

SENIORS GIVE PLAY TOMORROW NIGHT

Keyworth, State Supt.-Elect, To Be Speaker H. S. Commencement

CAST OF NINE WILL PRESENT 3-ACT COMEDY

Play Depicts Method of a Slightly Cockeyed Household in Solving Depression.

"Three Cornered Moon," a comedy in three acts by Gertrude Tonkony will be presented May 10, at 8 o'clock in the high school auditorium as the annual senior play.

The major parts are taken by Lillian Peacock, Bob Willard, and Albert Webb. There is no question as to Miss Peacock's acting ability after her part in last year's junior play as Jane Baxter.

"Three Cornered Moon" enjoyed one of the most successful and sensational hits of recent years on the stage. It also gained wide acclaim as a motion picture.

New York press critics have this to say of the play:

"A chatty study of a slightly cockeyed household, done with much reliable understanding—Ends in a veritable roar of laughter.

"Gags, and plain nitwitisms flying off at all angles—sort of a beautiful insanity that makes the stage groggy now and then with the buzz of a mad house."

"content to solve the universe with amusing sloppick instead of cosmic precepts. 'Three Cornered Moon' is a bit of balm from heaven sent."

"a grand evening's entertainment."—New York World Telegram.

"proved to be a good party—romance and smart sayings—a frisky, hop-skip-and-jump affair that leaped blithely from farce to comedy, from satire to sentiment."

Tickets have been on sale for two weeks and may be secured from any member of the senior class at 25c. Reserved seats may be obtained for 10c extra at Glenn Smith's store.

The stage managers for the production are Paul Moore, Clarence Bradley and Dale Boyce. Business arrangements are being made by Margaret Ann George, Marguerite Babcock, Janet Kelley, Fred Riley, Junior Reinke, Pauline Topash and Geneva Troutfetter.

Music will be furnished by the school band, directed by R. R. Robinson.

If you want to laugh heartily any number of times and chuckle for an entire evening at the clever lines and characterizations, come out to the senior play tomorrow night.

CLARENCE TRUE WILSON SPEAKS HERE MONDAY

Mrs. Ada T. Fox, Local Dry Leader, is Called by Death

Funeral services were held Friday for Mrs. Ada Trevor Fox from the home of her sister, Mrs. C. F. Spaulding, where she died the previous Wednesday evening and burial was made in Oak Ridge cemetery.

Mrs. Fox had been a very active leader in the local Women's Christian Temperance Union, her special interest being in the flower mission department. She was also a member of the Eastern Star for 40 years, having transferred her membership to the local organization from Cleveland, O.

She was born March 9, 1870, at Elyria, O., the daughter of Baxter and Anna Trevor. She was married to Charles Fox at Lima, O., on June 27, 1909.

She is survived by a brother, Kyle C. Trevor, Cleveland, O., and by a sister, Mrs. C. F. Spaulding of Buchanan.

NATIONAL DRY LEADER SPEAKS AT M. E. CHURCH

Head of Methodist Board of Temperance and Morals to Speak on Current Problem.

Coming to the First Methodist church on Monday evening, May 13th, Dr. Clarence True Wilson, Executive Secretary of the Board of Temperance, Prohibition and Public Morals, of the M. E. church, Washington, D. C., will deliver a stirring message in the interests of the present drive to turn the tide of public sentiment back to national sobriety.

The service is being arranged by Rev. Thomas Rice, pastor of the church. All church groups, the W. C. T. U. and other temperance and educational organizations are expected to attend.

Dr. Wilson, accompanied by Col. Frank E. Ebbert, Counselor to the Board of Temperance, has recently completed a series of rallies in Ohio during March and April, visiting many of the important cities and towns.

Declaring that the liquor problem is a "great moral problem," and that the country is in need of a "religious awakening," Dr. Wilson said in a recent interview:

"What this country needs is the N. R. A.—a National Religious Awakening. The loss of the 18th Amendment and the failure to observe and enforce it was a symptom of a moral slump on the part of the people and a religious decadence. This generation will not live to see it again. There will be a dreadful reaction against the reign of rum but it can be blocked by thirteen states and we will not get national prohibition while the generation is on earth that lost it. We should never attempt it until we have secured at least forty states and demonstrated that we can influence and make the people want to observe the law. We must go the long road back. No drinking, voting the saloon out of our communities, away from our schools and churches, local option by towns, by the county unit, prohibition by states; but let the problem be worked out by states until forty of them have made good.

Mother, Daughter Banquet is Held at Evan Church

Berrien Teachers To Hold Meeting

An important meeting of the Berrien County Education Association will be held at Berrien Springs Thursday evening, beginning at 7:30 p. m. for the purpose of electing delegates to the representative assembly to be held in September and also to reorganize in accordance with the provisions of the new N. E. A. constitution.

Now Here's the Proposition

Uncle Hank of Hills Corners sez:

Ez a rule the young folks air all right jist as long ez the ol' folks behave themselves.

The Old Village Dump It still decks the spot where Great Grandmother threw it And when I remember I swallow a lump;

My eyes fill with tears every time that I view it— That battered tin can on the old village dump.

The town then was small with a dump in the middle, It was jist off of Main on an old vacant lot; Great Grandmother, sure as the cat played the fiddle, Threw cans from the window and ne'er missed a shot.

'Tis for her we love them, these rubbish strewn vistas When frequent inspection recalls them to view With sundry stray dogs stretched in drowsy siestas Among the tin cans that Great Grandmother threw.

An old barrel hoop and some old window sashes, Some travel worn flivvers have here found a grave; We must not disturb them, so peace to their ashes 'Mid stove pipes and chimney pots long may they wave!

Though clean-up nuts level their irony at us, Long, long, may they lay on that ancestral spot, Half revealed, half concealed by that green saw-toothed lattice, Which some one erected—the Lord knows for what!

The town has grown on but the dump still reposes The same as it was in Great Grandmother's day— Though it looks like the devil and smells not of roses We love it too dearly to haul it away.

Spring Tonic If you still don't believe it is spring, just go out to the Letcher ball diamond some Sunday afternoon and see those two old war-horses, Ike Wells and Alois Letcher, romping around as a result of a couple of doses of their annual spring tonic, baseball.

There's Millions In It My sister is writing chain letters Intent upon trying her luck, My mother has mailed out a quarter While Dad shoots the work for a buck.

The grocer is howling for money The milkman is after his tin, But they'll all get their jacks when the letters come back— Migosh, how the kale will roll in!

Unlicensed Dogs Will be Placed in Pound After June 1

Elsewhere in this issue is an official notice from the county dog warden, C. O. Jordan, notifying all dog owners who have not as yet secured licenses for their canine properties that after June 1, all unlicensed dogs will be picked up and placed in pound, by deputy sheriff's and the owners will be assessed a penalty of \$1 before they are released, in addition to the license fee of \$1 for males and \$2 for females.

Scene from "Three Cornered Moon," Senior play, which will be presented at the High School Auditorium, Friday night.

MOTHER'S DAY, 1935 This is the time when mothers look for any message, flower or book or prose or rhyme, that they may know that love still holds its old-time glow undimmed, and it is I send beyond the blue horizons end, careless of what the world may think, a token of unbroken links of old affection, for the eyes that wait beneath far western skies.

BRILLIANT CROWD LAST NIGHT AT CORONATION BALL

Children's Parade and Juvenile Ball will be Held This Afternoon and Evening.

(Wilson McLeod) No more glittering setting ever attended the crowning of a Babylonian potentate than that which furnished the scene Wednesday night in the beautiful Shadowland ballroom of the coronation of beautiful, dark-haired Marybeth Kemp of Battle Creek as queen of the Blossom Festival, which opened in the twin cities last Sunday and continues through the week until next Sunday.

No less distinguished person than Governor Frank D. Fitzgerald had charge of the coronation and, himself, placed the crown of Blossomland on the pretty head of Queen Marybeth in a colorful spectacle of royal splendor.

Even surpassing in beauty the artistic profusion of Michigan fruit blossoms, which furnished the decorative motif for Shadowland and provided a background for the colorful coronation spectacle, was an awe-inspiring array of feminine beauty, including petite Connie LeGard of Muskegon, the 1934 queen of Blossomland, who relinquished her crown to Queen Marybeth, Betty Brady of Benton Harbor and Flossie VanGorder of Watervliet, who as maids of honor won second and third places, respectively, in the queen finals a week ago which saw Queen Marybeth elevated to the throne of Blossomland; and 24 other Michigan beauties who were likewise eliminated in the queen finals contest.

The coronation followed the Blossom queen's banquet held at 6:30 o'clock in the Calvin Britain room of the Whitcomb hotel, at which Gov. Fitzgerald was guest of honor. Besides Queen Marybeth and the governor, those present included Queen Connie of the 1934 Festival, the 26 members of the queen's court of honor, official representatives of the 27 cities and

### WHY?

Mike Exner, the friend and daily visitor of a number of homes in the northwest part of the city went to his unjust reward last week at the hands of a poisoner, together with five other canine pets, and his many friends are at a loss to understand the mental quirks of the person who did his end.

In a world of frail and faulty mortals Mike had only one habit that anyone by any stretch of the imagination could take exception to and that was an active aversion to cats. Otherwise his good nature and friendly goodwill were abounding and universal. He came daily to visit his friends, announcing his advent by a mournful, prolonged howl. A bone or a scrap of anything was sufficient. Even if he did not approve of the gift, he merely sniffed disapprovingly at it but never questioned the good intentions of the donor and went his way satisfied. Hatred on the part of people was something he could not understand. If one of his friends objected to being followed down town and picked up a stick, Mike was ready for a game and his would-be punisher lacked the heart to carry out his intentions.

Other dogs that were poisoned were those of Phil Karling, Sarah Gilman, Glen Vandenberg, J. VanderVen and Goldwyn Smith.

### PERPETUAL CARE AT OAK RIDGE

Although very satisfactory results have been secured to date in the movement for perpetual care of the lots at Oak Ridge cemetery, it seems likely that the opportunity presented by the plan needs further explanation for the benefit of those who may not fully understand its advantages.

A very striking argument for its complete application to the entire cemetery is to be had in the beautiful appearance of the section in the southeast corner which has been reserved for those who are willing to buy perpetual care at the time of the purchase of the lots. This section was sowed to lawn grass two years ago, and has been uniformly maintained through the perpetual care fund.

The cost of perpetual care is 25c per square foot, which amounts to \$50 for an average sized lot of 10x20 feet. It seems a most reasonable amount to pay to insure that the graves of loved ones will be cared for, not only during your lifetime but forever. There is something sad in the sight of a neglected grave. It hints that not only life passes but that the ties of affection, however strong in life, do not long survive the ultimate change. But the perpetual care fund is an efficient preventive.

The term perpetual care includes cutting the grass from the lot at frequent intervals, raking and cleaning the lot when necessary, pruning of shrubs and trees, and such other work as may be necessary to keep the lot and graves in good condition.

### NEEDED—A GARDEN CLUB

Various agencies in the city have been at work this spring in pushing to completion a parking program which, though perhaps quite modest in comparison with such programs carried out elsewhere, is yet quite unprecedented for Buchanan.

Among the items which have been completed or are now in progress are the following:

Planting of redbuds, dogwoods and forsythias along the Redbud Trail, cleaning out brush below the Redbud Trail and preparing place for parking and picnicing.

Planting spirea and other shrubbery along the mill race north of Athletic Park.

Clearing out creek bed and leveling banks of McCoy's creek and landscaping.

Planting of screen of shrubbery and flowers to cut off tin can and antique car display in rear of Front and Portage street buildings.

Promotion of idea of planting redbuds in private yards and on lots in business district to further the idea of making Buchanan the "Redbud City."

And now that part, at least, of this program is completed with the aid of FERA labor, city trucks, and the aid of interested civic clubs and private citizens, the question rises as to what agency will carry on from here. If there is no further attention during the summer, there will be a larger mortality among the trees planted along the Redbud Trail than would be the case if at least part of them on dryer ground were occasionally watered.

The McCoy's creek project, if successfully carried out this summer, will mean further improvement later. If, however, it is permitted to go to seed for want of a little care, then the "I told you so" element will be triumphant and there will be no further improvement.

The logical organization to assume responsibility would be a garden club devoted, not to carrying on prize contests for the improvement of private yards, but to sponsoring just such projects as have been started.

In the lack of such organization it is possible that McCoy's creek, age-old dumping ground for community heirlooms, will also become the dumping ground of some still-born ideas.

### Jay Bird Obnoxious

The jay bird does eat some harmful insects, but he also feeds on corn and fruits and withal makes himself generally obnoxious.

# JUST A TRUNKFUL!

THREE smiling young stowaways demonstrate the ample space available for luggage, golf clubs or trophies of a shopping expedition, found in the trunk compartment of the new Ford V-8 Touring Sedans, two of the new deluxe types recently announced by the Ford Motor Company. The trunk compartment—18 cubic feet of space—is an inherent part of the design of the Tudor and Fordor Touring Sedan body types. All the space is used for

luggage, the spare tire being carried conventionally at the rear, while an inner compartment under the floor provides space for tools. The trunk compartments may be locked with the same key that fits the tire lock. The new touring sedans were designed to provide ample luggage carrying facilities for families doing extensive traveling who wish to utilize the car interior for passengers. They have proved thus far to be among the most popular Ford body types.

Book reports will be due in all English classes Monday, May 13. Notebooks will be due in English classes Tuesday, May 14. For the last few days the Geometry class has been having outdoor classes. They were finding the height of trees and the flag pole and other distances without measuring them before. The Junior and Senior English classes have been studying the life and writings of Mark Twain. They are studying the lives of modern writers. The Biology class is studying man's relations and dependence with all other planes and animals. The Latin II class have finished Caesar's campaigns into Britain and grammar reviews and is now having rapid reading on the Argonauts. The Junior and Senior Physics class are studying spectrum and light. The Freshmen and Sophomores have finished the study of Julius Caesar. The pupils of the World History class are electing their own chairman and conducting their own class. The Seniors are planning to give a play "The Seniors Radio Party" at their class night exercises, May 20. This play is to be something different than given in previous years and we feel that everyone will enjoy it. The Juniors are planning on entertaining the Seniors at a dinner at the Four Flags hotel, Niles. The date has not been decided on.

TO TOWN is just a jaunt instead of a journey

WHEN you own a Ford V-8, the doctor or dentist or classroom, once removed by hours of travel, is only a few minutes away for your children. The stores and shops and churches are only a few minutes down the road for your wife. And the implement store, the local grain dealer, the shipping pens for your stock, are only a few minutes away for you!

The Ford has played a great part in loosening the bonds which once tied families to the farm. It was the first automobile the farmer could afford to buy and run. Fifteen million Model T's founded a tradition of economy and dependability which won the esteem of millions of farmers. The Model A carried that tradition to a higher plane of perfection. And in the Ford V-8 for 1935, Ford value reaches the highest point in more than thirty years of constant improvement.

The new Ford V-8 is a car which will take you anywhere, any time—economically, comfortably, safely. Your dealer will gladly show and demonstrate the many features responsible for its great riding ease, durability, and economy.

**WEAK AND SKINNY MEN, WOMEN AND CHILDREN**

Saved by new Vitamins of Cod Liver Oil in tasteless tablets.

Pounds of firm healthy flesh instead of bare scraggy bones! New vigor, vim and energy instead of tired listlessness! Steady, quiet nerves! That is what thousands of people are getting through scientists' latest discovery—the Vitamins of Cod Liver Oil concentrated in little sugar coated tablets without any of its horrid, fishy taste or smell. McCoy's Cod Liver Oil Tablets, they're called! "Cod Liver Oil in Tablets", and they simply work wonders. A little boy of 3, seriously sick, got well and gained 10½ lbs. in just one month. A girl of thirteen after the same disease, gained 3 lbs. the first week and 7 lbs. each week after. A young mother who could not eat or sleep after baby came got all her health back and gained 10 lbs. in less than a month.

You simply must try McCoy's at once. Remember if you don't gain at least 3 lbs. of firm healthy flesh in a month get your money back. Demand and get McCoy's—the original and genuine Cod Liver Oil Tablets—approved by Good Housekeeping Institute. Refuse all substitutes—insist on the original McCoy's—there are none better.

**HEEDED DOCTOR'S ADVICE**

Mrs. Robert Hickey, Roseville, Calif., writes: "My doctor prescribed Kruschen Salts for me—he said they wouldn't hurt me in the least. I've lost 17 lbs. in 6 weeks. Kruschen is worth its weight in gold."

Mrs. Hickey paid no attention to gossipers who said there was no safe way to reduce. She wisely followed her doctor's advice. Why don't YOU?

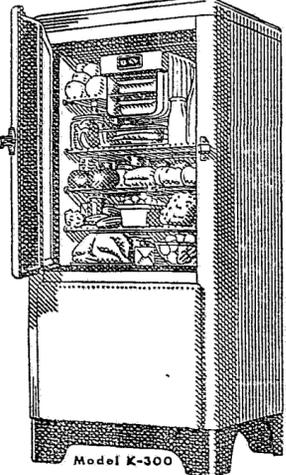

Get a jar of Kruschen to-day (lasts 4 weeks and costs but a trifle). Simply take half teaspoonful in cup of hot water every morning. All druggists.

**Little Known Facts About Banking**

**Depositors Who Take Banking Service "For Granted"**

For so many years during "easy times" banks furnished checking account service without cost to depositors, that even today few depositors realize there is any cost to the bank, either.

Jones maintains a balance of \$200 in his account—the income from the use of which to the bank during any one month, actually pays for about 60 cents worth of banking service. But, if the service the bank renders Jones costs more than 60 cents, who should reimburse the bank for the difference?

Bank depositors in the United States enjoy more and better banking privileges, at little or no expense, than in any country of the world.

Now is the time when the usual harrange begins about walking on people's lawns. It seems that the students are the most to blame. One very seldom sees an adult running across a flower bed or lawn.

# AT THE THEATRE

### Shirley Temple and Lionel Barrymore in "Little Colonel"

The movie news of the week is that America's golden-haired sweetheart arrives in her latest picture.

Shirley Temple, the five-year-old screen miracle who was unknown less than a year ago, and who now ranks among the ten world's outstanding box-office attractions, co-stars with Lionel Barrymore in "The Little Colonel," which begins a three day engagement at the Hollywood Theatre beginning Sunday matinee at 2:30 p. m.

Through her marvelous performances in four pictures, Shirley has become the nation's idol, adored by young and old. Her innocent romp, through the land of fame is one of the bright fairy-tales of modern days.

Fox Film combed all the available fiction, past and present, for a suitable vehicle for Shirley and found it in one of the "Little Colonel" stories of Annie Fellows Johnston, which have been eagerly read by millions. Drama and comedy, pathos and humor, vie for supremacy in this tale of a wrecked

Kentucky family, during the Reconstruction era, reunited by the determination of a lilliputian dimpled colonel.

Supporting cast with Shirley and Lionel Barrymore includes Evelyn Venable, John Lodge, Sidney Blackmer, Bill Robinson, the celebrated colored dancer, and many others.

A really great picture reaches the screen of the Hollywood Theatre tomorrow (Friday) and Saturday as feature one of a double feature program. It is Louisa Alcott's "Little Men". That it will be included in all the "Best Pictures" lists this year seems certain. There is a fineness, a sincerity, a something akin to genius, to which its writers, directors and actors all contributed. The social registers of Hollywood child stars are in the picture. Such youngsters as Cora Sue Collins, Dickie Moore, Tad Alexander, Junior Durkin, and many others in addition to the splendid cast.

Sinclair Lewis' famous novel

"Babbitt" is brought to the Hollywood screen as feature number two, with Guy Kibbee and Aline MacMahon in the principal roles, and the 9th chapter of "Tallspin Tommy" plus a new "Buddy" cartoon completes this week-end bill.

The screen has shown nothing finer than "Imitation of Life," John M. Stahl's Universal production drama which opens a two day engagement next mid-week Wednesday and Thursday, with Claudette Colbert in the starring role.

"Imitation of Life" perfectly directed and played, is the sort of picture that one expects once in a season, and deal with domestic problems in a manner which is absorbingly interesting. It is richly mounted and is in every sense a screen success. Warren William, Rochelle Hudson and Louise Brooks have important sharing roles with Miss Colbert, who is one of the most versatile and popular young actresses in Hollywood today.

day afternoon with Mrs. Lysie Nye.

Mr. and Mrs. Joe Fulton were in Buchanan Saturday on business. Curry McLaren and Frank McLaren of South Bend left Sunday morning for Plymouth, Ill., to attend the funeral Monday of their aunt, Mrs. Lydia Weaver. They will return Tuesday.

Mr. and Mrs. George Martin of Buchanan, Mr. and Mrs. Arthur Carleton of St. Joseph, Beryl Brewer of Gilman, Ill., were Sunday dinner guests in the Will Jannasch home.

The Lavina Ladies Aid will meet Thursday with Mrs. Lysie Nye. F. A. Nye spent Sunday afternoon in the John Rose home.

## THIS WAY LIES DISASTER . . .

Excessive Federal restrictions, unregulated competition, the depression, have had their way with America's railroads.

Today the public views the plight of the lines with awakening understanding and broadening concern, and there is growing alarm that close by may be stalking the ominous specter of government ownership.

Disastrous as would be federal usurpation of rail control, might it not be the signal for that final economic calamity—the socialization of all industries?

Under present policies and conditions could government have done better with the railroads than has private management? Could government, in the future, do as well?

Memories of America's War-Era rail management are too fresh, too painful; the strangely similar results of like policies in other countries are too current, too repugnant to blind the thinking to government ownership's deficiencies and undesirabilities.

Simple sanity in transportation policies will solve the railroads' problems, while their seizure will only breach the walls which guard private industrial initiative against all-engulfing socialization.

Michigan's delegation in Congress should so be advised.
