Well, sah, folks, thuh's a new kumel in town this week. Kumel Lanson, to be brief, and a real kumel he is.

Fred Hagley, S2, Pioneer, Passes Away

Funeral services for Fred Hagley, will be held in the Evangelical church, Friday afternoon at 3 o'clock (daylight saving time) and at 2 o'clock at the farm residence.

Fred Charley Hagley, who was a pioneer resident of this section, passed away in Weesaw township Tuesday, Aug. 22 at 2:35 p. m. of heart trouble following an illness of four years, aged 82 years, 3 months and 12 days.

Mr. Hagley was an industrious and an able farmer in his younger days, and was also one of the oldest farmers in this community, having lived on his farm seven miles northwest of Buchanan, continuously for 60 years.

He was born in Germany May 10, 1851, the son of Kathryn and Make Hagley, and with his parents came to this country at the age of two years, locating in Weesaw township.

Standard Oil Stages Super-Fuel Highway Parade

The Standard Oil Company in the interest of their New Super Fuel, Standard Red Crown, conducted an elaborate road parade through Buchanan yesterday afternoon.

The Standard Oil Co. is justly proud of this new motor fuel. They claim it the greatest advance in gasoline that has ever been offered the motorist by any petroleum product marketer or manufacturer.

HETTY HARTLINE ORONOKO PIONEER EXPIRES AT 90

Six Grandsons Act as Pallbearers at Last Rites Held From Robe Home on Monday.

Hetty Hartline, 90, died Saturday, Aug. 19, at the home of her daughter, Mrs. Dan Robe.

She was born in Oronoko township, Sept. 5, 1842, the daughter of Godfrey Boyle and Rosanna Kuhl Boyle. She was married on Dec. 4, 1859 to Joel Hartline at Galien.

She was a member of the Lutheran church which she joined as a child.

The funeral was held Monday at 3 p. m. from the home of Dan Robe. Burial was made in the Storeck cemetery, Rev. Rice officiating.

Cost of State School Dept. Cut Thirty Per Cent

The present budget for the State Department of Public Instruction is \$78,000 as compared to \$114,000 for last year. Economic necessity has forced the elimination of twenty positions and the reorganization of the department.

Greyhounds Lose Close Contest to Lyddick Nine

It's a wise crook that knows what to steal, and that's just why the Portage Prairie Pooches lost another ball game Sunday, when Straub stole second base instead of stealing home.

It was in the ninth inning with the score 1-1 and Straub made a beautiful dive that must have scuffed up the hair on his chest scandalously, beating the Lyddick second baseman's mitt by a fraction of the winking of a goat's eyelash, but it was no use, which the dust cleared away they found out he stole the wrong base.

It was a pitcher's battle the whole distance, with Sebasty and Curtis delivering for the Greyhounds and D. Pearce for Lyddick. Sebasty struck out six men in the first five innings; Curtis struck out 8 in the last seven, and D. Pearce of Lyddick struck out nine in twelve.

For the Portage Prairie nine it was a heart-breaker, but for the neutral spectator, if there is such an animal, it was a grand ball game all the way through.

Grangers Withdraw Softball Series in Protest of Ruling

The second of the five game series for City Soft Ball championship, broke up in the first part of the third inning when H. Villwock, Grange third baseman, led his team off the field as a protest to two decisions given by Umpire Reyback.

Boyce was called out at second by Reyback after a slight tussle with second baseman Herman, but was standing straddle the bag and not on it. Villwock, however, could not see Reyback's viewpoint and called the Grangers from the field.

A half hour's argument, in which both league and team officials tried to coax the Grangers to finish the game, failed, and the game was awarded to the Orioles by a 2-1 score.

Mr. and Mrs. Joe Forgue and family were guests Sunday at the home of Mr. and Mrs. Will Moyer of LaPorte.

Boys Canoe to Dowagiac Via River and Creek

John Godfrey and Albert Webb left yesterday morning on a canoe trip to Dowagiac and return, via the St. Joseph river to Niles and thence on by Dowagiac creek. The boys took camping equipment in their canoe and plan to spend the nights on the banks of the stream. They hope to make the round trip by Saturday.

SOFTBALL FAN ASKS NEW DEAL FOR BEND RIVER

Proposes That Grangers Be Offered Chance to Conclude Series With Outside Umpires Oked With Both.

To the Members of the Bend of the River Grange Softball Team, and Whomever Else It May Concern:

As a baseball fan and a neutral spectator at the game between the Bend of the River Grange and the Orioles Tuesday evening, in which the former organization left the field, I wish to enter a plea for some sort of amicable understanding which will enable the Bend of the River team to complete the series and which will restore that general satisfaction without which we cannot hope to continue the league next year.

I do not wish to enter in any way into the controversy but I must say that in all fairness to the farm team I believe that they have a right to play this concluding series with outside umpires that are mutually satisfactory to each side.

It was apparent that the farmer boys felt that they were outsiders in Buchanan Tuesday evening and that they were sincere in the belief that their chances to win were handicapped by that fact.

In their play during the season they showed themselves to be the class of the field, and we want them to feel that they have a fair deal in the play-off. I feel sure that the members of the Oriole club will second this motion.

If the Chicago Cubs and the New York Giants were playing off a world series, would one club agree to an arrangement whereby the president of the other appointed umpires from members of his own organization? That's the situation. It doesn't matter how fair the umpires may try to be—the arrangement throws a question of unfairness over the series.

A Square Deal Fan.

Dr. and Mrs. Paul B. Wallace write that they are now located in Estes Park, Colo., where they plan to make their headquarters until they receive news that the Buchanan district has had a frost sufficient to lay the hay fever pollen. They are at an altitude of 8,500 feet, in the midst of beautiful scenery and have seen deer around their camp.

STATE APPROVES MANUFACTURE OF 18 PER CENT WINE

Anticipates Repeal of 18th Amendment by Permit to Puritan Winery of Paw Paw.

Disregarding the fact that prohibition laws still remain, the State Tuesday approved immediate manufacture of wine with alcoholic content of 16 to 18 per cent.

When an application was received from the Puritan Winery of Paw Paw, for a license to sell stock, members of the Securities Commission agreed that repeal of the Eighteenth Amendment is certain and that manufacturers of intoxicants may prepare to quench a national thirst.

The permit gives the winery authority to start grapes fermenting within two weeks in spite of the fact that law prohibits manufacture of intoxicants. The company also is authorized to issue 109,000 shares of stock at \$1 a share and 25,000 shares are to be placed in escrow with the State.

"There is no reason why the manufacture of wine should not start at once," W. B. Gilmore, secretary of the commission said. "It will be six months before the beverage will be palatable and by that time the Eighteenth Amendment will be a law of the past."

The Wayne Brewing & Distilling Co., however, was not so fortunate. This company, the first distillery to organize since prohibition began to wane, asked authority to issue 1,200,000 shares of stock at \$1 each.

Testimony at the hearing revealed that the organizers have paid in only \$4,000 in cash. The commissioners said they will not consider the application, until at least \$50,000 has been paid in cash by the promoters.

C. Upton Shreve, secretary and treasurer, said that the firm has an option on the Silver Springs Water Co., at Northville, and proposes to erect a distillery capable of producing 3,000 barrels of whiskey a day.

The commission ruled that no permit will be forthcoming until the organizers invest a sum comparable to the amount to be invested by the public. When the officers produce 150,000 cash they may be allowed to sell stock if the funds are placed in trust until the commission is satisfied that the firm has sufficient working capital and equipment, George F. MacKenzie, chairman, said.

Fire Department Makes Run to West End Grocery Tues.

The city fire department was called Tuesday morning to the home of Mr. and Mrs. Gus Fagras on West Front street. One of the children had been sent to the basement to turn the gas water heater higher, and turned it so high that the entire heater became enveloped in flames. Mr. Fagras was able to extinguish the flames before the arrival of the fire department.

Carothers, formerly proprietor of the Hotel Rex, and a leading citizen of Buchanan for many years.

MERCHANTS WIN FROM MICH. CITY DAIRY 9 SUNDAY

Merchants Will Meet Strong Lyddick Independents, Conquers of P. P. Greyhounds, Sunday.

The Merchants took the measure of the Rehlander Dairy here Sunday afternoon in a game that was strongly reminiscent of old-time baseball in the procession of sluggers around the diamond.

Score sheet showing runs, hits, errors for Merchants and Rehlander Dairy.

Substitutions: In the first of the seventh Krome went to the pitchers box and Hamilton to third base.

In the first of the eighth Loomis replaced Jackson at shortstop for the Dairy nine.

Two double plays were made, one by Michigan City, J. Orlovski-E. Lippens; one for Buchanan, Miller-Geary-Newman.

STATE ADVISES A POLICY FOR H. S. TUITION

Ask Consideration for Pupils From Districts Which Show Willingness to Pay.

One of the most perplexing problems confronting school districts concerns the question of payment of tuition for high school students. Although the 1933 legislature did not make any changes in the tuition law, the unusual financial conditions have produced difficulties in the connection unknown in previous years.

School districts not maintaining an approved high school are obligated by law to pay high school tuition. They have no right to discriminate against high school students in order to make more money available to run the first eight grades.

Although custom requires that tuition be paid in advance, if there is insufficient money arrangements should be made for payment on a monthly basis. In case no money is available at the beginning of the school year, it is hoped that credit can be extended until the money is received from the collection of taxes.

In cases where districts owe tuition to high schools for the past year, it is recommended that credits from students concerned be granted. Further, it is the general opinion that this year students should be accepted by high schools even though there is an unpaid tuition account against the school district, unless there is evidence of a lack of spirit of cooperation on the part of the school district.

School districts are obliged to pay high school tuition for post-graduate students who are under 21 years of age and otherwise eligible.

Famed English Rugby Team to Play at B. Harbor Sept 6

The famous Cambridge University Vandalis rugby football team, now touring the United States and Canada, will make an appearance on Filstrup Field in Benton Harbor, Wednesday, Sept. 6 at 6 p. m. The English college stars will play the Cherokee Club of Chicago.

The game has been arranged by the Chambers of Commerce from Benton Harbor and St. Joseph and net proceeds will be used for welfare purposes during the winter months.

The appearance of this fine rugby organization is perhaps the first time that such a remarkable team has played in Michigan. The team from across the sea is an all star aggregation composed of the best rugby players from Cambridge, Oxford and other English universities. Most of the players have been featured in the English press as athletic heroes. The outstanding player with the Vandalis is D. I. Brown, rated as the best fullback in England, Scotland, Ireland or Wales. All the members of the Vandalis have represented their nation in the international

Aides are L. E. LeCave, Publicity; Rev. Rice, Education; and Arthur Knoblauch in Charge of Sales.

D. S. Larson, manufacturer of automobile accessories with Buchanan and Lansing plants, was elected Colonel in command of the forces entrusted with the establishment of the NRA plan in Buchanan at a meeting of businessmen and interested citizens at the Civic Association headquarters on Monday evening.

In addition to Mr. Larson, the majors in charge of divisions were selected: education, Rev. Thomas Rice; sales, Arthur Knoblauch; publicity, L. E. LeCave. This corps of leaders had been agreed on previously by the nominating committee elected the previous week and their names were presented by Rev. Thomas Rice, chairman of the meeting, which elected them unanimously.

While Col. Larson as the head of the NRA forces is comparatively a newcomer in Buchanan and perhaps not widely known to the general public here, his long experience in executive work and the spirit and enthusiasm with which he has taken hold of the campaign give assurance that the choice of the nominating committee was the best that could have been made.

"I was as much a Hoover man as anyone ever was," he stated in conference with interested business men last night, "but I am behind Roosevelt in this undertaking."

"This NRA plan is merely a recognition of the new order of the day—that business is a responsibility, a public obligation, as well as an opportunity to make a profit and that in our future conduct of our enterprises, we as business men must take into consideration our obligations as well as our opportunities. We are entering an era of smaller profits, when we must be obliged by the logic of developments to make an equitable division between labor on one hand and the consumer of our products on the other."

The NRA plan is nothing new, Mr. Larson stated. It is similar to the plan which Mussolini has already placed in effect in Italy, and to the plan which Hitler is now enforcing with a mailed hand in Germany.

"The difference in America," said Larson, "is that for the present at least, the government is saying 'please do this,' rather than 'do this.' But you and I know that if we do not accede to the request now the 'must' is coming later."

"We have our chance now to get into this thing as volunteers in a great crusade to banish the specter of unemployment and fear from the hearts of 12,000,000 men, to create work for them and spending power for them and then eventually to reap a harvest in our own business from the spending power which we co-operate to create."

Blue Eagle Canvass of Entire Buchanan Will Be Made Mon.

Arthur Knoblauch, in charge of sales in the NRA campaign for this city, states that he will have a force of workers in the field to cover the entire city Monday, Aug. 28.

The people of Buchanan are requested to be ready for the canvasser who calls. The drive will be made entirely by volunteers working without pay, from the head of the drive down. The workers will seek to pledge all local residents to the NRA campaign and to leave a Blue Eagle in a window of each home as an emblem of that pledge. Mr. Knoblauch will conduct a school for his sales representatives from 10 a. m. to 11 a. m. Saturday, Aug. 26, at the Civic Association headquarters on Main St.

FIRST NATIONAL BANK of NILES Open for Business August 21st, 1933

The officers and directors feel that they will be fulfilling the wishes of the stockholders if they conduct the business of the First National Bank of Niles in such a manner that the bank will always be absolutely sound. It is considered that absolute safety of deposits is of greater importance than profits. There has been many delays in opening this bank. The directors have felt it was their duty not only to see that all legal requirements were complied with but that it was necessary that the assets be in proper condition. The cash we have taken over from the old bank speaks for itself. The bonds we have taken all have a ready market value at the price we have taken them. They can be sold at any time, if necessary, to meet the demands of the depositors. The Loans, Discounts and Mortgages have all been passed by the National Bank Examiners as acceptable and we are promised by the Federal Reserve that if necessary they will loan enough on this paper to pay all depositors. On opening this bank the officers and directors feel that the deposits entrusted to us are absolutely safe and we expect to keep the bank in that condition.

## LIFE CHICAGO MAYOR IS BASIS OF FILM STORY

Story of Anton Cermak, the Martyred Chicago Official, Told in Play at the Hollywood.

"The Man Who Dared," the new Fox production playing Sunday, Monday and Tuesday at the Hollywood, is a film based on some of the incidents in the life of the late Mayor Anton Cermak. Taking its cue from that character in recent American history, the film traces the development of a young Bohemian immigrant from his humble beginnings to the achievement of great influence and power. It depicts his battle for the inalienable rights of this country's inhabitants, and shows his fearlessness in his undaunted struggle for personal freedom.

More settings than are used in six ordinary pictures from the background for the action of "The Man Who Dared." Some of the scenes include Castle Garden, New York; a coal mine, various Chicago streets, a Lake Michigan beach, the Illinois Senate chamber, national political convention auditoriums, a Miami street and various homes, stores and buildings.

Preston Foster has the role of the conquering immigrant and Zita Johann portrays the woman he loves. It is a vigorous drama in tune with today's headlines. The Hollywood is playing this picture only two weeks following its world premiere first run at the United Artists theatre in Chicago, and is one of the first theaters in the middle west to play the picture.

An exceptionally strong surrounding bill supports "Man Who Dared." Another delightful Vitaphone technicolor musical, "See for Two," plus Bernice Claire in "Municipal Band Wagon," and Paramount News.

Friday and Saturday of this week the Hollywood presents Richard Barthelmess in a drama of adventure in the air, "Central Airport," supported by Sally Eilers and Tom Brown. Another kiddies Saturday matinee at 3 p. m. with a free ice cream cone to every kiddie under 13.

Next Wednesday and Thursday are bargain nights, and James Dunn and Joan Bennett hold forth on the screen in a story of gold bricks and carnival adventures, "Arizona to Broadway," a picture embellished with songs and music and with the inimitable Herbert Mundin in the supporting cast.

# Ask Us Another.

Here are some of the questions people ask us about the President's Re-employment Agreement sometimes called the "blanket code"

Q. WHO STARTED ALL THIS?

A. President Roosevelt. It's one more step in his big plan that has already put more than a million men back to work.

Q. WHAT'S THE BIG IDEA ANYHOW?

A. To end unemployment. To wipe out child labor (something the country's been trying to do for generations.) And to restore the purchasing power of the richest country in the world.

Q. HOW'S HE GOING TO DO IT?

A. Every employer is asked to split up existing work so that everybody will have a job, and to raise the hourly wage rate, where necessary, so that everybody will have a living wage.

Q. AND THAT'S WHAT THEY MEAN BY THE BLANKET CODE?

A. Yes—it's called the "President's Re-employment Agreement."

Q. DOES ANYBODY HAVE TO SIGN?

A. No. It's a gentlemen's agreement between President Roosevelt and every man, woman and child in the country. He is asking you to lend a hand.

Q. WHY SHOULD THE EMPLOYER SIGN?

A. Because when everybody goes back to work, everybody will spend more money. And that will speed up-business for every employer.

Q. WHAT DOES THE EMPLOYEE DO?

A. You work less hours. You share your job with someone else. But you get a guaranteed minimum wage.

Q. HOW CAN THE HOUSEWIFE HELP?

A. By signing a pledge to patronize the stores and industries that display the President's seal—they are SHARING to bring back prosperity.

Q. AND ONE MORE QUESTION, WHAT'S ALL THIS TALK ABOUT AN INDUSTRIAL CODE?

A. The industrial code will be the rules and regulations adopted by each industry for its guidance. But the country can't wait for all these individual codes to be ironed out. We need the blanket code to put men to work, and raise wages, right now!

If your elephant wants to ride on top IT'S ALL RIGHT WITH A CHEVROLET

CHRYSLER We didn't actually plan on elephants when we chose the bodies for the new Chevrolet. But we did choose bodies rigid enough, and strong enough, to support six tons of elephant, or anything else you can name... Fisher bodies... steel bodies plus a hardwood frame... exactly the same type of bodies used on all 12 and 16-cylinder cars. Steel alone is not enough to make you as safe and secure as we want you to be in a Chevrolet. A steel body, welded into a solid wall of protection plus resilient hardwood reinforcing to take up stress, absorb shocks and prevent the steel from buckling under pressure makes the sturdiest body of all—the kind used on the Chevrolet, and on no other low-priced car. Remember that when you buy a car. Be sure to get all you pay for... the super-safety of a steel-plus-wood Fisher body. CHEVROLET MOTOR CO., DETROIT, MICH. \$445 TO \$565
