

COUNTY SCHOOL PRIMARY MONDAY

Immense Savings Effectuated by Care of Children's Health in Schools

Now Here's the Proposition

After all, the feller that kin feller wunst in a while is a durned site better off than the feller thet can't.

The young peepul who ain't got any patience with old peepul will later become the old peepul who ain't got any patience with young peepul.

Important Announcement

Well, folks, thith ith a hard week for uth, we had our front teeth ektrahcted—we had to come to it at lathth. But we have hopeth for the future.

Well, friends and neighbors, the real news this week is that Howard Monroe and Newt Barnhart and Ralph Allen and Bill Miller and Harleigh Riley are all back from the Sunny South.

Now that the boys are home and are about thawed out, we wish to take up a little publicity idea.

We figger that we have a good town right here in Buchanan an all we need is a live publicity man like St. Petersburg has.

"Mr. Ralph Allen arrived back in Buchanan Tuesday from a stay of several weeks in Miami and other Florida points and states that he was never so glad to get home in his life."

"All Buchananites who are staying in Florida under the impression that they are making anybody jealous are advised that Buchanan is enjoying an unusually mild spring to date; that peach prospects are fine on account of the warm winter; that the redbirds have been back two weeks."

"Mr. I. N. Barnhart arrived back last week and as soon as he got thawed out by a good old furnace fire he got out a cluster of cocoanuts from Florida and showed them to us."

Clem Binns will begin work on Monday, March 4, as manager of the New Buffalo dairy.

BODILY FITNESS FUTURE CITIZENS IS SAFEGUARDED

Indiana & Michigan, Lions Club, B. G. U. Sorority, Clark Office Girls Help Health Service.

The manner in which untold values in life and health of Buchanan school children are conserved annually at an outlay costing the taxpayer less than \$800 a year was outlined in an interesting talk by Mrs. Reba Lamb, school nurse.

During the seven years in which the school health service has been maintained, there has been no serious epidemic of any kind, and because of preventive measures, it is not likely that there is any probability of any epidemic from that scourge of the old-time school, diphtheria.

It is the daily task of the school nurse to administer treatment for all cuts and skin abrasions, of which about twenty per day, most of them slight, are treated, or a total of about 4,000 per year.

Communicable Diseases The spread of communicable diseases such as diphtheria, measles, mumps and others, is guarded against by the following measures: instruction in cleanliness; instruction in the observance of quarantine; daily morning inspection of the grade children; bandaging infectious sores; excluding infectious diseases from school; immunization of two-thirds of pupils in toxoid clinics; inspection for head lice; instruction in value of being in good physical condition to prevent inroads of disease; instruction to parents in medical care, and distribution of free bulletins on care in measles, whooping cough, and other complaints.

Non-Communicable Diseases Prevention and care of non-communicable diseases among school children are furthered by the following measures: teaching value of safety first and first aid measures; care of small wounds by school nurse; sending more serious injuries to physician; instruction in importance of annual physical examination; care of teeth through Children's Fund clinics and co-operation of local dentists, care of eyes through clinics.

Weighting Pupils The height of each pupil is measured twice a year and all pupils are weighed every six weeks. This is in part for the purpose of interesting the child in his own health and to pass that interest on to the parents. The child is instructed in health habits and he receives a card which he carries home with tangible evidence of his condition. Free milk is given indigent children who are underweight. A cumulative record is kept for reference. The nurse is afforded an opportunity to inspect each child regularly. About ten minutes is required to weigh 40 pupils and another ten minutes to prepare reference cards.

Absence, Truancy The school nurse also has general oversight over the problem of truancy, with aid from local police when she desires it. It is part of her duties to inquire into absences and to take any measures required. If the child is ill, she sees that he gets proper care. If he lacks clothing, she sees that he gets it. If the case is truancy, she takes the necessary measures.

Annual Examination Each year the school receives a supply of cards from the state to record the annual physical examination by collaborating physicians, checking the following health items: eyes, teeth, hearing, ear conditions, general appearance, evidence of anemia, poor posture, mouth breathing, crippled parts, evidence of incipient goitre, underweight. These cards when filled (Continued on page 3)

MAROONS TAKE CLOSING GAME FROM BRIDGMAN

31-16 Victory Evens Score for Early Season Defeat; Bridgman Reserves Win.

The Buchanan quintet wound up their season, defeating the Bridgman aggregation, by a score of 31 to 16, on the latter's hardwood, Friday.

The Bucks, who lost to Bridgman early in the season, were after revenge to make their year a split season, winning seven games and losing seven.

The victors were led by Daeds, Buck guard, who counted, with four field goals and two gift tosses for a total of ten points. Hattenbach followed closely with nine points.

Zick was the high point man for the losers, collecting two field goals and a free throw for a total of five points.

The seniors played the majority of the game, with the exception of Drietzler, who saw action but for a few seconds, because of a bad ankle.

Buchanan took the honors in the first quarter, piling up a score of 10 to 2.

The second quarter was a little more even, the Bucks making only two more points than their opponents, leaving the score 17-7.

In the third quarter the Bucks gathered seven points to increase their lead to 24-13.

Buchanan did the majority of the scoring also, allowing Bridgman only three points. The final score was 31-16.

Galien-Buchanan Bank Installing 300-Box Vault

Installation of the safety deposit vaults formerly used in the First National bank in the basement of the Galien-Buchanan bank is being completed this week. The vaults were practically new and represent a handsome addition to the equipment, required by the expanding business of the institution.

The Buchanan fire department was called out Sunday to extinguish a small roof fire at the home of D. L. Boardman. The damage was negligible.

B. A. A. BENEFIT GAMES NET \$27 FOR NEW SUITS

D's Cafe Leads with Three Sessions of Title Play Before Final Play-Off.

The sum of \$27 was realized for new suits for the high school basketball players at the benefit given under the auspices of the Buchanan Athletic Association at the high school Wednesday evening.

The results of the three games played were: Reamers 44, Legion, 14, Wilson Dairy 23, Co-ops 22, D's Cafe 42, Roots 22. These games were not played under FERA auspices.

With three weekly sessions of play remaining, the standing of the teams of the league was as follows at the close of play:

Table with 4 columns: Team, Won, Lost, Pct. Lists league teams and their records.

The championship will finally be decided by a play-off, two games out of three, between the two high teams.

ANNUAL CROP OF "MAPLE SWEET" IS DRIPPING IN SUGAR BUSHES AS PIONEER INDUSTRY IS STARTED

Maple Sugar First Cash Crop of the Pioneer—and His First Material For Beer Making.

The time-honored industry of making maple syrup began again Saturday at the Weaver sugar bush near Glendora and doubtless at many other bushes in the Buchanan district, the survival of the first manufacturing industry of the pioneers and one of the few home manufactures to last into the machine age.

"Maple sweet" was the early settlers' only reliance for sugar, at a time when money was very scarce and cane sugar sold at retail from 18 cents a pound up.

For many of the pioneers, maple sugar represented their only first year crop from their \$1.25 per acre farms. It took some time and vast labor to clear the land for planting, but the first spring the farmer had only to bore a hole and insert a tube of elder stalk with the pith extracted to glean a good harvest.

Emigrants who came to the Buchanan district overland from Ohio or even from New York usually brought among the few indispensables in their wagons a large iron kettle or two for boiling sap. That was all the ready-made equipment they needed.

The first utensil for catching the sap was the sap trough. The farmer would fell a white ash tree, cut it into sections of the right length, hew them out into troughs with his ax, and prop the trough under the spiles.

If you scout around long enough in the woods on the Boyce and Schwartz acreage on Moccasin bluff you will find embedded in a hard maple tree, a section of elder stalk, inserted there many long years ago by some pioneer settler. Now iron spiles are used. But at first the trees were "tapped" by the ax, making slits in which small troughs were inserted. Then when augers were available to bore holes, elder stalks were used.

The sap trough served a variety of uses at other seasons of the year, chief of which seemed to be service as cradles for the numerous brood of the pioneer.

Trees were merely something to get out of the way then, and the first step in the sugar making campaign would be felling a great beech tree, 3 or 4 feet in diameter, to serve as a back log for the fire. In front of the backlog the crotched poles would be set up and a pole laid across. Hickory wood would be piled for hot fires and over these the big iron sap kettles hung. Nearby a great ash log, 20 feet long, hollowed into a trough by ax and adz, would be used to hold the sap.

Sap from the small troughs might be collected by a barrel set on a "jumper," which was a sled made from a crotch of a tree with pegs set on the upper side, and poles laid across it. The single end of the tree would be hewed down to fit in the ox ring, about ten inches in diameter, and a team of oxen hitched to it.

The product of the maple served a variety of uses in the pioneer home. The main use was for sugar. Except for an occasional beer tree, maple sugar was the sole "sweetener" available for the pioneer. The voyageur or coureur des bois, as the French and half-breed boatman of the rivers of the northwest were known, used to carry a concentrated food of parched corn cracked and mixed with maple sugar. The last runs of sap, which are inclined to be bitter were used to make vinegar. Several barrels of sap would be boiled down into one and fermentation started, making an excellent vinegar for pickles.

May Open Branch of Galien-Buchanan Bank at N. Buffalo

Plans for the possible formation of a branch of the Galien-Buchanan State Bank at New Buffalo was taken up at a meeting of the depositors of the defunct New Buffalo State Bank held at New Buffalo Friday.

Circuit Judge Charles E. White and William Brady, Benton Harbor, attended the meeting and explained the necessary procedure. In order to secure the branch it was stated that citizens interested in its location there would have to subscribe \$15,000 additional capital to the Galien-Buchanan bank. The committee representing the New Buffalo depositors comprised Rev. Gerald Owens (chairman), Frank Ruzicka, D. Patterson, W. S. Redding, Rev. H. H. Harris.

REAMERS MARKET WINS IN NEW TROY CAGE TOURNAMENT

Ex-Maroon Stars Voted Best Managed Team in Tournament; Ellis, Batchelor Place on Tourney Team.

A first class basketball aggregation playing under the colors of "Reamer's Market," all former Buchanan high school stars, walked away with the championship and the biggest majority of individual honors in the invitation independent basketball tournament which concluded at New Troy last Saturday evening.

Members of the championship team consisted of Louie and Laurin Morse, Lowell Batchelor, Veri Brewer, Glenn Jesse, Robert Ellis, Marvin Mangold and Aug Topash, team manager.

In the first tilt the Reamer basketeers trounced Galien 60-9, which was the most lopsided score in the entire tourney. In the semi-finals the locals ran away with the classy Eau Claire team 37 to 14, and in the championship tilt the Market boys handed Three Oaks a 23-33 trouncing.

In the championship tilt Reamer's Market went into a 11-4 lead in the first quarter and held a 19-11 advantage at the half time. In the third canto the Oakers rallied to come within 3 points of tying up the score, but they faltered in the last period and the ex-Buchanians put on the pressure to win the game 23-33. Aug Topash with 12 points and Bob Ellis with 9 led the victors, while Heckathorne collected six counters for Three Oaks.

Batchelor, center, and Ellis, guard, were placed on the all-tournament team. The other honor performers were: Sayles, New Buffalo, and Heckathorne, Three Oaks, forwards, and Florian, Stevensville, guard.

The Buchanan aggregation was also voted the best managed team in the tournament; Heckathorne, Three Oaks, as the best all-around player; A. Topash, best sportsman; and a goal by Kurk, Eau Claire, was voted the most spectacular shot.

The victors were awarded a large silver trophy and each member of the winning team was presented a small gold basketball as a token of victory. In addition, medals were won by members who received recognition in the tournament.

Funeral Rites for Former Official of Salvation Army

Funeral services were held for Mrs. Joseph Fuller, 67, from the Hamilton Funeral Home at 2 p. m. Sunday, Feb. 24, Rev. Thomas Rice preaching the funeral sermon.

Nettie Blanche Fuller, wife of Joseph W. Fuller, was born in St. Johns, Mich., Feb. 4, 1868 and passed away Friday Feb. 22, 1935, at her home at 407 S. Oak St. She was the daughter of Charles and Eliza Smith King. Her parents were pioneers of West Virginia. About 47 years ago she became associated with the Salvation Army and traveled most of Michigan and part of Canada in the interest of that organization. She was a lieutenant for a number of years and later obtained the rank of captain.

On March 20, 1889 she was united in marriage to Joseph Fuller. To this union was born one son, Carl, of Augusta, Mich., who with the husband survives. She also leaves one granddaughter, Louise, of Augusta, and one half brother, Sanford Haines, Lansing.

PLAYBOX PLAYERS GIVE "STEPPING SISTERS" MAR. 9

Will Attempt to Repeat Entertainment Hit Scored by Little Theatre in "Three Live Ghosts."

Perhaps there is nothing more nerve-racking to us and funnier to other people than our endeavors to hide the innocent past. When Mrs. Herbert Ramsey tried to forget the fact that she was once a chorus girl, in order to expedite her social ambitions, her troubles began to pile up until into her house came two other ladies who were in the same show with her in the good old days gone by.

From this point on she lives on top of volcanoes, while we sit in our seats and thoroughly enjoy her misery. Screams of laughter pile on top of each other until the revelation comes and we learn to admire and love the loyalty which the three ex-chorus girls have for each other.

All the above is a premise to the announcement that the Playbox Players will present "Stepping Sisters" at the Clark Theatre on Saturday evening, March 9, where the trials of Mrs. Ramsey, late of the chorus, will be offered for your enjoyment.

Tickets are in charge of Mrs. Glenn Jesse and can be purchased from any member of the players. Seals may be reserved at the Portz Food Shop at 5c reservation charge.

Today Deadline For Use of 1934 Auto License Plates

Law enforcing officers announced this week that they will enforce the auto license laws and arrest those driving cars with 1934 plates after today, in view of the fact that car owners have had three and one-half months in which to obtain their 1935 tags.

With the deadline for operating cars in Michigan with 1934 license plates fixed by the secretary of state as February 28, the rush for 1935 plates has been heavy this week.

A large crowd of car owners were in line at the license bureau at the court house in St. Joseph today. Thousands have waited until the last minute to purchase new license tags, and it is expected that hundreds will be unable to purchase new plates by tonight.

Although the half-year sticker permits can be obtained again this year, the sale of half-year licenses has been unusually small during the past month, as many of the car owners prefer to purchase the full year licenses in view of the reduced rate of 35c per hundred weight.

ONLY CONTEST G. O. P. CHOICE CO. SCHOOL HEAD

Winners in Primary to Compete in Run-Off; Polls Open on Fast Time.

Voters of the Buchanan district are advised that a primary election will be held Monday, March 4, for the purpose of nominating candidates for County Commissioner of Schools and Judge of the Circuit Court, the polls for Precinct 1 being at 120 South Oak Street and for Precinct 2 at 113 North Oak Street.

The polls will be opened at 7 a. m. E. S. T. (6 a. m. slow time) and will close at 6 p. m. E. S. T. (5 p. m. slow time).

There will be a contest only in the case of the Republican nomination for County Commissioner of Schools, for which Mrs. Jennie Burton Mechem of Berrien Springs and Harleigh K. Jerome of Benton Harbor are contesting. William Matthews of Niles is unopposed for the Democratic nomination for that office.

Judge Charles E. White and Atty. Fremont Evans are both unopposed for the Republican and Democratic nominations for judge of the circuit court. The winner in the primaries of Monday and the unopposed candidates will compete in the run-off election April 4.

Lida M. Strickler Dies at Home of Her Daughter Here

Mrs. Lida Strickler, 76, died at 9:25 a. m. Sunday, Feb. 24, at the home of her daughter, Mrs. Frank Lamb, after having been bedfast four months.

The funeral services were held from the Nichols Funeral Home at Berrien Springs at 2 p. m. Tuesday, with Elder R. R. Brooks of the Emmanuel Missionary College, in charge and burial was made in Rose Hill cemetery there.

She was born July 1, 1858, near Shelbyville, Ind., the daughter of Joseph and Elizabeth Montgomery, and grew to womanhood there. She was married at Shelbyville March 4, 1880 to Robert P. Strickler, and they made their home there until they moved to Berrien Springs in 1906. Mr. Strickler died seven years to a day before his wife.

She is survived by the following: a sister, Mrs. Isabel Robertson, of Omaha, Neb.; two daughters, Mrs. Bert Johnston, Boggs town, Ind., and Mrs. Frank Lamb, Buchanan.

995 Accounts Are Still Unclaimed at 1st National

Whether from surplus prosperity or whatever reason, a number of people of the Buchanan district do not seem to be oppressed by any immediate need for money, according to H. R. Bodkin, receiver for the First National Bank, who states that there are 995 accounts totaling some \$2,776.43 still unclaimed in his trust, although the bank has been closed over three years. Of this amount \$1,607.74 is in individual accounts, \$323.53 is in school savings accounts, and \$393.74 is in savings accounts, in addition to seven other classes of items.

This does not include a large number of dividend checks still un-called for. Accounts which are filed for in the future will have to be distributed in four different checks representing each dividend paid to date.

"Christ Jesus" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world Sunday March 3.

Among the Bible citations is this passage (Matt. 2:19, 20). "But when Herod was dead, behold, an angel of the Lord appeared in a dream to Joseph in Egypt, saying, Arise, and take the young child and his mother, and go into the land of Israel: for they are dead which sought the young child's life."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 301): "As the individual ideal of Truth, Christ Jesus came to rebuke rabbinical error and all sin, sickness and death, to point out the way of Truth and Life. This ideal was demonstrated throughout the whole earthly career of Jesus, showing the difference between the offspring of Soul and of material sense of Truth and of error."

Fine Record Hastings

Windstorm Company
Nearly Half Million Dollars Paid in Losses in 1934 Without Borrowing

The fiftieth annual meeting of the Michigan Mutual Windstorm Insurance Company of Hastings was held at the home office last month. Directors were elected and other general business was transacted.

The secretary's annual report shows the company to be in splendid position and the volume of business for the year well in advance of that of 1933.

In spite of the fact that storms in 1934 brought unusually heavy losses to this company, nearly a half million dollars, all payments were easily met without borrowing. This shows the wisdom of this company's policy of always keeping on hand a fine cash reserve. In this way every policy holder is sure of receiving the full amount of his loss in case of a severe windstorm.

This is the largest company of its kind operating in Michigan, with 101,000 members and \$372,668,409.00 insurance in force. Since its organization 50 years ago, this company has paid \$4,334,306.87 to its policy holders for losses sustained. It has built up an enviable reputation for satisfactory dealings with policy holders.

The directors and adjusters are well distributed about the state so that immediate adjustment can be given to every loss and prompt settlement made.

The management of the company is in the hands of practical business men of wide experience in the insurance business.—The Hastings Banner.

The little members of the English royal family when in residence in Scotland adhere rigidly to the Scottish custom of wearing kilts on all formal and semi-formal occasions, while the women wear scarfs of appropriate plaids.

Obituary

Lewis Franklin Cauffman
Lewis Franklin Cauffman, son of Michael and Rebecca Cauffman, was born May 20, 1860, at Portage Prairie, Mich. He grew to manhood near the old home, where he purchased a farm and lived his allotted time. In his youth he was converted under the labors of Rev. J. M. Keeler and joined the Portage Prairie Evangelical church of which he was a faithful member until his death, Feb. 8, 1935. He was 74 years, eight months and 17 days of age at the time of his departure.

He was united in marriage to Fiedella Seiders, Jan. 22, 1882. To this union was born five children, Mrs. Hattie E. Burns, Clarence F. Cauffman, Mrs. Vera Korn, Mrs. Iva Swartz and Victor, who preceded him in death in the year 1917.

He was a kind father and husband; a neighbor who always was ready to help; a man who had many friends. This past January 22, he and his faithful companion passed the 53rd milestone of their married life.

He is survived by his beloved companion, four children, 16 grand children, four great grandchildren, three brothers, Henry and Pierce of Buchanan, and Jacob of near South Bend; one sister, Mrs. Henry Moyer of Hooper, Neb.; also many other friends and relatives. Our loss is his gain. His memory and influence will continue to live in the hearts of those who knew him.

Shirley Temple

Portrays Newest Role in "Bright Eyes"

One of the finest, most human, heart-warming films in a decade begins an engagement of three days starting Sunday matinee at the Hollywood. The picture is "Bright Eyes," Fox films newest vehicle for the amazing talents of Shirley Temple, child star extraordinary. No such sensational performance as Shirley's, no such dramatic and persuasive film story has been seen on the local screen in recent months. There can be no doubt whatever of the tremendous reception which will be accorded this delightful drama of Christmas-time whenever it is shown.

"Bright Eyes" has universal appeal, in every sense of the word. Swift, human, at times pathetic, at times enormously funny, it is a story which will hold you in its spell from opening sequence to closing finish.

The action of "Bright Eyes" takes place at a large commercial airport near Los Angeles, and in a wealthy Pasadena home nearby. James Dunn is once again cast opposite Shirley, and delivers an able performance. Jane Darwell contributes splendid work, and other members of the cast include Lois Wilson, Judith Allen, Charles Selton and Dorothy Christy.

Beautiful voices, stirring music and Laurel and Hardy's hilarious comedy makes "Babes in Toyland" the Hal Roach production of Victor Herbert's delightful operetta, a film you have no right to miss. It is playing as feature number one on a double-feature bill tomorrow (Friday) and Saturday at the Hollywood. Moving through fantastically gorgeous sets, the colorful characters of Toyland present a story that is interesting to both grownups and youngsters. Charlotte Henry, Felix Knight, Florence Roberts and others add splendid support to the cast.

What often happens to the best laid plans of mice and men, is quite suitably pointed out in the Hollywood's number two feature tomorrow and Saturday, "Tomorrow's Youth," when a little seven year old child defeats the ingenuous plans of a beautiful gold-digger, and brings a couple of warring parents together for a happy finale. The child is little Dickie Moore, one of the most adept child actors on the screen, and his parents are John Miljan and Martha Sleeper, with Gloria Shea. Chapter 14 of "The Red Rider," a Grandland Rice Spotlight complete this pretentious double bill.

After an absence of more than a year Helen Hayes has returned to the screen to score another personal triumph. Her latest picture, "What Every Woman Knows," the famous romance by Sir James M. Barrie, opens a two-day engagement on Bargain Nights next week Wednesday and Thursday.

In her early childhood she was converted in evangelistic meetings and became a member of the Advent Christian church. When they moved to California for Mr. Treat's health, their membership was transferred to the Marengo Advent Christian church of Pasadena. She held various church offices and was always active in the Ladies Societies continuing a most sincere and faithful member to the end.

Mrs. Treat was the last one of her family of two sisters and one brother. Besides her daughter, she is survived by one nephew, Jay M. Glover, Buchanan.

We believe that the peace which follows pain is hers, for she is at rest. As the day follows the night so may she awaken in that land that is fairer than day, where there shall be no pain and parting is unknown.

For fifty years she and her husband enjoyed a Christian home where the Saviour was ever the unseen guest. Where prayer to the Heavenly Father was a daily habit, and God was real as friend and guide. Now after the labors of this life are over we believe she is with God. "She is not dead but asleep" and one day we shall meet her again in the home above, in the place the Saviour has gone to prepare.

Rev. C. B. Millburg of Quincy, Michigan, assisted by Rev. Thomas Rice, Buchanan, conducted the funeral services in the family residence Friday, Feb. 15, at 2:30 p. m.

BETTER HOUSING

CAMPAIGN TO BE ON DURING MARCH

Modernization Campaign to be Supported by Private Loans Insured in Part by the Government.

As Buchanan and upwards of 250 other communities prepare to observe Michigan Better Housing Month, set for March, it might be well to discuss Title One of the National Housing Act now fully effective in Michigan with the Governor's signature of the Michigan enabling act.

The modernization program which has been inaugurated by the Federal Housing Administration is not essentially a borrowing program. Its purpose is to encourage property owners to modernize and otherwise improve their properties. The figures that have been transmitted to us from the field, in fact, show that a conservative estimate of the new, extra volume of modernization work being stimulated by the Federal Housing Administration would be that four times as much is being done on insured credit. However, the credit plan is an important basic tool in the program.

"Modernization credit" is important for two reasons. One is that it makes available immediately to a great many persons who have not the cash, or who do not want to use their savings for those purposes, an opportunity, at low cost, and under favorable terms, to build value and livability and improvements into their properties, many of which have deteriorated greatly in recent years. The other is that it affords a new approach for industry—manufacturers, contractors and material dealers—to go to their prospects with an effective selling argument. Many alert business men have found that after using credit as an approach the property owner preferred to use cash after all.

Every loan made for modernization may multiply itself in results. There are few things more powerful than the force of a neighbor's example. One man paints his house and the man next door will paint his house. Another man puts on a new roof and the next-door owner puts on a new roof. Because of these improvements, by means of this credit, are now made available to many times the number of property owners who could have them ordinarily, the Modernization Credit Plan has become especially significant. One man may borrow but several more, influenced by his improvements, may use cash.

This is a plan to use private capital. It is not a use of Government funds except insofar as the Government Contract of Insurance guarantees a certain percentage of any credit loss which may be sustained by the financial institutions. This ought to be very small indeed, compared with the amount of business developed. The plan is workable. Even during the adverse winter months it is showing more than seasonable results.

Brian Aheren and Madge Evans command special attention as the supporting players with Miss Hayes in "What Every Woman Knows."

Forum Club to Meet Friday at Methodist Church

The Forum Discussion club will meet at the Methodist church parlors at 8 p. m. Friday, the theme being "Should the United States Retain the Philippine Islands?" A number are planning to attend from Niles.

Living Pictures Famous Paintings at School Friday

A program of more than usual interest will be given in the Junior High Assembly at 3:15 p. m. Friday, consisting of "living pictures" representations of a number of famous masterpieces, copies of which are on display in the art exhibit hung in the room this week. These pictures have been presented in the Junior High Assembly each afternoon this week, and the entire group will be repeated Friday.

Girl Hurt in Auto Collision Here Saturday

Miss Patricia Weaver, the little daughter of Mr. and Mrs. Donald Weaver of the Bend of the River incurred slight injuries when the car driven by her parents, collided at Portage street and Dewey avenue with a car driven by John Buchanan, about 6:30 p. m. Saturday.

Truck License Law May Reduce Prices to Farmers

Reduction in buyer competition with subsequent lowering of prices on crops grown by farmers in the Buchanan area is anticipated by agricultural leaders if a bill being framed at Lansing is adopted by the State Legislature.

The bill under consideration is one requiring an annual \$25 license fee (plus a \$5 additional charge for each truck) of any person buying fresh fruits and vegetables.

The bill carries an alternative of compulsory inspection at a cost of \$1 to \$8 a load on produce bought by persons not having an annual license.

Small growers independent farmers and representatives of the Benton Harbor municipal market clashed over the bill at a recent conference in Lansing with commission men, carlot produce buyers, and the heads of certain exchanges.

Opponents of the bill declared that any legislation is bad which makes it difficult for produce buyers to buy in Michigan than in some other state. Such legislation, they pointed out, would place the farmer under the control of a few large buyers, and would eliminate the small out-of-state buyer or trucker who purchases a tremendous volume of fruits and vegetables at certain times of the year. They argued that Michigan should encourage outsiders to buy Michigan produce instead of proposing a tariff barrier.

A similar law, adopted in 1933, was made inoperative through an injunction financed by the Benton Harbor market. The law soon after was repealed through the efforts of the market's representatives, the State Grange, the State Farm Bureau, and Farm Union officials.

D. D. Pangborn received word this week that his brother, Fran Pangborn, superintendent of distribution for a milk company in Chicago, has been obliged to enter a sanitarium in Missouri for treatment of cancer of the face.

List a SAVINGS ACCOUNT

among your Best Investments

A savings account is not in the truest sense a competitor of any other safe form of investment; it is the bubbling spring which feeds all other investments. Nevertheless, a savings account belongs well toward the top of any list of desirable investments today. It is safe—each account is fully insured up to \$5,000 by the Federal Deposit Insurance Corporation. It is quickly available in case of need—many investments cannot be quickly converted into cash. It earns a fair rate of interest that is consistent with the safety, availability and service provided. When you have a savings account in this bank, you have a safe investment that stands near the head of the list.

Financing

The nurse's salary and about \$25 expense for bandages and materials is defrayed from local taxation, the entire charge on this source being less than \$600. The free milk service is financed under the supervision of the Parent-Teacher Association, costing on the average of \$27 per month. In addition to the funds furnished by the Parent-Teachers, the Indiana & Michigan Electric Company and the Lions club is paying the milk bills for the current month of February. The E. G. U. Sorority and the girls of the Clark offices have collaborated in securing clothing for needy children. Local doctors and dentists have made large contributions of their time and service to the clinics. The free dental work is cared for mainly through the Children's Fund established by

Sen. Couzens, which employs a dentist for the school children of the county.

1st insertion Dec. 13; last Feb. 28. MORTGAGE SALE

Default having been made in the conditions of a certain mortgage made by Floyd Hartline and Hazel Hartline (signed Hazel M. Hartline) husband and wife, to the Industrial Building and Loan Association, a Michigan Corporation, dated the 13th day of November 1925, in Liber 150 of Mortgages, on page 133, by failure to make installment payments of principal and interest at maturity, and for four months thereafter, whereby the mortgagee elects and declares the whole of the principal and interest now due and payable as provided by the terms of said mortgage.

The amount claimed to be due on said mortgage at the date of this notice is the sum of \$601.63, of principal and interest and the further sum of \$35.00, as an attorney's fee provided for in said mortgage, and no suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof.

Now therefore, NOTICE IS HEREBY GIVEN, that by virtue of the power of sale contained in said mortgage and the Statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described therein, or so much thereof, as may be necessary to pay the amount so as aforesaid due on said mortgage, with six per cent interest from the date of this notice and all other legal costs together with said attorney's fee, at public auction, to the highest bidder, at the front outer door of the Court House in the City of St. Joseph, Berrien County, Michigan, on Monday, the 11th day of March 1935, at ten o'clock in the forenoon.

The premises to be sold are situated in the City of Buchanan, Berrien County, Michigan, and are described in said mortgage as follows, to wit:

Lot sixteen (16), in Ross and Alexander's Third Addition to the Village (now City) of Buchanan. Dated December 12th, 1934. Industrial Building and Loan Association, Mortgagee.

Frank R. Sanders, Attorney for Mortgagee, Business Address, Buchanan, Michigan.

1st insertion Dec. 13; last Feb. 28. MORTGAGE SALE

Default having been made in the conditions of a certain mortgage made by Clayburn E. Gooch and Zilla Gooch, husband and wife, to the Industrial Building and Loan Association, a Michigan Corporation, dated the 19th day of October 1929, and recorded in the office of the Register of Deeds of Berrien County, Michigan, on the 26th day of November 1929, in Liber 165 of Mortgages, on page 153, by failure to make installment payments of principal and interest at maturity, and for four months thereafter, whereby the mortgagee elects and declares the whole of the principal and interest due and payable as provided by the terms of said mortgage.

The amount claimed to be due on said mortgage at the date of this notice is the sum of \$2483.75, of principal and interest and the further sum of \$35.00, as an attorney's fee provided for in said mortgage, and no suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof.

Now therefore, NOTICE IS HEREBY GIVEN, that by virtue of the power of sale contained in said mortgage and the Statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described therein, or so much thereof, as may be necessary to pay the amount so as aforesaid due on said mortgage, with six per cent interest from the date of this notice and all other legal costs together with

mortgage, and no suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof.

Now therefore, NOTICE IS HEREBY GIVEN, that by virtue of the power of sale contained in said mortgage and the Statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described therein, or so much thereof, as may be necessary to pay the amount so as aforesaid due on said mortgage, with six per cent interest from the date of this notice and all other legal costs together with said attorney's fee, at public auction, to the highest bidder, at the front outer door of the Court House in the City of St. Joseph, Berrien County, Michigan, on Monday, the 11th day of March 1935, at ten o'clock in the forenoon.

District Basket Tournament Opens at Niles Tonight

The basketball tournaments for Class C District championship will open tonight at Niles. Seven teams are included in the Class C division.

Three Oaks will not appear tonight. They drew a bye, as there are an odd number of teams.

The Buchanan Bucks, whose progress has advanced very steadily after a poor showing at the beginning of the season, will meet Berrien Springs. The Bucks have been the victors over Berrien in two games this season, but remember similar circumstances two years ago when Berrien won the tournament, game 15 to 14.

New Troy will furnish the opposition for Bridgman. Cassopolis will meet New Buffalo.

These three games will be played off tonight. The doors will be open at 4:45 o'clock. The Berrien and Buchanan game will be held until the last game at 9 o'clock.

Junior High Shuts Out Bewildered Three Oaks Team

The Buchanan junior high team again triumphed over their Three Oaks rivals, Feb. 19, but not satisfied with just beating them, they shut them out. Three Oaks used a different team composed mostly of freshmen. The high scorers were Morris and Rauch, each getting six points.

The second team played the term that the first team played last week. This made no difference however, the seconds winning by the score of 14 to 9. The high scorer for Buchanan was Shultz and Three Oaks, Ritzler, each getting four points.

EDITORIAL

This is an editorial for girls; not because it doesn't concern boys, too; but because one must admit girls are more at fault. What this editorial is getting at, is the criticism of a person's attire and appearance.

As has been said, girls are more directly at fault. It is not an uncommon sound to hear girls talking about someone's shoes, the way a person walks, etc., etc.

"My goodness, you'd think she'd know how awful her hair looks fixed that way!"

"Have you seen the heels on her shoes?"

Lots of times, of course, the person who has incited these remarks is sloppy and should be more careful of her dress, but that does not excuse a person for expressing an unkind opinion.

A sincere effort should be made to stop one's self before one has expressed an unkind opinion. Criticism, after all, is a habit. Why not cultivate the habit of looking for something nice to say about a person instead? And if you think you can't find anything, you can always keep quiet, you know.

In connection with their six week's test, the tenth grade Latin class is studying the time of Caesar and also his life.

Short stories are being enjoyed by the French eleven class. Some vocabulary terms are also included in their work.

Why Get Up Nights

Use Juniper Oil, Buchu Leaves, Etc. Flush out excess acids and waste matter. Get rid of bladder irritation that causes waking up, frequent desire, scanty flow, burning and backache. Make this 25c test. Get juniper oil, buchu leaves, etc., in little green tablets called Buckets, the bladder laxative. In four days if not pleased your druggist will return you 25c. Another Papa In the Faculty

Everyone has been wondering if Mr. Knoblauch has moved. The neighbors on Front street have heard the wails of a baby in that district. Now, if they'd only listen, they could tell those noises are coarser than the little girl's voice. Of course, that's right! Mr. Hyink is the father of an eight pound baby boy.

Assembly Sees Film Warning on Reckless Driving

During the assembly program on Wednesday afternoon, a film was shown and numerous automobile accidents took place in the picture, which was to warn students about fast and careless driving.

After the assembly, the students were going to their next hour class when a honk, honk, of a couple of shrill voices was heard. The students looked back to see what it was, and what should they see, but two 7th grade pupils playing automobile right up the middle of the hall through the crowd.

One of the pupils croaked, "Watch out! Remember what the man said about hitting other people."

TRUCKS AND FOLDING CHAIRS

Perhaps you haven't heard that the Glee club and orchestra went to Eau Claire last Wednesday night. Well, anyway they did. And how they went. Well, you see, they went in a truck. Yes, a truck. It had a regular house on the back with folding chairs. If you don't believe they were folding chairs, just ask Don "Tooter" Flenar. One of them just naturally folded up with him. It was only too bad there were about six inches of straw in the truck.

Anniversary Number

The parents are urged to read the last week's issue of the Scholastic celebrating the 300th anniversary of high school education. In the foreword of the issue is a quotation that reads, "This book is not published for the professional educator, nor for the custodians of the civic budget. It is addressed rather to students and their parents to the common citizens who should be informed of the best, as well as the worst, about high school."

HAROLD HOLMES STILL A LITTLE BOY

Maybe you didn't know it, but Harold Holmes still plays with little toy pistols. Tuesday night at basketball practice, he was seen playing with one. He was shooting down the basketball boys thinking them herds of buffalo.

Assembly Program Given by A. A. A.

The month of October was the most fatal month for accidents and Tuesday and Thursday were the safest days of the week for driving, were just a few of the things that were learned by the students in the assembly program last Wednesday afternoon. The program was given by the American Automobile Association.

Some of the pictures that were shown described and pointed out accidents caused from careless driving during the year and gave the number of people killed and injured.

The pictures were accompanied by a talk given by a representative of the American Automobile Association.

TIRED, WORN OUT, NO AMBITION

How many women are just dragging themselves around, all tired out with periodic weakness and pain? They should know that Lydia E. Pinkham's Tablets relieve periodic pains and discomfort. Small size only 25 cents. Mrs. Dorsie Williams of Danville, Illinois, says, "I had no ambition and was terribly nervous. Your Tablets helped my periods and built me up." Try them next month.

Buchanan Jr. High Eked Out Victory Over Dowagiac Five

The Dowagiac junior high came to Buchanan Friday and were beaten by the same score with which they had beaten Buchanan previously. The game was a close one with neither team having a great advantage at any time. The high scorer for Buchanan was Backus with four pointers and for Dowagiac Las Riridge and Finch with three each.

The Buchanan Reserves lost 14 to 6. The chief point-getter for Buchanan was Russell with four points, and for Dowagiac was Las-avage with eight.

BEND OR BE STIFF!

All the girls in gym classes are complaining about being stiff from the exercise. Some of them complain about having a stiff back. Perhaps, girls, if you would bend a little, your backs would not be so stiff. Just some advice.

"The Old Man of the Mill" Given For Assembly

"The Old Man of the Mill" was given Thursday afternoon for an assembly program by different students of the high school under the direction of Mrs. Weaver. The play has been given before and with many requests it was given over again.

Miss Peggy Merrifield, a former Buchanan girl, came from Muskegon, to do a dance and song number. When the play was given previously, Miss Merrifield was a participant.

Expert Opinion On Student Body

What do you think of our student body as a whole?

"I believe that our student body as a whole, is as good as the average student body, although there is plenty of room for improvement," was Ben Franklin's opinion.

"The student body, as a whole, is very good. The students are good sports and conduct themselves well, said Frances Hamilton.

"I think the student body, as a whole, is just average and could be greatly improved upon," said Evelyn Dolph.

"I think the student body of this school is the worst I know of. There are certain groups and they stick together. There is no sociability, whatever," said Elouise Squier.

ARE YOU RUNDOWN, AILING?

Mrs. Pearl Kelley of 239 Parish St., Battle Creek, Mich., said: "I had no appetite and I couldn't sleep. I decided to try Dr. Pierce's Golden Medical Discovery and one bottle of this tonic had me feeling like myself—lots better in every way."

COD LIVER OIL—Once a Punishment—Now a Treat

Stop trying to force your children to take nasty-tasting, fishy flavored cod liver oils. Give them Coco Cod—the cod liver oil with a delicious chocolate taste—and watch their bodies grow daily with vigorous, athletic strength! Mrs. Marder of Milwaukee says: "Before my child took Coco Cod she only weighed 20 lbs. Now, in two months' time, she weighs 105 1/2 lbs. and she has not been ill since."

Other cod liver oils have only Vitamins A and D, but Coco Cod is also rich in Vitamin B—the appetite and growth promoting vitamin. Start your children with Coco Cod today. At all drug stores.

THAT SCHOOL GIRL COMPLEXION

Have you noticed Blanche Depyl's bruised face? Well, she, wishing to enhance her looks, decided to remove some blemishes from her skin. Not knowing what to use, Blanche finally decided on corn salve. She applied it carefully and gently, hoping that with every pat she would add new beauty to her face. The sad part is that when she started to wipe the salve off, she noticed a great change, but not the change she wanted for her face was all burned. My, was her face red! You may see Blanche now with cold cream dabbed over her face to acquire that soothing relief—no more beauty facials for her.

Class Activities

The origin of the Federal Constitution has been studied by the senior government classes.

The tenth grade history students have completed the Absolutism in Russia under Peter the Great.

Protective tariffs of the United States and to what they are applied have been finished by the freshmen.

For their work this week, the ninth grade Latin students have been studying the Roman chariot races. They will also have a six week's test.

Interesting material on French home life was learned by the French twelve class.

There will be meetings of both the French and Latin clubs soon. English 9 and 10

The ninth grade English classes are studying ballads. They will find ballads and bring them to class this week, and they will also write them.

A test on the Romantic writers and work on exercise books over punctuation of phrases and clauses furnished the work of the 10th grade English classes.

Chemical elements in the nitrogen family, that is, related to nitrogen, were studied by the 11th grade Chemistry classes. These elements are: phosphorus, arsenic, antimony, and bismuth.

Current electricity, especially the study of voltaic, was taken up by the 12th grade physics class. It also studied the Daniel cell and ordinary dry cell. Later, it will learn the effect of electricity.

Methods of keeping time, hours and minutes, by the standard time belts, kept the science eight classes busy. They also studied calendars, and the methods of locating places on the earth.

Journalism

The chapter on sports and athletics, writing various types of sports notices, and writing up a game, kept the Journalism class busy.

English

The English twelve class will work on short text and exercise books, also on short story writing.

To improve their sentence structure and other parts of grammar by means of exercise books is the work of the English 11 students.

Continuing work of the past week is the problem of English 7 class.

Auto Figures Show Interesting Trends

The year 1934 saw more than a million passenger automobiles on the highways, again, according to complete tables just compiled by the Secretary of State's office on automobile registration figures. In 1933, total passenger car registration had dropped below the million mark for the first time since 1927, when there were 999,915 cars licensed. The total for 1934 was 1,027,064; for 1933, only 958,734 were licensed. The year 1932 still marks the high tide in passenger car registrations, with 1,220,848.

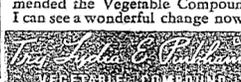

There were approximately 2,000 more trucks on the highways in 1934 than for the year previous; trailers jumped to the highest number in the state's history with a better than 18,000 increase over 1933's previous record of some 79,000. Few people stop to realize that as recently as 15 years ago,

Appendicitis

Mrs. Stanburg, 2539 Grd. Ave., Detroit, says: "Since 14 years old I had chronic pains, which doctors said was appendicitis. One day a friend advised me to try Mul-So-Lax. Before the first bottle was gone, I seemed to be getting better, and after taking 3 bottles, I am happy to say that I feel great. I also give it to my baby. I hope this will be seen by others and help them. Demand Genuine Mul-So-Lax at any drug store."

COULD NOT DO HER HOUSEWORK

WHEN everything you attempt is a burden—when you are nervous and irritable—at your wife's end—try this medicine. It may be just what you need for extra energy. Mrs. Charles L. Cadmus of Trenton, New Jersey, says, "After doing just a little work I had to lie down. My mother-in-law recommended the Vegetable Compound. I can see a wonderful change now."

Vegetable Compound

there were only about a quarter of a million pleasure cars in the whole state, and less than 40,000 commercial vehicles. Motorcycle registration is apparently at about its normal level, with about 3,000 licensed. Back in 1916, there were nearly three times as many on the roads, most of them being mere power wheels attached to bicycles, however. They have dropped steadily in number with the increasing use of automobiles, but for the past ten years their number has been virtually unchanged annually.

While commercial vehicles increased only about 2,000, the increase in chauffeurs' licenses show a gain of more than 16,000, indicating that more than mere commercial needs for this class of operator, was manifested, unless shorter industrial hours have necessitated employing more commercial operators.

One annually recurring item that never fails to attract attention in

the Secretary of State's office, is the number of duplicate operator's licenses issued. For the most part, they take the place of licenses lost or destroyed. In 1934, nearly 15,000 people lost or misplaced their operator licenses, and bought new ones at \$1 each. In 1929, more than 27,000 licenses were lost, for which duplicates were bought.

Help Kidneys

Don't Take Drastic Drugs

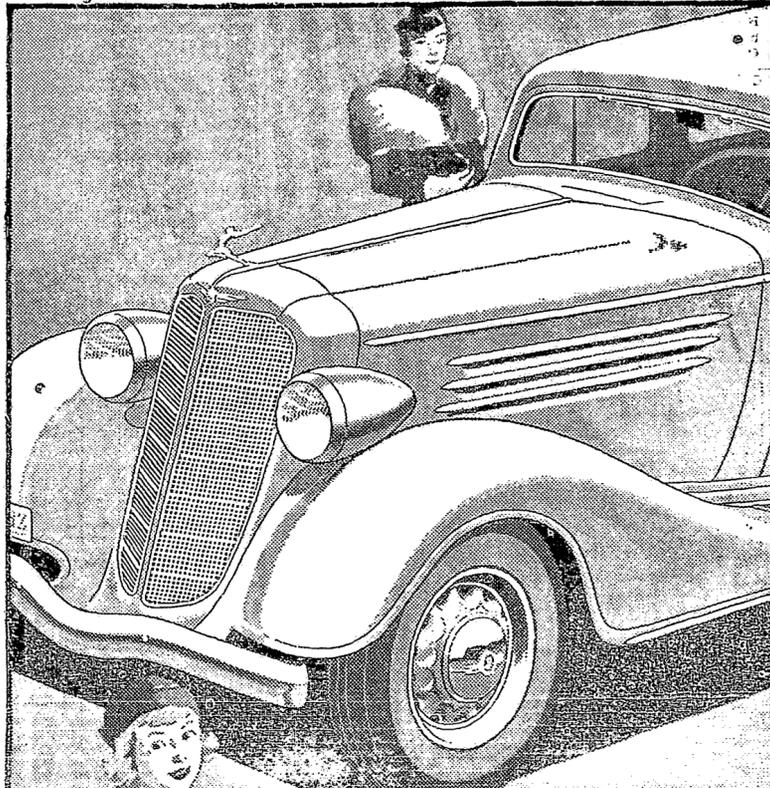

Your kidneys contain 3 million tiny tubes or filters which may be endangered by neglect or drastic irritating drugs. Disorders make you suffer from Getting Up Nights, Nervousness, Loss of Pea, Leg Pain, Rheumatic Pains, Dizziness, Circles Under Eyes, Neuralgia, Acidity, Burning, Smarting or Itching, you don't need to take chances. All druggists now have the most modern advanced treatment for these troubles—Doctors' prescription called Cystex (Siss-Tex). Works fast—safe and sure. In 48 hours it must bring new vitality and is guaranteed to make you feel 10 years younger in one package. Cystex costs only 25c a dose at druggists and the guarantee protects you.

WEAK AND SKINNY MEN, WOMEN AND CHILDREN

Saved by new Vitamins of Cod Liver Oil in tasteless tablets.

Pounds of firm healthy flesh instead of bare scraggy bones! New vigor, vim and energy instead of tired listlessness! Steady quiet nerves! That is what thousands of people are getting through scientists' latest discovery—the Vitamins of Cod Liver Oil concentrated in little sugar coated tablets without any of its horrid, fishy taste or smell. McCoy's Cod Liver Oil Tablets, they're called! "Cod Liver Oil in Tablets", and they simply work wonders. A little boy of 3, seriously sick, got well and gained 10 1/2 lbs. in just one month. A girl of thirteen after the same disease, gained 3 lbs. the first week and 2 lbs. each week after. A young mother who could not eat or sleep after baby came got all her health back and gained 10 lbs. in less than a month.

You simply must try McCoy's at once. Remember if you don't gain at least 3 lbs. of firm healthy flesh in a month get your money back. Demand and get McCoy's—the original and genuine Cod Liver Oil Tablets—approved by Good Housekeeping Institute. Refuse all substitutes—insist on the original McCoy's—there are none better.

REAL SAFETY COMES ONLY WITH REAL Dependability

SEE AND DRIVE THE SMARTLY IMPROVED BUICK FOR 1935

SAFETY features abound in the 1935 Buick. Safety is dependability—dependability is safety. Buick has the power, the brakes, the weight for safety—each perfectly balanced with the other. It has the steering, the controls, the roadability for safety. It has the stability, the quality, the staunchness for safety. It has complete equipment with safety glass. Come in and take a 1935 Buick out for a real drive. Test its brakes—the finest available—for smooth, straight stopping. Feel how its center-point steering holds the road. You feel safe in Buick and you are safe. Buick engineering and quality manufacturing pay thousands of extra dollars to be sure of safety and dependability—without extra cost to you.
