

High School, Grade Pupils to Present Annual Musical Concert at Auditorium Sun.

Now Here's the Proposition

Well, friends and neighbors, all we know this week is just what we picked up in the barber shops and drug stores and from our assorted list of choice telephone numbers.

We received a spring consignment of weather this week for our customers, including some late winter white models with icicle trimmings and some warmer shades of pale green with trimmings of faint crocus and dandelion shades. By next week we expect some fresh weather consignments of deeper green with lilac trimmings, which we think you will like.

The report that several blue birds were seen on Front street in the past week has simmered down to the fact that some of the state police boys have been standing on the corners in stauzeque attitudes, looking for John Dillinger or something. At that time robin's egg blue uniforms are something to turn around and look at.

Reports in neighboring towns that the advance guards of purple martins have just arrived this week are slightly late, as Happy Martin announced that his bird houses on Terre Coupe were tenanted by martins two weeks ago.

Sharing the spotlight with friend Dillinger and the state police are the spring beauties who are taking the field for the annual selection of bud queen and the judges are sure going to have a swell bunch of posies to pick from and no kidding. We're glad somebody else will have the picking, although if you leave it to our judgment, well, ahem-m-m, we're a mean picker.

Another note in spring styles is that thoughtful look which the local taxpayers are wearing, thinking about the bond election, although we got a notion a lot of them have their minds made up and we are ready to bet which way.

John Andrews, the eminent Terre Coupe gardener was seen the first of the week shopping for garden seeds, which reminds us of the fact that we have starting us right in the face our annual effort in the kitchen garden line. We always start out strong but quite often wind up in the fresh vegetable department of the local groceries. This year its going to be different and there's some Third street gardeners that are going to take a back seat or else we have misjudged our better half's ability with the hoe.

LOCAL YOUTH REVIVE SPORT OF GAY NINETIES IN BICYCLE EXCURSION TO CONSTANTINE DURING THE VACATION

Recall Days When Bill House and George Richards were Star Scorers and Century Club Membership was Youth's Ambition.

The spring vacation bicycle hike made by several young gentlemen of Buchanan, i. e. Dale Lyon, Bill Strayer, Edward and Louis Pascoe, calls to mind that a generation back such jaunts were quite the thing among the young men of sporting blood and a number of such were recorded in the press of the day.

The above named boys worked their way by bicycle over the forty mile stretch to Constantine and return, visiting at the Stears home there. They report that the trip required in the neighborhood of three hours each way. Back in the more or less Gay Nineties the cyclists had to do their stuff on dirt roads under circumstances which would daunt the youth of today. At that they occasionally made their hundred miles a day, which entitled them to membership in the "Century Club."

If there is one thing more than another that is symbolical of the so-called "gay nineties" it is the bicycle and Buchanan in common with all the land had its wheeling craze, when it was the height of the local boys ambition to attain membership in the "Century Club" and the bicycle races were the main features of any open air celebration.

Then it was the wont of all the young bloods of the city on Sunday

PURDUE MAN TALKS ADVANTAGE STATE COASTAL HIGHWAY

Mishawaka Lions in Charge of Initiation of Eight New Candidates; Many Guests Attend.

The development of a chain highway girding the shores of the Great Lakes in the state of Michigan, was the suggestion of Dr. Phillips, of the department of history and economics of Purdue University, in an address before the local Lions club Wednesday evening of last week.

A native of the Upper Peninsula of Michigan, and a frequent visitor there, Dr. Phillips paid an eloquent tribute to the beauties of the state which he stated were not apparently appreciated and advertised by its own citizens. Michigan has on its borders, he stated, the largest and most beautiful freshwater lake in the world, Lake Superior. The Pictured Rocks and the vast forests of the wilds of the Upper Peninsula, the forests, dunes and lakes of the Lower Peninsula, he stated, make the state a vacation ground not even second to Florida and California, once its advantages are properly publicized.

The northern sections of Michigan will some time rank as a great winter playground, where city dwellers will taste the undeffiled ozone of the forest and wilderness while enjoying skiing, snowshoeing, skating and other sports of the wintry out-of-doors. The beauty of wintry snows in the fir, spruce and pine country will ultimately be an attraction that will draw thousands of tourists, he stated. Dr. Phillips recommended to the Lions the publication of the scenic glories of the state as a proper project.

Eight candidates were inducted into the local Lions Den, as follows: Oscar Swartz, Arthur Johnston, J. C. Wilson, Walter Hawes, Charles Bouws, Glenn Smith, Lambert Babcock and Dr. Hubert Peck.

Atty. Philip Landsman introduced his fellow barrister, Atty. A. A. Worthington as the 1934 nominee of the club for honorary membership in a stirring address. The induction of the eight local candidates was in charge of President Kern and past District Governor Bill French, both of Mishawaka. A large number of guests were present from the Kokomo, Lafayette, Arkhant, Mishawaka and St. Joseph dens.

Lesson scripture: I Tim. 3.
Note. According to commentators, bishop means overseer, or one who has the charge and direction of anything. The most common acceptance of the word is that which is given in Acts 20:28 and Philippians 1:1 margin. In these texts it signifies the pastor of a church, and is equivalent to elder.
The family of the one suggested for office should be considered. Are they in subjection? Can the man rule his own house with honor? What character have his children? If he has no tact, wisdom or power of Godliness at home in managing his own family, it is safe to conclude that the same defects will be carried into the church, and the same unsanctified management will be seen there.
Preaching service at 11:15 a. m.

Christian Science Churches
"Doctrine of Atonement" will be the subject of the Lesson-Sermon in all Christian Science churches

throughout the world on Sunday, April 22.
Among the Bible citations is this passage (Isaiah 52:9, 10): "Break forth into joy, sing together, ye waste places of Jerusalem; for the Lord hath comforted his people, he hath redeemed Jerusalem. The Lord hath made bare his holy arm in the eyes of all the nations; and all the ends of the earth shall see the salvation of our God."
Correlative passages to be read from the Christian Science text-book, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 24): "He to whom 'the arm of the Lord' is revealed will believe our report, and rise into newness of life with regeneration. This is having part in the atonement; this is the understanding, in which Jesus suffered and triumphed."

To Questions
By P. C. Cripps, M. D.
Q. I get attacks of indigestion and the gas presses up around my throat. I belch gas frequently and I have a burning sensation in my chest. What can I do to help in this condition?
Ans.—Usually such cases are benefited by strict diet of vegetables or milk. A good tonic like Dr. Pierce's Golden Medical Discovery is used by many people and has my greatest confidence. To be had at any drug store.

DRAIN OUT OIL-EATING SLUDGE NOW

Change to anti-sludge Iso-Vis "D"—
Keep sludge out—save oil

It is time to change to a heavier grade of motor oil. And when you change, remember this: The greatest cause of high oil consumption in automobile engines is sludge—sludge that fouls filters, makes valves sluggish so you lose gasoline power and mileage, and causes rings to stick and pump oil.

Also remember this: You can keep sludge out of your motor by using Iso-Vis "D", the anti-sludge motor oil. Because it does not sludge, Iso-Vis "D" keeps rings lively and free, reducing oil consumption to the minimum. That's why Iso-Vis "D" uses less oil—add fewer quarts between drains. It's the most economical, fine lubrication you can buy.

ISO-VIS "D" 25c a qt.
PLUS FEDERAL TAX 1c a qt.
TOTAL 26c a qt.

Drive into your closest Standard Oil Station. Your Standard Service man will drain and change to the proper grade of Iso-Vis "D" in 8 minutes or less. Then you'll be rid of sludge and you'll keep your oil cost to the minimum.

Scrip for the Journey

By Harry W. Staver

"The Creed of Kindness" There is a quatrain which runs like this: "So many gods, so many creeds, So many paths that wind and wind, While just the art of being kind Is all the sad world needs."

I don't think that kindness is all this "sad world" needs, but it certainly needs that tremendously. And it takes the insight of no seer to understand that there would be and could be less pain for men to suffer, less poverty to endure and fewer tears to shed if everyone of us were kinder than we are.

Ruskin, writing in his lecture on "The Religion of Art to Morals," indicates that the lack of kindness is due to a lack of consideration. He says: "It is constantly said that human nature is heartless. Do not believe it. Human nature is kind and generous; but it is narrow and blind; and can only with difficulty conceive anything but what it immediately sees and feels. People would instantly care for others as well as themselves if only they could imagine others as well as themselves. Let a child fall into the river before the roughest man's eyes, and he will usually do what he can to get it out, even at some risk to himself. Let the same man be shown that hundreds of children are dying of fever for want of some sanitary measure which it will cost him trouble to urge and he will make no effort."

Maybe Ruskin is right and the reason for our lack of kindness is because we are "blind and narrow." Maybe we ought to excuse all unkindness on that basis. But somehow the persuasion persists that most of the unkindness would never need to be if we stopped a moment to think. Such blindness can be cured and such narrowness can be done away. And what can be done ought to be done.

AT THE THEATRE

Gable-Colbert in "It Happened One Night" Hollywood Sun-Mon.

Clark Gable and Claudette Colbert in "It Happened One Night"—A Columbia Picture

That "It Happened One Night," which is the screen feature to be presented at the Hollywood next Sunday and Monday (two days only to make room for the selection of Miss Buchanan Tuesday night) might possibly have emerged as anything but the grand entertainment that it really is, is a prospect hardly compatible with the film's great cast, great story and great director. How, for instance, could the picture fall to "click" in the parlance of the studios, with Clark Gable and Claudette Colbert co-starring together for the first time on the screen, with Frank Capra directing--the same Capra that gave motion pictures "Lady for a Day," "Delightful" and "Submarine," and with Robert Riskin writing the screen play based on the Cosmopolitan magazine story, "Night Bus," by Samuel Hopkins Adams, Gable, as the cynical, rough newspaper reporter, Peter Warner, is again the Gable the fans want to see. He treats Claudette rough and she likes it. Miss Colbert, as the runaway heiress, Ellen Andrews, is human, lovable and tantalizing. She has never before met a man like Peter, who tells her she's worthless, spoiled and selfish. Claudette first resents this treatment, then tolerates it, and finally LOVES it!

Summing up, "It Happened One Night" can be listed as something to see on your calendar of motion picture events, its brilliant theme coupled with the genuinely human and lovable characters, makes it one of the year's best to come from Hollywood. The attempts of a father to gain the love of a daughter twenty years after he deserted her as an infant meet baffling obstacles, which are depicted in amusing and serious style in John Barrymore's newest starring picture, "Long Lost Father," with Helen Chandler and Donald Cook, at the Hollywood tomorrow (Friday) and Saturday as feature number one of another double feature show. "Graham Green's best-selling novel comes to the screen of the Hollywood as feature number two, under its original title, "Orient Express," reported to be even more sensational than the book. Fox has reconstructed on an exact scale the deluxe train with its coaches and thundering engines, its cosmopolitan dining cars, and the milling crowds and noisy stations of Europe. Heather Angel, Norman Foster and Ralph Morgan have the lead roles. Tuesday night only, April 24th, Miss Buchanan will be selected from a bevy of Buchanan beauties on the stage of the Hollywood, with the possibility of fifteen or more girls competing. In addition to the selection of honor girl for Blossom week, a program of singing and dancing vaudeville acts will be presented on the stage with the screen offering to be Marion Davies and Bing Crosby in "Going Hollywood," a smash musical romance with Fifi D'Orsay, Stuart Irwin, Ned Sparks, Patsy Kelley and the three Radio Rogues in support of the two top-notch stars. Several new songs have been introduced, including "We'll Make Hay While the Sun Shines," "After Sundown," "Temptation," "Going Hollywood," and "Cinderella's Fella."

One of the most hilarious take-offs on the film colony, which comes from Hollywood itself, will be found in the latest Warner Bros. picture starring James Cagney, "Lady Killer," opening at the Hollywood on Bargain Nights next week Wednesday and Thursday. It is based on the story by Rosaline Shaffer, in which she relates the astounding rise to fame and fortune of a young ex-crook by a unique and brazen publicity method. The story is said to be an actual revelation of the facts in the climb to success of a well-known Hollywood player, that is, insofar as the motion picture sequences only are concerned. Cagney is supported by a strong cast which includes Mac Clarke, Margaret Lindsay, Henry O'Neill and Leslie Fenton.
