

CALL MEET FRIDAY ON PWA PROJECTS

Now Here's the Proposition

Seems like if them Buchanan fellers sell us tucker to get drunk on the least they could do would be to furnish a decent jail to sober up in.

It wouldn't be so bad to have to treat rugs if it weren't for all the trouble of thinking up answers to the neighbor's smart cracks.

Famous Last Words Yes, I know where you're going on your vacation, but what are you taking a vacation from?

On Blacksmiths and Chestnuts Under the spreading chestnut tree the village blacksmith stands and lies about the fish he caught, and measures with his hands. You say there is no chestnut tree? Tut! tut! my friend, fish! fish! Just hark the chestnuts that he tells about his catch of fish. The mouldest chestnuts in the bunch is when you hear him say: "I had one hooked that weighed eight pounds, but gosh! it got away."

Where the Redbud Trail is Winding Where the Redbud Trail is winding And the St. Joe river flows There are spots of scenic beauty Restful nooks you ought to know. Screened around by nature's foliage

Fleeced by sun rays peeping thru And the song birds' lovely voices Seem like music just for you. From the grind of constant toiling Would you like to steal away And commune with Mother Nature If its only for a day?

There is joy for all the family For the lovers young or old. Where the Redbud trail is winding By the banks of old St. Joe. —Walvæ Wassine Annis.

Fish Bigger Than Boy Joseph Hill, age 7, Springfield, Ill., who is visiting his grandparents, Mr. and Mrs. J. L. Richards this summer, confirmed his claim to the title of being one of the best anglers on Clear Lake by landing a 16-inch black bass Saturday. Young Hill has a consistent fishing record this summer, outclassing most of the adult fishermen, including that veteran disciple of Isaac Walton, Joe Richards. He is a business-like angler, using no sinker but watching his line closely and going into action vigorously when he gets a nibble. He caught two fine blue gills immediately after landing his bass.

Recreation

A local softball team, 14 years and under, went to Niles Thursday and defeated a team there 25 to 1. Niles came here for a return Friday and was defeated 4 to 3.

A Buchanan softball team defeated a Cassopolis team 7 to 1 here Tuesday afternoon.

Two local softball teams from the two age groups will play in Niles this afternoon and return games will be held here tomorrow. The decathlon will be held next Monday, Ralph Allen furnishing prizes.

The city is building a spad court at Athletic park. A team of four Niles tennis players will meet four local players in four singles and two doubles at the Athletic park this afternoon.

Contests will be held again Friday at Athletic Park with William Brodick providing prizes. The girls will hold a grandmother's costume contest. Boys under eight will hold a boat building contest and boys over eight will hold a horse shoe tournament. Playground equipment purchased by the city for Athletic park has arrived.

WIND, LIGHTNING DO DAMAGE HERE

Mathie Home Struck; Rumsey Poultry Flock Killed.

Wind and lightning accompanying the heavy rain Tuesday evening damaged buildings, trees, power lines and crops west of the city. Wind blew down the poultry house at the Bert Rumsey farm west of Lake Madron, killing nearly all of his flock. He lost 200 chickens in a wind storm two years ago. It also blew down his porch and a large tree in the yard. At the Grover Rose farm nearby part of the roof was blown off the house and glass was blown in in windows and doors.

Lightning struck a large tree, 2 1/2 feet in diameter, near the Bill Colvin summer home at Clear Lake shattering it. Lightning struck the George Mathie home on Terre Coupe, entering the structure near the second story floor and tearing a hole in the first floor ceiling. Mrs. Mathie was in the room, and was covered with plaster but not hurt.

The I. & M. force was busy repairing power lines damaged by falling trees.

BASEBALL

Hittle Arrows Play Strong South Bend 9 Here Sunday

Johnny Hittle's Buchanan Arrows, fresh from a 12-1 victory over the St. Joseph Shorehams a week ago, will meet the strong Reco Athletic club of South Bend Sunday afternoon at Athletic park. Hittle will start his mound ace, Jim Davis, with Bob Rotzien behind the bat. Babe Sexton, Berrien Springs star, will play centerfield for Hittle.

The rest of Hittle's team will line up as follows Sunday: Covert, 1b; Mangold, 2nd; McIntosh, short; Donley, 3rd; Decker, left; Sexton, center; Stelter, right; Pfingst, Liska and Rothfuchs, utility.

Blues Move Into Lead By Win Over 3 Oaks

There was no joy in mudville, alias Three Oaks, Sunday night, for although the mighty Greens did not exactly strike out, none of their hits registered at the home plate, and they were dethroned by the Blues from the title position in the Community League by a 2-1 defeat.

The Blues scored both runs in the fourth inning, when Lester smacked a two-bagger and scored on Loren Morse's single to right field. Morse scored on Letcher's triple into right field. The latter was thrown out when he attempted to stretch his triple to a home run. The local line-up was as follows: pitcher, D. Topash; catcher, A. Topash; first base, Letcher; second base, Louis Morse; shortstop, Delinger; third base, Deeds; left field, Schmidt; center field, Letcher; right field, Loren Morse.

Roe to Enter Dogs in S. B. Kennel Club Show

Four local dog fanciers, Mr. and Mrs. George S. Roe, and Mr. and Mrs. Charles G. Gribble are already making plans to enter their respective dogs, Cocker Spaniels and Wire Foxterriers, in South Bend's second annual all-breed dog show given under the auspices of the Pottawatomi Kennel club on Sept. 7 and 8 in the Granada theater building.

This year the kennel club will present the first 500 dog owners with a choice of either a beautiful vacuum-filled fountain pen or a pair of women's silk hose of a standard make.

A diamond medal tops the list of premiums to be awarded at the South Bend show. This medal will be given to the dog judged the best in the show. Other premiums include cash prizes for all classes, and Wirecraft lamps for best of breed and best of groups. Any person desiring information concerning the dog show the kennel club has offices in the Chamber of Commerce Building, South Bend, or write to P. O. Box 388.

Weekly Parade

Heath Calvin and Jerome Woods of Niles, county highway engineers who had charge of the construction of the Redbud trail, state that they sowed poppy seeds on the sides of the sandy banks last spring but had no catch. The Legion poppies north of the Wynn residence are making a fair show this year and should do better next year after they reseed this fall. "We can think of about a dozen young fellows in Buchanan who were out of work two years ago, all of whom are working now. Who says times are no better? "Honorable mention magna cum laude goes this week to Mrs. Thomas Burks for her bed of petunias about the light pole at the corner of Main and Dewey. It's a nice idea for somebody else to pattern after. "We award the title for the most stylish trees in town to the five elegant walnut trees in front of Ross Batten's home, Days avenue. "Pierce Cauffman says: "I heard a katydid sing and a screech owl holler the other night, so you can depend on frost in six weeks." Which would put it about Sept. 10. "Mr. Alger, the urbane editor of the Berrien Springs Era, was in town Monday, but we forgot again to ask him if that other eminent Michiganander, Secretary of War Russell Alger, was any relative of his. "A High Grade filling station attendant says that Speed Cop Rinker slowed 'em down somewhat on the South Portage speedway. Atta boy, Bobbie. "Joe Roti Roti drove back from Rochester Monday, driving 16 hours straight at a speed of never more than 35 or less than 30. All along the route he kept overhauling highway scorchers who drove 60 miles only to get caught in traffic jams. "Bob Geyer left for California in a covered wagon and on team this morning to try his fortune in the California gold diggings. Or maybe with the Hollywood gold diggers. They'll miss him in the movies. Bob. "Hitory repeats—a horse doctor is located in the old Batchelor livery stable building. Doc Thiele, the new vet, has been here ten days and says business is rushing. "Two maple trees in front of the Sam McClellan home on Oak St. have died this summer from the effects of gas from a gas main which broke there last winter. "The hot sun and rains of the past week have cooked many of the earlier gladiol blooms. "You would hardly expect a neat business man like Matt Keling to have so many files in his display window. "Have you noticed the cotton bolls in the Desenberg store window? They were brought from Georgia by Robert Willard. "We omitted mention last week of Ed Mitchell's prize small-mouthed bass, whose head decorates the window of the Allen Hardware. It is reputed to be the largest fish of the species on record from Clear Lake, weighing 8 1/4 pounds when caught on June 25. "The annual summer barage against stearlings on Moccasin Avenue, Lake and Detroit streets started Tuesday night, with Chief Mitchell commanding the batteries. "In Chelsea 200 watt lights were installed and automatic noise making

SPAD BECOMING POPULAR IN CITY

Several Courts Being Erected in Business District.

The Spad court on Portage street near the gas tank has been kept pretty busy during the past few days, the players ranging in age from eight to eighty. This court is under the supervision of Johnnie Jerue of the Sinclair filling station. A club of four members is being formed who will be the official players in this court. Other Spad courts are to be erected on the Heights and on vacant lots here and there. Work will start soon on two Spad courts on the vacant lot opposite Lundgrens agricultural implement store. One of these is to be operated by Enoch Schram, who has his club organized and they have been practicing in preparation for some contests later on. Birds, raquets and nets for the game of Spad are on sale in Bick Smith's store. No profit is made in the sale of this equipment by Bick Smith or anyone else connected with the enterprise, the object of which is to add to the social, civic and business interest in Buchanan. The plan is to have the birds made by boys or girls who may be interested in learning the art of making spad birds and thus enable them to earn a little money. L. B. Spafford, River street, has instructed several boys in the making of these birds and is making arrangements to give instructions to some others who may wish to learn. The birds usually cost 75c each when bought in a sporting goods store. This cost, it is believed would prevent the game from becoming popular in Buchanan. It is for this reason that the plan has been developed to have some of the members of the clubs make birds and sell them for 15c each.

The development of Spad in Buchanan is an enterprise of L. B. Spafford, chairman of the Safety Committee of the Lions club. Spad is played over a net something like tennis except that a bird is used instead of a ball and the raquets weigh much less than tennis raquets. Birds and raquets may be seen in the windows of Bick Smith's store and that of the Modern Cleaners in Buchanan.

Carroll Wilson Joins Standard Oil Research

Carroll John Wilson received the degree of doctor of philosophy at the commencement exercises held in connection with the closing of the 17th summer session at Notre Dame university Tuesday evening. Wilson received special mention for his dissertation in the field of physical chemistry on the subject, "Electric Movements of Some Organic Compounds." He will leave in a few days for Elizabeth, N. J., to accept a position in the research plant of the Standard Oil Corporation there, where he will start work about Aug. 12. Miss Mildred Wilson, Muskegon, came to attend the commencement.

Fred H. Raedel

Jesse Waterman has received news of the death of his brother-in-law, Fred H. Raedel, 62, former Buchanan business man, who passed away Thursday in Acacia Park hospital. The funeral was held on Saturday and interment made in Acacia Park cemetery. He was located in Buchanan in 1904-5, being engaged in the dry goods and pattern business. While here he married Miss Myrtle Waterman. He is survived by the widow and by three children, Mrs. Gladys Conklin, Frederick Jr., and Dorothy Jean. He and his family visited in Buchanan last summer. He was one of the founders and directors of the Acacia Masonic Cemetery Association. He died on his birthday.

Frederick DiGiacomo

Mr. and Mrs. Dominic DiGiacomo and daughter, Frances, left on Sunday for New York City to attend the funeral of the former's father, Frederick DiGiacomo, who died at the home of his son, Abraham, at Ossining, N. Y., Friday, July 25, aged 90. Frederick DiGiacomo lived with Dominic DiGiacomo here until a little over a year ago, when he went to Union Pier to live with another son, John, and from there to Ossining. Although nearly 90 when he lived here, he walked constantly every day, and sometimes took walks as long as ten miles. Although unable to speak English he always greeted all pleasantly. He had a home in Brooklyn, N. Y., but had lived with his sons in late years. He is survived by the three sons mentioned above, by a fourth son, Guy DiGiacomo, Ludington, N. Y., and a daughter, Josephine Re, Providence, R. I. He was a native of Central Italy.

Hills Corners Holds Vacation Bible School

The Hills Corners Christian church is sponsoring a Vacation Bible School, to be held from Aug. 5 to 16, inclusive. This school will be held in the church five days a week from 8:30 until 11 o'clock. Children from four to twelve years of age are invited to attend.

DEATHS

Mrs. Louisa Gilbert

Mrs. Louisa Gilbert, 73, local Gold Star mother, died Sunday evening at her home at 701 S. Portage street, after several years of illness.

She was born in Galien May 31, 1862, the daughter of Isaac and Susan Batten. Her husband, Henry Gilbert, died in 1929. She is survived by two daughters, Mrs. Verma Good, at home, and Mrs. Iva Emmons, Ravenna, Mich.; by one sister, Mrs. Lottie Swank, New Carlisle; and by seven grandchildren.

A son by her first marriage, Leland Nickerson, died in 1918 in service in France.

Funeral services were held Tuesday at 2:30 p. m. from the Church of Christ with Paul Carpenter officiating. Burial was in charge of the Ralph Rumbaugh Legion Auxiliary.

Engene Chartoir

Eugene Chartoir, 70, was found dead in his garden at his home on Main street Monday afternoon, death probably being due to a heart attack induced by heat. He had gone to hoe asparagus early in the afternoon. When his wife called at 3 p. m. and he did not answer, she went to hunt him and found him lying on the ground, having apparently been dead some time. He was born April 4, 1865, in Alsace Lorraine and came to America as a boy, settling first in Chicago and later buying a farm at Edwardsburg. He sold the farm in 1926 and came to Buchanan. He married Catherine Sturm in Chicago in 1888.

Surviving are the widow and three children: Mrs. W. D. Ellis, Hastings; Mrs. J. S. Williams and Mrs. George Steininger, Brookfield, Ill. The funeral will be held from St. Anthony's church at 10 a. m. this morning, with Rev. Father John D. Day in charge.

Fred H. Raedel

Jesse Waterman has received news of the death of his brother-in-law, Fred H. Raedel, 62, former Buchanan business man, who passed away Thursday in Acacia Park hospital. The funeral was held on Saturday and interment made in Acacia Park cemetery.

RELIEF WORKERS PLAN PROTEST

Say Relief Work Stops After Bulk Farm Work Done.

Local men who have been employed on relief projects are discussing the advisability of sending a memorial to Dr. William Haber, State Emergency Relief director, setting forth their views of the indefinite suspension of all relief projects which went into effect Thursday. It was stated in the notice of suspension that this was preliminary to transferring the workers to the PWA set-up and that in the meantime the workers could get employment at berry picking and other farm work. The local workers state that the berry picking was almost over before the suspension came, and the same was true of haying, which is the other main source of farm work. The PWA projects have, on the whole, not even been allowed yet. They state that the complaints that relief workers would not go out on farms have been exaggerated; that farmers have for the most been accommodated with the help they required. They state that relief workers have not all been satisfied with the wage of \$1.50 per day and two meals, alleging that farmers are working in the shops on the jobs formerly held by relief workers and expect to operate their farms with occasional labor at less than half of shop wages.

Veterinary Surgeon, Dentist Locates Here

Dr. and Mrs. L. W. Thiele, former residents of Galien, have moved to Buchanan, and in a few days will be located in the former Dr. Crawford property at 116 N. Oak St. At present they are located at the Rex hotel. Dr. Thiele, veterinary surgeon and dentist, is known to many in this territory having practiced his profession in the country hereabouts several years ago. Since leaving Galien he has been in various parts of the country as a U. S. veterinary inspector. He is equipped to care for all animals, either large or small, and offers prompt service on either day or night calls.

Coureur des Bois Used St. Joe Main Avenue of Fur Trade in French Regime 200 Years Ago

Among the forgotten men of the past of Michigan are the gray race of freehunters known as coureur des bois, who made the St. Joseph river in common with other streams of the fur region an avenue of trade and an artery of commerce from two to almost three centuries ago. Antedating the historic coming of white men, it is likely that many years before the famous expedition of LaSalle was made from the mouth of the St. Joseph river to the portage near the present site of South Bend they plied their trade here, rowing up the stream to the rhythm of the famous Canadian boat songs, the words of several of which have come down. The records of old Fort St. Joseph south of Niles report occasional coming of these boatmen or voyageurs as they were known. Almost unknown because the romance of their exploits was never embodied in literature, their story makes the fables of Robin Hood and his gang of merry woodsmen pale in comparison. Translated from the French, the word "coureur des bois" means "runners of the woods." They were at once the outlaws, the servants and the allies of the French government of Canada. Outlawed because they defied the restrictions on fur trading and "bootlegged" furs to the English traders of the south who paid more, they were yet indispensable to the French, for they only knew like a book all the waterways, the portages and the Indian trails of the western woods and waters. The French authorities placed a price on their heads and

Rev. Brunelle Off to Vacation at Alamosa, Colo.

Rev. and Mrs. W. H. Brunelle left Monday for a month's vacation at Alamosa, Colo., to return Sept. 4. They will visit there with Rev. and Mrs. William H. Thompson, the former having been a classmate of Rev. Brunelle in the McCormick Theological Seminary. They are driving out and back.

ROOT SECURES BOXING LICENSE

State Commission Oked Bouts Held at Pavement Dances.

The management of the Wednesday night pavement dances is now officially privileged by the state boxing commission to stage wrestling and boxing bouts, according to A. S. Root, who received such notification Monday. At the beginning of the dances Root had been assured by Commissioner Bonine that it would be allowable to stage bouts if no admission was charged. The state body reversed this opinion and it became necessary to raise a fee of \$25 for a license. Local business men contributing toward this fee were William Brodick, Ralph DeNardo, Bick Smith, Cleve Strang, Donley Brothers, M. P. Snyder, Herman Kujawa, A. S. Root. The managing committee wishes to thank these men for their co-operation. Bouts which were scheduled for last night were: Boxing Red Miller, Buchanan (130) vs. Bud Barker, Bridgman (130). Young Hemphill, Buchanan (130) vs. Paul Barker, Bridgman, (130). Bud Sheeley, Galien (160), vs. Moss, Buchanan, (160). Anyone who wishes to enter a boxing or wrestling bout should see A. S. Root who will arrange the match.

Michigan Woodmen to Picnic at Berrien Spgs.

MERSON CALLS OPEN MEETING

Citizens to Assemble at Legion Hall at 7:30 p. m.

An open meeting will be held at the Legion hall Friday evening at 7:30 p. m. pursuant to call by Mayor Merson for the purpose of giving opportunity for discussion and expression of opinion on the question of installation of sewers and a sewage disposal system as a PWA project. Mayor Merson said that the city commission had not decided the extent of installation in the event that the city takes advantage of the federal offer of 45% grant, but would be in a receptive mood for any ideas that might be offered on that subject. A committee of the city officials went to Kalamazoo last week to confer with PWA regional heads there as to the terms of the offer and will have information on that point to offer Friday evening. A good attendance is urgently desired.

Orchard Hills

Members of the Orchard Hills Country club held a stag party at the club house Friday evening, with about 75 present. Included in the evening's entertainment was a fish fry, with Lake Erie perch being served, together with the trimmings. Those present are enthusiastic in their praise of the evening's feed and fun. Buchanan men who will compete in the second and final flight of the Orchard Hills handicap golf tournament next Sunday are Ted Lyon and Bill Bohl. Lester Lyon and Harold Hamlin lost in tie games decided by the toss of a coin. G. C. Vanderberg, L. B. Stevens and Lester Miller were defeated in the handicap play in the past week. The pairings for the last flight and the strokes handicap given are as follows: Malcolm Hull (bye), Roy Zellers (2) vs. F. S. Balley, Jack Carrigan (3) vs. Harry Schick, Boll Johnson (3) vs. Harry Nicholson, Carl Frazee vs. Cy Funk (12), Harry Zimmer vs. Bob Zellers (4), Dr. Chittenden vs. Harry Owen (12), Phil Hadsell vs. Carl Eilason (16), Earl Goon vs. Dave Lowe (8), Ted Lyon vs. Cap Grathwohl (18), Ralph Power vs. Bill Bohl (9), Frank French vs. Harry Christensen (1).

The Orchard Hills 8 man team was defeated in their return match at Dowagiac Sunday afternoon by a score of 11 to 9. The results of the individual matches were: Eilason 2, Huller 1, Kroll 2, White 0, Funk 0, Franklin 3, Hamilton 0, Langley 3, Owen 0, Place 2, Zellers 2, Black 0, J. Hess 8, Messervau 0, Bohl 0, Brown 2. The championship at Orchard Hills has come down to the final flight in all three divisions. In class A, which really represents the club championship, the remaining contestants are "Swede" Eilason and "Cap" Grathwohl. The winner of class B will be either Henry Zimmer or Cy Funk, while the leadership of class C will be fought out between Dave Lowe and Harry Schick. These final contests are for 36 holes and may be held any time prior to the close of play on October 6. The loving cup awards will be presented to the winners by the defeated finalists at the windup dinner for ladies and gentlemen at the club house the evening of Friday, October 11.

County News

The Benton Harbor fruit market is doing its best business in five years, according to Manager R. D. Kreiger. A total of 290,358 crates of strawberries were sold for \$395,767.95.

An excursion of fifty farmers from Massachusetts and New York made a tour of the Berrien County fruit section and visited the Benton Harbor market Saturday. The excursion was sponsored by the Eastern Farm Bureau, and came by rail to Niles, where two buses conveyed them over the county. It was greeted at Niles by Waldo Phillips, Decatur, president of the Michigan farm bureau, by County Agent H. J. Lurkins, A. J. George, member of the Michigan Farm Bureau board, and others.

Preliminary plans were made at a meeting held in Benton Harbor Thursday evening for the formation of the Indian Hills Kennel club to include dog fanciers from Berrien, Cass and Van Buren counties. Several members of the Pottawatomie Kennel Club of South Bend were present to aid in the organization. The next meeting will be held Aug. 14. Officers elected were: president, Dr. J. E. Bacheller, St. Joseph; secretary, Harry Laity, Benton Harbor; treasurer, John Arneat, Benton Harbor.

City Manager H. G. Crow of St. Joseph has made public a list of 27 streets of that city which may be paved under the works progress administration if the taxpayers will agree to their proportionate share of the cost. Citizens are asked to bring in signed petitions for such improvements.

William H. Chuchuknecht, Benton Harbor, sold the first local pears on the Twin City market Wednesday, July 24, his offering being 5 bushels of sugar pears which brought \$1 per bushel.

Notice of a \$10,000 automobile accident damage suit against Samuel Ravitch, Benton Harbor, was set forth in the petition for appointment of an administrator for the estate of Miss Nila Weller, 19-year-old Niles girl, filed with Judge Malcolm K. Hatfield in the Berrien county probate court Saturday.

The girl met her death when struck by Ravitch's car on US-31 south of Niles a week ago.

Her estate is listed as a \$10,000 automobile accident claim. Her grandmother, Mrs. Elizabeth Weller, Bertrand township, is the only heir.

The petition was filed by Attorney Casper Grathwohl, Niles.

AT THE THEATRE

"Naughty Marietta" Most Exciting Musical Film of the Year

Music, romance, stirring drama; spectacle blend in one of the outstanding screen productions of the year in "Naughty Marietta," Metro-Goldwyn-Mayer's haunting screen transcription of Victor Herbert's masterpiece playing at the Hollywood theatre Sunday, Monday and Tuesday.

The charming music of the great composer, as sung by Jeannette MacDonald and Nelson Eddy playing the leading roles in the picture is heard against a thundering background of drama. The setting of Louisiana, pioneer struggles, the "Marriage Auction" of St. Louis of the old Creole days, of the capture of the Casquette girls by pirates, their rescue and other gripping dramatic details are woven into a story that, aside from music, provides an epic recital of the founding of one of America's most romantic cities.

Amid the drama runs romance, and with it such great song hits as "Ah, Sweet Mystery of Life," "I'm Falling in Love with Someone," "Chansonette," "Tramp, Tramp, Tramp," and others of Herbert's immortal airs.

EXTRA "LIFT" IN H-C means 1 to 3 more miles per gallon... say Sinclair Dealers

WHAT you want in a gasoline is power. And extra power gives you extra speed—quicker pick-ups and more miles per gallon.

The engineer's measurement of power is in terms of lifting. In engineering terms, a single gallon of H-C has the potential energy to lift 99 million pounds one foot. In this picture of power you can see at a glance what "99 million foot-

forward—and get it stepped on by a gangster mob that wants plenty of music and no words! George Raft and Ben Bernie and all his lads in "Stolen Harmony" and "Black Sheep" makes up the double feature, starring Edmund Lowe and Claire Trevor.

Coureur Des Bois on St. Joseph 300 Yrs. Ago

veled in bright colors, both in boats and in personal dress. They usually wore red shirts of flannel or cotton cloth, leather or corduroy breeches, with an outer garment, half coat, half blanket, colored blue and equipped with a hood, and known as a capote. They often wore outside the capote a red worsted vest that clasped it tight. On their heads they wore cloth caps of gay color, ending in a hanging tassel, sometimes decorated with gold cord or feathers. They loved, when on shore, to decorate their persons indiscriminately with clusters of brightly-colored ribbons, the ends flowing free.

When on a voyage they could row tirelessly all day, although their big birch canoes were usually equipped with a sail, which they hoisted when they could and napped while the wind propelled them.

The canoes were made of birch bark, sewed with spruce fiber and sealed with resin. They were from 30 to 40 feet long and from 5 to 6 feet wide. They were capable of carrying a crew of eight and three passengers and could sustain four tons in the water, although so light that two men could carry them.

The names coureur des bois and voyager were often used interchangeably although the former was applicable to activities on land and the latter on water. The voyager camped each night beside the stream and resumed his oars at dawn. The boat was halted about 9 a. m. for breakfast

on shore. The voyage was then resumed and maintained until sundown, except for five minutes intervals every two hours for a pipe, and a short pause for a lunch on the boat at noon. The morning meal was usually soup made of peas and beans or hulled corn, with pork boiled in it, and hard bread. On the trips into the Canadian north the rations were limited to a quart of hulled corn or hominy plus a half pint of bear's grease or oil. Detroit was a principal center for the preparation of hulled corn for this trade.

Although profane and licentious in life, the coureur des bois yet maintained a rude reverence and it was common to stop for a short prayer at the confluence of streams or when passing a cross on the river bank which marked a coureur des bois grave.

It was not unusual for the boats to travel the main rivers and lakes in fleets of 30 to 40, with 200 voyagers rowing, and stories that have come down comment on the appearance made by the colored boats and picturesque costumes and the wild notes of the boating songs.

Among the most noted leaders of the coureur des bois was Deloit, who sometimes had 400 and 500 men in his band, and after whom the city of Duluth was named.

ANOTHER INTEREST "PAY DAY"

For Our Thrifty Depositors

A "dividend" has just been credited to the account of each one of our savings depositors, in the form of interest. This is as much a Dividend as though you had clipped a coupon from a bond, or had received a dividend check.

During a period when many investors are receiving no dividends, savings depositors are still receiving interest, with 100% security of principal. At a time when the interest yield even on Government bonds is the lowest in history, savings depositors with their money always within easy reach, may well consider themselves fortunate in their choice of an investment.

MORTGAGE SALE
 Default having been made in the conditions of a certain mortgage made by William O. Donley and Clarice N. Donley, husband and wife to the Industrial Building and Loan Association, a Michigan Corporation, dated the 12th day of March 1929, and recorded in the office of the Register of Deeds of Berrien County, Michigan, on the 13th day of March 1929, in Liber 165 of Mortgages on page 83, by failure to make installment payments of principal and interest at maturity and for four months thereafter, whereby the mortgagee elects and declares the whole of the principal and interest now due and payable as provided by the terms of said mortgage.
 The amount claimed to be due on said mortgage at the date of this notice is the sum of \$2305.56, of principal and interest and the further sum of \$35.00 as an attorney's fee provided for in said mortgage, and no suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof.
 Now therefore, NOTICE IS HEREBY GIVEN, that by virtue of the power of sale contained in said mortgage and the Statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described therein, or so much thereof as may be necessary to pay the amount so as aforesaid due on said mortgage, with six per cent interest from the date of this notice, and all other legal costs together with said attorney's fee, at public auction, to the highest bidder, at the front outer door of the Court House in the City of St. Joseph, Berrien County, Michigan, on Monday, the 16th day of September 1935, at ten o'clock in the forenoon.
 The premises to be sold are situated in the City of Buchanan, Berrien County, Michigan, and are described in said mortgage as follows, to-wit:
 Commencing fifty (50) feet East of the Northeast corner of Lot ten (10), Treat's Addition to the Village (now City) of Buchanan, thence East forty five (45) feet, thence South one hundred (100) feet, thence West forty five (45) feet, thence North one hundred (100) feet, to the place of beginning.
 Dated June 18th, 1935.

State News

Grover C. Dillman, state welfare director, is resigning that post to accept the presidency of Michigan College of Mining and Technology, Houghton, Mich.

State Attorney General Harry S. Toy threatened a state-wide investigation of the slot machine racket with possibilities of a grand jury investigation. Action was precipitated by the attempt of Bert Kane of Clare, to replevin a slot machine confiscated by state police.

Former Governor William A. Cohnstock was restored to the head of the Democratic Old Guard of Michigan Friday when the state committee adopted a resolution 40 to 4 reading its former chairman, Elmer B. Ohara, out of the party. Cohnstock announced that under no circumstances would he run for governor again. The support of the committee was pledged to Frank Murphy, high commissioner of the Philippine Islands if he agrees to resign his \$18,000 post there to run for governor. It is reported that the national party leaders have asked Murphy to run for governor to relive Michigan up with the Democratic party.

Fitzgerald Recommends Liquor Law Changes

There must be a change for the better in state liquor control. Gov. Fitzgerald submitted before the state liquor commission Monday eight far-reaching recommendations for change, asking that they take effect early.

Changes recommended were:
1. That enforcement be turned over to the state police. This would entail the dismissal of 68 commission inspectors. Commissioner Oscar G. Olander of the department of public safety would be authorized to select between 30 and 40 men to take the place of the inspectors. They would be chosen entirely on a basis of merit and without regard to political affiliations. Warnings would be issued to local enforcing agencies that they must do the major share of enforcement work and if they fail the state police would step in.
2. Immediate removal of all screens or other obstructions to a clear view into drinking establishments from the street.
3. Prohibit the serving of drinks in booths. The governor charged that establishments in which drinks are served to young persons in booths are "ruinous to morals."
4. Reduce the number of the liquor commission employees by at least 150 within 30 days. There are now 937 employees. The governor asserted the commission is over-stuffed.
5. Reduce the number of state liquor stores to not exceed 75. There are now 102. In this connection the governor recommended

"Love" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, Aug. 4.
Among the Bible citations is this passage (Acts 28:3, 5): "And when Paul had gathered a bundle of sticks and laid them on the fire, there came a viper out of the heat, and fastened on his hand. And he shook off the beast into the fire, and felt no harm."
Correlative passages to be read from the Christian Science text book, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 243): "The divine Love, which made harmless the poisonous viper, which delivered men from the boiling oil, from the fiery furnace, from the jaws of the lion, can heal the sick in every age and triumph over sin and death."

that any established druggist who wants one should be given a retail distributor's license.
"For the life of me," Mr. Fitzgerald said, "I cannot see why any established druggist is not as much entitled to a license as another."
6. Establish a news bureau in the commission. The governor declared the public has been misinformed relative to the activities of the commission because of conflicting expressions from members and employees.
"If there is anything to cover up," he said, "I want to know what it is. I want the people to have the facts, whether good or bad. There should be a central news source from which unbiased facts can be obtained."
7. Rigid inspection of all licenses to eliminate "holes in the wall" and undesirable drinking places. The governor recommended that local authorities be asked to check on all such establishments. Members of the commission indicated that when new licenses are issued the city of Detroit as well as outstate communities will be asked to approve every license. Under the law licenses may be issued in Detroit without local approval.
8. Immediate installation of a business manager to take charge of the state's liquor business and operate it on a strictly business basis.

School Aid Act Now Law

The Thatcher-Saur school aid law, Act 192 of the Public Acts of 1935, amends the provisions of the Thatcher-Saur Act of 1933. The Thatcher-Saur Act provided for the distribution of \$16,000,000 of school aid from liquor taxes and excess sales tax allotments. The new act provides for the distribution of (1) increased allowances of aid for elementary schools, (2) the direct payment of high school tuition to the receiving districts, (3) increased transportation allowance, and (4) the requirement that district boards must levy at least two and one-half mills of tax on general property for school purposes other than for debt service, capital outlay, and school board salaries. The amending act provides that state aid must be used for the same expenditures for which the two and one-half mill tax is levied.

The following questions relative to the new act have been asked most frequently:

1. What amount is appropriated under the Thatcher-Saur Amending Act?

The Thatcher-Saur Act provides for the distribution of \$36,404,000 in 1935-36, \$37,400,000 in 1936-37, and \$38,000,000 annually thereafter from the general fund. Since these amounts are taken together with the primary school interest fund apportionment, the net appropriation will be the total amount for each year less the primary school interest fund. The amount of the primary school interest fund is estimated to approximate \$14,000,000 for each year of the next biennium.

2. Why is the primary school interest fund included in the total?

The primary school interest fund is included in the total to offset a possible decrease in the fund thru the functioning of the 15-mill tax limitation amendment.

3. Will the distribution of the primary school interest fund be changed in any way?

The distribution of the primary school interest fund will be made on the basis of the number of children in each district between the ages of 5-19 inclusive. This is a constitutional provision and will be unaffected by the new act.

4. Will the entire amount of the distribution be prorated?

Act 257 of the Public Acts of 1935 authorizes the governor to prorate all appropriations for the ensuing biennium. This provision cannot apply to the primary school interest fund, which is governed by constitutional regulations. Accordingly, only the net appropriation will be subject to the prorate provision. Estimates of revenue in relation to appropriations indicate cuts may be from five to ten per cent.

5. Has the state repealed the law making it mandatory that boards of education in districts not maintaining an approved high school pay high school tuition?

Act 226 of the Public Acts of 1935 repeals the mandatory provision that tuition up to \$60 must be paid by boards of education in other than approved high schools. This act also provides that boards may, under vote of the people, provide tuition above \$65 and in those districts bordering other states, boards may pay the actual tuition to legal high schools, receiving reimbursement the following year.

6. How will the tuition be paid?

The tuition for 1935-36 will be paid at the rate of \$65 for each non-resident pupil in school in 1934-35, direct to the high school. Tuition will be paid in addition to the regular net amount of aid given on membership.

7. Is this high school tuition payment deductible from the amount of primary money that the rural district is eligible to receive?

The high school tuition money is taken from the state aid money distributed under the Thatcher-Saur Act.

8. Is tuition allowance given for non-residents below the ninth grade?

Districts voting to close one or more grades are required to send their children to other districts. Reimbursement for tuition up to \$40 per child is included in the gross allowance of the sending district after a two-year period. In the meantime the district will receive whatever aid it would be eligible to receive if the school were kept open.

9. Are districts having less than 800 children on the census limited in the amount of aid they may receive?

Districts having less than 800 on the census are limited to specific amounts based on the number of teachers and number of pupils. These limitations conform to the amounts previously spent by these districts. The districts having their high school tuition paid by the state fall within this classification.

10. What limitations are placed on districts having less than five teachers in elementary school and less than five teachers in high school?

An elementary school having one teacher and less than 12 pupils in average membership is limited to a gross allowance of \$65 for each child. An elementary

school with one or more teachers and having from 12 to 44 pupils in average membership is limited to \$750 for the first 12 pupils plus \$9 for each additional pupil. All elementary school having three or more teachers and from 60 to 120 pupils in average membership is limited to \$1962 for the first 60 pupils, plus \$40 for each additional pupil. An elementary school having four or more teachers and from 90 to 180 pupils in average membership is limited to \$3162 for the first 90 pupils, plus \$55 for each additional pupil. To ascertain the net amount of state aid it is necessary to deduct from the amount of these gross allowances, a sum equal to a two and one-half mill tax on the equalized valuation of the property within the district, plus primary school interest receipts, plus tuition receipts, if any.

High schools having one teacher and from 15 to 85 pupils receive an allowance of \$975 for the first 15 pupils in average membership plus \$30 for each additional pupil. High schools having two or more teachers and from 30 to 85 pupils in average membership will be given an allowance of \$1600 for the first 30 pupils plus \$40 for each additional pupil. High schools having three or more teachers and from 45 to 80 pupils in average membership will receive an allowance of \$2550 for the first 45 pupils plus \$50 for each additional pupil. High schools having four or more teachers and from 70 to 105 pupils in average membership will receive an allowance of \$3800 for the first 70 pupils plus \$68 for each additional pupil. These amounts are in addition to the net allowances for elementary schools inasmuch as the deductible items are subtracted but once for each district.

11. What is the gross allowance for elementary schools having at least 150 elementary children in average membership and five or more teachers?

The gross allowance is computed at \$48 for each child in average membership. The net appropriation of aid is secured by subtracting a sum equal to a two and one-half mill tax on the equalized property valuation of the district, plus primary school interest fund receipts, plus tuition receipts, if any, from the gross allowance.

12. What is the allowance for high schools having at least 95 pupils and five or more teachers?

The allowance for high school pupils is \$65 per child in average membership. This allowance is in addition to the net allowance for the elementary school inasmuch as the deductible items are subtracted but once for each district.

13. What grades are considered as elementary grades and what grades are classified as high school grades?

In districts teaching only the first eight grades all pupils are classified as elementary. In districts teaching classes above the eighth grade the pupils in the grades from the kindergarten to the sixth inclusive are classified as elementary and in all other grades taught, up to and including the twelfth grade, pupils are classified as high school pupils.

14. What allowance is provided for transportation?

Township school districts, rural agricultural school districts, and districts voting to close one or more grades are allowed an additional amount for transportation up to \$40 per pupil. It is necessary to levy the maximum tax rate allocated by the county allocation board to be eligible to receive this transportation allowance. The amount allowed is based on the amount legally spent for transportation two years previous. The state board of education is given authority to designate routes over which children are transported, the suitability of transportation vehicles and the distances that children are required to walk.

15. Is an allowance made for sub-districts of township school districts?

The act provides that the superintendent of public instruction may grant an additional net allowance of \$500 for each sub-district school maintained in a township school district provided such a school is necessary and at least 80 per cent of the pupils attend the main or central school.

16. Upon what dates will the money be paid?

The act provides that the money shall be paid in three installments. These installments are to be made on the first days of the months of October, January, and March. One-third of the distribution to be sent out each time.

17. From what officer does the school district receive its state aid?

The law now provides that the Thatcher-Saur aid, the primary school interest fund, and library money shall go direct from the county treasurer to the school district treasurer. Formerly these funds went through the township treasurer's hands also.

18. How will the county treasurers know the names and addresses of school officers? County commissioners are charged with the duty of providing their

respective county treasurers with lists of names and post office addresses of all treasurers, presidents, secretaries, moderators, and directors of all schools in their county on or before the last day of August in each year.

19. For what purpose may a school district use the Thatcher-Saur school aid money?

The money may be used for any purpose for which school money may be spent except "for the purpose of acquiring, purchasing or leasing any site or sites, or addition to any site, for school houses, libraries, museums, agricultural farms, athletic fields and/or playgrounds; purchasing, leasing, acquiring, erecting or building and equipping such buildings or any addition thereto, for school, library, or museum, or for use in connection with agricultural farms, athletic fields and playgrounds, paying salary or compensation to any member or officer of the board of education or school board of said school district; or paying any principal and/or interest on any indebtedness of said school district."

20. Must the school district levy a local property tax to entitle it to receive state aid, provided the district is eligible to receive state aid after the deductions have been made from the gross allowances?

To be eligible to receive aid a school district must levy two and one-half mills of local property tax for purposes for which the Thatcher-Saur aid may be used.

21. Does the requirement of a two and one-half mill levy change the minimum millage of four mills allowed schools under Act 62 of the Public Acts of 1933 as amended?

Allowed schools under Act 62 of the Public Acts of 1933 as amended? Allowed schools a minimum of four mills, is still in effect. The two and one-half mill requirement has nothing to do with determining the minimum allowance for schools under the millage allocation act.

22. Upon what year are computations made?

All computations except for the payment of high school tuition, are based on reports made two years previous to the actual distribution of state aid money. This procedure is necessary since the state aid is computed prior to Sept. 1. On this date the annual reports for the immediately preceding fiscal year are unavailable.

Round About Buchanan

John G. Holmes has the following to say about the Spencer & Barnes factory:

The first starting of the Spencer & Barnes furniture business was by a man named Allen in the second building south from the wagon works, some time before the erection of the two story addition on that works. He got his power from a steel cable from the wagon works. After a time he was joined by Benj. Spencer, and they rented the building owned by Alfred Richards, in making light stuff, such as "what-dots," and turned it over to them with the shafting and power, which was a portable style of engine. They later bought out the Richards interest and used the real property until they felt they wanted to enlarge and there they asked Buchanan to give them a lift, which it did not do. The idea was "We do not have to pay Spencer & Barnes to stay here. They will not move." But they did move.

J. G. HOLMES.

Three 100-Year-Old Chairs
There are three chairs in Buchanan each of which was brought here in the neighborhood of 100 years ago, doubtless making the trip by wagon, and each of which is undoubtedly over 100 years old.

The story of the coming of one of these chairs at least, is known in some detail. In the late summer of 1835, Aunt Johanna Howe, then 90 years old herself, came to Portage Prairie, with her son, Frederick Howe, the grandfather of Frederick Howe and Mrs. May Lister, South Bend Road. In order to accommodate the old lady, the chair which is now the valued property of Mrs. Lister, was placed in the covered wagon, the legs and back having each been sawed off to permit it to go under the cover. Here she sat during the journey, with an old Bible, also still in Mrs. Lister's possession, on her lap. The chair still has the old splint-bottomed seat in which Aunt Johanna sat.

Another chair now in the possession of Mrs. Harry Binns, was brought to Michigan by her grandfather, the father of the late Ashley Carlisle, having originally stood in the lobby of the hotel he maintained in New York State.

For a time the chair stood in the old tavern on the Chicago road in Edwardsburg, where Ashley Carlisle was born. It was brought to the Carlisle home in Buchanan, now occupied by Dan Carlisle. During his few years of invalidism before his death at nearly 90 years of age, Ashley used to sit in the splint-bottomed and splint-backed chair.

A third chair is the property of

Mrs. Nettie Pitcher, and is perhaps the oldest of the three chairs. Fairly well authenticated tradition holds that it was the property of the grandmother of Schuyler Colfax, who was born in 1823 and died in 1895. Colfax was a newspaper man for many years in South Bend, and was vice president under U. S. Grant from 1869 to 1873. He was related to the Matthews family into which Mary Day, the daughter of Andrew C. Day, was married. It came down to Mrs. Pitcher from Mrs. Mary Day Matthews. Colfax was a frequent visitor at the Day home in Buchanan and gave the chair to her.

The chair is rudely made and is fastened together with wooden pins. A board seat now replaces the original splint bottom.

Elm Tree Dies
The great elm tree on Moccasin avenue in the rear of the home of Mrs. W. F. Runner, mentioned a few weeks ago as one of the largest trees of the city, 12 feet 4 inches in girth, is now apparently dying, all of its leaves falling.

The Dutch elm disease is reported to be destroying elms thru-out the east and in many places in Michigan. An elm tree much admired by the late Joyce Kilmer, author of "Trees," died a few weeks ago of this disease at Larchmont, N. Y. The tree was 40 years old. Its death inspired the following from Ann Marie Bost of New York City:

Mourn not, dear friends,
I go that other trees may live;
Mourn not, for I am old;
My age, it is recorded,
God's finger traced a circle for
each year.

The old must pass, the young
must live.
I have loved life,
Loved sunshine, wind and cooling
rains;
Loved birds—the oriole who hung
her nest

Where she could sing to me.
Robin Lives Over Year
In Spafford Home.

Unique among the bird homes of Buchanan is that of "Snookie," pet robin at the home of Mr. and Mrs. L. B. Spafford. "Snookie" has lived with the Spaffords since a year ago in May, when he fell from the nest in their yard and Mrs. Spafford carried him inside to save him from certain death from cats.

Whether, because of the superior hospitality of the Spafford home or because "Snookie" was more adaptable than other birds, at any event he made himself at home and thrived from the begin-

ning. Last spring Spafford made a house of wire mesh about 4x6 feet in dimension outside the kitchen window on the south side of the house so that "Snookie" could leave the house into an enclosed area of open air whenever he felt like it.

"Snookie" spent much of his time in the cage after it was built but fled into the kitchen in panic whenever the shadow of a hawk or other large bird fell over him. Later the Spaffords tried the experiment of turning him loose out doors, to claim his freedom if he wished it. But "Snookie" merely hopped around the yard all day, and at night he came up on the porch and squalled for admission.

Every morning he comes to his patrons' room and squalls for his morning lettuce. Once fed, he is quiet and goes to his box of earth where fish worms are regularly planted for him. Or occasionally he will follow his mistress around as she gets breakfast, a favorite perch being in the teakettle handle while the water is heating. The bird is quite tame with the family and frequently lights on one of his patrons' shoulders at meal-time and scrutinize any food they may be eating, reaching out and sampling any that strikes his fancy. It is apparent to the casual reader that "Snookie" is badly spoiled.

FORD OWNERS: Use Standard Red Crown—favorite gasoline of the men who demonstrate your car

Ford Salesmen choose Live Power almost 2 to 1 OVER ANY OTHER BRAND

THE Winner
In a recent survey by a nationally-known research organization, automobile salesmen in 25 middle west towns and cities were asked this question by impartial investigators:
What gasoline do you usually use when you demonstrate your cars?
On the basis of this survey, the ratio of gasoline preference per 1000 Ford salesmen is as follows:
STANDARD'S LIVE POWER GASOLINE . . . 179
Second Brand 94
Third Brand 78
Fourth Brand 73
Fifth Brand 70
Sixth Brand 70

The annual Gleason family reunion will be held in Higman park, Benton Harbor, next Sunday.

Kansas School
The annual reunion of the former teachers and pupils of the Kansas school will be held Saturday.

Police report no solution to the identity of the person who entered the home of Mrs. Ida Freeland, 113 Chippewa street, Sunday evening, while she was at church and stole \$75 from the pocket of a sweater hung in a closet. The thief got in by cutting a screen and unhooking a screen door.

Undersheriff Clarence Dunbar was called to the home of John Diment, three quarters of a mile north of the river street bridge on Walton road about 9 p. m. Monday, where he found a woman transient asleep on the porch.
She gave her name as Mrs. Minnie Frances Smith and her address as Harrison, Mo., and said that she was hitchhiking with no destination in view.

Boy Scouts
Dick Habicht of the local Cub Scout troop won the medal for high point man in swimming and diving in the Cub Scout summer sessions of the entire Berrien-Cass area at Camp Madron.

Bill Gregory, Jimmie King, Delbert Root, Edward Pascoe and Eugene Kelley of Troop 80, attended the Lake Madron summer camp last week.

The Berrien-Cass National Jamboree delegates are holding an organization session at Camp Madron this week. Of the local troops, Troop 80 has Eugene Kelley, Edward Pascoe, William Strayer, and Ivan Price and Troop 41 has Dale Lyon, Melvin Campbell and George Semple, in attendance. Bill Gregory of Troop 80 is also attending.

Scoutmaster Leo Slate, Troop 41, had the honor of making the presentation to Camp Madron of the 8-foot American flag donated by the late Mrs. E. Noll, mother of the Scout executive. Mrs. Noll was camp cook for seven years. The presentation was made Monday morning. Bob Habicht was one of the three Scouts assisting in raising the flag.

Arrangements have been completed for the entrainment of the Jamboree delegation from Niles by special coach August 19.
Albert Webb completed the re-

quirements for Senior Life Saving in the last week at camp. Bob Habicht completed the requirements for the Life Saving Merit badge and the Junior Red Cross Life Saving Test.

The Buchanan Cub Scouts, Earl Derflinger, master, enjoyed a hike through the hills south of town Saturday. They are holding weekly meets at 4:30 p. m. Tuesday at the homes of the Cubs. They met this week at the home of Neil Burks, 312 Liberty Avenue, and will meet next Tuesday at the home of George Roberts in the Bend of the River.

Edward Pascoe completed the Red Cross swimmers test.
In the water carnival held July 23, Bob Habicht won the disrobing race, second in the paddle race and third in the obstacle race.
