. He ties Doris and Bob to the opposite legs of the davenport for insubordination. You can't afford to miss this one.

In the third play we have an office scene. Dee Weaver, as the suave thief, is caught in Dr. Smith's office by the doctor's daughter, Jane. Jane is portrayed by Marjorie Weaver. The part of Doctor Smith is taken by Lee Donley. The character Jimmie, the Doctor's errand son, is portrayed by Bob Gladwish.

You are promised 45 minutes of comedy and entertainment for only 5c! You can't afford to miss this treat. Don't forget the time—2:45 p. m. Friday, Feb. 3.

The players are being coached by Mrs. Dunbar, the senior play coach. The casts have been practicing for the past two weeks under her direction and have finally arrived at the peak of perfection.

### Grade News

**3rd grade, Miss Simmons**

The following pupils have their names on the dental honor roll: Marian Blake, Richard Bromley, Benny Cowgill, Lola Mae Dallenberg, Fred Hagley, Gwendolyn Ihrie, Richard McClure, Bernice Phiscator, George Phiscator, Phil Sands, Nancy Scheetz, Francis Helm, Robert Swaim, Robert Dodge, Robert Six and Richard Troutman.

The following pupils have been neither absent nor tardy during the first semester: Lola Mae Dallenberg, Melvin Dretzler, Robert Dodge, Dick Hess, Fred Hagley, Eleanor Ingelright, Doris Lamb, Vanessa Paul, Glenn Sharp and Richard Troutman.

We have perfect record this week for clean teeth, hands and face.

**2nd grade, Mrs. Heim**

Marlin Myers brought us a chrysalis for our Nature Study collection.

**5th grade, Miss Rivers**

The following pupils were neither absent nor tardy during the first semester: Duane Beadle, Robert Donley, Tommy Fitch, Wanda Forgue, Lester Hanover, Arnold Herman, Richard Paul, Arthur Rohl, Richard Rose, Ruth Rumsey, and Mary Louise Zupke.

Virginia Arnold, Robert Fairman and Lester Hanover stood the highest in the class on the semester examinations.

We are studying about the silk industry in France.

We are beginning multiplication of common fractions in our arithmetic.

**1st grade, High School**

The following people had a perfect attendance record for the first semester: Arlean Maxson, Jean Phiscator and Elizabeth Rohen. Those who were not absent but tardy are: Betty Donley, Hubert Paul, Janice Pierce and Jack Slate.

We have started formal number work and spelling. Several people can count to 100 now.

**Kindergarten News**

Last week we wrote a story about "Our Trip to the Creamery." Now we have a story about "The Churning of Butter."

We get our sour cream from the creamery. Juanita, Joyce and Doris washed 14 one-half pint bottles for us. We warmed the bottles on the radiator. We put the cream into the bottles. Then we shook the bottles until the butter came. Then we took the butter out of the bottles and put it into a dish. Bobby got a dish and some salt for us. We salted the butter and worked it. We spread the butter on crackers. Doris and Kenneth brought the crackers for us. Joyce passed the crackers to the boys and girls. Eleanor counted 38 girls and boys at our party. We showed the girls and boys in Miss Miller's and Miss Van's rooms how we made butter.

## ROUND ABOUT BUCHANAN

**IS THIS THE WAY OUT?**

The announcement of the successful negotiation of a loan of \$1,500 from the Reconstruction Finance Corporation for the local welfare needs is indicative of present trends in the fight to cope with the destructive forces of the depression.

When employment started its decline three years ago all relief proceeded on the old community chest principle, with the solicitation of funds from private citizens, usually for the winter months only, on the assumption that the period of unemployment would be temporary, lasting a year or two at most. But the second year exhausted either the charity or the available means of the givers, and resort was had in most communities to local taxation. This lasted a year—in some cases local tax funds were already overdrawn and it never even got under way.

Now the R. F. C. Loan is the modus operandi. How long will the funds from that source be available? What is the answer?

There is now a movement growing throughout the cities of the United States with the rapidity of a snowball on a thawing afternoon to organize situations so that the unemployed may take care of a maximum of their own needs through the barter exchange idea. While this idea would have seemed radical a few years ago, it is now being sponsored by responsible men and is already in more or less successful operation in 250 communities in 29 states of the Union. Among the recent recruits to the system or something similar are Jersey City, N. J., Evanston, Ill., Waterloo, Ia., Grand Rapids, Mich., Denver, Colo., Dayton, O., and the list might be prolonged.

It is estimated that nearly 1,000,000 people in the United States now have part or all of their needs supplied through such mediums. In many cities, notably Dayton, O., and Minneapolis, Minn., thousands of families have been taken off public relief in this manner.

The project is the subject of intensive study by the Industrial Relations Department of Princeton University, which has developed a model plan and which is now being swamped with requests for information from all parts of the United States. The Princeton economists, in collaboration with a number of New York capitalists, including Leland Olds, have organized the Emergency Exchange with headquarters in New York City and an expert director in charge to aid in the organization of barter exchanges throughout the New York area.

Many cities have already tentatively endorsed the idea; many other cities are studying its operation closely with a view to endorsement if it proves successful.

In matters of this sort, the "go slow" policy is advisable. The establishment of such an exchange would require the greatest care and the best of management.

### Rear Real Yells at Assembly Friday

Harold Hanlin, "Curly" Bradfield and Mr. Knoblauch officiated at a pep meeting held in the auditorium last Friday, Jan. 27.

As the meeting was called to work up some enthusiasm for the Niles game, Harold Hanlin was summoned to help out. After several selections by the band, Jean Russell gave a few cheers and then Harold Hanlin stepped in and took the reins. When he had cracked a few jokes he proceeded to lead a few real yells. The windows shook and the doors rattled, and everybody, for the first time in a long time got together and really yelled.

And so after all was said, done, and yelled, Mr. Robinson and his band closed the meeting with an appropriate march.
