

H. S. BAND FESTIVAL HERE TONIGHT

B. A. A. Summer Softball Series Open at Athletic Park Monday Eve

EIGHT H. S. BANDS WITH MEMBERSHIP OF 250 WILL PLAY

Now Here's the Proposition

Just Try It All these superstitions Leave me high and dry; I walk under ladders And never bat an eye. I see pins lying And make no passes; I spend all my spare time Smashing looking glasses; I've shot alley cats and Left 'em where they laid; I step over brooms And say, "Who's afraid?" Flaunting superstition Is what I do with glee. And do I break chain letters? Just send one to me? Bl Haws.

In Barnum's day there was a sucker born every minute. But now we got mass production.

A contributor to the Detroit Free Press says:

I have evolved a chain letter to end all chain letters, and have sent it to the two lame-brains from whom I have received letters to date. I save paper by writing it across the links I receive, and it's worth the postage to tell off the dopes. The letter:

Chain-in-the-Neck-Club

Each name on the above list will send you a link to this chain. When you have 15,625 links of an unbroken chain, fasten one end securely to an anchor, and the other end to your neck. Then carefully toss the anchor in mid-ocean, and happy landings to you, too. John J. Downey.

Then there was the fellow down in Memphis, who used the dime he got to buy a dozen aspirin tablets, took two himself and forwarded two each to the five addresses in the letter with the following message: "I am forwarding this message to you with two aspirin tablets. It gave me a headache and I know it will you."

And down in Springfield, Mo., five roasting blades started a chain of their own. They went to a tavern and drank a beer apiece. Then they each rustled a new companion and the ten met at another tavern for another beer; then each rustled yet another and they met at a third tavern for another beer. And so on until 80 met at the fifth tavern and there the chain was broken when a number of the starters passed out while they were figuring how many more they had to go to make the whole town drunk.

But He Is Probably Just Another Bull Thrower

Now here is some news that is really hot— Cross my heart and believe it or not— There's a gal that lives on Berrien street.

Who goes with a guy in Watervliet Who sometimes two-times once in awhile

With another guy that lives in Niles,

Who also rushes a South Bend hen Who goes with a guy in Allegan

Who knows a guy in the A. & P. Who lives in a nudist colony Which buys its clothes from a New York man

Who knows a guy in Hindustan Who has a cousin in Pittsburgh, Pa.

Who has a sister in Macon, Ga., Who has a beau in Whiskey Gap Who got it straight from the Isle of Yap

That there is a dame in Hot Springs, Ark., Who was recently told by H. C. Stark

Who got the tip from Alfred George

Who picked it up in the Royal George

From a lady hitcher from Springfield, Mo.,

Who had heard from a man in Buffalo

Who had got a letter from Albert Rohl

Who heard from a guy that sold him coal

Who had got a letter just last week

From his first wife's husband in Manistique

Who had got a letter from Alabam

CLARK PLANT, WILSON DAIRY TO CROSS BATS

Schedule Delayed Two Weeks By Rain Which Prevented Completion of Softball Diamond.

The weather permitting, play in the summer softball series sponsored by the Buchanan Athletic Association will begin Monday evening, with the teams from the Clark River street plant and the Wilson Dairy teams crossing bats for the curtain raiser at the Athletic field diamond.

Time for the opening of the game has been set at 6:10 p. m. E. S. T. with 6:20 p. m. set as the deadline for forfeit. Play has been delayed for two weeks beyond the opening date originally scheduled on account of rain, which prevented work on the softball diamond. The diamond is not in condition yet, but if weather prevents completion President George Wynn of the Athletic Association states that the game will be played on an improvised diamond on the old football field.

The schedule for the first week will be run off as originally planned, with the following contests in the remainder of the week: Tuesday, Co-ops versus Russell's Chevrolet; Thursday, D's Cafe versus Riverside Ramblers; Friday, I. O. O. F. versus Days Ave.

The following changes have been made in the original schedules: Monday, June 3, Co-ops vs. Days Ave. Thursday, June 6, D's Cafe vs. Clarks. Monday, June 10, Russells vs. Days Ave. Friday, June 14, Co-ops vs. I. O. O. F.

Last Rites for Infant Daughter of Alfred Obyrant

Funeral services will be held at 9:30 a. m. today from the Childs Funeral Home for Rita Helena Obyrant, who died at her home in the Bend of the River Tuesday afternoon at the age of 1 year and five days. The little girl had been ill three weeks.

Memories of the Galien Grist Mill

Built in 1879, by Andrew J. Glover, its ownership was changed many times. It burned in the fall of 1922. It stood as a financial investment for its owners, a convenience for the farmers, a landmark to travelers, a recreation place for the young folks, and a rendezvous for lovers. Its complete story would relate many joys and a few sorrows. Its picture remains in the memory of thousands.

Marjorie Weaver is Named Member Honorary Society

Miss Marjorie Weaver, daughter of Mr. and Mrs. Ray Weaver and a graduate of the Buchanan high school with the class of 1933, has been accorded the honor of initiation into the Senate, the oldest organization for women at Western State Teachers college, based on scholastic standing and prominence in school activities. She had the unusual honor of being one of two girls in the Freshman class who was invited to join both the Senate and the Academy honorary organizations.

Miss Weaver was also a member of the college choir which presented a concert of Bach choral music Tuesday evening, May 14.

PLAYBOX PLAYERS TO STAGE PLAY ON ANNIVERSARY

Wodehouse Adaptation of "By Candlelight" is Classed As Clever Play.

Elaborate plans are being made in celebrating the second anniversary of the Playbox Players. The Players are closing their season with one of the most difficult pieces of work they have yet attempted. The great talents of P. G. Wodehouse are sufficient guarantee for all of us that "By Candlelight" is a comedy of rare charm and delight. This farcical tale skips along as artfully as a soap bubble on the wing of the breeze, causing us to laugh hilariously for the most of the time and restine occasionally in a mood of philosophic reflection. Here the well-known and justly celebrated Wodehouse dialogue sparkles and illuminates—lifting us to the seventh Heaven of enjoyment.

In selecting this play The Playbox Players are fully conscious of the fact that they are attempting a master production. For comedies such as "By Candlelight" demand the most delicate and expert acting.

"By Candlelight" will be seen at the Clark Theatre on Thursday evening, May 23.

Tickets are in charge of Miss Marie Hess and can be purchased from any of the players or at the Portz Food Shop. Reservations can be made the first of the week at Glenn Smita's.

The staging for the play is in charge of Mrs. George Roe, Miss Dorothy Thompson and Tom Zerbe. Special music will be featured between acts.

Berrien FERA Drama Classes to Stage Plays

On Monday evening the FERA Dramatic classes of Berrien county will hold a one-act play recital in the local high school auditorium. There will be no admission charge or collection taken. The public is cordially invited to attend.

Those classes presenting one-act plays are: Niles, Benton Harbor, Three Oaks and Buchanan. The date is May 20, and the time is 8 p. m. sharp.

Child Bitten In Face By Dog

The five year old daughter of Mr. and Mrs. Rollo Fisher, who live on the Walton Road immediately north of the river bridge was severely bitten in the face by a dog when she entered a neighbor's yard to borrow bread last Thursday.

ORCHARD HILLS COUNTRY CLUB

Don't forget the Grand Opening Blow Out Tournament, Sunday, May 19. Open at 8:30 a. m. Pot luck luncheon at 12:30. Lots to eat and tournament prizes on display at No. 1 tee. Everybody out and meet old and new members.

NATION NOT DRY IN OUR TIME, SAYS TEMPERANCE HEAD

Long Battle that Brought Dry Nation Must be Fought Over Says Clarence True Wilson.

"The generation which turned 'yellow' in a national emergency will never see national prohibition again," declared Dr. Clarence True Wilson, executive secretary of the Board of Temperance and Morals of the Methodist church in a talk at the local church Monday evening. "We will have to start and build over as we did before."

"There is no use to even think of national prohibition until we have at least 40 states voted dry. We are now starting a campaign of education, getting textbooks on alcohol into the schools; we are starting a campaign of pledging the young people to temperance. "We will have to educate the people to a realization of how criminal it is to permit the manufacture of liquor in a machine age. An automobile is always just as drunk as its driver. Partly on account of liquor there were killed in this country last year in automobile accidents 36,000 people, or 4,000 more than were killed in any conflict in any year of the world war."

Dr. Wilson stated that he was then on a speaking tour to raise money to finance the temperance work of his board. The yearly church donation for that purpose, he stated, had fallen from \$150,000 per year to \$16,000 per year. This sum, he stated, was less than half enough to carry on the educational work of the board. Through his tour he had averaged two addresses a day on week days and five on Sundays but he had been able to secure in money and pledges nearly enough to finance the work of the board for two years.

CLERK'S WEEK IS ON AT A. & P. STORES

And George Himmelberger Has Two Bosses—Three, If You Count His Wife.

The scriptural saying that "no man can serve two masters" has been badly discredited this week in Buchanan for George Himmelberger of the A. & P. stores sure has two masters and it is well worth the price of admittance to see him step around.

His masters are Cyrus Bulhand and Chandos Jackson, the two gentlemanly and affable clerks, who are in charge during the clerk's week as per the advertisement in this issue. The two young men took over the store Monday in a competent and workman-like manner that indicates they may be rivals in future years for the presidency of the organization. They put George to cleaning up the basement Monday but had to bring him up stairs because they didn't have time to stay down and watch him. You want to call around and check up on a good job of store-keeping. Do those boys know their groceries!

Rex Allen Writes A Short Story in Hunting and Fishing

How a former Buchanan man couldn't make his customary annual trip to the northern trout streams but stayed at home and had the laugh on his friends by catching a six and one-half pound rainbow trout in Dowagiac Creek, is recited in an interesting yarn by Rex K. Allen, son of Mrs. Minnie Allen, in the May issue of Hunting and Fishing. The account is contained in a two-page illustrated story.

Hope Kelley is Accorded Honors at Albion College

Miss Hope Kelley, daughter of Mr. and Mrs. Con Kelley, was accorded an unusual honor last night when she was selected to assist as violinist at a recital by Miss Marian Elizabeth Reed, vocalist, in the Albion College Chapel. Miss Reed is a senior in the college of fine and applied arts. Miss Kelley is a first year student, her selection being unusual from the fact that freshmen are not usually selected for leading soloists in the department recitals.

Miss Kelley presented: Serenade Espagnole by Alexandre Glazounov. Lullaby by Cyril Scott. The Swan by Camille Saint-Saens. Tarantelle by W. H. Squire.

UNION MEMORIAL SERVICE SUNDAY AT CHURCH CHRIST

Rev. Rice Speaker; All Service and Patriotic Organizations Will Be Guests.

A Union Memorial Day service will be held at the Church of Christ Sunday evening, commencing at 7:30 with the following program:

Piano prelude Hymn, "America, the Beautiful" Devotions by Rev. W. H. Brunelle

Special number by members of the L. D. S. church Sermon by Rev. Thomas Rice Special solo by Mrs. Allen Pierce of the Evangelical church.

The closing number will be "Battle Hymn of the Republic." Special guests for the service will include members of the American Legion and Auxiliary, Veterans of Foreign Wars, Spanish American Veterans, Gold Star mothers, Girl Scouts, Boy Scouts and Cub Scouts.

Berrien County Gets Allotment McNeill Road Fund

Half of the state's \$3,500,000 obligation to the counties for 1935 under the McNitt township road law was ready for distribution by the State Highway Department this week, nearly two months ahead of the deadline for final settlement, Berrien county's portion being \$20,346.91.

The department prepared vouchers for \$1,750,000 for the eighty-three counties and transmitted them to Auditor General John J. O'Hara, who agreed to co-operate by making immediate payment to the counties. Final settlement of the entire amount of \$3,500,000 is not due until July 1, but Highway Commissioner Murray D. VanWagoner decided upon an early advance "because the counties need the money at this time." Maintenance and improvement operations by the county road commissions are at their peak now, he explained.

The money is returned to the counties under the 1931 McNitt law authorizing the counties to take over the maintenance of all township roads by 1936 at the rate of 20 per cent a year. The counties now have 80 per cent of the township roads. The allotment to each county is based upon the amount of township road mileage.

Margaret Koons Sings Two Nights at 8th St. Theatre

Miss Margaret Koons, popular local vocalist, sang Monday and Tuesday evenings in a repeated program given at the Eighth Street theatre under the title of "The National Follies," representing entrants of the National Tea Co. employes. Miss Koons sang "The Object of My Affections."

W. B. A. HOST TO 135 GUESTS AT SPRING RALLY

Local Review Entertains 8 Organizations at Banquet in Woodman Hall.

The W. B. A. held their spring rally Tuesday, May 14th, with Review 130 as hostess. One hundred and thirty-five guests were present with some from Benton Harbor, Niles, Dowagiac, South Bend, Kalamazoo, Chicago, Detroit and South Haven. The 6:30 banquet was held in the Woodmen Hall, and dinner was served by the Royal Neighbors. Guest speakers were Mrs. Ethel Hayford, state field director, and Mrs. Morrey, managing deputy of Benton Harbor. The program was held at the table. The address of welcome was given by Mrs. Ralph DeNardo, the response by Mrs. Eleanor Swartz of Niles. Victor Viganaki, Donald Flener and Margaret Babcock gave a saxophone trio selection. Phyllis DeNardo gave a tap dance. A reading by Muriella Morrey of Benton Harbor; songs by Vincent DeNardo several readings by Mrs. B. Bunch of Niles. At the evening meeting, which was held in the W. B. A. hall, Buchanan Review No. 130 had charge of the opening and closing of the meeting, Niles Review had the flag service and flower fund march. Benton Harbor Review, No. 35, had charge of the initiation of nine candidates.

Fire Boys Didn't Savvy New Method of Reroofing House

If the Buchanan fire department would just have kept their fingers out, the work of reroofing the Libby Huff home at Portage and Dewey would have been simplified, according to George Huff, who was unloading a new load of shingles at that place just as the fire truck rushed up and extinguished a fire in the old shingles. Huff had reshingled part of the house last week, quilting on account of the rain. He started to work yesterday morning, when the old shingles on the two-story section of the house caught fire from the chimney. About a square of shingles was burned off. No damage was done.

The department extinguished a small roof fire at the Elza Smith home south of the Michigan Central Friday.

John G. Holmes Sends Sure-Fire Snuffles Remedy

Here is a trick that you may pass along to your readers. There are none who are immune from the "snuffles" or cold in the head, and no one enjoys it.

Here is the remedy with the patient in sitting posture, place one hand on the forehead, and the other on the back of the head, and with light draft upward on the skin over the brow, hold in that position until you get relief, which should not be over a minute. Cheap, quickly done and effective.

Poppy Seed Given By Legion Sowed By Redbud Trail

Poppy seed donated by the American Legion Post was sowed yesterday on a plot of ground about 500 feet long and 15 feet wide between the Redbud trail and the Moccasin Bluff Road just south of the forks of the two roads near the Paul Wynn summer home. The sowing was done by Everett Russell. The species selected was the Giant Shirley, single, as having a longer blooming season than the official American Legion poppy.

Chain Letters in Local Postoffice Average 400 Daily

Receipts for the last ten days at the local postoffice have been increased about 25 per cent by the chain letter fad, according to employees of the local postoffice the increase amounting to over 400 per day. The high mark was set on Friday when the chain mail comprised nearly half of the day's business. The first of the week interest turned to the \$2 letters handed from hand to hand. Interest in all forms appears to be dropping off, but the business through the postoffice yesterday was still heavy.

BUCHANAN BLUES OPEN SEASON AT BARODA SUNDAY

Home Games of Community League Schedule to be Played on Liberty Heights Field.

Playing under a new set-up, the Buchanan Blues will open the current baseball campaign next Sunday afternoon at Baroda, which will be the opening date for all aggregations entered in the Community League.

The local outfit is made up of young and aggressive performers, who should be able to hold their own in the community league this year. Such stars as Lewie Leiter, Marv Mangold, Everett Deeds, Lewie Sparr, and Dinger Dellenger, will make up the infield. Bob Ellis, Schmidt, and Joe Heiermann will roam the outfield garden, while Glenn Jesse, Danny Topash, Perry Richter and Augie Topash will form the batteries.

From all indications the Buchanan Blues will be one of the outstanding aggregations in the community league this season. Two weeks ago they traveled to Berrien Springs and gave them a sound trouncing by a score of 8-4. Berrien Springs was a member of the Fruit Belt League last year.

The local baseballers will make their home on the Liberty Heights diamond this year, as the diamond has been leased and will be used for hard ball purposes only.

A large following is expected to support the local club. The Blues not only expect their moral support, but financially as well. If enough tickets can be sold, bleachers and a grandstand will be constructed at the diamond.

Admission at the gate will be 25c for adults and children under 16 years of age will be admitted free. So come all and give your home baseball club a real boost.

Rev. Rice Named President of the City Ministers

The Ministers met Tuesday afternoon with Rev. Wanner H. Brunelle to complete further plans for a Vacation Church School for ten days beginning June 10.

An election of officers for the Buchanan Ministerial Association was held, the following being elected:

Rev. Thomas Rice, president; Rev. Paul Carpenter, vice president and Rev. W. F. Boetcher, secretary. These officers will hold office for one year.

H. S. Classes Give Equipment For New Gridiron

Recreation facilities at Athletic Park are being increased this week by the addition of football goal posts, the gift of the class of 1934, a score board which is being built by William Fette, the gift of the class of 1935, and by the installation of a tennis net, the gift of the city. The city is also painting the lines marking the tennis courts.

Director of Bands and Chorus in Northwestern University to Lead Massed Play.

Oh, when you hear the roll of the big bass drum it is then you will know that the bands have come—eight of them, with 250 members, to take part in the annual Berrien County High School Band Festival to be held at the grove southwest of the high school at 7:30 o'clock tonight.

Glenn C. Balmum of the music department of Northwestern University will direct the eight bands in massed playing. Schools represented will be Benton Harbor, St. Joseph, Niles, Berrien Springs, New Buffalo, Three Oaks, Dowagiac and Buchanan. The bands will rehearse in the grove at 2:30 p. m. today, and will parade in the down-town section immediately before the concert.

A feature of the program will be singing by a quartet from Emmanuel Missionary College, with the following personnel: Victor Sabo, first tenor and director; Fremant Buchanan, second tenor; Clark High, first bass; Leonard Wood, second bass. This organization sings regularly over Station WSET, South Bend and is rated as a high class combination.

Waldo To Teach In Chicago School of Osteopathy

Dr. E. T. Waldo, who has been attending classes and clinics at the Chicago College of Osteopathy and the Chicago Osteopathic Hospital each Tuesday for the past several months, has been invited to become a part-time member of the teaching staff in the college during the next academic year. Dr. Waldo will give his Thursday afternoon to the work, assisting senior students in the clinic, his work being in the department of physical diagnosis. Before studying osteopathy, the doctor was a teacher in the high school at Springfield, Ill., and is still very much interested in educational work. This little time taken each week from his practice in Buchanan will, therefore, be a very pleasant diversion for him.

Savoldi and Rudoni Open Refreshment Parlor at Lakeside

John Savoldi and Steve Rudoni have opened a new ice cream parlor and lunch room on U. S. 12 at Lakeside serving Saturday for the first time. Mrs. Savoldi and Mrs. Rudoni will be in charge of the business there. They have a fine large modern stand and report an excellent opening business. Mr. and Mrs. Savoldi were in that business at Three Oaks from 1917 to 1927.

Co-ops to Play N. W. Bears of South Bend, Sun.

The Buchanan Co-ops will play the Northwestern Bears, South Bend, at the Letcher diamond next Sunday afternoon, the game starting at 2:30 p. m.

## WEAK AND SKINNY MEN, WOMEN AND CHILDREN

Saved by new Vitamins of Cod Liver Oil in tasteless tablets.

Pounds of firm healthy flesh instead of bare scraggy bones! New vigor, vim and energy instead of listlessness! Steady, quiet nerves! That is what thousands of people are getting through scientific latest discovery—the Vitamins of Cod Liver Oil concentrated in little sugar coated tablets without any of its horrid, fishy taste or smell.

McCoy's Cod Liver Oil Tablets, they're called! "God Liver Oil in Tablets", and they simply work wonders. A little boy of 3, seriously sick, got well and gained 10 1/2 lbs. in just one month. A girl of thirteen after the same disease, gained 8 lbs. the first week and 2 lbs. each week after. A young mother who could not eat or sleep after baby came got all her health back and gained 10 lbs. in less than a month.

You simply must try McCoy's at once. Remember if you don't gain at least 3 lbs. of firm healthy flesh in a month get your money back. Demand and get McCoy's—the original and genuine God Liver Oil Tablets.

Approved by Good Housekeeping Institute. Refuse all substitutes. Insist on the original McCoy's—there are none better.

## North Buchanan

The reorganizing of the Oronoko Sunday school proved quite an inspiration as twenty-four braved the rain storm on Mother's Day to be there. Mr. and Mrs. Frank Nelson, daughter Dorothy and Lester Kirkendall drove over from Chicago Sunday morning and Mrs. Nelson favored us with a sacred solo. We who have these church interests at heart trust that all in our community will feel they have a part in the S. S. work and encourage us with their presence. There are able teachers and classes for every age. Won't you be there next Sunday?

Mr. and Mrs. A. F. Kann were among those who joined a group of Chicago folks at their summer home on the River road on Sunday for a pot luck dinner honoring the birthday anniversary of E. T. Ber-

Be sure to Drive a Pontiac before buying any car

When a car wins America as quickly as the Pontiac it must have something most buyers want. Drive a Pontiac just once and you'll know it has. The feeling of supersafety you get from the solid steel "Turret-Top" Body by Fisher, triple-sealed hydraulic brakes, and full-weight steadiness is worth Pontiac's low price alone. So is the dependability assured by a Sealed Chassis and Silver-Alloy bearings... Pontiac's sparkling performance and amazing economy... its title of the most beautiful thing on wheels. Go first to your Pontiac dealer and you'll agree, there is no use looking further.

Ruth French made an excellent leader last Sunday night. Twenty-six young people had a splendid party last Thursday night at the farm home of Lyle Young.

A Union Memorial service will be held at the Christian church Sunday evening beginning at 7:30. Veterans of the civil, Spanish American and World war, the auxiliaries, the boy and girl scouts and cubs are invited to attend this patriotic service. Rev. Paul Carpenter will be chairman and Rev. Thomas Rice will be the speaker, his topic will be: "Say It With Swords?"

Morning worship at Oronoko church at 9 a. m. Sunday school at 10 a. m. with Mrs. Frank Kann as superintendent. In spite of the rainy weather last Sunday morning there was a good attendance and a good spirit.

At the ministerial meeting held in the home of Rev. and Mrs. Brunelle the Vacation Church School plan to begin June 10 was approved by the pastors and people of all the churches. Election of officers resulted in the following: President of ministerial association: Rev. Thomas Rice; vice president, Rev. Paul Carpenter; secretary and treasurer, Rev. W. F. Boettcher. The Ladies Aid Society, group 2, are asking all who would like to give paper and magazines, tie them in bundles and leave at the garage of Mr. James Gray on River street. Mrs. Archie Morley is captain of this circle.

The World at Your Elbow

FROM any telephone of this company you can talk not only to localities throughout Michigan, but also to distant cities, ships at sea, many foreign lands—to thirty million telephones distributed all over the world. You can do this because the Michigan Bell Telephone Company is a component part of the Bell System.

In addition to wider service, that relationship enables us to give you better service; for it places at our disposal thousands of valuable patents and the most efficient methods of operation; it secures for us the benefits of constant research by hundreds of scientists in the famous Bell Laboratories, specialists whose only mission year in and year out is to develop means of improving the service—to find "a better thing or a better way." It assures us assistance in financing; it provides us with the world's finest telephone equipment, produced by the Western Electric Company, manufacturing division of the Bell System. It permits us, in short, to share in every progressive step in the evolution of the telephone.

And it enables us to render cheaper service; for all these assets—the fruits of a long-sustained policy of good management—come to us under our contract with American Telephone and Telegraph Company at a cost much lower than would be possible without our association in the Bell System.

America today holds undisputed world supremacy in telephonic communication. That leadership grew out of the facilities and the forward-looking policies of the Bell System. And it is because the Michigan Bell Telephone Company is a part of that system that we are now supplying the people of this State with a service never surpassed in quality, and reaching to most civilized areas of the globe.

News of Buchanan Schools

Collected and Edited By Members of the Student Body

## Ready to Mount Stage—But Where Do They Go From There?

As the last week of school rolls around for the seniors, the underclassmen envy them. They will be through with school for a while, anyway. Some of the seniors have great ambitions and probably will make a success. We hope so!

One thing that the seniors look forward to is to don the cap and gown and march for baccalaureate, taking their places on the stage. Everyone can look at them up there. For two nights they can wear these dignified outfits, and then the glory will be over.

Another problem that is running through the minds of some of them is, "What will I do when I get out of school?" There are lots of things one can do if one searches for it.

Good luck to all of you seniors as you tread the path away from school on your journeys into the wide world!

## Thanks

The faculty, as well as the students, want to thank all the people that contributed furniture or other articles to the play cast.

It was appreciated and also helped to make the play a success.

The World War is being studied by the tenth grade history class. The seniors have finished their work on advanced government.

## Girls to Play Tennis Series Versus Dowagiac

The girls that have signed up to play tennis are: Caroline Hattenbach, Phyllis DeNardo, Vivian Mogford, Caroline Webb, Una Kelley, Marian Miller, Betty Semple, Evelyn Dolph, Catherine Roti, Georgia Upson, Mildred Miller, Shirley Rolan and Frances DiGiacomo.

A tennis match will be held with Dowagiac May 18. On June 2, they will come here for a return match. The games will be played off in two single matches.

Gym classes plan to have a track meet next week to determine individual winners and also class winners. Some of the events to be played off are: shot put, discus throw, softball throw for distance, basket ball throw for distance, running broad jump, high jump, softball target throw, 50 and 75 yard dash, 50 yard low hurdles, and the 220 yard relay.

## EDITORIAL

The Berrien County Band Festival to be held here today, May 15, is an event that can be pointed to with pride by the schools of Berrien County. In reality the band festival is the father of two other Berrien County musical achievements, namely: the Berrien County Orchestra Festival and the Berrien County Glee Club Festival.

To be able to get the co-operation, talent and whole-hearted support of all the schools in Berrien County; and to have all this with less than the usual amount of petty bickering and jealousy, is no mean achievement. There are very few counties that offer to their students such musical opportunities as these.

It is not only an opportunity for students alone. Parents and friends can attend these festivals and listen to and feel the great wielding of harmony and unity of purpose music can bring. There is not an adult person, unless he be ever so blasé, who can listen to the hundreds of youthful voices raised in the harmony of song, and listening, not be lifted above and thrilled beyond his depth. There is not a person who can listen to the rhythmic sighing of violins brought into meaning by young hands, who can listen to the blare of trumpets blown by the breath of youth, and not have the reality come into his heart that the good of these festivals is farther-reaching than can be seen.

As a community then, let the population of Buchanan strive to make this festival, which is to be held on the school grounds, one of the best.

**JOKES IN LAW CLASS**

Tuesday was a day of jokes and funny happenings in law class. Esther Young was given a question on paper which asked: "What is a dormant?" Esther read it, "What is a dormant?" The class roared with laughter at this; but wait, here is one on Holmes and Bachman.

Harold Holmes asked his question to Joe Bachman, which was: "What are the parties to a partnership called?" Joe answered, "I don't know them all." Everyone laughed at Joe, but he didn't seem to catch the joke and still does not know what the joke was.

Soon the class had quieted down and all was peaceful and quiet. Suddenly there was a clatter of books and a big thump. LaVerne Myer had fallen off his chair. Everyone roared with laughter; then all was still again for the rest of the hour.

**ALONG THE CORRIDORS**

Geneva Troutfetter was slightly embarrassed the other day when Mrs. Whitman made her take a back seat for talking. Was her face red?

Evelyn Dolph seems to be quite an old maid; she carries all the necessary equipment in her purse in case of accidents. The other day she was seen taking a needle and spool of thread for Alice Ruth to sew her hose up with. Nice going, Evelyn.

Senior play is over and because of the success, the seniors will go to Chicago.

Won't be long until old E. H. S. will close its doors for the summer vacation. Which will be the happiest, the janitor, the school or the students? I wonder?

**THINGS NOTICED HERE AND THERE**

By Detective Sniff and Snoop The Junior-Senior prom is the next big event of the social year. Ben Franklin's hearing must be a little off. He said that he spelled by sound; and as a disastrous result, he spelled technical "technic." Just a slight misunderstanding, or something like that.

Ink! Anybody got any ink? This is a frequent question heard in journalism class. No one ever has any kind of ink in his pen. It is always dry. So to be well supplied, they have decided that hereafter each year—the class should go together on this ink question and buy a bottle for its use. That's a good idea!

The seniors were given their name cards and now the trading of cards sidetracked all seniors. My, but they are in demand!

**WORK OF THE ALGEBRA CLASS**

The work of the algebra class consisted of simplifying radicals, square root of a fraction, and addition and subtraction of radical expressions.

## Home Economics Classes Will Give Operetta

Miss Negus will present, "Madame Suzanne," an operetta, to the public Wednesday night, May 22. In this way all the garments made by the Home Economics classes will be presented.

Ruth Beardsley will handle the leading role by acting as Madame Sue, and Dorothy Gross will play the part of the French maid. Mrs. Hipenk will be played by Alice Ruth, with Blanche Depyl and Marie Brincy as her daughters, Anne and Lenore. Madame Sue's niece, Eliza Jane, will be taken by Kathryn Wynn.

During the play ten choruses made up of Home Ec classes from eighth grade through tenth, will appear in different models.

Mr. Robinson will direct the music and Miss Lois Boyer will direct the stage entrance of the models. No admission fee will be charged.

LARGE PRIZES OFFERED MICH. H. S. STUDENTS

Free Trip to Washington, \$3,700 in Cash to Students Writing Essays on Better Housing.

Some lucky boy or girl from Michigan may win a glorious trip to Washington—besides \$1,000 in cash and a gold medal.

High school students in Michigan and throughout America are taking part in the better housing essay contest—sponsored by the Federal Housing Administration as "The National Educational Contest."

To qualify as a participant in the state and national finals, each high school, through its superintendent or principal, must fill out a registration card and mail it to the Contest Division, Federal Housing Administration, Washington, D. C.

There will be contests in individual schools, and then a county final. Each county will select its boy champion and its girl champion, and should mail the essay of each to the State Contest Manager not later than May 27.

Each state will select its boy champion and its girl champion, and give each a silver medal. The essays of the state champions, two from each state, will be mailed to Washington to be read by a board of judges who will select therefrom the nation's eight best essays, four by boys and four by girls.

The eight going to Washington will get cash prizes as follows:

Girls: First national prize, \$1,000, second national prize, \$500, third national prize, \$250, fourth national prize, \$100; Boys: first national prize, \$1,000, second, \$500, third, \$250, fourth, \$100.

Each of the eight will also receive a gold medal.

Under appointment by State Director Raymond M. Foley, Miss Muriel A. Bradley is acting as state manager for this contest. Miss Bradley is a former school teacher. She is at the state office of the Federal Housing Administration.

Weberville, Mich., is an example of how communities are participating in this contest. The Better Housing Committee there has a local essay contest under way with about 80 rural school children competing in the 14 rural school districts within trading area of the village.

Senate Passes Patman Bonus Bill in Face of Presidential Veto—Amelia Earhart Makes Another Fine Record Flight.

By EDWARD W. PICKARD

BECAUSE the Patman inflation bonus bill would be easier for the President to veto than the Vinson measure, some of the administration senators joined with the Patman followers to put the former bill through the senate by a vote of 55 to 35.

Previously, for some devious reason, the senators put aside the compromise measure offered by Pat Harrison's committee with the assurance that Mr. Roosevelt would sign it.

That the President would veto the Patman bill was taken as a certainty and it was believed the inflationists could not gather enough votes to override the veto in the senate, though they had enough in the house.

Rather surprisingly, Senator William G. McAdoo of California, a former secretary of the treasury, advocated the Patman bill, asserting that it was "a mere conjecture" that the issue of \$2,200,000,000 in noninterest bearing notes, or greenbacks, would be inflationary.

"We have nothing in the United States today but greenbacks," he said. "Is your money redeemable in gold? Is it redeemable in silver? No. It is redeemable in nothing but the honor and good faith of the American people."

"What constitutes inflation is a matter of conjecture. It is also a mere conjecture that we must have a so-called specie basis. The best proof of that is that, since going off gold, the dollar is as sound as it ever was."

"The issuance of \$2,200,000,000 in new currency would affect the credit of the United States about as much as if I threw a shovelful of sand into the ocean and tried to stop the incoming tide."

Some friends of the measure, after the President indicated he would veto it, decided it might be better to amend it than to lose it entirely. They proposed to give the President the choice of several ways of paying the bonus certificates.

FROM Mexico City to the Metropolitan airport at Newark, N. J., nonstop, 2,100 miles in 14 hours and 22 minutes. That is the new record set up by Amelia Earhart in her red monoplane.

Her husband, George Palmer Putnam, and more than 3,000 other enthusiastic persons were at the airport to welcome her, and she was almost mobbed by the throng.

After her start from Mexico City, Mrs. Putnam was not heard from nor reported seen for more than six hours. Her course took her straight east at first, over the mountain peaks between the Mexican capital and Tampico. She was not seen at the airport, nor was she reported by radio. Observers knew, however, that she expected to be above 10,000 feet as she crossed the shoreline out over the gulf of her 690 mile hop over the water to New Orleans.

Passing over New Orleans, she communicated by radio with the Department of Commerce station there, and then flew swiftly along the airways of American Air Lines and Eastern Air Lines. As she swooped over Hoover airport, Washington, Eugene Vidal, director of the air commerce bureau, radioed: "You have done a splendid job, so come down." But Amelia replied, with thanks for the invitation, that she was going on through. And that is what she did.

"assets" will result in such a scaling down that this country will no longer be a creditor nation and need not act as such. By his recommendation for a review of all our national policies based in whole or in part on our international credit status, Mr. Peek unquestionably means that there will be no further validity to the argument that as a creditor nation we must open our markets to imported goods; and that imports need be only sufficient to balance current exports, taking into consideration such invisible items of international trade as shipping services and tourist expenditures.

All Republican women are urged to be present at this meeting. Reservations may be made direct with the Post Tavern Hotel or with Mrs. Gordon E. Townsend, 644 Goguaac Lake Road, Battle Creek. Tickets are \$1.00 per cover.

Mrs. M. L. Mills Writes Paper on Florida Sponges

Mr. Editor: Since my last contribution to your valuable paper, in which I spoke of our visit to the Tarpon Springs Sponge industry, I have found a little more data as to whether they are plants or animals and this came mostly from E. P. Macrenaris, manager of the Tarpon industry, in his address before the Christian era. They are mentioned in the Bible and frequently referred to in the ancient writings of Greece.

In my last, I told you that Tarpon Springs, Fla., is the center of America's sponge industry, and that it has the greatest sponge exchange in the world. Few Americans have cared to learn this more or less hazardous trade, hence most of the Tarpon Springs divers are Greeks. Now, before I tell you a little more of this work of these divers, I think you will be interested to know that a sponge is considered a fish. (This is since the NRA). The Greek name for sponge is zoofiton, which means part plant and part animal, leaving the question of classification still undecided. When the NRA sponge fishing code was first set up, the officials responsible for it, were going to include sponges in the agricultural classification, but the "animal" in zoofiton, scared them away from this, and so they compromised, and made the sponge a "fish." We wonder, is it now a "fish bath," or a "sponge bath" we take?

But of much more importance than the quibbling as to whether the sponge is an animal, a plant, or a fish, is the fact that all of us should be thankful to these brave divers who go down to the ocean floor to get them for us. There is no substitute for the sponge, and the demand is equal to the production. As a matter of fact the packing houses are usually shut down after a "catch" is disposed of, until boats come in again.

Unlike any other saleable commodity that is a product of nature, and not manufactured, the sponge is not an annual such as wheat, cotton, fruit and vegetables.

Sponge fishing goes on the year round, except during severe storms when the boats run into port for protection. The earliest known sponges came from the waters of the Mediterranean and their usefulness has been proverbial, resulting in the starting of an industry here, which has continued up to the present time. Sponges really are only the skeleton structure, left after the pulp constituting the body has been removed.

This is easily done by aid of sun and water. He says his grandfather fished with a harpoon in water five to thirty feet deep, depending on the smoothness of the water.

When ripples occurred making it difficult, they threw a mixture of sand, water and oil, on the water ahead of the boat. Sand could be thrown fifty feet, giving time for the oil to spread. Then the glass bottomed bucket came into use. This is held in the left hand and lowered into the water, thus giving a clear view of the sea bottom, no matter how rough the surface.

With the right hand he hooks sponges on the sea bottom. When it became known that better sponges grew at greater depths, skin diving came into vogue. The diver using a heavy rope and stone, these divers could operate at a depth of two hundred feet, remaining under water three or four minutes.

The same rope was also used as a life-line, which the diver could signal his desire to come to the surface. About sixty years ago divers' suits were introduced, thus enabling the diver to remain under water four or five hours.

The crew, other than the divers, consists of a captain, engineer, lifeline tender, cook and two or more deck hands. As bags of sponges are hauled on board, the pulp or animal matter is squeezed out by the feet. They are then strung on twine and hung in the sun and during the night are thrown overboard, so that the water may complete the cleaning. The skin is then removed by a knife. What is left is called the sponge.

Mr. Macrenaris says a sponge is really an animal, and that it reproduces itself by throwing off spores. These spores are practically invisible, but they float around, until they attach themselves to some hard substance. Their growth is very slow at first, then they enlarge at the rate of 1-3 of an inch a month, until they have attained a diameter of five inches, this being the limit fixed by Uncle Sam. These Greek holdings were assessed one hundred thousand dollars last year.

The above is for readers who are scientifically minded. I plan to find something more entertaining for the socially minded in my next article.

Berrien-Cass Area Must Raise \$8,500 for Scouts

That "boys will be boys" is an old adage, and it is equally true that men will be men, and the kind of men they will be depends upon the kind of training they have had as boys.

In other words, the boys of today are the men of tomorrow, and they will be better men and better citizens if they have training that will develop the best that is in them. That is where Boy Scouting comes in. It provides an outlet for the natural activity of boys, under trained supervision, by men who seek to build character into boys.

The very fact that a boy can progress in Scouting only as he learns the lessons provided for him and completes the projects which he undertakes, makes for the building of character and the forming of right habits, and it is the observation of all Scout workers that the longer a boy is engaged in Scouting the better it is for him.

Every community should have one or more Scout troops, and usually the only reason they do not have them is because of a lack of leadership and of funds. Leadership has been found for them in this Area, but the task remains to find the funds.

The Area must raise a minimum of \$8,500, and this amount has been apportioned as fairly as possible to the various communities where Scouting is carried on. There is only one way to raise this money and that is by voluntary contribution, and the people of this community will soon be asked to contribute money for the work.

Do not wait until you are approached, but give the matter your serious thought now and be prepared to make your contribution to this splendid work for boys.

M. L. Mills.

The Health Officer Speaks

The people of this state are indeed fortunate in having a wide-awake State Health Department, which maintains an up-to-date supply of biologicals furnished to its physicians to maintain the health in their locality.

The health department is especially interested in the preventive side of medicine. In the last 80 years medicine has developed into a science where cold facts and common sense take the place of the lack of knowledge, superstitions, etc.

The development of the prevention of disease has been one of the high lights in this quest for medical progress.

With the immunization of children against diphtheria the medical profession has accomplished an inestimable amount of good. But still more can be done. And that is the purpose of this article. If you have a small child, and have read the literature that was enclosed with that child's birth certificate, then you know that a child becomes susceptible to diphtheria at about six months of age, that he is relatively immune before that time; and you know that he can be protected for life against diphtheria by a single hypodermic injection given him by your family physician.

It is the hope of the health department to completely stamp out diphtheria. This can only be accomplished by immunizing every child at about six months of age. Eventually it may be a law, so that every child, just as he must go through that little ordeal of having drops put in his eyes at the time of his birth to prevent eye infection, must, when he becomes six months of age, go through another little adventure, the injection of diphtheria toxoid.

Glow Worm Grotto The New Zealand Glow Worm Grotto is one of the strangest sights. On the ceilings of the vast, gloomy underground caverns twinkle millions of little lights. Their illumination is sufficient to light up the interior, making the place almost as bright as a ballroom.

Former Portage Prairie Resident Dies in Nebraska

Word was received here yesterday by Mrs. Wm. Eisele, Portage Prairie, of the death of her uncle, H. E. Moyer, who passed away the previous evening at his home at Hooper, Nebr. He was for many years a resident of Portage Prairie, leaving for Nebraska about 40 years ago. He is survived by his widow, who was formerly a daughter of Ellen Cauffman, a sister of H. I. Cauffman, Pierce Cauffman and Jacob Cauffman of Buchanan. Two children also survive, Mrs. Arthur Schuler of Julesburg, Colo., and Jacob Moyer of Genoa, Nebr.; also six grandchildren.
