NUMBER 17

CIVIC ASSOCIATION PUSH PLANS FOR CENTENNIAL ANNIVERSARY OF BUCHANAN, SCHEDULED JULY 27-29

Now Here's the Proposition

ON UNSEASONABLE EXPOSURES

Summer days are soon beginning, when our heaves will be doffing. When the outing has its lining. And the awning's in the offing.

Bud and bloom awake from slumber, Spring is just around the corner; Winter is a defunct number. With the coal man as his mourner.

Sister, too, has doffed her stockings. Which to me looks rather silly. Not to mention rather shocking. When the blasts are still so chilly.

Howsoever, I should worry—Through the winds would hardly blister. You should hear the snowflakes hissing. Through the open work on sister!

Brunettes Have It
The brunettes seem to have it in the 1933 race for candidates for blossom queen anyway to date seven brunettes have had enough "it" to emerge triumphant from the selection, as compared with four blondes.

All the Democrats are After It Except Us
This is to certify that although our standing as a Democrat is irreproachable (as voted for by Smith when it meant the loss of social standing) we have not as yet applied for the local postmaster'ship. And this, notwithstanding the announcement of Congressman George Foulkes that "I have received hundreds of applications first from every city in my district and every application is receiving my personal attention."

Spring Style Note
The attention of the style department of the Record has been directed this week to the appearance of Mr. Charles Stewart, chief chef at the Rex hotel of nights, in a new yellow polka dot shirt, than which the flowers that bloom in the spring, are not so gayly arrayed like one of these. Mr. Stewart states that the shirt was selected not so much for its design, which is striking, as for its use in camouflaging gray spots.

While This Does Not Prove It, What Could?
While not conversant with the science of eugenics, we understand that one of the conditions requisite to the development of beauty is a lovely mother and a homely father. Take for instance, the selections made for Miss Buchanan Sr. and Jr. at the Princess Thursday evening, Marie Post and Nancy Carol Himmelberger.

Any Way They Should be Good in Wet Weather
Friends of Harold Gilman report that that young man is about to astound the world with the greatest mechanical marvel since the invention of the combination can opener—cock screw in the form of a pair of water shoes, which, if successful are destined to turn the ship yards of the world into vast pocket golf courses, beer gardens, or maybe they will just collect rent from the government for not using them like the farmers are going to do. Anyway Gilman has been waiting for the coming of warmer weather for more exhaustive tests of his invention on Clear Lake. Any mishap under warmer conditions would result in a severe chill. Gilman states that while the maritime world is bringing great pressure, they will just have to wait around till the water warms up. The shoes enable one to walk on the water with the same ease and aplomb that you can walk down the sidewalks of Buchanan and on course you had best watch your step in either case. As soon as the invention is thoroughly tested, Mr. Gilman and a party of friends plan a walking tour to Australia, visiting girl friends in the South Sea Islands.

Lester Lyon Makes Hole in One
What happens to Lester Lyon in the future doesn't matter very much—in fact there is nothing that can happen since the said Mr. Lyon attained the fulfillment of a golfer's dream on the Orchard Hills Course Saturday. In brief, Mr. Lyon lifted his ball from the tee on Green No. 8 and it zoomed and rolled 163 yards into the hole—a hole in one.
This feat is the first of the kind since Lee Roe sank a hole in one on Green No. 3 three years ago, and it is believed to be the first time that the stroke was ever accomplished on Green No. 8.

Ten Clark Equipment men called up the Record office to report it, but we just said, "Whoa! hold on—Mr. Lyon will be in himself later and give it to us straight." And sure enough, he did.

Envelopes Will Be Printed Free to Advertise Event; Princess to Give Benefit Show.

Buchanan's 100th anniversary celebration is now on its way, and all local organizations, religious, social, business and otherwise, are cordially invited to join the parade.

All individuals and business firms of the locality have been invited by Chairman A. Preston Sprague of the committee on arrangements to estimate the number of letters they will send out of town before the date of the Centennial on July 27-29, and to turn in an equivalent number of envelopes either to the Civic Association headquarters in the Gross building or to the Record office where they will be inscribed without charge with printing advertising the celebration. The individual must furnish the envelopes but the printing cost will be defrayed by the Centennial Committee of the Civic Association.

Headquarters will be maintained at the Gross building, with either Chairman Sprague, Rex Lamb or Miss Cecilia Eisenhart of the Centennial Committee in charge most of the time. Chairman Sprague is issuing a special invitation to all organizations of the city to participate by entering floats or to enter in a general way into the promotion of the event.

Members of the Centennial Committee are daily devoting several hours to the development of the plans. The committee is as follows: A. Preston Sprague (chairman), Cecilia Eisenhart (secretary), Augusta Huebner (treasurer), Phay Graffort, Fred Mead, Rex Lamb, Harleigh Raymond, Carl Longworth, Howard Barbour, A. E. McClure.

Veterans Co-Operate
The local American Legion and Auxiliary have voted to co-operate fully with the Civic Association in promoting the Centennial. The Legion Centennial committee comprises M. H. McKinnon, George Roe and Claude McGowan. The Auxiliary has named the following committee: Mrs. H. M. Beistle, Miss Ethel Beistle, Mrs. George Chubb.

Princess Benefit
Manager Phay Graffort of the Princess Theatre has very generously offered to donate the proceeds from the showing of "Cynara," one of the six outstanding film plays of the current season, which he has dated ahead to May 5-6 for local production. The net proceeds of this show to be presented Friday and Saturday evenings of next week, will be turned over to the Centennial committee.

Scout Troop 41 Enjoys Birthday Party Tuesday Night

Members of Boy Scout Troop No. 41, enjoyed a birthday party at the Legion hall Tuesday evening, honoring the eighth natal anniversary of that organization. Oscar Noll, Berrien-Cass regional executive, was a guest of honor. Other guests were M. H. McKinnon, troop chairman, H. S. Hollenbaugh, troop committeeman, Kenneth Blake, former Scout leader. A spread was served, followed by a program of toasts, with Albert Webb acting as toastmaster. Responses were made by Mr. Noll, Mr. McKinnon and Mr. Blake. Leo Slade read a very complete history of the troop from the time of organization down to the present. The committee in charge of refreshments consisted of George Richards, Melvin Campbell, Donald Roti Roti. Fifty-two were present.

Pupils Broceus School Exposed To Scarlet Feyer

All pupils of the Broceus school west of Buchanan have been exposed to scarlet fever, because of the fact that several pupils attended while they had the disease in active though light form, according to local physicians called in consultation. The matter has been referred to Arthur Mead, the township health officer, but no decision as to the closing of the school had been made yesterday.

Unpaved Streets, Avenues of City Worked by Grader

Street Commissioner Ed Mitchell completed working all the streets of the city last week with the exception of Phelps Street and Charles Court. He states that he will not grade Phelps street until school is out and Charles Court will be graded as soon as a tile is installed at the junction with Theoda Court, opposite the William Letter residence.

Two Autos Are Wrecked as Rear Tire Blows Out

Mr. and Mrs. Edward Jiskra and two year old son, Arthur, and Joseph Stoler of Chicago were brought to the Wallace hospital late Sunday afternoon for treatment for minor injuries received when their car was wrecked in a collision with a car driven by Mrs. Frank Haines of Watervliet on M-60, west of Bakertown.

Mrs. Jiskra was driving at the time, and lost control of the car when a rear tire blew out, careening directly into the path of the Haines car. Both automobiles turned over several times and were badly wrecked.

The young son received an injured eye and Mr. Stoler, the father of Mrs. Jiskra, incurred a slight concussion and a bruised shoulder. The family were en route from Chicago to a summer cottage near Dowagiac, but since their car was wrecked, they returned to Chicago by train.

MARIE POST SELECTED AS MISS BUCHANAN

Daughter of City Clerk is the Choice of Judges from a Field of Seven; Nancy Himmelberger is Bud Queen.

Miss Marie Post, daughter of Mr. and Mrs. Harry Post, is the 1933 representative of Buchanan at the 1933 Blossom Festival, whether as queen or maid of honor or being yet to be determined.

The selection of Miss Post was made from a field of seven by a board of four out-of-town judges who apparently found the task of selection none too easy. The runner-up was Miss Edna Nelson. Other entries included Misses Zella Frank, Texas White, Dorothy Anderson, Dorothy Holmes and Marie Hess. The list comprised one of the most pleasing selections of girlish beauty seen in local contests.

Miss Post is a very popular member of the younger set in the city, a leader in activities among the young people of the Presbyterian church. She is eighteen years old, a graduate of the Buchanan high school with the class of 1932. She is known among her many friends here as modest, charming young woman. Her selection as Miss Buchanan was popular in the city. Judges stated that her simple, unaffected manners on the stage added very materially to her pleasing appearance.

The board of judges comprised Mrs. M. H. Willis, St. Joseph, Mrs. Glenn Drake, Chicago, Miss Annabelle Lickey and George Scheuer of South Bend.

The Princess theater was packed for the occasion by a capacity house, which enjoyed the Pitts-Sumerville feature, "They Just Had to Get Married," before the program accompanying the selection.

As announced by the selection of Miss Marie Post, the board of judges also selected Miss Nancy Carol Himmelberger as Buchanan's candidate for the bud queen.

Noted Judges Aid in Selection of Local Queen Entry

An interesting feature of the local selection of an entry for the 1933 Blossom queen was the presence of Mrs. Glenn Drake of New York City, a member of the board of judges. Mrs. Drake is the wife of the noted concert singer, Glenn Drake. Mr. and Mrs. Drake had recently come to Chicago from New York City to be present during the World Fair.

She came to Buchanan as the guest of Mrs. M. H. Willis. The presence of Mrs. Willis on the board was especially fortunate, as she served on the queen committee at the Twin Cities for several years. Her husband was the original promoter of the Blossom Festival, having first developed the idea and promoted the affair single-handed until a company was organized to take it over.

Mrs. Willis was especially qualified by experience to select the most fitting local representative.

Model T Takes Measure of Phone Pole in Collision

James Thompson, who lives 8 miles west of Buchanan, collided with a telephone pole while driving west down the Front street hill east of town Sunday, breaking off the pole and slightly damaging his car. Thompson stated that he turned out to pass another car and lost control when he struck the bump at the Clark switch crossing. He was able to drive his Model T home on its own power.

Acts as Judge to Pick Outstanding Stevensville Pupil

Arthur Knoblauch, principal of the Buchanan high school, went to Stevensville Saturday evening to act as a judge in the selection of the best all-around student in the high school at that place for the current year. Other judges were Leo Stanley and Frank Daniels of Benton Harbor, Charles Richards of Berrien Center, and Marshall Shearer of Stevensville.

Gets Box English Ivy, Irish Shamrock From the Ould Sod
Mrs. George Hartman was the delighted recipient Thursday of a box of Irish Shamrock and English Ivy, sent by a friend, Mrs. Jack McKahan of Colony county, Pligo, Ireland. Mrs. Hartman was born in Blanchfield, Ballymote, Ireland.

The Misses Buchanan

Miss Marie Post, and Miss Nancy Carol Himmelberger, chosen as Buchanan entries for Blossom queen and Bud queen of the 1933 Blossom Festival, at the contest held in the Princess Theatre last Thursday evening.

MICHIGAN LIQUOR CONTROL BILL IS EXPECTED TO REACH THE HANDS OF GOVERNOR WM. A. COMSTOCK TODAY

Measure Legalizing Manufacture and Sale 3.2 Beer Passed by House Tuesday 97-1.

The Michigan liquor control bill, a storm center of debate in the 57th state assembly at Lansing for the past three weeks, was scheduled to go to the governor for signature today, having passed the House Tuesday evening 97-1 and the Senate yesterday, 30-2.

As amended by the Senate, the bill carried a home rule provision requiring the approval of legislative bodies in cities, villages and townships for licenses granted by the proposed liquor control commission. The amendment was offered by Senator William Palmier, Democrat, of Flint and was passed 20-6. The city of Detroit is excluded from its provision by a clause limiting to cities of population less than 500,000.

Senators voting against the measure were George Leland of Farmville and James P. Ujoh of Kalamazoo, both Republicans. Barring delays in Conference between the two branches, the bill will be signed by the Governor today, following which he will appoint a 17-member control commission and speed up organization with a view to set beer to flowing in Michigan by May 1.

By the terms of the home rule amendment, applications for licenses from the state control commission must possess a certificate of character from an official designated by local governing bodies, except in Wayne county.

As passed by the Senate the bill has the following provisions: A state liquor control commission of 17 members, one from each congressional district and not more than nine from each political party.

The sale of beer and wine for consumption on the premises in restaurants, beer gardens, dining cars, passenger boats and clubs. Sale for consumption off the premises by specially designated merchants, manufacturers and warehouses.

Sale for consumption either on or off the premises and in guest rooms in hotels. Scheduled Fees: Breweries must pay an annual license fee of not less than \$1,000, at the rate of 5c per barrel produced. Brewers are prohibited from having an interest in vending or dispensing establishments. Specially designated merchants must pay a license fee of \$25, wholesalers, \$100; restaurants out of Wayne county, \$100; in Wayne county, \$150; clubs, \$50 to \$200, depending upon the membership; beer gardens, \$200; hotels, a minimum of \$150 with \$1 for each additional room up to \$750. Special licenses must be issued for picnics, fraternal meetings and so forth, good for one day at \$2. Local Option Provided: Counties may have local option but they must decide to vote upon the question within 90 days after the act becomes effective or wait until the general election in November, 1934.

QUEEN OF 1933 BLOSSOM FESTIVAL TO BE CHOSEN IN LIBERTY THEATRE, BENTON HARBOR, WEDNESDAY NIGHT

Shipping Assoc. Cashes Clark Co. Pay Roll This Week

Clark Equipment Company pay roll checks were cashed this week at the St. Joe Valley Shipping Association, where check cashing service is now being carried on within the limitation imposed by Niles banks. The Association is caring for all checks brought in by merchants. In case of individuals only checks on Niles banks are cashed, since those institutions will not honor paper on other banks until it has gone through the clearing house and the bank on which it is drawn and has returned.

Alice Charlwood Died Thursday at Age of 81 Years

Alice A. Charlwood, daughter of John and Margaret Smith, who made her home with her son, Charles Charlwood of 305 W. Smith street, passed away Thursday morning, April 20, at 7 o'clock at the age of 81 years. Death followed a long illness.

She was born in Virginia where she spent her early life. At the age of 8 she came with her parents to Buchanan, which has since been her home with the exception of 17 years, which was spent in West Point, Miss.

April 23, 1876, she was united in marriage to John Henry Charlwood, who preceded her in death, only 26 days ago, on March 25th.

To this union four daughters were born, Ann Lou and Violet, who died in infancy, Mrs. Alice May Coburn and Mrs. Mabel Tees of West Point, Miss., also deceased, and four sons, Charles of Buchanan, Knowles, Baldwin, Miss., Arthur of South Bend and John, who passed away at Elgin, Ill., four years ago.

Besides the three sons who survive are ten grandchildren, one brother, Wesley Smith of Niles, three great grandchildren, several nieces and nephews and a wide circle of friends.

Mrs. Charlwood was a member of the Christian church and an associate member of the Royal Neighbors of America. Funeral services were held Sunday at 2:30 p. m. in the Hamilton Funeral Home with Rev. Thomas Rice in charge. Burial in Oak Ridge cemetery.

Buchanan Float Will Advertise Centennial Fete

The float which will represent Buchanan in the Blossom Festival parade Saturday, May 13, is now in course of construction at the Chevrolet garage. The float was designed by Robert Geyer along lines suggested by George Himmelberger, chairman of the Civic Association committee in charge of the construction. The float is to be emblematic of the Centennial celebration which is being planned by the Association for July 27-29 and should be an excellent advertising feature.

Plan Camporall at Lake Madron Camp June 9-11

Under the direction of the District Commissioners a Camporall will be staged at Madron Lake Camp, June 9th, 10th and 11th. This program which is the first of its kind to be staged will open on Friday and close Saturday afternoon. It is anticipated that over 800 Scouts will be camping on the reservation for the three days. Each troop will be assigned a section of the camp and with this as headquarters they will take part in the program scheduled.

Representatives of 24 Cities of Michigan Fruit Belt Will Compete for the Honor.

Local contests in the various cities and villages of the Michigan Fruit Belt will be completed this week for the selection of 27 entries in the 1933 Blossom queen selection, which will take place at the Liberty Theatre at Benton Harbor Wednesday evening of next week (May 31).

Selections which were made before last night are as follows: St. Joseph, Miss Audrey Stewart, 20, brunette. Decatur, Miss Norma Simmons, 18, blonde. Berrien Springs, Miss Marian Evans, 18, brunette. Paw Paw, Miss Dorothea Long, 20, chestnut blonde. Dowagiac, Miss Janet Barber, 17, chestnut blonde. Stevensville, Miss Magdaline Huscher, 20, brunette. Buchanan, Miss Marie Post, 18, brunette. Colomo, Miss Florence Weaver, 20, brunette. Baroda, Miss Elsa Nitz, 18, brunette.

Hartford, Miss Florence Hard- erty, 1, blonde. Bangor, Miss Nellie Mae Henderson, 19, brunette. Bridgman, Miss Florence Voelzke, 18, blonde.

Selections were made last night by Benton Harbor and Galien. Sawyer and Sturgis will select representatives this evening. Other cities to select their queen are Kalamazoo, Battle Creek, Grand Rapids, Ionia, Holland, Hillsdale, Jackson, Niles, Owosso, South Haven, Three Rivers.

Blossom week is scheduled for May 8-13 this year, with the culminating Blossom Parade on Saturday, May 13. Demands on the time of the queen and her court of honor will not be as heavy this year as in the past and will be limited to Blossom Week. The queen and her entourage will visit Chicago the fore part of that week but the trip through Michigan which was a feature of past years will be eliminated.

Glenn Swaim Engages in New Form of Sport

Glenn Swaim, well known local sportsman, enjoyed his first taste of pheasant hunting with flash lights, when he engaged in that interesting sport Monday evening in company with Carl Remington, Arthur Wray, Jr., and Eric Aronson. The party went to the vicinity of Pike Lake about three miles from town. So fascinated was Mr. Swaim with the sport that he lost his associates and was obliged to walk back to town. To add to his misfortune, no pheasants came under the spell of his flash light, but he is very enthusiastic about the possibilities of the sport and plans to go out again at an early date.

Here's a Horse on You
When Glenn Swaim went hunting the other night in company with three other well known SPORTS, he was railroaded when he had gotten about 50 yards from the car. The matter is that the other three plain left him. However Mr. Swaim secured a farmer friend to drive him back to town and was home in bed when his friends called to see if he had reached home. Upon being told no they made three fruitless trips back to the lake in search of him and lastly they ran out of gasoline. Well who walked home?

Miss Socopia of Tennessee is Here on a Visit

Miss Socopia of Tennessee arrived Monday for a visit at the home of Mr. and Mrs. Douglas Bennett on the Amos Spaulding farm north of Buchanan, the visit being something in the nature of a surprise. In fact Mrs. Bennett just came out in the living room and there was Miss Socopia perched on the radio, all poised for flight.

Miss Socopia is a very handsome moth. Last July Mr. Bennett was down in Tullahoma, Tenn., when he ran across an immense green worm in an orchard. Curious to see what it would evolve into, he placed it in a small jar and it was rather a tight fit. In a few days the worm began to weave itself into a cocoon. When Bennett came north to Michigan he brought the jar with him, placing it in the radio, at his home. Monday morning Miss Socopia decided it was spring and she came out to take the air. She is a very handsome moth, with delicate gray and orange markings, and measuring about four inches wing spread. These moths are never seen this far north as the cold winters kill them.

GALIEN NEWS

CECIL RENBARGER DIED SUDDENLY AT GALIEN THURS

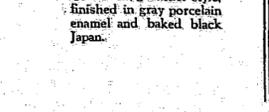

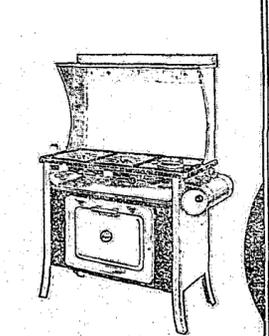

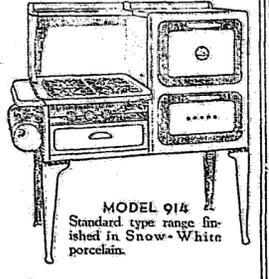

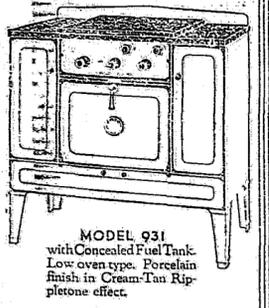

Popular Student in New Troy H. S. Expired Suddenly at Home North of Galien.

In the long ago it was said that death loves a shining mark. We of today must bow to the verity of that saying for there was no fairer, brighter life in our community than he in whose memory this is recorded. Surely death placed his seal upon a much loved and much needed life and his sun went down while it was yet day. Cecil Renbarger died suddenly early Thursday morning at the home of his parents, Mr. and Mrs. William Renbarger after a few hours' illness, although he had been, for the past two years, a

Many Attend Mother-Daughter Banquet Tuesday
About 140 attended the Mother and Daughter banquet Tuesday evening in the M. E. church. Mrs. Earl Rizer was toastmistress. Mrs. Harry Storrs of Berrien Springs gave the evening address. Miss Dorice Jones gave a toast to our daughters. Mrs. Phirmon Edwards gave a toast to our mothers. Miss Marie Jamieson sang two solos and the Kelley trio from Buchanan furnished the music. The decorations were green and

yellow. Mrs. Victor Niles pronounced the benediction. The banquet was served by the M. E. Ladies Aid Society.

Galien Chooses Blossom Entry

Miss Galien will be selected on Wednesday evening to represent the community in the annual Blossom Festival in Benton Harbor and will be a contestant in the blossom queen choosing in Benton Harbor May 3. The local choosing will be held in the town hall at 8 o'clock. A silver offering will be taken at the door, the proceeds will be given to the girl selected. Mrs. C. C. Glover is the chairman of the committee and is assisted by Mrs. M. H. Nelson, Miss Viola Green, Mrs. R. Wentland, D. W. Ewing and Prof. Paul Harvey and Frank Kelley.

Cecil Wilfred Renbarger
Cecil Wilfred Renbarger departed this life April 20, 1933, at the home of his parents in Wewasaw township, where he was born, on April 24, 1915. He was 17 years 11 months and 27 days old. For over two years he had been afflicted with diabetes and through it all bore his suffering silently, patiently and cheerfully. Quiet, unassuming and thoughtful of others especially the aged, were the characteristics that won for him many loyal friends. He was a member of the Methodist Sunday School at Galien and a junior in the New Troy high school.
He is survived by his parents, grandmother, Mrs. Elizabeth Renbarger, and two brothers, Ernest and Bernard of Galien; one sister, Mrs. Dolly Crandall of Lawton, and a large circle of other relatives and friends.
We loved him well, but Jesus loved him more.
There is no death, the stars go down
To rise upon a fairer shore,
And bright in heaven's jeweled crown
They shine forever more.
The funeral services were held Sunday afternoon at two o'clock from the L. D. S. church, conducted by the Rev. Victor Niles. The pall bearers were Chester Most, Frederick Prenkert, Dwight Bah-

Why Get Up Nights? Physic the bladder with Juniper Oil

Drive out the impurities and excess acids that cause irritation, burning and frequent desire. Juniper oil is pleasant to take in the form of BUKETS, the bladder

physic, also containing buchu leaves, etc. Works on the bladder similar to castor oil on the bowels. Get a 25c box from any drug store. After four days if not relieved of "getting up nights" go back and get your money. If you are bothered with backache or leg pains caused from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep. The Corner Drug store.

Wider Use of Electric Service

The KEY to Lower Cost

YOUR electricity is cheap. Due to a consistent rate reduction policy, the cost of electricity to customers who only use our service for lighting and small appliances is less today than ever before.

Most of our customers are now making a sufficient use of electricity so that additional quantities are available at extremely low rates.

The progressive merchant gives the customer who buys several items the benefit of lowered cost. This same quantity buying principle of "5 cents a package, three packages for a dime," produces similar economies in the purchase of electricity.

Thrifty people take advantage of this opportunity by purchasing their requirements for cooking, refrigeration, and water heating from us.

They secure greater convenience and economy and their cost is less than was formerly paid for the separate services from different concerns.

Make a wider use of electrical time-savers and work-savers in your home and obtain the benefit of quantity buying.

B. H. S. Track Men Take 4 Firsts in "B" Meet

LOSE TO ST. JOE BY TWO POINTS IN DUAL ON APR. 15

440 Contest Between Weaver of Buchanan and Cain of Niles is Meet Feature.

Of the twelve events Buchanan placed four first place men. These men were Ellis, Donley and Weaver. Ellis won two first places. Niles had a particularly strong team and scored five firsts. Dowagiac, the most of the meet, bowed to both other teams by only winning three firsts. However, they were more fortunate in placing men in second, third and fourth positions to come out ahead of Buchanan. The final score was Niles, 57 1/2; Dowagiac, 39 1/2; and Buchanan 32 1/2.

Buchanan's weak spot lay in the inability to place many seconds or thirds. If they had been able to do this they would have rolled up a lot of points. As it was, the majority of our points came from the first places won by some of the local boys. Next Saturday, day after tomorrow, Buchanan will have a dual track meet with Niles at Niles. It is expected that we will do very much better in this meet and it is going to be a closely contested match.

The account of the Dowagiac meet is given below:

120 High Hurdles, time 17-2. Ellis of Buchanan first, Kraft of Niles second, Larkin of Dowagiac third, and Marris of Buchanan fourth.

400 Yd. Dash, time 10-3. Donley of Buchanan first, Frontczak of Dowagiac second, Kehler of Niles third and Mosher of Dowagiac fourth.

1 Mile, time 4-47-9. Rathbun of Niles first, Jarock of Niles second, Grimes of Niles third and Graber of Dowagiac fourth.

440 Yd. Dash, time 53-9. Weaver of Buchanan first, Cain of Niles second, Myers of Dowagiac third, Brown of Niles fourth.

220 Yd. Dash, time 28-1. Larkin of Dowagiac first, Hurdell of Niles second, Keen of Niles third, and Donley, Buchanan, fourth.

220 Yd. Dash, time 23. Frontczak of Dowagiac first, Donley of Buchanan second, Mosher, Dowagiac, third and Van Ripper of Dowagiac fourth.

550 Yd. Dash, time 2-00. Kizer of Niles first, Cripe of Buchanan second, Harger of Niles third, and Finley of Niles fourth.

Pole Vault, height 9-9. Ellis of Buchanan first, Cisco and Shanafelt of Dowagiac tied for second; Clark, Forburger and Saratore of Niles and Marris of Buchanan tied for fourth.

Shot put, distance 43-11. Burge of Niles first, Larkin of Dowagiac second, Hurdell of Niles third and Nieb of Niles fourth.

High Jump, height 5-9. Kraft of Niles first, Cisco of Dowagiac second, Shanafelt of Dowagiac and Rolan of Buchanan tied for third and Wright of Niles and Ellis of Buchanan tied for fourth.

Broad Jump, distance 20-5 1/2.

Rehm of Niles first, Kraft of Niles second, Rolan of Buchanan third, and VanRiper of Dowagiac fourth. Relay, time 1-37-5. Dowagiac first, Niles second and Buchanan third.

Next Saturday, day after tomorrow Buchanan will go to Niles for a dual meet. Be there! It will be plenty exciting. A feverish race is expected when Cain of Niles attempts to outrun Dee Weaver of our school.

Editorial

"The Student Council" By Bob Gladwish

The student council idea of student government in the school has not been in use this year. One of the main reasons is that there has been no demand for the council. The major drawback, however, is the student's attitude toward this form of government and the fact that the members of the student council do not give impartial verdicts on all the cases that are brought before them.

The student who is on trial invariably thinks that his punishment was meted out heavily because some member of this group had it "in for him" and took this way of evening up the score. On the other hand, the council (when it was in power) took great delight in severely punishing the 7th and 8th graders, while some of the oppressive, upper classmen, who happened to be friendly with the council members, got off with very little punishment.

A student council, properly conducted, would be a decided asset to this school. For instance, would not a senior be greatly humiliated if he were tried before this group if it contained a majority of under classmen? It seems that this would have a tendency to curb some of the exuberant spirits that manifest themselves daily in the halls, auditorium, etc.

Many schools use this system of student government and report it a great success. Why can we not do the same here in our own school?

THIS AND THAT

By Bob Ellis

The now somewhat rearranged cast of the senior play are toiling almost every day in order that they will be in tip-top form by the time the big event comes off.

Maybe if you see one of these boorish actors or actresses waving their arms and reciting some bit of speech, do not become alarmed, because the poor dears are not mentally demented or irrational, but are only practicing a bit of their great roles.

Charles Blake, the great humorist, is going to be the man who is to play the lead part. Charles will portray his character in great style, it is anticipated. He will draw many a blubber from the audience as he did in last year's drama put on by the juniors of that period.

Mrs. Dunbar is again directing all of the play, and is constantly at work trying to whip her charges into shape for the coming play with the audience.

Someone should do something

for "Swede" Aronson. The man in which he's been mooning around lately is queer. He is probably going to write a theme song for his orchestra, and probably will name it "A Miss in the Dark" or "Why Did You Throw Me Down?"

Did you ever notice how much "Skeets" Riden puts you in mind of a gigo? "Handsome" Jesse, a clinging vine? Maury Aronson, a farmer? Pete Donley, Adolph Hitler? Stretch Gladwish, a minister?

Velmarian Lit Awards Given

The Velmarian Literary Awards for the best contributions in short stories, essays, and poetry made by members of the junior and senior high school students were awarded in General Assembly Friday, April 21, by Marvin Gross, president of the society.

In the seventh and eighth grade division awards were given to: "Doris" Riden, short story; "Handsome" Jesse, poem; Marion Glassel, Honorable mention; Rose Bachman, poetry; honorable mention, Geneva Troutfetter.

Awards for the eleventh and twelfth grade division were given to: "Doris" Riden, short story; essay, Thomas Quirk; poetry, Marjorie Campbell. Honorable mention awards were: short story and essay, Marjorie Campbell; poetry, Marvin Gross.

Helen Mogford, Marjorie Campbell and Thomas Quirk were given three of the prize winning articles.

The Velmarian Literary Society will leave a set of steel book shelves as a gift to the English department.

Reporting Inquirer

Do you think the Buchanan high school should have an inter-class track meet?

Yes, I think we should have an inter-class track meet for one good reason, that is, there will be other students going out for inter-class track and who had no idea of high school track. Roy Ruth.

I am in favor of an inter-class track meet only on the basis that last year's rivalry track meet was barred. There is no use including the fellows who know all ready what they can do. It would give the other fellows more chance, too. Lee Donley.

Yes, we should have an inter-class track meet. The interclass basketball surely turned out very well and the students kept their studies up in order to play on the teams. The class games are always run off in a fine sportsmanlike manner and the participants always enjoy playing the game.

No, I think that it is unnecessary because there is no doubt about who would win it. The great men of the senior class—they are out to win it. It doesn't do a bit of good for future use, but it causes several chests around school. We have plenty of them now.—A Track Inquirer.

On November 4, year unknown, a girl in our student body, a freshman to be exact, first saw the light of day. The place was Berrien Springs. However, she has always recognized E. H. S. as her Alma Mater. She says that tennis is her favorite sport and she plays it a lot in the summer. Although stuffed olive sandwiches are her favorite delicacy, she is usually seen eating candy.

She enjoys cards and ballroom dancing (she is a ballet dancer also) but books are her main hobby. She hopes someday to have a large library filled with books. She is also a piano player and enjoys both the modern and classical music. Recently she was awarded a pin for oratory.

Her traveling has been southern mostly, Kentucky, her destination. George Arliss and Norma Shearer are her screen favorites. She likes Englishmen, aha, and the way they talk.

But her idol is Katherine Cornell and she hopes someday to achieve the success that this stage actress has. We surely wish her all the luck possible in her career, and if you can't guess who she is, wait till her name is in the lights on Broadway.

A LINE OF CHATTER OR TWO

By Chester G. Chatterton (Bob Gladwish)

THE SENIOR FRENCH class has "gone musical" on us. Several times just weeks they were heard rattling the French "Marsellaise." As these strains floated softly down the hall, several students in rooms where the music could be heard were then unable to keep their eyes open any longer and they dropped off to sleep (little lambs).

MOST OF THE students are "just shadows of their former selves." After the strenuous round of tests that were administered last week, the students have lost most of their exuberance. Last week was one of the most strenuous weeks endured by many.

THE JOURNALISM class has

at last returned to the use of the text book. During the past three weeks the class has been preparing for the "Scholastic" test which was given last week. Throughout these three weeks they have not used the textbooks at all.

WE HAVE a new "frequent" of Main street. Have you noticed one of our stalwart football men going up to visit Esther Kemp-ton? The affair is gaining impetus daily!

"FOUR SCORE and seven years ago, our fathers brought forth on this..." quoted Peggie Merrfield during glee club. She then turned to ask someone near. "That is the preamble to the Constitution, isn't it?"

"LITTLE GEORGE Zachman, who generally goes to bed at 9:30 every night, celebrated one night last week. He actually stayed up until the disgraceful hour of 10:15 o'clock. Shameful, eh, wot?"

Announcements

Mr. Knoblauch is going to Lansing Saturday to participate in a conference with the state director of athletics.

The Niles gym class will come to Buchanan this Friday to stage an assembly program under the direction of Miss Norma Coe.

Rev. Rice, pastor of the Methodist church of Buchanan, will give the baccalaureate services for this year's graduation class. Rev. Staver will act as chairman.

The Michigan School Master's club will meet in Ann Arbor on April 29, 30. Mr. Stark, the superintendent, will attend the meeting.

HEALTH EDUCATION

Dental Clinic and Ann Arbor Hospital

Every year a health "inventory" is taken through the grades. This examination includes eyes, ears, nose and throat, and the height and weight of the pupils are taken also. Any defects in the student are noted and word is sent to the parents telling them of the defect. The parents are expected to take the child to their own doctor or dentist to have the error corrected. If this inspection is satisfactory and no action is taken by the parents, the school nurse makes it a point to talk to them. Sometimes it is possible to take care of the difficulty at no cost to the parents of the child.

Five years ago, a tonsil clinic was provided. This clinic had as its base the Clark hospital. The local doctors co-operated and a specialist was hired from South Bend. Then for a number of years it was impossible to have any care taken of the indigent except in emergency cases, through the co-operation of local doctors, were sent to Ann Arbor. Transportation was furnished by the county nurse, Miss Emma Arnold.

The surgery work, transportation, and hospital bills were free. Fifty tonsil operations were treated in this manner since last March. In addition four or five have been fitted to glasses and other treatment to needy pupils has been given.

A Dental Clinic, free to the children of the grades, is being started. A dentist and oral hygienist with complete portable dental equipment, is sent here by the Michigan Children's Fund.

Another practice brought into use in our school is the Pre-School Clinic. This clinic is sponsored by the P. T. A. and has one much toward the health of children to school in the fall. The herding together of the children for inspection before school opens in September is called the "summer roundup." However because of existing conditions, the "round-up" had to be held in the fall last year. The local doctors named some special day that they would examine all pupils free who would enter kindergarten. With their cooperation the experiment became an instant success. It has been in operation four years.

The great value of these examinations lies in the fact that they show the parents that a yearly physical checkup prevents illness. It also impresses upon their minds that the teacher must have pupils as nearly physically fit as possible if she is to produce satisfactory results. It costs approximately \$50 a year for every student. If several are in bad physical condition they may have to repeat several grades. This is an added cost to be borne by the taxpayer!

Who's Who

George Spatta, a very prominent member of the junior class, kindly consented to be interviewed for this column.

George doesn't care for the winter "sex" (girls) and really isn't interested (don't get downhearted there are other fish just as big). He loves school, likes NOTHING better.

George is for the great open spaces, fishing, camping, swimming, and all sports are his hobbies.

"Spatty" is keeping that "school girl" complexion, he never stays out late at night.

His favorite pastime is experimenting in chemistry—as yet he hasn't blown off the roof, but I hear Spatta has taken out a bigger and better explosion insure-

ance. Audrey McEllen Wild about cats, frogs, snails and salamanders. Ice cream and cake. I'm gooty about cats and my ambition is to have a home for friendless cats when I'm thru with school. I don't like light haired men and I'm not particularly wild about any, light or dark.

To go with all my cats I intend to have a parrot that talks and recites poetry. I like to sew, cook and take care of little children. I've worn a friendship ring for four years.

Class Activities

Agriculture Mr. Knoblauch's sophomore agriculture students have been around trimming orchards and pruned hedge fences for the last week.

Senior students of the junior and senior animal husbandry class have been studying "Livestock Marketing," for the past two weeks. They will be studying this unit for another week or two yet until all their skills are completed.

Mathematics In algebra students are working with simultaneous equations. In plane geometry the class is studying proportional lines. In solid geometry the students are studying similar pyramids and cones.

Chemistry The study of organic chemistry and a test covering the same will serve as part of the work of Mr. Moore's chemistry classes this week. In addition, material concerning metals, how and where they are mined, the process of refining, and uses of metals will serve as a basis of study for the remainder of the week.

George Spatta, Jr., a member of the third hour chemistry class, is experimenting trying to prepare artificial silk by dissolving cotton and cellulose, in a solution of curfio hydroxide. The experiment has not yet proved successful, but George is optimistic.

Commercial Law

Circle graphs had the attention of the 7th grade arithmetic class last week. While the eighth grade class worked on measurements of houses, steps on stilts and measurements of the trees. The class measured the tree outside, but the rest were imaginary problems.

In the commercial law class, insurance was the main object. Details in fire insurance, life insurance and casualty insurance were taken up.

"A Friend of Caesar" by Davis, is being read by 9th grade Latin students. It is a story of the fall of the Roman Republic.

The classes of French 12 have returned to their grammar books again after working on readers.

The following persons are on the competent typing list: Bill Bromley, Marie Ellis, Margaret Hamilton, Bernice Newton, Helen Fletcher, Alene Riley, Roy Ruth, Dorothy Vincent, and Ethel Sibley and Marjorie Hamilton of the beginning typing class.

The short hand class is studying prefixes.

Senior Class Members of the senior class have been discussing where to go on "trip days" which will be held as a gift to the high school. Helen Mogford and Lee Donley were appointed to investigate places to go for the Senior "skip day." Marjorie Weaver, Maurice Aronson, Doris Campbell and Glenn Jesse are the members of the committee appointed to investigate a suitable gift to be left to the high school.

Music There is a possibility of the high school band playing for the Blossom Queen Festival, but nothing definite has been set. It will not be known for a while just what the arrangements will be.

Although the plans are not definite for the band to play at the festival, they will play for Decoration Day. The band will play in the parade which will be held.

The boys and girls' glee club will be about through rehearsing for music unless something else comes up in which they will take part.

The remaining musical organizations have nothing special in view so they will do nothing but keep fit till something does come in sight.

History Classes The senior history class is studying the government of Michigan. The state's constitution and the way the laws are made will all be reviewed by the students. They will learn the way the governor and other state officials work and how the other branches of state governments function.

8th Grade English The required book reports of the 8th grade English classes have been handed in and also some time was spent on oral book reports over any books read.

This class was required to hand in a weekly theme which was a synopsis of any book read this year that was liked best by the student.

The civics class has been correlating the financial problems of the nation. The main question was "taxes in this state and community." They will start the study of state government.

I hear Spatta has taken out a bigger and better explosion insure-

ment was contributed by Ione Raven. Story writing and sentence structure has been the subjects of study in the 7th grade English classes this week.

English 9 The ninth grade has completed the work on paragraphing, which covered the development of paragraphs, study of the topic sentence and its development, and writing paragraphs according to the information given in the book. Each student was required to write an excellent paragraph during the class period observing all the rules he had learned.

They have also completed the work on punctuation and grammar towards the English Essentials test.

Fifteen Students Enter Scholastic Current News Test

Who recently translated the "Odyssey?" Give a ten word description of S. L. Rothafel. What class of people would temporarily leave their homes during an inflation? Such were the types of questions which confronted members of the Journalism class in the second annual Scholastic News Examination given last Wednesday.

For days the students of the class had been working about the halls with noses in the Scholastic magazine and vague worried looks upon their young faces.

The climax was reached on the last question of the test which gave a list of subjects on which a two hundred word essay was to be written. "The Coming World Economic and Monetary Conference" and "Regional Planning in America" were among the subjects listed.

The fifteen high papers were sent in to the scholastic editor. The students receiving the highest marks were: Mary Richter, Charles Blake, Carson Donley, Bob Gladwish, Mary Irvin, Marjorie Weaver, Bob Ellis, Vivianne Wissler, Thomas Quirk, Bill Bromley, George Spatta, Vivian Russell, Roy Ruth, Jack Truman and Emily Wale.

The contest is a nation wide affair, having 37,000 students entered in it.

Girls' Athletics This year Miss Rockenbach is attempting something new in girls' track. One day will be set aside for the field events and another day for the track events. A certain standard will also be used. Any girl that can come up to this standard is eligible for the meet and will win points for her class. If the standard in high jump is set at 3 feet, 8 inches, then any girl able to jump that high will win so many points. Anything above that will receive more points, according to the height attained.

The purpose of this is to give more girls a chance, instead of letting just the best athletes from every class win points. The winning class, therefore, may not have the best athletes but more entrants.

In the girls' indoor games Wednesday night, the results were: Freshmen, 14; Seniors, 5; Juniors, 13; Sophomores, 14; Juniors, 20; Freshmen, 14; 7th and 8th grades, 11; Sophomores, 15.

The junior high tournament is finished. Captain of the 7th grade was Betty Semple, and Leah Wyman captained the 8th grade.

The senior high tournament is still in progress with the juniors in the lead. They have not, as yet, lost a game.

Shop Some of the better projects noticed at the annual shop exhibit were: end tables by Harold Jackson and Harold Holmes, sewing cabinets by Paul Virgil, George Richards; taboretts by Paul Letcher and Carl Rossow.

The 8th grade had a very fine display of bird houses and other projects.

The 8th grade showed some fine taboretts, footstools, airplanes, bird houses, checker boards, etc.

Carson Donley showed a design of his own of an eight cylinder engine. Bert Shuman and Chester Wessendorf showed some fine work in architectural drawing.

The advanced drawing classes showed airplane parts including the piston, crankshaft and camshaft, while the first and second year classes showed speed lathe detail and assembly, also details of the machinist vice.

School Nurse The school nurse, Mrs. Lamb, has been corresponding with the Michigan Anti-Tuberculosis Society, and she has been informed that they will be unable to send the free clinic for the diagnosis of tuberculosis because their funds are tied up.

Mrs. Lamb has been negotiating for the clinic to come this spring.

General Science The study of nature or study of plants, and animals has been the most important topic for discussion in science this past week. The main topics under nature study are: Structure and life of plants, and life and habits of common animals.

Biology Biology students are more than glad that spring has come. They go tramping through fields, woods and streams in search of bugs, beetles, worms and various wild animals to add to the menagerie in the biology laboratory.

In addition to field trips, the class has begun the study of reproduction of higher plants and animals.

Physics The physics class, it seems, has turned the room into a music hall and lecture room, or perhaps the class prefers the study of music to that of physics.

The subject of sound as a physical basis of music is now being discussed. Why a piano has eight keys, instead of any other number of keys to an octave, is being studied.

Members of the class brought instruments and demonstrated the uses of keys, pipes, etc. These experiments and lectures are given in connection with the chapter, "Harmony, Dissonance and Quality of Music."

English 7 Spelling honors were won this week by John Schultz, Vella Grey, and Phyllis Lamb.

B. H. S. Track Team Loses to St. Joe By Narrow Margin

Buchanan went to St. Joe April 15 and engaged St. Joe in a closely matched track meet. The final outcome left St. Joe the meet when it was found that they had won by a score of 51-53. Robert Billis made 15 points in the three first places he won. He won first in the pole vault, high hurdles and high jump. Dee Weaver won the 440 yard dash in good time. Captain Cripe garnered a few more points in the 880 yard dash. Coach Bradford was very pleased with the showing the boys made and was not disappointed at the prospect of the triangular meet with Niles and Dowagiac at Dowagiac last Saturday. A full account of that meet is given in another column of the Microphone.

Joe Savoldi Has Workout in Local Gymnasium

Perhaps some are wondering what the big rush for in a city was all about last Monday night after school. After pushing their way through the crowd, students finally came upon a queer sight. There upon the mat before them lay the world's champion heavyweight wrestler, none other than big "Jumping Joe" Savoldi, in person. He had a broad grin upon his face and seemed to be taking it easy. Upon looking closer it was discovered what he was holding down. It was immediately recognized as being Clem, big Joe's little brother, and another prominent wrestler around town.

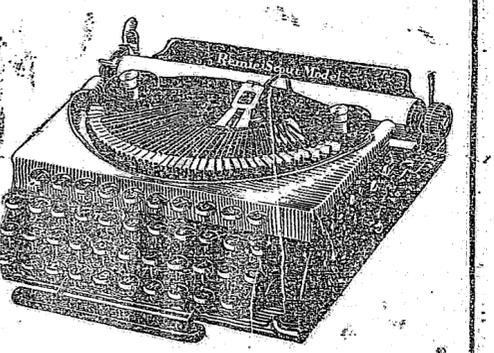

In inquiring around they learned that Joe had stopped over for a short visit and was getting a little work out. Also that they don't grow any one wrestler around these parts big enough for Joe to play with so he had to take two wrestlers at one time.

Mrs. Nellie Boone Talks to H. S. Class On Topic Insurance

Mrs. Nellie Boone spoke before the juniors and seniors of the commercial law classes of the local high school on the subject of insurance Tuesday afternoon. Mrs. Boone described various classes of insurance in the course of an interesting and practical talk on the subject.

"Hey, Skinna-a-a-y, I've got a real Remington"

AND all the pride of owning a real, honest-to-goodness Remington Portable is in that hail to "Skinny". A real Remington—with a four row keyboard like the big machines in Dad's office.

Now it's fun to do school work and write letters and stories. And watch those school marks get better and better.

The only thing—Dad must not borrow it too often for his office "home-work". Nor Mother for her correspondence and other writing tasks. For this little machine will do just about everything you'd expect a portable to do.

8. Child welfare co-operation on a local, state and national basis.
9. Parent-teacher co-operation with other organizations having similar purposes.
10. Efficient leadership and a participating membership.

"The White Sister" Heads Ready Theatre Program Next Week

The all-talking version of "The White Sister" with Helen Hayes and Clark Gable in the leading roles will head the feature picture program at the Ready Theatre, Niles, starting next Sunday.

Although this attraction and popular story has been made as a silent picture, it has received widespread comment and those who have seen it in its silent form will more than enjoy it in its present form. The cast is exceptional and includes besides the two popular leading stars, Lewis Stone, Louise Closser Hale, May Robson, Edward Arnold and others of note.

Charlie Murray and George Stone will co-star in "The Cohens and Kelleys in Trouble" which will be shown on Wednesday and on Thursday in connection with a double feature program. The other attraction is Eric Linden in "The Past of Mary Holmes."

"Sailor Be Good," featuring that popular comedian Jack Oakie, will be shown Friday and Saturday. May 5 release as an all-talking picture "A Bedtime Story" is being announced as a coming attraction for May 7, 8, and 9.

April 30th Last Date to Apply for Production Loans

Hundreds of government checks for funds advanced to farmers as crop production loans are now being received daily by farmers throughout the state and the seeding and planting season is now progressing in earnest.

Those government loans are available to owners or tenants having a fixed acreage and are limited to three hundred dollars which must be expended for seed, fertilizer, spraying, oil and gasoline for tractors and for no other purpose. The interest rate is 5 and one-half per cent and the time limit for filing applications will expire on April 30.

Applications for government crop production loans must be filed in the county where the farm is situated and local farmers who are interested should apply to: H. J. Lurkins, county agent, St. Joseph, Mich.

W. C. T. U.

Speak out in acts; the time for words has passed, and deeds alone suffice.

There is no longer any doubt that 3.2 beer is intoxicating. A Chicago policeman arrested a man for drunken driving; he told the judge he couldn't be drunk because all he drank was 3.2 per cent beer; but he was quite drunk and the judge fined him.

The W. C. T. U. is planning window displays and exhibits at county fairs showing how much food, clothes, gasoline, etc. could be bought for the price the people must pay for beer in order to raise the \$150,000,000 federal beer tax promised. The W. C. T. U. estimates that if only a fourth of the families in the beer states are total abstainers, the rest of the families will have to spend \$91.25 a year for beer. This is an amount more than the average family budget can stand, and it will deprive members of these families of certain amounts of food or gasoline or entertainment.

It is certain that the amount of milk consumed will be cut down. It will be interesting to watch the great railroad systems to see whether the management of those important concerns permit the men in the locomotive cabs and in the switchmen's towers to drink this so-called "non-intoxicating" beer. Science has definitely proved that beer even lighter of alcohol than 3.2 per cent can slow up the mental faculties so that there is not perfect co-ordination of hand, brain and eye. An accident can occur with one bottle of beer. And accidents on railroads are serious.

The insurance companies have found that men who drank two glasses of beer a day have a higher mortality rate; that is, more of them die than if they were total abstainers. Actually, according to the investigations of forty-three large companies, the two beer a day drinkers die at the rate of 18 per cent faster than the abstainers. Heavy drinkers die at a rate of 86 per cent faster than the standard rate. You cannot repeal the effects of alcohol.

The Mead school will close this week. The district had only eight months of school.

Detective Film Fans—Here's One Up Your Alley

If you are a detective story fan and who isn't, you'll be delighted with "Dangerously Yours," the offering of the Princess Theatre Sunday and Monday, April 31 and May 1. It's an engaging tale that keeps you right up in suspense from the point when the body is found—or, in this case, when the diamonds are missing—until the final denouncement when every thing becomes clear.

In "Dangerously Yours" Warner Baxter has the role of a gentleman crook. Miriam Jordan, a new find, is a detective for an insurance company. Baxter, handsome, as usual, has the sympathy of the audience all the way thru. The story is interesting. It starts out with Baxter and his accomplice, Munding, who poses as his man-servant, stealing a diamond necklace from their hostess. He finds he is foiled by the lady detective, so the kidnaper her and puts her on his yacht. To make sure she won't swim ashore, he chains a small anchor to her leg. Finally he determines to get back to the house and get a pearl necklace from the same place. Instead of doing that he returns the diamonds and all ends quite happily.
