With an emphatic giggle, Miss Janet Thompson spoke, "Who could want anything more than I'm getting." Curly hair and blue eyes, 188 pounds, 5 feet eleven and dimples!"

Anna Grace Ranahan wishes an almanac to remind her when to wear her tubbers.

Big, little Clyde Shaffer child-ishly admitted his desire for a kiddy car and drum.

Pauline Topash dreamily sighed. "I'd like a mammoth library crammed with detective stories and also an airplane."

With a mischevious grin, Wilson

There is one person who only wishes for enough money to keep herself contented with the ordinary things in life. The person is Mrs. Velma Dunbar.

"I'd like a red-headed girl and an "A" in chemistry," replies Fred Riley with a twinkle in his eye. The school's melodious tenor,

Bob Willard, nonchalantly stated, "oh, I'd take a sport plane and a new Duesenberg roadster."

Mr. Joseph Hyink, our mathe-matical genius, expects a sewing machine for Christmas from his w_fe, so he wants enough money to buy her a present (perhaps a box of cigars or a neck tie.) said, "The biggest gift I could wish for, is that all my students have their lessons Monday morning. I'm afraid the shock would be too much for me." He also revealed his desire for a new 'V-8" Ford.

If you've seen that adorable midget washing machine down in Schram's window, you'll know why little Audrey McClien's heart aches for it. Her baby intuition craves, also, a doll and cradle. Some people don't know when they're well-off! Max Penwell wants a baby brother, and Bea-trice Neal, a baby sister! Beatrice would also like a new boy friend

FORD V-8 for 1934

UNIVERSAL

The New Ford V-8 for 1934 is now on display at the showrooms of Ford dealers. Surpassing even the great Ford of 1933 in economy, beauty and comfort, it is truly the car of this modern age—the culmination of thirty years Ford progress. It combines the proved performance of the V-8 cylinder engine with two important new features-Dual Carburetion and perfected Clear-vision Ventilation. See this car today and drive it at the first opportunity.

OUTSTANDING IMPROVEMENTS IN THE NEW FORD V.8

BETTER PERFORMANCE. Greater power, new speed, quicker acceleration, smoother performance, more miles per gallon especially at higher speeds, and quicker starting in cold weather-all these result from the new dual carburetor and dual intake manifold. New waterline thermostats enable the engine to warm up more quickly and to maintain an efficient operating temperature. Added engine refinements. reduce oil consumption, further improve operating economy and reduce maintenance costs.

NEW VENTILATION SYSTEM permits clear vision, prevents drafts and provides desired amount of fresh air in any weather. Individual control for front and rear side windows. When ventilation is desired the window glass is raised to the top. Then the handle is given an additional half-turn. This slides the glass back horizontally to form a narrow slot. Through,

this slot air is drawn out by the forward motion of the car. This simple ventilation system maintains draft-free circulation, insures passenger comfort, prevents fogging windshield in cold or stormy weather. Both windshield and cowl ventilator can be opened to supply additional air needed for comfortable warm-weather driving

DISTINCTIVE NEW APPEARANCE enhanced by the newly designed chromium-plated radiator shell and grille, new hood louvres, new hub caps. Interiors are attractive, with new tufted upholstery, new mouldings, new cove-type headlining, new instrument panel, new arm rests, new hardware. Swivel-type sun visors in De Luxe bodies prevent glare from front or side.

FENDERS IN COLOR. On De Luxe cars fenders are in color to harmonize with body colors -wheel colors optional. New enamel finish on

all bodies and fenders has greater wearing quality and more enduring luster.

GREATER RIDING COMFORT results from increased spring flexibility. The spring leaves are newly designed for quieter and easier action. Shock absorbers are improved. Seat cushions are deeper, with new, softer springs. New type, individual bucket seats provide increased comfort, for front-seat passengers in the Tudor Sedan. Adding to comfort is the new driving ease of the 15-to-1 steering gear ratio.

Lost Her Prominent Hips Double Chin - Sluggishness

Gained Physical Vigor-A Shapely Figure.

If you're fat-first remove the cause!

Take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning—in 3 weeks get on the scales and note how many get on the scales and note how many pounds of fat have vanished. Notice also that you have gained in energy—your skin is clearer—you feel younger in body—Krüschen will give any fat person a joyous surprise. Get a bottle of Kruschen Salts from any leading druggist anywhere in America (lasts 4 weeks) and the cost is but little. If this first bottle doesn't convince you this is the easiest, SAFEST and surest way to lose fat—your money gladly returned.

4TH DISTRICT Berrien, Cass, St. Joseph, Van Buren, Allegan, and Barry Counties

The Burhans Platform

When the Michigan Legislature of which I am a member, adjourned last summer. I announced that I would be a candidate for the Congressional nomination in this District on the Republican ticket at the 1934 Primary. The time has now come when I should declare myself on national issues and announce the platform on which I will make my campaign for the office. I believe in the Primary and that it is the right of the people to say whom should be their Congrossman.

I SHALL STAND ON THIS PLATFORM:

Government stabilization of prices of certain essential farm products so the farmer will receive the cost of poduction plus a reasonable profit.

. Better treatment of Veterans. 3. Construction of Great Lakes sea-way cut by the St. Law-

rence route, bringing the products of Michigan farms and factories nearer the markets of the world. 4. A limited tenure in the office of Congressman, which will

prevent a recurrence of past history, whereby two men in this district held the office continuously for thirty-six years. 5. The furnishings by your Congressman of a weekly letter to every paper in the District, when Congress is in session, so the people may know what goes on at Washington. It shall be my endeavor to become acquainted with the peo-

ple in all parts of the District, because I believe the voters like to see and talk with the man they support. I plan during the campaign to meet the people and to present my case to them. If you feel that my twenty-five years' actively practicing law at Paw Paw, my serving Van Buren County as Prosecuting Attorney, my work in the Legislature as State Representative, and the fact that I am a large farm owner and operator in Van Buren County, fit me for the position and entitle me to your consideration, I shall be appreciative of your support. I solicit your support and ask that you stand with me on the above Respectively submitted,

EARL L. BURHANS.
