

LIONS DEDICATE REDBUD TRAIL SAT.

Legion 3-Day Festival Program Featured by Donkey Baseball Game

Now Here's the Proposition

Donkey Club to Play Lion Bowl Game Tonight Listen, everybody, this is gonna be too good to miss. You want to call everything off tonight and go down to the Athletic park and see the Buchanan Donkey Club play a game of Lion baseball.

Run—you never seen anything like it! Just imagine—the members of the Donkey club are worth a laugh anytime you see them on the street, but think of them playin' Lion baseball. Bray leaders for the occasion will be Glenn Smith and Doc Snowden. You know how them guys can brag! It's worth the price of admission to hear them.

The game will be between the business Donkeys and the Professional Donkeys, if you get the distinction. They is a lot of bad feeling between the business donkeys and the professional donkeys mostly about some cut-throat business deal and you can expect them birds to lay back their ears and play for blood. The fun about this game is that the Donkeys will ride lions. For instance Donkey Wilson will hit a ball to the outfield and he will vault gracefully a-straddle of a Lion and ride hell bent for election for first base. And Donkey Swen will spur his Lion steed under the ball and grab it off and ride it back to first, or ride part way if he can't throw it. And Donkey Beistle at first will ride his lion under the ball and gather it in and try and tag out Donkey Wilson. And so on and so on and so on.

So come on out and lets give three rousing cheers for the Buchanan Donkeys and Lion baseball.

Altogether now—"Hee Haw! Hee Haw! Hee Haw!

Doc Strayer Climbs Outside Two Slices

Doc Snowden clearly established his title to being the champion over-ber of watermelon in Lions club last night when he wrapped himself around a large striped-backed slice and got outside of it in 9 seconds flat, a split second ahead of the runner-up, John Russell. Messrs. Russell and Strayer had tied for first in a Grand Open Amateur contest, and stood up on their chairs for the run-off, which was enough to wet two towels and considerable floor. There was some dispute as to the outcome but the club decided that inasmuch as Strayer at his rind closest, he was deserving of the tie offered by Glenn Smith.

Just Before the Battle These are the days we think a lot of old elections long gone from us when voter and votes forgot. The things they said, the things they promised.

Why is it that a candidate Will paint the skies with visions splendid, And then leave us to pay the freight And skiff us just like he intended? Some day about this time next week

The boys will scratch their heads and mutter Of how it happened, so to speak, Their public left them in the gutter.

Ah! who the victors none can say, But this at least may be suspected We'll find in that sad after-day More guys than were licked than were elected.

The Life of the Redbud Trail By Alex Loos I still have a faint recollection The first I can realize That I was a part of the universe 'Neath southern Michigan skies.

My first real friend was the river As we lingered beside this long hill. When I was a little footpath And the river a rippling rill.

Then along came the silent Indian With his tomahawk, arrow and spear Who the whiteman christened the redskin And the caravan hated and feared.

Reside me he builded his wigwam Where the river bends in its flow, His tribe was the Pottawatomie As later I came to know.

I learned of his love and his romance As the warrior courted the maid They would wander along my pathway Then recline and dream in the shade.

They dreamed of the day when

TWO TEAMS OF LIONS MEMBERS IN THE LINE-UP

Freakish Contest is Heralded as Feature Entertainment Event of Legion Fall Festival.

This evening is scheduled to be a red letter occasion that will be long remembered in Buchanan history for a spectacular and never-to-be-forgotten exhibition by a troop of trained lions and conkeys, in which the former will play baseball and act as jockeys, riding the bases on the donkeys. The local Lion menagerie will be released for the occasion under competent trainers and will give an exhibition of the national pastime that should make the Buchanan Blues bluer than ever. An imported troop of Rocky Mountain canaries will be at hand for the transportation, as a number of the Lions are too handicapped by senility and obesity to be able to make the base circuits without help.

"Donkey" baseball is an innovation which has been widely heralded this year as an entertainment feature without rival or precedent. This is the first exhibition of the new adaptation of the diamond science in Buchanan. A few rules of the game will give an idea:

- 1. All players are mounted on donkeys with the exception of the pitcher, catcher and the batter. 2. All fielding must be done on donkeys, the outfielder being permitted to dismount and take only one step while on the ground and to throw the ball while dismounted. Infielders must climb back on the donkey to throw. 3. All players must ride donkeys in running bases. Basemen may tag either the rider or the donkey. 4. There are no strike-outs, every man batting until he connects with the ball. 5. If two men are already on base, the third batter must carry his donkey instead of riding it. The game will be played at the Athletic park diamond this evening, beginning at 6:15 p. m., between teams made of the business and professional men of the Lions club.

The roster of the two teams will be as follows: Professional men: Landsman, (manager); Waldo, (captain); Snowden, (yell leader); Strayer, Gamble, Beistle, Kiehn, Knoblauch, Stark, Swen, Rice, Worthington, Haslett, Swartz. Business men, (browns); VanDeusen, (captain); Glenn Smith, (yell leader); Wilson, Russell, Hawes, Hathaway, George, Bouws, Johnson, Rohl, Dietrick, Bick Smith, Monroe.

5 Nominations Uncontested in Sept. 11 Primary

Attention of the voters is called to the fact that there are a number of candidates for office whose names do not appear on the primary ballots because of the fact that their nominations on the party tickets are uncontested.

Berrien county candidates in the above category are: Frank L. Hammond, state senator, Rep.; Leon D. Case, state senator, D.; Al. Hastings, register deeds, Rep.; Forrest Brown, treasurer, Dem.

their visions Would some day materialize In a wigwam home in the village That for them would be paradise. Then one day while planning and dreaming Twas a day I can remember it well. A white man came up the river An explorer named LaSalle.

They looked at each other astonished Wondering who this might be This man who braved the ocean To live in the land of the free.

Now all of these things are history And this story belongs to the past I am now what I've always dreamed of A modern highway at last.

Now I've been christened the Red Bud Trail Where modern lovers may go Along a modern highway Along the old St. Joe.

They no longer stroll along these days When their hearts feel so sublime But whisk along at a quicker pace In cars that are all stream lined.

Troop 41 Scouts Take Thunder Mt. Trip Last Week

The members of Troop 41, Boy Scouts of America, held their regular meeting Tuesday evening and made plans for their annual Thunder Mountain trip.

On Thursday morning the scouts left Buchanan on this much talked of trip and made their way to the camping place on Lake Michigan, where so many thrills and good times have been had. They enjoyed much swimming and hike explorations through the woods.

Friday the major portion of the group went to Bridgman to attend the grand opening of the big annual Fair in that city.

It was decided that later on there should be a party for the members who were present on this trip as a special remembrance of the good time they had.

The Thunder Mountain trip is one of the high-lights of Troop 41's activities and has become a tradition which they all remember.

The first regular fall meeting of the Troop will be held next week, Tuesday, Sept. 11th.

D's Cafe Is Transferred To New Location

D's Cafe opened yesterday morning in new and larger rooms in the quarters formerly occupied by the Hamilton & Hamilton Furniture store in the Richards & Emerson building at 217 East Front street, having moved to that location from the Widmoyer building.

The proprietor, C. K. Detrick, has transferred his cafe equipment and installed it in the new location with alterations and additions making his plating houses in this section. He is providing a new note in restaurant furnishings, with pressed wood table tops of the latest mode with a linen service for the three tables in the front and linen service in booths where requested. The furnishings are finished in jade and willow green with an ivory background, the floors being wax finished. The latest type of back-bar has been installed, eliminating cupboard and aiding greatly to sanitation and convenience.

Arrangements have been perfected for complete sanitation in the kitchen, all cupboards and food storage spaces having been placed at some distance from the walls. A blower has been installed with a capacity for moving 60,000 cubic feet of air per hour. The color scheme of the kitchen is a gray and green combination. The front of the building has been refinished to duplicate the cool tones of the interior. Nominees Only Two Parties on Primary Ballots

Despite the fact that there are nine duly qualified political parties in Michigan, only two of them will be represented at the primary election Sept. 11.

The state law provides for primary elections only for parties which poll more than two per cent of the total vote cast for secretary of state at the last general election. Under this provision, the primary balloting will be confined to the Republican and Democratic parties.

Other parties wishing to be represented on the ballot at the general election Nov. 6, must select their candidates by caucus or convention and must certify the names of their candidates with the secretary of state at least 25 days prior to election.

At least four parties will be on the November ballot as the department has been notified by officials of the Socialist and Farmer-Labor parties that they will have candidates for state and congressional offices. One or two other parties may secure places on the ballot with partially-filled tickets, it is believed.

Rehms Store to Celebrate 25th Anniversary Sept. 9

Mr. and Mrs. J. C. Rehms will celebrate their 25th anniversary Sept. 9 by keeping open house all day to their friends and customers—wait a minute, it's their store opening, not their wedding. Mr. and Mrs. Rehms opened their store at its present location Sept. 9, 1899, and have remained in business at the same location longer than any other business institution in the town. Firms in business then that still continue were Harry Binns, D. L. Boardman and E. R. Desenberg & Bro. but each of these firms have moved since that time.

P. S. Sept. 9 comes on Sunday so they will celebrate Monday.

New Asst. Leader for Berrien-Cass Boy Scout District

Because of the growth of the Council the Executive Board authorized its Executive Committee to select an assistant executive. After much deliberation during the past two months Mr. Doerfler was chosen. He has had considerable Scouting experience in the Valley Council of Boy Scouts at Appleton, Wis., not only in troop work but in the executive branch of the council operation. Mr. Doerfler is a graduate of the La-Cross State Teachers College and the National Training School of the Boy Scouts of America—having just completed the work in the latter school. In camping he has had a great deal of experience and has served as water front director. He also holds an American Red Cross Examiners certificate. Mr. Doerfler will have charge of the field work in the council, contacting troop leadership in the several districts. He will assist Mr. Noll with the training work. The Executive Board of the Council feels that it is very necessary that additional help be put on at the present time as the fall and winter program is very extensive. With the development of the ten year program which requires one out of every four boys a Scout it will take much more supervision. Several new troops are to be organized and many new activities will be launched. At the present time Mr. Doerfler is residing at the home of Mr. Noll. He will, however, in the near future bring Mrs. Doerfler here from Appleton and will then locate either in the twin cities or in Niles.

St. Joseph River Valley was Home of Tribe 150 Years; Miamis Here Previously.

The melodic yearning expressed in that product of Tin Pan Alley, "Oh how I wish again 'That I were in Michigan'" is not alone the plaint of the homesick city dweller.

For 150 years the St. Joseph valley country in southwestern Michigan and northern Indiana was the home of the Pottawatomie, and it is said that on their present reservation at Mayetta, Kas., the 800 survivors of the race still cherish the tradition of their pleasant native peninsula, the ancient hunting and fishing grounds of their fathers and the place of their ancestral graves.

A few years ago Dr. Waldo of this city while practicing in Oklahoma, met a young Pottawatomie from the Kansas reservation who gave him the name of Wamego. On learning that Waldo came from southwestern Michigan, the ancient Pottawatomie country, he explained that his name was a contraction of Indian dialect signifying "want me go back to Michigan."

The Pottawatomes took possession of the bloody "debateable land" of the southern Michigan and northern Indiana after the Miamis had fled from the forays of the murderous Sioux from the west. In 1695, according to a report by Cadillac, the Miamis were attacked by the Sioux and 3,000 were slaughtered. The few survivors fled to Mackinac and remained under the protection of the French until about 1706 when they were moved entirely from the valley of the St. Joseph and from Michigan.

The Pottawatomes succeeded them in the St. Joseph river valley. They were a more warlike nation than the Miamis and with the aid of their allies, the Chippewas and the Ottawas further north, they were able to protect themselves. The Pottawatomes occupied territory from Chicago westward embracing most of the western part of Michigan as far north as the mouth of the Kalamazoo river and the headwaters of the Grand river and southward into Indiana and Illinois. For 125 years they held possession of this territory being the dominant tribe in southern Michigan at the time of the coming of the English-speaking settlers, and a remnant remaining even to this day.

About 1650 they had been driven north and west to upper Michigan and Wisconsin by the Iriquois. LaSalle found them in Wisconsin in 1679 and struck a friendship with them and it was after the opening of the 18th century when the French had entered the territory that the Pottawatomes occupied southwestern Michigan.

The Pottawatomes were friendly and willing to profit by the teaching of the priests at the French mission of St. Joseph. They proved steadfast friends to the French and although not the equals in battle of the terrible Iriquois they were brave warriors and implacable enemies. In the spring of 1712 the Pottawatomie warriors from the St. Joseph valley aided in saving the French garrison of Detroit from massacre by the Fox and Mascoutin tribes. The besiegers fought both French and the rescuing war parties of Pottawatomes, Wyandots and Ottawa warriors for several days but were finally forced to fly and were surrounded in a rude fort several miles from Detroit where 800 warriors, women and children were slain and Fox nation nearly destroyed.

The Pottawatomes and their allies fought with the French in the wars with the English. After the triumph of the English, they treated the Indians with a contempt and severity which compared ill with the kindness and generosity of the French. When the French left the English traders came. "These," said Parkman, "were often ruffians of the coarsest stamp. They cheated and plundered Indians and outraged their families," making bitter enemies of the Red men. When Pontiac, the great Ottawa chief, initiated his great conspiracy the Pottawatomes joined him with alacrity and were active participants. They destroyed Fort St. Joe, garrisoned by Ensign Schlosser and fourteen soldiers and the Canadian village near it. Eleven soldiers were killed and Schlosser and three men were taken prisoner.

Budding flight enthusiasts of Buchanan will again be afforded a chance to try their wings when the representatives of the Kuhl Aviation School of South Bend come to Buchanan for the second time next Saturday, Sept. 8, to transport passengers and give flight lessons to those who wish it. After the triumph of the English, they treated the Indians with a contempt and severity which compared ill with the kindness and generosity of the French. When the French left the English traders came. "These," said Parkman, "were often ruffians of the coarsest stamp. They cheated and plundered Indians and outraged their families," making bitter enemies of the Red men. When Pontiac, the great Ottawa chief, initiated his great conspiracy the Pottawatomes joined him with alacrity and were active participants. ## Christian Science Churches

"Man" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world Sunday, Sept. 9.

Among the Bible citations is this passage (Luke 17: 20, 21): "And when he was demanded of the Pharisees, when the kingdom of God should come, he answered them and said, The kingdom of God cometh not with observation; neither shall they say, Lo here! or, lo there! for behold, the kingdom of God is within you!"

Correlative passages to be read from the Christian Science text book, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 289): "In divine Science, man is the true image of God. The divine nature was best expressed in Christ Jesus, who threw upon mortals the truer reflection of God and lifted their lives higher than their poor thought-models would allow, thoughts which pre-vented man as fallen, sick, sinning and dying."

## For Prosecuting Attorney

## TO THE VOTERS OF BERRIEN CO.

In asking you to vote for me for Prosecuting Attorney, I am not doing so simply because I need a job. The office of Prosecuting Attorney is much too important to be filled on that basis. It is not a "political plum"—it is an office which requires hard work, experience and ability.

For four years I held the job of Assistant Prosecuting Attorney, which in Berrien County is not a paid job, simply in order that I might gain the experience which would make me a better lawyer and, when the time came, make me a better Prosecuting Attorney. Two years ago I was beaten in the "land-slide" and I am running again this year because I still think I can make Berrien County a better Prosecuting Attorney than any of the other candidates.

I am not the candidate of any group or machine. If elected, I will have no political debts to pay to anyone. And I have not promised the job of Assistant Prosecutor to anyone. I refuse to consider that matter until and unless I am elected.

When voting for a Prosecuting Attorney you should exercise the same judgment that you do when you choose a lawyer to represent you personally. You should lay aside any considerations of sectionalism or of who most needs the job and cast your vote for the one you feel can best fill the job. On that basis I respectfully solicit your vote in the primary, Tuesday, September 11th.

Ask for a Republican Ballot and vote for EDWARD A. WESTIN for Prosecuting Attorney

**A Personal Message**

To The Citizens of Berrien County

The people of Berrien county, in their selection of the nominee for prosecuting attorney on the various tickets and in the final selection at the general polls in November should give serious thought to the attainment of the following ends:

1. The establishment of higher professional standards in the office of the prosecuting attorney.
2. The enforcement of the laws as they now stand on the statute books without fear, favor or personal bias.
3. An honest business administration of the office.
4. The direct and swift prosecution of crime and infraction of law.
5. The protection of the best interests of society as they are effected by this office.

It is my intention, if nominated and elected, to subscribe to the above aims and to fulfill them to the best of my ability.

I have made my home in southern Berrien County for many years; members of my family have been residents, taxpayers, and business men here. I will have your interests at heart if I am accorded the privilege of serving you. I earnestly plead with the voters to attend the polls and support me as a south-end candidate for prosecutor.

hold that office due to his years of experience. Mr. Damon is known to be a loyal, progressive citizen and is instrumental in religious and civic activities, courageous and dependable, he has an appreciation of the need for economy during this period of financial distress. His record in his present office merits your support in September.

Myraum E. Burkett Republican Candidate For County Clerk

Every dutiful citizen will vote and they will select their candidates with the utmost care. Their selections will be for a man who has proven by his past record his fitness for the duties he will have to perform and his ability and willingness to co-operate and to profit by the mistakes of his predecessor. Myraum E. Burkett, who now holds the office of United States Conciliation Commissioner, is a Republican Candidate for the office of County Clerk. He is well qualified for the duties of this office. His broad acquaintance throughout County and many years experience in public affairs has brought him in constant touch with the executives of Berrien County. Mr. Burkett is a property owner and a heavy taxpayer and understands the problems that arise in these trying times. With men of this type, leadership is the rule, rather than the exception. He possesses the ability to lead and direct, and is working for the interests of the Republican candidates to build a strong organization throughout the county. His record as a public spirited citizen will further enhance his well earned prestige and when he is placed in the office of County Clerk people will realize the necessity of more men of his calibre to conduct public affairs. Mr. Burkett understands the needs of the people, he is worthy and will appreciate the co-operation of his many friends to secure the nomination.

James H. Dewey Republican Candidate For Surveyor

This promises to be a great political fight in the area, and the forces that are already preparing for the fray. But James H. Dewey is a man who need not worry about his candidacy for the office of County Surveyor on the Republican ticket. With no disrespect to the other contenders for the office, he is a logical choice that is showing wide popularity on all sides. Aside from party affiliations, Mr. Dewey has attained to his high standing because of his ability, inherent and acquired, and an ability that has proved beyond the pre-adventure of a doubt that he is capable in a real business-like administration, that will show honest construction. Mr. Dewey is a prominent business man of Benton Harbor, has had fifteen years experience in civil engineering in Berrien County. He is also a World War veteran, having served overseas with the 310th Ammunition Train. Mr. Dewey has good reason for his large following and the esteem of his constituents and it is not at all surprising that his campaign is generally conceded as being one of the most forceful and promising of any candidate. Mr. Dewey certainly merits hearty support.

ARROWS DEFEAT STANDARDS IN THE RAIN; SCORE 5-2

Little Nine Proves Good Mud Hounds in Their Tenth Straight Victory.

Plying in a steady rain at Michigan Central park, Niles, on Sunday, Johnny Little's Buchanan Arrows, won its tenth straight victory of the season and avenged a bitter 2-3 to defeat early in the season by defeating the National Standards of Niles, 5 to 2. It was a pretty pitching duel between Glenn Jesse, Arrows' star moun'sman, and Harry Lewis of the Standards. The former allowed but eight hits, all singles, and Lewis was nicked for ten hits, including doubles by Deeds and Dellinger. The Buchanan pitcher was constantly in trouble, however, as in every inning gave the ninth, when he retired the side in order, two of whom went down on strike, there were men on base. But he pitched himself out of the hole each time. In the third the Standards scored one run which was forced in when G. Jesse hit Ermons with a pitched ball, then with the bases full and two out, retired Hall to end the inning. In the seventh Niles filled the bases with none out and failed to score. Fourteen Niles runners died on base during the game. Trailing 2 to 1 to enter the sixth, Buchanan scored three runs in that inning and another unnecessary counter in the eighth to maintain a safe lead to the game's end. Buchanan threatened to stage a final rally in the ninth, but this was nipped when Ellis was thrown out at the plate, after talking third on Deeds' double and attempting to score after Geary, the Niles shortstop, went into left field to get Stelter's Texas league fly. Deeds, shortstop, led the attack for Buchanan with a double and two singles out of five times up and McBride, rightfielder, was the Standards' batting ace with three singles out of five. The game was replete with plenty of sensational fielding plays. Owing to the slippery condition of the ball each team made five errors.

The score by innings: Arrows 001 003 010-5 10 5 Niles- 001 010 000-2 8 5 Batteries: Jesse and A. Topash; H. Lewis and Wainecott. Umpires: Gleason and Mangold.

George S. Barnard Republican Candidate For Congress

Government, like business, have grown. Just as manufacturing and financial institutions have assumed mammoth proportions in the past fifty years, so have governments assumed proportions accordingly. In business the wide scope of activities of a single concern now necessitates the skillful administration of trained executives. The governmental situation is no different, men of executive ability are sadly in demand, that is why the candidacy of George S. Barnard of Benton Harbor for Congress, is being spunked everywhere with enthusiasm. He is broad in his views and has had valuable training, both in and out of office. He believes that the constitution of the United States should be the guide and yardstick for code makers, rule makers and law makers. He believes that experimenting with too many new ideas at a time like this is proving banal in effect and is retarding progress. He would abolish needless bureaus, rule agencies and work for the reduction of governmental spending. He believes that the soldiers be paid in full, they did their job in full. He would oppose any foreign governmental loans and would work for any movement that would be a forward step toward the recovery of agricultural progress. He believes in the right of free speech and the full protection of society. He has the viewpoint that if the man who works for a salary and low wages had better opportunities, it would be more acceptable than so much welfare. Governmental machinery at best is ponderous in motion and one error may cost the taxpayers Croesus' sum as well as retard progress. Mr. Barnard is not making a lot of promises that he hopes will be forgotten, but will endeavor, if successful in reaching this office, to give the best that is in him, for the interests of his district.

NOMINATE A Republican Congressman Who Can Win.

A MISTAKE Should not be Made

There are two candidates from Van Buren county. You know they will split the vote and each will destroy the other's chance of nomination. Impartial observers say that the nomination lies between the Berrien candidate and Clare E. Hoffman of Allegan.

The Berrien candidate is a mighty fine gentleman, honest and conscientious, but something more than that is needed at the next session of Congress. An arm-chair Congressman would be alright in ordinary times, but today we must have someone who can, publicly, as well as privately, make an intelligent and courageous fight to protect us.

Clare E. Hoffman, Allegan's candidate, not only has the integrity and the determination, but, in addition, he has the ability to express logically, clearly and forcibly, either in writing or by speech, privately or publicly, his views, which are sound as well as progressive, and he can, and will, nominate and conduct a campaign that will be a vote-getter for the whole Republican ticket, and, if elected, he will be able to meet and repel the bitter and continued assaults of Democratic Congressmen at Washington on our constitutional liberties.

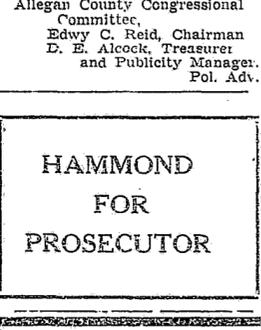

Allegan county has not had a Congressman in thirty-six years. She has always furnished a substantial Republican majority.

Allegan city, Allegan county, will cast an overwhelming vote for Hoffman. During the Primary campaign he has spoken for the Republican party, more than for himself. He can do more to aid the Republican party in winning this election than any other candidate.

This is not an anonymous advertisement, published by a "Committee," as is frequently done. The names of our officers are given. We solicit your support for our candidate.

John Warman Republican Candidate for State Representative

It has been utterly impossible for me to come in personal contact with all the voters in this district, and in offering my name for your consideration of my candidacy for State Representative for the 2nd District of Berrien, I make no special claims of distinction. What I have accomplished during my 10 years as a public servant was for your benefit and not for personal credit. Believing this experience of some value, I gladly offer you the same energy, study and hard work as given in the past, always on the job regardless of time required. In choosing your candidate, we only ask careful study of those who aspire to office, and inquiry of capabilities.

A LAST WORD TO DEMOCRATS AS WELL AS REPUBLICANS

Many of you have heard me speak. At my own expense I have put on a campaign and spoken for patriotism, progress and prosperity, for a sound, safe but human government, for protection to the man who works, as well as to capital. You have heard me ask you to support the principles of the Constitution in order that we might have liberty, freedom of speech and of the press, security of property and relief from excessive taxation and from oppressive and unjust government regulations and restrictions.

Similar, the Socialist, has been nominated on the Democratic ticket in California on a platform which tends toward government ownership of private property, government operation of business and supervision of all individual activities.

Strikes exist all over the country and a new one has been called which involves a million men, who demand the government sustain them while on strike.

The American Federation of Labor charges the increased unemployment to the NRA.

The Government is spending millions more each month than it is receiving. It proposes to license the farmers and regulate the production of farm crops, as well as the factories and stores.

You begin to realize at last that, unless there is a change and the brain trusters prevented from taking over the legislative and judicial power you will no longer be free, at liberty to operate your own business and be crushed by codes, regulations and orders, a large part of the population living upon government funds furnished by those willing to work, the savings of the aged invested in securities and life insurance swept away and our nation become bankrupt.

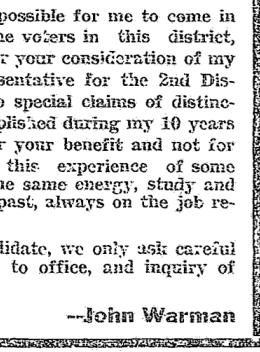

Not once from any responsible source have you heard my honesty, ability or courage questioned. If you believe in the future of our country, in personal liberty and in a constitutional form of government, then I will be with you until the end, if you elect me.

Respectfully yours, CLARE E. HOFFMAN, Republican Candidate for Congress, 4th District. Pol. Adv.

ARROWS DEFEAT BLUES IN FURIOUS 16-INNING GAME

Ellis Brings Winning Tally in After Topash Holds Blues to But Five Hits.

Johnny Hittle's fast-stepping Buchanan Arrows are monarchs of all they survey today by virtue of the thrilling 2 to 1 victory Labor Day afternoon at Liberty Heights park, over Bob Reamer's Buchanan Blues—and what a game it was! The game went sixteen furious innings before the Arrows got the breaks and scored the winning run.

The Arrows, by virtue of the hard-earned victory, are champions in Buchanan's baseball picture, the club having won the first game of a three-game series on July 4th, defeating the Blues 8 to 4. Monday's game, which was played in a drizzling rain, marked the eleventh consecutive victory of the Arrows and the team's 12th win in sixteen starts.

The Blues drew first blood in the fifth, when Letter scored his team's only run on an infield fly. As the bases were full and Umpire Dokey failed to call Heckathorne's fly, dropped by Deeds, an infield fly at the time of the play, August Topash, believing it was a force-out play at the plate, failed to touch Letter with the ball as he scored from third.

Over at Athletic Park, Johnny Hittle's Buchanan Arrows, which won its eleventh consecutive game on Labor Day by winning the second and final game in a city championship series from the Buchanan Blues, 2 to 1, after 16 hard fought innings, will play the Buchanan Co-ops, formerly the Portage Park Greyhounds, the second game in a series involving the title of southern Berrien county.

The Co-ops won the first game, played early in the season on the latter's field south of the city. In this game, Sebasty, star pitcher and manager of the Co-ops, will be on the mound for his team with Miller back of the plate, and Glenn Jesse and August Topash in the bullpen.

Next Sunday, Liberty Heights, scene of Monday's 16-inning battle, will be the hotte ground for what should be a hot session between Bob Reamer's Buchanan Blues and the Benton Harbor Colored Giants, Twin Cities' strong negro club. The Giants won a 16-inning game from the Chick Haven Red Sox, a team that all but defeated Hittle's Buchanan Arrows recently, so it is expected that this strong colored team will give the Blues a very interesting game.

Reamer expects to have his star pitcher, "Big Dick" Montague, who has finished his season's services as pitcher for the Harrisburg team in the New York-Pennsylvania league, available for service Sunday, as well as Bob Decker, who is home from Worcester, Mass., where he was a leading out-fielder in the New England league's season just closed.

Both games are scheduled to start at 2:30 o'clock.

E. B. Clark to Play Host to River St. Team at Banquet

E. B. Clark, president of the Clark Equipment company, will stand sponsor for a banquet to the fifteen members of Ray Babcock's Clark River street team in honor of their winning the pennant in the Buchanan softball league, which season is just closed, so A. S. Bonner, treasurer of the Clark company, has informed Manager Babcock.

The banquet will be served in about two weeks at the Quinn Waters farm east of Buchanan. Covers will be laid for 25 or more guests, which will include Mr. Babcock and the members of his winning team, Mr. Clark, Mr. Bonner, department heads of the River street plant, officials of the Buchanan softball league and John F. Russell, donor of the individual Russell-Chevrolet trophy to be given each member of the winning team and which, it is expected, will be presented formally at the banquet.

The Clark team, playing consistent ball all season, came into first place in the semi-final week of play and thrust back the thrusts of all contenders to win the league title with a record of 12 victories and but two defeats for a standing of .857, a full 214 points ahead of D's and Ramblers, tied for second place.

Members of the winning Clark team are: J. Ray Babcock, manager; Glenn Jesse, captain and pitcher; Andrew Freeling, pitcher; Robert Rotzien, catcher; J. Couvert, baseman; Arnold Rotzien, short field; Arnold Rotzien, second baseman; Robert Ellis, short stop; Harry Dumbolt, third baseman; Claude Imhoff, left field; Herman Stelter, center field; Harold Myer, James Lisk; and John Freeling, right field; and Elmer Keyes, utility.

### Banking Service Necessary in Every Community

We never fully realize the vital need of any service until it is stopped.

So long as the electric light burns or water flows as the pump is operated, or when the faucet is opened, we think little of it, but let either of those two vital services be interrupted for even a few moments and we then realize what these things mean in comfort, convenience and saving of labor, as well as safety.

Banking service, which had long been taken for granted, furnished a striking example of the same thing, when it was suddenly suspended, first in Michigan and then in the whole country, early last year. In a day we were all made to realize how largely our business is conducted by means of bank checks rather than with actual cash, and how much we had depended on the various financial services rendered by banks. It proved that banking service ranked almost with electric and water service in its importance in community life. It is needless to review the serious inconveniences and losses due to that interruption in banking services and the various troubles that grew out of it.

The great depression which has now run over four years has necessitated most amazing changes in the conduct of all business. This has been emphatically true of banking. Particularly in the smaller cities and towns the earnings of banks have greatly lessened and it has become necessary to institute service charges for many things that have heretofore been done without charge.

A bank, like any other business, if it is to be permanently successful, must earn a profit. The continuance of vitally necessary banking service in each community requires that compensation must be received for the services rendered. This compensation may be in the form of an adequate balance on checking accounts, or by means of specific service charges.

Lewis, pitching for Three Oaks, allowed but three hits, while Seals, pitching for the All Stars allowed five. This was the second game in a series of three. Buchanan won the first game 7 to 0. The third game in the series will be played at Liberty Heights, Tuesday night, Sept. 18.

### "Manhattan Melodrama" Comes to Hollywood Sunday

New York's smart night world moves before the camera in a glamorous and dramatic parade in "Manhattan Melodrama," new Metro-Goldwyn-Mayer three star feature which opens Sunday at the Hollywood Theatre for a three-day run. Clark Gable, William Powell and Myrna Loy share starring honors.

Besides marking Gable's return to the screen after his recent triumphal personal appearance tour in the East, the picture is noteworthy because it is Powell's first appearance as a Metro-Goldwyn-Mayer star, and because it marks the elevation to stardom of Miss Loy.

It is the first time Gable and Powell have appeared together. The picture brings about the reunion of Gable and Miss Loy, who were hailed as a new romantic team in "Men in White." "Manhattan Melodrama" presents Gable as a powerful and dramatic figure of the demi-world of New York, a "big-shot" gambler who does not hesitate to use violence when he is crossed. He is in love with Miss Loy, who is the wife of William Powell, district attorney and Gable's lifelong friend.

The situations that arise out of this unusual combination of characters make a story that moves swiftly and dramatically to an unexpected conclusion. The supporting cast numbers many notable players, among them Leo Carrillo, Nat Pendleton, George Sidney, Isabel Jewell and

The Pottawatomes remained hostile to the English until 1765 when George Croghan, an experienced trader, came among them and made peace.

In 1794 the Pottawatomes were again on the war path, joining the Indians who attacked General Anthony Wayne, who defeated them. They concluded a treaty with the American government at Greenville in 1795 and remained at peace for 15 years. In this year Tecumseh visited the Pottawatomes and enlisted them in an expedition to drive out the American colonists. They were defeated by the whites under General Harrison at the Battle of Tippecanoe.

### This Speaks Well For

GEORGE S. BARNARD

When GEORGE S. BARNARD was selected as Berrien's choice for Republican CANDIDATE FOR CONGRESS, he resigned his position as CITY MANAGER of the City of Benton Harbor, but the City Commissioners rejected his resignation and issued him a six months' leave of absence instead—because HE HAD MADE GOOD.

Other candidates may claim to be better orators, but THEY NEVER CLAIM TO BE BETTER THINKERS. After all an oration without thought and understanding in its theme never saved nor helped save a nation.

George Barnard makes a business talk now and then, but he never attempts to sway voters' minds through High Pressure Salesmanship oratory or through extravagant promises. George Barnard has never attempted to be a spectacular fighter by the sarcastic word method, but has won many a hot battle by offering logical solutions.

GEORGE BARNARD IS NOT AN ATTORNEY, but has had many years' experience in law making as a Senator and Representative in the Michigan Legislature. He has been one of Benton Harbor's leading WHOLESALE AND RETAIL MERCHANTS for the past 27 years and knows business needs.

HIS FARMING EXPERIENCE WAS RECOGNIZED by the farming interests when he was made Chairman of Horticulture of the Michigan State Senate where he handled all bills for that group, and through his hard work and efforts secured the passage of every bill offered.

As a member of the Legislature—George Barnard was appointed and served on these most important committees: Finance, Ways and Means, Horticulture, Education, State Affairs and many others.

As City Manager of Benton Harbor during four years of the most perplexing of economic and social periods, George Barnard, with the support of the City Commission, took Benton Harbor out of the UNBALANCED BUDGET CLASS and restored its credit, built up a \$22,400 surplus, reduced its cost of government by more than \$5,000 per month, and best of all, reduced the old debt by \$368,000 and did not incur any new debts.
