

# Heavy Rain First of Week Breaks 5-Week Drouth and Brings Succor to Crops

## Now Here's the Proposition

Well friends and also neighbors, the biggest news in the office is the big rally the Fitz-for-Governor Club will hold for their candidate at the city hall Friday evening. It will be attended by Republicans and by all Democrats who failed to get jobs.

Then listen! There is that far off sound of wedding bells gradually coming nearer! It is rumored that two prominent young men in business in the loop district are about due to take the holy vows.

Next to that the best news we know is that Carl Remington, who blacksmiths a little when not tending, caught a big pickerill. Also E. N. Schram got up early Tuesday morning and sat on the dock at St. Joseph, getting a fine mess. It beats all how some men will get up at 3 a. m. to go fishing once or twice a month who can hardly be dragged out to an eight o'clock breakfast any other morning.

Jerry Mann, one of our local young men, who has hitherto enjoyed an unimpeachable reputation went out to a party Sunday and lost five dollars. A Sunday School party at that. It is rumored that two or three more reputations may blow up when it leaks out who took the five off him. There has been a great show of innocence among the other members of the party without much success in several cases. Later: Jerry found the five in his other pants pocket at home.

Bob Reamer and his ball team are rapidly coming to the front in the south county league. Sunday before last he lost 23 to 4 and last Sunday he lost by only 10 to 6. Our dopestimate estimated that if he catches up on 'em that fast every week he will win his last game by a score of 75 to 3.

When five of them arrive at once. Though it may seem impropitious it's not the kids that worry me. But rather, how is papa?

It's hard enough to bring 'em up. When they don't come in groups. It must be tough to hear the doc say: "Shake, old man! Quintuplets!"

Bi Haws.

Art Johnston has been swelling around this week until the boys thought it must at least be quadruplets but at last the mystery is solved—he snout a 600 at Wisner!

## WHEAT CROPS, STRAWBERRIES BADLY DAMAGED

Rains Confined to Buchanan District; No Relief in North Berrien and North Indiana.

Heavy rains which fell over the Buchanan district Sunday and Monday evenings rescued local crops from a severe drouth of five weeks duration which materially reduced the output of wheat, hay and strawberries in this vicinity.

The strawberry crop was reduced over 50 per cent in quantity and is of poor quality, having been damaged both by the dry hot weather and by a late frost a week before last. It is not believed that other small fruits have been damaged. Wheat crops are badly fired and have headed out in many cases scarcely over a foot in height. Clover and first cutting alfalfa have also blossomed out a few inches high.

Corn crops are in fine condition, there having been enough rain in late May, combined with the heat of May, to push the crop rapidly. Late corn, however, failed to sprout.

The rain was local, and drouth conditions south of the Indiana line and in the Twin City vicinity are still unrelieved.

## HOLLYWOOD LEADS SOFTBALL LEAGUE BY WIN THURSDAY

D's Cafe Takes Curley's Clowns in Duration Contest 27 to 17.

Hollywood Theater, which under the name of Oriole club won the local softball title last year loomed again as a strong contender for 1934 honors in the Buchanan Softball league in its second league start last Thursday night at Athletic park by overthrowing the Farm Bureau Cowboys, 9 to 7, before a large gallery of spectators.

Although he was accorded good support, the achievement in the Theater victory was almost entirely due to the masterful pitching of "Big Bud" Proud, who allowed but four scattered hits, no two of which occurred in the same inning. Proud also aided in his team's offensive by cracking out two doubles out of three times up. His battery mate, Savoldi and Joe Howard, first baseman, also aided in the overthrow of the Cowboys with two hits each, the former getting a double and single.

It was the second victory of the season for the Hollywood team, and incidentally the second victory for Proud. Proud has now won two games. He won his first start a week ago against Cities Service, winning the game 6 to 2 and allowing but three hits. In two games but seven hits and one earned run have been collected out Proud's delivery.

The Cowboys, with the count 7 to 3 to enter the fifth, staged a rally in that inning when R. Lettler hit a home run with the sacks loaded, tying the score. This rally proved but a flash in the pan however, as Proud, with one down, made F. Lettler pop to Shortstop Conrad and Rose fly out to Boyce to end the inning. In the Theater half of the same inning, double by Proud followed by successive singles by Harkrider, Conrad and Savoldi netted that team two runs, which proved sufficient to insure victory. Proud disposed of the Cowboys in order in the seventh to end the game, after but four batters had faced him in the sixth.

It was the Cowboys first defeat in two starts, the team having won from Curley's Clowns a week ago by a top-heavy score.

Score by innings: Hollywood 12 320 x-9 9 1 Cowboys 201 040 0-7 4 2 Batteries—Proud and Savoldi; J. Ellis and Rose.

## Buchanan Arrows Defeated by Niles Standards 23-5

Sixteen hits, including two home runs and a brace of doubles, off the combined pitching of Danny Topash and Glenn Jesse enabled the National Standard team of Niles to defeat Johnnie Hittle's newly organized Buchanan Arrows, playing for the last three years under the name of the Buchanan Greys, by the top-heavy score of 23 to 5, Sunday afternoon at Athletic park.

Buchanan had two bad innings in which Niles scored fifteen of its 23 score total. Topash's wildness in the second in which five passes were issued forcing in three runs, coupled with one of E. Lewis' two home runs and a brace of singles, netted Niles eight runs in that frame. And in the seventh, Jesse, who had the situation apparently well in hand after he relieved Topash on the mound in the fourth allowed seven runs, but these were due more to four errors and a passed ball in the supporting cast than the three singles Jesse issued that round.

Outside of these two innings it was a good ball game, save that slow and indifferent fielding by the Buchanan players did little to stem the daringly rampant propensities of the Nilesites on the basepaths. Bobbie Morse, sterling Niles stopper, had the situation well in hand throughout the game save in the fifth inning, when the opposition scored three runs on Deeds' three-base ply to deep right accompanied by a trio of singles. The port-sided pegger had perfect control and kept Buchanan's nine hits well scattered.

E. Lewis, with two home runs and a single out of four trips to the plate, and Pierce and Gorten, each with three singles, were the main cogs in Niles' offensive. The National Standard team accorded Morse faultless support, making but one boot, while Buchanan made eight misplays afield during the game.

## SEBASTY MUSSES UP RECORD OF BOGDA CHEVROLET

Buchanan Co-Op Twirler Connects Four Times in Four Times Up; Winning Game.

The old rule that a slab man is poor at the stick did not hold good at the Letcher diamond Sunday afternoon when Sebasty of the Co-ops had a perfect day at bat with four hits in as many trips up, one of them a home run, which tied the score in the fifth.

Largely as a result of the work of Sebasty at the bat and on the mound the Bogda Chevrolets had their erstwhile perfect record mussed up, for the first time in the season.

The Co-ops made their clean-up in the eighth inning, when they made six runs off Esser.

## Cities Service Takes Measure Riverside Team

Fuller's Cities Service team won its first game in the Buchanan softball league at Athletic park last Friday night by overthrowing Riverside Ramblers, which had previously defeated the strong Clark team. The score was 8 to 7.

It was an exciting contest throughout. Trailing the Ramblers 3 to 4, Cities Service scored five runs on as many hits in the last of the fourth to make the count 8 and 4 and put the game safely away. The Ramblers scored two more runs in the fifth and one in the sixth. In the seventh the Ramblers threatened seriously. Raber, who hit safely was thrown out at the plate in a close play after Ruddle had fled out to Goehring in left. Then Painter got life on an error and got as far as third and R. Sherburn got on first by another Cities Service misplay. The stage was all set for the tying and possible winning run when L. Sherburn, Rambler centerfielder, ended the game by flying out to Eichorn.

Pete Sinner, speedball artist, pitched the route for the winners, and was given fine support. L. Sherburn, who started on the mound for the Ramblers, was relieved of pitching duties by Ruddle in the fourth after the former was knocked down by a batted ball. A fast double play ended the fourth in which five runs had scored off Sherburn, aided by Ruddle striking out Luke with Lake waiting to score from third.

Each team accumulated eleven hits, but save in Cities Service fourth frame these were well scattered. Decker and Raber, both of the Ramblers, led in the offensive, each getting a double and two singles out of four times up.

Score by innings:

Ramblers 021 121 0 7 11 0

## Curleys Clowns Forfeit Contest to Hash Slingers

Coach Curly Bradfield, manager of Curley's Clowns, one of the eight clubs in Buchanan's softball league, failed to have a full quota of ten players present for his scheduled game last Tuesday night at Athletic park with D's Cafe and the latter won the game on default without the necessity of playing by the usual 9-to-10 forfeit score.

However, a game was played that will not go into the official records but which was staged for the benefit of the assembled fans. And what a game it was. After seven hectic innings, the Cafe team, showing more endurance and more punch, won a 27 to 17 verdict, the Cafes scoring eighteen and the Clowns eleven runs in the first two innings.

Everything is being removed around except the old penny enshrined over the archway, the first taken in by the store in 1895.

## LEGAL STATES COMPLAINT MADE ON ASSESSMENT

Annual Meeting of City Commission to Fix Budget and 1934 Tax Rate will be Held After State Review.

The annual revision of the Buchanan tax roll, regularly made in the past by the local board of review, will be made instead this year by representatives of the state tax commission who will sit at the city commission chamber on Wednesday, June 13, as a board of review to make such adjustments in assessment valuations as seems fit, after which the commission will hold a postponed budget meeting.

The legal notice published at the authorization of the state in another column of this paper contains the information that the state is intervening this year in the review of Buchanan valuations because it has received complaints to the effect that the personal and real properties specifically cited are not assessed "in compliance with law."

It is stated that consequently the state board of taxation has determined to review the personal and real property valuations of Buchanan on its own initiative and for that purpose the city assessor will be required to be present at the city hall at 11 a. m., June 13, having with him the city assessment rolls.

It is further required that representatives of the Clark Equipment Company and the Indiana & Michigan Electric Company attend a public hearing on the issue at that time.

It has been a matter of considerable interest to Buchanan taxpayers that the annual meetings of the Board of Review and the consequent meeting of the city commission to formulate the budget have been deferred this year, without clear explanation to date. The legal sets forth the reason for such delay, inferring that a recent legislation has made local assessments subject to review by the state commission instead of by the local board if the former body considers it advisable. After the meeting held by the state commission here June 13, the city commission will proceed with the fixing of the annual budget and the 1934 tax rate. The local valuations were checked last spring by a force of state tax commission employees as a preliminary for the meeting of June 13.

## ATTY EDWARD A. WESTIN

Attorney Edward A. Westin, Benton Harbor lawyer, announced today he would be a candidate for the Republican nomination for Prosecuting Attorney in the fall primary election.

Westin, who served for two terms as assistant to Prosecuting Attorney Wilbur M. Cunningham, from 1929 to 1932, was the G. O. P. candidate for the same office in 1932. Despite the great Democratic landslide, the Benton Harbor lawyer made a remarkable run.

Westin graduated from the University of Michigan in 1927 and established a law office in Benton Harbor the same year. Since that time he has become an active member of the Berrien County Bar Association, has figured in some of the biggest cases on the Circuit Court calendar and has been associated with political and civic work in all parts of the country.

At the present time Attorney Westin is president of the Benton Harbor Exchange Club, one of the most active service club organizations in southwestern Michigan. He has recently been active in the organization of Young Men's Republican Clubs all over the county.

"Having served the County as Assistant Prosecutor for four years, without pay," Mr. Westin says, "and having been on the side of the accused for the past two years, I believe I can bring to the office of Prosecutor the experience and understanding which the office requires and which the people of Berrien County deserve."

"I believe it is the moral duty of a prosecuting attorney to conscientiously protect the innocent and to vigorously prosecute the guilty. If nominated and elected that will be the rule and guide of my conduct while in office."

Where to Fish for Cod

Cod, one of the most abundant of food fishes, is found in all northern seas and taken in great numbers by both nets and lines along the north Atlantic and Arctic coasts. The most important fisheries are, for centuries past, those of the Newfoundland Banks.

Starling Demands Control

There perhaps is no other bird that practices territorial control with a greater vengeance than the starling. It will take complete possession of any nesting box or colony house it can enter, driving other and more desirable birds away.

He is not striving for earthly honor or riches; his one purpose is to tell others of the Saviour, who gave Himself to bring to human beings the riches of eternal life. His highest desire is not to lay up treasure in this world, but to bring to the attention of the indifferent and the disloyal, the realities of eternity. He may be asked to engage in enterprises which promise large worldly gain, but to such temptations he returns the answer, 'What shall it profit a man if he shall gain the whole world, and lose his own soul?'"

## Tax Moratorium Saves 4 Billion Delinquent Sale

The delinquent tax moratorium instituted by the present state administration has saved a tax mortgage of approximately \$4,000,000,000 worth of farm and home property from reverting to the state through delinquent tax sales, according to records of the auditor general's department.

There were delinquent taxes reported prior to 1932 of over \$14,000,000 in state tax, the record reveals. These taxes stood as a lien against the property on which they were assessed and would have come up for sale this year had it not been for the moratorium.

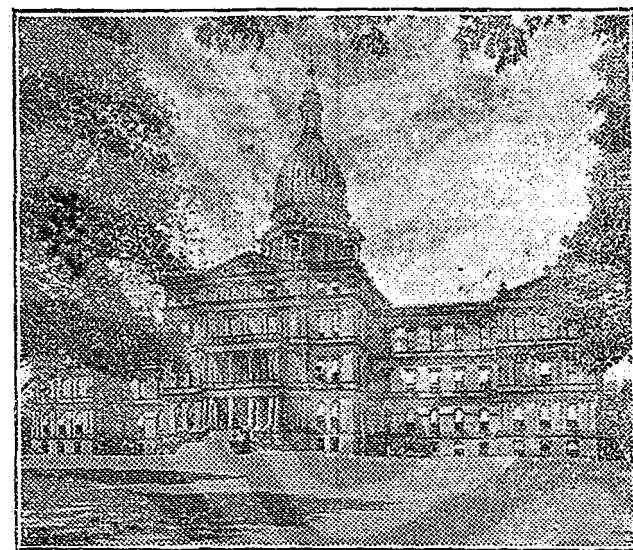

The average state assessment on property for running the Michigan government during the years of 1929, 1930, and 1931 was \$3.56 for a thousand dollars valuation.

Here is the last statement of taxes made by the auditor general's department: Estimated amount due for the taxes of 1931 and prior years as of December 31, 1933 \$14,324,561.

56. The state collected \$166,435.19 in delinquent tax which was voluntarily paid during the last quarter of 1933. The report further states that out of the \$23,487,979.03 property

tax levy for 1932 for running the state departments and institutions there was a balance of \$11,563,358.62 yet to be received by the state when the present year started.

## SPEND YOUR VACATION IN MICHIGAN

Michigan's tourist and resort business brings large sums of money to the state each year. It provides employment for thousands, and greater prosperity for all of us. We can increase that business further by telling out-of-state friends about Michigan's vacation advantages and by spending our own vacations here.

And, no matter which part of Michigan you visit this summer, banish worry by telephoning home and office frequently. Call ahead for reservations, or to tell friends you are coming. Long Distance calls will add but little to the cost and much to the enjoyment of your vacation.

The Michigan Bell Telephone Company is a Michigan concern. It prospers only as does the state as a whole. For the past six years it has devoted advertising space to calling attention to the advantages of Michigan as a vacationland, and will do so again this year. Such advertising is good for Michigan, and therefore is good for the Michigan Bell Telephone Company.
