Ed Arney has been busy the last two days with pencil making a list of his acquaintances and a list of his acquaintances and their possible reasons for taking a shot at him. Tuesday evening as he was plodding his weary way homeward in his car up Days Avenue, something which had the general effect of a spent bullet hit his windshield, cutting a neat round hole in it and spraying glass over the interior of his car. The stormed and hunted in his car. He stopped and hunted in his car and about the pavement but could not find the bullet or whatever it was that struck. The was no car or truck in sight, said, to throw a stone.

One of the most promising features signed to date for the Centennial Celebration here July 27-29 is a real Indian village, inhabited temporarily at least by real Indians of the Delaware and Pot-tawatomie tribes and constructed along authentic lines exactly as the tribal villages were before

the coming of the pale faces.

In charge of the project is Dr.

J. B. Dalbey, a full-blooded chief of the Delaware tribe, whose trial cognomen is Chief Fast Cloud. He will be accompanied by his wife, White Wing, and by a group of Pottawatomie Indians from Tonquin, Mich., north of Water vliet.

Dr. Dalbey is a graduate of the public schools of Battle Creek and was graduated from Battle Creek College with the degree of Batchelor of Archeology. He is a mem-ber of the Archeological Society of Michigan.

The nucleous of Indians will be

been paid for two and a half months.

In addition to that they donated a half month's pay.

The Buchanan teachers have not augmented by the Boy and Girl augmented by the Boy and Girl scouts of the city, who will be disguised and garbed in Indian regular. SLEEPING BABY NARROW ESCAPE FROM DROWNING

Ernest Ellinger Rescued Just in Time as Car Plunges Into St. Joseph River at Niles.

Mr. and Mrs. H. J. Gowland Selection met with a rather unusual misfortune Tuesday afternoon, when the Overture car which the former had parked on the terrace at the Pawating March hospital, Niles, backed down the embankment and catapulted over a wall into the St. Joseph river from which it was rescued three quarters of an hour later by

wrecking outfit.

They had gone to the hospital to visit their daughter, Miss Gertrude Gowland, a patient there. With them was their daughter, Mrs. Elizabeth Ellinger and small son, Ernest. Mrs. Ellinger and her son had remained at the car and she had just placed him in the back seat of the car for a nap and gotten out herself, when suddenly the emergency brake released and the car started backward toward the river. Mrs. Ellinger just had time to pull the baby from the car before it gained much mo-mentum. The vehicle ran down the 50-foot bluff, turned a somer sault in the air as it went over the wall at the bottom and landed in shallow water on the flats feet from shore. It was badly damaged.

Wisner's Column

Economists say that producers add time, place and form utility.

A merchant has what you" want where and when you ... want it in the form or the amount you want. He is a producer.

If you had to buy one thing from a far-off maker, another thing from somewhere else, and other things off in other places, that would be inconvenient... and expensive for you.

Retailers do that for you--buy in large quantities and ... have things where and when you want them in... smaller quantities.

That is one reason for being loyal to your local" stores.

But the main reason is... that we can serve you as well as you can be served away from home—and save,.... you the expense of the trip, or perhaps postage and delivery costs.

Economy. Our V-8 develops more power on a gallon of gasoline than any car we have made. Mileage is partly a matter of individual driving, but under average conditions the Ford V-8 does 17 to 20 miles a gallon. Of course, car economy is not only a matter of fuel. Ford V-8 has that too, but it is also economical in the complete sense---initial cost, operation, maintenance.

Wake Up Your Liver Bile -Without Calomel

And You'll Jump/Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, dea't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere move ment doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bild into your bowels

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bils flowing freely and make you feel "up and up." They contain wonderful, harmless, grants vegetable extracts, amazing when it comes to

making the bile flow freely. (*).

REDUCES MOTORING COSTS

Hi-Powr the triple value gas, is High-Test High-Octane and Overhead Lubrication. It is a quick starting, high-powered antiknock and non-carbon forming gasoline.

It is this last feature which reduces carbon removal and valve grinding costs to a minimum. Through the special lubricant which is fused with the gasoline at the refinery, every intake of gas has its proper amount of lubrication to keep carbon from depositing and baking on the valves, stems, piston heads and in the combustion chamber. This means less valve trouble and less frequent valve grindings and carbon removal.

Hi-Powr will reduce your motoring cost. Every Dixie Station has it.
