Family Discussion

"I've been after you for the last three days to get these cherries picked, Bob," said Mrs. Robin, when are you going to get at it?" "Why can't you wait until they are ripe?" objected Mr. Robin, "they are still half green."

"If you wait until they're ripe, these thieving humans will get them. I heard that woman telling that man this morning that he had better get busy about it, or those thieving robins would have them all. The idea! Right in our own tree that we've lived in for three years straight. Last year it didn't matter—there was enough for everybody. But this year there is no more than enough for us. So you hop to it."

"No—I mean yes, my dear," said Mr. Robin.

Pears Apartment Building Is
Bought By Lowell Swen at

The house was built about 1872 by Charles Clark, grandfather of Arlin Clark, and a prominent merchant and miller in the early history of the city.

It was later bought by George H. Richards, grandfather of George H. and J. L. Richards, who operated for years the Zinc Collar Pad factory. During that time it was a center of social life in Buchanan. It was occupied by J. L. Richards and has since been rented.

SAFEGUARD The Valuables You Leave Behind You

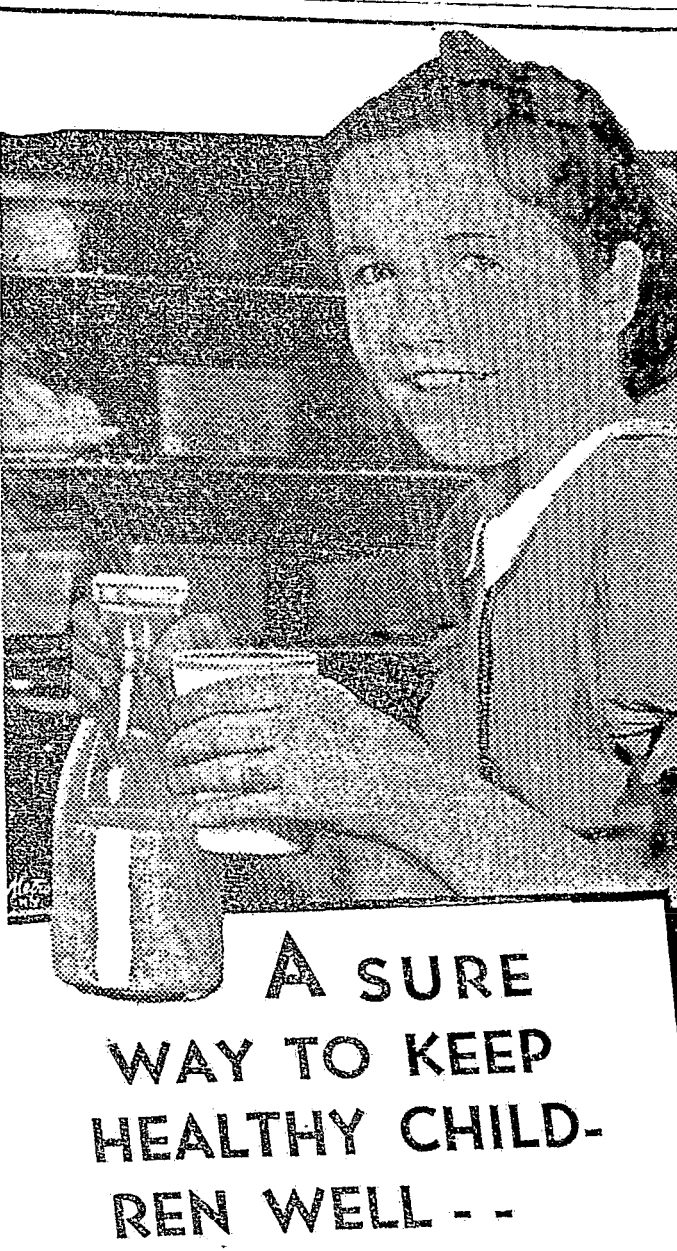

Will you leave valuable papers in the house when you go away this summer? "The family will be there," you say. A neighbor has been told to "keep an eye on the house."

Yes, but you know nobody stays "cooped up in the house" on warm days and nights. Doors and windows are left open. An hour's ride in the car, a visit to the theatre, and the prowler gets his chance—and gets your valuables.

Why take chances? Give your important papers and smaller valuables the protection of a safe deposit box this summer. See about it now!

Plan to Establish State Brands for Mich. Farm Produce

Inauguration of a program to establish a state wide brand for well-graded Michigan farm produce was announced this week by James F. Thomson, Commissioner of Agriculture. The program is a part of the extensive market development undertaking of the state department of agriculture.

For the first time in the history of the State, quality Michigan produce is to be labeled, the labels to be supplied through the Bureau of Markets in the Department of Agriculture. The label idea is the brain child of George S. Barnard, former State Senator and now director of the Bureau of Foods and Standards, of the Department of Agriculture.

The department is now prepared to furnish these labels to growers, packers and shippers of Michigan produce. The label is to be used for identification purposes only, the one for first grade products having blue background and the department of agriculture seal. The label for the second grade products is just the same as the first except that the background is yellow.

In explaining the system under which the department is attempting to improve the market for Michigan produce Commissioner Thomson said:

"Each label comes to the registrant with his name and address printed on the body of the label. Not stamped in, but printed on the press. Just these two labels are being released just now, and they are for the two top grades of any graded farm produce.

"Labels will be produced and sold to registrants by this department only, at a cost of \$4.50 per thousand, or 500 for \$2.25.

"Office expenses will be deducted from the \$1.00 registration fee. The balance together with the difference between the actual cost of labels and the selling price will be placed in a special market fund to be used to advertise produce bearing the Michigan Bonded Farm Produce label.

"Details of our plans provide that all persons desiring to use the Michigan Bonded Farm Produce label may apply in person, or by card or letter, at the Bureau of Foods and Standards and a form of agreement will be given them. If it is agreeable they may sign the agreement, furnish proper bond, together with the registration fee of \$1.00. If the applicant is accepted he will receive a registration card for his identification.

"The plan is entirely voluntary. Only those need register who desire to use the Michigan Bonded Farm Produce label. All bonds, agreements and registrations are annual. The labels may be attached to any new container of graded farm produce in the two top grades of its kind.

"Any person, firm, corporation, association or exchange who takes charge of the grading of Michigan farm produce is eligible to apply for registration and use the privileged label if approved by the department of agriculture.

"It is intended that labels will appear on the end or side of the container in order that they may carry on after the cover has been removed. All containers must bear Michigan grading laws, in accordance with the bonded label.

"It will be important that producers check carefully the work of the employees grading farm produce. It is suggested that each employee be given a number or letter and that he be required to mark that number or letter on each container graded and packed by himself.

"The terms of agreement printed on each label state clearly that the consignor guarantees that the contents of his container was in accordance with the grade declared when sealed. Accordingly Michigan inspectors will not check grades for claimants except those packages that have been unopened and the shipper's seal unbroken. Therefore, consignees making claim of off-grade shall return original sealed containers as described herein if re-inspection is requested.

"This plan is entirely different than any now in use. Michigan is the pioneer in such an effort. There can be no doubt about the beneficial results to be obtained by producers and consumers alike."

**Eddie Kentner
Sends Description
Famed Eating Place**

Eddie Kentner, one-time resident of Buchanan and proprietor of a hamburger stand located where the Michigan Bell office now stands, is developed an eating place, "win Innis," on the Coast Highway between Los Angeles and San Diego, where he serves a chicken dinner that has become nationally famous.

He sends an advertising folder with the following history and description of his institution:

Log of the Inns
The main building of the Twin Inns was erected in 1887 by Mr. Richard Schutte. In the same year Mr. Wadsworth erected a duplicate of the building on the north side of the same block, hence the name "Twin Inns." The north building was known as the Carlsbad Hotel, and was under the management of Mr. Braun, who served chicken dinners 'n' everything. The present management came into possession of the property November 5, 1919, making a specialty of chicken and with a rule, which has never been broken, to maintain a high standard of excellence.

In order to accommodate the rapidly increasing patronage the original dining room was built in 1922. The mural paintings on the walls of the dining room were made by J. Morton Patterson. It is being necessary to increase the size of the kitchen with numerous improvements made in the interest of sanitation, economy and convenience.

All poultry served here is purchased through a special agent whose instructions are to secure the best for the Twin Inns.

Blues Lost 1st Contest in Four to Glendora Nine

The league-leading Buchanan Blues dropped their first contest in four starts last Sunday at the Liberty Heights diamond by a score of 7 to 4 to the Glendora Wolverines.

It was a very closely played game most of the way except for the tenth inning when the Wolverines broke the 4 to 4 tie and garnered three runs to take the decision.

Both teams played rather loose at times, but both played even up until the tenth to make it a very interesting contest for the spectators.

Dan Topash pitched nine and one-third innings and was rapped for ten bingles and he put eight down by the strike out route. Glenn Jesse relieved Topash in the tenth after the invaders had accounted for three tallies. Fred Prentker also pitched nine and one third innings for the winners and had a fine day on the mound, allowing six hits and striking out eight. Wyckoff took to the mound in the tenth and had everything his own way.

The Blues started the game off in fine style when they tallied two runs in the opening inning. They collected another in the second and garnered their last run in the sixth.

Glendora got their first run in the fourth, one in the fifth and three in the tenth.

F. Leiter was the outstanding hitter of the day, getting three singles for the winners. Fred Prentker also proved his worth by slamming out a home run and a single. For the Blues, Schmidt got the longest hit when he hit a triple in deep left field.

The Blues sorely missed the services of Louie Leiter, hard hitting first sacker. Young Leiter had a chance to try out with the Twin City Merchants of St. Joseph and Benton Harbor. If he can make the grade there, he will be lost to the local aggregation.

Next Sunday the Blues travel to New Troy. New Troy has a well-polished club and a fine game is anticipated.

Fishers
Ah! Who would be a fisherman and with the fishers stand;
A glassy glitter in his eye, a license in his hand.
No slave of idle sloth is he,
he doth not lie abed
But rises in the early hours and
on his way is sped.
When clocks sound out their shrill
alarm he's busy as a Turk
And never kicks on getting up
except to go to work.
For sleep with undeterred resolve
from out his eyes he shakes
To greet the sunrise in a boat far
on some distant lake.
While less ambitious citizens are
snoring in the hay
He winds his Leaping Lena up
and rattles far away
Where early mists are dank and
cold, and morning light is dim
He hooks the bluegill in its lair—
less blue of gill than him.
His is a mind of single track,
he has no other wish
then to get back to town the first
and bring the mostest fish.
And as he snaws his scaly catch
he prattles loud and gay
About the nibbles that he had,
the whistles that got away.
Although he doth not lie abed
when dawn is in the skies
When he returneth later on he
lies and lies and lies.

Fishermen Hail Opening of Bass and Bluegill Season

Fishermen of Buchanan were hard at work over the week-end fitting up boats and rigging tackle preparatory to taking to the lakes at midnight or shortly afterward Tuesday.

Opening of bass, sunfish and bluegill fishing season Tuesday meant that more than 5,000 inland lakes of the state were accessible again to the anglers instead of the 300 designated pike and trout lakes to which they have been restricted since May 1 for the spring lake fishing.

Every species of fresh-water fish in the inland waters, except grayling and sturgeon which are protected the year around, may legally be taken. Those include brook, brown and rainbow trout, landlocked salmon, great northern grass pike or pickerel, wall-eyed pike, yellow perch, rock, calico and strawberry bass, crappies, muskellunge and non-game species in addition to black bass, warmouth bass, blue gills, sunfish and white bass on which the ban went out Tuesday.

The open seasons of the species of which became legal game for the angler Tuesday are as follows: Black bass, large and small-mouth, June 25 to Dec. 31.

Bluegills, June 25 to April 30. Sunfish, June 25 to April 30. Warmouth Bass, June 25 to April 30.

Except for the recent act of the legislature placing white bass on the list of fish which may be taken the year-around in designated pike lakes, there are no changes in the general fishing regulations. Size and creel limits remain the same as last year.

The minimum size limit on large and small-mouth black bass is ten inches, on bluegills and sunfish, 6 inches, but there is no size limit on warmouth bass. No more than five large or small mouth black bass can be taken in one day and no more than 25 each of bluegills, sunfish and warmouth bass or 25 of a combination of these species may be caught legally in one day.

A resident fishing license costing 50 cents is required of all Michigan fishermen over 18 years of age, but a man and wife, who are residents of the state may fish under one license, the license identification for the wife being issued without additional charge.

The non-resident annual fishing license fee is \$2 and required of all non-residents over 18 years of age for fishing in the inland waters. The wife of a non-resident fisherman may obtain a similar license for 50¢.

In addition to the annual non-resident license there is available to non-residents at reduced charge a special 10-day license at a fee of \$1.00, the wife being able to obtain a similar license for 50¢. The special ten-day license is distributed especially for accommodation of transient fishermen who visit Michigan from other states.

Police Alarm Aids in Capture of Card Sharks

The Buchanan police alarm at the city hall was worth \$15 to a Three Oaks gas station attendant Tuesday, when it served to make possible the capture of three Detroit negroes who had flimflammed the Acorn resident out of \$15 by a slick card trick and were enroute to their own bailiwick.

City Clerk post received a call from Undersheriff Drier at Three Oaks about 2:15 p. m., asking him to halt three negroes in a Dodge coupe if they passed through. About fifteen minutes later Post saw the coupe stop at the intersection of Front and Oak streets for the red light and sounded the alarm. Chief Mitchell was at the State Bank corner at the time and hurried to the corner where Post pointed out the coupe and he took the colored men in tow. Drier was notified and came at once. The negroes were willing to restore the \$15, paid the expenses of Drier's trip and were released.

Bob Parks Wins Ham and Bacon at Policeman's Picnic

Robert Parks won a slab of bacon in the hundred yard dash at the picnic held by the Fraternal Order of Police at Playland Park, South Bend, Saturday, June 22nd. He had with him Mr. and Mrs. Spot, his famous pair of dogs. He also won a ham for riding a motorcycle 40 miles an hour and cutting the string with a police pistol with revolver bullet. He clownfied for a week through the towns of southern Michigan and northern Indiana advertising the field day.

The next regular meeting of the Wagner Grange will be held Friday evening, July 5th. This will be a farewell party for Mr. and Mrs. Arthur Knoblauch.

CHEVROLETS TIED WITH WILSONS; RAMBLERS THIRD

Focus Interest on First-Place Deadlock in Fifth Week of Softball Play.

Softball League Standings (Inclusive of Tues. night's game)			
Team	W	L	Pct.
Chevrolet	4	1	.800
Wilson Dairy	4	1	.800
Ramblers	3	2	.600
Clarks	2	2	.500
Days Ave. Merch.	1	4	.200
I. O. O. F.	1	2	.333
D's Cafe	2	3	.400

The Week's Schedule
Tonight—Wilson vs. I. O. O. F.
Friday—Clarks vs. Ramblers.
Monday—Clarks vs. I. O. O. F.
Tuesday—Wilson vs. Days Ave.
Thursday—(July 4) no game.
The Chevrolet and Wilson Dairy, temporarily at least, are sitting on top of the heap in the Buchanan softball league as averages are compiled during the mid-week respite in the fifth week of league play.

The automaten and dairymen each have won four games and lost a single contest for an average of .800, a full 200 points ahead of the third place Riverside Ramblers, which team was leading the league until Wilsons knocked them out of first place a few days ago.

The Chevrolets, doped in the early stages of the present season as a certain last-placer, has been the surprise team of the league, largely through the stellar pitching of their mound ace, Bill Schultz, and the potent bats of the automaten. Chevrolet has greatly strengthened itself this week with the addition of two new players, Ralph Pfingst, home from Marine City where he coached high school basketball last winter, and Mike Boyce, Western State collegian.

The Wilson crew is very nearly the best balanced team in the league. It is a good team defensively, has three of the league's best pitchers in Proud, Poorman and Ellis and is a hard-hitting outfit.

But the two leaders each see action before the week ends, Chevrolet making its second appearance of the week in a postponed game with the Odd Fellows on Wednesday night as the Record goes to press, and Wilson meeting the Odd Fellows on Thursday night. This puts the Odd Fellows in a tough spot, but should the triple-link take one of these two games, then either Wilson or Chevrolet will drop out of first place.

Clark Equipment Co., are back in fourth place, slightly ahead of D's Cafe with three losses and two victories. The Odd Fellows are in sixth place and the Days Avenue Merchants are occupying the league cellar.

An interesting game on this week's program should be the tussle between Clarks and Ramblers Friday night.

Plot Involving Estate Hunter Thickens Fast

The plot of the entanglements of George C. Jennings, fortune hunter, appears to thicken with the publication in Chicago papers Sunday of a story from San Diego, Calif., stating that a wife had turned up there who claimed a share in his estate, if any. The item read as follows:

Mrs. Mary Jennings, elderly San Diego housewife, prepared to claim a wife's share of a \$3,000,000 estate and find her husband, George C. Jennings, who deserted her 24 years ago.

The estate was left in Elwood, Ind., by Jennings' half-brother. Mrs. Jennings said she is eager to see her husband, believing that a George C. Jennings, who was now in Elwood claiming the fortune was her missing husband.

Mrs. Jennings said that her husband, whom she said had relatives in Indiana, left San Diego 24 years ago with \$5,000 to go to Idaho, where he was interested in some mining property and never returned.
