

GRAFFORT, MATHIE, FETTE, MITCHELL, FRENCH VICTORIOUS IN HEAVIEST VOTING IN CITY ELECTIONS HERE

Now Here's the Proposition

APRIL SHOWERS

(Ed. note: At the urgent request of 967 admiring readers, darn it, where is that adding machine slip, we reprint this gem from the files of 1930.)

April in a fit of weather Weeps for days and days together. April is the maiden season—When she weeps there is a reason. When the maidens weep, you bet What they cry for they will get.

Maiden's tears are never fruitless, Nor is April's weeping bootless—Every drop that patters down Means a flower for April's gown; Not a drop shall fall to earth But shall give some beauty birth; Every drop that falls upon it Means a lily for her bonnet.

Till at last she shall be seen In a gown as dazzling green, And the apple blossoms tremble On her swell new spring ensemble, All to make a fool of some man! Now, ain't that just like a woman?

It Was a Dull Evening and They Had Nothing Else to Do. Well, they did it. Who done it? The city commission done it. They voted to turn up the clocks again. April 23 we all got to turn the clocks ahead again. Of course we all know why they done it. They done it as a means of giving more time to the poor over-worked factory and office men so they could have a chance to get out and get some fresh air. Or maybe they just done it like the actress got married. It was a rainy afternoon in Peoria and she couldn't think of anything else to do.

Wherein Woodrow Wilson Crittenden Joins Polar Bear Club—It is now the sucker season in the St. Joseph river and that is how it came that Mr. W. W. Crittenden, baptized Woodrow Wilson, was loitering along its banks with a few bosom friends Monday afternoon. Just below the Indiana & Michigan power dam, Mr. Crittenden espied a large dip net, the asset of one Floyd Dryke of Buchanan, and he thought himself to try his luck at netting suckers. A few sweeps without results—and suddenly the braces of the crane which swing the net gave away and Mr. Crittenden, surnamed Woodrow, took a plunge into the icy waters of the St. Joe. For the purpose of this story we wish we might add that he plunged into the sucker net. But he did not and we will not perjure ourselves in the matter, ever so much, a good story. The water is deep at that place but Mr. Crittenden can swim like a well—like a sucker, and in a few strokes he was on dry land but considerably less dry than the land. With the aid of his friends he built a fire inside an empty steel barrel and draped his wet clothes over the top of the barrel, enjoying a sun bath until they were dry.

Mitch Gets Ladies Vote Well the big election is over and whatever anybody says about it the surprise feature of the whole thing was not that a reformed newspaper man got elected to the city commission, but the way Ed Mitchell ran. Boy the way that baby run! In fact some say he is still running. The undercover man of the Record was detailed to secure some explanation of the surprise vote for Mitch, and what do you think he dragged in? It was the ladies' vote. You see, the ladies turned out and voted heavier than ever before in any city election, account of the wet and dry business and Ed Mitchell got the ladies vote? He did. You'd never think it to see Mitch on a road grader, unless you happened to be around some day and see him squirm 'em through the traffic, and then you would understand all.

H. R. Botkin and Wife Hurt in Auto Accident in Ohio

Tidings have been received here to the effect that Herbert R. Botkin, former receiver of the First National Bank of this city, and his wife were both painfully injured during the recent week-end while en route from Marine City, where Mr. Botkin is now a bank receiver, to their home at Muncie, Ind. The car which Mr. Botkin was driving left the road and turned over three times near Findlay, O. Mr. and Mrs. Botkin were taken to the Home and Hospital at Findlay. An x-ray examination taken there revealed that Mr. Botkin had incurred a fractured rib, a sprained shoulder, and a bad scalp wound. Mrs. Botkin received no fractures but was badly bruised. Mr. Botkin was receiver of the First National here for fourteen months from Nov. 1931, until January, 1933, during which time he made many friends locally.

LEWIS ROTZEIN DIED SUNDAY IN NILES HOSPITAL

Death Results from Poisoning Which Developed from Leg Wound; Funeral Wednesday.

Lewis William Rotzein, 26, died at 1:20 a. m. Sunday at the P-wating hospital, a week after he had been critically injured when he was plinned between a car and a tractor at his home west of Dayton.

The immediate cause of death was general septicemia originating in the severe wound in his leg. A contributing cause was the extreme loss of blood at the time of the accident.

He was born in Homesville, Ind., Jan. 12, 1907, the son of William and Laura Rotzein. He came to Dayton with his parents in 1924. His father passed away Feb. 22, 1925.

On August 25, 1928, he was united in marriage to Gladys Huff of Buchanan, who with his mother, Mrs. Laura Rotzein of Dayton, two sisters and five brothers, Robert, David, Billy, Philip, Jane and Janette of Dayton, and Carl of Monona, Ia., survive.

Friends were received at the Hamilton Funeral Home until Tuesday evening when the body was removed to the home of his mother, Mrs. Laura Rotzein, in Dayton.

Funeral services were held at the M. E. church of Dayton, Wednesday, April 5, at 2:30. Rev. Niles officiating. Burial was made in the family lot in Oak Ridge cemetery.

Marriage Furlough Saves W. Conover From Akron Mishap

Love laughs at tempests, according to the Bard of Avon, alias Bill Shakespeare, and he was right in the case of Wilmer Conover, chief petty officer of the U. S. Akron, who owes his life to the fact that he was absent from the scene on the occasion of the disaster for romantic reasons. The romantic reasons were two, both of them being that he had a ten day furlough for the purpose of coming to Buchanan to marry Miss Edith DeVees of this city. He left Lakehurst, N. J., a week ago Monday and they were married in South Bend, Friday. They then went to Attica, Ind., to visit his parents, and returned during the week-end to Buchanan, preparatory to leaving early Monday morning on their return to Lakehurst to make their home.

Another peculiar feature of the accident was the fact that Conover's bosom friend, Moody Erwin, who came with him to Buchanan during the Christmas holidays, was one of the three survivors of the disaster.

Miss Edith DeVees, the daughter of Mrs. Edith DeVees of West Chicago street and was reared in Buchanan, making her home here twenty years.

M. L. Sands has been connected with the grocery and meat business of Buchanan for 24 years and conducted a store for 15 years continuously from 1914 until January of 1929 in the building where he is now resuming.

STATE TO DEFAULT ON WEIGHT, GAS TAX DISTRIBUTION TO COUNTIES ON ACCOUNT FINANCIAL DIFFICULTIES

Tie-Up of Funds May Delay Construction of M-174; All Highway Money Loaned to General Fund.

The state of Michigan will default in the payment of \$5,000,000 in highway tax relief funds to the counties and lesser governmental units of the state, according to Auditor General John K. Stack. The state has pressing obligations, including the monthly payroll of \$1,250,000 which will make it impossible to release the funds at that time, Stack stated. It is possible that increased sale of motor licenses in the next few weeks may enable the state to pay a part of the amount.

Because of tax delinquencies the general fund of the state has now an overdraft of \$7,322,000. Of a total tax spread of \$23,485,000 due in January the state has received to date only \$7,953,499. As a result all funds paid in on the automobile weight tax and the gasoline tax are now being borrowed from the highway fund for state administration purposes.

Under the Horton Act, passed in the first special session of 1932 all the weight tax collections are to be returned to the counties, to be distributed among the townships and municipalities. The law provides that the first payment of \$5,000,000 is due April 15, the second payment of \$5,000,000 is due July 15, and the remainder in the following February. It was estimated that the 1933 distribution would approximate \$20,000,000. Extension of the deadline for purchase of automobile licenses delayed income because of the tie-up in state income.

Because of the tie-up in state income the construction season will be started at a later date, Stack stated, and a number of contracts which were to have been completed July 1, may be deferred until later in the summer.

At present local governments are compelled to use state weight and gasoline tax income to relieve Covert road bond obligations and for general highway purposes only, but Gov. Cooch has submitted a plan for using it for highway work for unemployment relief that is being seriously considered.

John G. Holmes Extends Jubilant Welcome to Beer

Cedar Rapids, Ia. April Pool. Ha! Ha! We are going to get back to the old times, when every body can get drunk when and as often as he wants to and no thought of his personal liberties being infringed upon by restrictive laws. We will be like the saloon in the old "American House" Conant in the next room to the south. The two Dunbar brothers in the "Dunbar House," the town racing track, gambling dens in every corner. Oh, they were great times and to think they are coming back! There will be no trouble in finding all of the drunks you want, people will be running in from all about the country to enjoy the feast of joy, park their teams in the mill yard and when the driver gets stewed old dobbin will take them home while the royal master sleeps it off in the back of the wagon. Oh, no, I forgot the Ford does not act that way but there will be some other. It will all be great! JOHN G. HOLMES.

STANDARD OIL STATION HELD UP 3D TIME THURS.

Bandits Escape, Shielded by Intervening Train; No Further Clue to Identify.

The Standard Oil Filling Station on Days avenue was robbed for the third time Thursday when armed bandits entered the station about 10 a. m. holding up Edward Irvin, attendant, escaping by the Portage road with his money belt and \$27.75 in change.

Irvin stated that he was in the wash room when he heard some one rattle the door. He rushed out and opened it, thinking a customer was trying to get in, and a young man, unsmiling, apparently about 30 years of age, stepped in and pressed a gun against him, compelling him to turn with his back to the door.

Another bandit who was at the car then came in and they searched Irvin's pockets from behind, throwing the contents on the floor and finally selecting only his belt.

"Better stay here a while," they cautioned, as they left springing in their car, a blue Buick sedan, and speeding south up Days Ave. Irvin rushed across the street, where G. H. Swem had parked his car at the Remington Blacksmith Shop. Swem jumped in his car and set out in pursuit, but the bandits were favored by the fact that they crossed the Michigan Central tracks just ahead of a train, which stopped their pursuers so long that no sight of the fleeing car was obtained. None of the residents along the Portage Road have reported seeing the car.

Irvin stated that as far as he was able to observe the two bandits were both from 30 to 35 years of age, medium short in height, both well dressed, well spoken. The one who first entered the station wore a gray hat and a blue overcoat.

Buchanan Township Governmental Costs Reduced at Meeting

A large number of rural taxpayers were in attendance at the Buchanan Township meeting held Monday evening at the Portage Prairie hall. The report of collections and expenditures of township monies was read by the clerk and after a short discussion of same was declared approved by the chairman.

A resolution was then presented recommending the following salary schedule for the ensuing year: Supervisor—

Preparing assessment roll, \$100. Preparing tax roll, \$100. Administering poor fund, 25c per hour for actual time and 5c per mile for car expense.

Health Officer— 25c per hour for actual time and 5c per mile for car expense.

Board of Review— Three members, each to receive \$3 per day, estimated time three days.

Township Board Meetings— Four members consisting of supervisor, clerk and two justices, each to receive \$2.50 per board meeting. Estimated number for year, four.

Election Board— Four members, each to receive \$3.50 for services for township election.

The resolution was adopted without a dissenting vote. If this recommendation is followed the salary cost to the township for administering local government from April 1, 1933, to April 1, 1934 will be approximately as follows:

Supervisor, \$275. (\$75 estimated for poor fund) Clerk, \$100. Highway Commissioner, \$100. Board of Review, \$27. Township Board meetings, \$40. Election Board, \$14. Health officer, \$10 (estimated) Total, \$566.

The township treasurer is paid on a fee basis receiving 1 per cent of the taxes collected. The supervisor and clerk will receive \$10 each from the township board meetings in addition to the salaries listed above and also other fees.

The township board recommended an appropriation of \$3,000 for the General Fund and the Highway Commissioner \$500 for the Road Repair Fund. The amounts appropriated for the coming year were as follows:

General Fund, \$1,000. Road Repair, \$500. Poor Fund, \$500. Total, \$2,000.

This amount is less than one half of the appropriations made for the past year and will reduce the township tax to a point where it will be in keeping with the present day income of the overburdened taxpayer.

The average rural taxpayer is becoming keenly interested in his tax problem and it is only through study and enlightenment that the subject can be approached intelligently. Some pertinent unanswered questions relative to the collections and expenditures made during the past year are:

1. What did it cost to administer the poor funds? 2. How much delinquent tax was paid to the General Fund, Poor Fund, Road Repair Fund and the School District Funds? 3. What amount of tax monies was due each school district at the end of the fiscal year?

The suggestion has been made by members of the Farmers' Legislative club that a non-partisan committee be appointed to make a detailed study of our local tax problems with a view to aid in any way possible in the solution of this perplexing problem. Old traditions are passing. We are living in a new age with new problems and new methods must be

Action Followed Vote by the Board to Shorten Year on Account of Financial Difficulties.

Buchanan children may enjoy their customary nine and a half months of educational privilege this year, thanks to the public spirited attitude of the teaching staff, which voted unanimously to teach the last two weeks free of charge after the school board had started the year to nine months on account of financial stringency.

Action by the teachers was taken Tuesday, the following resolution being unanimously endorsed by the members of the grade and high school faculty, and presented to M. L. Hamlin, president of the board:

In the light of the present and existing financial emergency and consistent with our belief that the school child must not suffer because of this crisis, we the undersigned teachers in the faculty of the public schools of Buchanan, Michigan, hereby signify our desire to contribute gratis our services for the last two weeks of the last month of the present scholastic year.

The resolution passed by the school board on the previous Monday was: Resolved: That the current school year be curtailed two weeks, all studies concluding on Friday, May 26, 1933, this action being made necessary by delinquent taxes and the uncertainty of obtaining funds now on hand in closed banks.

It is believed that the board are favorably inclined toward acceptance of the generous offer of the teachers, although they reserved their decision for announcement next week.

Henry David Ingles, son of George W. and Sarah E. Ingles, was born Feb. 7, 1866. He passed away March 30, 1933 at the age of 67 years, one month and 23 days, in his home, the old Ingles homestead. Having been one of a family of eight children, he learned early to rely upon his own efforts.

He was married to Miss Sadie S. Shedd, August 28, 1889, in the Andrew Bryant home. Forty-three years and a half they labored together for their home. One son came to bless this union, and is still near to help in the declining years.

Mr. Ingles graduated from the Galien high school in 1889 and from the Michigan State Normal in 1929. Mr. Ingles' occupation or teaching school began in 1893 and he taught about 25 years, not continuously, but farmed for a few years and then taught again, training boys and girls for their part in life. It is truthfully said "he watched with jealous eye for the welfare of the rising generation, teaching the Bible along with the other branches of education."

He was converted in 1896 in a

meeting at Chapel Hill church at Sodus. Because of the great change in his heart and life, faith in the living God, rather than unbelief, we can understand why he always took a positive stand in religious questions.

The spring after his conversion they returned to the old Ingles home to live. He at once joined Olive Branch church where he has been an active and faithful member and follower of his Lord. He was superintendent of the Sunday School and teacher of a class for a number of years. His official relation in the church has been continuous since becoming a member. A few years after his conversion he was given a quarterly conference license to preach, which he did, supplying for pastors, conducting funerals, studying and teaching the Bible as a necessary part of education and living.

He leaves a wife, one son, and two grandsons, a brother, Charles of Niles, and a sister, Mrs. Grace Shoop and a sister, Mrs. Jennie York of Alhambra, Calif., besides a number of cousins and an aunt, Mandy Fisk, of Buchanan and Edwardsburg and other places to mourn his departure. Four of his immediate family and preceded him to the better world.

The community has suffered a great loss. He shall be greatly missed, but we must summon courage to go on to win the crown. Pallbearers were Russell McLaren, Fred McLaren, Charles Bohn, Dick Norris, Lester James and Ray Clark. Mrs. Pauline Olmstead and Mrs. Edith Straub sang and Mrs. Myrtle Kiefer played the piano.

Something new in chorus work was instituted by Busby Berkeley for the chorus members of "42nd Street," Warner Bros.' big dramatic and musical epic of backstage life, which opens at the Ready Theatre, Niles, on Sunday, April 9, for three days.

Berkeley, who has handled scores of big choruses for New York musical shows, has been with motion picture companies now for three years.

For the big number of "42nd Street," he rigged out a turn table nearly a hundred feet in diameter, which in turn was divided into three. With the aid of an ordinary gasoline double hoist, he contrives to turn the three big rings of his turn table at three different speeds in two different directions. This is done by means of endless cables rigged from the hoist to the turn tables.

The choruses then, placed in groups around the three rings, each have different steps, sometimes going with, sometimes going against the movement of the turn tables.

The whole set, turn table and all, has been built on a theatre sized stage, which is part of one of the large theatre sets being used.

Besides the chorus of 150, there is an all-star cast including Warner Baxter, Bebe Daniels, George Brent, Una Merkel, Ruby Keeler, Guy Kibbee, Ned Sparks, Dick Powell, Ginger Rogers and Allen Jenkins.

A screen play by Rian James and Seymour is based on the novel by Bradford Ropes. The special song numbers are by Al Dubin and Harry Warren. The direction was in the hands of Lloyd Bacon.

Seventh Day Adventist
This week lesson study: "The Bible, an Inspired Book." The Bible is a unique book. No other book approaches it in character. As cloth is sometimes so woven that a gray silk may appear on one side and blue on the other, so the Old Testament is a double book, historical in its main character, but underneath the historical narrative and intermingled with it is the prophetic. From the third chapter of Genesis the two are intermingled. The interpretations of Jesus and his apostles disclose many of these prophecies hidden in "the law of Moses and in the prophets and in Psalms". Only the omniscient one could prepare such a book. The Bible is therefore inspired, God-breathed. "It is the transcript of the divine mind, the unfolding of the divine purpose, the revelation of the divine will." H. L. Hastings.

Sunday evening at 7:30, Bruno Stienweg from E. M. C. will speak on the subject, "The Home of the Saved." Everybody welcome.

Among the Bible citations is this passage (Jer. 17: 7, 8): "Blessed is the man that trusteth in the Lord, and whose hope the Lord is. For he shall be as a tree planted by the waters, and that shall spread out her roots by the river, and shall bring forth heat cometh, but her leaf shall be green; and shall not be careful in the year of drought, neither shall cease from yielding fruit."

Correlative passages to be read from the Christian Science text book, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, including the following (p. 552): "Mortal theories make friends of sin, sickness and death; whereas the spiritual scientific facts of existence include no member of this dolorous and fatal triad."

Vanguard of the Times

Thirteen bullet-shaped, high-speed planes are being built by France to race for the Deutsch de la Meurthe cup, which has repaid the Schneider cup as the emblem of the world's speed champion. Spots up to 393 miles per hour were attained in the Schneider cup races, which were flown over water. The new planes have a body just large enough to hold the pilot, a motor weighing 702 pounds, and enough gasoline to fly 200 miles. The Delage 12 cylinders are in V-shaped, 3,800 cylinders a minute to provide a speed of 400 kilometers per hour.

Buchanan may be privileged to see one of the most famous trains of the world if the Royal Scot, England's crack express, should be routed over the Michigan Central during its tour of the railways of North America on the occasion of coming to the Chicago Century of Progress Exposition this summer. The Royal Scot, which travels regularly between London and Edinburgh, is to be transported complete to Chicago for the exposition.

A 61-inch mirror will be mounted in the largest astronomical telescope in the country at Harvard University for the purpose of catching the light of the star Arcturus and reflecting it into electrical apparatus which will beam in the light to the Century of Progress exposition at Chicago June 1.

Heaven Emperor's Advice
Be not ashamed to be helped, for it is thy business to do thy duty like a soldier in the assault on a town. How, then, if being lame, thou canst not mount up on the battlements alone, but with the help of another it is possible?—Marcus Aurelius.

Dorothea Eisele Wedded to Wilmer Baker of Goshen, Ind., at Portage Prairie Home

The rural home of Mr. and Mrs. William F. Eisele of Portage Prairie was the scene of a very pretty wedding Wednesday evening, April 5th at 8 o'clock when their daughter, Dorothea Ann, became the bride of Mr. Wilmer Baker, son of Mr. and Mrs. Amza Baker of Goshen, Ind.

Rev. H. A. Frye, pastor of the Evangelical church at Portage Prairie, officiated. The ceremony was performed beneath a canopy fashioned of green and white, the background of which was a lattice work of green and white ribbons screening potted plants. A large wedding bell was suspended from the center of the canopy. Miss Eisele was attended by Miss Dorcas Roelof of Galesburg, Mich., who was groomed in a floor length dress of green organza. Her flowers were a shoulder corsage of pink sweet peas.

The bride was charming in a beautiful white rough crepe, floor length dress with a full length veil of tulle and lace and carried a bouquet of roses, sweet peas and violets.

The groom's attendant was Mr. Paul Miller of Goshen, cousin of the groom.

Immediately preceding the ceremony, Mrs. Lulu Moyer Chase of Galesburg, aunt of the bride, sang "On Promise Me," accompanied on the piano by Miss Dorothy Frye, who played the Lohengrin wedding March for the entrance of the bride party and during the reading of the double ring service. Mrs. Chase softly sang, "I Love You Truly."

A two course wedding repast was served by Mr. and Mrs. Don Weaver, Lawrence, Mitchell and Marjorie Neiswander.

The bride is a graduate of the Buchanan high school class of 1930 and for two seasons was employed in the office of the Burgess Seed and Plant Co., of Galesburg.

The happy couple will be at home with the bride's parents, after a short wedding trip south and east. The bride travelling in a tan going away suit.

The guests from away at the wedding were, Mr. and Mrs. Amza Baker and Mr. and Mrs. Russell Baker of Goshen, parents and brother of the groom; Mr. and Mrs. Harold Schrock of Wakarusa, nephew of the groom; Mr. and Mrs. G. M. Moyer of Kalamazoo, uncle of the bride; Mr. and Mrs. B. C. Chase and Miss Dorothy Roelof of Galesburg, Mich.
