

Senior Class To Present Reyatta As Commencement Play at Auditorium May 4

Now Here's the Proposition

Well, friends and neighbors things is pretty quiet this week since the embattled taxpayers chased the bond issue under cover Monday.

H. Boyce, C. Dunbar Bob Rinker in Game Sheriffs vs. Co. Dads

Harry Boyce, former New Troy baseball player, will show his stuff again as a member of the team representing the board of county supervisors in their contest with the Sheriff's nine May 11.

September and October are generally the months for baseball classics, but not so in Berrien county.

In connection with the coming Blossom week celebration in the twin cities, Benton Harbor and St. Joseph, officials in charge have arranged a game between the Berrien county board of supervisors and the Berrien County Sheriffs office, strengthened by twin city police.

The game, scheduled for the second year in a row, will be played Friday, May 11, at the House of David park.

The Blossom queen and court of beauties will attend and everything points to a real afternoon. The sheriff's office team, aided by some fine pitching by Sheriff Chas. L. Miller won last year's contest, 11 to 3.

Business arrangements in connection with the game are being jointly handled by Undersheriff Raymond Granzow and Blossom Week committee members.

Record Receives Article on C. C. Tourist Log Cabin

Consequent on the publication of the article in the Record of last week on the log cabin Chamber of Commerce headquarters at Burton, O., we received a copy of the Geauga (Co.) Leader, published at Burton, carrying a report of the success of the project.

The Chamber of Commerce ran an advertisement in the Express Messenger, a magazine published by the Railway Express company, and as a result the cabin headquarters has received not less than an order daily from all parts of the country, for maple syrup, sugar and cream, which are among the leading products of the county.

Crowds have visited the camp every Sunday, attracted by the wide publicity it has received, and have purchased a large amount of syrup and maple sugar direct.

High School Chorus Entertains Lions at Meeting Last Night

The Lions Club were delightfully entertained last night by several selections sung by the high school chorus, including two negro spirituals and the old-time favorite "Billy Boy."

J. EVERINGHAM HEADS CAST OF TWELVE IN PLAY

Several Experienced Players of Other Years Appear in Drama Marked by Comic Interest.

"Regatta," choice of the senior class for their commencement play, will be presented at the high school auditorium tomorrow night, May 4, beginning at 8 p. m., with a cast of twelve, directed by Mrs. Velma Dunbar. The following advance notice was written by a member of the Microphone staff: It's full of speed, the thunder of high powered racing motors, thrills and laughs, this 1934 senior play, "Regatta," written by Ruth McKennan. Supercharged action, timed to the tempo of the whining of motors, and mile a minute laughs!

Jack Hartford, played by George Spatta, is hired to pilot the boat. Those who remember Mr. Spatta's performance in "The Boomer," presented by the junior cast of last year, may recall his superb acting and rest assured that in "Regatta" Mr. Spatta will far eclipse his former presentation.

As the day of the race nears, Mrs. Winsborough, portrayed by Audrey McClen, and her daughter, Cynthia, (Jane Briney), who thru her dear mamma's efforts, is becoming engaged to Mr. Worthington, arrive in the Worthington household to complicate matters.

Everyone will remember Miss McClen's comic interest part in "The Boomer" of last year. Her remarkable characterization of this year will arouse more interest than before. Jane Briney is also a veteran from last year's play.

Ted Worthington, characterized by Chandos Jackson, another weathered actor, is an aviator whose attempt to demonstrate a safety device on his plane ends in near disaster. Still other complications set in when the plans for the safety device are stolen, with suspicion thrown upon Jack Hartford.

John Godfrey as John, an old servant, fills the role of a crook adeptly. Jean Russell and Mary Donley portray the parts of Virginia, capricious daughter of Mr. Worthington and Mr. Worthington's secretary, respectively.

Other members of the cast are Marjorie Hamilton, Richard Boone, Ethel Sibley, and Lee Frame. Although none are seasoned players, they all portray their characters in a very excellent manner.

"Regatta" is directed by Mrs. Velma Dunbar, local high school instructor in English and for many years director of the senior plays. It is to be given Friday evening, May 4, at 8 o'clock. The price of general admission is 25c. Seats may be reserved at Glenn Smith's for an additional fee of 10c.

Assisting in assuring a successful presentation are these various committees:

Publicity and tickets, Carson Donley, Helen Spatta and Rosemarie Schlee. Art work, Rosemarie Schlee and Maxine Howe. Music, Ralph R. Robinson and the Buchanan high school orchestra.

Stage managers are Paul Moore, Lowell Batchelor, George Remington and William Franklin.

Blackhawk Leased as Recreation Camp for Girls June 4-30

Blackhawk camp, constructed five years ago as summer vacation grounds for the Boy Scouts of Aurora and Harvey, Ill., has been leased for use to a girls' camp from June 4 to June 30 of this summer, with Miss Martha C. Carr of the Thornton Township high school of Harvey as director.

The Blackhawk camp is easily one of the most beautiful vacation resorts in this section and it has been most regrettable that adverse financial conditions have precluded its full use in the past three years. It is located on 20 acres of wooded land three miles north of Buchanan on the west bank of the St. Joseph river. There is a fine lodge and a number of smaller buildings, also considerable waterfront apparatus.

The charge for a week at the camp will be \$9 of which \$5 is payable with the application and the remainder on arrival at camp. Reservations must be received not later than May 15. All applications should be sent to Miss Martha Carr, Thornton Township high school, Harvey, Ill.

CLARK EQUIPMENT VOTES INCREASE IN BASE WAGES

Increase to be Retroactive Until May 1; Directors Vote Dividend 1 1/2 on Preferred, 20c on Common.

An increase of the base wage rate paid employees of the Clark Equipment company was voted by the board of directors following the annual meeting of stockholders and directors at the company auditorium Monday, April 30, effective in all plants.

The increase will be on the sliding scale principal and will be proportionately larger in the lower brackets of pay. The company statement is: "The directors decided that notwithstanding the fact that the base rate of pay in the shops had not been reduced since 1923, nevertheless, the recent improvement in conditions justified a modest increase in base rates at this time and the officers were instructed to increase these rates in all plants as quickly as the details could be worked out, all changes to be dated back to May 1.

All officers were re-elected as follows: president, Eugene B. Clark; vice president, E. B. Ross; vice president, M. L. Hamlin; vice president, Frank Haight; vice president, R. J. Burrows; secretary and treasurer, A. S. Bonner; assistant secretary and treasurer, Hazel Miles.

Rodney Marble, Galien Hermit, is Found Dead

Rodney Marble, Galien hermit, believed to be about 70 years of age, was found dead at his shack on the north side of M-60 west of Dayton Tuesday afternoon when Harvey Swem, justice of the peace, and Carl Renberger, supervisor, arrived to take him to the county infirmary to be treated for an infected foot.

It was believed that his death was due to heart trouble, as he was found sitting upright in his chair, with a coffee pot in his lap. He had lived in the shack by the highway about 25 years, moving there from Dayton after his home in that place burned. The first house built on the little tract of land which he owned by the highway also burned.

He worked occasionally for neighboring farmers, cut his own wood and so eked out a living until confined by illness.

Parent Teachers Hold Last Meeting

The Parent Teachers Association held its last meeting of the year Monday at the high school, Mrs. A. G. Haslett presenting a paper on "Children's Literature" and Mrs. Mabel Walton a paper on "Your Child and His Morale." The association voted to reimburse the physicians who aided in the administration of the anti-toxin.

Bethanyites Honor Atty. Worthington on 77th Birthday

The members of the Bethany class of the Methodist church, honored their teacher of 29 years, Atty. A. A. Worthington, on the occasion of his 77th birthday at a pot luck supper and social time at the church basement Monday evening. Mrs. Ruth Roe was in charge as mistress of ceremonies. Atty. Philip Landsman was a guest and made the presentation speech when the guest of honor received a beautiful cake and a potted plant as tokens from the class. Atty. Worthington replied in a speech of acceptance and Rev. Rice paid a tribute to his work in a short talk. Fifty-six attended the supper.

BUCHANAN TEAM IS ENTERED IN COUNTY LEAGUE

Will Compete with Nines of Bridgman, Sawyer, Baroda, Glendora, Lakeside, Dayton, New Buffalo.

Organization was completed last week of the new Community baseball league for Southern Berrien County, playing schedule to begin May 20, with a roster of from eight to ten teams, seven of which have already enrolled.

The teams already enrolled and their managers are: New Buffalo, Clyde Drake; Lakeside, Harvey Sorrenson; Sawyer, Harry Olson; Bridgman, John Ott; Glendora, George Paul; Baroda, Art Kolberg; Buchanan, Robert Reamer. The officers of the league are: president, O. A. (Bun) Baldwin, Bridgman; vice president, William Guhl, New Buffalo; secretary, Walter Hawes, Buchanan; treasurer, C. J. Peck, Sawyer.

The Dayton team has signified an intention to accept an invitation to join. Included in the articles of organization are the following provisions: The league shall be managed entirely along amateur lines so that the eligibility of high school players shall be in no way jeopardized.

Each team manager shall determine whether he shall charge admission or take a collection, taking into consideration the state eligibility rules on that matter. Each team will carry fifteen regular players, with three reserves. Players and managers in uniform shall be barred from smoking while in play or on the bench.

Each team shall select its own umpire, the pay to be \$1 per game. The receipts of each game shall be split fifty-fifty after the cost of baseball has been deducted. The Worth ball shall be declared the official ball for league play.

It was the sense of the directors of the league that the summer schedule be divided in two parts, with a play-off between the winner of the two periods at the end of the summer.

Widow of Dr. Wm. Bradley Buried Here

The remains of Mrs. Rachel Cummings McLean, a sister-in-law of Mrs. Addie Haas, were brought to Buchanan Sunday from Salt Lake City for interment beside the body of her first husband, Dr. William Bradley, in Oak Ridge cemetery. The remains were accompanied here by Paul Bradley of Ogden, Utah, a classmate of Francis Hiller at Harvard University.

Dr. Bradley died in Cedar Rapids, Ia., in 1912. He was the son of Henry Bradley, who lived north of Buchanan. He studied medicine in the office of Dr. Henderson, Sr., here. He began practice at Coal City, Ill., where he married Miss Rachel Cummings who was buried by his side Sunday.

Playbox to Begin Rehearsals Next Week on 3-Act Play

The Playbox group of players will begin rehearsals next week for the presentation some time in May of "The Mysterious Mrs. Updike," a mystery-comedy in three acts by Marion Short. This is a royalty play, a higher type than anything previously produced by the Playbox. Howard Barbour will direct the cast, which calls for seven female and five male parts.

Hollywood Changes Starting Time to 7:15 P. M.

For the benefit of early theatre-goers, as well as those coming late for the second show, the Hollywood theatre announces a definite new starting time under daylight savings of 7:15 p. m., rather than the original intention of starting the first show at 7:30 p. m. This policy, however, is with the exception of double feature programs on Friday and Saturday, when the first show will start at 7 p. m. to allow for the extra long show. Under this policy the average single feature first show will end between 9:00 and 9:15, the box office remaining open until 9:30 to 9:35, Friday and Saturday nights included, giving second show patrons up until that time on all nights to see a complete show. Doors will open at 6:45 p. m., and on Fridays and Saturdays at 6:30 p. m.

LAST RITES FOR LAST GALIEN CIVIL WAR VET

Samuel Jackson, 94, Oldest Galien Resident, Came Here in 1850; Wounded in Civil War.

Samuel M. Jackson, 94, last remaining Civil War veteran of the Galien district, died at the home of his daughter, Mrs. Daisy Horner, at midnight Monday night.

He was born in Grant county, Ind., Aug. 31, 1840. He had made his home with his daughter here since the death of his wife fourteen years ago. He came to Galien with his parents in 1850 and spent all his life in this district with the exception of Civil War service. He enlisted as a member of Company D, 17th Michigan Infantry in the Army of the Potomac under General Grant. He was discharged and re-enlisted in the 12th Michigan Infantry. He saw service at the bombardment of South Mountain and he was wounded in the arm at the bloody battle of Antietam. He also had the distinction of being the oldest Galien citizen in point of residence.

In addition to his daughter he is survived by a son, Delbert Jackson of Galien. The funeral services will be held Thursday, May 4, at 2 p. m. conducted by Rev. J. W. McKnight. He will be buried in the Galien cemetery.

ORCHARD EXPECTS BETTER SEASON IN 1934

To Open Club House Next Saturday; Drive for Membership On; Dues Same as in 1933.

The Orchard Hills Country Club is entering the 1934 season with very bright prospects, according to a letter sent recently to all members by the president, E. B. Ross. At a recent meeting of the directors committees for the coming year were appointed and are now beginning active operations in their departments. An urgent invitation was extended to all members to co-operate to the fullest extent in the activities offered by the committees in order that the season might be the most successful in the history of the club.

The directors reported the financial condition of the club to be sound. All members were urged to attend as far as possible all of the activities listed in the forthcoming yearbook which will soon be sent out. The officers are planning an intensive drive for membership and asked the co-operation of the entire club with the chairman of that department, Fred R. Eaglesfield, to interest prospects and bring them to the club. The dues, greens fees and other charges are the same as last year. The house committee, C. D. Arnold chairman, is making arrangements to open the club house next Saturday.

Ralph Pffingst, Captain of Western State Track Team

Ralph Pffingst of Buchanan is beginning his third outdoor track season on Western State Teachers college track team, and is now captain of the team. Specializing in the 440 yard dash, Pffingst has established a reputation throughout the middlewest for his outstanding achievements the past three years. He is a former Buchanan High School sprinting star.

While just a sophomore, he tied the state record in the 440 at the State Intercollegiate meet at East Lansing and last year as a junior he ran as anchor man on the winning relay team at the famous Penn Relays in Philadelphia. This past winter in the indoor season he continued his fine work by winning his favorite event in the Central Intercollegiate meet at Notre Dame.

The Buchanan star is unquestionably one of the best track men to ever run for Western, and the Hilltoppers have had many well known aces. He was sick in the hospital here at the beginning of the term, but it is believed that he has recovered sufficiently to finish his career in fine style in such meets as duals with Marquette University, Detroit University, the University of Chicago, and North Central of Illinois, and the State Intercollegiate at East Lansing and Central Intercollegiate at Milwaukee which remain on the Western schedule.

Am. Legion Builds Mounds at Cemetery As Monument Base

A force of American Legion men worked with trucks at the Oak Ridge cemetery Saturday, building up the circular mound on the lot which was presented to the organization by the city. Sixty loads of dirt were placed on the lot Saturday, and a force of men and trucks will again work Saturday. It is the plan of the committee in charge, George Chubb, chairman, to build a mound for a base for a monument to be erected later. There will be terraces on the mound for graves. A cement curb is to be built around the lot and a cement drive will encircle it. A drive is also planned west from the mound to the edge of the cemetery.

Chicago Man Buys Chas. Dickow Farm On Clear Lake Road

The Charles Dickow farm of 102 acres on the Clear Lake road two and a half miles west of Buchanan was sold last week through the agency of the E. C. Wonderlich Realty Company to A. Johnson, Chicago. The new owner is installing a tenant for the summer and will move out later. Mr. Dickow has purchased the B. She is a member of Delta Delta Delta and Alpha Gamma Delta sororities, the finance committee of the campus Y. W. C. A. and was recently appointed head of freshmen, a division of the Women's Self-Government association.

Hot Dog! Rol Black Has Sausage Tree at Coccoanut Grove, Fla.

You've heard, no doubt, of the fabulous sugar plum tree and also of the Big Rock Candy Mountains where the cigarettes grow on trees but here's one that tops them all with pictures to prove everything, from James Morris, formerly of Buchanan and in later years of Elkhart. Mr. Morris has been whiling away the winter months down in Florida and while there visited Mr. Rol Black, another Buchananite. He sends a picture of a sausage tree growing at Mr. Black's home at Coccoanut Grove, Fla. The picture looks for all the world as though Mr. Black had tied sausages on with strings and we wouldn't put it past him. He probably had some help from Jim Morris. Anyway it's a good picture and a good story and you can always depend on Messrs. Morris and Black for that much at least. Messrs. Black and Morris will be in Buchanan some time this summer, and they'll have a lot of explaining to do.

It Was Feathers Versus Fertilizer In Sunday Contest

It was either too much feathers or the wrong brand of fertilizer for the Buchanan Co-Ops Sunday afternoon, for they dropped their first game to the South Bend Chevroleters by a score of 6-2. Three Feathers played, counting A. Feathers, who pinch hit in the ninth.

B. Feathers, former Greyhound performer, was on the mound for the Chevroleters which told the story in an otherwise evenly matched game. Mr. Feather wafted 'em across the plate so craftily that the Co-Ops simply couldn't bunch 'em on him. The locals were bunterfingered from lack of practice but threaten to tighten up in the 'good old Portage way in later games. The score sheet read:

Table with columns for player names and scores. Includes names like Chevrolet, J. Newroski, J. Quiser, VanLare, T. Newroski, A. Feathers, Waite, Hagye, G. Feather, Buchanan Co-Ops, Faso, Joe Letcher, Richter, Straub, Liskey, Bachman, Kell, Miller, Crouch, Seabasty.

Co-Ops to Play S. B. Clothiers

The Buchanan Co-Ops will cross bats with the South Bend Clothiers at the Letcher diamond 7 p. m. Sunday.

Buchanan Snows Bond Issue Under by 250 to 65

The local vote on the state bond issue ran about true to the statewide verdict of 5-1, there being 65 for to 250 against. Bertrand township voted 9 for to 85 against. Buchanan township voted 43 for to 63 against. Galien township voted 156 for to nine against. The vote in Niles and Buchanan by precincts was:

Table with columns for precinct names and Yes/No votes. Includes Buchanan Co-Ops, Faso, Joe Letcher, Richter, Straub, Liskey, Bachman, Kell, Miller, Crouch, Seabasty.

City Unemployed to Start Work on Local Projects Today

Buchanan unemployed will be assigned regularly to work on the local projects today, according to county relief director, Ann Pears, who was in the city yesterday.

Chicago Man Buys Chas. Dickow Farm On Clear Lake Road

The Charles Dickow farm of 102 acres on the Clear Lake road two and a half miles west of Buchanan was sold last week through the agency of the E. C. Wonderlich Realty Company to A. Johnson, Chicago. The new owner is installing a tenant for the summer and will move out later. Mr. Dickow has purchased the B. Brant residence and acreage on Fourth street, where he will move as soon as the present tenant can locate elsewhere.

Speak out in acts; the time for words has passed, and deeds alone suffice.

In Spite of the President's Request President Roosevelt in his official repeal proclamation Dec. 5, 1933, said: "A law especially that no state shall by law or otherwise, authorize the return of the saloon either in its old form or in some modern guise."

Any place where liquor is sold at retail for consumption in the place where sold is in fact a saloon. Prohibiting drinking standing at the bar, but permitting drinking seated at a table, marks the place no less a saloon. Portable bars on wheels are the vogue in some places.

Its liquor sold in a place that makes that place a saloon, not the method of sale, not the method of consumption.

Prohibition did not prohibit the bar, nor any of the bar room fixtures. It prohibited the one thing that made the saloon what it was, the curse of every community where it existed, namely, the liquor sold there.

"Control" laws now restore and legalize the one thing that made a saloon a saloon—beverage alcohol. Yes, the saloon in "modern guise" is here in spite of the president's request.

The liquored candy has appeared in many states and advertisements to attract agents have been published: "Salesmen, Distributors—Liquor-filled candy with real bourbon, brandy, etc., good profits, fast repeats, each piece a real mouthful."

"If you were to eat one-half dozen pieces of either you would have taken into your system about as much alcohol as is contained in a good, stiff cocktail," Dr. Harrison said. He also said, "There is 20.5 per cent of alcohol in the liquor contained in the chocolate-covered shell of the rum and 23.8 in the cognac."

We well recall the papers announced a 500 million to 600 million dollar revenue, including beer, or be exact, the estimate was 525 millions, but it should be remembered that taxes now bringing in 227 millions were at once remitted by proclamation of the president, making a net gain of 300 millions. What is 300 millions beside a budget of 10,000 millions, a one thirty-third? Does it balance the budget? It balances nothing. Costing the people some 4,000 millions to get 300 millions net revenue is good liquor logic.

Speak out in acts; the time for words has passed, and deeds alone suffice.

In Spite of the President's Request President Roosevelt in his official repeal proclamation Dec. 5, 1933, said: "A law especially that no state shall by law or otherwise, authorize the return of the saloon either in its old form or in some modern guise."

Any place where liquor is sold at retail for consumption in the place where sold is in fact a saloon. Prohibiting drinking standing at the bar, but permitting drinking seated at a table, marks the place no less a saloon. Portable bars on wheels are the vogue in some places.

Its liquor sold in a place that makes that place a saloon, not the method of sale, not the method of consumption.

Prohibition did not prohibit the bar, nor any of the bar room fixtures. It prohibited the one thing that made the saloon what it was, the curse of every community where it existed, namely, the liquor sold there.

"Control" laws now restore and legalize the one thing that made a saloon a saloon—beverage alcohol. Yes, the saloon in "modern guise" is here in spite of the president's request.

The liquored candy has appeared in many states and advertisements to attract agents have been published: "Salesmen, Distributors—Liquor-filled candy with real bourbon, brandy, etc., good profits, fast repeats, each piece a real mouthful."

"If you were to eat one-half dozen pieces of either you would have taken into your system about as much alcohol as is contained in a good, stiff cocktail," Dr. Harrison said. Hear me, why ruin our youth for a few dollars in revenue. The children will have less to eat and less to wear and a poor home to live in because liquor is back and flooded our land and cities and towns in rural sections. What are the results?

Official Los Angeles police figures show an increase of 123 per cent in arrests for drunkenness in automobiles in the two months following repeal. The number of drunken drivers figuring in traffic accidents nearly doubled.—Los Angeles Times, February, 1934.

Then let us take note of fatal auto accidents in Illinois which had been steadily decreasing until 1933, when they took a sharp return. From June to November they numbered 1216, as against 1088 for the corresponding period in 1932.—The Challenge, Bloomington, Ill., February, 1934.

Reports also show there was a 20 per cent gain in 1933 over last year in auto deaths in Montana. Will you, reader, be one to make up this number in 1934?

In Cambridge, seat of Harvard University, reports the Boston Post of January 22: "Prisoners were doubled up in most of the police cells Saturday night and early yesterday when 20 persons were arrested on drunkenness charges." Police officials were unable to recall a time when so many were taken in for intoxication.

I also refer you to police records of Washington, D. C., which tell what happened during the first six months of beer's restore sale: A comparison of the six-months record from April to September, 1932, with the same period of 1933 shows an increase in arrests for intoxication of 2111. Arrests for disorderly conduct totaled 4109 in the same period, an increase of 390 over the 1932 record. To bring about this result the people of the district had to spend not less than \$3,313,209 of which \$2,544,699.00 went into the pockets of the brewers.—The Challenge, Bloomington, Ill., February 1934.

Why did I relate the foregoing facts? Simply because I want you readers and voters to ask yourself, does it pay to fill the brewer's pockets or fill our own? And besides, save our boys and our girls. This beautiful God-given America will not get back on a healthy basis financially and morally on liquor-filled candy and li-

quor sold in saloons of modern guise.

Swims Through Sand The ocellated sand skink found in North Africa cannot move over the ground very rapidly but can bury itself several feet below the surface by burrowing in the sand of its desert habitat in a remarkably short time. It has been described as giving the appearance of swimming through the sand in its swift burrowing.

## MORE THAN 50% LONGER NON-SKID MILEAGE in the NEW Firestone HIGH SPEED TIRE FOR 1934

THE new Firestone High Speed Tire for 1934 is the greatest tire Firestone has ever built. With its wider, flatter tread, greater thickness, deeper non-skid, more and tougher rubber, and greater non-skid contact with the road, you get more than 50% longer non-skid mileage.

This new development is made possible by the Firestone patented process of Gum-Dipping, whereby the cotton fibers inside the high-stretch cords are soaked and coated with pure liquid rubber. This provides greater strength, safety and blowout protection.

Firestone engineers pioneered and developed the first successful balloon tire in 1923, and it is only natural that Firestone would lead in the further development of tire construction to meet the demands of the high-powered, high-speed cars of today.

The new Firestone High Speed Tires for 1934, have already proved their worth by constant testing on the Firestone fleet of test cars over all kinds of roads and highways throughout the United States.

Firestone High Speed Tires are further subjected to the most severe tests known on the greatest proving ground in the world—the Indianapolis Speedway. In fact, Firestone Tires have been on the winning cars in the annual 500-Mile Indianapolis Race for fourteen consecutive years—conclusive evidence of Firestone's outstanding leadership in tire development and construction.

Drive in today and replace your thin, smooth, worn tires with a new set of the Safest—Longest Wearing—and Most Dependable Tires Firestone has ever made

## THE NEW Firestone AIR BALLOON FOR 1934

The new Firestone Air Balloon for 1934 embodies all the improvements in the new Firestone High Speed Tire. The lower air pressure provides maximum traction and riding comfort. Gum-Dipping Safe-T-Locks the cords, provides 30 to 40% greater deflection and blowout protection.

A welcome to all our services.

**Christian Science Churches**  
"Everlasting Punishment" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, May 6.

Among the Bible citations is this passage (Rev. 12:10): "And I heard a loud voice saying in heaven, now is come salvation and strength, and the kingdom of our God, and the power of his Christ, for the accuser of our brethren is

cast down, which accused them before our God day and night."  
Correlative passages to be read from the Christian Science text-book, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 568): "What shall we say of the mighty conquest over all sin? A louder song, sweeter than has ever before reached high heaven, now rises clearer and nearer to the great heart of Christ; for the accuser is not there, and Love sends forth her primal and everlasting strain."

**Seventh Day Adventist Sabbath School (Saturday)** at 10 a. m. Lesson study: "Gentleness in Rebuke; Directions Concerning Widows."  
Lesson scripture: 1 Tim. 5:1-10.  
Note: "One of the earliest cares of the Christian church was the maintenance of widows out of its charitable funds. . . . Similar provisions would doubtless be made for those helpless members of the society, wherever a church was founded; and directions might be needed to prevent any misapplication of charity in their case by admitting the claims of those who had children or relatives naturally responsible for their support. Paul therefore instructs Timothy (verse 3-8) to honor with the aims of the church only those who are 'widows indeed, being destitute of relatives on whom the duty of supporting them ought to rest, and themselves bearing a good character.'"—The Bible Commentary, Vol. 3, page 784.

Preaching service at 11:15.

**Methodist Episcopal Church**  
Thomas Rice, Minister  
Morning worship and Sunday School will be combined this Sunday morning the service beginning at 10 o'clock and closing not later than 11:30. There will be special music to make this brief service very enjoyable. Mr. Rice will speak briefly on "The Fear of Futility."  
Junior League at 5:30. For the social time there will be contests. Mr. Rice will give the chapter lesson.

Willis J. Mills of Niles, a son of the first white missionary among

the Indians of northern Michigan will give a talk at the Methodist church at 8:30 p. m. Sunday, explaining the ways of the primitive aborigines, their marriage and burial customs and how they were converted from their former beliefs to Christianity.

He will also speak in four Indian dialects and explain the meaning of the name of any city derived from an Indian language. His talk will be of interest to old and young and all are invited.

Service at Oronoko at 9 a. m. Remember we begin on fast time.

Members of the Junior Choir under the leadership of Mrs. Rice are planning a hike this Thursday. Meet at the church right after school, bring whatever you wish for the picnic supper. Should the weather not be satisfactory we

will plan to go Friday after school. A way will be provided for children who have a long way to go home to be taken by car after the party.

Miss Elizabeth Montgomery's class had a party last Monday.

## Editorial

Since the beginning of time, man has never been satisfied with the method of transportation provided him by nature. From the very first of this present civilization, in which the creatures were of the genus of Pithecanthropus erectus, beginning with the Neanderthal and Cro Magnon man, certain persons have devoted themselves to the development of a mode of travel. Starting with the very ape-like creatures of several thousands of years ago, let us trace the development of transportation through the ages.

The first method was, of course, walking. Then in some manner, by instinct or by chance, man learned to swim. Floating on objects came next, followed by the formation of crude, hollowed-out logs. Utilization of wind as means of power arrived eventually. On land man used his domesticated animals as a method of travel. With the invention of the wheel and axle, crude carts were developed. From these it required hundreds of years to obtain the stately carriages of the colonial days. With the advent of this era, steam, gasoline and electricity were used as means of travel and their development has been without bounds.

Almost parallel with this development has been man's dream of a voyage into interstellar space. Although no attempts have actually been made, many experiments have been carried out. The theory of these modes of transportation has recently been disproved by Professor Auguste Piccard. In their place he has advanced the picture of a man riding upon rays of light formed by the dematerialization of matter. If he is successful the dream of ages will have been accomplished and time will have ceased to be of any importance, since, according to Professor Piccard, "A human who left the earth as an adolescent to voyage through interstellar space would return an old man to find the earth hundreds of thousands of years older geologically."

**RURAL SCHOOL DAY TO BE HELD IN BUCHANAN**  
 Because of the fact that the seventh and eighth grade examinations will be held in the country schools this year instead of the local high school, local school authorities have decided to have a rural school day here Friday, May 11, to acquaint the students with the school and give them a day of fun.

## Class Activities

Mr. Bradford's gym classes are now going through a procedure which is entirely new to them, or any other gym class of former years. It is merely a bit of running on the new track. For half of the period the various classes play baseball and then start their grind around the oval.

The 5th grade English students are working on the conjugation of verbs. They have prepared brief outlines and have written biographies of Cleveland. In a test that Mrs. French gave, the boys scored better marks on English tenses.

The eighth grade history students have memorized the presidents through Theodore Roosevelt. There were 13 perfect papers in the class. They are now working on our possessions in the Caribbean.

Each pupil prepared a paper on the subject. Some of the subjects chosen were Gorgas, Goethals, West Indies, Central America, Yellow fever and the Panama Canal. They are studying now our possessions in the Pacific acquired after the Spanish-American war. The class is also having their semester review.

The seventh grade students are studying Africa. In a test over Europe Laurence Dellinger, Joe Recetti, and Jack Morris had "A" papers.

In their class and laboratory work this week the chemistry students have been taking up the study of hard water and the method of softening it. They have also been studying the manufacture of quick lime, cement and pottery.

The geographical distribution of animal and plant life all over the world was the interesting topic of discussion by the biology classes this week.

The sewing classes throughout junior and senior high school have been continuing the work on their individual projects.

Africa, that mysterious, enticing country in an atmosphere all its own, has been the interesting study taken up by the social studies students of the 7th grade during the past week.

English 7, 11 and 12  
 New word discoveries, the history of words, and the use of vivid and concrete words constituted the work of the senior English students.

In their Literature and Life books the eleventh grade English classes covered the chapter "The Voice of America." This study unit correlates the beginning of American literature with English literature.

"Old Insignias" by Oliver Wendell Holmes and Henry Bennett's "The Flag Goes By" were read and memorized by the 7th grade.

Latin nine students are deeply engrossed in the subject of the subjunctive tense in their grammar.

As usual the Latin 10 students are striving to accomplish the difficult "Caesar."

Having finished the first year's reader, Pas a Pas, the 11th grade French classes are working on their grammar.

Marquette Babcock, Ruth Schultz, Pauline Topash and John Heiermann received interesting letters from France. Alice Kuhn received a letter from Algeria.

The senior division of the foreign language department completed the irregular verbs, received a test over them, and returned to their text books "La France et les Français" by M. S. Pargment of the University of Michigan.

9th and 10th English  
 The art of letter writing was begun in their exercise books of the 9th grade. Spelling, punctuation and grammar have been reviewed for English essentials tests.

A mastery test was given over verbs in the exercise books which were finished this week. The sophomores began pronouns in their exercise books. Phrases, clauses, parts of speech, and spelling have also been reviewed for the English essentials test.

Journalism  
 The chapter covering musical events was studied this week. Summaries of the high school musical events of the last season were written by the class. Each student had to report on a concert he had heard in the past week.

History  
 The far East, that is, China, Japan and the islands in the East, and the trade with them, has been the work of the tenth grade history classes this week.

The twelfth grade history classes have been working on the State Constitution and going into the political phase of American State government. A study of the legislative, executive, and judicial departments has also been included in this week's work.

Government of the States and their sub-divisions; the countries, towns, and cities has been interesting work for the freshman and sophomore citizenship class.

Commercial  
 The bookkeeping class has finished the practice sets and has started studying promissory notes,

both receivable and payable. They will also work on interest income and interest expense using simplified methods. Unusually neat and accurate work was done on the sets by Barbara Hamilton, Raymond Marsh, and Edward Spasek.

Dictation and transcription of business letters and sight reading from speed studies book have been taken up by the shorthand class. Those doing good work in dictation are Mary Downey, Ruth French and Ethel Sibley.

Uaits on bills, invoices, and statements have been discussed by the first year typing classes.

The second year typing class has had work relating to office practice.

Mathematics  
 The simplifying of surd expressions is the work being done by the algebra classes. The geometry classes will have a test and they are now interested in regular polygons.

The practical use of the formulas of trigonometry is being studied by the trigonometry class.

The seventh grade arithmetic classes are finding the areas of circles. They are measuring table tops, cakes, garden plots, and other things at home. The eighth grade has taken up ratios and proportions.

The commercial law class is interested in landlords, tenants, real property, mortgages and fixtures.

The general science class is beginning the study of plants and their various activities.

The beginners class in mechanical drawing is working on the details of the machinists vise while some will be starting the assembly soon.

Work in the advanced mechanical drawing class consists of assembly of an engine and details for its parts.

## Buchanan Softball League Organized At Meet Last Night

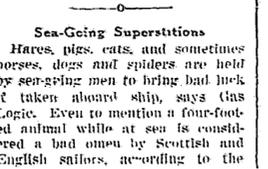

The Buchanan Softball League was organized at the high school last night, and plans were made for the beginning of play as soon as the grounds at Athletic Park are completed.

Officers elected were: president, Harold Bradford; secretary-treasurer, Jack Boone. Another meeting will be held at the high school at 7:15 p. m. next Wednesday evening, May 9, at which time all teams must be entered and their captains and managers present to assist in further organization. The official umpires and score keepers will be selected at that time and a committee will be named representing business, industrial and educational interests to act as a governing body.

At the meeting last night seven teams were assured, and it is expected that several more will be entered. If 10 or 12 teams are secured, a double league will be formed with a late season play-off. National softball rules were adopted, providing for a 12-inch ball and a 60-foot diamond. The same hours will be observed as last year, with 6:30 p. m. as the time for beginning and 6:45 p. m. as a deadline. Further necessary rules will be formulated next week.

## RUPTURE

**E. J. MEINHARDT**  
 Of Chicago Here Again

He will demonstrate the "Meinhardt Rupture Shield" privately in his rooms at the LaSalle Hotel, South Bend, Ind., on Wednesday only, May 9th, from 1:00 p. m. to 7:00 p. m. Ask the Hotel Clerk for the numbers of Mr. Meinhardt's rooms. Only men are invited.

Mr. Meinhardt says "The Meinhardt Rupture Shield" contracts the opening in 10 days on the average case, regardless of the size or location of the Rupture—no matter how much you exercise, lift or strain." The Meinhardt Rupture Shield is skillfully modeled to each individual as a Dentist makes false teeth. (No leg straps and no cumbersome arrangements.)

It is waterproof, sanitary, practically indestructible, and may be worn while bathing or sleeping (continuously day and night) until no longer necessary.

After twenty years of experience—seeing thousands of cases—Mr. Meinhardt will be glad to answer questions regarding all methods for Rupture.

Do not neglect to see him on the above date. There is no charge for demonstration. This visit is for white people only. Chicago Office, Pure Oil Bldg.

## Business of Probate Court During Week

Judge Malcolm Hatfield has entered the following orders in the probate court during the past week:

Petitions were filed asking for the appointment of administrators in the estates of Nellie L. McAnis, Etta Loshbough, Alger R. Hunter, Louise Mangold, Sarah Irene Sadler, Alfrons Algewski, Katherine Stegman and Anthony Mikalocz. Orders for publication were entered in all of the above estates.

The wills of Charles Smith and Alvah P. Cady, were filed in the court and petitions asking that they be admitted to probate were filed. Order for publication was entered in the Charles Smith estate and notice was waived in the Alvah P. Cady matter.

Bonds were filed and letters of administration were entered in the Charles Kimmick, E. A. Ecker and David G. Hartline estates. Letters testamentary were issued in the following: Luiza Larson, Mary Burandt and Alvah P. Cady, deceased.

Petition for license to sell real estate was filed in the Barbara Swain matter.

Inventories were filed in the following estates: Albert J. Decker, Bevil H. VanCamp, George E. Winn, Sidney M. VanNatter, Mary Burandt, Gertrude Niezdel, David D. Hartline, Thomas W. Scillingham and Lois Hofmeister.

Accounts were filed in the following matters: Charles K. Warren, Jr., Elsie Keeter and Edith and John Trimble, minors; Ann Jane Pray, deceased.

Orders allowing claims against the following estates were entered: Jacob Weaver, John Smolka and Carrie Hovey Campbell.

Final Accounts were filed for the deceased estates of Charles H. H. Godfrey, Willis Jones, John F. Duncan, John Lindt, Albert F. Schultz, Elizabeth McEwing and Chester Chorpensing.

Judge Hatfield closed the following estates during the past week: Elizabeth P. Wells, Willis Jones, and Theresa Klunt, deceased.

## Local Post Office Receives 10,000 Mothers Day Stamps

All who plan on sending Mother's Day gifts, packages or letters should take note of the beautiful stamps which went on sale for that purpose at the local post-office May 1. These stamps carry a reproduction of the world-famous painting, James McNeill Whistler's "Mother," which was brought from the Paris Louvre to be the main attraction of the 1933 Century of Progress art exhibit. The stamp is much larger than usual and is one of the most handsome ever issued by the U. S. post office. The local office has received 10,000.

## AT THE THEATRE

## Dazzling Musical Extravanza at Hollywood Starting Sunday

Behold now a new style of spectacular musical motion pictures launched in Hollywood. Bristling with novelties, glamor and lavishness, studded with brilliant all-star performers, set in a new exotic locale, and enlivened by 200 dancing girls picked from a roster of 10,000 candidates, RKO-Radio's musical "Flying Down to Rio," comes to the Hollywood Sunday for a three day run.

The film, with its flying chorines, its soaring pianos, its marimboes and its chacachos, literally knocks the spots off anything hitherto produced under the title of "musical productions." An all-star cast is headed by Dolores Del Rio, Fred Astaire, Ginger Rogers, Gene Raymond and Raul Roulien. More than a score of talking picture innovations are presented, among them a spectacular tango ballet, featuring 16 couples dancing the sensual, languorous Carioca in routine union to the music of a native Brazilian band.

"Flying Down to Rio" is something to see—not only because of its immense musical innovations, but because of the human story that is woven into the plot construction, plus the excellent work done by its star studded cast.

A heroic drama of the men who fly the mail and the brave women who love them brings "Air Mail" as feature number one of a double bill tomorrow (Friday) and Saturday, with Ralph Bellamy, Gloria Stuart, Pat O'Brien, Slim Summer-

The romance of Lillian Harvey and Gene Raymond in "I Am Suzanne" has been compared with the unforgettable romance of "Seventh Heaven." Besides these two principals the supporting cast has Leslie Banks, Georgia Caine and Holliswell Hobbes. Three new song numbers are introduced and sung by Miss Harvey, including "St. Moritz Waltz," "Just a Little Garret," and "Eski-o-lay-lay-o-mo." And as an extra added attraction for next Wednesday and Thursday, the Hollywood presents a parade of local babies on the screen just as they were photographed in their homes a few weeks back. Over 50 of these babies will flash on and off the screen in succession at both shows, both nights.
