

BUCHANAN SALES WEEK FEB. 24-MAR. 3

Now Here's the Proposition

Associated Order of Fire Truck Chasers Adopt Resolutions

The Associated Order of Fire Truck Chasers held an enthusiastic meeting at the Legion hall Saturday evening to celebrate the most successful fire of the season which was held two days before at the L. D. Bulhand home.

Resolutions were drawn up endorsing the fire department for their good work towards bigger and better fires and assuring the department of the full co-operation of the association at all future conflagrations.

1. Fire trucks may not be parked within a block of the conflagration until after all Chasers' cars are satisfactorily placed in good position for observation.

2. Firemen shall at all times be polite and considerate in disturbing any of the Chasers who may be stationed on the front porch or at any place of observation inside the building or on the roof.

3. In handling the fire hose, the firemen shall have due consideration for Chasers who may be stationed within range about the building. Any Chaser who accidentally gets wet shall be given a place next to the fire until dry.

4. In conducting any fire which may occur in the future no action shall be taken by the chief until he confers with a committee of the Chasers elected for the occasion, so that all interests may receive mutual consideration.

5. The firemen shall observe due care in removing furniture to see that the same shall not be parked outside so it will in any way obstruct the view of the fire.

6. As soon as possible portable fire hydrants shall be constructed which may be taken to the scene of any fire and set up in a good position, after which the department may go back to the engine house and get the truck.

7. None of the regulations shall be construed so as to in any way obstruct the full and free right of any Chaser in good standing to run over the hose on all possible occasions.

8. Estimates of damage by flames shall be computed on the following basis: take the first cost of construction multiply by the number of years since the house was built (heuristic estimate), add the house number, the number of door knobs and anything else handy. Increase resultant amount to allow for the devalued dollar.

9. The order of social precedence at all fires shall be as follows: 1. President of Associated Chasers; 2. All paid-up members of Associated Chasers; 3. Honorary and associated members; 4. General public; 5. Fire Chief; 6. Members of fire department; 7. Owner of house.

Juniors to Present Tarkington's Classic Youth Play Tonight

Presentation of "Seventeen" to Begin at High School Auditorium at 8 o'clock.

The annual Junior play will be presented tonight, Feb. 22, at 8:00 o'clock in the high school auditorium.

The play chosen for this year is Booth Tarkington's "Seventeen," a work of exquisite human sympathy and delicious humor.

This amusing comedy is concerned with the trials and tribulations of William Sylvanus Baxter, who has ceased to be sixteen and is not yet eighteen.

The price of tickets is 25c. These may be purchased from any member of the Junior class or at the box office tonight. Seats may be reserved at Smith's store for 10c extra.

The cast of "Seventeen" is as follows: William Sylvanus Baxter, Donald Blaney; Jane Baxter, Lillias Peacock; Mr. Baxter, Wilson Crittenden; Mrs. Baxter, Geneva Troutfetter; Lola Pratt, Donna Bird; Mrs. Parcher, Beatrice Neal; Johnnie Watson, Bob Strayer; Mr. Parcher, Clarence Bradley; Genesis, Gray Best; Mary Brooks, Joyce Kohlman; Wally Banks, Edwin Donley; Joe Bullitt, Junior Reinke; Ethel Boke, Donabelle De; George Crooper, Fred Riley.

Director, Helen Hanlin; Business Manager, Ruth Shriver; Music, H. S. Orchestra; Publicity, Rosemarie Schlee and Richard Schram; Stage Managers, Bill Frame, George Spatta, Lowell Batchelor, John Godfrey; Chief Usher, Ruth Cripe; Costumes, Orrell Negus.

HOW NEWT BARNHART SHOWED UP PROF DIGGINS AS AN IMPOSTER RIGHT IN PUBLIC, OTHER TALES OF SHOW LIFE

How Robert Blake and Foxy Diggins Trained an Animal Troupe for Gentry Bros. and the Latter Toured with Them.

It was on a summer day back in the Gay Nineties that Gentry Bros. Dog and Pony Show No. 4, Frank Gentry manager, was showing in the town of Brookings, North Dakota.

The ring master, or toastmaster or whatever you call a circus announcer, came out in front after a selection by the band and ballyhooed thus: "Ladeez and gentulmen, you are now about to witness the most marvelous troop of trained animals ever assembled in one act, under the direction of the world-famous trainer, Professor Charles Diggins. You will be astounded by the intelligence of the animals performing in Professor Diggins' act. You will marvel at the skill required to train the unreasoning brute to such a degree. It may in part clear up your astonishment to know that Professor Diggins has spent his entire life since childhood in the development of this act."

But that was as far as the announcer got, for a big bass voice cut in with: "You're a liar, he's just a barber from my home town."

S. B. DOCTOR TELLS OF LA SALLE MEMORIAL TRAIL

Says that Redbud Trail North of Buchanan will be Section Scenic Highway to be Completed by 1937.

The Redbud Trail, now being constructed as a GWA project along the river north of Buchanan, is an integral section of the proposed LaSalle Memorial Trail, according to Dr. L. A. Rausch, of South Bend, the chairman of the LaSalle Memorial Committee, who spoke before the local Lions club here last night, at their weekly banquet at Dee's Cafe.

Dr. Rausch described to the Lions the character of the LaSalle memorial project, which is designed to be well under way by 1937, 250th anniversary of the death of the noted explorer. It will consist of a Memorial monument of some magnitude somewhere along the 4.60 miles of portage between the banks of the St. Joseph river and the headquarters of the Kankakee, a Memorial trail along the west bank of the river from South Bend to St. Joseph and a reproduction of Fort Miami at St. Joseph.

The city of South Bend has already built a bridge across the river at Angela avenue and has constructed a mile and a half of concrete highway along the first leg of the trail. The proposed trail will follow fairly close to the river, the idea being a scenic highway rather than a through route. The Redbud Trail north of Buchanan has been accepted as an ideal section of the LaSalle Memorial trail, from its proximity to the St. Joseph river.

Dr. Rausch stated that it was the hope of the backers of the project that the highway would be completed in 1937 and at least the corner stone of an imposing monument laid. He described very interestingly the remarkable character of LaSalle, and the adventures of the explorer and colonizer until his death at the hands of one of his own men somewhere along the Trinity river in Texas.

Institute Speaker

Frederick M. Snyder, noted New York lecturer, will speak here Tuesday night.

First Sport for Women It was in 1833 that America first heard of croquet, which had just become a rage in England. This is the first sport that feminine America participated in to any extent. However, women were interested spectators at races and their sisters in the sparsely settled sections could handle a gun expertly.

FREDERICK M. SNYDER, NOTED LECTURER, WILL SPEAK BEFORE TEACHERS INSTITUTE TUES. NIGHT

BULHAND HOME IS PARTIALLY DESTROYED BY FIRE

Flames from Overheated Furnace Consume Roof and Upper Walls and Gut Interior; Covered by Insurance.

Fire destroyed the roof and part of the upper walls and badly damaged the interior of the 12-room Bulhand residence at 502 Days Ave., Thursday afternoon.

The flames started on the shingles near the chimney, presumably from an over heated furnace which burned out the chimney. The fire department made a run to the scene and performed valiant service in extinguishing the flames, their efforts being hindered by a break in a defective fire hose just as they had the fire nearly out. While they were replacing the broken section, the flames again made headway and added materially to the resultant damage.

A small quantity of furniture in the upstairs room was burned. The walls and ceiling of the first floor were badly damaged by water. Both the furnishings and building were partially covered by insurance.

Chimney Fire Damages Roof of Batchelor Home

Sparks lodging in tinder-dry shingles caused a fire at the home of Ex-Postmaster George H. Batchelor at 9 o'clock Monday morning that entailed damages of approximately \$50 and caused the Buchanan Volunteer fire department some brisk work to extinguish the flames.

A coincidence in the fire was the fact that it was discovered by Mr. Batchelor's son, Lowell, as the latter, a senior student at Buchanan high school, was sent to the neighborhood on a school errand and was passing his home when he saw smoke emerging from the roof.

Mr. Batchelor complimented the local fire department for its quick response. The loss is covered by insurance.

Grand Old Man of Main Street Honored at Party

John Camp was taken into custody Monday evening by a posse composed of alleged friends and taken to the Chevrolet garage, where he was charged with being 75 years old and a fete was staged in his honor. The refreshments were composed of bread, cheese, crackers, liver sausage and beer. During and after the banquet a number of speeches were made in honor of Mr. Camp, varying in eloquence and veracity according to the beer content of the speaker.

BUCANEERS WILL CLASH WITH STRONG BRIDGMAN QUINTET IN FINAL HOME CONTEST HERE FRIDAY

Locals Winners in First Meeting; Comparative Coloma Scores Indicate Possible Comeback by Invaders

By Dick Schram The Buchanan Bucks, victors over Berrien Springs by a 21 to 11 count Friday, meet the powerful Bridgman quintet on the local floor Friday night, Feb. 23, in the closing game of the 1933-34 season, a contest that promises to equal any staged on the Bucks' floor this year.

In the first clash of this season between the two schools, the Bucks and Bridgman battled on even terms until less than a minute remained to play. Murry, stellar forward on the Bridgman quintet, dribbled in for an under basket shot, but missed when hurried by a Buck guard. The Bucks recovered the ball under the basket and broke down the floor, passing to Aug Topash, who sank the winning basket. The game ended thirty seconds later with the Bucks in front by a 20 to 18 margin.

Bridgman defeated Coloma, 39 to 15, with Stanard, star Bridgman forward, out with an injured leg. The Bucks, in the only clash of the season with Coloma, barely nosed them out by the narrow margin of one basket, collected in the final minute. On the basis of these scores, which may or may not mean much, the Bridgman cagers will at least be on even terms with the Bucks, their recent Coloma victory offsetting the disadvantage of a strange floor. However, in their recent encounter with Dowagiac, Big Five championship contenders, the Bucks showed much more power both offensively and defensively, shutting out the Indians, 27 to 11. Consequently, the Bucks and

George Hartline Married Feb. 10 To Big Rapids Girl

News has been received here of the marriage of George Hartline, son of Mr. and Mrs. Floyd Hartline, to Miss Agnes Bongard of Big Rapids, the ceremony having been performed at White Cloud, Mich., on Feb. 10. They were attended by Richard Dellinger of Buchanan and Miss Leola Belle Lintin of Big Rapids. Mr. Hartline is now a member of the CCC force at work in state forests. He will return here with his bride at the conclusion of his service and make his home here.

Pottawatomies Had Knock Knees, Sinus Trouble, Says Doc

Three more Pottawatomies were picked up at Moccasin Bluff the first of the week, charged with being trespassers on the right of way of the Moccasin Bluff highway project and also with indecent exposure. The two parties, a man and woman were in a state of shocking undress, there being in fact only part of the skeletons left. They were examined by Dr. Kenneth Gamble, who gave it as his belief that the state of health of the aborigines was perhaps not as robust as traditionally reported, inasmuch as one skull showed distinct evidence of sinus trouble and one leg bone was malformed, pointing to a condition of knock-kneedness. Three skeletons were found by Loren Voorhes. They were taken to St. Joseph for the collection of an undertaker in that city.

Public to Get First Glimpse of Auditorium Tonight

The public will get its first glimpse of the high school auditorium since its redecoration as a CWA project at the junior play tonight, and the improved appearance will undoubtedly prove a pleasant surprise.

Stage a Cooking Demonstration on Electric Ranges

Miss Kathryn Holy, home economist for the Westinghouse electric company, held a demonstration of electric ranges for twenty local women at the club rooms of the Indiana & Michigan Electric headquarters on Days avenue. Messrs. A. H. Buchanan and Earl Marton of the Westinghouse company were also present.

Marjory Campbell Wins Place in Grad. Selection of Verse

The Scholastic, a national magazine for high schools, made a selection of the best offerings in poetry of high school graduates who had previously won awards in the contests conducted annually by the magazine, printing in the Feb. 24 number three short poems by Marjory Campbell, who won an award in 1931. The poems were listed as "three quatrains" and were as follows:

The Hunter There is no consolation in my song today. There is no peace at all in rhyming words. Love is a hunter, and my harried thoughts Scatter, like tiny, wounded birds. Gift

If he gives you perfume Sandalwood and musk, I shall bring you lilacs Purple as the dusk. For One Who Talks Some words are better left unspoken. Bitter seed bears fruit of pain. Once the fertile soil is broken Ancient crops return again.

P. T. A. Notes

The regular P. T. A. meeting will be held Monday, Feb. 26, at 7:30 in the Junior Assembly room at the high school building.

Daughter of Local Pioneer Died Tues. in Cleveland, Ohio

Mrs. J. R. Post, 77, known to older residents as May Roe, the youngest daughter of Lawson Roe who emigrated from Buchanan to Iowa in pioneer days, died at her home in Cleveland, O., Tuesday. She was an aunt of Mrs. A. L. Hamblin. Lawson Roe at one time owned and occupied the Frank Strunk farm on Terre Coupe. The deceased was born after the family moved to Iowa.

Evan. Ministers of Berrien County Met Here Tuesday

The Evangelical Ministerial Association of Berrien County met at the parsonage here Tuesday for a co-operative dinner and for their February meeting.

Notable Offerings in All Lines of Merchandise made by Local Firms During 10 Days Duration of Sales Event.

At least three annual sales by local firms will feature Buchanan Sales Week to be held here from Saturday until the following Saturday, Feb. 24 to March 3, and similar merchandising offerings will be made at a number of other firms in the city.

Practically every line of family and household necessity will be included in the offerings of the various stores entered in the sale, whose announcements may be found in the advertising columns of this issue. Staple goods and new innovations of the day and mode will be interested in the items to be placed on sale at prices which will rival in opportunity for economy the cheapest prices of the past five years.

People of the Buchanan district will find it to their advantage to read the advertisements of the various local firms in this issue and to visit the stores during the coming ten days. This is the first co-operative sales event here in the past year and some notable offerings are made.

Public to Get First Glimpse of Auditorium Tonight

The public will get its first glimpse of the high school auditorium since its redecoration as a CWA project at the junior play tonight, and the improved appearance will undoubtedly prove a pleasant surprise.

The work on this project was commenced by the state inspectors as one of the best-executed projects of the kind in the state. The design and tintings of the walls, ceiling and stage are well selected. The sidewalls are a seafoam green, the ceiling a light ivory with a band of old ivory. The pilasters are a palmetto green, with panels set off in old ivory. The capitals of the pilasters are treated with "antique smear."

Story That Myrtle Reed Once Resident Here Declared False

A generation back or in the early nineteen hundreds, a book with the clever name of "Lavender and Old Lace" was tremendously popular among feminine readers. It has been reported that the author, Myrtle Reed, once lived in Buchanan.

The facts seem to be these. Back in the sixties, when Miss Reed was a child, her father came from Chicago regularly to preach in the little "Church of the Larger Hope," as the present Adventist church at the corner of Third and Moccasin was then known. He was very popular here as a minister and drew capacity audiences. A few Buchanan people continued their acquaintance with Elder H. V. Reed in Chicago for years after his short pastorate here. They knew Miss Myrtle Reed after she grew up and became noted as a writer. But she never lived here or even visited here, in the knowledge of anyone living here now.

Among the close friends of the Reed family was Mrs. Nora Woods who died a few years ago at her home at the corner of Third and Main streets. Mrs. Woods visited often at the Reed home in Chicago. It was at this home on Kennor Avenue, North Chicago, that the famous novelist in recent years committed suicide. She had solved the problems of many characters of fiction but was apparently unable to solve her own.

**A STRICTLY STOCK CAR RACE SUPERVISED BY AMERICAN AUTOMOBILE ASSOCIATION**

THE FORD V-8 WINS AGAIN. Again it comes in first in a grueling road race. Again it proves the superior performance and reliability of its V-8 engine.

On August 26, 1933, the Ford V-8 won the 200-mile Elgin Road Race for stock cars. Yesterday, February 18, it won the 250-mile Invitational Gilmore Gold Trophy Road Race at Los Angeles.

This race was open "to any stock car in America with a piston displacement of 300 inches and under." That meant every low-price car and practically every medium-price car could enter.

But they couldn't match Ford V-8 performance. It left them all far behind and finished the 250 miles in 4 hours and 14 seconds or an average speed of more than 62 miles an hour.

On every road—on every hill—in every traffic tie-up—in every test of performance and reliability—the New Ford V-8 shows the same outstanding superiority that brings it home in front in back-breaking, nerve-racking, quality-testing races at tremendous speed.

Again it proves the outstanding value of the V-8 engine. Again it proves—beyond question of a doubt—that the Ford V-8 gives you more for your money than any other car.

How Newt Barnhart Showed Up Prof. Diggins in Public

(Continued from page 1) While the train of 24 cars was standing on the side track at Bu-

reka, Kas., the place was struck by a cyclone which derailed the train and tied it in knots without, however, injuring any of the animals or the caretakers. The nearby depot was torn to pieces and most of the town was laid waste. So they did not show there. At Salina, Kas., they were held by rain 12 days, with a negro minstrel troop

and an Uncle Tom's Cabin show in the place at the same time. At Lincoln, Neb., the roof of the tent was torn off by wind and never recovered. At Sleepy Eye, Minn., St. Cloud, Minn., and several other towns colts were born to the performing ponies and in that case they were named for the towns where they were born. They took the colts along in the cars. Patience was a main requisite in training dogs, Diggins says. You get results by constant repetition. For that reason a boy is often a good animal trainer because he has nothing else to do and keeps constantly after them. A dog is usually glad to accommodate you, once you understand what you expect from him. Diggins remembered one mongrel cur he picked up on the street who proved himself a natural-born bareback performer. Within three weeks he was the best rider in the troop. He watched the other dogs riding the ponies and imitated them apparently of his own accord, sticking to the bare backs like a leech. Monkeys are bright but not nearly so keen to oblige, but a cat is among the most difficult, since they are entirely indifferent about pleasing you. Diggins trained a dog and cat for a meat-stealing act. A piece of meat would be placed on a chair near the dog and the trainer would walk away. The dog would then steal the meat and eat it. The owner would return and accuse the dog of the theft. The dog would point his paw at the cat which would be near by, and bark as though accusing it. The cat, on this evidence would be hung. That is, a rope would be tied about its neck and it would be hoisted from the ground and then dropped before it suffered any inconveniences. But this last act was a part of Diggins' own show, which he developed after his two years with Gen. Brod.

A RED-LETTER DAY IN HISTORY OF BUCHANAN SCHOOLS, WHEN PUPILS PARADED TO NEW UNION BUILDING

Mrs. Ida Weaver Emerson and Schoolmate Walked at Head of Parade from Old Dewey Ave. School.

There are still a number of elderly people in Buchanan who remember distinctly as one of the outstanding events of their youth the parade of teachers and pupils from the old school house on Second Street (Dewey Avenue) to the new Union school building where the present high school stands. It was on Jan. 12, 1872, that the pupils picked up their books, fell into line with the Buchanan cornet band to furnish the music for their trip to step to, and paraded to their new school home. At least three is one Buchanan woman who has a very vivid memory of it—Mrs. Ida Weaver Emerson, who walked in the front of the parade with Miss Valeria Begole. The Misses Weaver and Begole were chosen to lead the parade because they were the tallest pupils in the school.

It was a fine bright warm day, Mrs. Emerson remembers, so warm that she could hardly believe that it could have been in mid-winter, but that is what it is placed in the old files of the Record. The column formed at 2 p. m. and started east down Second street a block to Oak, thence south to Front, west on Front to Detroit and along that street to the school house. There was great excitement and a tremendous clattering of the files of children walked along the old plank sidewalks. From Front street to the school a plank side walk had been laid for the benefit of the children. There was only one house then, the Begole property, along South Detroit from Front street to the school. The Begole residence still stands on the east side of the street.

The event had been widely heralded and a large crowd from both town and country had assembled. After the pupils had inspected the furniture, rooms and heating apparatus the crowd assembled in the largest room and was called to order by the moderator, George H. Richards. Music by a choir gathered for the occasion followed, then a prayer by Rev. William Coffin and an address by Rev. H. H. Budge.

In the meantime there was an overflow meeting of pupils and patrons in another room which was addressed by Nathan (California) Johnson, Professor Laird, the new "professor," then delivered a few appropriate remarks, after which the meetings closed with doxologies and benedictions. That week the Berrien County Record carried an advertisement (Mr. Stark please note) of the beginning of the winter term on Jan. 15, under the supervision of Professor J. G. Laird, assisted by Miss Emma Nash. Miss Nash later married the merchant, Solomon Estes, and lived many years in the house at the corner of Third and Main now owned by Wilson McLeod. It was announced in the advertisement that all the English branches, Latin, French, music and drawing would be taught.

School Meeting Notes The following minutes of the district school meeting at which the bonds for the Union school were voted was printed in the Record of Sept. 8, 1870:

"There was a large attendance at the annual school meeting on Monday evening last and considerable interest in school affairs was manifested. After considerable debate it was voted unanimously that the district proceed to erect a school house to cost not more than \$25,000 and the school board was instructed to issue the bonds of the district to the amount of \$15,000. The following were the expenditures of the school district for the past year, as per the report of the directors: Teachers wages (seven teachers) \$2,110. Incidental expenses (including the fitting up of rooms in Days and Binns block, \$757.78. Repairing school house, wood-house, fences, etc., \$836.54. Total expenses, \$4,677.33.

## Scrip for the Journey

By Harry W. Staver

I recall reading a story of a little lad about to undergo an operation. It was a trying experience that took courage to face. He knew he must go down into the dark and suffer the surgeon's knife. They were in the operating room, the nurses, the assistants, the lad's father. The ether mask was about to be adjusted. Reaching out his hand, the lad drew his father close and looking up, with a wan smile into his father's face he whispered: "I will not be afraid if you'll stay with me. You will stand by, won't you, Dad? You won't leave me, will you?" Having received his father's promise, a strange peace settled upon his countenance. He was sure his father would keep his word and stand by.

He went down into the dark—the dark of unconsciousness—alone. Yet he didn't go alone. His father went with him, as fathers and mothers always do with their children. Back in the hospital room, consciousness flickered through and the lad opened his drowsy eyes. A faint smile crept across his pallid face as he saw his father still standing by. "Dad—you did—stand by—didn't you. I knew you would. I wasn't afraid. I wasn't—" and then he drooped off again.

He wasn't afraid with his Dad standing by. He had faith in his father's word and therefore he had no fear. He could face the whole business with a smile of inner peace in his heart. I often think of how many have to go down into the dark and to suffer all the things symbolized by the "dark." And sometimes we are scared at the dark, like little children frightened by the shadows. Fear is a real fact of human life and there is only one force capable of conquering it. That force is Faith—firm-footed and sure. By faith we draw God, "the Father of our spirits" down to our needs and a "peace that passes all understanding" comes with His promise: "I will never leave you, nor forsake you." Yes, life can be unafraid, at every step of the way, for the one who is sure in his soul that "Behind the dim unknown Standeth God amid the shadows Keeping watch above His own."

Mr. and Mrs. Guy Hemphill and daughter, Retha, arrived Monday at the home of his brother, Mr. and Mrs. Harry Hemphill and family from Omaha, Nebr., where he has been employed for several months. He will return to his home in Lima, O., after visiting his other brother in Niles.

Miss Kathryn Fortz writes home that she and Miss Mary King are enjoying a stay at St. Petersburg, Fla., and that she has been bathing in the salt water and has enjoyed a plane ride over the city. The crowds in St. Petersburg resorts and business places resemble those of the Century of Progress, she states.

## Tryouts Held For Parts In Senior Play

Even though the senior play will not be staged until nearly the end of the year, tryouts were held in the senior high study hall last Friday under the direction of Mrs. Dunbar.

## H. S. Annual to be Larger Than Last Year

The 1934 volume of the Pines, the high school annual, will consist of 40 pages, eight more than last year's book. This will enable the class to have more added features.

## Adapted Titles

"The Last Roundup"—The Buchanan-Bridgman game.  
"Footlight Parade"—Junior play "Forty-second Street"—Corner of Chicago and Phelps streets.  
"Sittin' Pretty"—Senior class.  
"My Weakness"—Bill Frame.  
"From Headquarters"—Stark's office.  
"Tuck Soup"—so the geometry students say.  
"Ace of Aces"—Dick Schram.  
"The Bureau of Missing Persons"—Mr. Knoblauch's files.  
"Master of Men"—Claude Denno 1934 football captain.  
"Straightaway"—Buchanan high school's new cinder track.  
"Student Prince"—Batchie.  
"After Tonight"—the final game of the tournaments at Niles.  
"College Humor"—Ben Franklin.  
"Mandalay"—Commencement.  
"Alice in Wonderland"—A visitor at our school.  
"It's Great to be Alive"—Curly.  
"Sing, Singer, Sing"—Ed Willard.  
"Brief Moment"—The ten minutes at noon.

## Ticket Sale on For Junior Play

"Come on, buy a ticket. It's gonna be the best junior play since grandpa was a boy, and you'll surely be sorry if you miss it."  
"But-ah-I can't afford to go."  
"Well, I'm telling you right now, you can't afford to miss it either."  
These and similar remarks may be heard around Buchanan since Miss Shriver called a class meeting for the distribution of the tickets, Tuesday morning. After the enthusiastic class has finished selling tickets, the juniors hope to see a full house the night of the play.

## Nick Names

At one time or other nick names are fastened on students, and they cling forever. The majority are granted with them and accept them as they are offered.  
Elaine Donley has been known to everyone as "Teedy" ever since big brother, Carson, discovered his sister needed a nick name.  
Friends were not content to call the cheer leader, Jean; hence Jean Boyd Russell has answered to "Scotty."  
Then there's William Frame. He started in as a freshman as "Till," and a probability will remain "Bill."  
"Aug" Topash was christened Augustine but that name was shortened to August and finally "Aug."  
When Marjorie Hamlin enrolled B. H. S., she was given the name "Hammie" to distinguish her from several other Marjories.  
Dorothy seemed too long a name for the blonde Miss Wheeler, so friends decided to call her "Dot."  
Wilson Crittenden is none other than "Crit." Crittenden proves very difficult to say quickly, and Wilson is rather long; thus he has been named "Crit" since his entrance in B. H. S.  
Among the names bestowed upon Verl Brewer, "Tucky" has stayed the longest. Formerly he was "Cap."  
"The Big Bad Wolf," alias Max, alias Maxwell, Penwell proceeds to be proud of his recent nick names. Through a fiery temper on the grid-iron, he acquired his noble title.  
Inheritance also plays a large part in this business. Melvin Campbell inherited "Cammie" from his sister.

## Attend Meet State Physical Ed Association

A. L. Knoblauch, H. C. Bradford, and P. J. Moore motored to Kalamazoo last Wednesday evening to attend a meeting of the Michigan Physical Education Association.  
The meeting was held in the physical education department of the Western State Teachers College in Kalamazoo.

## New Ag Club Holds Banquet at H. S. Cafeteria

The newly organized agriculture club held a banquet in the cafeteria last Tuesday evening.  
After dinner had been served, a short business meeting was held with President Bill Frame in charge.  
It was decided that a meeting would be held every two weeks, and new members would be charged a small fee before being allowed to enter the club. Also the next meeting would be held for initiation of new members.  
After the meeting had been adjourned, the fellows enjoyed an hour of basketball in the gym.

## Editorial

In his early boyhood George Washington was much like the other lads of his time. He was a real boy, full of pranks, fond of games, and very active. Like most other lads he, when in his early teens, wished to become a sailor. Had George Washington's mother not discouraged this idea he would not be the idol of American youth.

Later Washington became a surveyor, then major of the volunteer forces of Virginia. At the death of his brother he fell heir to a large tobacco plantation. Before the outbreak of the French and Indian war, Governor Dinwiddie appointed this fearless youth as messenger to the French forts. When this war finally broke out, Washington was put in charge of a small reinforcement, and although throughout the war he showed reckless courage he showed no particular ability.  
George Washington also served a term in the Virginia House of Burgesses and was elected to both Continental Congresses. He was appointed commander-in-chief of the continental army at the second Congress. After showing his ability, courage and good sense in the Revolutionary War, George Washington was elected as the first president of the United States. He served two terms and was an important factor in the success of the new government. By unceasing toil his government became our government, and in doing so placed Washington first on the list of American immortals.

## Stray Pup is Guest of the Commercial Dept.

Just before typing class took up Tuesday morning, a small brown puppy trotted past Miss Lucille Quade, the instructor, thru the open door and into the class room.  
Immediately whistles, beckoning calls and murmurs of admiration issued from the amused students.  
The little fellow, his eyes sparkling with mischief and his tail wagging in tense excitement, darted in among the desks, to receive pats on the head from beckoning pupils.  
"Isn't he darling?" trilled the animal-loving girls, while the boys uttered "Heah Fido" calls.  
But the glory and glamor could not continue forever for the little brown dog. As the last gong sounded the squirming, wiggling "pooch" was shown the door by a kind gentleman (Ray Juhl by name).  
The stray mongrel was forgotten amidst the busy hum of typewriters.

## Library News

This week the library work has been such that the librarians were able to snatch a little breathing space. Not much of a one, it is true, but enough so that they will be able to start on the raft of books that need mending with a fairly cheerful attitude.  
The first few weeks of this semester were busy ones as many changes were going into effect, but the librarians now have it fairly well in hand.  
There is a wealth of good and interesting reading in the library that the students are not able to make use of due to the dilapidated condition of the books. These books will be mended as soon as possible and circulated once again.

## Tucky Brewer, No Ventilation Engineer, He Says

"Tucky" Brewer is busy this week denying reports that he has been offered a movie contract to replace Slim Summerville, noted comedian, because of his success in keeping the second hour assembly in an uproar Monday.  
In the midst of the period, one of the windows flew open. Mr. Bradford stretched and jumped, but in vain. The chain on the window was beyond his reach. Finally he called "Tucky," who with an air of superiority, carefully closed it. Just as he turned to jaunt back to his desk, another window banged open. He reached over and repeated his act of kindness.  
Barely had he closed it when the previously closed window opened.  
The virtue of kindness was beginning to grow tiresome. He grabbed at the chain and the window was quickly closed. Immediately he reached his desk and began studying.  
Then bang—the window stood open again. With a disgusted look, "Tucky" continued his studying.  
The assembly enjoyed the fresh air of the frosty morning.

## Who's Who

A very attractive and outstanding member of the junior class is Geneva Trouffetter.

Geneva was born in Buchanan on Feb. 6, sixteen years ago. She entered school at the age of six and since that time has made a very good scholastic record.  
In her freshman year, Geneva was a member of the Latin Club. She is a member of this year's junior play cast.

Chester Wessendorf was born in Buchanan, Jan. 23, 1915. His home has always been in this city. Consequently, he has received his education in the Buchanan public schools. Since Chester entered high school four years ago, he has become very well liked by the other students.

As Chester has great skill in printing and drawing, he often makes posters and does printing for the school. Last year he was advertising manager for the junior play. He looks forward to the time when he will become an architect.

## Class Activities

Commercial Dept.  
The shorthand group has had a test over the rules for admitting t and d. They are now beginning work on the abbreviating principle.  
The junior typing classes are writing letters and speed tests.  
Practice in writing specifications, pay rolls, tables, and other statistical matter is the work which the senior typing group is now taking up.  
The work in bookkeeping constitutes totaling the journals and posting; preparing a trial balance, working sheet, and other statements which are due at the end of the fiscal period.

American Government  
The students in Mrs. Whitman's American Government class are dealing with the chapter entitled, "Origin of the Federal Constitution."  
History 10  
"Peter the Great," is the subject with which the sophomores are working.

Girls' Physical Ed  
Preparations for the gym show are under way. Dances and exercises are the work of the high school classes.  
The grade students are spending their time practicing tumbling.  
The subject of the first aid class this week covers punctured wounds and their remedies.

Science  
The students in the chemistry classes have had inspirations to become "Match Kings," during the past week of studying members of the nitrogen family.

Compounds of phosphorus include matches, fertilizer, and phosphoric acid.  
Another member of this chemical family, arsenic, which has a number of important uses. Among these are: Arsenious oxide used as a heart stimulant and to harden lead shock, which may be caused by shot gun shells.

The remaining two members are antimony which is used in the type metal of newspaper presses, and bismuth which is a constituent of all low melting point alloys.  
Two alloys of bismuth are roses metal and wood metal. The modification of either may be used in the sprinkler system as safety links.

During this week the physics class has been taking up Ampere's right hand rule, which shows the relationship of the direction of electric currents in a wire, and the lines of magnetic force which encircle the wire through which the current is flowing. They have also taken up the study of the electro-magnet.

Journalism  
The journalism class has studied chapter 23, "Meeting and Symposium Interviews."  
The class also has been analyzing different magazines including Time, Readers Digest, Vanity Fair, Forum, Atlantic Monthly, Review of Reviews, Outlook, Scientific American, Fortune, World's Work and the Saturday Review of Literature.

## Class Activities

Citizenship  
The students in the citizenship class are studying the chapter entitled, "Banks and the Community."

English  
The senior English class covered material on the Anglo Saxon Race last week. Friday was their Valmarian Literary Society day in which a program was given.  
Creative writing was featured in the junior class. They chose two types out of three fields: short story, essay and poetry.

Hawthorne's "Great Stone Face" was completed by the 7th graders and note books were made on the story. Exceptional ones were handed in by Carol Dunlap, Betty Ann Miller and Betty Jane Widmoyer. They also memorized "Trees" by Joyce Kilmer.

The freshman English students have had a test over adjectives, adverbs, and the use of quotation marks, and they have begun work on phrases, punctuation of direct address and dates.  
The sophomores have had a test over the American writers of the Romantic period. They have begun chapter five of their Literature and Life books dealing with the four interpreters. The first one studied was Ralph Waldo Emerson.

Mathematics  
Algebra 9 classes are learning all about fractional equations and having problems applying this kind of equation in a practical way.  
The theorem of Pythagoras, one of the most famous theorems of geometry, is this week's geometry rule. This theorem is used to solve four sides of right triangles. The theorem states, "The sum of the squares of the sides about the right angle is equal to the square of the hypotenuse."  
Trigonometry students have begun the finding of the functions of right angles of any magnitude. They are making geographical representations of this magnitude.

## Languages

The formation and comparison of adverbs is the interesting work of the first year Latin class. Miss Shriver has finished reading "The Unwilling Vestal," by Edward Lucas White.

Latin 10 students are reading about the Greek heroes. Also they are taking up gerunds.  
First Year French students are reading in their Pas de Pas books. They are studying these verses for vocabulary forms, and they are taking down some dictation in French.

Miss Shriver has finished reading "Around the World in Eight Days," by Jules Verne, to the senior French class, and the students have started reading in the French book, La France et Les Francais, the chapter on "The Family and the French Society." They have finished reading Le Petit Journal, the French Newspaper for Feb. 15. The essay for this week is, "Why I Like to Eat . . ."

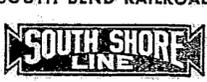

The morning division of the kindergarten was glad to welcome Eugene Spata back to school. He has been ill with whooping cough. The afternoon division of the kindergarten was glad to have our twins, Jannette and Jean Menover back in school again after an illness of whooping cough.

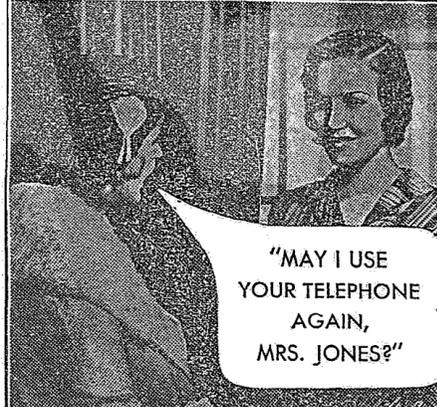

Mary Elizabeth McKinnon brought us the book, "The Farm Twins" for our Story Hour. She also brought two dolls, representing the twins in the story.

Mr. Bradford's gym classes have continued to work on the gym show. Max Penwell, James Everingham, Robert Watson, Louis Walls, and William Zachman of the senior class, will take part in various events.

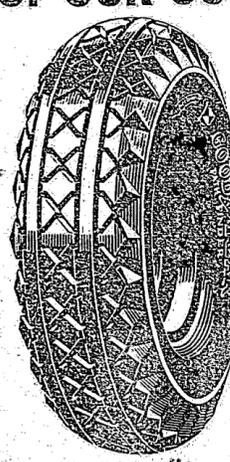

The 7th and 8th graders are starting the story "Evangeline" and are keeping a note book of their daily work.

NILES CIVIC ORCHESTRA

A number of local young people play in the Niles musical organization which will be heard at the Methodist church next Sunday evening. The director, Francis Heinlen, states that 43 players will appear here Sunday night in a mixed selection of classic and popular selections.

Church Services

Dayton Methodist Church - Rev. A. Niles, pastor. Preaching service at 1:30. Sunday School immediately following.

Church of Christ - 10 a. m. Bible school followed by communion service. 5:45 p. m. Christian Endeavor. 7:30 p. m. Thursday. Bible study and prayer meeting.

St. Anthony's Roman Catholic Church - Pastor, Rev. Father John Ralph Day. Masses at 8 a. m. on each first and third Sunday of the month and at 10 a. m. on each second and fourth Sunday, and at 7 a. m. on the first Friday of each month.

L. D. S. Church - 10 a. m. Sunday School. 11 a. m. Preaching service. 6:30 p. m. Preaching services. Prayer meeting at church at 7:30 p. m. Wednesday evening.

Christian Science Church - Sunday School at 9:45 a. m. Sunday Service at 11 a. m. Subject, "Mind." Wednesday evening meeting at 7:45.

Evangelical Church - Wm. F. Boettcher, Minister. 10 a. m. Sunday School. 11 a. m. Morning worship, "The Sacrificial Life." 6 p. m. League service. Topic, "Great Religious Leaders." Leaders, admits, T. E. VanEvery; young people, Marian VanEvery.

Methodist Episcopal Church - Thomas Rice, Minister. Sunday School at 10 o'clock. It was encouraging to officers and teachers to see such a large number at Sunday School last Sunday morning. Arthur Mann and Mrs. Glenn Haslett are our superintendents.

Morning worship at 11 o'clock. The special music will be an anthem by the choir under the direction of Mrs. Con Kelley. Sermon subject, "Lent and Sacrifice." Take advantage of these Lenten days to take time out for God, the result will be the strengthening of those spiritual values that mean so much in these difficult days.

Epworth League at 6 o'clock. Dr. W. F. Kendrick gave a splendid message to a large group of young people last Sunday. The Epworth League of Niles will be our guests this Sunday. Every League member on hand.

The feature of the evening service will be a sacred concert by the Niles Civic orchestra under the direction of Mr. Francis Heinlen. Mr. Heinlen says he expects 43 players to take part in this concert. Some of the players are our own Buchanan young people. Plan to enjoy this. The service begins at 7 o'clock.

Morning worship at Orozoko at 9 o'clock. What could be nicer one of these spring-like mornings than to enjoy this "Sweet hour of prayer" and fellowship.

The second series of pilgrimages to the Holy Land will be given on Tuesday evening, Feb. 27. Those who saw the last pictures were impressed by the interesting descriptions given by Rev. John Everington and by the beautiful pictures he had painted himself. We will begin the pictures this Tuesday at 7 p. m. The title of this series will be "A Pilgrimage to Nazareth and Bethlehem." There is no admission, but a free will offering.

A sermon taken from the book of Luke will be given by the pastor.

Evening service. There will be a varied program at 7:30. A group of young people from Buchanan will attend the district conference of the B. Y. P. U. at the First Church of the Brethren Sunday afternoon and evening.

Christian Science Churches - "Mind" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, Feb. 26.

Among the Bible citations is this passage (Isa. 43:1): "But now thus saith the Lord that created thee, O Jacob, and he that formed thee, O Israel, Fear not: for I have redeemed thee, I have called thee by thy name; thou art mine."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 331): "Everything in God's universe expresses Him. He is all-inclusive, and is reflected by all that is real and eternal and by nothing else. He fills all space, and it is impossible to conceive of such omnipresence and individuality except as infinite Spirit or Mind."

First Presbyterian Church - Harry W. Staver, Minister. Church school at 10 a. m. Supt. A. J. George. Human life, young or mature, needs the inspirational and spiritual contacts which the church school enables and the church provides. To deny oneself such contacts is to cripple and impoverish life at the point of its greatest need.

Morning Worship at 11 a. m. The pastor will preach the second sermon in the Lenten series on "Truths that Never Perish." The

Windstorm Co. Report Shows Fine Condition

The Michigan Mutual Windstorm Insurance company of Hastings is the oldest and largest company of its kind operating in Michigan. Its history over a period of 48 years, since its organization in 1885, has been one of continuous growth and successful operation. Over four million dollars have been paid during this period to Michigan property owners for losses sustained by severe windstorms.

L. W. Sunday, president; Guy E. Crook, vice-president; E. A. Parker, secretary treasurer; and twelve directors located in as many different sections of the state constitute the governing body of this great company. There are also about nine hundred agents scattered over Michigan looking after the writing of new business.

The annual report shows the company to be in splendid financial position, with over three hundred fifty million dollars' insurance at risk and a membership of 94,761.

The fairness of this company's adjustment and the promptness with which it settles its claims has won high praise and appreciation from its patrons.

Past experience has demonstrated that devastating winds in Michigan are almost sure occurrences every year. This company has paid losses of considerable amount every year since 1893.

This is a company of which the people of Michigan should feel justly proud because of its fine record of continuous and satisfactory service, rebuilding thousands of buildings throughout the state that could not have been replaced had the owners been uninsured. -Hastings Banner, Feb. 21, 1934.

Medicine From Antler Fur - The soft fur-covered antlers of Siberian stags have been used for centuries by Chinese and Tibetan for medicinal purposes. A Russian scientist states that there are medicinal properties in the antler fur.

The Favor of Other Men

Unless two pints of bile juice flow daily from your liver into your bowels, your food decays in your bowels. This poisons your whole body. Movements get hard and constipated. You get yellow tongue, yellow skin, pimples, dull eyes, bad breath, bad taste, gas, dizziness, headache. You have become an ugly-looking, foul-smelling, sour-thinking person. You have lost your personal charm. Everybody wants to run from you.

But don't take salts, mineral waters, oils, laxative pills, laxative candies or chewing gums and expect them to get rid of this poison that destroys your personal charm. They can't do it, for they only move out the bile and your bowels are still full of the decayed poison. Cosmetics won't help at all.

Richard Barthelmess plays in "Massacre" at Hollywood Sunday and Monday

### Richard Barthelmess Plays in "Massacre" Hollywood Sun. Mon.

Richard Barthelmess' latest picture, "Massacre" will be shown on the Hollywood screen starting Sunday for two days only. "Massacre" is an unusual romance with the unique love triangle of a wealthy white society girl as the rival of an Indian maid for the heart of a Sioux brave.

Barthelmess has the role of the dashing young Indian youth whose magnificent physique and daredevil riding sets the hearts of the gentler sex aflutter. Ann Dvorak plays the part of the Indian maid, while Claire Dodd is the flirtatious society siren.

The picture is crammed with fast action and thrilling episodes, including an Indian uprising and the burning of a reservation settlement. There are colorful scenes which revive the ancient Indian stamping ground at Chatsworth, near Hollywood, and in the surrounding desert around the water holes where the Redmen once camped.

Three hundred real Indians, representing twelve tribes, appear in bit parts and extra roles, forming a picturesque background for the stirring events. Chief Standing Bear of the Sioux tribe, acted as technical advisor in order to insure the accuracy of the Indian scenes. "Massacre" is a red-blooded film story that every man, woman and child will delight in seeing.

IT SHOWS UP IN THEIR SCHOOL MARKS

Reading, 'riting and 'rithmetic come easy to boys and girls who drink a lot of milk, for milk brings health—builds up a strong body and an active mind. So Mothers, one-half of the job of making your child a success in school belongs to you. If you give your child at least a quart of milk a day as a beverage, in creamed dishes, soups and desserts you'll be doing your part in helping your child get high marks in every subject. For milk that's pure and wholesome call 67, and we'll deliver to your home.
