

TO FORM COMMUNITY SPORTS ASSOC.

B. H. S. Pigskin Pushers to Meet Waterliet Team Here Saturday

VOTE ONE CLASS OF MEMBERSHIPS WITH DOLLAR FEE

Coach George Wynn Elected President; Other Officers C. K. Detrick, Harold Boyce, Frederic Smith

A campaign for membership in the new Buchanan Athletic Association will be initiated in the coming week in a sales effort to interest not only all athletes and sports fans of the community, but all those as well who are interested in the proper organization of all sports on a business-like basis under business supervision.

At the meeting held at D's Cafe Monday evening a partial constitution was adopted providing for one class of membership at \$1.00 each. It was voted that the association take over all major sports, including independent football, a city basketball league, a summer softball league and inter-city baseball. The association is to be under the general supervision of a board of directors consisting of five local business or professional men not actively engaged in sports. The following were elected to other offices provided for by the constitution: president, George Wynn; vice president, C. K. Detrick; secretary, Harold Boyce; treasurer, Frederic Smith. The board of directors will be elected at a later meeting.

A committee was authorized to go to Dowagiac last night to confer with officials of the successful city league there for advice on organization. A committee comprising Walter Hawes (Captain), Frank Fabiano and William Baker was designated to form a canvassing organization to cover the city in a membership campaign. It was the sense of the meeting that the fund raised by enlistment of members be placed in the supervision of the board of directors as a current fund, and that an attempt be made to place all forms of sport on a self-supporting basis. The canvassers will merely collect the names of members and give them cards and their dues will be collected later by the secretary, Harold Boyce, and turned over to the treasurer. Arrangements were made for signature bonds in the amount of \$50 for the secretary and treasurer.

Another meeting to complete the organization and further the membership campaign will be held at the banquet room of D's Cafe next Monday evening, opening at 7:30 p. m. Twenty-six men were enrolled for independent football at a meeting held Friday evening and practices were held Sunday morning and Tuesday evening. Joe Howard was named manager and Ed Stults coach and assistant manager. The opening game of the season will be held with the Michigan City Independents at Athletic Field next Sunday afternoon, Oct. 1st.

ALL STARS LOSE TO FRENCH TEAM IN SEASON FINAL

Locals Lose Hard-Fought Game, 2 to 1, and Close Season With Eight Defeats

McLeod's Buchanan All Stars, playing its final game in its fifteen-game 1934 series, lost a close verdict to the French Paper Co. team of Niles, 2 to 1, last Thursday night at Liberty Heights park.

Although outtitting the visitors getting six hits off Seals, while Paul Zimmerman allowed the visiting sluggers but four, the game was lost through slow infield play in the sixth, when Frucci, French leftfielder, scored after none of the four who got on base during the inning had hit safely.

Crouch, lead-off man, tripled in the first inning and brought in French's first run when Myer Crough Campbell's fly in right. Buchanan scored its only run in the fifth, when Ellis walked and scored on Couvert's double to center. Paul Zimmerman, after tripling with one out, attempted to score as N. McLaughlin was retiring Myer at first for the second out, but was thrown out at the plate on a close play. On two other occasions, in the fifth and sixth, Buchanan got runners as far as third but could not score. The game was called at the end of the sixth on account of darkness. It was the eighth defeat in fifteen starts this season for the All Stars.

The score by innings: R H E All Stars 000 010-1 6 2 French Paper 100 001-2 4 1 Batteries—P. Zimmerman and L. Zimmerman; Seals and Eaton. Umpires—Reyback and Hittle.

STAVER RESIGNS TO TAKE CHURCH MARSHALL, MICH.

Local Minister to Take Up Larger Pastorate After Nine Years in Buchanan.

Rev. H. W. Staver will preach his last sermon as the regular pastor at the local Presbyterian church next Sunday morning before leaving to take up his new duties as minister in charge of the Presbyterian church of Marshall, Mich.

Rev. Staver came to Buchanan in December, 1925, and served a trial period, taking charge as regular pastor April 1, 1926, serving in all eight years and ten months here. Before coming to Buchanan he was a superintendent in charge of Redpath Lyceum work. The services were being held in the American Legion Hall, the church building having been burned in December 1924. The present structure went up the following year and was dedicated Oct. 9, 1927. He was a favorite locally, both in church and at lay meetings as a cultured and effective speaker.

In his new charge at Marshall he has a strong church in a town of 6,000. He will preach his first sermon as regular pastor there on Oct. 7, and will move his family there early in October.

Lilian Plimpton, Daughter of Founder of Record, Expires

Relatives have received announcement that Mrs. Lilian C. Plimpton, late of Los Angeles, Calif., went on the long journey last Sunday night, Sept. 25, 1934. She was the older daughter of Mary Jane Roe Wagner and Daniel Arthur Wagner, who was the founder of and for years edited the Berrien County Record. She was born on Portage Prairie Sept. 19, 1854, and at the home of her parents in Buchanan was married Sept. 16, 1875, to Harry Clay Plimpton, son of Emory M. and Julia L. Plimpton, then of Buchanan. Through many trying and saddening experiences she retained wit and surprising cheerfulness. She was deeply religious and as her life lengthened her hope and trust strengthened. She leaves a son, one sister, one adopted sister, and many friends. Burial was made in Los Angeles.

Foulkes, Gerow to Run Lacy Campaign in Fourth District

Judge Arthur Lacy of Detroit, the Democratic nominee for governor, has made a personal request through the chairman of the 4th district states central committee that Mr. Daniel Gerow of Hartford, the present Congressman, that they take over the management of his campaign in western Michigan for the coming election this fall. Both of these gentlemen are known as good campaigners and hard hitters and have a big following among the voters of the 4th district. Foulkes has always piled up a large vote among the farm voters and is a prominent member of the Farmers Union and other farm organizations and has done much for the farmers throughout Michigan. Mr. Gerow, as the chairman of the state central committee, has been prominent in politics for many years and this combination ought to result in much strength to the Democratic ticket. Foulkes is a 100 per cent Roosevelt man—a New Dealer of the most pronounced type and a fighter of no mean ability as he demonstrated at the last primary election in spite of the mud slinging of his opponents. He never answers but appears to think that the voters cannot be fooled with tactics of that kind and his judgment was confirmed by the votes received by him. This will be interesting to watch and looks like a red hot campaign.

Delores Myers Is Injured in a Freak Accident

Delores Myers, the two-year-old daughter of Mr. and Mrs. Morley Myers, incurred painful scratches last week as the result of a freak accident, when she was dragged several rods while hanging by her hands to the rear bumper of a neighbor's car, afraid to let go. Together with several other children she was standing in the rear of the car holding to the bumper when the owner got in and started off. The other children let go but Delores was taken by surprise and held on. The car had got under considerable motion when the driver was apprised by the screams of neighbors that something unusual had occurred. The little girl suffered the loss of considerable skin from the knees down but was otherwise unharmed.

CHAMPION SHEEP PURCHASED FOR CLARK FARM

Prize-Winning Oxfords and Shropshires Winning Honors at U. S. and Canadian Shows Bought.

The Buchanan district is shortly to have a fine flock of blooded sheep in the form of purchases made for the Eugene Clark farm on the Niles road. Mr. Clark recently attended the Renk, Marellbar and McKerrow sale held at Pewaukee, Wis., where some unusually fine Oxford and Shropshire sheep were exhibited and sold, including prize winners and champions in interstate and national shows in the United States and Canada. Both the exhibitors and the purchasers included some of the most prominent sheep breeders of the two countries.

Mr. Clark's purchases included a ewe which won second prize at Toronto, Canada, was first and champion at London, Ontario, and was first and champion at the Eastern States Exposition. He also acquired a yearling ewe which was champion at the Chicago International in 1930. These sheep were raised at the Marellbar Farm, owned by William Bartholomew, Jr., of Chicago. This farm has recently been awarded prize for champion Shropshire ram and ewe and champion Oxford ram and ewe at the state fair at Syracuse, New York. Mr. Clark expects to receive his sheep this fall, they having been, in the meantime, bred to a champion imported ram owned by the Marellbar Farm.

Buchanan People Live in Paradise Says S. Dak. Man

Residents of the Buchanan district should be thankful for living in one of the paradises of the earth instead of the drouth-stricken regions of the West, according to O. H. Pearson, who arrived on Thursday from Chamberlain, S. Dak., to visit at the home of his parents, Mr. and Mrs. Martin Pearson. He has been at Chamberlain for two years, serving as a registered male nurse at the sanitarium there. He left for the West again yesterday, accompanied by his wife and two little daughters, Beverly and Patty Jane.

First Buchanan Baby Born in October to Receive Shower

This week the Record is introducing a novel contest by which some Buchanan baby, or some baby's mother and father, will be "showered" if the baby arrives early enough in October. On another page of this issue is a group of announcements by Buchanan merchants in which they tell the "world" what they'll give to the first baby born in Buchanan during the month of October. All the gifts mentioned in the advertisements will be given to the earliest arrival so that some baby will be assured a generous portion of this world's goods right from the start.

There are no strings tied to the gifts. All that is necessary is to report to the Record the birth of early arrivals and it is planned to continue the monthly "shower" for several months. On the last will announce what they will give to the first baby born during the following month. Full details of what is required to claim the gifts are given in the ad. Turn it in now and read each merchant's announcement.

LOCALS MAKE GOOD SHOWING VERSUS COLOMA

Unusual Brand of Early-Season Ball is Displayed by Coach Wynn's Green Material.

The Buchanan high school Maroon gridsters, greatly heartened by their strong showing against the Coloma eleven Saturday, will face the strong Waterliet team in a second home game at Athletic field next Saturday, beginning at 2:30 p. m. fast time.

Coach Wynn's boys expect first class competition from the eleven which was able to score twice on the St. Joseph high school team last Saturday. Reports indicate that the Waterliet eleven has a promising back-field combination, featuring Woods, full back, and Krall and Enos, speedy halfbacks, who got away for long runs Saturday. Both Waterliet scores Saturday were made while the St. Joseph reserves were in the game. The final score was 25-12.

The Maroons looked good in their curtain-raiser Saturday, especially in the last two quarters. The hard-playing Coloma eleven held them to almost even terms in the first half, although their own score was in the nature of a fluke. After that single specimen of poor football, the Bucaneers took the field in a fighting mood and displayed an unusual brand of early season ball, charging low and tackling low and hard. Their play was free from the raggedness that was expected from the comparatively green material. Coach Wynn ran in a number of reserves, all of whom acquitted themselves creditably.

The following report was made by a microphone reporter: Coach George Wynn's Maroons won their opening game from Coloma by a score of 21-6 on their home field Saturday. Coloma won the county championship last fall but they could not surpass the blocking done by the Bucks, nor could they penetrate the Buchanan line. The locals made 14 first downs to Coloma's 6 first downs. Buchanan made their first touchdown in the first quarter on a pass from Coloma's 20 yard line from D. Topash to E. Deeds, who kicked the extra point. Coloma made their touchdown in the third quarter when Buchanan fumbled behind their own goal and Schriber, Coloma's center, recovered. Their placement was blocked by Rossov.

Buchanan scored again in the third quarter when Deeds ran a ball up to Coloma's 1 yard line and D. Topash put it over on a line plunge. The kick was good, making the score 14-6. In the fourth quarter Buchanan scored again when Deeds intercepted a pass and with the good interference of Dreitzler, crossed the goal for the third touchdown. The placement was good. Buchanan threatened with another score in the second quarter as they had 1 yard to go as the half ended.

Women Interested in Rifle Shooting Have Opportunity

Any local women who would be interested in taking up rifle shooting as a sport should report to Vine Cook of the Buchanan Rifle Club, who is interested in organizing a ladies team. Prospective members may attend the weekly shoots held each Thursday evening at the range over the Treat Grocery. Women who wish to practice shooting will be allowed to use the club guns and will not have to furnish their own rifles. A minimum of five members is necessary to organize a team. Several other cities of the northern Indiana and southwestern Michigan district are considering the formation of women's rifle clubs and there is prospect of interesting competition.

Women Interested in Rifle Shooting Have Opportunity

The men of the Buchanan Rifle club are planning on entering the St. Joseph Valley League, comprising two teams from South Bend, and teams from Elkhart, Cassopolis and Dowagiac.

Now Here's the Proposition

1934 Deluxe Models Honorable mention is reserved this week for two young men of our community, who attained parthenoid Sunday evening, the two heroes being Bud Proud (and is Bud Proud!) and Jerry Wisner. Mr. Wisner claims precedence in order of time, having received the momentous message "It's a boy" at 11:45; and 20 seconds p. m. Just 20 seconds later Bud was notified "It's a girl." Jerry is claiming precedence also for the fact that his is a boy, if that is any assumption for pride these days. But Bud says Jerry waited eight years and shouldn't brag. Both the young fathers are reported to be doing well.

ALL INTERESTED IN COLLEGE HERE SEE SUPT. STARK

Freshman Year Offered Without Matriculation or Tuition Charges; 40 Students Required.

All who are interested in the opportunity to secure a year of freshman college work here at home, with full credit at the University of Michigan or any other state institution entirely free of matriculation fees, tuition costs or any other charges save those for books or laboratory materials should get in touch with Supt. H. C. Stark at once.

Stark has already received eight names, but it will be necessary to secure forty students to initiate the school, the only requirement for entrance is that the applicant be a high school graduate. The following information has been received by Supt. Stark from Western State Teachers College, which will supervise the local branch if one is organized:

Entrance requirements shall be those of graduation from a senior high school. If, and when, the student enters college in residence, extension credit will be given provided the student has done acceptable work in the freshman college and meets the entrance requirements of the higher institution.

A good many requests have come in for information as to the subjects which might legitimately be offered in the freshman colleges. We are suggesting, therefore, that special emphasis be given to the following:

1. Rhetoric.
 2. History of Modern Europe.
 3. A Laboratory Science (if adequate laboratory facilities are available) or Mathematics.
 4. A French Language (French, German, Latin or Spanish) or General Literature.
- In addition, if it appears feasible, work might be offered with or without credit, in Art, Commerce, Music, and other so-called "special subjects."

Six Injured When Automobile Skids on Hardscrabble Hill

A Cadillac car belonging to Will Sylvester, Berrien Springs banker and driven by Mrs. Harold Bascomb of San Francisco was badly wrecked about 2:30 p. m. yesterday when it skidded on the wet pavement on the Main street stone road at the foot of Hardscrabble hill, all the occupants suffering injuries. Those in the car in addition to the two mentioned above were Mr. and Mrs. George Pullen, George Pullen, Sr., and Miss Jean Oglesby, all of Berrien Springs. They were en route to visit Mr. and Mrs. William Miller of this city when the accident occurred. They were taken to Pawating hospital, where Mrs. Bascomb was found to be suffering from a broken wrist, and the others from bruises and cuts. Mr. Pullen, Sr. who is 83 years old, was in the most serious condition, suffering from severe shock.

Word Pictures of the New Teachers

(By Una Kelley)

Miss Lois Boyer is the new girls' physical ed. teacher, who is replacing Miss Alice Rothenbach. She first saw the light of day in the town of Crete, Ill. She attended school in Chicago Heights, graduating from high school in the same place. After graduation she attended Chicago Normal for three years and then the University of Illinois, where she received a B. S. degree in education.

Miss Boyer is interested in music and plays both the violin and piano. She has a strong dislike for girls who ask her questions, meaning, I suppose, the poor harried reporter who proccured these facts.

Mr. Clarence Moore is the new Junior High teacher replacing Mrs. French who now has the fifth grade. His job is teaching the seventh and eighth graders, history and English. He was born in the well-known town of Battle Creek, Michigan, attended school in Niles, and for his Alma Mater claims Alma college. He is fond of hunting, fishing, swimming—in a word, all sports. But his real interest is dramatics in which he takes a live participation.

Mr. George Wynn is so well known locally that little can be said that everyone does not know. Enough to say that he is one of the best liked teachers in the school, and the football squad would even die for him—if they thought it would help him.

The grade school possesses two new teachers: Miss Anderson, who teaches the fourth grade, and Miss Bender, who has charge of the special room.

Along the Corridors

(By Izzat So)

If you should happen to meet a student with his lips practically all chewed off, don't be alarmed. It's probably a poor little junior who has just come from typing class.

And in the course of human events the English Essentials have been given—and, as usual, many sick headaches are reported.

A well known senior football star, Max Drietzler by name, wishes that certain freshmen in second hour study hall wouldn't squirm so in their seats. Just a gentle hint—because he's getting vicious.

The school is so polished, so clean, and so freshly painted that it makes one feel uneasy. The students just can't get used to it. It simply ruins the home-like atmosphere.

Just a suggestion, it would be nice if the girls' locker room could have a few benches. Girls, in case you didn't know, like to sit down just as much as boys.

"Albie" Webb, after four years of diligent study, has finally obtained the state of being a chief librarian.

Everett Deeds says he gets so tired of holding his hand up in chemistry class and never being called on. Well, that's what you get, Deeds, for being so bright. What fun can Mr. Moore have if you already know the answer?

Have you ever noticed, by any chance, the cute smocks Miss Negus wears? Clever idea, don't you think? How about it girls? Shall we start a new fad and wear smocks, too?

Dear me! Dear me! Life is so dull!

NEW RULING MADE FOR SOCCER PRACTICES

A new ruling has been made regarding girls' soccer practices. This year a girl intending to go out for soccer must attend every practice of her group. In other years, only a certain number had to be attended.

This ruling, however, does not work as great a hardship as it sounds, because in the past there were as many as four practices a week for everybody. This year the practices are divided up between the classes. That is, Monday night, freshmen; Tuesday night, sophomores; etc. In case a girl has to miss a practice, she is given the opportunity of making it up on Monday night.

Summed up it means that a girl will have to attend one practice a week under the new ruling, while under the old she probably had to attend three with the option of cutting only one at the most. If good arithmetic is used one can easily understand that the new "fall practices" rule isn't quite as severe as it first seems.

Girls' Physical Education

The physical education classes are playing soccer and continuing in their hygiene work.

Guess Who

The students we discussed last week are, as you may have guessed, Barbara Hamilton and Fred Riley.

This week there are two more memory teasers. They are two seniors, one of each sex. The first is a girl, born in Ann Arbor, Jan. 27, 1917. Her favorite color is blue and she has a hobby of reading and all sorts of sports. Has brown eyes and hair.

The boy was born in Buchanan April 26, 1917. He has taken trips around Lake Michigan and Lake Madron this summer. His hobby is boats or anything out of the ordinary. His favorite car is "anything that runs," so he says.

When he gets out of school he is going to spend his time and that million dollars.

VARNISHED STUDENTS
Amusing and extremely ultra-modern attitude last week, the students went about modernizing the doors of B. H. S. Between the class periods the local FERAMER put fresh coats of varnish on the class room door and left them to dry.

As the usual pell-mell, the students smashed into the doors when the bell rang for the end of the period. Seconds later many were exhibiting sticky fingers and brownish tints on their clothing.

When the laborers looked over their work, finger prints were smeared across the doors in various patterns.

LIBRARY NEWS

The librarians that are in charge this semester are:
First hour, Cherry Heim.
Second hour, Wilma Metzger.
Third hour, Joyce Kohlman.
Fourth hour, Albert Webb.
Fifth hour, Barbara Hamilton.
Sixth hour, Frances Hamilton.
The students had library day Friday.

There will be an apprentice in the library 15 minutes each period. New rules concerning library fines and signing books out of the library have been posted.

SENIORS, WHAT NOW?
Three stately seniors were brought down from their high elevation of dignity last week because of a lowly history map!

This fatal map is just inside the doorway and has one leg of its stand which extends out to the usual run of traffic.

Its first victim was Marguerite Babcock. She came smiling into the room (apparently she had studied her history lesson) and caught her foot on the protruding leg. After turning a back-bend and attempting a cart-wheel, she gained her balance and meekly went to her desk.

Next came "Long-John" Hattenbach, with his usual sophistication and sauntered in the doorway. Immediately he became tangled up with the fixture. However, he emerged from the fray with a sheepish smile.

Hurrying, in her usual manner, Janet Kelley rushed in the room. Unaware of the disastrous map she took a quick step forward and tripped. She flew in the air, but luckily landed on one foot. Still quite composed from her ordeal, she quietly went to her desk.

Now the habit of stopping at the doorway and peeking to see just where the map is has become a habit with each student.

F. S. The map has been pushed back.

Class Activities

Boys' Gym Classes
The 7th and 8th grade boys have been practicing marching drills and commands.

The high school classes have also been practicing the drills, but they are having calisthenics on the side. The reason they are not emphasizing the marching drills as much as the junior high is because they had the drills in their former years.

English
English class eight has studied grammar for this week.

History
History class eight has learned the organization of the new government of the United States and the inauguration of George Washington, the first President of the United States.

Mathematics
The 7th grade arithmetic class is enlarging cooky and cake recipes, which were brought to school by the students. They also have learned how to measure cretonne for coverings and fractions of yards. The per cent smaller than one per cent has been reviewed by the 8th grade.

Aliquot parts of division used in division and simple interest based on the sixty-day plan are being used by the commercial arithmetic class.

The first-year algebra class has studied positive and negative numbers. The advanced algebra students are reviewing fundamental operations. In geometry, methods of measuring angles have been studied. The general mathematics class has studied shorter methods of computation.

Science Department
The study of hydrogen, particularly the electrolysis of water, is occupying the time of the chemistry class.

The physics class is still studying on simple machines.

TIME

Time is like a thousand threads
Placed in the hands of men of skill,
Some will weave a splendid rug;
With an enduring, patient will;
Others will drop the colored strands
Or carelessly throw them away
And some will idly shake their heads
And they'll think of another day.

So it is with the hours we have,
The minutes and months and the years;
Some will weave a great career
And be proud of the people's cheers;
Others will waste the threads of time.
First the minutes, then hours, then days,
"Til a habit is formed that is useless,
A habit that never pays.

No other book can satisfy the questionings of the mind, and the craving of the heart."

Christian Science Churches—"Reality" will be the subject of the lesson-sermon in all Christian Science Churches throughout the world on Sunday, Sept. 30.

Among the Bible citations is this passage (Ps. 85: 8): "I will speak for he will speak peace unto his people, and to his saints; but let them not turn again to folly."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 298): "Life, Truth and Love are the realities of divine Science. They dawn in faith and glow full-orbed in spiritual understanding. As a cloud hides the sun it cannot extinguish, so false belief silences for a while the voice of immutable harmony, but false belief cannot destroy Science armed with faith, hope, and fruition."

SOCIETY

Carl Koenigshof and Miss Violet Harroff
Are United in Marriage Sunday, Sept. 23

In a very pretty wedding at the home of the bride's parents, Mr. and Mrs. Jacob Harroff, at 4 p. m. Sunday, Sept. 23, Violet Harroff and Carl F. Koenigshof, son of Fred Koenigshof, were united in marriage.

The ceremony was held in the presence of the immediate families of the young couple, Rev. Louis Kling of Three Oaks, reading the marriage ritual. The living room was beautifully decorated with gladiolas and dahlias. The bride was attired in a blue satin gown, with a wedding veil and wreath, and carried white roses. The veil was carried by Miss Audrey Coleman, the four-year-old niece of the bride. The bride was given away by her father. Her only attendant was her sister, Lucille, who wore a burgandy satin gown and carried yellow rose buds. The bridegroom was attended by his brother, Richard. Miss Margaret Smith, New Troy, played the bridal chorus from Lohengrin.

Immediately after the ceremony a wedding dinner was served in the Harroff dining room, which was beautifully decorated for the occasion with wedding bells and flowers.

After a trip to Chicago, Mr. and Mrs. Koenigshof will be at home on the Koenigshof farm on Portage Prairie.

To Avoid Magnetism
Faraday demonstrated back in 1845 that all substances, even the gases, are either attracted or repelled by a sufficiently powerful magnetic field. For practical purposes, however, glass, indurated fiber, often called "red fiber," or vulcanized rubber, are substances through which the magnetic pull has no effect.

GLENN JESSE TO FACE SEBASTY IN PITCHER'S BATTLE

Montague Shuts Out Co-Ops in No-Hit Game Last Sunday; Co-Ops Play Tight Game.

The Buchanan Blues and the Buchanan Co-Ops will close their series of three games at the Letcher diamond Sunday afternoon, beginning at 2 p. m. slow time. The Co-Ops lost Sunday 2-0 to a team of Blues heavily loaded with foreign talent, including "Big Dick" Montague, Eoston Brave rookie, who was farmed during the past season to the Harrisburg (Pa.) team of the New York-Pennsylvania league. Montague shut the Co-Ops out, only one Portage Prairie man reaching first base on a delayed return from third in the first inning. He died there and from there on it was one-two-three and out for the farmers.

Much credit must be given to the Co-Ops, however, and especially to Sebasty, who held the Blues assembled of minor league talent to three hits and two runs. Only three regular Blues players were in the line-up.

The game next Sunday will be featured by the opposition of Glenn Jesse, on the mound for the Blues and Lester Sebasty, Co-Ops sldewinder. Jesse played with the Arrows most of the past season and vies with Sebasty for the best record for the season by a Buchanan pitcher. The Blues will play their regular line-up Sunday with the exception of Jesse, who may be aided by Lefty Deranck.

Jackson may alternate with Kell in centerfield and it is possible that the well-known Three Oaks combination of Lefty Curtis (pitcher) and Foster (catcher) may see service with the Co-Ops.

for part of the game. The game should be one of the best of the current season and a large attendance of fans is expected at Letcher diamond, 4 1/2 miles south of Buchanan on the South Bend road.

Less than half a cent an hour on the average is all that it costs the thousands of homes on our lines for their electric service. Even a Chinese coolie would turn down such puny wages. But that is the average sum paid to have this miracle working helper on duty, twenty-four hours a day - no days off - prompt and always right on hand when needed.

Here is the perfect servant working for wages which are by far the cheapest in the family budget. Your electric service costs less per day than the price of a package of cigarettes, or an ice cream soda.
