S. B. Men Lease Bear Cave For Long Term To Promote as Resort

Now Here's the Proposition

An Aid to Education

There has been considerable surprise in late weeks as to why a certain affable young gentleman who was once frequently seen on West Fourth street nights, disappeared from those precincts and did not reappear until a few days ago.

Here is the explanation. It was a girl (yes, we know you guessed that). The young gentleman is very bright but sometimes he fails to keep his mind on his studies. One evening he was foolish enough to let the girl's mother see his report card. She looked it over critically and then looked over the young gent still more critically. "Looky here," she said, "I don't mind if you pass in your studies with ease but I know that you can't possibly pass with all these E's. You scram out of here and don't let me catch you around again until you can show a better report card."

It seemed to work wonders, for the said youth has progressed in his studies by leaps and bounds and is once again eligible to appear on West Fourth street. It seems like a grand idea. Why don't more possible mother-in-laws work it.

Marvin Gross Plays

At Sun. Night Salon

Marvin Gross was one of the soloists at the opening meeting of the Sunday Evening Salon at the home of Mr. and Mrs. Lincoln J. Carter, Jr., 1327 Sunnyside Ave., South Bend, Sunday evening.

His presentation was described by the South Bend Tribune as follows:

Mr. Gross, who was started on his musical career by Louis Elbel, and who has been studying for the last five years at the American Conservatory in Chicago, and who has had special work under Josef Lheviene, bids fair to place Buchanan on the map musically. He played Scarlatti's Sonata in A for his first number and immediately won the approval of the guests, who were surprised at so much artistry from a 19-year-old pianist.

Later in the evening he was prevailed upon to play again and coffee cups were held and forgotten while he played Chopin, Liszt, Rach and interpreted several of the moderns, as the guests called for many of their favorites. Like many of the older and more experienced artists Mr. Gross felt the informality of the hour and was at his best in his spontaneous numbers.

WILL ENLARGE CAVE PASSAGE

Natural Park Along River to be Cleaned and Improved.

Bear Cave Park, one of the most beautiful spots along the St. Joseph river and increasingly popular in late years as a picnic ground was leased last week by the owner, Mrs. Devine, for a long term of years to H. B. Obermeyer and F. C. Hess, both of South Bend, who will develop it as a resort.

Messrs. Obermeyer and Hess started work with a force of men Saturday, cleaning up the grounds and making improvements which they believe will greatly increase its already considerable reputation. They state that they plan to open the cave this winter, enlarging the passage way to permit comfortable walking to four chambers which have been found back in the cave. They plan either to connect with the Ind. & Mich. power line or install their own light plant and will electrify the cave.

Hess is experienced in this work, having opened up two other similar caves and developed them as scenic resorts. One is in the Crystal Springs park, near Sandusky, O., and now owned and leased out by Obermeyer and Hess. Hess states that Bear Cave park has attractions superior to those of Crystal Springs park and should be a Mecca for tens of thousands of lovers of the outdoors, when properly developed and advertised.

The two men plan to widen the entrance to a two-lane gravelled road, and will change the intersection of the lane with the Redbud trail by moving the junction about 100 feet north of the present location, in order to get away from the dangerous hill in front of the Devine home. They state that they will keep a marshall at the Redbud trail junction when the traffic is heavy. They will use a field to the southwest of the cave for a parking ground, building a bridge across the small stream to enter this field.

They plan to clean out all unsightly brush on the grounds and along the river and will increase the number of picnic tables to 75. The natural amphitheater at the north end of the park will also be improved for open-air meetings of any kind. They will install a concession stand and a small restaurant, and will cater especially to picnics and family reunions. There will be no admission charge at the road as at present, but a small charge will be made for entrance to the falls and cave.

They plan to thoroughly publicize the park, signing main highways into Indiana and to Chicago. They state that this development work will be done in time for the opening next summer. A rustic fence will be built along the river to prevent children from falling in. It is likely that they will provide for speed boat excursions up and down the river.

Bear Cave park has aroused much interest previously, although it has never received the attention which its beauties merit. It is located a half-mile east of the Redbud trail about three miles north of Buchanan. Last spring it was designated as one of seven possible selections for a state park in Berrien County. The lease by Hess and Obermeyer includes the picnic grounds, the cave and falls, the entrance drive, the field south of the falls, and the woods bordering the river north of the picnic grounds.

week.

The first reel, which was released by the Federal Housing Administration several weeks ago created much favorable comment. It was shown in big theatres as well as small ones throughout the country, including Radio City Music Hall, Capitol and Paramount Theatres in New York City and other leading picture houses.

There is a smaller demand for the second reel. These pictures have a strong appeal to home owners because they explain in simple form the workings of the National Housing Act and give surprising illustrations of how homes can be repaired, improved or modernized.

St. Joe Gains

Revenge Victory

Over Bucks 39-0

The undefeated St. Joe eleven trounced the Bucks 39 to 0 on the Buck's gridiron last Saturday afternoon. The Bucks were thoroughly outclassed by the northenders in all departments of the game.

The Bucks only scoring threat came midway in the second quarter when they advanced the ball from near midfield to the St. Joe 12 yard stripe. On the next play Davidson intercepted a Buck pass on his own 15, he tucked the pigskin under his arm and started on a jaunt that took him to the Buck 18 yard line, where he was spilled by Spasek, who had outran all the St. Joe interference and finally nailed the ball lugger. The Bucks put their backs to the wall several times and held back the mighty St. Joe attack.

The outstanding player for St. Joe was DumKe, fullback, who was a cool passer and a nice kicker. He played the whole game while none of the rest of his team played more than three quarters. Collings and Bachman played fine games for Buchanan at end and guard respectively.

B. G. U. Asks Xmas

Aid for Poor Children

The B. G. U. Sorority voted on Tuesday evening to undertake the role of Santa Claus or of Santa Clauses for the needy children of Buchanan this year, and would appreciate aid from anyone who has toys that may be repaired for use, or who may wish to make a cash donation for the cause. Those who wish to aid them in their worthy enterprise should call Mrs. Lester Miller, Mrs. Francis Forburger or Mrs. Jack Boone. The club plans to make a survey of the welfare lists, checking them with the school nurse, in order that no local child may be overlooked on Christmas.

The Rortnightly Book Club will meet with Mrs. A. J. George on Wednesday afternoon, Nov. 6, instead of at the home of Mrs. Kelsey Bainton as had been planned.

Buchanan and Dowagiac Prepare for Scam Nov. 2

Buchanan and Dowagiac will be pitted against each other Saturday Nov. 2, in a gridiron battle that will be a fight from start to finish. The game will be played at Dowagiac.

Dowagiac uses the same system as does St. Joe. They have a strong running and passing attack. They have a tough, scrappy team and last week held Niles to 7-7 tie.

The Bucks will enter the game as the under dog since they have been beaten by St. Joe and Niles by wide margins. The Bucks are improving bit by bit, but Saturday they'll have to fight, tackle and block.

HARVEST 20,000

BUSHEL BALDWIN

House of David Orchard on Range Line Road Has Immense Yield.

Work has been in progress during the past two weeks in loading at the local Michigan Central side track the largest crop of Baldwin apples of this section of the middle west, grown on the Rocky Gap farm owned by the House of David of Benton Harbor, headed by Sister Mary Purnell.

The amount which will be loaded at the local side track is variously estimated at from 25 to 30 carloads, the smaller figure representing well over 12,000 bushels, as the cars hold 528 bushels each. This amount represents the selection in grading from approximately 20,000 bushels of Baldwin apples grown in 45 acres. This acreage is a part of a 127-acre orchard, planted to the various varieties as follows: Baldwin, 45 acres; Dutchess, 35 acres; Northern Spies, 17 acres; Wealthy, 15 acres; 15 acres planted to McIntosh, Jonathan, and Rhode Island Greenings and Delicious. There is also 22 acres planted to young peach trees which began bearing this year.

The entire Baldwin crop which will grade out for the market has been sold to Rubenstein & Co., of Milwaukee, Wis. Of the estimated 20,000 bushel crop several thousand and bushels will grade as cider or cull apples. Foreman Robert Vierzitz, in charge of the farm, now has a force of about 25 engaged in washing and grading the apples in the shed, which is 78 feet long. The washing and sorting machine is over 50 feet in a solution of muriatic acid for two minutes, after which they pass under brushes, are showered with water and finally pass over the grader with a force engaged in culling all defectives in form or color.

At the height of the picking season, which was concluded last Thursday, Oct. 24, about 100 pickers were engaged, most of them coming by bus from Benton Harbor.

About 1500 bushels of Northern Spies were produced this year. A few years ago 3,000 bushels of this prized variety were grown on the farm.

The entire farm comprises 407 acres, on which all kinds of small fruit are also produced. From the time that strawberries ripen in early summer there is a constant stream of products to market from the farm.

The farm is located on the Range Line road about seven miles north of Buchanan, lying between the road and the St. Joseph river. It was bought by the House of David in 1918. The greater part of the apple orchard was planted 27 years ago. The Baldwin trees were planted 40 feet apart and are especially large and productive.

"Buchanan has some of the best fruit land in the country lying idle," said Vierzitz, "with the excellent market that the district has at its own doors there must be many opportunities in that line overlooked or neglected."

State Health

Funeral Rites

Held Monday for

Mrs. Chas. Ryan

Funeral services were held for Mrs. Charles W. Ryan from the home of C. J. Bradley on West Chicago street Monday afternoon, Paul Carpenter of the Church of Christ preaching the funeral sermon.

Mrs. Amanda Ryan, daughter of Margaret and Daniel Cramer, was born in Shelbyville, Ill., Oct. 31, 1858, and is the last member of a family of thirteen children. She was united in marriage to Charles W. Ryan at Phillipsburg, Kansas, Sept. 31, 1884. Mrs. Ryan came to Buchanan in 1916, where she remained a resident until her death, Oct. 26, 1935.

She is survived by her husband, Charles W. Ryan, and three children, Herbert M. Ryan, Mrs. Catherine Bradley, Buchanan, and Mrs. Edna Messer, Chicago; also by six grandchildren and five great grandchildren.

She was a member of the Church of Christ of Buchanan and was baptized by L. P. Nebelung, April 17, 1927.

Bainton Home Sold

To Oak Park Man

A real estate transaction of unusual interest occurred in the past week in the sale of the Charles Bainton residence property on Niles hill to Albert B. Gimlin.

Mr. Gimlin and his family took possession Tuesday, Mr. and Mrs. Kelsey Bainton, who had lived there, moving to the former William Bainton residence on River St.

Mr. Gimlin comes here from St. Joseph, where he has resided recently about a mile south on Lake Shore drive. He lived previously in Oak Park, Ill. He is a traveling appraiser of printing equipment, having recently appraised the plant of the Wallace Farmer and Iowa Homestead at Des Moines and other large properties.

The Bainton residence had been in the ownership of the family for many years. The sale includes the large 12-room house and the immediate grounds surrounding, not including the orchard.

MAYOR'S PROCLAMATION

The annual Roll Call for the Berrien County Chapter of the American Red Cross will begin on Armistice Day, November 11, and end Thanksgiving Day.

Workers who helped in the Roll Call last year lost no time in turning from their solicitation to carry on the year's program of relief for victims of accident, disaster and disease.

They come to us now to remind us that our memberships which will finance the work of another year are due. Since our Red Cross asks so little from the community, and contributes so much, I urge a speedy response again this year.

The Red Cross is recognized by city officials as a potent factor in meeting present needs, and as an agency of incalculable value in the event of possible emergency.

I, therefore, as Mayor of Buchanan, hereby set aside the designated period as the time when all past members are asked to renew their memberships and those who have not before been members add their names to the roll of honor in Berrien County.

FRANK C. MERSON.

26 CITIES TO

BE REPRESENTED

Sessions to be Held All Day in Legion Hall.

A regional Girl Scout Field Institute will be held in the American Legion hall here all day Tuesday, Nov. 5, with representatives from the councils of 26 cities of southwestern Indiana and northern Indiana attending, and with prominent district and national officials leading the meetings.

Mrs. Clarence M. Day, Detroit, chairman of the Girl Scouts of the Great Lakes region, and two members of the national staff will attend the institute, which will be the only meeting of the kind in the state this fall. Mrs. E. C. Pascoe, Girl Scout Commissioner from Buchanan, will preside and representatives from local councils of Benton Harbor, Berrien Springs, Sturgis, Kalamazoo, Galien, New Troy, Niles, Hartford, St. Joseph, Jackson, Coldwater, Allegan, Comstock, Bloomingdale, Watervliet, Decatur, Charlotte, Eau Claire, Paw Paw, Marcellus, New Buffalo, Gobles and Three Rivers in Michigan and South Bend, Mishawaka and Michigan City in Indiana.

A luncheon will be served at noon by Girl Scouts who have achieved the badge of hostess, with a Scout toastmistress presiding. An exhibit of Girl Scout work will be made. On Wednesday, Nov. 6, the state and national field workers present will conduct a session for troop leaders in the local Girl Scout meeting rooms, answering questions which troop leaders may raise.

The program for Tuesday will be as follows:

Field Institute
10 to 11:15—The Group Work Field, Katie Lee Johnson.
10:15 to 11:15—What Affects Public Opinion? Alice Mulkey, (Jameson's Status Study)
Introduction: The necessity for public interest and support.
Discussion on "Status and Social Welfare Organizations," a study of public opinions by Samuel Haig Jameson.

11:15 to 12—"Is Girl Scouting a Socially Recognized Need in Your Community?" Mrs. Clarence M. Day.
(10 min.) The Need.
(35 min.) Group discussions, ascertaining whether or not Girl Scouting helps to meet this need.

Luncheon.
1:30 to 1:50—Brief reports from morning discussion groups, Mrs. Day.
1:50 to 2:20—A Year-Round Publicity Program—Katie Lee Johnson.

2:20 to 3:20—A Symposium on meeting criticisms and using them to the organization's advantage, Mrs. Clarence M. Day, chairman.
3:20 to 3:30—Word of Mouth Publicity, Alice Mulkey.

Girl Scouts to

Present Program

The Buchanan Girl Scouts will present a Girl Scout Week program at the high school assembly at 2 p. m. Friday, Nov. 1.

"SLOW TIME" MAY END THIS WINTER

Clark Equipment Favors Following Probable Action of Chicago.

It seems likely that several years of debate over the question of "daylight saving" will end with the permanent adoption of Eastern Standard or "fast" time in Buchanan in common with other cities of the Chicago district, the permanent change probably becoming effective March 1, 1936.

When a petition was circulated in Buchanan several weeks ago asking permanent retention of fast time, it was temporarily tabled by the city commission pending the settlement of the matter in Chicago and subsidiary cities. It is understood that the Clark Equipment company favored following Chicago, inasmuch as they have more business communications with that city than with any other point. This will of course mean following Chicago in the permanent adoption of Eastern Standard time, if the recommendation of the city judiciary committee adopted Monday is followed by the city council.

A considerable section of the local population has been in favor of the change for several years. The state adopted Eastern Standard as the official time for all elections and other official proceedings and the way of adoption had advanced westward until only a few communities in southwest Berrien county out of the entire lower peninsula remained on "slow time."

It is understood that South Bend and Niles will follow Chicago's action. It seems likely in any event that the "Chicagoand" district will remain on slow time this winter and will change on March 1, 1936 for good and all.

The judiciary committee of the city council of Chicago has been holding hearings for several weeks, the results indicating an overwhelming sentiment there in favor of permanent "fast time." Testimony was submitted by traffic and child health and other experts to show that the change would be of great advantage from a health and safety point of view.

Polls were held in which "fast time" was favored in all but two wards, where the division of sentiment was equal. In some districts the majority in favor of fast time was as high as 90 per cent. It was urged that the change would conserve 210 hours of daylight in the period in which slow time has previously been in order.

The Wilsons Call

On the J. Dempseys

The Record is in receipt this week of a letter from no less person than Jack Dempsey, former world champion glove slinger and now New York City hash slinger with a request that we note that the C. J. Wilsons (The Wilson Dairy Wilsons) patronized his dump while they were in New York City and the visit was mutually agreeable. When interviewed on the matter Mr. Wilson broke down and confessed everything, saying that he and Mrs. Wilson were there one night and viewed the dining room, the Blue Room and the tap room and ate there, in which room he did not say. It was a swell joint, Mr. Wilson stated and well worth anybody's time and money.

Mr. and Mrs. Wilson arrived home Tuesday night, making the trip of nearly 1,000 miles in two days, and looking fine, the fare at Dempsey's and elsewhere having evidently agreed.

They visited two weeks at the home of their son, Carroll Wilson, at Elizabeth, N. J.

City Physician Kenneth Gamble reports an increasing number of isolations for chicken pox, with possibility that a number of cases were not reported. Ten cases have been reported to date.

FEDERAL GOVT. OKEHS PROJECT

Largest Project, Only Sanitary Sewer to be Installed By WPA in Berrien Co.

The installation of approximately 28,000 feet of sanitary sewer in Buchanan as a WPA project has received virtual approval by the federal government, according to county WPA head Morris of Niles, and installation will probably begin shortly after the middle of November, pending only the completion of the necessary legal preliminaries.

Morris stated that the project should employ between 200 and 250 men for a period of at least a year. This will exhaust the list of about 100 eligibles from the city and will require the available unemployed from adjacent districts. Morris stated that he planned to requisition about fifty more of the local unemployed immediately for drain work, pending the beginning of the sewer installation.

The Buchanan installation is the largest WPA project to be allowed in Berrien county and also the only sanitary sewer project in the county. It is highly regarded by WPA officials as of a more practical and permanent nature than a large percentage of projects submitted. Mayor Merson and the city commission have proceeded slowly and cautiously in order to avoid errors in procedure that might invalidate the proceedings.

The estimated cost of the local installation will be \$186,859.21, of which the city will pay \$40,447.58. It calls for the installation of trunk sewers on Chicago, Front, Fourth, Days Avenue and Smith Streets, with feeders on several other streets.

The city has completed the purchase of the former parking lots as reported last week and has also secured an easement through the lot between the Treat store and Boosters, belonging to the Bremer estate, for the purpose of extending a trunk sewer through from Days avenue, through the alley east of the Chevrolet building, and on Short street to connect with the Third street sewer for an outlet. This will carry the flow from Days Avenue, Chicago and Front street trunk lines. The Liberty Heights flow will also enter the Days avenue trunk by Smith street. Portage street sewer has been declared unfit to serve as an outlet.

Several students won prizes at the Halloween party we had last Friday afternoon.

Miss Lila Schau visited school Friday morning. Miss Schau attends Niles high school. Cecil Arnold of South Haven and Naomi Van Lew visited school Friday afternoon.

We are very sorry to have Robert and Harold Lindgren move from our district. They will attend South Bend school after they move.

School begins at 8:45 in the morning and 12:45 at noon now. That lets those having so far to walk have half an hour more to get home before dark.

THE V-8 ENGINE IS ALWAYS IN

Style

THE V-type engine is the kind you find in the cars of people to whom cost means little and style means much.

When the Ford Motor Company introduced this engine to the low-price field, it made one of its greatest contributions to modern, luxurious motoring with economy. But progress did not stop there. Styling, appointments and every other feature of the new Ford were made to match the quality of the V-8 engine.

Without Ford resources and experience this would not have been possible in a

car at so low a price. But you can easily convince yourself that it has been done. You are urged to accept the cordial invitation of your nearest Ford dealer to see and drive the new Ford V-8 for 1936. Your acceptance implies no obligation.

It is part of every man's nature to want to be doing something

worthwhile, to feel that he is doing useful work and getting somewhere.

That accounts for the remarkable change that often comes over a man when he begins to SAVE for a purpose. He stops thinking of life as a humdrum and of his job as a treadmill, because his bank book tells him he is getting ahead.

To Lay New Rails

Installation of a mile of steel rails was completed on the east-bound Michigan Central track through Buchanan last week, about 100 unemployed from points along the line working during the three weeks of the installation. The federal government had loaned PWA funds to the Michigan Central railway to lay the steel in order to promote employment. The funds were loaned by the government at a low rate of interest according to local officials. The pay checks bore an inscription designating the PWA rail installation fund.

New rails were installed on curves at several points along the line to facilitate new fast passenger schedules.

WILLIAM WESLEY PAXTON

William Wesley Paxton, son of Samuel and Margaret Miller Paxton, was born on the old Paxton homestead in the northwestern corner of Buchanan township Oct. 6, 1849, and passed away on the same farm Monday evening, Oct. 21, 1935, at the advanced age of 86 years and 15 days.

Practically all of this long life was spent in this vicinity and in his active years he led the life of a woodsman in the logging business of the neighborhood.

Mr. Paxton never married and with his bachelor nephew, Walton, maintained the home for a number of years.

About a month ago he had a fall due probably to a slight cerebral hemorrhage and he has gradually failed since, the end coming very peacefully at 8:30 Monday evening. He was a brother of the late John and Hiram Paxton and their family was among the original settlers of Buchanan township. He leaves two nephews, Clyde and Walton Paxton, both of this locality.

Funeral services were held at the Childs Funeral Home Wednesday afternoon conducted by Rev. C. B. Sanders of the Evangelical church.

The casket bearers were John Hartline, Francis Wright, Clayton Hartline, Edward Wright, Edward Weatherwax, and Russell Wright. Burial was made in the family lot in Oak Ridge cemetery.

HOT? IT'S A BALL OF FIRE!

Production of the new Buicks accords with the joint program of Government, labor and industry to spread employment more evenly throughout the year

HERE you see illustrated in action the stunning and spirited new Buick SPECIAL—and very special you'll find it indeed!

The motorwise in the trade who previewed its performance habitually use the word *phenomenal* to describe it.

That may tell you how it performs, as your eye tells you how it looks, but only long years can tell you how very good it really is.

We'll advise you in advance, that it's the nimblest, smoothest, liveliest, steadiest, safest, most satisfying carrier of high-power energy that ever thrilled an appreciative traveler!

The Special is fingertip light to handle, in traffic or at speed, but it has none of that rubbery pulpy jumpiness that keeps you tense and on the alert in many cars.

That's because it's engineered firm—fitted part to part with sound micrometer precision—throughout every inch and detail of its deep-framed durable Buick-engineered chassis.

When you give it a shot of gas and it's turning up its steady even-keeled speed, it seems to settle even closer to the road, a paragon of stability as it reels off its thirty miles.

And when you kick it open on take-offs it gets away *instantly* without pause or delayed gathering of power before its spurt.

No use trying to picture the Special in words, it's so different from anything you're used to—the practical thing is to get behind that wheel yourself.

Then you'll know the difference between the engineering of yesterday and of tomorrow, and your amazement will be that the phenomenal Special can be sold at a price so low.

YOU CAN AFFORD THE NEW BUICK

List prices range from \$765 to \$1945 at Flint, Mich., subject to change without notice. Standard and special accessories groups on all models at extra cost. Convenient G.M.A.C. time payment plan.
