

# DESERT SCOUT CAMP ACC'T BAD WATER

## Miller Circus to Present Scout Benefit at Clark Theatre Saturday

### Now Here's the Proposition

When the Bees are in the Basswood  
When the bees are in the basswood  
and the tulip tree's in bloom  
(It is good to be in Michigan and  
nowhere else I'd be)  
And summer weaves her tapestries  
upon a farflung loom  
(In a land that's good to live in  
and is fairer yet to see)  
When June is in the meadow and  
the land is green with rain  
You can find no fairer vistas from  
the Golden Gate to Maine,  
Seems like every flowery wayside  
has a rendezvous with life,  
Every glade is white with haw-  
thorn, every hedge with song  
is rife,  
Every hill is crowned with verdure,  
every lake is blue—and hush!  
Fairy horns are in the forest, or  
perhaps it is the thrush.  
Stay your feet, oh flying seasons,  
in your onward progress be  
Like lazy-flowing river, shimmer-  
ing slowly to the sea,  
While the yellow tulip candles  
light the golden woodland gloom  
When the bees are in the basswood  
and the tulip tree's in bloom.  
BEE HAWS

If anybody thinks that the peo-  
ple of Buchanan are not capable of  
swift and enthusiastic action, just  
let him stick about until a fire  
whistle blows. Yesterday morning  
somebody was pinch-hitting down  
at the water works who had his  
watch set on slow time, and he for-  
got and blew the 7 o'clock whistle  
at 8. You should have seen people  
going to the fire.

It Was a Rainy Afternoon  
In Peoria  
Rains and weddings are the high  
notes of the past week. It re-  
minds us of the old story of the  
actress who got married and who  
was called on to explain. "It was  
like this," she explained, "It was  
a rainy afternoon in Peoria and there  
was nothing else to do."

Next  
One of the more or less promi-  
nent Third street gardeners is  
having green peas from his garden  
this week.

Housing Problem  
We understand there is a very  
special housing problem in Buchan-  
an that is something like this. A.  
B. C. D. E. and F. are all going to  
move into each others' houses. A.  
is going to move into B's house, B.  
into C's, C. into D's, D. into E's, E.  
into F's and F. into A's, completing  
the circle. But nobody can move  
until somebody else moves.

Hist! Don't Tell a Soul!  
This is a strictly private tip—it's  
gonna be well worth your while to  
attend the Miller shows at the  
Clark theatre either in the after-  
noon or evening or both. Reason, a  
main number will be the appear-  
ance of the celebrated Miss Sally  
Fan in her famous Rand dance. We  
get it straight that this is to be a  
bonafide performance. Fans will be  
furnished by Lowell Swem. You'll  
want to be there. Don't write—  
wire! Don't walk—run.

### Warmer Weather Checks Inroads Cutworm Menace

The inroads of cutworms in to-  
mato fields and gardens has been  
checked this week by the combined  
efforts of the growers and the  
weather man. The heaviest loss  
reported was 10 acres of tomato  
plants on the farm of William New-  
itt, south of Dayton, which were  
planted on sod and were entirely  
destroyed.

Robert Willard left Monday for  
Fitzgerald, Ga., to spend several  
weeks as the guest of Ralph  
Thompson, formerly of this city.  
Edward Backus, Baroda, employ-  
ed locally, incurred a painful in-  
jury when a piece from a hot steel  
casting flew in his left eye Mon-  
day. The sight will not be affect-  
ed.

### PERFORMANCE IN AFTERNOON AND EVENING

Last Year's Show Intact with  
Added Numbers Insure Fine  
Program Entertainment.

The Miller Circus, with the or-  
ganization of last year practically  
intact and strengthened by a num-  
ber of new performers, will present  
its 1935 show at the Clark theatre  
Saturday afternoon and evening,  
beginning at 2 p. m. and 7:30 p. m.  
proceeds going to a fund to pay  
the expenses of the representa-  
tives of Scout Troop 80 to the Na-  
tional Jamboree in August.  
This organization of juvenile en-  
tertainment stars has made a hit  
with the local public in the past  
two years, attracting crowds to  
their shows presented in the yard  
of the Frank Miller home and at  
the Clark picnic at Berrien  
Springs. This is the first indoor  
showing. Admission will be 10c for  
adults and 5c for children up to  
the age of 15 years. Seats may be re-  
served at the Glenn Smith store at  
an additional charge of 5 cents.  
The program will be as follows:  
Ship Ahoy, Elaine Blaney, Bar-  
bara Swartz and Nancy Jean  
Schlecht.  
Reading, Willa Mae Miller.  
"Try Some" by Gwendolyn Thrie.  
"Let 'Er Buck," Buddy Mills.  
Performance by John Fuls and  
his Wonder Dog, Toby.  
"The Good Ship Lollypop," Willa  
Mae Miller, Betty Donley, Lella  
Snodgrass, Gay Vanderberg, Janet  
Hasett, Bobby Miller and Pazer  
Cherne.  
Magic by Prof. Thurston, the  
Prestidigitator, by John Fuls.  
Reading by Gay Vanderberg.  
"A Surprise."  
"Hands Across the Table" by  
Lella Snodgrass.  
"Kicks and Tricks" by Mildred  
Miller.  
Closing scene by Scouts.  
George Riley is manager. Miss  
Mildred Miller is director and is in  
charge of costumes. Jimmy King  
will be band leader. Josephine  
Kelley will act as pianist.

### Non-Resident H. S. Tuition May Be Paid by State

Under the provisions of the  
Thatcher-Saur school aid measure,  
the state will pay the tuition costs  
of all non-resident pupils in ap-  
proved high schools. While the first  
payment of tuition by the state  
will be for the school year 1935-36,  
the total amount of tuition aid will  
be computed on the number of non-  
resident children enrolled during  
the school year 1934-35. The act  
proposes that the state will pay  
tuition costs to the receiving high  
schools at the rate of \$65 per child.  
Corollary with the state aid  
measure, House Bill 563 passed by  
the Legislature, now before the  
Governor for approval, repeals the  
mandatory requirements that  
boards of education must pay tuition  
up to \$60 for all children  
within the district eligible to go to  
an approved high school and who  
have made application before the  
fourth Monday in July. In view of  
this provision, tuition payment  
blanks will not be sent to county  
commissioners and superintendents  
of schools. Special blanks for re-  
porting non-resident high school  
pupils for the current year are  
being sent to high school districts.  
In cases where the tuition is  
more than \$65 per child, the new  
proposal provides that parents or  
guardians shall make written ap-  
plication on or before the second  
Monday in July and the board may,  
upon vote of the district, pay such  
tuition in excess of \$65 from the  
general fund to an approved high  
school. While this requirement  
provides that written application  
must be made wherever districts  
vote to pay high school tuition in  
excess of \$65, special blanks will  
not be provided for the purpose of  
the Department.

Ed Freeburn and daughter, Mrs.  
Charles Morgan and daughter  
of South Bend spent Monday at the  
home of Mrs. Mary Jane Mitchell.

### Funeral Rites Are Held for Mrs. Mae Fydel Treat

Mae Fydel Treat, resident of  
Buchanan for 40 years, died at her  
home at 119 Charles Court Thurs-  
day afternoon, June 13, at 4 p. m.  
She was born in Kalamazoo, the  
daughter of Charles and Mary  
Hike Fydel. She came to Buchan-  
an from that city in 1895. She was  
married in 1918 to Frank Treat,  
who survives. She is also survived  
by a sister, Mona Fydel, Buchan-  
an, and by a step-son, Clyde R.  
Treat, Buena Park, Calif. She was  
affiliated with the Christian Sci-  
ence church of this city.  
The funeral was held at 4 p. m.,  
Sunday from the Swem Funeral  
Home, with Mrs. Howard Roe ac-  
ting as reader. Mrs. Will Beards-  
ley sang. Burial was made in  
Oak Ridge.

### 17 SCOUTS SELECTED FOR NAT. JAMBOREE

Other Troops Will Make Their  
Selections in the Near  
Future.

Seventeen outstanding Scouts of  
the Council have been selected by  
their troops to represent the troops  
in their National Jamboree at  
Washington in August. Those thus  
far selected are: Dale Lyon and  
Melvin Campbell of Buchanan;  
Robert Rahn of St. Joseph; Fran-  
cis Sopher, David Oughton, Clare  
Lee and Brooks Thomas of Do-  
wagiac; George Barnes of Niles;  
James Hoover of Benton Harbor;  
Charles Kramer and Edward Drier  
Jr., Three Oaks; Ralph Cook,  
of Lakeside; John Buggy, St. Joseph;  
Edward Pascoe, Buchanan. Troop  
No. 3, Benton Harbor and Troop  
No. 3, St. Joseph, will each have a  
second delegate and have raised suf-  
ficient funds to take care of their  
selections but have not as yet an-  
nounced their representatives.

The troops in making these se-  
lections did so on the merits of  
each Scout, and within the next  
two weeks the balance of the troop  
will be chosen.  
Leo Slate of Buchanan, Scout-  
master of Troop 41, has been chosen  
by the Jamboree Committee as  
one of the leaders of the troop  
that will make up the Council  
contingent.

Scouts attending the Jamboree  
will have the great privilege of  
meeting the delegations of Scouts  
from many foreign countries. Pres-  
ident Roosevelt will also review the  
entire camp and will enter into  
some of the festivities during the  
ten days the Scouts are in camp.  
He will attend the camp fire where  
30,000 Scouts will watch the vari-  
ous Regionals put on their ex-  
hibits, in pageants that will sur-  
pass anything of its kind ever  
planned for boys. It has been an-  
nounced that it will take 5,000  
quarts of ice cream for just one  
Sunday dinner, 70,000 eggs for one  
breakfast, and 100,000 pancakes to  
satisfy the camp for one meal!  
The camp will also present a pic-  
ture that no Indian or pioneer in  
all American history ever saw;  
dozens of Indian camps, log houses  
and lodges, block houses and fort-  
resses. Hopi villages, lean-toos  
and covered wagons, a panorama  
of the whole camping heritage of  
America as it has come down to us  
through the years. These Scouts  
will be lucky to have had the priv-  
ilege of passing through this most  
memorable, most stupendous, en-  
campment ever conceived for the  
youth of America.

### Fred J. Richter Dayton Postmaster

Fred Richter, who has been the  
acting postmaster at the Dayton  
post office since March 16, 1934,  
received his certificate of appoint-  
ment as postmaster this week.  
Mr. Richter took charge of the  
post office a year ago last Febru-  
ary after Warren D. Jones, the  
former acting postmaster had sent  
in his resignation and moved to  
Indiana.

### VACATION CHURCH SCHOOL TO HOLD CLOSING PROGRAM

Demonstration of Work at H.  
S. Sunday Evening; Picnic  
Friday at Clear Lake.

Sessions of the Vacation Church  
School which began at the Church  
of Christ Monday, June 9, under  
the direction of Rev. Thomas Rice,  
and a staff of teachers from the  
Presbyterian, Methodist, Church of  
Christ, Evangelical and L. D. S.  
churches, will close at 11:30 a. m.,  
Friday, with a picnic that after-  
noon and a program and demon-  
stration of work at the high school  
auditorium Sunday evening.  
The program in the high school  
auditorium will begin at 8 p. m.,  
but parents of the children and  
others interested may come earlier  
to view the specimens of work on  
display.

The pupils will meet at the  
Church of Christ at 1 p. m. Friday  
for a rehearsal of the Sunday eve-  
ning program, following which  
they will be taken to Clear Lake  
for a pot luck supper and evening  
of games and entertainment. The  
parents of the children are cordi-  
ally invited to attend this picnic.  
Rev. Rice stated that the school  
is especially indebted to Supt. H. C.  
Stark for his co-operation through-  
out. Miss Mayme Proseus, FERA  
director of children's recreation at  
Kathryn Park, was allowed by  
Stark to supervise the play periods  
of the children.

### Orchard Hills Golfers Drub Sturgis 40-14

Orchard Hills Country Club golf  
players defeated the Klinger Lake  
Country Club of Sturgis, at the  
Klinger Lake course Sunday by a  
score of 40 to 14. The best scores  
turned in were made by Cy Funk  
and Casper Grathwohl whose 74  
took measure of the opposition,  
low handicap man, Jim VanHorn  
Jr., Grathwohl winning two points  
and losing one. Funk played 76  
after taking an 8 on No. 6 hole  
making his match score exception-  
ally strong, winning three points  
and losing none. Dinner was  
served at the club house early in  
the afternoon.

Owing to the fact that the local  
players out-numbered the visitors  
it was impossible to make complete  
pairings. On that account three  
Orchard Hills members, Earl Goon,  
George Deming and Jack Rose,  
played for the Klinger lake team  
while a foursome composed of Ed.  
McGinn, Carl Frazee, Paul Thayer  
and Malcolm Hull played their 18  
holes without opponents.

The results of the other matches  
were as follows:  
Klinger Lake—R. Curtis, 0; Mee-  
han, 0; Donnellan, 0; Probst, 0;  
Guy Kirsh, 0; Persing, 0; Deming,  
2; Bud Harter, 2; VanHorn, Sr., 1;  
Bolton, 0; Bothwell, 0; Hancock,  
2; Palmer, 0; Keveres, 1; Monta-  
gue, 0; Earl Goon, 0; VanHorn, Jr.,  
1; Evan Harter, 2; John Kirsh, 3;  
VanBuren, 0; Rose, 0; totals, 14.  
Orchard Hills—E. M. Bigelow, 3;  
Ed Drake, 2; H. L. Owens, 3; L.  
H. Hamilton, 3; Cy Funk, 3; Van-  
denburg, 3; Webb, 0; C. T. Johnson,  
0; Harold Hanlin, 2; Dave Lowe, 2;  
Joe Hess, 2; Carrigan, 0; Bob Wat-  
erson, 3; Tom Stoyie, 2; Phil Had-  
sell, 3; B. W. Sheets, 2; Cap Grath-  
wohl, 2; Frank French, 0; L. E.  
Stevens, 0; Lester Lyon, 3; Tucker,  
2; totals, 40.

### New Equipment at Postal Telegraph

The Postal Telegraph company is  
installing complete modern tele-  
graph equipment for its local of-  
fice at 232 East Front street, to  
which it moved several weeks ago  
from Days Avenue.

NOTICE TO TAXPAYERS  
I will be at the city hall for the  
collection of 1935 City Taxes from  
Monday, July 1st, 1935, until fur-  
ther notice.  
Ada Dacy-Sanders,  
City Treasurer.

### Roti Roti Sells Shoe Repair Dept. to Nathan Levin

Joseph Roti Roti has sold his re-  
pair department equipment to  
Nathan Levin, Chicago, who will  
open up for business the first of  
the week in the room in the E. H.  
Murphy building adjoining his bar-  
ber shop on the east.  
Mr. Roti Roti will continue to  
sell fine footwear and to furnish  
foot comfort service at his present  
location, but plans to move to a  
front street location.  
Mr. Levin plans to bring his wife  
and two daughters, age 14 and 16,  
here soon.

### WORKS PROGRAM OF \$20,600,000 FOR MICHIGAN

\$7,600,000 to be in Federal  
Aid Projects with State  
Matching U. S.

State Highway Commissioner,  
Murray D. Van Wagoner has drafted  
a public works construction pro-  
gram of \$20,600,000 for Michigan  
highways and railroad grade separ-  
ations.

The new program to be rushed to  
Washington for Federal approval  
includes \$13,000,000 in a work re-  
lief Federal grant and \$7,600,000 in  
Federal aid projects. The latter  
will be expended on a matched-  
fund basis under the state law with  
the Federal government and the  
state furnishing \$3,800,000 each.

The new program was drafted  
during an all-night session Wed-  
nesday of Commissioner Van Wag-  
oner and his staff. It was whip-  
ped into shape less than twelve  
hours after the commissioner and  
Varnum Steinbaugh, deputy com-  
missioner and road engineer, re-  
turned from Washington by air-  
plane where they received long-  
awaited Federal regulations. Im-  
mediate action was possible be-  
cause the commissioner had anti-  
cipated general provisions of the  
program two months ago and had  
expanded his drafting forces.

Significant features of the new  
program mean:

1. Expenditure of Federal funds  
on county roads for the first time.
2. General exclusion of highway  
construction projects in munic-  
ipalities under the works relief  
phase of the program.
3. Probabilities that much of the  
road construction fund will be used  
at this time for grading with sur-  
facing to be applied later under the  
Federal aid program.
4. Selection of projects requiring  
90 per cent relief labor.
5. Expenditure of the \$7,600,000  
of Federal aid money under the  
state law. This requires that 50  
per cent of the fund be allocated  
below Town Line 12 (south of the  
city of Saginaw, east and west),  
25 per cent above this line, and 25  
per cent in the Upper Peninsula.
6. A division of the \$13,000,000  
work relief grant into \$6,300,000  
for roads and \$6,700,000 for rail-  
road grade separations.

Commissioner VanWagoner said  
he hoped to start advertising for  
bids under the new program with-  
in two weeks after final Federal  
approval.

County roads are brought into  
the Federal relief picture for the  
first time. New regulations re-  
quire that 75 per cent of the road  
fund shall be expended on state  
and Federal aid trunklines and 25  
per cent on county roads. Com-  
missioner Van Wagoner hopes to  
build low-cost oil aggregate sur-  
faces that are dust proof on coun-  
ty roads.

Labor requirements preclude any  
general trunkline street develop-  
ment through municipalities. The  
only type of road projects avail-  
able in the cities is surfacing. Cost  
of materials and equipment, how-  
ever, will prevent surfacing pro-  
jects to qualify under the works  
relief program. City streets, on  
the other hand, will qualify under  
the Federal aid phase of the pro-  
gram.

Grade separation projects may  
be selected without limitation as to  
location except that not less than

### 12 BUCHANANITES ATTEND CHICAGO- BUCHANAN PICNIC

Meet Near West Lagoon in  
Lincoln Park, With Claude  
Roe Present Again.

The following interesting account  
of the annual Chicago-Buchanan  
Society picnic held at Lincoln  
Park, Chicago, Saturday, was  
written for the Record by Mrs.  
W. R. Tuttle:  
Repeating her cold reception to  
the Buchanan pilgrims of a year  
ago, Nature put on "a perfect day  
in June" for the annual Chicago-  
Buchanan picnic held at Lincoln  
Park, Chicago, June 15, 1935.

After a bit of wandering about  
the landscape on the part of a  
few who had difficulty in locating  
the "Rustic Cottage," as the slight-  
ly disgruntled park cop designated  
it, the clans gathered on the top  
of a hill overlooking the west la-  
goon. From this vantage point,  
the hungrier portion (largely male)  
could watch the slowly setting sun  
until the angle of reflection should  
indicate it was the proper time to  
eat.

And such a reunion and such a  
chattering, breaking forth anew  
with each new group of arrivals,  
who had struggled bravely over the  
top with heavily laden baskets!  
The climax came with the arrival  
of the Old Home Guard from Bu-  
chanan: Mrs. Ella French, Mrs. W.  
F. Runner, Kit Kingery, Elsie Sel-  
lers, Kittie Wells Montague, Ethel  
Wells Smith, Blanche Wells McIn-  
tosh, Susie Curtiss, Ray Rough,  
Ethel Richards, Bernice Mead Al-  
len and daughter, Kathryn and  
Mrs. Georgia Church Howe of Kal-  
amazoo.

Chicago, Oak Park and Evanston  
were represented by John and Mrs.  
Butler, Henry Grover, Harry and  
Mrs. Grover and son, Barney Ry-  
nearson, Ida Rynearson Dudman,  
Fred and Winifred Noble Setchell,  
Floyd and Fannie Mead Near,  
Leigh and Mrs. Mead, Clarence  
and Lulu Morris Milner, Wm. and  
Eva Morris Downs, George and  
Mrs. French, Mrs. Mae Edwards,  
Claude Roe, Rose Howe, Jennie  
Churchill Krassa, Mrs. Hawks, Mar-  
garet Wilson, Lulu Broesus Dut-  
ton and two children, Jack and  
Mary Lou, Mrs. Louis Runner,  
William and Pet Beardsley Tuttle.  
Old scenes were recalled, old  
stories retold, slightly older faces  
identified and new ones introduced.  
The older members were very glad  
to have Claude Roe, a former pres-  
ident, back again after his long  
illness.

What shall we say about the food?  
What more can we say than that  
it was the acme of Buchanan culi-  
nary art, past and present, and  
that means perfect.

### Richard Schram Reappointed as Aviation Teacher

Announcement has been made by  
the Michigan Department of Aero-  
nautics that Richard Schram will  
continue as instructor in the Niles  
Ground School during the present  
summer and next year. The class  
is open for new members without  
fee. The class is now engaged in  
building new wings on a glider and  
recovering it preparatory for flights.

Attend Valparaiso  
Univ. Commencement

Mr. and Mrs. Emil Rossow and  
sons motored to Valparaiso, Ind.,  
in the past week to attend the  
commencement exercises of Val-  
paraiso University. The former's  
nephew, Daniel Kneuppel, was one  
of thirteen honor students in the  
graduating class. Next fall he will  
enter St. Louis Academy to qual-  
ify for the ministry.  
Others attending from Buchanan  
were Mrs. Emma Rossow and her  
daughter, Elda and son, Carl, Mrs.  
B. Kingery and son, Mrs. Fred Ros-  
sow, Mr. and Mrs. August Nehring  
and daughter and Mr. and Mrs.  
Walter Nehring.

### Granges Hold Joint Meeting, Gavel Ceremony

Members of the Mt. Tabor and  
Berrien Center Granges to the  
number of 75 met at the former  
grange hall Friday evening for a  
fine program of old-fashioned en-  
tertainment provided by the latter  
grange, followed by a feast of  
strawberries, cream, cookies and  
coffee.  
Featuring the program was the  
presentation by Grange Master G.  
M. Blanchard of Berrien Center of  
the "traveling gavel" to Grange  
Master Shafer of the Mt. Tabor  
grange. This gavel will be taken  
to the Wagner Grange by the Mt.  
Tabor grange, and thence to the  
Portage Prairie grange, completing  
the circuit of all the Berrien Coun-  
ty Pomona granges in the year.

### Appoint Farm Debt Committee For Berrien Co.

Appointment of a Farm Debt  
Advisory Committee for Berrien  
County was announced this week  
by Governor Frank D. Fitzgerald.  
The county committee will co-op-  
erate with the Michigan Agricul-  
tural Advisory Credit Committee in  
an effort to solve farm debt prob-  
lems.

J. E. Killian of St. Joseph has  
been designated by the Governor to  
act as secretary of the committee.  
Other members are Theo Katzbach  
of Bridgman and James Richards  
of Eau Claire.

The governor has asked the com-  
mittee to meet at once in order  
that the program of farm debt ad-  
justment can get under way as  
soon as possible.

The debt adjustment work is  
being conducted in co-operation  
with the rural rehabilitation pro-  
gram of the FERA. James F.  
Thomson, Commissioner of Agri-  
culture, is chairman of the Advi-  
sory Credit Committee. C. H.  
Wright is executive secretary with  
offices in the State Department of  
Agriculture, Lansing.

### Doak Improves And Insulates Terre Coupe Home

A large force of workers is en-  
gaged in altering and adding to  
the beautiful home on Terre Coupe  
Road recently sold by Ray Babcock  
to R. E. Doak, Chicago.

Four more rooms were added  
the second story, making ten  
rooms in all and the entire interior  
is being plastered and new plum-  
bing installed. Among the many  
improvements being made is the  
installation of rock wool insulation  
between the siding and the plaster  
to air-condition the home. A force  
of men from the Home Insulation  
company, approved contractors for  
the Johns-Manville company, is en-  
gaged in the installation this week,  
having recently opened an office in  
Benton Harbor, with Simeon B.  
Cook as district manager, with of-  
fices in the People's Building &  
Loan in that city.

Mr. Doak stated that he had  
been assured a fuel saving of 35%  
in winter by the rock wool installa-  
tion, as well as heat comfort dur-  
ing the summer. The insulation af-  
forded by the rock wool has been  
found under test to equal that of  
an 11-foot stone wall.

### Attend Valparaiso Univ. Commencement

Mr. and Mrs. Emil Rossow and

### AURORA SCOUTS WILL ABANDON BLACKHAWK CAMP

Beautiful Camp Installed at  
Cost \$20,000 will be Idle  
Until Contamination is  
Removed.

Blackhawk Camp, summer head-  
quarters for Boy Scouts of Aurora,  
a suburb of Chicago, has been defi-  
nitely condemned by the physi-  
cians on the Aurora Scout Council  
and will not be used until action is  
secured to abolish the menace of  
high sewage content in the St. Jo-  
seph river, according to Scout  
Master J. M. Guest, who was in  
Buchanan Tuesday with a contin-  
gent of his Scout leaders truck-  
ing out the camp equipment.

Guest stated that three tests  
had been made in the past spring  
of the water of the river and that  
all of them had revealed an alarm-  
ingly high count of colon bacilli,  
constituting a distinct menace. The  
test was made on account of an  
epidemic of illness which swept the  
camp during a short period of oc-  
cupancy last summer. Parents and  
other relatives of the boys motored  
out from Aurora on a Sunday  
designated as "Visitors' Day" to  
find fourteen Scouts ill in the hos-  
pital tent of a complaint ascribed  
to contaminated river water.

As a result, Guest stated, the  
council has arranged to install a  
temporary camp near Aurora and  
will not use the Blackhawk camp  
until the menace of sewage is re-  
moved from the river.

The beautiful camp, erected in  
1928 at a cost of \$20,000 will lie  
deserted in the meantime. During  
the summers of 1928 and 1929 the  
income of the camp from Scout  
fees averaged \$4500 per year, most  
of which was spent on food and  
other living expenses.

### Marvin Gross Wins 4th Honor from Am. Conservatory Music

Announcement has been made of  
the award of a scholarship in the  
American Conservatory of Music,  
Chicago, to Marvin Gross, the  
scholarship being given to the  
student ranking highest in the  
junior piano class of the college  
course.

During his study at the Ameri-  
can Conservatory, Gross has been  
awarded one gold medal and three  
scholarships. He is a pupil of  
Mabel Webster Osmer and Josef  
Levine. Previously he studied  
with Louis Elbel, South Bend, and  
with Mrs. W. A. Rice, Buchanan.

### Canvass Uncovers \$27,000,000 House Needs in Michigan

More than two million of dollars  
worth of additional modernization  
necessary in Michigan—some of it  
now actually underway, some  
scheduled for this spring and sum-  
mer, has been uncovered in house-  
to-house canvasses made during the  
last week, according to a report  
filed by communities with Ray-  
mond M. Foley, state director of  
the Federal Housing Administration.

While Detroit led with \$620,531,  
Flint was not far behind with  
\$419,658. Benton Harbor's show-  
ing of \$175,000 was considered  
surprisingly good, considering its  
size, as was that of Monroe which  
disclosed slightly in excess of  
\$100,000.

Total modernization needs thus  
far indicated by the house-to-house  
canvasses is \$27,044,295, the Michi-  
gan report shows. Prospects for  
this amount of remodeling were  
turned over to salesmen to follow  
up.

This represents 68,381 present or  
prospective repair or improvement  
jobs spread over more than 500  
Michigan communities and on  
farms. A total of more than a  
quarter of a million home owners  
or tenants have been visited.  
As this construction works gets  
under way, reports from one com-  
munity after another tell of men  
going back into private employ-  
ment, who have been on public re-  
lief rolls.

6. Authorizes the payment by the Administrator of interest on mortgages insured under Title 11 from the date of institution of foreclosure proceedings.

This amendment is expected to increase substantially the volume of business which will be done under Title 11, particularly in the heavy equipment and machinery field.

The new \$50,000 limit does not apply in the case of single family homes or farm dwellings. The limit on loans for altering, repairing and improving property of this type remains at \$2,000.

Nor does the \$50,000 limit extend to certain other classes of property. It applies under the wording of the amendment only to the following:

Apartments  
Multiple family houses  
Hotels  
Office buildings  
Hospitals  
Orphanages  
Colleges  
Schools  
Manufacturing plants  
Industrial plants

The amendment permits loans up to \$50,000 for the purpose of financing repairs, alterations, or improvements on any of the above types of property, or for the purpose of converting any type of property into any of the above types of property. It permits, also, and this is most important, loans up to \$50,000 to finance the purchase and installation of such new equipment and machinery, with or without any structural changes in the buildings, as is peculiarly adapted to the business conducted therein, or necessary to the operation thereof.

No mention is made in the amendment of farm property. It has been ruled, therefore, that the \$2,000 limit still applies with respect to farm dwellings, and with respect to farm property other than that used for dwelling purposes unless it can be classed as commercial or industrial property. Since most farm property cannot be classed as commercial or industrial, it will be necessary to submit to Washington, for approval, all applications for loans on farm property exceeding \$2,000.

In VACATIONS, as in all pleasures, tastes vary widely; but no matter what your secret dream of a vacation be, you can find that private paradise within the borders of your native State.

Would you whip a crystal stream for trout? In Michigan you may choose among many sites, following rippling shallows and probing limpid pools where you thrill to that sudden tugging at your line.

Would you tour by motor? The highways of Michigan are among the finest in the world—roads of romance that lead through shaded valleys, over hills from which unfolds a view of distant water, or picturesque sand dunes, or the forest where the deer and beaver live.

Would you spend your time playing golf? In every part of Michigan there is a course that awaits your coming.

Do you like canoeing, sailing, boating? Then you can make your choice among Michigan's five thousand lakes—whether you prefer one like a mill-pond in which you may paddle along a pine-fringed bank, or one in which your sail or motor will give you the freedom of a sparkling inland sea.

Spend your own vacation in Michigan. Call its unsurpassed facilities to the attention of your out-of-State friends. By doing so, you will assist them toward a happier holiday. In addition, you will help to promote the popularity and prosperity of your native State.

It is for the purpose of doing our share in this promotion that this series of advertisements is being published by the Michigan Bell Telephone Company, a Michigan organization that prospers only as the citizens of Michigan prosper.

## Motorcycle Cops Patrol Roads In Berrien Co.

Richard R. Wentland of St. Joseph has gone to work as motorcycle deputy for Sheriff Charles L. Miller.

He will work with Deputy Clarence Dunbar, Buchanan, who has been patrolling the highways as traffic officer since May 15. Both will be on duty until Sept. 15.

Appointment of the two motorcycle deputies was sanctioned by the county board of supervisors at its April session.

## Supervisors To Meet on Monday, June 24

The Berrien county board of supervisors will meet Monday, June 24, for the regular June session at which the matter of equalizing the county's valuation will be the leading measure of business.

Rumors have been current that groups will appear to protest the board's recent action in approving work on a county hospital at the infirmary near Berrien Center.

Two interested groups, however, have disclaimed any such intention. A spokesman for the Berrien county medical society declared the physicians do not plan to make a formal protest.

A similar statement came from a representative of one of the three hospitals in the county which have handled county cases in the past.

Routine matters and approval of bills were expected to occupy most of the supervisors' time next week.

## FIRST ACTIVITIES AT CAMP MADRON JUNE 22ND

Court of Honor to Be Held at Council Picnic; Summer Camp Opens Sunday, June 30

Promptly at 2:00 p.m. on Saturday, June 22, Camp Madron will be opened to the Boy Scouts, their parents and friends for an afternoon of sports and general good time. The Camp Committee, composed of Fred Edinger, Three Oaks; Chris Anderson, Benton Harbor; Frank Arndt, Dowagiac; Dr. McDermott, St. Joseph; John Kramer, Three Oaks, and Carl Ferguson, Eau Claire, will have charge of the activities.

Waterfront activities will be in charge of Mr. Anderson, and the Scouts of Benton Harbor, Buchanan and Cassopolis will be in charge of this part of the program.

The games on land, ball games, etc., will be in charge of Frank Arndt, and Scouts of Dowagiac and Niles will be selected to these activities. A big treasure hunt will be conducted during the afternoon also and will cover over five miles of hike through the woods. Horse-shoe games and other games of interest will be indulged in by the boys and their fathers. It is rumored that the ball games between fathers and sons will be worth the trip to the picnic.

Picnic supper will be served by groups—each troop and family having its own supper. This system the thought advisable because of the large number of people who will attend. Coffee will be served by the committee.

Following the supper a court of honor will be held at the council ring with appropriate ceremonies. All Scouts having awards due since the courts of honors held in the different districts will be awarded at that time.

The administration building will also be open to the public for inspection during the time of the picnic, as everything will be in readiness for the big summer camp to be opened by the council the following Sunday, June 30. All the camping equipment will also be placed in readiness, tents will be up; some of the members of the summer camp staff will be there. Mr. Ferguson will be in charge of the groups which will be conducted through the camp on inspection tours. Scouts from Three Oaks, Coloma, and Berrien Springs will be in charge of the pouring of coffee for all the groups during the picnic supper.

## ST. JOE HOST TO SHERIFFS JULY 29-31

Three Day Convention of Michigan's County Law Officers Here Last of July.

The Michigan Sheriff's Association will hold its 1935 convention in St. Joseph Monday, Tuesday and Wednesday, July 29, 30 and 31, it was announced today by Sheriff Charles L. Miller.

J. Edgar Hoover, director of the federal bureau of criminal investigation, is expected to be the principal speaker. He has been invited to speak at the afternoon meeting July 31.

The annual banquet has been scheduled for the evening of July 31, at the Hotel Whitcomb, which will be convention headquarters.

A boat trip up the St. Joseph river or on Lake Michigan, a visit to the House of David, and a tour of the Benton Harbor fruit market, are among entertainment features planned for delegates.

Officers are to be elected at the business meeting the afternoon of July 31.

Thomas Levitt, Jackson, is president of the association, and Fred C. Franz, Niles, former sheriff of Berrien county, is vice-president. Jerome K. Borden, Kalamazoo, is secretary.

Membership of the organization is made up of sheriffs, former sheriffs and deputies.

## FACTS ABOUT FEDERAL HOUSING LOANS FOR IMPROVEMENT

Loans based on assured income, which must be at least five times monthly payments.  
No mortgage required.  
Mortgage on property does not necessarily block a loan financial institution making loan approves.  
Money is loaned by private financial institutions or institutions or individuals and not by the government.  
The government enters the plan only by insuring the bank to the extent of 20 per cent of the loans made.  
The amount allowed is \$100 to \$2,000 on private homes. The time allowed is from one to five years.  
The charge for the loan cannot be in excess of \$5 discount per \$100.  
Back taxes do not block the loan if the lending agency is satisfied that title is not impaired. If possible it is recommended that loan be increased to cover tax payment.  
The cost for money for a \$100 improvement job would be \$105.26 on one year's time, with monthly payments of \$8.78; \$110.12 for two years time, with monthly payments of \$9.59; \$114.98 for three years time, with monthly payments of \$10.20.  
The costs and monthly payments on sums of \$200, \$300, \$400, \$500, etc., may be approximately obtained by multiplication.

## Duel to Death in Stage

### Coach; Seconds Ride Box

In the early days of the Bourbon era, in spite of anything but existing between the re-tilled aristocratic royalists and the parvenu imperialists was extreme and persistent, writes Rev. D. Bruce in Chambers Journal.

The most redoubtable of the latter, perhaps, was a Colonel Dufoir, one evening this officer deliberately stood on the toes of a young officer of a stature named Raoul, an engagement in the Royal Guards, during a session at the Palais Royal, and the result was one of the most ruthless and bloodthirsty duels on record.

It was arranged that they should fight with daggers inside a closed carriage, to insure a duel to the death. The two seconds sat on the box and the fight was to begin as soon as the carriage moved away.

At the end of the time arranged, the seconds stopped the ghastly journey and opened the carriage door.

Inside, amid a welter of blood, Raoul lay dead; Dufoir, stabbed four times through the chest, seemed dead also, but he ultimately recovered.

## Famous Home in Scotland

### Center of Great Dispute

An interesting place in Scotland's "farthest north" is John O'Groats' house, now a hotel. The place has great lure, many people traveling from Land's End in Cornwall to John O'Groats for the pleasure of trying they journeyed from the southernmost to the northernmost point of Great Britain.

The legend attached to the old John O'Groats' house, is often recalled. It relates how, during the reign of King James IV, a lowland came to these parts, settled and founded a family—the Groats. In time the family had eight branches. At an annual festive reunion a dispute arose over who had a right to sit at the head of the table. John O'Groats settled the question by building an octagonal table. The house had eight doors. He then summoned the eight representative members of the family to a special feast, bidding each of them enter by a different door and take the seat opposite it. This they did to their own satisfaction and to John's. This ingenious arrangement restored perfect harmony.—New York World-Telegram.

## Early Settlements in Greenland

In the Tenth and Eleventh centuries Norse sea rovers, starting from Iceland, made small settlements in Greenland and pushed as far as the coast of New England or possibly Nova Scotia, in transient visits. But the Greenland colony is obscure, the country was believed to form part of Europe, and records of the farther explorations were contained in sagas which were only rediscovered by modern scholarship. Throughout the Middle Ages legendary tales of mythical beings lying in the western ocean were handed down. The true discovery of America, as historically recorded, was October 12, 1492, when Columbus landed on the island of Guanahani, now identified as Watling Island, in the Bah-

## Woman's Status in Burma

A Burmese woman has a joint ownership in her husband's property, inherits the whole of it on his death, and, if she marries again, has the right to retain half of it, the rest going to his children. She is mistress of the house, holds the family purse, and is a capable and careful housewife.—Literary Digest.

## Infinitely Small

With the sense "infinitesimal," this expression is in good literary usage, and has appeared at various times since 1710. One may properly say "infinitesimally small"; in fact, this adverb modifier is more frequent than "infinitely." Either usage is supported by good authority.—Literary Digest.

## Whalebone Serves as Teeth

Whalebone (its true name being baleen) is the curious stuff that grows in place of teeth in the upper jaws of whales, writes Jeanette Alfrey in "To the North." Baleen acts as sieve, strains the many barrels of water gulped down by the whale as with wide open mouth it grazes the surface of the water, protects it from swallowing anything but the myriads of small molluscs on which it lives.

## Quivering Aspen Leaves

One of the oldest legends in the Christian world concerns the constant quivering of aspen leaves, even in apparently still air. A large number of persons believe the aspen tree supplied the wood for the cross and has never ceased to tremble for the part it played in the crucifixion.—T. B. Lawrie, Winnipeg, Canada, in Collier's Weekly.

# Everyday Cooking Miracles

BY FRANCES WEEDMAN  
Director Hotpoint Electric Cookery Institute

The June wedding. Is there anything more thrillingly beautiful? The final preparations, the mad rush to the church, the strains of the wedding march that sort of make you choke up inside, the march down the aisle, handsome groom, lovely bride, gay reception afterwards, the escape amid a shower of rice—it's a romantic spectacle just made for incomparable June days.

But—and here I'll bet I sound like some sort of female Frankenstein who is always taking the joy out of life—what about the days following

baking, automatic electric timer clock which permits "absent cookery," over-sized oven, smokeless broiler pan, double-extension sliding shelves with lock stops, stainless porcelain enamel oven and cooking top and other advantages almost beyond number.

But its greatest miracles are the foods it cooks with a perfection heretofore almost dreamed of. It does more than its part in removing all fear and trembling from amateur cookery. Just follow your recipes and the simple cooking directions it

That crucial test—the bride's first apple pie for her husband—need cause no fears if the pie is baked in the oven of an electric range.

the honeymoon? If the lovely June bride didn't temper sentiment with reason before the wedding, and learn how to cook, there's danger of the handsome groom becoming dyspeptic and grouchy, and the beautiful bride eating her heart out with despair and desperation.

Modern June brides, though, do know how to cook, and thanks to a man who, years ago, saw possibilities in the use of electricity for cooking fuel, their cooking problems have been very much simplified. The modern electric range is an outgrowth of that man's inventive genius, and its growing acceptance everywhere by young housewives with cooking problems and hungry husbands on their hands is a tribute to his foresight.

Simple, Modern Lines  
Simple, modern lines that reflect today's trends in design are found in this electric range. It fits into, and harmonizes with, all types of interiors in present-day homes; and it operates with the cleanliness, convenience and efficiency that modern housewives, young or old, demand. It offers such inviting features as a Thrift Cooker which effects substantial savings in both food and electric current, temperature control to insure perfect

prescribes, and the old-time newlywed jokes of the bride's first cooking efforts will be a thing of the past.

Granted that you have a new electric range all waiting and ready for use in your honeymoon cottage, let's consider what might be a particularly happy surprise for that dreadful "first meal." Surprises are usually reserved for dessert; and dessert, to a man, usually means pie. So let's try a fruit pie. Here is the recipe:

Fruit Pie (Double Crust)  
Pastry  
1½ cups flour 1 teaspoon salt  
Pie Plate ½ cup fat  
Ice water

Sift, measure, and again sift flour. Add salt. Cut in fat. Add about six or seven tablespoons of ice water. Roll and line pan. Fill shell with fruit, sugar, butter, and spice. Add top crust and flute edges. Place pie in cold oven. Set temperature control to 400 degrees F. or 475 degrees F. Turn switch to bake. Time—1 hour. Follow these directions and your pie will be everything that you desire, and you can be sure that your husband's words of praise are truly sincere.

## A. Barry Bacon, Native of Michigan Elected President Mother C. S. Church

Attended by 6,000 members from many parts of the world, the annual meeting of The First Church of Christ, Scientist, The Mother Church, was held in Boston June 3. Announcement was made of the appointment of Ralph B. Schofield of London, as First Reader of the church, and of Miss Florence Siever Middaugh, Los Angeles, as Second Reader.

Mr. Schofield, who was educated at Eton college, served as captain in a British infantry regiment during the World War. He is now a member of the Christian Science Board of Lectureship.

Miss Middaugh, a student of Christian Science for more than twenty years, is well known as a singer. She was formerly soloist in The Mother Church.

The election of A. Barry Bacon, of Boston, as President of the Mother Church, was also announced. He succeeds Prof. John M. Brewer of Harvard. Mr. Bacon,

Boston department store president, is a native of Pontiac, Michigan.

Mrs. Marjorie C. Mulock of Bloomfield Hills, Mich., read to the meeting authenticated reports of the healing through Christian Science of pernicious anemia, epilepsy, arthritis, defective eyesight, and other diseased conditions.

It was announced that the net paid circulation of The Christian Science Monitor for the past six months averaged 136,605, the highest in the paper's history. Nearly 2000 radio stations now broadcast "The Monitor Views the News," a daily news feature compiled from the columns of the Monitor.

An increase of 29 per cent in the sales of Mrs. Eddy's published works over the previous year was reported. During the year 73 new branch churches have been added, 47 of them in North America and 17 in Europe.

Many Michigan members of the church attended the meeting.

## Cause of Twilight

The Naval observatory says before sunrise and after sunset on the earth, sunlight is reflected from that part of the upper atmosphere on which the sun is already shining or still shining, thus causing twilight; but the moon has no atmosphere and therefore no twilight.

## Heavy Tax Levies

The exactions of the tax collectors in the Near East are notorious, but the Egyptian of last century really made a record hard to beat. In one year he squeezed \$75,000,000 out of the Egyptian taxpayer while the whole officially recorded revenue only amounted to \$50,000,000.

## Earliest Kinds of Soap

Pliny speaks of two kinds of soap, hard and soft, as used by the Germans. He mentions it as originally a Gallic invention for giving a bright hue to the hair. It is probable that soap came to the Romans from Germany. Although soap is referred to in the Old Testament, authorities believe that ashes of plants or other such purifying agents are implied. The earliest kinds of soap appear to have been made of goat's tallow and beech ash. As early as the Thirteenth century, however, a factory for making soap from olive oil was established at Marseille. Soap making was introduced into England during the next century.

TAX

(By Hazel Hemphill)

Tax the people, tax their lands

Tax the callouses on their hands,

Tax the water, gas and air,

To help the worried millionaire

Tax their noses, ears and eyes,

Tax the yeast that makes bread rise,

Tax the babies cries and howls

And starve the geese and other fowls,

Tax the workmen, tax their pants

Tax all the young folks at every dance

Tax all the wages large or small,

Leaving the poor people no money at all,

Tax the bums for riding freights

Tax every mile with greater rates,

Tax our dandruff and tax our hair,

Even those gray-headed, bald and bare,

Tax the farmer and tax his barn,

Tax his farm and don't give a darn,

Tax his horses, hogs and cows,

And tax him for the ground he plows.

Now comes the "big shot" millionaire,

Poor fellow hasn't been treated fair,

So we'll let his income grow and grow,

But still tax the people six feet below.

When Clocks Predict Death

A curious superstition prevalent in Peterborough, England, is that when the Cathedral and parish church clocks chime simultaneously, a death will take place in the cathedral precincts.

Don't Know About Gnu

Scientists have been unable to determine the particular group of animals to which the gnu of the African plains is most closely related. It bears a close resemblance to three other animal species, the horse, the antelope and the ox.

TEST OF NEW BALL

Alex Ednie, pro at Shelter Rock Country club, Long Island, recently drove a spun latex ball through a phone book almost an inch thick, containing more than 500 pages. Standing the book on end without support 4 feet in front of the tee, Ednie sent the ball through with such force that it carried and rolled 100 yards beyond. Traveling at the rate of approximately 114 miles an hour, the ball was averaging 102 feet a second when it hit the book. The drive, declared impossible by golfer and non-golfer alike, was made to test the new spun latex golf ball, a United States rubber product. Made of materials never before used in golf ball construction, the new ball is notable for its power and distance. These qualities are acquired primarily from a high-power winding of thread spun directly from liquid latex, the natural milk of the rubber tree.

### HITTLE'S ARROWS DEFEATED 8 TO 5; LATE RALLY FAILS

Fast News-Times Team Takes Advantage of Poor Play of Poe in Easy Win.

Johnny Hittle's Buchanan Arrows, which looked so good in decisively defeating the strong Elkhart Studebaker club a week ago Sunday, looked decidedly bad last Sunday in being beaten 8 to 5 by the News-Times team of South Bend, as rain, falling almost incessantly, failed to dampen the ardor of the visiting delegates.

The game was even worse than the score would indicate. For eight dreadful innings the Arrow outfit played terrible baseball and came to life but once, and then in the ninth inning, when it was too late.

In the ninth, trailing the newspaper team by an 8 to 1 score, the Arrows staged a pretty rally which was beautiful to behold. Before the inning ended four runs had been pushed across the plate on a brace of two-base hits by Donley, Arrow third baseman, and Covert, the team's first sacker, and three errors graciously contributed by the News-Times infield, a pair of walks and some dumb baseball by various of the visiting cast. However, the rally was nipped in the bud and the game ended when Stelter fouled out to catcher Linn.

The team that took the Arrows into camp was one of the best to show here in this season and last, and presented one of the best batteries, Hoffman and Linn, to ever show their wares on a Buchanan diamond. In recognition of this great showing that last Sunday's opponent made and in order to get sweet revenge, Hittle has booked the same team back here for another game this coming Sunday.

French, who started the game Sunday, was not in the same fine condition he was the week previous when he tamed the wild bats of the Studebakers, and was driven off the hillock in the sixth after the newspaper team has amassed four hits for three runs. Tucker succeeded him on the mound for the locals and pitched superb ball the three last innings, holding the opposition to two hits and a single run.

However, errors and generally bad baseball injected into the picture at intervals when these lapses proved costly, spelled downfall for the home town stalwarts. The Arrows made five errors, all of which save one occurred during the mound duty of French. Hittle's 20 year old pitching prodigy late of the Racine, Wis., semi-pro sandlots. French had one of his best off days last Sunday, but expects to be back in form next Sunday, and is itching to avenge the defeat of Sunday in the forthcoming meeting between the two teams on next Sunday afternoon at Athletic park.

The score by innings of Sunday's game follows:

R H E  
Arrows..... 000 004-5 7 5  
News-Times 012 103 100-8 9 3  
Batteries—French, Tucker and Rotzien; Hoffman and Linn. Umpires, Rayback and Jones.

### Local Softball Loop Leaders Meet Niles Stars Friday Night

Plans are complete for the first Niles-Buchanan inter-city softball game of 1935 at Niles' new electrically lighted diamond at Plym park which will be the last game on a three-game program Friday night.

The inter-city tilt will be between the leading team in the Buchanan league and an all-star team picked from the Niles league. Curly Bradford, Niles softball director, aided by the managers of the fourteen clubs in the two divisions, the American and National, of the Niles league, is today selecting a team to meet the Buchanan leaders.

It will not be known until after the scheduled game Friday night in Buchanan which team from here will be the one honored to meet the Niles all-star team. At present the Riverside Ramblers are leading the league with a small margin over Wilson Dairy, but these two teams meet at 6:30 on Friday night at Liberty Heights park and should Wilsons win, then that team would replace the Ramblers as the Buchanan representative. Ramblers have three victories and no defeats and Wilsons have three wins and a single defeat, the latter a protested forfeit decision.

Leaders in the two divisions of the Niles league will open the three game program at seven o'clock on Friday night at Niles. A girls' game will follow and the Niles-Buchanan game will get under way about nine o'clock.

### FLOODLIGHTED DIAMOND, NILES OPENED FOR PLAY

Finest Recreation Field in District is Due to Efforts of Curly Bradford.

A number of Buchanan people attended the opening of the floodlighted softball diamond at Plym Park, Niles, Monday evening, to witness the ceremonies and to honor the efforts of Harold Bradford former B. H. S. coach, through whose efforts the project was brought to a successful conclusion.

The opening was preceded by a parade which started at 7 p. m. from the city hall, led by the 35-piece Studebaker band of South Bend and accompanied by a police escort. The high school band and a drum and bugle corps added to the sound accompaniment, while a fine scenic effect was added by twenty softball teams of men and girls marching in full uniform. City officials, members of the Veterans of Foreign Wars and the American Legion and color bearers were in the procession.

The line of march ended at Plym park, where the colors were raised on the flagpole to the accompaniment of "The Star Spangled Banner," after which a program of softball was witnessed.

Dr. Bonine pitched the first ball to F. J. Plym.

A large crowd was present from as far away as Kalamazoo and Indianapolis, Ind. Among the distinguished guests were Elmer Layden and George Koegan, Notre Dame coaches.

The floodlighted diamond at Plym Park was installed at a cost of \$5,000 and exceeds the requirements of the National Softball Association. It is conceded to be one of the finest in the middle west.

### RAMBLERS STILL LEAD BUCHANAN'S SOFTBALL LEAGUE

Undeclared Redbud Trail Club Meets Real Test Against Wilson Clan Friday.

League Standings (Inclusive of Monday's game)			
Ramblers	3	0	1.00
Wilson	3	1	.750
Chevrolet	3	1	.667
Clarks	2	1	.667
I. O. O. F.	1	2	.333
D's Cafe	1	3	.250
Merchants	0	3	.000

The Week's Schedule  
Thursday—Clarks vs. Merchants.  
Friday—Wilson vs. Ramblers.  
Monday—Chevrolet vs. Ramblers.  
Tuesday—D's Cafe vs. Merchants.  
At the mid-week respite in the fourth week of play, the Riverside Ramblers, the representative team from the Redbud trail, are still leading the Buchanan softball league with three wins and no defeats, being paced by Chevrolet and Wilson Dairy, each with one more game played than the Ramblers and each with three victories and one defeat.

The defending champion, Clark Equipment company, is in fourth place with two wins and one defeat. Next in order are the Odd Fellows with one win and two losses, D's Cafe with a single win and three losses, and the tail-end Days Avenue Merchants club, which has yet to win its first game and has met three defeats.

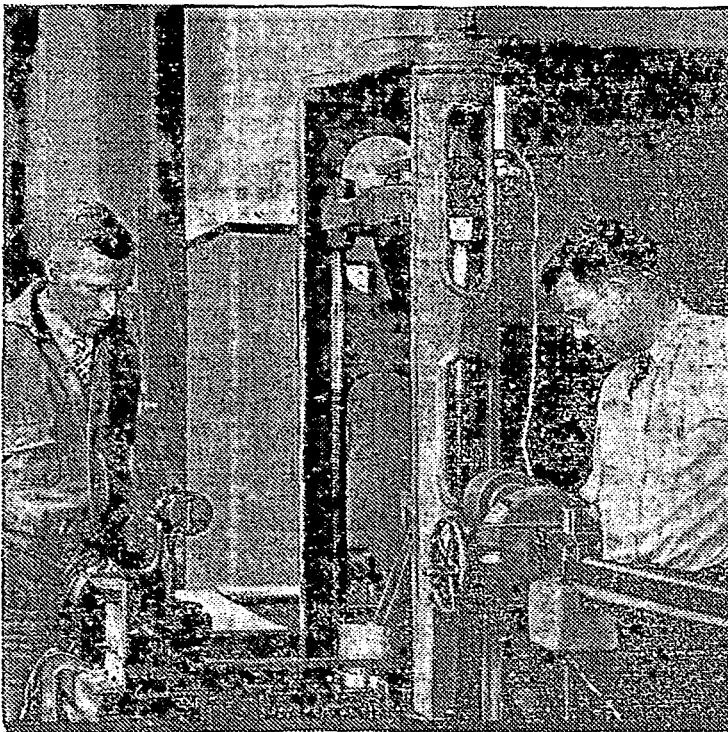

On Friday night, the league-leading Rambler club will meet its first real test when it meets the strong Wilson team, with three pitching aces, Proud, Poorman and Ellis and a team said to be probably the best defensive team in the league. But the Rambler team, which has scored 36 runs and made 20 hits in its three wins over the D's Cafe, Days Avenue Merchants and Odd Fellows, may solve even the pitching artifices of the Wilson trio of mound stars.

Wilson's only defeat, a forfeit game with Chevrolet, has been protested and will be decided by the league's executive committee.

Tonight the Clark team should have an easy time defeating the Merchants, the loop's cellar champions. "Big Andy" Freeling, Clark mound ace, will oppose Juhl, football, basketball and track star at Buchanan high school last year.

Owing to the wet condition of the Athletic park, which makes the field unfit for play, all games this week have been transferred to Liberty Heights. Even on that latter high and dry terrain it was necessary to postpone the scheduled meeting Tuesday night between the Chevrolets and Odd Fellows. This game was to have been played on Wednesday night, weekly an open date in the schedule, as the Record

was going to press.

The Riverside Ramblers, the only undefeated team in the Buchanan softball league, retained their lead in the local loop at Athletic park last Thursday night by achieving their third straight victory of the season in overthrowing the Odd Fellow club 7 to 2.

It was a pretty pitchers' battle between Jim "Lefty" Ellis of the lodge team and Rudaloff. Ellis had the edge in the first five innings, but in the sixth weakened to permit three hits, including a home run by Hartline with the bases full, to bring in five runs and break a 2 and 2 deadlock.

August Nehring, with a double and single out of three attempts, and Raber, with two singles in three trips to the plate, led the attacks for the Odd Fellows and the Ramblers respectively.

The Chevrolets, which are practically the same team that masqueraded last season as the Clowns to finish the season in the cellar, although arising to the heights at odd moments to upset the best efforts of ambitious adversaries, staged one of their occasional sensational rallies Friday night at Athletic park, coming from behind in the seventh and final inning to defeat the Days Avenue Merchants 6 to 3. Trailing 3 and 2 to enter the seventh, the automen scored four runs on four clean hits and a pair of Merchant errors to upset their third victory of the season, which includes a forfeit decision over Wilson Dairy which game has been protested by the latter club.

Schultz, in the mound for Chevrolet, pitched superb ball. He was invincible in the pinches and held the foe to six scattered hits during the entire seven innings. He also struck out seven men. Juhl, Merchant pitcher, also pitched good ball, save in the seventh when the Chevrolets ganged up on him for the aforesaid four smacks which brought in as many runs. Luke, Chevrolet shortstop, and Letcher, Merchant first baseman, had perfect days at bat, each with three hits out of three times up. Deeds and Heiermann brought in the first and second runs for the Merchants in the first and third innings, respectively, when each tripped with one man on the sacks.

Bob Ellis almost achieved a perfect pitching game against the D's Cafe club Monday night at Liberty Heights when he made the Cafe-men swing wildly at his variety of hooks and jump ball to achieve a 9 to 1 victory for the Wilson Dairy team. Ellis permitted but one hit during the encounter, when Fabiano, D's pitcher, doubled to deep left center in the third to score Frame with his team's only run. The team played almost faultless ball back of this stellar pitching demonstration of Ellis, the only misplay of the game being made by Harkrider on a hard chance near third base. Harkrider, redeemed himself by making several sensational plays during the game. Ellis struck out nine batters, but was wild, walking eight men. However, none of these, save Frame, who couldn't help but tally on Fabiano's resounding two-base wallop, was able to score.

The D team made ten errors afield back of stellar pitching by Fabiano, who allowed but seven hits, which, unfortunately for the losers, were bunched in the first, second and seventh innings to bring in eight of Wilson's nine runs. Fabiano had the dairymen whiffing wildly, striking out six men during the game setting down two batters on strikes in each of the first and third innings. Ellis duplicated the same in two innings and in the second whiffed three batters, Marrs, Denno and Jerue, in order.

Pitcher Ellis also led his team's

batting attack with two singles out of three trips to the plate.

So, in short, it was a comedy of errors and weak batting and not poor pitching that brought defeat to the door of the D team, the third defeat in four starts this season for the restaurant crew.

### Blues to Play Glendora Here Sunday, June 23

The Buchanan Blues will play the Glendora team of the Community League at the Liberty Heights diamond next Sunday afternoon, beginning at 2:30 p. m. Last Sunday the game between the Blues and the Bridgman team was ended by rain at the end of the second inning with the locals leading 2 to 0. Leiter hit a double with the bags loaded in the third inning, immediately before the close. The batteries next Sunday will be Topash and Topash for the locals and for Glendora Stover and Wycoff will pitch and Crawford will catch.

## AT THE THEATRE

### "Mississippi" Stars Crosby and Fields in Music Spectacle

The screen's leading exponents of song, comedy and beauty—Bing Crosby, W. C. Fields and Joan Bennett, respectively—vie for honors in Paramount's "Mississippi", the new and gala musical film at the Hollywood Theatre, Sunday, Mon-

day and Tuesday, and come off in a glorious tie that makes the picture a flood of mirth and melody.

"Mississippi" is a story of Dixie in the days when the ladies wore crinoline and the gentlemen didn't enjoy their morning coffee unless it had been preceded by a duel. Into this colorful and somewhat dangerous country comes Bing Crosby, Yankee youth from Philadelphia, to claim the hand of his lady, played by Gail Patrick. He won't duel with his rivals for the

lady's affection, not because he is afraid, but because he thinks the custom ridiculous.

Crosby is branded coward by the others and goes off with Fields, the captain of a river steamer in order to escape their taunts. Under the tutelage of the blustering old braggart, Crosby rapidly develops into a gun-fighting terror, billed all along the river as the singing terror.

The comedy climax of "Mississippi" occurs when Crosby discovers that he hasn't loved Gail Patrick but her little sister, Joan Bennett, all along. And she despises anyone who duels! So Crosby and Fields have to go to work undoing his reputation all over again. Crosby, who has shown definite talent as a comedian in his recent pictures, develops into a superb partner for Fields, at the top of his form in "Mississippi." And Crosby's score, composed by Richard Rodgers and Lorenz Hart, is just as chock-full of hits as "She Loves Me Not" and "Here Is My Heart" were.

The highspot of the film is Crosby's singing of that grand old Stephen Foster melody, "Swanee," with the assistance of a Negro chorus.

Queenie Smith, singing star of the Broadway stage, makes her debut in a supporting role of "Mississippi." Melodic diversion is furnished by the singing of the Cabin Kids, who are featured with Claude Gillingwater, John Miljan and Fred Kohler, appearing in the supporting dramatic roles.

Over Breakfast Coffee (By A. C. Clapp)

Dear Sir,

I am going to take and blow myself to a nice vacation this summer. Can you tell me a good place to go?

Anxious.

Well, Anxious, I like your phrase "going to take" for when you start you will have to go to the bank and draw a jag of your savings to take with you. And you will not bring a penny back home.

Now to your question. A school boy goes to school. A shopper goes to shop. So a vacationer goes to vacation land, which country you could not miss if you tried. Each city, hamlet, hilltop, valley and millpond shares in some of the best theatres, golf courses, lake breezes, fishing, etc., in the whole world. Ask their native sons or owners and find out. You just pay your money and take your choice.

Oh, I almost forgot to add that going where you most want to go has some bearing on the vacation's enjoyment. Some place holds out

Senate Extends Skeletonized NRA Despite Long's Extraordinary Filibuster—Grass Roots Meet Offers a Creed for the Republicans.

By EDWARD W. PICKARD

© Western Newspaper Union.

Senator Long

SENATOR HUEY LONG, the Louisiana Kingfish, made a tremendous effort to keep the senate from adopting the resolution extending the skeletonized NRA until next April, but failed. Advocating an amendment offered by Senator Gore, which would have required senate confirmation of all executive officials drawing more than \$10,000 a year, thus disrupting the patronage machine, Huey started on a filibuster. For nearly 16 hours, with occasional help from Senators Schall and McCarren, he kept the upper house in session, pouring forth a continuous stream of discourse that ranged from the necessity of preserving the Constitution down to recipes for fried oysters and pot-luker. He attacked the President and the administration generally, called the NRA "the national racketeers' association," told stories about his uncle, read from the Bible and Victor Hugo, stalked about the chamber waving his arms and croaking as his voice weakened, and now and then took a bite of cheese and a sip of cold coffee. All in all, Huey put on a show that kept not only the senators but a big crowd of visitors up all night. He was continually heckled by his angry fellow senators but always had a smashing retort.

At last the senate broke down the filibuster, rejected the Gore amendment and passed the extension resolution by a vote of 41 to 33. One change, to tighten up the antitrust laws, suggested by Borah, was made, so the resolution was sent back to the house for concurrence. In its final form it continues the recovery administration without codes but with authority for voluntary agreements among business men dealing only with collective bargaining, minimum wages, maximum hours, abolition of child labor and prohibition of trade practices outlawed by statute.

The house had previously adopted the resolution by a vote of 201 to 121, only a few Democrats standing with the Republicans against it.

PLANS for spending the \$400,000 work-relief fund are coming to the fore rapidly and numerously. Representative Mitchell (Dem., Tenn.) has introduced a bill requiring the President to use \$1,000,000,000 to help the durable goods industries. By its terms factories supplying machinery and materials would be reimbursed for losses directly attributable to hiring new men. Mr. Mitchell thinks his plan would aid in the production of \$80,000,000,000 worth of durable goods needed by private industry.

The War department filed a request for \$17,071,388 to finance the construction of 36 army bases in Alabama, Arizona, Arkansas, California and Kansas. The Labor department asked for \$100,000 for research designed to aid the United States employment service in selecting and placing workers on relief jobs and in private industry. The department said it would use this money to carry on studies in Chicago, Baltimore, Newark and 11 other cities not yet selected.

TAXES totaling \$475,000,000 would go out of existence before July 31 if not extended, so a resolution continuing them two years was being hurried through the house in accord with the wish of the President. Among them are the 3-cent postage and the 1-cent-a-gallon federal gasoline charge. A second resolution was being prepared to plug loopholes in existing tax laws and to adjust present rates found to be unconscionable or unproductive.

THE American Federation of Labor more than any other group except the old brain trust bemoans the death of NRA, and its attorneys are busy drafting a bill designed to take its place in a measure. This measure proposes to put under federal license all concerns engaged in interstate commerce or handling goods destined for such commerce. Those companies would be exempted from the operations of the antitrust laws but would be required to agree to hours of labor and working conditions determined by a federal commission.

SENATOR WILLIAM E. BORAH may not be a receptive candidate for the Presidential nomination next year, but anyhow his friends in Idaho have grabbed his hat and thrown it into the ring. They are organizing "Borah-for-President" clubs all over the state. Ralph Brashears of Boise, one of the leaders, says Mr. Borah is the man to "emancipate our people from the

vice-like grip of a vast bureaucratic form of government which is destroying individual initiative and regimenting the American people."

THOUSANDS of Republicans from ten states of the Middle West gathered in Springfield, Ill., for the "grass roots" conference and, in the shadow of the tomb of Abraham Lincoln, who saved the Union, solemnly determined to save the "indestructible states" from what they consider an assault on their constitutional rights. The gathering was considered so important that it attracted political observers from all over the country. Most of the delegates were young men eager for the battle, but with them were many white-haired leaders of former frays whose enthusiasm and patriotism have survived the years.

After a pilgrimage to the New Salem State park where the scenes of Lincoln's youth have been reconstructed, the delegates assembled in the fair grounds (Colesburg and were welcomed by George W. Bunn of Springfield, general chairman of the local committee. Harrison E. Spangler of Cedar Rapids, Iowa, was installed as temporary chairman and made a speech in which President Roosevelt was pilloried for all manner of political and governmental sins, from killing six million pigs and breaking campaign pledges to violating the Constitution and attempting to set up a dictatorship.

Mr. Spangler then introduced the orator of the day, Frank O. Lowden, former governor of Illinois and former aspirant for the Republican Presidential nomination. Mr. Lowden, breaking a political silence of seven years, vigorously denounced President Roosevelt's proposal to change the Constitution to fit the New Deal and argued at length for maintenance of the bill of rights unimpaired.

IN THE "platform" adopted by the grass roots conference these governmental policies were advocated:

1. The immediate adoption of a policy of economy and thrift in government with due allowance for essential relief expenditures as opposed to the present spending policy of waste and extravagance.
2. The prompt attainment of a balanced budget, not by the misleading method of double bookkeeping, but by the honest method of bringing the expenses of the government within the limits of its income.
3. A sound currency based on gold and definitely stabilized by congress so that individual enterprise may have confidence in the future value of the dollar, in terms of which every man's plans for his present or future must necessarily be made.
4. The immediate withdrawal of government from competition with private industry.
5. The maintenance of the vitality and free growth of American industry through the preservation of the competitive system protected against monopoly by the vigorous enforcement of anti-trust laws, so that small businesses may be preserved and the door of equal opportunity kept open to all.
6. The rigid enforcement of all laws, civil and criminal, to prevent and punish dishonest or unfair practices in business, industry, and finance.
7. National recognition of the needs of agriculture. Agriculture is a fundamental industry of the United States.
8. Work for the workers. With men out of work, as now, the capital structure of the nation is not only being impaired but undermined.
9. The breaking down of arbitrary restrictions that throttle world commerce, such as quotas and exchange restrictions.
10. Continued protection to farm and home ownership, and continued provision, in co-operation with state and local governments, for those that are in need until private enterprise absorbs the present army of the unemployed.

Senator Robinson, majority leader of the senate, speaking before the Arkansas Pharmaceutical association, said of this:

"The only constructive suggestion made in addition to those which are embraced in the Roosevelt administration policies is the often repeated demand for the balancing of the budget. The budget cannot be immediately balanced unless the various forms of relief now being carried on be abandoned. This cannot be done just now without danger to millions of our people who have yet been unable to obtain employment."

JAPAN is moving swiftly to obtain the control over north China which evidently is her main objective at present. New demands were presented to the Chinese government at Nanking, and when some of these were declared unacceptable the Japanese troops and officials began moving into Peiping and Tientsin and all the area between the Great Wall and the Yellow river. The Chinese officials, being helpless, moved out and the branches of the Kuomintang or People's party were closed. The central council in Nanking, though accepting some of the Japanese demands, could see nothing but trouble ahead and instructed Gen. Ho Ying-ching, the war minister, to prepare for eventualities.

WARFARE between Paraguay and Bolivia in the Gran Chaco, which has been going on for three years, came to an end after representatives of the two nations signed an armistice agreement in Buenos Aires. The truce was the result of conferences between representatives of Paraguay, Uruguay and six neutral nations—the United States, Brazil, Argentina, Peru, Chile and Uruguay. An attempt will now be made to settle the disputes by direct negotiations. If these fail the World court at The Hague will be called on to render judgment. The war in the jungle has cost about 100,000 lives.

THE British government, it is believed, has accepted in principle the German demand for restoration of the German navy up to 35 per cent of the British strength. This is exceedingly irritating to France, and Premier Laval is likely to send a note to all signatories to the Washington treaty protesting against the revision of the multilateral treaties by bilateral agreements, and proposing a new naval conference, including Germany this time, to revise the Washington and London ratios all around.

RENSDORF, a German town 52 miles southwest of Berlin, was virtually destroyed by the blowing up of a great munitions plant and the ensuing fires. Because of rigid censorship it was impossible to learn the number of casualties. Nazi officials admitted there were 52 dead, 79 injured seriously and 300 slightly hurt.

GREAT BRITAIN'S attitude toward the crisis in east Africa has enraged all of Fascist Italy and the attacks on England in the Italian press became so bitter that Mussolini had to order that they be toned down a little, though it was denied in Rome that the British had made any diplomatic protest. If Duce, however, continues his outspoken denunciation of the British course. In a speech at Cagliari, the capital of Sardinia, he defied his European critics who have requested him to deal less harshly with the Ethiopians, and attacked the British without going to the trouble of hiding his words behind diplomatic formulas.

"We will imitate to the letter those who taught us this lesson," he said, referring to British colonializing methods which his press has been "exposing." "They have demonstrated that when they were creating an empire and defending it they never took into consideration world opinion."

"We have got old, and we have got new accounts to settle with Ethiopia, and we will settle them. We will pay no attention to what is said in foreign countries. We exclusively are the judges of our own interests and the guarantors of our future."

Actually, Mussolini's plans for war with Ethiopia are not very popular in Italy, but British interference is increasing his support daily. The reconstructed British cabinet is much worried over the situation and believes the war cannot now be stopped.

WASHINGTON swarmed with Shriners for a week, and they enjoyed themselves in their characteristic ways. Leonard P. Stuart of that city was advanced automatically to the position of imperial potentate, and A. G. Arnold of Fargo, N. D., was given the coveted open guard office, first step toward the top. The convolve of 1936 will be held in Seattle, opening July 14.

MAN BAER lost the heavyweight championship of the world, being defeated by James J. Braddock at Long Island City in a 15-round battle. There were no knockdowns and neither man was badly punished, but the referee and judges unanimously decided that Braddock was the winner on points. Baer's chances were injured by a number of unintentional fouls.

### Enact Revised Pension Law for Aged Michiganders

The law just passed by the legislature and signed by Gov. Fitzgerald to give relief to the aged residents of Michigan who are in need, is somewhat different from the Old Age Pension Law passed two years ago.

The resources of many of the aged which represented savings for their care during old age, have been depleted due to the present financial depression which has also affected the employment of the aged so that many who heretofore have been able to maintain themselves by their own labor are now compelled to ask for public aid. So-called "Pension Laws" are not truly pensions as the word is generally considered, but are rather Old Age Assistance laws to assist those who, due to age, are no longer able to care for themselves. This new act, therefore, is called an Old Age Assistance Law.

This act does not become effective until July 1, 1935, after which date, new assistance certificates will be issued as promptly as possible to those who qualify. Many persons, misunderstanding the intention of the previous Old Age Pension Law, have filed applications although they are not entitled to relief. All applications must be investigated, which of course, takes time, and therefore, all who are eligible cannot expect to receive aid immediately. Those who have filed applications under the previous law need not re-apply unless requested to do so by the Old Age Assistance Bureau. Applicants are requested not to write regarding their applications, as the handling of this additional correspondence merely slows up the process of issuing any assistance grants.

Those eligible for assistance under this Act must meet the following requirements:

1. Must have attained the age of 70 years or upward; after January first 1940, this age limit will be reduced to 65.
2. Must be a United States citizen.
3. Must be a resident of the State of Michigan for ten years immediately preceding date of application.

In addition the applicant must be in need and have no child or other person responsible under the laws

## Miss Ruth Shriver and George Wynn, H. S. Instructors, Wed

George Wynn, physical director and coach for boys at the local high school in the past year, and Miss Ruth Shriver, instructor in languages since 1929, were united in marriage Saturday at the home of the latter's parents, Mr. and Mrs. Fred Birch, Hudson, Mich., in the presence of the immediate families and a few close friends.

Rev. Roberts of Hillsdale college read the marriage ritual. The bride was attired in white organdie and carried white roses. A wedding breakfast was served after the ceremony, following which the young couple left for a trip to Sault Ste. Marie. They will make their home this summer at the Wynn summer cottage on the St. Joseph river, following which Mr. Wynn will enter the University of Michigan to complete his studies for the degree of Doctor of Medicine.

Both were very popular instructors and leaders of young people here.
