No Raise A clerk working for a Hebrew clothing merchant in New York City asked for a raise. They replied: "Why do you want a raise? There are 365 days in a year. You work eight hours a day and that is 122 days. There are 52 Sundays in a year and you get them off. That leaves 70 days. There are 14 holidays and two Jewish holidays, and you get them off. That leaves 54 days. You take an hour off for lunch, which makes 14 days, leaving you 40. You get Saturday afternoon off which makes 26 days which leaves you 14 days and I give you two weeks vacation. When in hell do you work anyway?"

Cigarette Discovery (From the New Yorker) Been wondering what the cigarette companies will do with the latest discovery about cigarettes; that they speed up the heart action of unborn babies when the mother smokes. Something has got to be done, that's a cinch. Chesterfields has shown us the little old grandmother reaching for some satisfaction; now it's up to some concern to portray the lift which an embryo gets from a fag. It's a tough assignment, but we have great confidence in the geniuses of the tobacco world. They've never let us down yet.

Commission to Meet The City Commission will meet this evening in special session at which the firm of Cole, Moore & Geupel engineers, will submit plans and cost estimates for city sewers. After a review of the cost estimates the commission will undertake the extent of sewerage undertaking. All home owners or others interested will be welcome at the meeting.

TO HOLD FETE SEPT. 25-28

Farm Product Display, Flower Show to be on Program.

An organization designated for the permanent sponsorship of fall festivals in Buchanan was effected at a meeting of business men and representatives of local organizations held at D's Cafe Monday evening, the date of the first festival being set for Sept. 25-28 of this year.

Officers elected were as follows: Arthur Johnston; first vice president, Phay Graffort; second vice president, C. K. Detrick; secretary, Walter C. Hawes; treasurer, Frederick Smith. The following were named to represent local organizations on the executive council: I. O. O. F., Harry Post; American Legion, M. H. McKinnon; Lions, Harleigh Raymond; Athletic Association, Harold Boyce.

A number of Legion men attending the organization meeting stated that that organization had not planned to hold a fall festival this year but that they would welcome the opportunity to join a new organization designed to permanently stage the festivals.

The festival is scheduled to open Wednesday evening, September 25, and to continue through Thursday, Friday and Saturday. A program of entertainment will be arranged, and a harvest fair of fruits, vegetables and grain will be held under the direction of Kermit Washburn, newly appointed instructor in agriculture at the local high school, and the members of his department. If the festival is not preceded by killing frosts a flower show will be held under the direction of Harold Widdis, who managed two successful flower shows in Bridgman in 1929 and 1930.

HOME OWNERS SAVE PROPERTY

Rush on in County Offices to Pay Delinquent Taxes.

Michigan's thousands of homeowners, responding to the state's appeal to "pay back taxes and save your homes," are rushing to redeem their properties before September 1, deadline for payment of taxes for 1932 and prior years without interest or penalties.

Payments of delinquent taxes throughout the state are twice as heavy as they were a year ago, according to Gus T. Hartman, deputy auditor general. "Fifty-five counties show payments totaling \$588,314 for the week ending August 10," Hartman reports. "In the same period last year, these counties collected only \$206,451. The money is rolling in faster every day."

"Actual tax payments do not tell the real story," he said. "While a majority of property owners are paying their back taxes in full, many are taking advantage of the Moore-Holbeck plan, which permits payment of taxes for 1932 and prior years over a period of 10 years without penalty. More than \$4,000,000 in delinquencies have been put back in the paying column under this plan in the first half of this month and the rush has just begun. This means that small homeowners are taking advantage of the easy payment plan and reclaiming properties which have long been threatened with sale by the Auditor General."

County treasurers all over Michigan report they have their forces working nights and Sundays to keep up with the rush. Many of them have issued appeals to the public to mail payments to avoid long waits in line by paying at the offices.

Mr. and Mrs. Joel W. Baker, New Philadelphia, O., were guests Monday evening of Mr. and Mrs. W. R. Tuttle. Mr. Baker formerly lived in Buchanan and is widely acquainted here. Glenn Koch, South Bend, who has been visiting his grandparents has returned to his home. Mrs. Wm. Hess was taken to the St. Joseph Sanitarium last week for observation.

Clarence Patton Mail Messenger

Clarence Patton will begin his duties as mail messenger for the local post office Friday, carrying mail to and from all mail trains. He was awarded the work as the low man among fourteen local bidders.

GALIEN VOTES \$100,000 SCHOOL

Estimate Increase in State Income will Make Bond Payments.

Taxpayers of the Galien district voted at a special election held in the town hall Monday, August 19, to authorize the construction of a new school house at a cost of \$100,000 of which the federal government will give \$45,000 outright and will loan \$55,000 at a low rate of interest over 25 years.

The following statement was made previous to the election by the Galien board of education: Under the Thatcher-Saur Act with present conditions Galien will qualify for a total of \$10,165 State Aid which is \$6,985 more than last year. The payments for bonds and interest on the proposed bond issue will cost about half the increase in State Aid.

Under improved housing conditions, our district should qualify for the following additional amounts: By the addition of one teacher for the upper six grades, \$1,781. Tuition pupils, per pupil, \$65. For purchase and maintenance of buses, per bus, for operation in addition to the \$300 per bus the district is allowed for transportation the actual cost per pupil up to \$40.

Per Smith-Hughes Vocational teachers per teacher up to \$1,100. To qualify for transportation it is necessary for us to raise our full allocation anyway, and the proposed bond issue can be paid within this 15 mill allocation limit.

Recreation

A treasure hunt for boys and girls from 8 to 12 years will be held at Kathryn park Friday afternoon. A contest will also be provided for those under eight years.

At Athletic park the tennis tournament for the city title is progressing very satisfactorily with matches daily. Catherine Wynn and Caroline Webb won the junior doubles for girls.

Two softball games were played Monday with the Niles Kewpee Jrs. and the Club Cigar store team. Buchanan won the Kewpee game but lost to the Club Cigar store.

A game will be played next Wednesday with a junior league team from Niles.

A special event will be held daily next week at Athletic park. Monday a horseshoe tournament will be held. Entries will be made in the morning, with play throughout the day. Tuesday a basketball tournament will be held. Wednesday a tennis match will be held between two squads chosen from local courts. Thursday bicycle races will be held. Friday softball games will be played between local teams. All these events will begin at 9:30 a. m. Prizes are being donated by Brodrick's Drug store, Buchanan Candy Kitchen, Strang's and Wisner's.

8 Entered in Beauty Contest

Since the bathing beauty contest was held after the Record was printed last night, it is not possible to give the results, but late afternoon weather conditions promised a favorable evening and Manager A. S. Root reported that eight entries had been made as follows: Buchanan, Mary Jane Helemann; Gallen, Cora Jane Beck; Berrien Springs, Mary Shaffer; Niles, Francis Cox; Bridgman, Agnes Ott. The names of the St. Joseph and Benton Harbor entrants had not been furnished previous to the contest.

CLARK EMPLOYEES PICNIC SATURDAY

Transportation by Bus Arranged; Prizes for Contests.

All arrangements are complete for the annual picnic of the employees of the Clark Equipment company, to be held at Indian Field, Berrien Springs, Saturday, Aug. 24.

Elaborate plans have been made and a good program is being prepared. Transportation has been arranged for those who do not have cars. There will be a bus leave the Clark theatre at 9 a. m. and another at 10 a. m. The return trips will be made at 5 p. m. and the last one at 6 p. m., so for those who want transportation be sure and be at the Clark theatre between the hours of 9 a. m. and 10 a. m.

The following is a list of the contests and games to be played during the day, for which very attractive and valuable prizes will be awarded to the winners. So be sure and fill the old lunch basket up and go down to Berrien Springs Saturday, August 24th, prepared to spend the day.

Sponsor for Blind Fund Relief Announce Winners

At the close of the "Flower Sale" held Saturday by the American Brotherhood for the Blind, Mrs. V. W. Cook, who had charge of headquarters, reports that Frank Benak was entitled to first prize, having secured \$2.81. The second prize was won by Mary E. Richards, who had \$2.02. The third winner, Eva Daggett, had \$2.31. The fourth prize was won by Wanda Wideman, who had \$2.30. The other workers were made happy with movie passes.

The sponsors are grateful to those who worked so faithfully all day and to everyone who contributed in any way toward the success of this worthy undertaking.

Real Estate

The Kate Stone property on Days Ave., formerly owned by L. C. Zillyk, has been sold to Mrs. Liza McCarty of Chicago, who has taken possession and is now repairing and remodeling the residence. Victor Puett of Brooks, Ind., has sold his property at Victory and Bluff Sts., to George C. Mills, who will take possession as soon as the present tenants vacate. Both deals were made through the Wonderlich agency. Mrs. Bay Rough has bought the residence property at 108 North Detroit from the Johanna Allen estate and will occupy it as soon as it is vacated by Mr. and Mrs. Arthur Allen.

Mr. and Mrs. Alfred Hall and daughter, Mrs. John Elbers, arrived home Saturday from a conducted tour to Yellowstone and Glacier National Parks and other western points.

Weekly Parade

The Co-op boys are all rigged out in new uniforms with gold labels on them this week. Spad courts are picking up business with cooler weather. Mrs. Clyde F. Shaffer, 902 Victory street, is listed as a winner in a "Boost Michigan" essay contest conducted by a Chicago mail order house. Vern Quinn is herding pigs in a Bethlehem steel mill somewhere in Chicagoland with an office job in sight. "Let Me Call You Sweetheart" was voted the most popular song for community singing in a contest held by the Chicago Tribune and was sung at the Music Festival Saturday night. Ioway is not the only state where the tall corn grows this summer. Pleas Harvel grew broom corn over 14 feet tall at his garden at Oak and Fourth streets. Sign of fall: bunches of dill for pickling in front of the grocery stores. There are several well-landscaped filling stations in town but we wish to return thanks to Messrs. Irvin and Wood for the view from the Record office windows. The second most popular song for community singing at the Chicago Tribune Musicians Festival was "Sweet Adeline" and how they sung it! All they needed to put it over was Glenn Smith as a conductor. A Big crowd from Buchanan saw the two local teams play on the lighted diamond at Niles Tuesday night. Curley Bradfield, former Buchanan boy, who is making good in an (ahem-m-m-m) big town, certainly engineered a nice piece of work in that lighted diamond. Practically all trees planted on the Redbud trail April 15, are now flourishing with the exception of those on the upper side which were smothered by too much shade. Echoes from the heavy rain Saturday: Nell Fuller caught six inches of water in a bucket from the rain; the small creek through the Wynn farm flooded the road, washed out the dirt by one side abutment and washed out three rustic bridges on the grounds of the Wynn home; a big gap was washed in the large sand slide on the side of Moccasin Bluff; no damage to speak of was done to the trail. A second accident resulting from letting the car drift off the road occurred last week, a car running off the shoulder of the highway west of the Hall farm and overturning, burning up. This week highway trucks are filling along the shoulder of the road with gravel.

Co-ops to Face Mystery Nine

The Mystery nine, featuring a blind catcher and an armless pitcher will face the Buchanan Co-ops at Letcher's field next Sunday afternoon and the locals are requesting the presence of all their supporters as they expect a hard game.

They won last Sunday from the South Bend Bears 15-5.

BUCHANAN GETS RESULTS FROM FHA

Many Repair, Modernization Loans Made Here.

Although the FHA housing movement was begun late in Buchanan reports from over the country reveal that the average expenditure per capita here is nearly four times that of the country as a whole.

Loans have been made by the local bank for approximately \$15,000 or nearly \$4 per capita, for modernizing and repair purposes, as compared with a total of \$113,071,642, or less than \$1 per capita for the country at large. Additional loans of \$1500 have been made for refrigeration.

Much of this business was stimulated by a house-to-house canvass which listed the following work needed: painting and papering 380, carpentry 285, masonry 85, plumbing 62, plastering 26, heating 27, refrigeration 16, electric 11, sheet metal 7, purchase 7, refinancing 7, miscellaneous 5.

Contracts for new construction, purchase or refinance under Title 2 of the Federal Housing Act have been delayed by the fact that for such purposes the contract must be approved by the government and the requirements are such that very few contracts qualify. It is required that all such loans be made in urban (city) areas, that the type of housing measure to certain standards, that the plans be drawn by an architect and the work done by a competent contractor for whom the owner may work.

A number of refrigeration plants were installed with FHA loans in the late summer. New businesses now coming up is the installation or repair of heating plants.

Invites Entries for Dowagiac Flower Show Aug. 29-31

Harry Ibbotson, chairman of Dowagiac's Floral Show invites flower lovers within a radius of 25 miles to place their flowers on exhibition in their floral show in M. C. R. park, Aug. 29, 30, 31. Everyone is urged to bring an entry. A class for every kind of flower is provided with valuable prizes. Flowers you have in your garden may be prize winners. Be sure to bring them down before 10 o'clock Thursday, Aug. 29. Have exactly the same amount of blooms as the class calls for in Sec. A. In the other classes artistic arrangement, quality and quantity are considered. Expert judges will pass upon their merits. There will be 75 prizes for winners. Entrants must furnish their own containers.

Round About Buchanan

Ker-Choo! The movement in the hands-chiefs showed a very satisfactory rise the first of the week, according to local dry goods stores, in consequence of the beginning of the hay fever season during the week-end.

The sufferers have been cheered this year by press dispatches stating that the complaint would be unusually severe this year, because of the abundance of ragweed growth in a wet summer. Miss Carolyn Hart, technician in a physician's office in Kansas City keeps vaseline coated slides to catch floating germs and she reported that ragweed pollen was caught unusually early. Last summer the drought cut down the ragweed supply and hay fever sufferers had an easy year.

So the home remedy season is on. It's as inevitable as ragweed—and hay fever. The serum treatment has become general, but still the search for others goes on.

The superintendent of a cold storage plant at Philadelphia once said hay fever could be relieved by visiting the icy vaults. Patrick O'Grady of Kansas City, promptly tried the opposite method. He went to a boiler room despite the summer heat and pronounced himself cured.

In 1913 J. S. Stone, a conductor of an Alabama Great Southern train, was a hold-up victim. He said the fright cured his hay fever.

E. H. Pratt of Kansas City said honey from bees in areas where pollen flow thickest was a fine thing. A man who suffered until he went to Kansas City ate some honey—and promptly had hay fever again. The honey was traced back to buckwheat fields in New York.

Tree Upsetdown This might more properly come under the heading of "Believe it or Not" but on Pottawatomie Island there is a tree growing upside down.

It's this way: About ten years ago Fred Herman pulled up a willow sapling, sharpened the stub of the top and drove it in the ground close to the water's edge to hold a catfish line. The top of the tree took root, the roots turned into branches. The tree is now 25 feet high, but the main branches are plainly discernible as roots at the intersection. The tree is directly in front of the home of Alex Loos.

Boy Scouts

Twenty Scouts and Scout leaders from the Berrien-Cass area, seven of them from Buchanan, left Tuesday noon for a trip to Isle Royale, with Leo Blake in charge of the expedition.

Others from Buchanan who went were Eugene Kelley, Ivan Price, Dale Lyon, Melvin Campbell, George Sempie and Ken Blake.

They went from Buchanan to Chicago, Milwaukee, Manitowoc, Green Bay, Iron Mountain and to Houghton, Mich. At Houghton the party will board the U. S. Seminoles, former battleship and rescue ship at the sinking of the Titanic and go to Isle Royal. Here the party will camp and take trips around the island and visit many of the interesting spots including seeing the country's largest moose herd, exploring the pre-historic copper mines, cruise through Amygdaloid Channel, view nature's wonders—Rock of Ages, Pie Island, Thunder Cape, The Sleeping Giant, Passage Island and many others. On the morning of Aug. 27th, the boat will leave the island making a trip completely around the island, stopping at Washington Harbor, and arriving in Houghton in the early evening. The trip home from Houghton will either be through Wisconsin or will travel through the Straits and down thru Michigan.

The group will camp going and coming on their trip and will visit historical and scenic spots along the way.

Local Men Investigate Operation Gambling Devices.

Evidence that the ban on slot machines and similar devices ordered by County Attorney A. E. Weston on July 9 has never been enforced in several parts of Berrien county, and that large operators have apparently been receiving preferred treatment in such enforcement as has been made was accumulated by several Buchanan citizens, including business and professional men and city officials, who made the rounds of nearby towns and resorts Sunday and Monday.

The investigation was initiated by E. R. Henry, Buchanan, independent slot machine operator, who had formerly carried on outside the alleged protection ring, and whose machines had been confiscated, together with their contents, by representatives of the county sheriff's office, while other machines had continued to operate unmolested or had been apparently protected by "tip-offs" preceding raids, according to the evidence accumulated by the local citizens, who had their findings embodied in sworn affidavits. One of the affidavits stated that the maker had Henry referred to as a "small fly in the soup who would soon be out."

Accompanied by Buchanan men, Henry made the rounds of business houses in Berrien Springs Sunday afternoon, playing seven machines prominently placed in drug stores and cafes. At 2:27 p. m. that day Henry called the office of County Sheriff Charles Miller informing him of the whereabouts and description of the machines operating. Miller stated that he would attend to the matter at once, but the witness remained until 11 p. m. and nothing had been done. Henry stated by affidavit that the slot machine play was visible from the street. At the same time Miller was notified of slot machine operation at Clear Lake, but no action was taken there that afternoon or evening. Later, it is alleged, the owners of the machines came at night and took them away, having apparently been "tipped off."

Henry states that he withdrew all his slot machines pursuant to the order of County Attorney Weston on July 9. Later, he states, a merchant with whom he had formerly placed machines, told him that the authorities were not cracking down on other operators and that he wanted one of Henry's machines. After an investigation of the fact that slot machines were in operation in that town, Henry placed his machine with his customer. Shortly afterward the town was raided, and Henry's machine was confiscated, while other machines were previously withdrawn by the owners who had apparently been tipped off.

On Monday Henry, accompanied by witnesses, again went to Berrien Springs, finding part of the slot machines still in operation.

Late Sunday evening Henry sent a telegram to Governor F. D. Fitzgerald to the following effect: Dear Sir: I, E. R. Henry, a resident of Buchanan, Michigan, notified Charles L. Miller of Berrien county of slot machines working on August 18th at 2:27 p. m., where located and kind of machines, who stated would attend at once. It is now 11 p. m. in which city slot machines are still working unmolested and visible to the public with displayed jack pots, from the street.

Testimony and verification of these facts available. Why is it that other machines are put away and individual machines are picked up and confiscated by police.

Files and affidavits will be completed Aug. 19th.

Yours very truly, E. R. Henry.

"THERE YOU GO ... BRAGGIN' ABOUT THAT FORD V-8 TRUCK OF YOURS AGAIN!"

"SURE I'M BRAGGIN' ABOUT IT... I DON'T SEE HOW I EVER GOT ALONG WITHOUT IT"

"How's it happen you think so much of that truck? What's it got that's different?"
"Well, for one thing, it has an 80-horsepower V-8 engine. That's different . . . and not only different but BETTER! What's more, it has torque-tube drive, a strong, husky frame, a big, new heavy-duty clutch and new brakes that stop quicker and wear longer. But the things that I like about it are the RESULTS of all these features. I'm here to tell you V-8 Performance and V-8 Economy are just what the farmer needs today."

"There's a lot in what you say. Ford ought to know the kind of truck the farmer needs. He's a farmer himself and he's always built a good truck for the farm."
"Yes . . . and he has built MORE trucks than any other manufacturer in the world. Don't forget that! If you're as smart as I think you are, you'll go see the Ford dealer and ask him for an 'On-the-Job' Test of the new Ford V-8 Truck with your own loads, over your own roads. He will let you TRY it before you BUY it!"

Berrien County Record

Published by THE RECORD PRINTING COMPANY
Editor W. C. Hawes
Business Manager A. B. McClure
Entered as second class matter November 20, 1919
Buchanan, Michigan, under the act of March 8, 1879

Attend the Sewer Meeting

Members of the city commission have commented on the fact that although they are considering embarking on a project of more or less extensive sewerage with the assumption that the public will support them, no one citizen of the town has actually ever approached any member requesting that a specific sewer on a specific street be built. Property owners along each street have the full power to decide by majority petition whether their street shall or shall not be sewerage. In the not impossible event that the commission should go to some expense on plans and when the residents should rise up and veto them, it would be, to say the least, embarrassing.

The city commission will welcome the attendance of interested citizens at all regular and special meetings where the sewer question is discussed. They want your opinion now.

Slot Machine War

In the news columns of this issue is an interesting story of a clash between slot machine interests and authorities which took place during the past week-end.

E. R. Henry, Buchanan man who has been manufacturing and selling or leasing pinball machines, and also placing slot machines, states that his slot machines have been confiscated while others have been permitted to run or have been protected from raids by "tip-offs."

Henry asserts that he has protested and has been told by representatives of the sheriff's office that "your machines will not run any more in Berrien county." He states that he was also told that he ought to learn to "play politics."

Henry states that he is being driven out of the slot machine business because he has attempted to "shoot square" and not "divvy" with authorities.

Henry states that the authorities are perfectly correct in saying that his machines will not run any more in Berrien county. He adds that no other slot machines will either.

This should be interesting to watch.

Long Range Business Builders

H. M. Allee, proprietor of the Redbud Inn, states that week-end pleasure-bound traffic has been increasing through Buchanan via M-178 and the Redbud trail this summer, and that considerable business has resulted.

Practically all of the cars carry Indiana licenses and apparently have been diverted to Buchanan by the direct and indirect advertisement for the Redbud trail. They see the sign "Redbud Inn" and stop, usually to inquire, nearly always to buy.

Which emphasizes the fact, never understood, that in the long run such projects are far more dependable town builders and business boosters than sporadic business-boosting projects for immediate returns.

There is fine opportunity for Buchanan to make a small investment in money and effort that will attract more people this way. On the South Bend road, a few rods south of the Michigan Central crossing, there is a splendid opportunity for parking. This road, officially known as M-178 from M-60 to Buchanan, is now the front door of the town. The Indiana tourists all come that way. Practically all Illinois cars now enter town from that direction.

The winding road around the east side of the Chamberlain hills forms one of the most beautiful town approaches to be seen in this section. Nature has done much and the residents along the road have done much. Fred Howse has parked the hill in the rear of his home very attractively.

But in the triangle of ground between the right angle of the old highway and the diagonal of the new, and in the waste ground on either side, is an opportunity for a bit of small-scale but effective parking that would "knock the eyes out" of people entering the front door of the city.

The catch in this is that it is easy to get things of this sort done, compared with the business of getting them maintained. The maintenance would be no great problem, but unless it were definitely arranged for the matter would as well be left alone. That is why Buchanan is slated to have a garden club in the near future.

Back to the Small Towns
(Ed. Note: At various times the Record has expressed the opinion that a slow but sure avenue of development for Buchanan is the attraction here of city people tired of metropolitan bustle who wish a quieter home within two or three hours from the city. A late New York Times article describes a development in that direction actually under way in the east. Excerpts are given below.)

More and more people are being won over to the charms of a house near some small town in the country as a place to spend their summers—an old house which one can do over, bring out its ancient charm, enjoy its mellow quiet, invite one's friends to share, over quiet week-ends amid hills and open spaces, books and open fires.

While summer resorts boom their well-filled programs, between them many a sleepy old town along the country roads of New England and upper New York, towns entirely "unimproved" to the eye of the

casual tourist, has today its own type of summer people—people who alight from open cars, with tops back, before the corner store, where they get mail and groceries and stop on its sagging step to chat with country neighbors.

While tourists charge about the country in automobiles, becoming no part of it, seeing little except the interior of their own closed cars, and while resorts make desperate efforts to fill once more the capacious summer hotels of the

Gay Nineties, quietly, persistently, an element of the population is picking out fine old houses in the country, doing them over, settling down to live what Aristotle would have called "the good life."

Sinclair Lewis, who has traveled through forty-two states, lived in eight, and finally came to live in Vermont, said to an audience of Vermonters at Rutland not long since:

"I like Vermont because it is quiet, because you have a popula-

tion that is solid and not driven mad by the American mania which considers a town of 4,000 twice as good as a town of 2,000, or a city of 100,000 fifty times as good as a town of 2,000. I have found the Vermont hills easier and happier to live with than the Rocky Mountains or the Alps. I can see coming to Vermont people with long vacations, who will establish estates here, doctors, writers, college professors."

each year and promises to be more popular than ever this season, due to the abundance of flowers.

The flower show each year is sponsored by the New Buffalo high school agricultural club. In the past it has been held in connection with the last band concert of the season.

Growers of flowers are especially urged to exhibit. No designated classes are being called for but all kinds of flowers in season are requested.

Completion of the 23 paving and sewer projects, costing \$92,401, for which Benton Harbor home owners have petitioned was assured with the largest appropriation awarded in the Berrien-Cass district under the new works progress administration.

Work is going at a merry clip on excavation in Pavone street between Empire and May, paving on Baird street near Pipestone and storm sewer excavation on Superior street.

Of the total cost, the federal government stands \$37,523.84 and the city \$54,873.01. Labor will amount to \$41,535, the federal government granting \$27,468 to the city's \$13,070.

City Manager H. H. Crowe stated that materials and equipment rental will total \$50,863.91. On this Uncle Sam will pay \$10,055.84 to Benton Harbor's \$40,808.07.

Paving work in the city is attracting national attention. A large number of delegations from various parts of the country have visited the city and have marveled at the success of the groud-filled macadam type of pavement being built.

Girl Scouts Give Farewell Party for Anne Mogford

Troop I, Girl Scouts, held a party Friday evening at the Orchard Hills Country club, the occasion being a farewell for Miss Anne Mogford. Games and dancing were enjoyed, music being furnished by Robert Strayer's orchestra. Twenty four couples were present. Refreshments of ice cream and cake were served. Mrs. Vine Cook, Girl Scout captain, presented the guest of honor with a corsage. Other chaperons were Mrs. Tom Burks, Mrs. Charles Miller and Mrs. A. G. Haslet. Former lieutenants Shirley Rolan and Eleanor Miller were guests.

Is a Man's Place in the Kitchen?

"Yes," says Mrs. Elaine T. Colman, superintendent of women's work at the Michigan State Fair.

The question arose today after David Hipple, Illinois bachelor, was crowned grand champion jam maker at the Cook County, Ill., Fair. Hipple defeated 100 feminine contenders with his lone entry—a jar of blackberry jam. Judges said it was a truly great jar of jam in the sense that Mona Lisa is a great painting and discovery of a great race-horse.

"I am not at all surprised at Mr. Hipple's victory," commented Mrs. Colman. "Last year a Fern-

Speed and Gasoline It is generally known that the faster one drives beyond about 30 miles an hour the more gasoline and oil his engine uses per mile. Figures have been compiled by the United States Bureau of Standards to show just how much the consumption increases with speed. The table, as reported by the American Automobile Association, is based on the performance of an average car capable of going 18 miles on a gallon of gasoline at 30 miles an hour. Here it is:

10 m. p. h.—18.7 miles per gal. 20 m. p. h.—18.9 miles per gal. 30 m. p. h.—18.0 miles per gal. 40 m. p. h.—16.4 miles per gal. 50 m. p. h.—14.6 miles per gal. 60 m. p. h.—12.6 miles per gal. 70 m. p. h.—10.6 miles per gal. 80 m. p. h.—8.6 miles per gal.

In tests conducted at the Indianapolis speedway by the A. A. A. it was found that nearly seven times as much oil was used up at 55 miles per hour as at 30.

Highways Not Built for Speed In his younger days as a racing driver Barney Oldfield established many speed records and since then he has driven thousands of miles as a demonstrator and pleasure tourist. In a statement issued last week the former speed king said: "A mile a minute is fast enough for any one to go anywhere at any time on our present-day public highways." Mr. Oldfield continued:

"The modern motor car is built to go much faster than a mile a minute. Even the lowest priced cars will do 75 to 80 miles per hour without apparent effort.

"Today's automobiles are built for sustained high speeds, but our present-day heavily-traveled highways are not. There are only a few highways in America today where the average motorist can keep his foot on the floor board for any length of time. That's the chief reason why I feel that a mile a minute is fast enough for any one on our present highways.

"Some day we may have one-way super-highways between our leading cities, where a motorist can speed 80 miles an hour in safety, but we haven't got them now."

Railroad Truck Described as a giant delivery truck-car, a new freight vehicle constructed to run on both rails and roads was exhibited last week at the headquarters of the Tad Rubber Co.

By deflating the tires, it was explained, the truck's wheels fitted on rails. At the end of a rail journey, the tires can be inflated and the truck driven on a road. The vehicle was developed by C. C. Nugent of the General Transportation company of Boston and built by the Hendrickson Motor Truck Co. The tires were supplied by the B. F. Goodrich Company. The truck's first freight-carrying trip was from Akron, Ohio, to Cleveland over rails and roads alternately. It was then driven similarly from Akron to Philadelphia to New York and through the streets to the Tad Rubber Company's headquarters.

Labeling Babies Many and various are the methods adopted by institutions to make sure that identities of newborn babies shall not be lost. In Vienna, for example, soleprints are taken. Why not fingerprints? Because it is easier to ink a sole and press it against a flexible card, runs the explanation. At any rate, the lines of the sole are present from birth, it seems, and they are as distinctive as the whorls of a finger.

Branding is the method preferred by some German institutions. Not a hot iron, but ultra-violet rays print initials through a stencil on the skin. The rays come from a quartz lamp—a miniature sun. The sun-burned letters stand out very red for a week at least and then bleach out. Mothers and babies do not remain in maternity hospitals more than a few days.

But the cheapest and most effective method seems to be that which is adopted in the Women's Clinic of Debrecin. The physician in charge cleans the new-born's forearm with ether and then writes its name on the skin with a "human ink," which consists of ethyl alcohol (seven cubic centimeters) diluted with distilled water (three

Among the Bible citations is this passage (Rom. 11:34, 36): "For who hath known the mind of the Lord? or who hath been his counsellor? For of him, and thru him, and to him, are all things; to whom be glory forever. Amen."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 336): "Mind is the I AM, or infinity. Mind never enters the finite, intelligence never passes into non-intelligence, or matter. Good never enters into evil, the unlimited, the eternal into the temporal, nor the immortal into mortality."

1st publication June 20; last Sept 5 MORTGAGE SALE

Default having been made in the conditions of a certain mortgage made by William O. Donley and Charles N. Donley, husband and wife to the Industrial Building and Loan Association, a Michigan Corporation, dated the 12th day of March 1929, and recorded in the office of the Register of Deeds of Berrien County, Michigan, on the 13th day of March 1929, in Liber 165 of Mortgages on page 83, by failure to make installment payments of principal and interest at maturity and for four months thereafter, whereby the mortgagee elects and declares the whole of the principal and interest now due and payable as provided by the terms of said mortgage.

The amount claimed to be due on said mortgage at the date of this notice is the sum of \$2305.56, of principal and interest and the further sum of \$35.00 as an attorney's fee provided for in said mortgage, and no suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof.

Now therefore, NOTICE IS HEREBY GIVEN, that by virtue of the power of sale contained in said mortgage and the Statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described therein, or so much thereof as may be necessary to pay the amount so as aforesaid due on said mortgage, with six per cent interest from the date of this notice, and all other legal costs together with said attorney's fee, at public auction, to the highest bidder, at the front outer door of the Court House in the City of St. Joseph, Berrien County, Michigan, on Monday, the 16th day of September 1935, at ten o'clock in the forenoon.

The premises to be sold are situated in the City of Buchanan, Berrien County, Michigan, and are described in said mortgage as follows, to-wit:

Commencing fifty (50) feet East of the Northeast corner of Lot ten (10), Treat's Addition to the Village (now City) of Buchanan, thence East forty five (45) feet, thence South one hundred (100) feet; thence West forty five (45) feet; thence North one hundred (100) feet; to the place of beginning.

Dated June 18th, 1935. Industrial Building and Loan Association, Mortgagee.

Call WPA Wage Unfair Representatives of building trades unions, meeting at Lansing, adopted a resolution terming the WPA "security wage" program unfair and demanding that skilled mechanics employed on WPA projects be paid the union scale prevailing in local communities. Another resolution criticized President Roosevelt, Harry L. Hopkins and Hugh Johnson for the New York edict of "work for a reduced wage or starve." The meeting also assailed "the efforts of certain persons advocating reduced wages to revive the Building Industry."

September First is the last day to pay your taxes for 1932 and prior years without interest or penalty! AND now, after years of postponement and delay, the time has come for you to pay your taxes. You can't put off this duty any longer. Your peace of mind and domestic security demand it. Fortunate, indeed, are the tax-payers of Michigan. A thoughtful legislature has acted boldly to lighten their burden. Never before has the tax-payer met with such prime consideration. You, who still owe taxes for 1932 and previous years can now pay in the original amount. Although years have passed you need pay no interest or penalties here alone saving yourself from 27% to 45%, and even more. But your law-makers have not stopped at merely cutting interest and penalties. Well they know that debts piled up with the years can not be met over night, even if the totals are reduced. So They Created The "10-Year Plan"! Now you can pay your back taxes for 1932 and prior years so as to take advantage of big and worthwhile savings. If you cannot pay in full at this time you can pay as little as one-tenth and pay the balance over a period of years, with only a small carrying charge. September first is the last day to pay back taxes for 1932 and prior years without interest or penalties. Do not delay! Act Now! Your County Treasurer will quickly tell you the exact amount of your tax. He will accept your payments and restore you to good standing as a faithful tax-payer of a great State. Save Your Home! BY ORDER OF THE ADMINISTRATIVE BOARD John J. ...

They were attended by Mr. and Mrs. Garry Maggart, Bertrand. Mr. Ditto is the son of Mr. and Mrs. George Ditto. The bride is the daughter of Mr. and Mrs. Richard Bower.

The same old trees were in the grove, Where once we carved our names. Our sweetheart's name beneath our own But now no trace remains. A zigzag path led down the bluff I found it straightened where The rustic steps have been replaced By a new and better stair.

The shady paths along the shore Where our young feet once trod, Are being paced by younger ones While we sit on the sod And watch the waves come tumbling in, As whitecapped as before. How man has loved their roaring sound For forty years and more.

The young folks played upon the sand Or swam among the waves The same as we had often done In other happy days Of course we all so hungry grew Just like we used to be And ate our lunch the same old way Beneath the spreading tree.

I wonder where that happy crowd In years to come will be? How many will be far away? Perhaps, beyond the sea We hope that many will return To sit beneath that bough And watch again the white-capped waves Just forty years from now.

V. F. W. Auxillary
The Ladies Auxillary of the Veterans of Foreign Wars spent an enjoyable evening Thursday at the home of Mrs. Francis Holston, north of Niles, several car loads attending.

To Wed Aug. 31
Francis Hiller will arrive Saturday from Houston, Texas, to spend the week-end at the home of his parents, Mr. and Mrs. A. H. Hiller. They will leave for Boston Monday, where Francis Hiller will be married August 31st to Miss Marlon Haynes, West Newton, Mass., a suburb of Boston.

M. E. Mission Society
The Women's Foreign Missionary Society of the Methodist church will meet in the church parlors on Wednesday, Aug. 29, at 12:30 p. m. for their annual pot luck dinner. Following the dinner there will be a business meeting which will close the year's business. This being the final meeting of the year, election of officers for the next year will also be held. Mrs. Koanigshof has charge of the devotions, which open the business meeting. Be sure to attend.

Hopkins Reunion
E. J. Hopkins spent the week-end with his daughter, Mrs. Merle du Pont, and his grandchildren, Richard and Dorothy du Pont of South Bend, on a motor trip to Edgerton, O., where they attended the annual reunion of the Hopkins family. Eighty-two people were present, all relatives by marriage or descendants of the Hopkins pioneers who settled in the northern part of Ohio over a century ago, coming from Crown Point on the shores of Lake Champlain by covered wagon. The day was ideal with cool breezes and bright sunshine. After a bountiful feed served in the shade, of the maples of the park, the gathering was entertained by members of the group in a program of music, recitation, tap and acrobatic dances, and short speeches by those present. After reading the minutes of the last meeting, the record of births and deaths in the past year and election of officers, a softball game of three innings was enjoyed. As some of the attendants were from Pennsylvania and some from Nebraska, they started leaving for the home journey, all planning to return next year.

Happy Go Lucky Shower
The Happy Go Lucky club met at the home of Miss Katherine Kingery Tuesday evening honoring Mrs. Bay Rough with a kitchen shower for her home which she has just purchased. There were many beautiful and useful gifts given. Two of the presents deserved special mention, coming from friends outside the club. The club was very happy to have with them one of their old members, Mrs. R. H. Hinkle, of South Bend.

Mrs. C. V. Glover had as guests Monday, her sister, Mrs. H. J. Stoner and the latter's daughter, Mrs. Lawrence Williams, of Elm Valley.

Mrs. Alleck Lindquist returned to her home yesterday from Pawating, Niles, where she had undergone a major operation.

Dominic DiGiacomo and family arrived home Thursday from Ossining, N. Y., where they had been called by the death of his father. They visited en route home with relatives at Leontia, Pa., and at Youngstown, O.

Rev. and Mrs. Thomas Rice and son, Clarence, arrived home at 8 p. m. Saturday after a trip of six weeks to England. They made the trip homeward from South Hampton, Eng., via Cherbourg to Quebec thence by train to Montreal and thence home by car, in seven days and seven hours.

Mr. and Mrs. Charles Bartman, Battle Creek, were Sunday callers at the home of the latter's aunt, Mrs. W. F. Runner.

Forty Years
By Waivae Wassnee Annis
I attended the Christian Church Sunday School picnic at Cherry Beach on Lake Michigan, Aug. 3. Cherry Beach is the new name for the same old picnic ground where I went when I was young. But I had not been there for many years. Hence the theme for this poem.

We journey to a picnic ground
It's name was new to me.
The old time road was changed
somewhat
And pavements now I see.
When finally we reached the place
I was surprised to know
It was the same old picnic grounds
Of forty years ago.
