## WIND AND HAIL DAMAGE CROPS ON PORTAGE PRAIRIE

Wheat Threshing Stopped by  
Rain; Yields Reduced by  
Rust Average 18 Bu.

A heavy rain Saturday afternoon, accompanied by wind and some hail did considerable damage on Portage Prairie. The hail was limited to a small area along the Chicago road, the heaviest damage being on the Will Womer farms occupied by Lawrence Mitchell and Walter Phillips, where corn was badly shredded. Some damage was done to tomatoes and grapes.

The wind tore down wheat shocks over the Prairie and blew down a corn crib at the home of Emory Rough. The rain delayed threshing which had begun in the wheat fields. Farmers report that early prospects for wheat yields have been lessened by rust, although the straw is the heaviest in years. Ted Sickman threshed 17 acres on the Edwin Rough farm, getting 263 bushels or a little over 15 bushels per acre. Part of the Lester Seabast crop was threshed with a yield of 18 bushels. That appears to be the average prospect.

## WILSON DEFEATS NILES KEWPEES UNDER THE LIGHTS

Come from Behind to Stage  
Brilliant Sixth Inning  
Rally; Score 7-4.

In the first ever game this season between Niles and Buchanan teams on the flood-lighted diamond at Plym Park, Niles, last Friday night, the Wilson Dairy club, leader in the Buchanan softball league, defeated Kewpees of Niles, runner-up in the Niles National League, 7 to 4, each team making all their runs in a single inning.

Apparently confused by the flood lights, members of Goldie Smith's Wilson team staged a terrible first inning in which four runs were scored on a fluke home run, triple, double, walk and error. Two hits in Kewpees' second inning put runners on second and third with two out, when Johnny Miller, Buchanan's new coach and shortstop for the Wilson team, pulled the feature play of the game when he made a fine leaping catch of Presnell's line smash that would have easily been a double and scored two more runs. But this play seemed to break the offensive morale of the Niles team and thereafter Bud Proud, who turned in a fine pitching exhibition for Wilson, had the Kewpees eating from his hand. Proud held Niles to three hits thereafter and held the team scoreless to the game's end.

Wilson had one big inning, the sixth, when they scored all of their runs. Poorman, Wilson catcher, started the ball rolling when he opened the inning with a single through second. Then followed singles by Bachman, Batchelor and Miller, a double by Wynn and a triple by Harkrider, aided by a walk to Conrad and a pair of wild pitches to bring forth Wilson's seven-run parade.

Wilson collected eleven hits off the combined pitching of Benjamin, who pitched the first four innings, and E. Smith, who pitched the last three, while Proud held Kewpees to eight bingles. Proud aided in his team's offensive with a triple and a single. Harkrider, Wilson third baseman, and Hargreaves, Kewpees second baseman, also hit triples.

Score by innings:  
Wilson ..... 000 007 0—7 11 3  
Kewpees ..... 400 000 0—4 8 1  
Batteries—Proud and Poorman; Benjamin, E. Smith and H. Smith. Umpires—Wainwright, Gleason and Dokey.

## LIONS PLAN TO ESTABLISH 11 SPAD COURTS

Merchants to Sponsor Popular  
and Inexpensive Game on  
Downtown Courts.

The Safety Committee of the Lions Club of Buchanan plans to establish eleven Spad courts for playing the game of Spad. The plan is to locate the courts as centrally as possible and as near to the business district as space may be available. Several merchants have agreed to sponsor these courts and to select a group of four young people who will comprise the club for that court although others wishing to use the courts will be permitted to do so without charge. The name of the merchant sponsoring the court will appear on the netting of the court.

It is planned later, when the players become more or less skilled in this game to have contests between the various Spad clubs. Club No. 1 might compete with Club No. 10 and Club No. 11 might compete with Club No. 5 and so on.

The courts for Spad measure eighteen by forty-four feet and space of this area appears to be available in several places close to the business section of Buchanan.

Spad is a game somewhat like tennis. The net is set five feet high. The racquets are much lighter than those used in tennis and instead of a ball as in tennis the projectile is termed a "bird."

When some centuries ago the Spaniards sailed around India to the Orient, they discovered the Chinese maidens playing a game which we know as battledore and shuttlecock. This game was brought back to Spain and developed into the game called Spad. They termed it Spad because the handling of a racquet in playing the game they thought was very much like fencing with their spadron or broadsword. So they called the game spadron and eventually spad.

Some hundred years later the Earl of Badminton traveling thru China also was fascinated by the Chinese battledore and shuttlecock game. He brought the idea back to England and so it developed into the game of Badminton. In practice Badminton is usually known as the "inside" game and Spad the "outside" game. That is Badminton is played indoors and Spad outdoors. This is due to the character and weights of the "birds." The Badminton bird weighs only 68 grains and drifts easily in the wind when played outdoors. The Spad "bird" is slightly heavier, running from 80 to 125 grains according to the speed and skill of the players and is so made that it whirls in the air like a rifle bullet thus defeating to some extent the drift from the wind.

The Spad court may be any level place eighteen by forty-four feet. It does not need to be smooth like a tennis court, because the bird does not bounce. The equipment consists of two posts between which is stretched a net five feet high, four racquets, a few birds and a court marked out of the proper dimensions.

It is believed that this enterprise if developed in Buchanan as it has been in other parts of the country will add an attractive feature to the social and business life of Buchanan.

## BLUES DEFEAT BISONS TO HOLD 2ND PLACE BERTH

Come From Behind in Last In-  
ning to Nose Out New Buf-  
falo at Liberty Hts.

Staging a thrilling ninth inning rally, the Buchanan Blues held possession of second place in the Community Baseball League when they downed New Buffalo by a score of 8-7 at the Liberty Heights diamond Sunday.

It was one of those thrilling contests where the lead changed hands several times but it happened that in the last half of the ninth the Blues were trailing by a score of 5 to 7. It was then the Buchanan Blues put on the pressure to pull the game out of the fire by garnering three runs.

Deinger came up in the first half of the ninth and cracked a single into right center field. Letcher walked and Deeds singled to right, scoring Deinger and advancing to second on the throw in. With Letcher on third and Deeds on second, Helemann came up and drove a liner over second base scoring two runs to sew up the ball game.

Glenn Jesse started on the mound for the locals and pitched 5 2-3 innings, when he was relieved by Dan Topash. Jesse allowed seven hits, struck out three and allowed no walks. Topash allowed two hits, three walks and whiffed five.

E. Herrbach went the route for the Bisons and was nipped for a total of 14 bingles, struck out 7, and issued four free passes.

J. Helemann was the outstanding sticker for the Blues garnering five safe singles in five trips to the plate. Letcher proved his worth by getting three out of four, and Letcher connected for two out of three.

A. Herrbach led the batting for the losers getting three safe blows in four official times up.

Next Sunday the Blues travel to Three Oaks to do battle with the league leading Three Oaks Greens. If the Blues can eke out a win here, they will move up to first place again. In their previous tilt the locals won 6 to 4, so this tilt next Sunday is expected to be a dog-eat-dog affair.

gram at Washington will be part of the daily program. Instruction in the regional pageant in which the troop will participate will be given. Each troop will have the privilege of visiting other troops and examining their methods of camping, type of equipment, and witness the programs they put on for camp fires. The route of travel will take the boys through the Eastern territory in the daytime.

## LAST MEMORIAL OF SPENCER & BARNES FURNITURE CO. DISAPPEARS WITH BURNING OF BUILDING SATURDAY

Firm Moved from Buchanan  
in 1890 to Benton Harbor;  
A. Richards Re-opened  
Local Plant.

Flames which destroyed the old Spencer & Barnes factory building on Paw Paw avenue, Benton Harbor, late Saturday evening, wiped out the last memorial of the old furniture company which was begun here and which once played a principal part in the industrial life of Buchanan.

The Spencer & Barnes Furniture Co. was organized by B. H. Spencer and John E. Barnes, and its original building was located where the Days avenue plant of the Clark Equipment now stands. In 1890 Benton Harbor offered a substantial bonus and the firm moved there, leaving the building and some equipment here.

J. E. Barnes retained an interest in the plant here. When Buchanan offered a bonus of \$2,500 for the opening of the local plant, Barnes called in Alfred Richards, then employed in the finishing room of the Benton Harbor plant and offered to turn over the bonus to him if he would take over the operation of the plant. Richards accepted and Henry D. Smith, then also an employee in the finishing room, went with him as foreman of the finishing department here.

Richards re-opened the plant

## WELFARE AGENT STATES PLAN OF OLD AGE PENSION

Pensions Granted at Present  
Only to Those 70 or Over;  
Over 65 May Apply.

County Welfare Agent Don R. Pears, who also is chairman of the Old Age Assistance Board in Berrien county, made the following announcement recently in connection with the filing of applications for old age assistance:

"The office of the County Welfare Agent in the court house is the clearing house for every new application for old age assistance. From this office the completed applications are forwarded to the district office in Kalamazoo. Before we can forward these new applications they must be complete in every particular on both the front and reverse sides, with the signature of applicant properly notarized.

Considerable misunderstanding has arisen, according to the county agent, as to whether or not persons who filed applications under the old "Head Tax" act need to re-apply. This is not necessary, it was pointed out. Only those persons who have not previously filed an application need to do so at the present time. The old applications are still in effect.

All applications received by the Old Age Assistance board in Berrien county have been forwarded promptly to Lansing or more recently to the district office in Kalamazoo. From the district office the applications will then be referred directly to the investigators in the various counties. The present investigator in Berrien County is Mrs. Fred Null, 818 Ogden Ave., Benton Harbor. Other members of the Old Age Assistance Board in Berrien county besides Mr. Pears are Probate Judge Malcolm Hatfield and James T. Clark, St. Joseph.

While the law permits the filing of applications of persons who have reached the age of 65 years or upwards, the Old Age Assistance Bureau has as a question of policy established the age of 70 years for investigation and payment. Persons under 70 but not less than 65 may apply but the cases will not be investigated at the present time, according to word received here, and no assistance will be granted except to those who have reached their 70th birthday.

Application blanks for old age assistance may be obtained from the county welfare agent, St. Joe, and when completed should be mailed or returned to him.

## S. B. AIR SHOW BENEFITS LOCAL AVIATION CLUB

Richard Schram in Charge of  
Sale of Tickets in Berrien  
County for Aug. 3-4.

Richard Schram has been named in charge of ticket sales for the Midwest Aviation Exposition to be held at the South Bend air port on Aug. 3-4, part of the proceeds going to the Niles-Buchanan aviation club, organized among the members of the FERA ground school of which Schram is instructor.

Four men who fly the oceans as casually as most motorists ride the highways will meet in South Bend Bendix municipal air port during the Midwest Aviation Exposition and it will mark the first time that either team has met at an air show since it flew together.

The four modern Magellans of the air who have promised to take part in the two-day show being conducted under the supervision of the City Aviation Commission are James Mattern and Bennett Griffin and Roger Q. Williams and Lewis A. Yancey.

Mattern and Griffin, while essaying a globe-gridding hop, were forced down in Siberian wastes and lost for days.

Williams and Yancey are remembered for their successful New York to Rome flight.

There also is a possibility that another team of world fliers, Clyde Pangborn and Hugh Herndon, Jr., may attend the exposition. And it would be their first joint appearance at an air show since they successfully circumnavigated the globe after being jailed in Japan and landing without running gear near Wenatchee, Wash.

Strange as it may seem none of the three teams have ever been reunited at an air show, although the reason is not estrangement, which has split up so many air-adventurers after fame has faded on them.

Pangborn and Griffin are now planning the first attempt to make a non-stop hop around the world, the take-off being scheduled this fall. At present Griffin is in the development section of the air commerce bureau of the U. S. department of commerce. Mattern is head of the aviation department of an oil company. Williams and Yancey are flying representatives of manufacturers. Tickets are on sale in Buchanan at the Princess Ice Cream Parlor.

Bailwich Ramblings—South Bend has a budding sidewalk cafe at a drug store corner on Marion street and Main street.

Solitary beach umbrella housed on the sidewalk shades a refreshment table with four chairs.

Then over at Leeper park one of those semi-pro wallowing open ball games, four home runs for two sides combined in 2 innings.

Seed fluff from cotton wood trees in the park flying along like snow, catching in fir trees and flopping them up Xmas tree style.

Couple of mothers lustily spanking their restless toddlers only meagerly protected by hot weather shortsies.

Unbeaten National Standards of Niles keeping up winning streak, Sunday snuffing out South Bend Simons Co. team, cagey and alert from ringlets to heels they stage batting spears enough to lope over.

A wiley "southpaw" masters the mound.

## FORD V-8 TRUCK

THE money you actually MAKE on your crop is what's left over after you pay your hauling cost and labor costs out of the money you get for it. The more money it costs you to haul your crop, the less money you actually CLEAR.

THIS year... do your hauling with a Ford V-8 Truck. With V-8 Performance, you can get your crop to market in faster time. You can make

longer hauls to better markets without spoilage... and get better prices. And with V-8 Economy, you can CLEAR more money.

Ask your Ford dealer for an "on-the-job" test... with your own loads, over your own roads, and compare V-8 Performance and V-8 Economy, with the truck you now own. Your Ford dealer invites you to make this test without cost or obligation.

## Before the Storm — and After! If It Had Been Your Barn --- Then What?

The owners of this beautiful piece of property had the good business sense and the foresight to have Windstorm Insurance with this 50-year-old company.

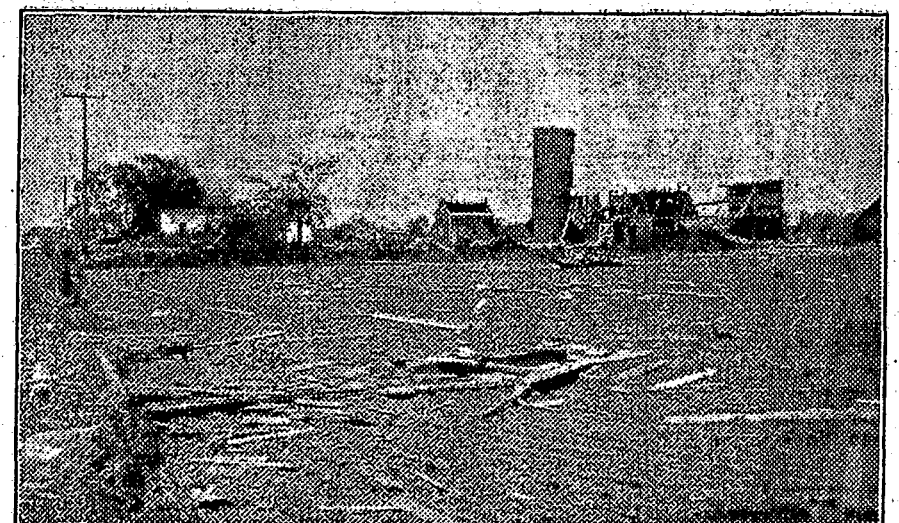

Year after year the frequency of severe windstorms in Michigan should impress every property owner with the importance of having windstorm insurance against loss.

If you have no Windstorm or Cyclone insurance write us at once or see one of our many agents --- you cannot know how soon just such a storm as the one that wrecked this barn may destroy your property in a like manner.

This Company Paid This Policy-holder Over \$5,000.00

This fine barn belonged to Theo. C. and Pearl Curtis, Sec. 3, Mundy township, Genesee County. This was of A-1 construction and as you see by the above picture was always kept in best of repair. No barn was ever better built to resist wind than this.

This is the same barn as shown in the opposite picture just after the cyclone of May 23, 1935. The destruction was complete and this picture shows all that remains of this 32x54-32x50 foot barn. The loss to the barn and other property amounted to \$5,112.00, paid June 11, 1935.

Among the Bible citations is this passage (Matthew 7: 7, 8): "Ask, and ye shall find; knock, and it shall be opened unto you: For everyone that asketh receiveth; and he that seeketh findeth; and to him that knocketh it shall be opened."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p 322): "It is easier to desire Truth than to rid one's self of error. Mortals may seek the understanding of Christian Science, but they will not be able to glean from Christian Science the facts of being without striving for them. This strife consists in the endeavor to forsake error of every kind and to possess no other consciousness but good."

Arrows Defeat  
Berrien Springs  
Reds 8-4 Sunday.

Davis allowed but five scattered week ago by dropping a close, hard fought game to Millburg, won his first game for Johnnie Hittle's Buchanan Arrows at Grove Park, Berrien Springs, Sunday, by speedballing his way to victory over his former teammates, the Berrien Springs Reds, by an 8 to 4 score.

Davis allowed by five scattered hits and struck out nine Red batters. He bore down when Berrien Springs threatened and save for a short-lived Berrien Springs rally in the ninth, in which two of their runs were scored, was master of the situation throughout the contest. Gill pitched for Berrien and yielded ten hits, including triples by Davis, Lewis and Mangold. The latter led in his team's attack with three hits out of five.

The greatly strengthened Shoreham club of St. Joseph, which the Arrows defeated 7 to 5 two weeks ago, will again furnish the opposition for the locals next Sunday afternoon at Athletic park.

## AT THE THEATRE

**"GO INTO YOUR DANCE"**  
10 STARS • 7 SONGS  
A First National Picture

**Mammoth New  
Musical Opens at  
Hollywood Sun.**

"Go Into Your Dance." First National's latest musical spectacle, opens at the Hollywood theatre starting Sunday, with Al Jolson and his wife, Ruby Keeler, co-starring.

This is the first time Jolson,

the famous Broadway singer who introduced talking pictures to the public, and Miss Keeler, one time musical comedy star who rose to fame in two years on the screen, have ever played together before. Their team work is said to be remarkable.

The picture is based on a story by Bradford Ropes, author of "42nd Street." It is intensely dramatic in spots, with hilarious comedy situations and a glowing romance.

Spectacular dance numbers in which scores of Hollywood's most beautiful chorus girls take part.

There are seven song hits in the picture, written by the ace team of Warren and Dubin. These are sung by Jolson, Miss Keeler and Helen Morgan, famous torch singer.

The story concerns a Broadway entertainer, who is barred from playing in New York because of his readiness for "white" women and the "politics." The staging of big comeback leads through love tangles, thrilling situations and a dramatic denouement.

Claire Trevor, sultry blonde star, plays opposite Low Ayres in Fox Film's hilarious comedy, "Spring Tonic" at the theatre on Wednesday and Thursday of next week. She enacts a bored and spoiled heiress who runs away from her wedding in search of real romance.

Spencer Tracy has, for the first time in his career, an out-and-out comedy role in Fox Film's "It's A Small World," showing Friday and Saturday. He portrays a wise-acre lawyer whose car is smashed in a head-on collision, and who tries to get his revenge on the girl in the case by making use of an ancient law to claim the debtor's body.

**San Diego Fair  
More Scenic Than  
Chicago Says Hanlin**

The San Diego exposition exceeds the Century of Progress exposition at Chicago in beauty, if not in extent and variety of exhibits, according to M. L. Hanlin, who returned from a visit at the first named exposition last week, having made the trip in company with his daughter, Miss Helen Hanlin and sons, Philip and Harold.

They made the trip with a personally conducted tour of 73 managed by the Northwestern railway, going by rail to Riverside, Calif., where they were embarked in buses. They spent only a day at the exposition, going on to Caliente, Mex., and visiting points up the coast to San Francisco.

The San Diego exposition buildings are all of classic type, resembling more those of the World's Fair of 1892 than the futuristic designs of the 1933-34 exposition of Chicago. The buildings are all white, depending for color on beautiful lighting effects. The results from the standpoint of beauty are much more effective than in Chicago, according to Hanlin.

**Camp Madron is  
Presented with  
American Flag**

The fourth week of scout camp, Madron Lake, because of the large attendance, was chosen as the time of presentation to the camp of a large new American flag.

The flag was the gift of the late Mrs. E. Noll of Dowagiac, who for the past seven years was the cook at the camp and who passed away this spring.

All the older scouts at the camp miss her very much as she acted as a sort of camp mother and a good friend to them all.

The flag was flown at half mast for the day in her memory.

The scouts chosen for the color service were, Philip Pollock of Dowagiac, Bob Habicht of Buchanan and Donald Klusman of Chicago. The presentation was made by Scoutmaster Leo Slate.

**ZENZAL STOPS ITCHY  
RASH IN 3 MINUTES**

Don't suffer the torture and torment of a burning and itching skin any longer. Just stop into Corner Drug Store and say ZENZAL. Take it home and apply as directed. Then watch the clock. If ZENZAL doesn't stop that itching and burning in three minutes bring the tube or jar back and get your money.

WILSON IS STILL  
AHEAD AT END OF  
WEEK'S PLAY

**Dairymen Hard Pressed by  
Clarks; Rudliff Leads  
Loop Batters.**

As the Buchanan softball league enters its ninth week with a game tonight at Athletic park between Chevrolet and D's Cafe, Wilson Dairy is out in front with an average of .778, having won seven and lost two games in the season's play to date.

Clark Equipment Co. is in second place with six wins and two losses for a standing of .750, and Riverside Ramblers are in third place with .667. Other clubs in the league have standings as follows: Chevrolet, fourth, .500; I. O. O. F., .444; D's Cafe, .250; Days Ave. Merchants, .222.

Rudliff, Rambler pitcher and outfielder, is still leading the league batters with an average of .556. Wynn, Wilson Dairy infielder, is second in league batting with an average of .524, and Cover, Fox Film's hilarious comedy, "Spring Tonic" at the theatre on Wednesday and Thursday of next week. She enacts a bored and spoiled heiress who runs away from her wedding in search of real romance.

Hardline of the Ramblers is the only player in the league to get more than one home run in the first eight weeks of play. He achieved the feat twice.

Base pilfering was not a pronounced feature of the first eight weeks' play, there being but 12 during that period.

The program the following week is as follows: Tonight (Thursday) Clarks vs. Days Ave. Merchants; Friday night, Wilson Dairy vs. D's Cafe; Monday night, Chevrolet vs. I. O. O. F.; Tuesday night, Wilson vs. Clarks; and Thursday night, Aug. 1, D's Cafe vs. Days Ave. Merchants.

## Round About Buchanan

**Stewed Roses**  
Something unusual happened in the weather line last week, when a combination of heavy rain followed by severe heat literally cooked all the roses in town in bloom and other flowers as well. A beautiful display of Regal lilies at the Phay Graffort home was entirely destroyed. Hard rains followed by temperatures approaching 100 in the shade did the business.

M. L. Hanlin, recently back from a trip to the Pacific coast, has been everywhere and seen everything on the North American continent. He says that the greatest trip on the itinerary is that up the west coast into Alaska. Hanlin has been from Mexico City to Labrador and from Florida to Nova Scotia and Alaska.

## Greenblatt's Fur Salon Redecorated

The H. Greenblatt Company, Inc., manufacturing retail furriers at 230 South Michigan street, South Bend, will hold a formal opening of their fur salon, just redecorated for autumn, on Thursday.

Living models will display an extensive line of fashionable fur garments styled for next winter.

The interior is beautifully done in tones of French grey, maintaining a pleasing, light, cool atmosphere and is carpeted in a deep plum shade. The furniture and drapes carry out the same color scheme of French grey combined with plum shade. New lighting fixtures and mirror treatment in the side panels are used. The entire store is air conditioned.

The active management of productive sales is personally supervised and in charge of the Brazy Bros., viz.: David M. and Nicholas M. Brazy. Keeping constantly in touch with the leading fur stylists throughout the country and by personal contact with each individual customer, as well as hourly supervision of their work rooms, enable them to render a service equalled by few firms in the fur garment business, it is said.

An office on the balcony overlooks the floor which is seen thru two latticed portholes. On the second floor is a daylight factory where a complete line of fur working machinery is installed, with space for 50 employees. Adjoining the factory in a dressed-fur storage vault, skins are kept to be processed into fur coats. Another vault for the storage of customer's fur coats is in the basement of the building. This vault is constructed of metal, lathe, brick and plaster and is scientifically cooled.

Mr. Brazy states: Fashion-wise women will certainly appreciate the wide variety of exquisite styles in fur coats this fall. From the 32-inch strollers or Trotteurs to the 45-inch swaggers there are a great assortment of furs for sports and daytime wear. Then, too, the swaggar with a slight variation becomes the formal or dress coat in addition to the silhouette full-length high waistline effect.
