Tire prices may never be so Low again!

GOODYEAR certainly makes it worth while for you to put money in tires now. Your dollars never bought tires to equal the quality, the safety, the mileage which Goodyear is today building in every tire wearing the Goodyear name—

And because Goodyear now concentrates on two main lines of tires—a real saving in costs is passed on to you.

Look at the present prices of the world's most popular tire, the Goodyear All-Weather—and the prices of the thrifty Goodyear Pathfinder—and you'll certainly agree, it's smart to buy Goodyears NOW—while prices are still down close to bottom, and your money buys more than it may ever buy again.

CYCLONE ... Again Sweeps Across the State!

Doing THOUSANDS of Dollars Damage to Buildings and Stock!

THE terrific windstorm that swept across Michigan the evening of May 1st, this year, destroyed this 40x120 foot barn on Section 10, Sunfield Twp., Eaton county. It belonged to D. G. Weippert and we promptly paid the loss of \$3,000 on the barn, \$22.50 on stock killed and \$100 damage to corn barn.

If your buildings had been in the path of this storm and wrecked as the above barn, have you the money with which to replace them?

Insure in this big, old company and

when your buildings are destroyed, or your stock killed by windstorm we promptly pay the loss.

We have paid Michigan property owners thousands of dollars this month.

Some buildings destroyed were without windstorm insurance—too bad—total loss.

The cost of windstorm insurance has been so low in this big company for the past 47 years that no property owner can afford to be without windstorm protection.

The greatest values in life can't be expressed in dollars.

What is the dollar value of smiles? Or the dollar value of giving others credit for good qualities and not letting one or two poor qualities warp our judgment? How about helping a person who is down, to keep him from being out as well as down?

What about good health, an optimistic nature, also ability to enjoy the fact that other people are having a good time?

Many great things in life do not have any dollar value.

Poor people are often wealthy in other-than-dollar values. Many rich people have them, too, but they don't buy them.

Our aim in this business is to give you some other-than-dollar values along with the fullest value for your money.

Commission Okehs Contract for R. F. C. Advance of \$1260

The city commission held a special meeting Monday evening to approve a contract with the Re-

construction Finance Corporation for a loan of \$1260 for the month of April. The city had applied for \$1030 and an additional \$230 was granted by a field representative who visited here. The city has applied for a loan of \$1,000 for the month of May. Sums of \$745 were received in both February and March.

Ten Buchanan youths were accepted for service in the national reforestation army at the exam-

inations held at Benton Harbor yesterday. The following passed the tests: Gale Bromley, Elwyn Bromley, George Hartline, Lloyd Hartline, Max Lister, Richard Delinger, Henry Keller, Russell Wales, Hal Leazenby, Marian Walls.

Several youths were rejected, practically all on the score of defective teeth. Those accepted entered for Camp Custer via the New York Central.

Henry Ford Dearborn, Mich.

May 15, 1933

Time and again I am told—by my own organization and by others—that I penalize myself by quality.

Friendly critics protest our putting into the Ford V-8 what they call "twenty-year steel." They say such quality is not necessary; the public does not expect it; and that the public does not know the difference anyway.

But I know the difference.

I know that the car a man sees is not the car he drives—he drives the car which the engineer sees. The car which is seen, comprises beauty of design, color and attractive accessories—all desirable, of course. The best evidence that we think so is that they are all found on the Ford V-8.

But these are not the car. The car proper, which is the basis of all the rest, is the type of engine and its reliability; the structure of chassis and body, ruggedly durable; the long thought and experiment given to safety factors; the steady development of comfort, convenience and economy. These make the car.

A car can be built that will last two or three years. But we have never built one. We want the basic material of our car to be as dependable the day it is discarded as the day it is bought. Ford cars built 15 years ago are still on the road. It costs more to build a durable car—but two items we do not skimp are cost and conscience. A great many things could "get by"—the public would never know the difference. But we would know.

The new Ford V-8 is a car that I endorse without any hesitancy. I know what is in it. I trust our whole thirty years' reputation with it. It is even better than our previous V-8. It is larger, more rugged and mechanically a better job all round.

I readily say this in an advertisement because I know the car will back it up.

B. H. S. Track Team Wins Regional Title

NINE QUALIFY FOR STATE MEET AT LANSING SAT.

Weaver Breaks State Record With Time of 51.7 in 440 Dash; Ellis 3 Firsts; Donley Wins Both Sprints.

Last Saturday Coach Harold Erdfield of the local high school, took fourteen men to Kalamazoo to participate in the Regional track meet. Of this number, nine qualified and thus the largest number that has ever qualified, will go to the state meet at East Lansing Saturday. The fourteen men who went are: Kazzoo were: A. Topash, D. Topash, Ellis, Jesse, L. Duney, H. Donley, Leiter, Batchelor, Brewer, Weaver, Roien, Marrs, Deeds, and Captain Cripe. Of these only A. Topash, D. Topash, Jesse, Batchelor and Marrs failed to qualify.

Ellis won first place in the high hurdles, tied the pole vault with two Otseg men and tied with another school for first place in the high jump. Thus he qualified in all three events.

August Topash lost out in both the shot put and mile run and consequently failed to qualify. Lee Donley placed fourth in the pole vault and lost out in the low hurdles, failing to qualify.

Glenn Jesse failed to come thru in either the low hurdles or the high jump.

Lee Donley won first in both his specialty dashes, the 100 and 200 yard sprints.

Edward Donley came in third in the low hurdles and in this manner qualified.

Batchelor failed to place in the shot put and was unable to qualify.

Verl Brewer took third in the half mile run to qualify.

Dee Weaver placed fourth in the quarter-mile to win easily first place and qualify.

Eddie Roien took second in the broad jump and took third in the high jump and second in the high hurdles to qualify in all three events.

Tom Marrs failed to place in his specialty, the pole vault and failed to qualify.

Everett Deeds, Louie Leiter, Lee Donley and Dee Weaver ran the relay and came in second to qualify.

Captain Cripe came in second in the half-mile to qualify.

Perhaps the most interesting race for the locals was a great race for the 440 yard dash. In this race Dee Weaver ran to beat his own brother's record which Ron-ald Weaver set a few years ago. His time, 51.7 is lower than the State record but as it was made at the Regional meet, he will only get credit for having broken the Regional record. He will have to run as good a race at East Lansing Saturday if he intends to get credit for his race Saturday. All the boys on the squad deserve very much credit as they have done better than any other Buchanan track squad. Chances are good for the locals to win the State meet as they did the Regional.

And so, nine boys will journey to East Lansing Saturday to do their best to win the state title. If they do it will be the first time in history that the local school has accomplished it and they will have every right to feel proud.

Who's Who

Junior Morris, age 17, was born Oct 17, 1915 in Buchanan, is a member of the Junior class.

Upon being asked if he liked to travel, Junior, in his business-like manner, answered, "Indeed I do like to travel, which I do mostly at night on the Niles road. I travel at night because the light hurts my eyes. Walking keeps me slender and my cheeks rosy!"

As all amiable young men, he has a main ambition, to be a successful business man.

If you wish to see him blush beautifully, merely ask him if he likes blondes.

Bruce Ernst, a very popular senior, is eighteen years old and his birthday is August 31.

Bruce was born in Mishawaka, and is a loyal Hoosier, although he is living in Michigan at the present time.

"I like banana splits!" Bruce almost shouted when asked what his favorite dish would be.

When asked what color eyes he preferred, Bruce stated that he wasn't fussy as long as the eyes were crowned with long black, curly hair.

He has many hobbies; mainly driving a cream colored Chevlie while he is resting.

Although Bruce is a man of many talents, he is a good student and expects to graduate at the end of the school year.

Second Grade, Mrs. Heim Mary, Hickey, Catherine and Bob, Richard, Snodgrass and Bob, Misses passed their spelling tests for Mrs. Fuller's room.

Our Nature Study class enjoyed looking at a little chipping sparrow brought in by Jack Nelson.

Editorial

In Appreciation to the Faculty This is the last edition of the "Microphone" for this year. The co-operation given us by the Buchanan faculty throughout the time the school paper has been published is greatly appreciated, and we wish to take this opportunity to thank them for their support of this paper.

Because of the fact that the teaching staff has been cut down, every minute of time has been utilized by the remainder of the teachers in order to keep up on their various classes. Despite this fact, however, they have always found time to supply the reporter with the required news even though the latter often waited until the last possible moment to see the paper.

In view of these facts we feel that the faculty more than did their share in supporting our "Mike" sheet this year. Also, we wish to thank the Berrien County Record for the privilege of running this material in the paper. We realize that without the aid of the city paper there would be no page devoted to the school news. We wish to take this opportunity to express our appreciation to the Record for their co-operation.

Reminiscences of a Blossom Queen

The famed adage of "Happiness exists in activity," was the incentive for 31 girls who were taken to Chicago for a two day's visit, May 8 to 11. These girls had all been selected in their home towns as "blossom queens."

Leaving Benton Harbor at 7:30, escorted by a private car with a siren, we were taken to Michigan City in a large bus. Here pictures were taken and we gained some pep to go on to the big city. At the University of Chicago, two motorcycle policemen escorted us on into the city, straight to our hotel.

We arrived at Chicago at about 11:30, and the Hotel Sherman was selected as our headquarters. After being shown our rooms we were ready to get interviews and pictures.

After lunch we walked across the street to the city hall where we met Mr. Kelly, mayor of Chicago. At this time an invitation was presented to him inviting the people of Chicago to attend the blossomland celebrations.

From the city hall we were given a tour of visiting the Art Institute or going shopping and the majority went shopping. The place of most interest was a model house on the 8th floor of Marshall Fields. This house was all in modernistic style and was interesting to all girls.

Following dinner at the hotel we attended the Palace theatre. Polly Moran, who appeared there in person, announced Queen Marian and her court from Michigan. Later Miss Evans had a picture taken with Miss Moran.

At 9:30 we arrived at WENR broadcasting station. Before our program, we were taken all thru the studios and everything was explained to us. Everitt Mitchell had charge of our program which lasted fifteen minutes. After this we returned to the hotel.

Tuesday morning at 9:30 we were rushed to the Board of Trade where millions of dollars are made or lost in a second. This place was one of the most interesting features of our visit. The building, the tallest in Chicago, is 42 stories high and the elevator makes the observation roof in 33 seconds. From this observation roof four states can be seen on a clear day.

At 10 o'clock we attended a motor boat show at Naval Pier and had our pictures taken in everything there from a canoe to a \$5,000 boat. At 12 we left by bus to go to the World's Fair Grounds. We were honored to eat with the assistant to the president of the Century of Progress, at Old Heidelberg Inn. Immediately after lunch we started our tour of the grounds entering the Transportation building and the roof is made of 24 karat gold.

After our tour at the Century of Progress we returned to the Hotel Sherman to have dinner in the College Inn. Music was furnished by Ivan Epifanio and his orchestra with an excellent floor show. We left Chicago at 11:30 and arrived at 3:30 a. m. We were all very tired but sure had just passed two days with privileges and honors that would never be given us again.

Announcements

The Ag class journeyed to Berrien Springs last Friday to attend the Annual Ag Field Day. They had a very interesting track meet and an indoor baseball game. There were a little over 20 students consisting of juniors and seniors from Buchanan.

Buchanan's track team went to Kalamazoo last Saturday and participated in the Regional Meet. This Saturday all those who proved successful in their events last Saturday are going to Lansing to compete at the State Meet.

The Commercial Department During the past week the following persons have passed short hand transcription tests on unfamiliar material at sixty words per minute: Mary Richter, George Zachman, Jennie Smith, Dorothy Vincent, Harry Dumbolton, Genevieve Glassel, Margaret Hamilton, Dorcas Enock passed her test at 80 words per minute.

The following have been added to the list of Competent Typists: Helen Mogford and John Nelson.

B. H. S. PLACED ON NORTH CENTRAL ACCREDITED LIST

Largest Regional Accrediting Agency in U. S. Endorses Standards of Local School.

A. L. Knoblauch, principal of the Buchanan high school, has just been notified that this school has been accredited by the North Central Association of Colleges and Secondary Schools for the period ending April 19, 1934. In explanation of the term of accrediting the local school authorities have been advised that it is the established policy of the Association to prepare each year a new list of approved secondary schools approved and accredited by the Association for the year.

Before any school can be considered for accrediting by the North Central Association, it must be on the highest list of schools approved and accredited by the school authorities of this state. In addition it must meet the high standards which the Association maintains with respect to the school building and its equipment, the school library, laboratories and instructional equipment and apparatus, school records, the requirements for graduation, instruction and spirit, salaries of teachers, training and preparation of teachers, the teaching load, pupil loads, and the school's program with reference to physical education and its athletic relationship with other high schools as determined by the State Athletic Association.

The North Central Association of Colleges and Secondary Schools is an accrediting agency comprising 20 states and is the largest regional accrediting agency in the United States. The object of the Association is to establish closer relations between the secondary schools and the institutions of higher education within the North Central states and in such other territory as the North Central Association may recognize. All decisions of the Association bearing on the policies and management of secondary schools and institutions of higher education are understood to be advisory in their character. The accrediting of schools by the North Central Association is a cooperative undertaking. Membership in this Association is purely voluntary. It must be the desire of the local authorities of a high school to have the school accredited by the Association.

Advantages of high schools realize as a result of being accredited by the North Central Association can be summarized as follows:

1. The graduates of an accredited high school are privileged to enter institutions of higher education without entrance examinations in the North Central States without entrance examinations, provided that they have credits in the high school subjects required by the college or university for admission. Since the school is accredited by the North Central Association, this privilege of entering institutions of higher education without examination is extended practically throughout the United States.
2. The graduates of accredited schools have the assurance that their high school diplomas will be acceptable to State Boards having to do with the granting of certificates for the various professions of medicine, dentistry, law, etc. In states requiring graduation from approved high schools as a prerequisite to the obtaining of a teaching certificate, the graduates of schools accredited by the North Central Association meet the requirements of such a law.
3. A high school approved by the North Central Association must maintain high standards and consequently the community is assured of a program of modern high school education.
4. The examination of the school at regular intervals by inspectors and supervisors serves to stimulate progress and to prevent the development of questionable practices and tendencies.
5. A high school accredited by the North Central Association enjoys a greater prestige in the surrounding country and therefore finds it easier to attract non-resident pupils.
6. The patrons have more confidence in, and are generally more willing to support, an accredited high school.

Mary Richter Gets Scholastic Journalism Award

Several weeks ago, members of the journalism class participated in a Scholastic magazine contest over all the important news events from September 1, 1932 to March 1, 1933. Awards were announced recently and Miss Mary Richter, a senior in the local high school, has been awarded a fountain pen. In the local contest, Miss Richter was highest with a score of 97. In the national contest, in which 44,000 students were entered, only six received a perfect score of 100. These six received a trip to the World's Fair with all expenses paid.

To be included in the finals, a student had to have a mark of 70. In a letter received by Miss Richter from the contest judges, it was stated that over half of the schools entered did not have a student which had obtained that goal.

Miss Richter is to be greatly complimented on her fine achievement. The questions in the examination covered a wide range of affairs, personalities and a two hundred word essay on a given subject was included. "The Cost of Medical Care in the United States" was the subject on which Miss Richter wrote.

The high score received by Miss Richter was the result of a thorough study over material covered in newspapers and the Scholastic Magazine during this year.

Class Activities

Science The science classes are now beginning to review for the final examination which will be given on May 29 and 31. They will review the work of electricity and plants.

Shop The shop classes are finishing their last projects and will begin to review for the final examination.

Agriculture Juniors and seniors of Mr. Knoblauch's animal husbandry class are finishing their unit on "How are the Factors of Success Determined when Entering the Business of Animal Production?" They are to have a brief review over their semester's work Monday in preparation for their exam which will be given Tuesday and Wednesday.

Languages The Latin club held a picnic last Thursday for the purpose of initiating students that were eligible to join the club. It was held at the high school and after initiation the members of that society played baseball and other games. After the entertainment refreshments were served.

The committee for the picnic included Rose Bachman, chairman; Una Kelley, Don Blaney and Ben Franklin.

All foreign language classes are finishing up their year's work and beginning to review for the final examinations.

Journalism Miss Hamlin's journalism class has just finished the text book for the year. The last chapter was "Publicity Writing." All journalism note-books were handed in Friday.

Final examinations were given yesterday, Wednesday, May 27.

Chemistry The chemistry class has been studying the heliolums of tomorrow and are finishing the study of iron and its compounds.

The reflections of lenses, their color and the application of the color has been taken up by the physics class.

Improvement of plants and animals by the processes of hybridization and crossing has proved interesting to the biology class.

History Seventh and 8th grade history classes have finished their advanced work and are starting a review, having questions from review chapters on board each day, and written answers are checked in class.

Books on the World War were brought by Eleanor Richardson and Norman McCallan. These were both instructive and interesting.

9th English The ninth grade English classes have finished their "Literature and Life" books by studying a group of poems by Wordsworth, Noyes, Keats, Shelley, Carmen and Lowell.

They also have memorized passages from the play "Julius Caesar," and from the poem "Thanatopsis" by Bryant.

They are having the last of their book reports.

Music Among the numbers on the Memorial Day program are songs by the boys glee club and music by the high school band. The band will play at Buchanan in the morning and at Gallen in the afternoon.

The junior orchestra and symphony orchestra are preparing to play numbers at the Memorial Day program. The symphony orchestra will play at Buchanan on May 29 and the mixed choir will sing at the Baccalaureate services in Gallen.

Commercial Dept. The commercial department has

Girl Scouts

Miss Alice Rokenbach, local physical education instructor, has recently organized the girl scouts of Buchanan. This organization is sponsored by the Parent-Teachers Association.

They have four patrols consisting of eight girls each. A group of 32 girls constitutes a troop. The leaders of the patrols are: Betty Semple, Caroline Webb, Beverly Koons and Mildred Miller. Every troop has a captain and first lieutenant. A majority of the girls have passed their tenderfoot tests and the rest of them will complete these tests in the near future. Some of the troops have already started their second class work. After finishing that they will start working on their first class and that work is passed off by captain and lieutenant of the troop. While working on their second class they are also trying to secure different merit badges such as the hostess badge, first aid, bird study and health badges. Persons who are experts in these various lines are chosen to pass the girls on these.

Requirements for membership: 1. The girl must be 10 years of age. 2. Must pass tenderfoot test. So much is gained by this organization that it will be continued through the summer under the direction of Miss Irene Imhoff and Miss Josephine Dunlap.

Reporting Inquirer

"Do you think that students with a 'B' average should be exempt from final exams?"

A worthy idea and would be exceedingly enjoyable. I'm sure, for those possessing a "B" average. Exams never were the most popular sport around this school and any chance of getting out of 'em would be received in a most hearty fashion.—Doris Campbell.

I believe that students with a "B" average should be exempt from exams. This is a system tried in some of the larger schools and it works successfully there. The "B" average is something for all the students to strive for, and it should produce a higher scholastic average throughout the school.—Eugene.

I don't believe the students with a "B" average should be forced to take the final exams, because they have already a record showing their degree of knowledge.—George Zachman.

ORDER OF GREGG ARTIST'S Certificate of Honorable Mention

The Shortland Class of BUCHANAN HIGH SCHOOL under the instruction of Miss D. L. Chandler having submitted shortland specimens of exceptionally meritorious work in the 1933 Annual O. G. A. Contest is awarded this Certificate of Honorable Mention.

It is signed by the members of the examining committee, headed by John R. Gregg.

Recently, Mary Richter received a gold O. G. A. pin for individual honor in the contest, and each pupil submitting a paper earned a certificate of membership in the order. Accompanying the class award was a gold pin for Miss Chandler, as instructor. It also carries the O. G. A. inscription.

School Slants

Last week when the year books were sold among various students, more fountain pens were seen than the school than has been seen since the last exams. The main line of chatter seemed to be concerning whether Willie had autographed this year book or not.

The overburdened teachers suffered with the rest of the mob. They were besieged by many admiring class members for a dash of ink on the white sheet under their portrait.

"Stretch" Gladwish was mobbed by his admirers, and he had so many books to autograph that when the flood was over he found that he had written a splash of ink in the autograph section of his own book. (Was his face red?)

"Marvel" Jesse autographed so many books for his vast field of feminine admirers that he could only make three trips all week to Mr. Stark's office.

At the Benton Harbor track meet, a large colored fellow was witnessing Dee Weaver's romp around the track leaving the rest far in the rear. The dusky boy muttered to himself, "I guess I'll change to 'Shell' too."

Incidentally, Weaver has been running the 440 in the best time of any quartermilers in this section of the country. Teammates and followers think he should win the quarter mile gallop at the State meet and it will take a very fast man to beat him. Also he has developed into a fine anchor man on the relay team.

The surprise of the year was the uncovering of Glen Jesse as a high jumper. At Benton Harbor he sailed over 5 ft. 6 in. If he can duplicate the feat in the Regional and State meets, it will be appreciated by all concerned.

Graves Yield Ancient Grain Excavations in Schmiertau, Germany, in the governmental district of Flatow, which laid bare 83 prehistoric graves, disclosed vessels with varied contents. Among them were kernels of a grain allied to wheat. The graves date from the transitional period from the Stone to the Bronze Age and are thus, some 4,000 years of age. The most important finds have been placed in the Provincial museum in Schneidemuhl.

Chicago Guests For Birthday Dinner

Mr. and Mrs. Eric Aronson were host and hostess Thursday evening on the occasion of the former's birthday. Their guests were the former's brother, Alfred Aronson and family and Mr. and Mrs. A. Ericson, all of Chicago.

Entertains For Bridge Club Mrs. Harold Wolcott was hostess to the members of the Niles Justamere Bridge club at her home on Detroit street Thursday evening. High scores were held by Miss Genevieve Morris and Mrs. Hazel Huff. Mrs. Harry Schick of Niles was a guest.

Birthday Club is Entertained at Dowagiac The Birthday Club members motored to Kalamazoo Wednesday where they were guests at luncheon and bridge at the home of Mrs. Ralph Chapman. Local ladies attending were Mesdames Bay Rough, A. F. Howe, Luith Hasket, H. M. Graham, Glen Smith, J. F. Viele, R. H. Snowden.

Cauffman Family Reunion May 27 The annual reunion of the Cauffman families will be held on Saturday, May 27, at the rural home of Mr. and Mrs. Irving Swartz, Portage Prairie. A cooperative dinner will be held. All Cauffmans and their families are cordially invited to attend. The time for holding this reunion was changed last year so don't forget and plan to attend.

Rebekahs Plan Memorial Exercises The Rebekah Lodge held its regular meeting Friday evening. Mrs. Bertha King was the chairman of the entertainment committee. Luncheon and pinocle were played. Honors at bunco went to Mrs. DiGiacomo, Nettie Barnore, Louise Hickok. Prizes at pinocle were won by Mrs. Eugene Matzenbach and Mrs. Myrtle Leggett. The first meeting in June will be the occasion of the annual Memorial exercises. The committee in charge will be Mrs. Kate Gilbert, chairman, Mrs. Agnes Kenick, Otto Reinke, Gladys Remington, Lorraine Reid, Della Rinker.

Attends U. of Mich. Music Festival Miss Cecilia Eisenhart was a guest last week of friends and former classmates at the University of Michigan, being the special guest of her former roommate, Miss Janet O'Neil. The occasion was a series of social functions tendered to Miss O'Neil and three other students on the eve of their departure for Paris where they have been accorded scholarships for three months of special study. While there Miss Eisenhart had the pleasure of attending the annual University of Michigan May Music Festival, a feature by the presence of a number of grand opera stars.

Epsilon Sorority Attends Get-Together Eleven members of Epsilon chapter, B. G. U. sorority attended the get-together party held at the LaSalle hotel in South Bend, with XI chapter of South Bend as hostesses. About thirty-five were present, including the grand president, Clara Merrick and the honorary grand vice president, Corrine Gimn, of Chicago. Following the dinner a program was enjoyed, followed by bridge. Miss Rebecca Zachman of Buchanan held high score. Others attending from Buchanan were Victoria Zachman, Josephine Johnson, Lucille Mills, Mary Franklin, Evelyn Miller, Ruth Mills, Doris Reams, Ruth Wolcott, Lydia Blake and Marie Dempsey.

Scouting and Leadership Training

In order that the Scouts of this area receive the most out of the Scouting program, the leadership and training committee spend a great deal of time and effort in carrying out the requirements as set up by the National Council for the leadership of our troops.

The program of training covers five years of work, twelve weeks' course is conducted each fall for the men. The program covers the required work and many electives. The fundamentals of troop organization, Red Cross First Aid, Advanced Course in troop camping, Standards of advancements, a training or junior leadership and the psychology of handling boys are some of the subjects treated. In these schools, which are generally held at a central point in the area, as many as 16 classes are conducted each night. Instructors who are expert in their different lines teach the work by text book and lecture method. Many instructors from the Universities and colleges are brought in to handle some of the work, some of our local men give much time also. Examinations and other standard tests are also required before certificates are issued showing that a leader is qualified.

Junior leadership is also being taught. Benton Harbor, Dowagiac, Buchanan, Three Oaks, and Watervliet have regular courses set up for Scouts and other boys who show leadership ability. The Scout Executive, Oscar Noll, and the instructors in the several schools are teaching this course this semester. Proper credit is being given the students, the same as any other vocational subject. In the fall other schools are going to adopt it. It is felt with this training Scouting will be able to push its standards upward and in so doing develop leadership for the troops which will give the boys of our communities an exceptionally fine program.

The leadership and training committee of the area is composed of H. C. Stark, Buchanan, chairman; W. L. Alwood, Coloma; R. R. Shelters, Watervliet; Charles Semple, Benton Harbor; James E. Burrows, St. Joseph; Dr. G. W. Simons, Niles; H. B. Venekason of Three Oaks and Clarence Hoover, Dowagiac.

Joan Crawford Tops Ready Programs Starting Sunday

The feature picture programs at the Ready Theatre, Niles, starting next Sunday, May 28, comprise a number of the season's best attractions. Among the leaders for Sunday, Monday and Tuesday, Joan Crawford and Gary Cooper will co-star in the latest Metro release, "To-Day We Live" while for Wednesday and Thursday a double feature bill will be presented. These features will include Dorothy Jordan in "Bondage" and Lee Tracy in "Clear All Wires." On Friday and Saturday, June 2-3rd "The Crime of the Century" with Stuart Erwin and Frances Dee in the leading roles will be the attraction.

The management of the Ready theatre is also announcing a sharp reduction in admission prices starting next Sunday. Matinee prices will be 10c and 25c and the evenings 15c and 25c. Children prices will remain at 10c as usual. The performances will be carried along on the same high plane as in the past, with the usual standard of the Butterfield Circuit being upheld at all times.

Many notable screen successes are already booked for the coming weeks and include "King Kong," "Elmer the Great," Christopher Strong, "The Big Cage" with Clyde Beatty, the lion tamer, and many others.

Find Remains of Indian Town Remnants of an Indian village, including pottery, have been found in the Bronx section of New York city.

Friendship Class Sponsors Seasonal Birthday Party

A very novel and attractive affair was the annual seasonal birthday party given under the auspices of the Friendship class at the Evangelical church Friday evening. The four tables representing the seasons of the year were beautifully and appropriately decorated.

The April, May and June table was presided over by Mrs. L. A. Decker and Mrs. Bertha Mead. Table decorations were in blue and yellow representing the motto, "April showers bring May flowers."

The centerpieces were a large bouquet of violets. Also a miniature bride and groom under an archway were represented. The entertainment stunt was a mock wedding.

The July, August and September table was presided over by Mrs. Cora Boone and Mrs. Celia Walker. Table decorations were in red, white and blue. Flags were placed at each end of the table representing the Fourth of July and Labor Day.

The centerpieces were a small swimming pool surrounded by flowers. Talks were given by Mrs. W. F. Boettcher, Mrs. Cora Boone and Mrs. John Fowler.

The October, November and December table was presided over by Mrs. L. A. Rothfuchs and Mrs. H. W. Ryan. Table decorations were red and green, with a Christmas tree for a centerpiece.

There was also a miniature representation of John and Priscilla Alden for which Mrs. Guy Young gave a reading.

Mrs. Viansky had charge of the Halloween entertainment. There were 68 members present and a nice birthday contribution was received. Members of the committee were highly complimented on the success of the program.

Slip right through World's Fair congestion on the South Shore Line!

Park your car in South Bend - ride in comfort direct to the Fair Gates

CHICAGO'S Century of Progress Exposition opens Saturday, May 27. You'll be going there at least once this summer—don't fail to go the carefree, comfortable way. Drive to South Bend, park your car, and take a South Shore train right to the gates of the Fair.

Mile-long jams on the highways, impossible parking conditions, delays, detours, and confusion won't spoil your trip if you depend on South Shore transportation—the steel highways are always open! World's Fair Limiteds leave South Bend every hour on the hour,* offering the most frequent railway service to the Fair Grounds. You're there in a little over two hours.

You'll be free to enjoy the spectacle without worries. You'll have more time to spend at the Fair because you'll spend less time in getting there! You can leave whenever you choose without having to consider traffic conditions.

The South Bend passenger station of the South Shore Line is located at LaSalle and Michigan Streets (one block from U. S. Highway 31, U. S. Highway 20 and Indiana Highway 23). There are ample parking facilities near the station. For full information write or call C. W. Veach, City Passenger Agent, South Bend—Phone 3-3111, or write R. E. Jamieson, General Passenger Agent, 72 W. Adams St., Chicago.

*Extra fast Fort Dearborn Limited leaves South Bend at 6:50 A. M. Daylight Savings Time.

COME TO THE OPENING! Parades - Excitement - Celebrations Special Round-Trip Fare— \$2.40 South Bend to the Fair, only 2— Good going on all trains from 6 P.M., May 26, to 1 P.M., May 27— final return limit, 11:45 P.M., May 28. Regular round trip rate in \$3.40 effect throughout Fair— 3— Unusually low rates are available for special party groups of 25 or more.
