Christian Science Churches "Unreality" will be the subject of the Lesson-Sermon in all the Christian Science churches throughout the world Sunday, Oct. 1.

Among the Bible citations is the passage (Gen. 2:16, 17): "And the Lord God commanded the man saying, Of every tree of the garden thou mayest freely eat: but of the tree of the knowledge of good and evil, thou shalt not eat of it; for in the day that thou eatest thereof thou shalt surely die."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 526): "The first mention of evil is in the legendary Scriptural text in the second chapter of Genesis. . . . The 'tree of knowledge' stands for the erroneous doctrine that the knowledge of evil is as real, hence as God-bestowed, as the knowledge of good."

First Presbyterian Church Harry W. Staver, Minister Church School at 10 a. m. This Sunday will be Rally Day. An interesting program of songs, recitations and other features is to be presented. DUCK HUNTING SEASON BEGINS AT NOON SUNDAY

Season for Pheasants and Allied Species to Open Oct. 15th; Will End on October 26.

License blanks for the 1933 duck hunting season were received on Monday by Muir & Sands, local official distributors, for the season which opens at noon, Sunday, Oct. 1.

The fee this year is \$1 for residents of Michigan, \$5 for non-residents, with the provision that owners of land and their employees may hunt without licenses within the confines of their own premises.

The limit for possession of ducks is as follows: 12 in one day, 24 in possession at one time, 100 in possession at one time, no more than 8 combined in one day nor more than sixteen combined at one time of canvassback, redhead, ring neck, greater and lesser scaup, bluewing, greenwing, cinnamon teal, shoveller, and gadwall.

The seasons for the various game birds of the lower peninsula are as follows: Chinese ringnecked pheasants (male), ruffed grouse (partridge), prairie chicken, woodcock, Oct. 15-26 inclusive.

Ducks (except wood duck, eiders, ruddy duck, buffle head), geese and brant, Wilson snipe, woots, Florida gallinule and rail: Oct. 1-Nov. 30 inclusive.

There will be no open season on Hungarian pheasant until 1935. It is unlawful to hunt spruce hens, quail, wood duck, eider duck, black bellied and golden plover, yellow legs, and swan at any time.

Help For You, Too In order to further simplify vote collections for you, we are prepared to send you a list of subscribers in your neighborhood, from whom you may undoubtedly secure many renewals. This list will show the subscriber's expiration date, as well as the name and address. Now, if you are interested in seeing your baby victorious, you should lose no time in securing this information. It is free, and we will gladly send it on request.

And by all means, bear in mind that the bonus vote offer expires on Oct. 11, and that should you fail to take advantage of it while it lasts.

Babies are being brought in for pictures almost every day, and Photographer George Smith is giving us excellent service in taking and finishing the photographs. However, remember taking the picture and then shipping it away to have an engraving made all takes time, so undoubtedly secure many baby pictures in the paper immediately after the picture is taken. Remember, also, that in the case of more pictures coming through in that week's paper, the preference must necessarily go to those babies whose sponsors are most active.

The best way, therefore, to secure early publication of your baby's photograph is first to have the picture taken as soon as possible and then to become active immediately in his behalf.

Letters from friends corroborated the telegram and as a consequence Miss Comer will not return until conditions are reported to be more settled. Cubans were reported to be posting placards every few blocks on the streets reading "Down with the Americans," "Down with Yankee Imperialism," and the like. A girl friend there wrote her that the cab in which she was riding was stopped on the streets by two large negroes who opened the door and spat on her. A Woolworth store operated by Americans was wrecked. The Casa Inez Beauty Salon in which Miss Comer is employed has been closed temporarily in contemplation of possible trouble. Miss Comer said that the Cuban population of Havana are ordinarily a charming and courteous people, greatly given to admiration and imitation of the Americans, but they have recently been inflamed by propaganda circulated by the revolutionary element to the effect that American capitalistic interests are responsible for the economic plight of the island.

Miss Comer left Cuba Sept. 2 for a vacation of a month. President Machado had been deposed several weeks before and it was then thought that conditions had again returned to normal. Miss Comer witnessed street rioting before her departure and saw several of the shops and residences belonging to the Machado faction.

Miss Comer is well known here, having operated the LaRuth Beauty Shoppe before leaving 3 years ago.

City and Township To Hold Meet on Boundary Question

Representatives of the city of Buchanan and of Buchanan township will meet at the Indiana & Michigan power plant here Monday morning for the purpose of attempting to arrive at some agreement regarding the exact division between the township and the municipality, which has never been exactly defined. In the old description of the boundaries, the line at that point was made to coincide with a highway which has long since been out of use, and which is supposed to have been located about midway of the line of transformers in the plant. The township accordingly feels that it is entitled to a part of the tax revenue from the plant.

Rev. Thos. Rice Returned to Local Methodist Charge

The many friends of the Rev. Thomas Rice here were pleased to learn of his reappointment to the local Methodist pastorate for another year according to the announcements from the Kalamazoo conference held at the Peace Temple at Benton Harbor last week.

All former incumbents of the local pastorate were returned to their charges. Dr. W. K. Kendrick was reappointed Superintendent of the Kalamazoo district.

SEPT. 30 IS DATE SET ASIDE FOR PARENTS OR SPONSORS TO GIVE TOTS A FLYING START

List Today Shows Scattered Voting; "Booster Day" Next Saturday Expected to Bring Out Votes for Many Other Little Candidates; Two More Weeks of Big Bonus Votes.

Three important considerations loom up in the "Personalities Babies" Election this week. First, public enthusiasm is growing rapidly in this interesting enterprise, and votes are reaching the Record office daily in increasing numbers. But the voting to date has been extremely scattered. While the parents and sponsors of some of the babies have begun to get into the spirit of the election, many others as yet remain inactive. This, of course, is only natural, for home tasks, weather, etc., make it impossible for any number of people to move together.

Second, in order to get ALL the babies away to a good start, Saturday, Sept. 30—that is NEXT Saturday—has been set aside as Booster Day. This is the day the parents or sponsors of EVERY baby entered are requested to turn in at least ONE yearly subscription for the credit of their favorite. One subscription counts a total of 11,000 votes, providing it is turned in while the big bonus is still in effect, and 11,000 additional votes would make a good showing in the list next week for any tot.

Third, remember that the big vote bonus expires on Wednesday, Oct. 11. That is only two weeks away. So you folks who have a favorite baby in the race can best serve their interests by getting those subscriptions in now.

State Will Loan Money for District Tuition Payment

The Department of Public Instruction has been flooded with letters from parents in rural districts complaining that their school districts which do not maintain approved high schools are failing and refusing to pay the tuition of their children to approved high schools. This condition is critical and all such reports from parents are valuable.

It is suggested that school board officers get in touch with their county commissioners with reference to any facts which would justify their failure to pay high school tuition. School board officers are also informed that in case their district makes application for a loan from the state government, using their frozen bank accounts as collateral, special consideration will be given to their requests for money to be used for the payment of high school tuition. The cooperation of districts maintaining approved high schools is expected in these trying times.

News in General

The following teachers were chosen Wednesday, Sept. 20, to act as class advisors. Mrs. Velma Dunbar and H. C. Bradford, senior class; Miss Ruth Shriver and Joseph Hyink, junior class; Miss Janet Thompson and Ray Miller, sophomore class; Miss Alice Rockenbach and Paul J. Moore, freshman class.

General assembly was held on Thursday afternoon, Sept. 21, in the form of a pep meeting. The high school band furnished the music.

Mr. Bradford illustrated some new football rules. Mr. Miller stated that the team had good prospects for a successful season, and Mr. Moore gave a report on the season ticket sale.

Mr. Knoblauch announced that an all school election would be held Thursday and Friday, Nov. 2 and 3.

The Faculty Club will hold its picnic at Tower Hill on Monday, Oct. 2, and the following new members will be initiated: Misses Emma Bohl, Lucille Quade and Johanna Desenberg.

Nosey News

And now that football season has "debuted" in earnest, those "all right now, let's have everybody stand up" pep meetings have started again. Next time we have one, Mr. Knoblauch, will you have each member of the band give a pep speech? The students do so enjoy seeing them sputter and squirm on the stage. They seem so ferocious about it.

Mr. Hyink to a poor, befuddled, geometry student, who was staring vacantly at a theorem on the board that had left him inert and speechless, "Zuh, playin' statutes up there?"

And then Mr. Knoblauch asked a sophomore class meeting, "Is anyone here absent?"

Did you ever notice the great reward of being a B. H. S. alumnus? Here's one to tuck in your Empruss Eugenie. Miss Bertha Desenberg who now has enough letters behind her name to make one wonder if it isn't at R. E. V. F., embarked Monday to assume a teaching position at Greenbrier Junior college in West Virginia.

And do you know which dignified school teacher it was that fell head first into her own waste basket?

At the first glance, the girls admiring Ted Lyon in his football suit thought he had a mustard plectrum, but closer observation brought forth the fact that his shoulder pad had just decided to move up underneath his chin.

Mr. Knoblauch wishes to announce that all students who intend to attend Mr. Moore's lectures at the psychoanalysts' lab on "The Loy Cost of High Living," please sign up at once so that a few lectures may be had before Mr. Moore is invited to his "back" to headquarters at Kalamazoo.

The National Teachers Association requests each year that the local Parent-Teacher Societies sponsor a clinic at which all children entering kindergarten receive a complete physical examination by a doctor, complying with this request. This is done in Buchanan each year.

Purposes of the clinic are: to discover any physical defects a child may have and to help the parents plan to have them corrected before the child advances farther in school; to make him acquainted with the doctor and his office, so that he will not be afraid to go there, when he needs treatment; in some cases, the defect requires special consideration in the school program; also to establish in people's minds the great importance of an annual physical examination to everyone.

This clinic was held Tuesday, Sept. 16 in the offices of the local physicians. About 45 out of the enrollment of 78 availed themselves of the opportunity. The remainder will be given a physical examination by the school nurse later in the year.

Editorial

At the close of the Spanish American war, Cuba was granted freedom from the injustice of Spain. The United States immediately set to work clearing the numerous jungles, draining the swamps which were to be found on every hand, constructing roads which would have made some in America look insignificant, erecting communication lines, ridding the country of that dreadful monster, Malaria, and educating the people.

American business men invested their money in Cuba. Preferential tariff rates were granted by the American government to Cuba. Everything that could be done, was done, to promote friendly relations between the two countries. However, the Cuban affairs did not run smoothly, and constant friction between factions has necessitated American intervention on several occasions.

The present situation seems to be fast developing into another need for intervention. These occasions seem to point to a need for a change from the present policy in dealing with Cuba—perhaps it should become a territory of the United States.

Who's Who

A little Irish girl with twinkling blue eyes and a pleasant smile for everyone is often seen going to and from her classes.

This young student, Doris Vincent, was thirteen years of age February 6, and is now a freshman in high school.

Doris resembles her sister, Dorothy, who graduated last year, as she has deep dimples and is very interested in her school work. She likes all of her teachers and is especially fond of home economics.

A meeting of the superintendents of schools of Berrien county was held at Niles, Tuesday, September 19 and the following officers were elected: President, Mr. Vaneklasen. Three Oakes' vice president, Mr. Alwood, Coloma; secretary and treasurer, Mr. Horn, Dowagiac.

Plans for the musical festivals to be held were discussed with these results. The Glee club festival is to be held at St. Joseph on December 6. The orchestra festival will be held at Niles, Feb. 7. The band meet is scheduled for Berrien Springs May 4.

A committee was appointed to study operating costs of schools with Mr. Mitchell acting as chairman. Mr. Horn of Dowagiac and Mr. Stark, Buchanan, are the two other members.

Buchanan's football team is wearing some new football equipment this fall. This includes socks, jerseys, and helmets.

As the high school spent approximately \$200 for this new material, they were able to secure 15 jerseys, 11 helmets and 15 pairs of socks, all of good quality. There are enough for the entire first team, with four jerseys and four pairs of socks left over for the reserve men.

The new jerseys are maroon with white shoulders and neckline. The helmets are maroon and white, but they differ considerably from those used by last year's first team as the tops are rounded; and instead of having white stripes running from the top, the front is painted white with three stripes running to the back. The socks are maroon and white stripes.

The contrasting style of color makes the team look very distinguished, also the white epaulets of the jerseys make the men appear much larger to their opponents when facing them in the line.

This year's second team is wearing the apparel that was worn by the former first teams.

Albert Heckathorn is a new student in high school, having enrolled this fall as a freshman. He has blonde hair, blue eyes, and is sixteen years of age.

Albert is very fond of baseball and football games and is going out for football this fall.

He particularly likes roast chicken with biscuits and mashed potatoes.

Music as Emotional Outlet

In the critical years of adolescence, when the emotional nature of the young person is in evidence, music is the most valuable outlet for the surplusage of emotion—a safety valve, in fact; not alone the mere passive hearing of music, but more than this, the serious study of music in its executive sense, will do more to hold to the track a youngster tingling with the higglytiggly emotion of that period than anything else.

400,000 Roses to Ounce of Oil

Attar of roses, one of the costly perfumes, owes its high price to the fact that 400,000 roses are required to produce an ounce of the oil. So difficult is it to obtain it is often adulterated with sandalwood, but the pure oil, of course, is most desired. It is produced principally in India, Persia and other eastern countries. The attar is obtained from rose water, made from the crushed leaves.

MAROONS LOSE CURTAIN RAISER TO ST. JOSEPH

Bradfield's Green Team Make Good Showing in Holding Tough County Seat 11 to 6-0 Score.

For the fourth time in as many years, St. Joseph again proved a little too much for the Buchanan eleven, last Saturday at the local field.

Saturday's game, resulting in the 6-0 defeat of the Maroons, nevertheless demonstrated how a Buchanan team can fight.

The only score in the game was in the second quarter and resulted when St. Joseph intercepted one of Buchanan's wild passes and carried the ball to about the five yard line where Davis, St. Joseph fullback, scored.

The kick for the extra point failed.

The remainder of the game was fairly close with St. Joseph having the edge. Buchanan threatened St. Joseph's goal only once, when Batchelor, "Buck" fullback, snared a loose St. Joseph pass, gaining about forty yards to the 35 yard line where St. Joseph also intercepted a pass, resulting in their score.

The Buchanan aerial attack was rather unsuccessful, the ball and receiver never being at the same place at the same time; consequently no passes were completed. St. Joseph completed only one of five attempts.

In punting, Buchanan had a slight edge on St. Joseph, but the end failed to take the advantage of the fact and St. Joseph repeatedly returned punts 15 to 25 yards.

Line play by the "Bucks" was not very spectacular, but a little more experience will develop a good line. Buchanan's backs were somewhat slow at the first of the game, but improved as it went on. Slow starting spoiled several Buchanan plays.

The Maroon and White eleven fought hard, but the fighting came too late to save the game.

The faults noticed in the St. Joseph game have been nearly all eliminated and Coach Bradford will have a very different and more finished team to meet the Watervliet eleven at Watervliet, Oct. 6.

The Maroons show a great improvement in practice drills and scrimmages, so the Watervliet group should provide the first victory this year for the regulars.

This week's football program Friday features the game between St. John's Parochial School of St. Joseph and the local reserve team. This is the first time Buchanan has ever met the St. John's team in any interscholastic contest.

Part of the reserve team played the last Saturday's game and all will be out for blood. All the student body and a large group of townspeople should be at the game Friday as the prizes have been out to a very reasonable rate for this one game. Let's all go and give the fellows some real cheering, they all deserve it.

Class Activities

Music

R. R. Robinson has been preparing the band for the next home game which happens to be Niles. They have been practicing several new marches and also a few marching formations.

The American Legion has contributed three drums to the band, two snare drums and one bass drum. This helps a great deal to strengthen the band in marching.

Contrary to the method used last year, only those whose voices are qualified for fine work are allowed to join the glee clubs. There are about ten boys and sixteen girls in the combined glee clubs.

Mr. Robinson has organized a string ensemble which will devote its time solely to chamber music.

Girls' Physical Education

Miss Kookenbach's classes have started soccer practice. In order for a girl to make the team she must have six practices.

The winning team will play against the winning team of Niles. There have been up to this time about forty girls out for practice.

The tennis tournament has started; the first round was played last week.

Shop

Seventh grade classes have started work on their projects, while the eighth grade have selected theirs and are making drawings of them.

Cabinet making is the interest of the ninth grade.

Mechanical drawing classes are still working on lettering plates.

Mr. Miller's science classes are studying water and its uses. They have just finished assignments on air.

Boys' Gym Classes

The boys' gym classes have been playing soccer and softball outside.

They will play soccer, basketball, softball and volleyball in the gymnasium when weather conditions will not permit playing outside.

Horticulture

Mr. Knoblauch's horticulture class which is on Unit 1 is learning how plants are propagated.

His soils class has been learning the methods of maintaining good tilth.

Speech and Debate Class

The speech and debate class will be organized this week. The state question for debate this year is, "The Federal Control of Radios." The debate class this year is composed of the following members: Herschel Gross, Charles Weaver, Edward Smith, Una Kelley, Mary Jane Zerbe and George Spatta.

The meetings will be held Wednesday, immediately after school. There will be one-half credit given for the complete course.

Home Economics

Miss Janet Thompson's seventh grade home economics class is learning the fundamentals of cooking breakfast beverages and fruits.

The class only meets two days a week so every two persons prepare a different fruit or beverage.

The canning of pears is the adventure of the eighth grade girls this week.

Economy in preparing family meals and especially low cost vegetables is what the freshmen girls are racking their brains over.

The sophomore art and home and clothing class work consists of painting costumes in four different color harmonies, namely; monochromatic, complimentary, adjacent and triadic.

English 7, 11, 12

The seventh grade has begun work on grammar, review of nouns and pronouns and work on simple sentences.

The eleventh grade is reading Chaucer. They are beginning the study unit "A Period of Change," which includes old ballads, and morality plays.

The seniors are studying prose fiction, following the history thru prose allegory, prose romance, tales of adventure and experience and the novel. A study of "The Tale of Two Cities" by Dickens, will be made next semester.

The Scholastic has been made into a weekly magazine. Mrs. Dunbar hopes the students will compete in the national one-act play contest. Last year Aileen Ailey was one of thirteen persons in the United States to win a prize in the one-act play division.

With the subscription to Scholastic, the English classes are receiving Atlantic Monthly, Harpers, The New Digest, and the book section of the New York Herald Tribune.

Science

The biology classes, under Paul Moore, are turning the biology room into a country scene with leaves, butterflies and insects of all types and kinds in collections.

The laboratory is taking up the valuable time of the chemistry students, who are busily making up for lost time because of the all important laboratory manuals. They do considerable blundering, as many young chemists do, but Mr. Moore expects to turn out a class of competent chemists at the end of the term.

The twelfth grade physics class is completing a six-day period of experimenting, necessitated by the absence of the laboratory manuals. The work is being completed quickly, however, and is expected to be finished by the end of this week.

Biology

A welcome visitor is lending atmosphere to the biology room. The biology ladies have a guest who is staying for an enforced visit.

The newcomer, an opossum, has been caged up and is being fed the mysterious delicacies that gladden an opossum's heart.

However, there are strings attached to the offer, for the normally shy opossum is constantly subjected to the stare of some "greenhorn" who has never before seen such a curious animal.

Social Studies

Eighth grade social studies class is finding out who made the Constitution. One day a week they read the Current Events newspaper and report on it.

Seventh grade social class has been adventuring into the land of the Danube and Balans with special emphasis on Greece, which provides a background for the study of American history. Once a week they have an oral test which takes the form of a spell down.

Eighth grade English class has been writing monologues. Special emphasis has been placed on the study of the dictionary. They have attempted to add new words to their vocabulary and to correct mistakes in grammar.

Commercial Dept.

The first year typists are gradually getting the hang to the new keys on the keyboard. They have learned how to use the first and second finger keys quite effectively. The fundamental parts of the typewriter have been explained to the students so that they may use their machine to a greater advantage.

The members of the class are now learning to use the third finger keys and how to make capital letters by use of the shift keys.

The advanced typists are working on the different forms of billing. They are making out bills and statements on the typewriter.

The members of the shorthand class have learned the forward characters of the shorthand alphabet. The students are now able to write these characters quite rapidly. The rules for phrasing and writing sentences in shorthand are now being studied.

The students in the bookkeeping class are recording business transactions in the journal and ledger. They are taking a trial balance and are preparing statements to show net profit for a given period of time. They are also learning the different methods of recording credit sales and promissory notes.

Journalism

Chapter 4, "How to Interest Peo-

ple," has been covered by the journalism class. They have been using clippings, illustrating different types of stories, and then putting them in notebooks. They have also used clippings illustrating follow-up and local-end stories. Essays were written on Friday by the class, on the biggest news of the week.

English 9 and 10

The English 9 class studied poetry and essays and had a test over Treasure Island, Friday.

English 10 classes have finished The Tempest by Shakespeare.

Foreign Language

This year's Latin 9 classes are not any larger than last year's classes. They have gone far enough into the book to make simple sentences.

The second year Latin class has reviewed their last year's work and is learning the subjunctive mode.

A vocabulary consisting of about a hundred words has been reviewed by the French 11 classes. They are able to make quite a few sentences.

La France et Les Francais, by Pargment is the French book used by French 12 students. They are reading about the French Revolution and the period following.

The flag of the city of New York is the same flag that floated over Manhattan island 300 years ago. It tells the story when the Dutch owned New Amsterdam, now New York.

The Goliath of Parks

With an area of 5,380 miles, Jasper National park is without a rival for size among the national parks of the world. It has width and breadth enough to take in a thousand miles of trail and 100 miles of motor road, miles of rivers, countless lakes and a dozen mountain ranges.

HOLLYWOOD SHOWS FIRST RUN OF "LADY FOR A DAY"

Zane Grey Story and "Pilgrimage" Balance Week's Screen Program.

Playing simultaneously with New York's famous Radio City Music Hall, the Palace Theatre at Chicago and other first-run theatres throughout the country, Columbia's new talking picture, "Lady for a Day," comes to the Hollywood theatre next Sunday for a three day run. The management was fortunate in securing this early showing of the widely heralded Damon Runyon story, given four stars by Liberty Magazine and lauded by screen review writers of leading magazines and newspapers.

The story, an avalanche of human emotions and comedy situations, deals with an old maid woman, who peddles her wares in the metropolitan theatrical district, and, unknown to her associates, is supporting a daughter in school in Spain. She is giving her child the impression that she is wealthy and socially prominent, and has a splendid husband. When the daughter suddenly comes to America, the most conspicuous figures of the White Light district come to the rescue of the old apple woman, and therein lies the human, emotion-stirring story of "Lady for a Day." Your heart will tug in sympathy, laugh with delight, flutter in fear, at the powerful drama, delicious comedy, and gripping suspense of this great picture, taken from the famous Cosmopolitan magazine story, "Madame LaGimp," and made into film form under the capable direction of Frank Capra.

Earth a Hot Spot

The earth's interior is believed by some scientists to be a mass of molten iron. More than 97 per cent of the earth is too hot to crystallize.

who made "Dirigible," "Submarine," and other hit pictures. The cast is as great as the picture, including Warren William, May Robson, Guy Kibbee, Glenda Farrell, Ned Sparks, Jean Parker and Walter Connolly. A Broadway musical short, "Sky Symphony" with Stoppaghe & Budd and Paramount News, completes the program.

Tomorrow (Friday) and Saturday Zane Grey's "Man of the Forest," with Randolph Scott, Harry Carey, Buster Crabbe and Noah Beery, holds forth on the Hollywood screen. It is a "different" kind of Western picture, its scenes are laid in the deep forests and mountain regions of the true west of today, and as such it affords entertainment, intense action and suspense for even those who, as a rule, do not care for ordinary western dramas. In addition to the feature, the Hollywood will screen "World's Greatest Thrills," two reels of newsreel camera action taken from highlights of past issues, plus a two reel comedy, James Gleason in "Rockabye Cowboy."

Wednesday and Thursday, Bargain Nights, the Hollywood presents "Pilgrimage," the much-discussed photoplay of the new fall season, built around the annual pilgrimage of the mothers of dead war veterans buried in France. The film embodies both comedy and intensely serious drama, unsophisticated and at times even hard boiled. Laid in the mountain regions of Tennessee and Kentucky, and suddenly transferred aboard a steamer to Europe, with the ever-continuous triangle of mother-love for son above all else as the theme of the story, "Pilgrimage" is top-notch entertainment of a sort to hold and thrill its audience. The picture is now in the midst of its first run playing time in the larger cities and comes to the Hollywood less than six weeks following national release. Cast includes Henrietta Crosman, Heather Angel, Marion Nixon, and Preston Foster.

1st insertion July 27; last Oct 19 NOTICE OF FORECLOSURE AND MORTGAGE SALE

Whereas, default has been made in the payment of the money secured by a mortgage, dated the 25th day of May 1928, executed by Guy Eisenhart and Mae Eisenhart, husband and wife, to the Industrial Building and Loan Association, which said mortgage was recorded in the office of the Register of Deeds of Berrien County, Michigan, on the 1st day of June 1926, in Liber 150 of Mortgages, on page 150.

And Whereas, the amount claimed to be due on said mortgage at the date of this notice is the sum of three hundred sixteen and ninety two one hundredths (\$316.92) dollars of principal and interest, and the further sum of thirty five (\$35.00) dollars as an attorney fee provided for in said mortgage, and no suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof.

Now therefore, NOTICE IS HEREBY GIVEN, that by virtue of the power of sale contained in said mortgage and the Statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described therein, or so much thereof, as may be necessary to pay the amount so as aforesaid due on said mortgage, with six (6) per cent interest from the date of this notice, and all other legal costs, together with said attorney's fees, at public auction, at the outer front door of the Court House, in the City of St. Joseph, Berrien County, Michigan, that being the place where the Circuit Court for the County of Berrien is held, on Monday, the 23rd day of October 1933, at ten (10) o'clock in the forenoon of that day.

The premises to be sold are situated in the Village (now City) of Buchanan, Berrien County, Michigan, and are described in said mortgage as follows, to wit: Lot thirteen (13), Ross and Alexander's Second Addition to the Village (now City) of Buchanan, Berrien County, Michigan.

Dated July 25th, 1933.
