ABSENCE YOUTH NOT DISCOVERED FOR NEARLY HOUR

Divers Recover Body of August Autreve; Attempts at Resuscitation by Pulmotor Fail.

August Autreve, 18, son of Mr. and Mrs. Edmund Autreve, 1202 Oakland Ave., Mishawaka, was killed by a bolt of lightning shortly after 4 p. m. Sunday, while seated on a raft near the diving tower at Fuller's resort, Clear Lake.

A number of swimmers near the tower were shocked by the bolt, and stampeded to the shelter of the pavilion, where they remained during the storm. The absence of young Autreve was not discovered until about an hour afterwards, when divers went in search near the spot where he had last been seen and recovered his body in 20 feet of water.

An examination by a local physician revealed that he had no water in his lungs, tending to indicate that he was instantly killed by the bolt. A small burn on his forehead was the only mark of the lightning.

WILSONS STILL AHEAD; LEAGUE ENTERS 6TH WEEK

Chevrolet is in Second Place; Clarke, 3rd; Ramblers, 4th; Wynn Leads Batters.

With five of the eleven weeks of play complete, Wilson Dairy, by presenting consistent performance defensively and offensively, has shown itself the class of Buchanan football league and is sitting firmly in first place as the season approaches the end of the first half of the schedule.

Wilson had won five games at the end of the fifth week play last week-end and lost but one game, a forfeit to Chevrolet which the league leaders have protested. Their standing is .583, 33 points ahead of Chevrolet, which with four wins and one defeat is in second place.

George Wynn, high school coach of the past year and fielder for the Wilson team, is leading the league batters with the remarkable average of .667. He played in three games, was at bat twelve times and collected eight hits. Rudloff, pitcher and outfielder of the Ramblers, is second high clubber with 13 times at bat and eight hits in five games for an average of .615.

A tabulation of individual batting averages inclusive of fifth week's play will be published next week.

Berrien-Cass Allowed 2 Troops at Nat. Jamboree

Word has been received from the National office in New York that the Berrien-Cass Council will be allowed two full troops to the Jamboree. The big national event is now open to all Scouts who have been in Scouting at least one year and are first class, or who have sufficient advancement completed so that they can be first class by August 1.

The thrilling days of Washington will begin when on the 18th, 19th, and 20th of August train upon train will roll in and unload Scouts by the thousands. By the evening of August 20th, the camp will be up, thirty thousand Scouts will be ready for the curtain to rise.

The National Grand Opening of the Jamboree will take place Wednesday August 21. In the early afternoon the Jamboree Scouts will gather in position on both sides of Constitution Avenue for a spectacular review; after this they will be mobilized for the opening ceremony proper in the presence of distinguished guests and prominent scout officials.

FEDERAL MEN TEST HERDS FOR BANGS DISEASE

7 Per Cent of Mich. Cattle Affected; Examination Without Charge.

Dr. M. J. Court, representative of the Federal Department of Agriculture in charge of the control of Bangs disease in the counties of Berrien, Branch, Calhoun, Van Buren, St. Joseph and Cass counties, has been testing a number of herds in the Buchanan and Galien sections in the past week-end and is continuing his operations with his headquarters at 311 Cass street, Niles.

Dr. Court states that the disease is prevalent in Michigan, about 7 per cent of all cattle tested being affected. The disease is perhaps better known as contagious abortion and affects only reproductive organs causing cows to lose their calves prematurely. Reactors are taken from the herds and slaughtered. The owner is paid \$25 for grade cattle and \$50 for registered pure breeds in addition to the price brought by the meat at the Detroit stockyards.

The test is made without cost to the owner and tests are made only where requested. The administration of the test gives the farmer an opportunity to establish his herd as free from Bangs disease. The herds of William Speckie, August Ernst, R. E. Schwartz, C. F. French and a number of other local dairymen were tested last week. The Doan Straub herd at Galien was also tested.

TO FREEZE GIRL IN CAKE OF ICE AT HOLLYWOOD

Girl Will Draw Automobile Up Main Street Hill by Hair Tonight.

Two acts of extraordinary interest will be staged by a young woman from South Bend under the auspices of the Hollywood theatre this evening.

The young lady will pull a Buick 41 car by her hair up a hill on a paved street in the city. All the preliminary details revealed is that the lady will lay in the rear of a Chevrolet pick-up truck and the Buick will be attached to her hair and drawn up the Main street hill between Third and Fourth streets, the feat occurring at 8:45 p. m.

During the second show at the Hollywood tonight the same young lady will be cast into a hypnotic trance by Rajah Yogi, world famous hypnotist and will be frozen in a cake of ice on the stage where she will be in view of all interested. She will remain in the trance for three days, being resuscitated at the Friday evening show. Manager Hoffman states that he will be glad to permit any local girl to substitute, but so far has not received any volunteer offers.

These acts were staged recently at the Granada theatre at South Bend, closing June 21. Rajah Yogi will also stage several other enthralling acts including the East Indian human torture board, on which a young man will lay on the points of 11,000 nails, while three men stand on his chest. A boy will lay on chairs while rocks are broken on his chest with a sledge hammer. The acts of the Rajah have been noted twice in Ripley's "Believe It or Not." He also received first page notice for five days in the Kansas City Star and Times, and six days straight in the Omaha Bee News, and World-Herald. He is now booked for a run of several weeks in Detroit.

Thatcher-Saurs Fund Relieves County of Necessity of Keeping up Valuations.

Tax valuations for the city of Buchanan for 1935 were reduced from a total of \$2,864,450 for 1934 to \$2,792,000, or a reduction of \$72,450, or over 2 1/2 per cent by the action of the county board of supervisors taken Friday, the vote being 32 to 4.

Valuations for the entire county were changed from \$72,134,250 to \$70,660,000 a reduction of \$1,474,250 or about 2 per cent. The opposing votes were cast by three Niles city and one Benton Harbor supervisor.

The total valuation of all real estate in Berrien county is assessed by the supervisors in the townships and the assessor in the cities amounted to \$65,675,960. The committee reduced this to \$62,384,607, a reduction of \$3,291,353.

The county's total personal property was assessed at \$8,275,393. This amount was left unchanged by the committee. The equalization is made entirely on real estate.

At the suggestion of Supervisor Loomis K. Preston, St. Joseph, the board went on record as favoring having the equalization committee meet a week before the regular session of the board.

This, he pointed out, would allow the equalization committee to get its report completed earlier, and eliminate delaying the adjournment of the board.

Had the equalization committee's report been completed, the board could have cut two days off the present session. The present board, however, could not vote directly to govern the action of future board; and as the equalization committee does not meet again until after the spring election, all the present board could do was to go on record favoring the change.

Supervisor Theodore Katzbach, Lake township, pointed out that under the provisions of the Thatcher-Saurs act, the schools now will receive ample fund to operate on, and told the board it was no longer necessary to keep up the valuations of the district in order to insure sufficient funds under the 15 mill limitation act. Schools must levy at least 2 1/2 mills to become eligible for the funds.

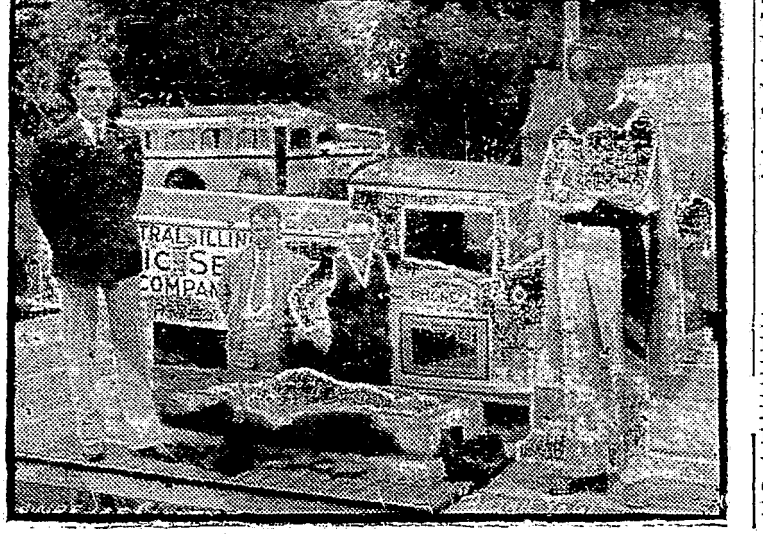

Using the Bard school district in Benton township as an illustration Supervisor Katzbach pointed out that the district would receive approximately \$10,000 more than it ever received before from the state.

The following table shows the comparative equalized valuation figures for the county for 1935 and 1934:

Table with 3 columns: Township/City, 1934 Valuation, 1935 Valuation. Lists various areas like Bainbridge, Baroda, Bertrand, etc.

Operation Procedure
In case an automobile, approaching from either direction, strikes the device during this period, the barrier is depressed to the level of the pavement by the wheels of the vehicle and the car rides over without harm to the device or to the vehicle. When the 10-second period has elapsed, the barrier rises to its full height of ten inches, a surface curved to approximate that of the wheels of an automobile being presented on the approach side. If an automobile happens to be on the track side of the barrier when the device is at full height, the front wheels of the car ride up on the sloping plate of the track side, pushing the barrier down to the level of the highway so that the car can ride over it, after which the barrier rises again by spring action. Conversely, if an automobile traveling toward the track, strikes the barrier when in the raised position, the front wheels strike the curved surface, the tires acting as a cushion to stop the car and approach to the crossing.

The track circuits for the control of the protection provide for the warning starting 30 seconds before the arrival of the fastest passenger train, and for the barrier to be at the fully raised position 15 seconds before the train arrives. The barrier remains in the fully raised position until the rear of the train clears the crossing, the bell continuing to ring and the lights continuing to flash. As soon as the train passes, the bell ceases to ring and the barrier starts to lower, the lights continuing to flash until the barrier is down. About five seconds is required to lower the barrier.

State Reports Improvements in Treasury Dept.

The auditor general's department reported today that while the general fund at the moment is approximately \$12,000,000 in the red, the deficit will be only about \$4,000,000 after July 1. About \$6,000,000 of sales tax revenues, \$1,500,000 of liquor taxes and an unknown yield from the chain store tax will be transferred to the general fund within the next week or two. This will whipe the deficit sharply down.

A year ago at this time the general fund deficit was \$16,000,000. Gus T. Hartman, deputy auditor general declared last year highway appointments to counties were not paid on time and loans were made against various funds to keep the general fund supplied. He said at present all revolving funds are up to date. In addition, according to Hartman, the state paid this year more than \$4,000,000 of highway funds to the counties which should have been paid in 1934.

Chance to Make History
Deficiencies in institutional and departmental appropriations are the lowest in years, Hartman said. He believed the state has an excellent chance of putting the pay-as-you-go system in operation and "making it stick." If it does it will be perhaps the first time in the state's history expenditures have been made to match revenues.

State officials were optimistic that receipts may be higher than was estimated during the legislative session, and surplus funds may be available soon to apply either on the deficit or to reduce the cut Governor Fitzgerald plans to make in all appropriations. The governor contemplates a blanket five per cent reduction to be sure and stay within revenues. If the treasury warrants enlarged expenditures the percentage may be lowered or eliminated.

Other Bright Spots
Other bright spots on the financial horizon for the state are: Since the legislature adjourned collections of delinquent property taxes have taken a sudden spurt. Hartman believed the legislature, by its actions in the past session, convinced the people there will be no conciliation on delinquencies. Many property owners waited to see what was going to happen in the legislature. They were given until next November 1, to pay 1933 and 1934 taxes with only a four per cent collection charge. Hartman said more delinquent taxes have been paid in the few weeks since the legislature ended its business session than in the rest of the year. The state has about \$26,000,000 out in delinquent property taxes.

The legislature passed a deficiency bill of \$1,542,000 to meet overdrafts last year in various appropriations and the amount will cushion the deficit, even if no additional funds can be applied against it.

Sales Tax Receipts Gain
Sales tax receipts are booming along at a \$40,000,000 a year clip, and if business continues good should total at least that much.

Governor Fitzgerald declared every effort will be made to not only retire the deficit in the next two years but to set up a budgetary system that will make it unnecessary for the state ever to have a serious deficit again—if

BUCHANAN, UNDER SPELL IMPENDING CRISIS OF CIVIL WAR; HELD A ROUSING CELEBRATION FOR 4TH OF JULY, 1860

Observance Held in Grove Where Kelsey Bainton Home Now Stands; Roe Glee Club Sang.

In the summer of 1860 the land was electric with the sense of the impending crisis of Civil War and national fervor ran high in the north, finding expression in unusual attention to the patriotic observance of July 4.

The following clipping from Buchanan's first newspaper, The Buchanan Vindicator, of July 5, 1860, describes the observance of July 4 that year. The George H. Richards mentioned as the captain of the military company, was the grandfather of George H. and Joseph Richards.

The Celebration
The day-dawn of the Fourth of July, 1860, was of rare beauty and surpassing loveliness; as if in answer to the prayers of millions of freemen "at home," and the thousands who have gone forth into all the world. On the previous evening when busy throngs had completed their arrangements for glorious demonstrations, the hydraulics and artillery of the upper world were put in requisition, to purify the heavens, and brighten the adornments of a rejoicing earth, and when the smiling face of "The land of the free and the home of the brave" was turned to receive her morning kiss from the god of day, all nature joined the refrain. "God bless our Stars forever! Thus the angels sung sublime, When round God's forges fluttered fast, The sparks of starry Time! When they fanned them with their pinions, 'Til they kindled into day, And revealed Creation's bosom Where the infant Eden lay." 'E'er the echoes of the morning salute had ceased to vibrate, it was evident that the hearts of our people beat a quick response in honor of their father's deeds, and the streets of our village soon presented a lively scene.

At an early hour the Carlisle Hill Brass Band arrived in their band carriage and, escorted by Marshall Knight, and the Rolling Prairie Brass Band in like conveyance, followed by a lengthy train, under the escort of assistant Marshalls Molsberry and Hamilton.

In the meantime we had been put to our wits end to imagine the construction of a thermometer that would measure the heat of enthusiasm that had been excited by the street drilling of our impromptu military company, under the command of Capt. Geo. H. Richards, to the music of our military band. And such music. whose soul is so dead as to fail to solve the almost incomprehensible problem of the enthusiasm and endurance of the "The old continentals," in an atmosphere quivering with such an inspiration, and beneath the glorious stars and stripes.

At 10 o'clock the procession was formed as announced. The highest degree of order and precision was attained in all of its movements during the day by the efficiency of the Marshal and his assistants.

A most favorable location had been selected for the exercises, in a dense grove on the hill a little east of the village, and in the judgment of the committee seats were provided for the accommodation of as many as would be present, but the crowd swelled to such an extent that much of the greater portion of the congregation were

obliged to remain upon their feet. Exercises in the Grove
The "Star Spangled Banner" by the Juvenile Misses was sung in a manner that told of the efficiency of our Union School, in that department, and excited hope for Buchanan in the future.

The prayer by Rev. Mr. Sherwood was well expressed and suited to the occasion.

"The Ship of State" by the Roe Glee club elicited universal admiration.

The Declaration was announced by Dan Terriere, Esq., in a manner which carried the mind back to the days that tried men's souls, and we hope kindled new love for the glorious old instrument.

"E Pluribus Unum" by the Excelsior Glee club, was heightened in its beauty by superiority of performance, and after the oration, dinner being a little tardy, was repeated to the universal gratification of the multitude.

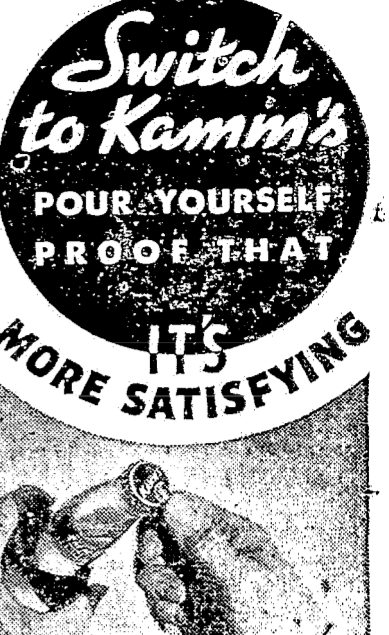

The oration by John M. Albert, Esq., was in matter, manner and effect creditable to the young orator, and favorably received by the intelligent audience.

Inspiring notes by the Carlisle Hill and Rolling Prairie Brass Bands closed the exercises at the stand, and an appropriate benediction was pronounced by Eld. William M. Roe, when the procession marched to the dinner table.

After dinner the following toasts were announced:

- 1st. The day we celebrate. Received with salute and three cheers.
- 2d. The Union—May the slight shock it has received tend only to accelerate its growth, and the agitations of the present day, be construed in harmony, to bind still stronger the hearts of our great nation. Salute and three cheers.
- 3d. The President of the United States. Received in silence.
- 4th. The Governor of the State of Michigan. Received in silence.
- 5th. Self Government. Concealed in wisdom, may it be perpetuated in firmness and success. Salute and three cheers.
- 6th. The Constitution. May its patriotic and protecting influence be permitted to withstand the giant arm of the enemy of equal rights. Salute and three cheers.
- 7th. The Signers of the Declaration of Independence. May the noble and daring acts of those patriotic heroes, ever stimulate and encourage us to boldly maintain our independence. Salute and three cheers.
- 8th. The Ladies representing the States. May each have a good Constitution, and all be admitted into the Union. Salute and three times three, and responded to by Isaac Whiting.
- 9th. The Orator of the day. May his future career demonstrate the truthfulness of his remarks today. Salute and three cheers.
- 10th. The Carlisle Hill Brass Band. Their notes are good everywhere, always drawing interest, and finding ready endorsers. Salute and three cheers.
- 11th. The Rolling Prairie Brass Band. May emotions like those their music inspires, fill their hearts. Salute and three cheers.
- 12th. The Choirs. May they long live to enjoy the like pleasurable emotions their melody awakes in our hearts. Salute and three cheers.
- 13th. American Liberty. The liberty of mankind. Salute and three cheers.

To which J. J. Buck, Esq., responded.

H2O Is Out of Date

The simple, old-fashioned chemistry in which water was merely H2O is a thing of the past. No less than eight other kinds of water exist, mixed together invisibly and all but inseparably in ordinary water.

No Patents for Burbank
Luther Burbank, who crossed a canteloupe with a watermelon and produced the luscious honeydew melon, could have obtained a patent for this popular fruit had there been a plant law in effect at the time. Or this law would have given him a monopoly for his creation of the loganberry.

COMMISSION PROCEEDINGS

Regular meeting of the City Commission held in the Commission chambers on Monday evening, July 2nd, 1935 at 7:30 p. m.

Meeting was called to order by Mayor Merson. Commissioners present were Merson, Graffort, Hathaway and Beistle. Absent Commissioner Brown.

The Commissioners listened to the representatives of the Hoosier Casualty Company and the Employers Mutuals regarding Compensation Insurance. No action being taken.

Mr. Root representing the merchants was present in regards to pavement dancing and asked that the commission put a thin coat of asphalt over the Main street brick.

The mayor appointed a committee of Commissioners Graffort and Hathaway to investigate the matter.

The finance committee read the bills for the month of June which were as follows:

General Fund	\$598.97
Highway Fund	1404.42
Water Works Fund	581.30
Poor Fund	611.51
Cemetery Fund	2.00
Total	\$3198.20

Moved by Commr. Beistle and supported by Commr. Graffort that the bills be allowed as read and orders drawn on the proper funds for the several amounts.

Upon roll call the following Commissioners voted aye: Merson, Graffort, Hathaway and Beistle. (NAY NONE)

The finance committee next read the treasurer's report for the month of June which showed a balance on hand July 1st of \$25,993.

1st publication June 20; last Sept 5 MORTGAGE SALE

Default having been made in the conditions of a certain mortgage made by George S. Thompson and Viola F. Thompson, husband and wife to the Industrial Building and Loan Association, a Michigan Corporation, dated the 14th day of December, 1926, and recorded in the office of the Register of Deeds of Berrien County, Michigan, on the 17th day of December, 1926, in Liber 150 of Mortgages, on page 224, by failure to make installment payments of principal and interest at maturity and for four months thereafter, whereby the mortgagee elects and declares the whole of the principal and interest now due and payable as provided by the terms of said mortgage.

The amount claimed to be due on said mortgage at the date of this notice is the sum of \$1639.52, of principal and interest, and the further sum of \$35.00, as an attorney's fee provided for in said mortgage, and no suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof.

Now therefore, NOTICE IS HEREBY GIVEN, that by virtue of the power of sale contained in said mortgage and the Statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described therein, or so much thereof as may be necessary to pay the amount so as aforesaid due on said mortgage, with six per cent interest from the date of this notice, and all other legal costs together with said attorney's fee, at public auction, to the highest bidder, at the front outer door of the Court House in the City of St. Joseph, Berrien County, Michigan, on Monday, the 16th day of September 1935, at ten o'clock in the forenoon.

The premises to be sold are situated in the City of Buchanan, Berrien County, Michigan, and are described in said mortgage as follows, to-wit:

Commencing twelve (12) rods West of the Southeast corner of the Southwest quarter of Section twenty six (26), Town seven (7) South, Range eighteen (18) West; thence North eleven (11) rods; thence West four (4) rods; thence South eleven (11) rods; thence East four (4) rods to place of beginning.

Dated May 21st, 1935.

Berrien County Normal School to Continue Next Year

Plans to continue the Berrien county normal school at Bridgman next fall were announced this week by County School Commissioner Jennie E. Mecham.

"The normal school which we had planned to discontinue will reopen next September if we have a sufficient number of applicants," the school commissioner said.

Mrs. Mecham explained that the county normal board decided to train an additional group of teachers for the rural schools if there are 20 to 25 applicants.

Those desiring to attend the normal school this fall have been asked to file an application before July 9.

1500 Chevrolets Manufactured in the Month of June

Chevrolet turned out more than 115,000 units in June, a month which ordinarily marks a slowing down of the industry as a whole.

M. E. Coyle, president and general manager, declared that July production will be at least as high as June, and may exceed it.

"We are going into July under obligation to keep up production at the maximum," Mr. Coyle said.

"Talk of a Chevrolet shortage" is to be expected, when the dealers can't get the cars in the quantities they want and need.

"Our present situation is one that spells volume for factory and dealers, and indicates a great return of buying power and an improvement in morale among the people.

"Dealers in various sections of the country report splendid business prospects as a season which usually brings a gradual tapering-off of sales.

"Optimism is greater in the Middle Western states, predominantly agricultural areas.

since crops are now so far advanced that a bumper yield is assured. "Throughout the fertile areas around the Great Lakes—in fact everything east of the Rocky Mountains—much the same conditions are to be found.

Bell Telephone Co. Pays Yearly Tax of \$7.26 Per Phone

The Michigan Bell Telephone Co. will pay in taxes this year \$7.26 per telephone, based on the average number of telephones it operated in 1934; this is approximately \$1.00 more per telephone than it paid last year.

On Friday, June 28, Michigan's auditor general, John O'Hara, received at Lansing the Telephone Company's check for \$1,368,977.63, representing half of its state tax bill of \$2,737,955.25.

In addition to its state tax, the Telephone Company will pay the federal government approximately \$809,000 this year, and its miscellaneous local taxes will approximate \$47,000.

Under the Michigan law, telephone and telegraph companies, railroads, railway car-loaning companies and express companies pay taxes to the state, in lieu of local taxes, upon property generally used for conducting their businesses.

The Michigan Bell Telephone Company is the largest individual taxpayer in the utilities group.

age residing therein. It is estimated that the Michigan Bell Co. pays approximately 28 per cent of the sum paid into the fund by the state's public utilities.

Reduce Interest Charges on FHA Insured Mortgages

New administrative rules and regulations governing the insured mortgage provisions of the National Housing Act have been announced by Raymond M. Foley, state director of the Federal Housing Administration.

These regulations, he said, cover not only Michigan, but all states and the District of Columbia, Hawaii and Alaska. They are immediately effective.

Among the most important, he cited the following: Maximum interest rate on all classes of insured mortgages has been reduced to a flat five per cent per annum.

A refund in the form of credit to all mortgagors who have been paying insurance premiums at the old rate of one per cent per annum on certain classes of mortgages will be made.

The insurance premium on all classes of insured mortgages has been reduced to a flat one-half of one percent.

Mr. Foley said that one of the immediate effects of the revised regulations will be an acceleration in the insured mortgage business.

Under former regulations the maximum interest on certain classes of mortgages was five per cent while five and a half per cent was permissible in other classes.

The changes are favorable not only to the mortgagor but to the mortgagee, Mr. Foley said.

The following estates were closed during the past week: Liberty W. Priddy, Betsy Jewell and John Jewell, all deceased.

County Applies for PWA Grant to Build Berrien Infirmary

The county board of supervisors voted Friday to authorize its chairman, John Warman, Watervliet, to negotiate with the federal government for a PWA grant for the construction of a county sanitarium and hospital and other improvements at the county infirmary near Berrien Center.

The board this session voted another \$15,000 in addition to the \$50,000 voted last month, which with \$20,000 now on hand from the Henrietta Avery estate, is expected to finance the county's share of 45 per cent of the project, including all construction work and equipment.

The total cost of the project, which includes the construction of a sanitarium and hospital unit, part of which is to be used as an addition to the infirmary, a new laundry, sewage disposal system, and fire escapes, is \$158,000. The county expects to get a \$70,000 grant from the government.

John G. Holmes Corrects Story of Pears Apartments

Editor Record, I think you have a bit of a mix-up in the history of the property, recently sold on Front and Clark streets. That place was at one time the home of Charles Clark but when it was occupied by the frame house, which was sold to Capt. George H. Richards, who moved it back to the South and turned to face the East of Clark street, and built the brick buildings.

That frame house was at one time occupied by the Senior J. L. Richards, before he secured the central part of the "Seeley" home on Front street. I am not sure when that was, but when his son, J. L., your present neighbor, was about five or six years old. I remember wandering around there one Sunday morning and both Joes came out to the gate for a talk and "Little Joey" opened the gate to walk out, when his father said, "Don't you go out there, that man will cut your ears off."

Charles Clark was one of the three owners of the three story brick building on Front and Main streets in the dry goods firm of Ross, Clark and Alexander, which was burned during the 1861 fire, and was not a miller.

The next property west of the Clark place on Front street was owned by Harmon Knight, also a frame house, sold to William Pears, who build the present structure, and it was he who was the miller. Mr. Pears moved the Knight home to the next lot to the South of the Richards place, on Clark street.

Bermuda Women Ultra Modest Women were so modest in Bermuda three centuries ago they did not want to show even the edge of their ankle-length petticoats. Thus fireplaces were built with raised hearths so that the women who tended them would not need to bend over. In many of the old Bermuda homes there are three types of fireplaces, the ankle, knee and waist high. The two latter types were for the sake of modesty.

Over Breakfast Coffee

(By A. C. Clapp)

Its one thing after another in my nondescript vegetable patch. (You'd think it a potato patch the way everything doesn't come up.) First the moles honeycombed the fertile, but somehow barren ground. After trying castor beans, soap, etc., with no effect I have now about extirpated them with strychnine.

I bought 20 cents worth of the poison, mixed it with plenty of sugar (for the drug is too bitter to tempt the pests) then put peas in just water to cover and stirred in the dry ingredients and let soak in.

Now rabbits have started nipping bean leaves. They go down one row and up the next, I've heard, and begin next night where they left off before.

Save for tomato plants, many of which have one foot in the grave, the plot lies as fallow, practically. So I have not much to lose or to gain in pest baiting. But I would like to take up hunting, if I had a gun and saw the rabbit.

French-Everingham Nuptial Rites in Church Ceremony

Miss Ruth French and James Everingham were united in marriage at a very pretty church wedding at the Methodist church at 8 p. m. Sunday, before an audience of 150 relatives and close friends.

Rev. Thomas Rice read the marriage ritual, the single ring ceremony being used. The bride was accompanied by her cousin, Miss Mary Jane Zerbe, and the bridegroom was accompanied by Richard and Tom Zerbe acted as ushers. The ceremony was preceded by a prelude of pipe organ music by Ralph Zerbe, who played "Melody of Love" by Englemann, "Elizabeth's Prayer" by Wagner, and "Calm As The Night" by Bohn. Miss Janet Kelley then played "I Love You Truly" by Bond, and the bridal procession entered to the strains of the "Bridal Chorus" from Lohengrin, played by Ralph Zerbe.

The bride was attired in a dress of white mousseline de soie, of semi-formal, embroidered with pink and blue flowers, floor-length design. She carried a bouquet of pink roses, white syringia and forget-me-nots. The bridesmaid wore white organdie over yellow silk, with a shoulder corsage of pink roses and pink pentstemons.

The church was beautifully decorated for the occasion with baskets of syringias, ferns, lilies, roses and other garden flowers. A basket of pink and white roses was placed on the pulpit.

Following the ceremony the bridal couple marched out to the strains of Mendelssohn's "Wedding March," played by Ralph Zerbe. They stopped in the vestibule and received the congratulations of the members of the audience. A reception was held afterward at the home of the bride's mother for the immediate relatives and members of the bridal party.

The bride is the daughter of Mrs. Lura French and was graduated from the Buchanan high school with the class of 1932. Mr. Everingham is the son of Mr. and Mrs. Harry Everingham, Newcastle, Ind., and a graduate from the Buchanan high school in 1934. He is employed in the local Kroger store. Both young people are well-known and popular here. They will make their home temporarily at the apartment of Mrs. Lura French who will be absent most of the summer and plan to locate in a home of their own in the fall.

Attend Sawyer Beach Party

Miss Burdette Zeiger, Sawyer, was hostess at a beach party Sunday afternoon and evening at her beautiful home, Dream Castle, at Shore Hills, on Lake Michigan. Swimming, dancing and a picnic supper were the main diversions. Those attending from Buchanan were Terese White, Alene Riley, Florence Franklin, Alfred White, Harvey Letcher, Charles Franklin, Bob Geyer and Ray Barbour.

Auxiliary Makes Election Plans

South Bend Plans Midwest Aviation Exposition Aug. 3-4

Conceived as a gigantic civic enterprise that will present South Bend's advantages to the aeronautical world, the first Midwest Aviation Exposition will be held at the Bendix Municipal airport Aug. 3 and 4, the city aviation commission announced this week.

As contemplated by the commission, the exposition, while rivaling the major air shows of the nation, will be more than just a "stunt" show in that it will be a trade exposition as well. It is planned to make the project so successful that it will become an annual event.

Invitations to participate are being prepared by the commission and will be sent to prominent fliers and figures in the industry. A tentative program for the two-day exposition includes a display by squadrons of army planes, aerobatics by notable fliers and presentation of "A Panorama of Aviation," the trade show phase which depicts the progress of aviation during the last quarter century.

"The aviation commission intend" to ask the support of the entire community in using the exposition as a medium in selling the potentialities of South Bend as an ideal location to the aviation industry. Net profits of the exposition will be utilized by the commission in furthering development of the airport. The commission plans to help finance the exposition by an advance sale of tickets through any responsible civic or fraternal organization on a percentage basis. Capt. Charles R. Bowers, manager of the airport, has been named by the commission as managing director of the exposition. Communications should be addressed to him at the executive offices of the exposition, Hotel Hoffman, South Bend.

AN INSPIRATION To Every American
Independence Day July 4th, 1935
There is still no other country on earth which offers to the average man or woman, as America does, the personal freedom, the right to own property, the rewards of individual effort and thrift; the comforts, luxuries and enjoyments of life; the hope which even the less fortunate may feel that there will be ways to climb out of their difficulties if they persevere.
Let this 159th birthday of the United States of America, be an inspiration to you in your efforts to achieve personal security and independence.
