Siren to Sound Sunday in Honor of Armistice Day

Residents of Buchanan are hereby warned that the sound of the siren at the city waterworks at 11 a. m. Sunday, Nov. 11, will not be a signal to them to fill up the buckets and tubs in anticipation of a water shutoff.

THANK YOU!

I wish to thank the voters of the First District for the generous vote given me in Tuesday's election. Although unsuccessful, I still feel grateful for your consideration.

Buchanan Townships Voted Whig in Its First Polls in 1837; Voted Democratic in Forties.

Churches, Legion To Co-Operate on Armistice Day

Owing to the fact that Armistice Day comes on Sunday this year, the Legion will co-operate with the churches of the city in their observance.

It is thus apparent that Buchanan started voting against the Democrats at a very early date, more than twenty years, in fact.

REPUBLICANS WIN STATE AND DIVIDE COUNTY

Foulkes Loses to Hoffman; Case and Morley Hold Seats; Demos Elect Tyler, Brown and Damon.

That the deep-seated antipathies of the Michigan electorate to the administration of Governor Wm. Comstock were in no way appeased by the switch at the head of the Democratic ticket was indicated when the state returned to the Republican column Tuesday by majorities which were modest but decisive.

The record of Frank Fitzgerald as a popular candidate was again established when he led the state ticket with a majority which will probably approximate 70,000 when all returns are in.

Clare Hoffman won the Fourth District Congressional seat from George Foulkes, incumbent, by a majority of 12,000.

Leon Case was re-elected to the state senate by narrow majorities in both Berrien and Cass counties, his total majority being 789. Dean Morley also was successful in retaining his seat in the state legislature from the first district, the vote being: Morley 5,772; Katzbock, 5,662.

Other votes were: register of deeds, Hastings 15,181, Rabstajnek 10,764; sheriff, Miller (R) 14,974, Benson (D) 11,143; prosecuting attorney, Westin (R) 14,141, Holbrook (D) 11,578; county clerk, Jackson (R) 12,001, Tyler (D) 13,710; treasurer, Russell (R) 12,521, Brown (D) 13,351; surveyor, Dewey (R) 12,743, Howard (D) 12,181; drain commissioner, Heller (R) 12,640, Damon (D) 12,901; coroner, Kerlikowski (R) 13,749, Brown (R) 13,247, Reiser (D) 11,955, Heinlen (D) 11,940.

Further announcements will be made later. Arrangements have been made for special music at each service.

Scouts Take Up Trail of the Jabberwock

Scouts of Troop 41 devoted Tuesday evening to Civic Service for the Community, by going on a hunt for the stealthy Jabberwock, that has lately been stalking around the outskirts of Buchanan, in the dark marshy places.

It is significant that this strange creature is haunting the vicinity at election time, and although signs of its presence have been reported, no one seems to have actually seen it.

The Scouts failed to find it also, and so they had refreshments in the form of Night Sardines and Whistle-o-will, and were then dismissed. If anyone seeing the Jabberwock will kindly notify some scout of its location, they will be glad to attempt to capture it.

Don't miss this opportunity to participate in one of the greatest entertainment projects ever launched in Buchanan.

The stage set-up alone is worth the price of admission. You will see a stage completely transformed. A typical hay-loft atmosphere is created by the use of bale upon bale of hay and straw as well as corn fodder and ear corn strung from the ceiling.

**IT PAYS TO BE PREPARED!**

A MAN who insists on wearing both a belt and suspenders (braces to you), may be accused of being over cautious... but it pays to be prepared. Likewise the man who orders his Blue Beacon coal early will find it pays. Coal always advances in price when the demand is keenest, and the chap who orders now will have reason to congratulate himself later on.

**THIS WAS THE** Study Lamp of **the Age of Whiskers . . .**

**Get one of the NEW STUDY LAMPS**

The Study lamp of the gay Nineties, like its bewhiskered men, was as much the result of necessity as of fashion. Today science has developed a radically new lamp for study and reading. America's foremost eye-sight specialists and lighting engineers wrote the specifications. It provides the wealth of glareless light that eyes need when studying or doing other visual tasks for prolonged periods. It gives 6 to 10 times as much light as ordinary lamps. No eye straining glare. Uses 100-watt Mazda lamp. Every study table should have one of these new lamps. No other lamp can give you all of its benefits.

**MILK** as beneficial for adults as for children

A lot of people think that milk is a drink for children only—that young bodies need its vitamins but that adult bodies do not. Science proves this is incorrect—and advises the consumption of a quart a day by every man, woman and child.

The finest quality milk is Wilson's milk delivered to your door on order.

**Marshall Church Holds Reception for Rev. Staver**

A very delightful social affair in church circles was the reception given last evening in the parlors of the Presbyterian church to meet and welcome the Rev. Harry W. Staver, recently named pastor, and Mrs. Staver and their daughter. Under the supervision of the Sisterhood the assembly room had been beautifully adorned, a profusion of bright-hued autumn flowers being effectively used. In the receiving line were the Rev. Mr. Staver, Mrs. Staver, Mrs. E. C. Brewer, Dr. G. B. Gesner, Mrs. Gesner and Mr. and Mrs. W. G. Thick. The special feature of entertainment was a beautifully rendered musical program under the direction of Mrs. Maureen Purcell. The Rev. Edwin Simpson, pastor of the First Baptist church and the Rev. William Chapman, pastor of the Brooks Memorial Methodist church, were present as invited guests. Both were introduced and each gave short talks welcoming the new pastor. During the evening dainty refreshments were served. The Rev. Mr. Staver is an able preacher and this, together with his genial personality, has already won for him many friends not only in his congregation but in the community as well. There is every reason to believe that much good will result from his ministry in Marshall. The arrangements were in charge of the Sisterhood with Mrs. B. F. Welch as general chairman.—Marshall Evening Chronicle.

**ARMISTICE DAY**

Across the seas the din had ceased,  
The hand of God had stilled the noise;  
A silence greeted fighting men  
And filled their hearts with certain joys.

The war had ceased—but bleeding men  
About the battle field were strewn  
Like oaks before the forest men,  
Their bodies had been cut and hewn.

Stained were the poppies on that field,  
Dyed was the blood stained grass and flower,  
E'en birds had hushed their happy songs  
And silent was that awful hour.

The God above had been profaned,  
His sons had fought and bled and died  
And war had reaped its fearful toll  
While mothers grieved, and prayed and cried.

Eut now again we are at peace  
And let that peace forever reign—  
Instead of bomb and sword and shell  
Let us be blessed with sun and rain.

But let us not forget the ones  
Who left their bodies over there  
And let us bless each one this day—  
Aye, seek their blessing with our pray'r.

—Franklin Lee Stevenson.

Christian Science Churches  
"Adam and Fallen Man" will be  
the subject of the Lesson-Sermon  
in all Christian Science churches  
throughout the world on Sunday,  
November 11.

Among the Bible citations is this  
passage (Romans 8:1): "There is  
therefore now no condemnation to  
them which are in Christ Jesus,  
who walk not after the flesh, but  
after the Spirit."

Correlative passages to be read  
from the Christian Science text-  
book, "Science and Health with  
Key to the Scriptures," by Mary  
Baker Eddy, include the following  
(p. 249): "Let us feel the divine  
energy of Spirit, bringing us into  
newness of life and recognizing no  
mortal nor material power as able  
to destroy. Let us rejoice that we  
are subject to the divine 'pow-  
ers that be.' Such is the true  
Science of being."

Seventh Day Adventist  
Sabbath School (Saturday) at  
10 a. m. Lesson study: "Love and  
Our Neighbor."  
Memory verse, "Love envieth  
not; love vaunteth not itself, is  
not puffed up, doth not behave it-  
self unseemingly, seeketh not her  
own, is not easily provoked, think-  
eth no evil."  
1 Cor. 13: 4, 5.

Note. The Psalmist was envious  
of the temporal prosperity of the  
worldly, pleasure seeking men all  
about him. Just as so many today  
stand covetously looking upon  
their neighbor's abundance. To the  
Psalmist God gave a vision of the  
latter end of the transgressor, who  
though he might apparently prosper  
in this world, could not hope to  
escape the penalty of his pleasure  
seeking, of his grasping, selfish-  
ness, or of his flaunting disregard  
of the claims of the needy, or those  
to whom he might have given tem-  
poral or spiritual comfort. Far  
more to be desired is poverty with  
righteousness than abundance with  
no future hope. This the Psalm-  
ist finally realized.

Preaching service at 11:15.  
Sunday evening 7:30 subject,  
"Are There Ten Righteous People  
in Buchanan?"  
Come and hear the youth evan-  
gelist, Paul T. Jackson.

Methodist Episcopal Church  
Rev. Thomas Rice, Minister.  
Sunday School at 10 o'clock. Mrs.  
Glenn Haslett and Mr. Con Kelley  
are our superintendents. Sunday

## WLS Promoter Barn Dance Has Record Distinction

Miss Edith Schlytern of WLS,  
Chicago, arrived last week to take  
up her duties here as promotion  
manager of the Big WLS Barn  
Dance which the Lions Club is  
sponsoring for a Benefit Fund.  
This show will be given three con-  
secutive nights, Nov. 15-16-17 in  
the high school auditorium.

field of experience in promotion  
work. She has been with Redpath  
Chautauqua out of New York for  
four years as well as with several  
other Chautauqua organizations all  
over the United States. For three

ature is considered to be 98.6 de-  
grees Fahrenheit, temperatures in  
different parts of the body vary.

Shamrock, Ancient Plant  
The shamrock, being a form of  
clover, is one of the most ancient  
plants in Ireland and was the  
"seamrock" in Gaelic. It is one among  
many trifoliate. The kind best  
known has white blossoms, but it is  
cherished most for its leaves, which  
figure in holy tradition.

Meaning of "Junket"  
The word junket as often applied  
to congress was originally applied  
to a banquet, or a picnic or excur-  
sion with feasting but it has come  
to mean a trip at public expense by  
government officials to some distant  
post, territory or public works for  
the purpose, they claim, of investi-  
gating conduct or for inspection.  
Congressmen, especially, have been  
noted in the past for their junkets  
to distant regions flying the Ameri-  
can flag.—Pathfinder Magazine.

## MAROONS LOSE TO STOVE CITY ELEVEN 20-13

### Locals Outgain Opponents in Scrimmage But Fail to Cash in on Gains in Touchdowns.

Failure to take advantage of  
playing against reserve material in  
the early part of the game allowed  
the Dowagiac Chieftains to take  
the local high school gridders into  
camp, on the latter's home field on  
Saturday, by a score of 20-13. Al-  
though the Bucks counted for 14  
first downs and the Chiefs gained  
only 2 first downs, they would be  
checked before threatening the  
goal line.

Buchanan made their first tally  
in the second quarter, when Spa-  
sek ran from the 50 yard line to  
the 30 yard line before he was  
stopped. Mangold then on an  
off-tackle play reached the 12  
yard line. A pass from Topash  
to Hattenbach was then completed  
for the touchdown. Deed's place-  
ment was good, making the score  
7 to 0.

The Chieftains soon tied up the  
score when Ferder on his 30 yard  
line, poked to Howell, on the 10  
yard line, who shook off a tackler,  
ran the remaining distance for a  
touchdown. Ferder's drop kick was  
good.

Again in the third quarter Do-  
wagiac scored, when a pass from  
Williams to Cisco was completed.  
Smith's plunge for the extra point  
was not over, making the score 13  
to 7.

In the opening of the fourth  
quarter the Chief's scored, when a  
series of runs placed the ball on  
the 10 yard line, where Williams  
on an end run scored. Smith went  
off tackle for the extra point.

The Bucks made their second  
touchdown also in the fourth quar-  
ter when a pass from Topash to  
Deeds was completed to the 1 yard  
line and after two attempts Mang-  
old put it over. Deeds' kick failed,  
making the score 20 to 13.

### Maroons to Close Grid Season With Western State High

Coach George Wynn's Maroons  
will journey to Kalamazoo, Satur-  
day in hopes of defeating the  
Western State High School grid-  
ders for what would be their fifth  
victory of the season. Thus far  
the Bucks have won from Coloma,  
Watervliet, Cassopolis and St. Joe,  
losing to South Haven, Niles and  
Dowagiac.

The strength of State High's  
eleven is not an unknown quantity  
and the locals are anticipating no  
small trouble in their attempt to  
remain undefeated in class C com-  
petition.

There will be nine seniors who  
will be playing their last game of  
football for S. H. S. Saturday,  
namely, Mangold, Dreitzler, Deeds,

### Election Held Two Days in Ye Olden Times

(Continued from Page 1)

This year the election was held for  
the first time in the settlement of  
Buchanan which was platted the  
previous year in the school house  
of District 1, located on the site of  
the house recently owned by Ho-  
mer Morley at 305 Main Street,  
where it was held regularly during  
the remainder of the forties.

It was in 1845, the last election  
on record in the old district clerk's  
book, that the general election was  
limited to the present date, the  
first Tuesday after the first Mon-  
day in November. Previously it  
had been held on the first Monday  
and Tuesday in November. That  
year a total of 115 votes were cast  
for governor, of which 67 were  
cast for Welch (Democrat), 36 for  
Vickery (Whig), and 12 for Bir-  
ney (Liberal). Welch was elect-

### Warner's Mammoth New Musical "Dames" at Hollywood Sunday

"Dames," the latest mammoth  
musical comedy romance with  
spectacular ensembles by Busby  
Berkley and an all star cast head-  
ed by Jean Blondell, Dick Powell,  
Ruby Keller, Guy Kibbee and Zasu  
Pitts, is the scheduled feature for  
next Sunday through Tuesday's  
Hollywood Theatre program.

The story, by the well known  
playwrights, Lord and Davos, is said  
to be hilarious comedy tinged with  
glamorous romance. It treats of  
a somewhat hypocritical and high-  
ly eccentric multimillionaire whose  
chief concern in life is other peo-  
ple's morals, but who eventually  
gets drunk on cough medicine and  
is taken for a sleigh ride by a gold  
digging chorus girl.

In addition to the all star cast  
there are 300 of Hollywood's beau-  
tiful chorus girls. Two of the  
dances are especially beautiful, as  
well as novel and fantastic—the  
Ruby Keeler "Mirage" number,  
in which the catch song, "Eyes for  
You," is sung, and the "Kaleid-  
scope" number, which carries the  
theme song, "Dames."

One of the best light and thor-  
oughly satisfying musical produc-  
tions, with a story background and  
a cast of competent players,—  
"Dames" should be on your list of  
things to do and see this coming  
week-end.

Occasionally there comes to the  
screen a picture of such rare beau-  
ty, consumate artistry and unusual  
characterization that it stands out  
as a monument in film achieve-  
ment. First National has caught  
this elusive quality in its produc-  
tion of the Damon Runyon story,
