Unusual Observances Feature 1935 Armistice Day in Buchanan GRAND LODGE HEADS COMING

Now Here's the Proposition

Unck Hank of Hills Corners Sez:

It's no wonder the wimmen git more done than the men. They don't take quite so much time stokin' their pipes.

Into the Trenches By Christmas At the present date the time of beginning the sewer is scheduled about three weeks ahead which is about where it was three weeks ago.

The Moral Is: Never Write Notes to the Milkman Here is something that might aid in explaining the unexplainable:

Early Saturday morning a family living on Clark street were getting ready to leave on a motor trip. The lady of the house went to the door in the cold grey light of false dawn, whether to get the milk or to talk to the milkman—who knows?

It appeared that the man had placed the note there and was laying until the milkman came, intending to appropriate the butter. It is possible that the incident explained several mysterious items which had appeared in the bills previously. And perhaps in other people's bills.

The Perfect Touch One hundred years ago the pioneer mothers of Michigan came to these bleak, inhospitable shores, often as not trudging afoot beside their husbands, each dragging a youngster or two by the hand.

And now, 100 years after their great great granddaughters are meeting in Grand Rapids to celebrate the Women's Centennial of Michigan. And Sally Rand is the guest speaker.

We wonder if possibly peradventure great great grandmother turned over a couple of times when she heard about it.

On Political Arguments Well, friends and neighbors, the combat thickens—we brave, who rush to glory or the grave—in the big political classic which is still a year away but which seems to be already meeting up men's minds and tempers and giving indications of being a real dog fight.

The disputants on each side have now reached the point where they are impugning each other's intelligence and even sanity and it seems likely that soon after the turn of the year they will be indulging in that sort of repartee which reflects on their immediate maternity and their ancestry to a remote degree. After that there will be nothing further left but bare knuckles and hair pulling.

If this were all it would not be so bad but it is our guess that a

RAIN DAMPENS PROGRAM OF DAY

Westin Speaks in Morning; Cunningham in Evening.

Although dampened and reduced in attendance by untoward weather, Armistice Day was observed in an unusual manner in Buchanan this year, with meetings and speakers both morning and evening, under the auspices of the American Legion.

The services held at the high school auditorium at 11 a. m. were particularly impressive. The program opened with a tableau, with the semblance of a soldier's grave in Flanders reproduced on the stage. A cross marked the head and a local soldier, who saw service on the battlefields of France stood above it in reverent attitude during the minute of silence. The Legion firing squad fired the customary volleys outside the building. Ted Lyon blew taps in the high school hall.

County Prosecuting Attorney Westin then gave a fine address, stressing the obligation of Americans to preserve Democracy, now that the other main objective of the war, the prevention of future war, had apparently failed.

The school joined in singing "America" and "The Star Spangled Banner" during the services. Rev. Brunelle gave the benediction at the close.

Two hundred and fifty were reported as attending the pot luck supper and the meeting held at the Legion hall that night, with a following address by former County Prosecuting Attorney, Wilbur N. Cunningham, who gave an excellent talk on the dangers of Communism in government.

M. H. McKinnon acted as toastmaster for the occasion. Harry Brown, commander of the Veterans of Foreign Wars made a short talk. Richard Stracke, local resident, who saw service as a boy in the German army on the Italian front, gave a talk on his experiences which is reported elsewhere in this issue.

An excellent floor show and dancing followed.

number of the elder population, who incline to take their politics more seriously, will most likely develop a high blood pressure and there will be a heavy mortality from apoplexy and allied indispositions.

It hardly seems that the real differences between the two parties justify all this ill humor, but the American people are inclined to be political minded and impute vast importance to the outcome of what eventually appear more in the light of small time political dog-fights.

To one who tries to keep an even keel, it would seem that after all being a Republican or a Democrat is not necessarily a matter of intelligence or even of heredity, but rather to involve a constitutional attitude. It seems further that any intelligent Democrat might learn much from a reasoned discussion with an intelligent Republican and vice versa, but what usually happens is that the parties to the discussion are so mad that all they hear or see is a heavy roaring in their ears and a shower of sparks before their eyes.

We treasure in Memory's gallery what we believe to be a perfect picture of a political argument. It was in the campaign of 1928. It was also in one of the political headquarters in Niles. Two old gentlemen, presumably of opposing parties, were standing facing each other. They had been arguing but each had passed the state of articulate speech. They trembled and sputtered and shook their fists at each other, but not a word could they say. They were evidently men who believed in the principle of the thing. But lounging about the room were several young gents of the type that hang around political headquarters, who looked on the argument with amused contempt. They were the practical politicians who knew what it was about.

Local Boys Win Singing Honors

Dale Florey and Lucien Depyl, who starred in the WLS barn dance, presented here under the auspices of the Lions club, won more honors in amateur shows at South Bend last week. Dale, aged 7, won first place at the Riverside theatre at South Bend Tuesday night, singing to his own eukelule accompaniment. Lucien, aged 13, won first place at the Indiana theatre, South Bend, Thursday night, singing to his own accompaniment on the guitar. Dale Florey took second in this latter event.

HUNTERS START NORTHERN TREK

Unusual Number Start Off to Hunt Deer After 15th.

The annual trek of the deer hunters to the north set in over the past week-end, a number of parties starting in order to be there by the opening of the season at midnight Friday.

The northward cavalcade was headed Tuesday by a party of five en route for the Republic district with a mysterious, torpedo-shaped land yacht built by Ernest Beadle as the traveling home during the trip. The party comprised the owner of the yacht, Lisle Burrus, H. R. Hanover, Andy Anderson and Louis Fife of Niles. The yacht was a comfy-looking affair on the inside with folding bunks that became divans during the day, a kitchenette and all of the conveniences of home.

Another party comprising William Pette, Robert Clemens, Leo Richter, Oscar Richter and A. Klaser of Dayton, left yesterday, also for Republic.

Other parties reported leaving are: Verl Clark and Albert Decker; A. S. Root and his son-in-law, Harold Wood of Paw Paw, and Eddie St. Vincents of Ann Arbor; Dick Smith and Ernest Mangold. J. F. Kobe, secretary of the Farmers Mutual Fire Insurance Association, went with a party of eight from Bridgman the first of the week. G. W. R. Baldwin of Bridgman is taking his place at the local insurance office.

Rev. Sanders will leave Monday for Bay City where he will join a hunting party composed of the following Evangelical ministers: Rev. C. E. Kotesky of Snover, Rev. H. Link of Sebawaing, Rev. C. Beers of Kilmannah, Rev. Rex Lehr, of Blissfield. This party has hunted together for five years. They will go to Alcona county in the lower peninsula.

Other local hunters who have purchased licenses are J. F. Vile, Lester Crothers, Lewis Lolmaugh, Guy Young, Willis Dellbac.

CLARK EMPLOYEE SOLDIER UNDER 4 FLAGS AND IN TWO REVOLUTIONS

Richard Stracke Tells Enthralling Life Story Before Meeting Local Veterans.

Soldier under four flags, veteran of one war and two revolutions, exile in Siberia, near death before a firing squad as a spy—these are a few of the high lights of the life story of Richard F. Stracke, 34, employee of the Clark Equipment company for the past six years, as told at the veterans Armistice meeting Monday night.

All of this and more is not the story of a soldier of fortune but of a boy caught in the whirlpool of aftermath of World War and Revolution. Stracke was born in Germany but was taken to Moscow as a child of four when his father was made manager of a factory there. He was a boy of thirteen when the war broke out. The Russian government ruled that all Germans under 17 and over 45 years of age might remain unmolested.

B. H. S. TEACHERS TO PRESENT PLAY

To Present "Skidding" Dec. 11 for Benefit Fund.

Long suppressed yearnings on the part of a number of the Buchanan teachers for a career behind the footlights have at last taken shape in a definite project to stage a play for a benefit fund.

They have selected "Skidding," a heart-stirring drama of martial experience, to be presented Dec. 11 by the following cast:

Aunt Milly Leah Weaver Mrs. Hardy Eunice Miller Andy Kermit Washburn Judge James Hardy Joseph Hyink Grandpa Hardy Earl Rizor Estelle Hardy Campbell

Marion Hardy Allegra Henry Wayne Trenton III John Miller Mr. Stubbins John Elbers Myra Hardy Wilcox-Marie Connell Synopsis

Dr. DeVocht Opens Chiropractic Offices

Alterations and redecorating are nearly completed on the second floor of the 1st National Bank building, formerly occupied by the Farmers Mutual Fire Insurance Co. Dr. DeVocht announces that he will be in a position to render a service that even a year ago was impossible, due to the improved method of interpretation of spinograph films. Dr. DeVocht also states that Buchanaites have a right to feel proud of their many nice fruit orchards, excellent hard roads and mild climate, compared with Wisconsin and the northern part of the state. Having been traveling and looking for a nice little city, he decided Buchanan was as good as any he visited in 2800 miles thru Wisconsin and the upper peninsula, where 6 weeks ago it already felt very cold and all potatoes that were not dug up and put away were frozen in the ground.

To Attend State Farm Bureau Meet

Fred Koenigshof left this morning for Lansing, where he goes to represent the Co-ops, Inc., at the annual meeting of the State Farm Bureau. Chester Gray, Washington representative of the National Farm Bureau, will be a leading speaker. A discussion of the "Triple A" policies and of rural electrification will be held.

Pullet Hatches Brood

Speaking of young mothers, there is a seven-months old Rhode Island Red pullet on the Howard Smith farm in the Bend of the River which has set something of a record in that line. This pullet started laying a few weeks ago, which is nothing noteworthy as pullets which are correctly started quite often lay before moulting in the fall. But it is rare for them to set. How this pullet "stole her nest", laid a setting of eggs and then, inspired by a premature development of the maternal instinct, decided to set and hatch them. As a result she showed up in the barnyard last week clucking maternally, over a brood of four chicks.

Twin Dies at Age of One Day

Otto William Debis, one of the twin sons born Monday to Mr. and Mrs. Peter Debis, Berrien Street, died the following day. The surviving twin is named John Henry.

Round About Buchanan

Grandfathers Alarm Clock

In the kitchen of the A. L. Hamblin home there is an alarm clock which has ticked off the seconds for over twenty years, without once stopping or requiring a cent of expense in addition to the original cost of \$1.25.

In fact, the clock is better, if anything, than when it was new for, like the Irishman's clock that could "clack off an hour in fifteen minutes anytime," the many-winted chronometer has been increasingly gaining in its old age. It used to be used as a bedroom piece to arouse the master of the house for the day's duties, but when it began to ring out the alarm ahead of time it was deposed from that responsibility and reduced to the kitchen, as Mr. Hamblin never objects to having his meals ahead of time. It is necessary for Mrs. Hamblin to turn it back about 10 minutes daily or dinner would soon be breakfast.

Several times the clock has fallen off the warming oven of the range, either on the top of the stove or clear to the floor, but to date it seems to have borne a charmed existence. No fall even cracking the glass on its face, let alone injuring the works. Once the case was taken off and the dirt blown out of the works; a short time ago a hand fell off and the case was taken off to replace it; otherwise it has had no attention other than to wind it during the 20 years of its existence. Its case is battered by the fell blows of circumstance, but like grandfather's clock, it bids fair to tick off the years and the generations.

It was a warm October day in 1863, some 73 years ago, that a tall gangling boy was husking corn for George Lee, on what is known as the Bert Weaver farm on the Range Line road north of Buchanan. A warm October day is likely to be rather smoky but on this occasion the smoke began to roll suspiciously thick from the south as there was a considerable wind blowing. It soon became apparent that a good part of Buchanan must be on fire. Bits of charred shingles drifted on the wind and dropped in the field, but Sam stuck to his husking—oh yes, we forgot to say that the boy was Sam Bunker. That night he and George Lee went to town and viewed the smoking ruins of what had been the business section. The fire had started in a wood working shop about where the vacant lot now is between the Hotel Rex and the I. & M. building, and had taken the building on the corner and on west up Front to the first brick building in the city, where the Allen Hardware now is, where it was checked. It jumped across the north side of Front from the Days avenue corner, taking all buildings to Main street and then traveling along the east side of Main street making a clean sweep to Dewey avenue, then Second street. Later both Sam and his boss, George Lee, went to the Civil War, where they saw a lot more smoke.

41 Demonstrates at Scout School

A number of Troop 41 members of the Boy Scouts will go to Berrien Springs this evening to stage before the Boy Scout Training School a demonstration of the method of teaching First Class Scout requirements. A special signaling team and a special First Aid team will also stage demonstrations. The team staging the demonstration will comprise Melvin Campbell, Dale Lyon, Jerry White, Keith Dalrymple, Bob Russell and assistant Scoutmaster, Chester Wessendorf and Scoutmaster Leo Slate.

BUCHANAN LOSES TO WESTERN 13-0

Bucks Succumb in Final Quarter After Gallant Fight.

Coach Johnny Miller's fighting Bucks staved off the defeat until the very last quarter of the game with Western State High, Armistice Day, then they were finally submerged by a score of 13-0.

The game played in a steady downpour that lasted through the entire game. The field resembled a sea of sloppy, grey mud. The ball was a slippery, slimy piece of pigskin that eluded the ball carriers hands and the game was well sprinkled with fumbles on both sides. Despite the disadvantages both teams played a fine brand of ball that will never be forgotten by fans and players.

The Bucks had several chances to score but they lost the ball on downs. The State High's first score was made early in the last period by Byers from about the 5 yard stripe, a plunge through center by Arnold was good for the extra point. Their final score came in the same period after they caught Jesse behind the Buck's line trying to pass. He was nailed by several State High men on about the 6 yard line. Then State High was penalized 5 yards for off-side. On the next play they were penalized 15 yards for holding, the ball was then taken on about the 20 yard line, from that point Dorgan went through tackle and over the goal standing up, the kick for the extra point was blocked.

There were really no outstanding players. They all played a fine brand of football. The lines were unable to move each other most of the time because each one was as determined as the other. The men in the backfields did their best in returning punts, kicking, and so forth.

The passing attacks and trick running plays of each team could not be used because of the condition of the ball and field. State tried several passes. One of them was completed for a gain of about 15 yards.

The game was broadcast over a public speaking system by Judd Heim, Kalamazoo. He did a very fine job despite the weather. The Buchanan band was unable to perform and the ceremonies planned for the dedication of the new field were rained out.

Too Anxious to Get to Buchanan

A soft landing place in a swamp saved Messrs. George Cassvichee and George Swartz, South Bend, from possible serious injuries when they lost control of their car on the hill opposite the Orchard Hills golf course late Sunday evening, careening madly down the decline, ruining two wheels and the left side of the car driven by John Bonham, 407 Arctic St., going over the cement curb and grade and plunging 150 feet out into a swamp on the south side of the highway. The testimony of the parties to the accident went to show that the boys had not been drinking but were just driving "a leetle too fast." They went over the top of the hill, bound toward Buchanan, and apparently took off into space plunging across the road and sideswiping the side of the Bonham car en route. Both boys incurred lacerations about the head and face. Bonham and Tom Thurston, who was with him, were not hurt.

Ministers Make Safety Suggestion

On a recent Sunday a child coming from Sunday School ran across the road in front of an oncoming automobile. The driver was driving carefully and although the child darted from behind a parked car the driver stopped his car without injuring the child. The ministerial association of Buchanan earnestly asks that all drivers of cars drive slowly, carefully and quietly by places of worship during church service and Sunday School on Sundays.

Renews Record For 62nd Year

The Record had another pleasant visit with a subscriber of long standing yesterday when Abe Reynolds came in to pay for the 62nd consecutive family subscription. Abe and Ross Reynolds recently moved from the old family home north of Buchanan into town and are now trying to accommodate themselves to the lives of gentlemen of leisure. Their father, Virgil Reynolds, moved to this district from Indiana in 1873 and in 1874 the family subscribed to the paper and have never been without it.

Townsend Movement Progressing Here

The fact that Buchanan and vicinity is going over for the Townsend Revolving Old Age Pension Plan is plainly manifest by the rapid growth and interest shown on the great movement.

Since the national convention held in Chicago, which was far the cleanest, most orderly ever held in that great city and attended by 6993 delegates from all parts of the nation, and which took the country by storm, interest has grown by leaps and bounds. Buchanan is over the 200 mark in membership and new members are being added each week. Are you, Mr. and Mrs. Reader, among the interested ones? If not, why not? Investigate this wonderful movement. It is to your interest, I assure you, giving you absolute assurance of sufficient funds to properly care for you after you have reached the age of 60 years. Why not attend the meetings and get full details? A special invitation is extended to the younger voters. Is it not to your interest, younger voter, to labor for the interest of your fathers and mothers. When this movement is adopted as a law, you will be repaid ten fold for your interest. Wake up, folks, attend the meetings, become members and help the good cause along. Every minister and his congregation is invited to be present.

Our meeting Thursday evening at 7:30 at the Legion Hall is expected to be of universal interest and we will have one of the best speakers in this district, Mrs. Chas. Kavanaugh of Niles. This lady is fully convinced the Townsend Plan should be adopted and has a unique way of presenting her subject to the public. Hear her, good people, you will never regret it.

B. H. S. Glee Club Sings at Niles Friday

The Buchanan high school glee club of forty boys and girls will sing at the Berrien County Music Festival at the Niles high school at 7:30 p. m. Friday, Nov. 15, with Harper Maybee, of the Department of Music at Western State Teachers College leading the massed singing by the glee clubs of all of the high schools of Berrien county and of Dowagiac. Practice will be held at the Niles high school at 2:30 p. m. Friday. The local glee club is directed by R. R. Robinson.

Revivals at Sunshine Temple

Eld. R. W. Dockens and wife of Indianapolis, are holding a revival campaign at the Sunshine Temple. Good interest is being manifested and the services are proving inspirational to all who attend. The public is invited to the services nightly at 7:30 p. m.

Cass-Berrien M. W. A. Meet in Niles Nov. 20

The Cass and Berrien County Association of the Modern Woodmen of America will hold their annual monthly meeting at the Woodman Hall in Niles, Nov. 20, on which occasion the annual election of officers will be held. All members are urged to attend.

500 Oil Fellows and Rebekahs Expected at Night Meeting.

Half a thousand Odd Fellows and Rebekahs representing the 35 member lodges of the county association will converge upon Buchanan next Tuesday evening, when local Lodge No. 75 will play the host, with Grand Master Edward M. Sharpe of Bay City, Grand Secretary Fred A. Rogers of Lansing and Grand Warden Karl Kefer of Watervliet as guests of honor.

The state grand lodge officials will come early in the day, holding a conference at the lodge hall at 3 p. m. for the elective officials of all of the Odd Fellow lodges in the county. Because of the presence of these officials, the monthly meeting of the Berrien County Odd Fellow and Rebekah Association was transferred to that time and date. President Harry Post of Buchanan will be in charge of the evening meeting of the association.

Berrien Breeders Showing at Chicago

Geisler Brothers, Berrien county stockmen whose farm is near Watervliet, will be among the scores of other Michigan exhibitors at the 1935 International Live Stock Exposition to be held at Chicago Nov. 30 to December 7th.

They have notified the management that they will exhibit in the Percheron draft horse classes of the Chicago show.

E. H. Heide, who has been manager of the International show since 1907, reported on Nov. 1st, the closing date for filing nominations in the purebred and single animal competitions, that a record entry had been received. By Nov. 23, the closing date for listing exhibits for the commercial classes that are displayed and judged in carload groups, he expects the total to be well above 12,000 animals.

This year will mark the 36th anniversary of the International Stock Show, which is the largest annual agricultural show on the continent. It will be the second time that the Exposition has been in the new two million dollar amphitheatre at the Chicago Stock Yards, completed last fall after fire had destroyed its former quarters on the same site.

Reduced round trip fares will be in effect on all railroads entering Chicago during the first week of December, the Exposition management has been informed.

V. F. W. and Auxiliary To Install Officers

The Gladys Lyon Post of the Veterans of Foreign Wars will install the recently elected officers at the W. E. A. hall this evening, with Leonard Merchant, Benton Harbor, in charge of the installation. On the same evening the V. F. W. Auxiliary will install at the home of Mrs. Larry Brown, with Mrs. Thelma Harris installing. After the installation ceremonies the two organizations will hold a party at the W. E. A. hall with the following committee in charge: Mrs. Warren Juhl, chairman, Mr. and Mrs. Joseph Manning, Mr. and Mrs. Erwin Wells, Frank Fabiano.

Lower Rail Rates Needed

"It is my opinion that railway passenger service through Buchanan would be very materially increased by a two-cent rate instead of the present three-and-a-half cent rate," said a railway man of long experience recently.

"There is no question but what rail travel is far superior to bus travel in convenience and perhaps also in safety. Through western railroads have had two-cent fares in force for some time and their trains have enjoyed a patronage rivaling those of the bus lines in the east."

In support of the contention of this railway man there comes the announcement of the action of the Baltimore & Ohio railway in lowering passenger rates and eliminating the surcharge on Pullman sleepers and coaches.

The brief filed by the B. & O. attorney in his petition in support of the reduction shows that the present basic rate charged by the eastern and mid-western railways is 3.6 cents per mile with a Pullman surcharge of 50c. The western trains maintain rates of 2c for coaches and 3c for Pullmans with no surcharges. In the south the rate is 1 1/2c for coaches and 3c for Pullmans with no surcharges.

In support of the reduction in rates it is contended that in the east the passenger traffic in 1934 was scarcely more than half that of 1929. In the southern districts where rates were much lower the traffic was equal to that of 1929

and in the west corresponding gains were made.

It is the contention of the Baltimore & Ohio officials that the maintenance of high rail rates is driving the business increasingly to busses, although, they allege, the service is distinctly inferior in speed, comfort and safety. Lower rates, the road contends will bring the business back.

President Roosevelt says he is not much worried about the future of the country and, as we note that the government for the past few months has been spending \$2.15 for every dollar taken in, we wonder if it wouldn't be better if he were a little more so.

Our sympathies have been all with Ethiopia, including Joe Lewis.

Another powerful argument against getting into another war is that a few years after it was supposed to be over the people might be in a frame of mind to think they wanted another New Deal and posterity, not to mention posterity's posterity, is going to have enough burdens to bear as things are.

One of the numerous troubles with a planned economy is that it soon degenerates into a planned campaign for re-election. Our great Republican leaders are now trying to figure out a way to make the Grand Old Party appear like a bulwark of conservatism and at the same time attract the Father Coughlin vote.

Christian Science Churches
 "Mortals and Immortals" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, November 17.
 Among the Bible citations is this passage (Isa. 43:10): "Ye are my witnesses, saith the Lord, and my servant whom I have chosen; that ye may know and believe me, and understand that I am he: before me there was no God formed, neither shall there be after me."
 Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 336): "God, the divine Principle of man, and man in God's likeness, are inseparably harmonious, and eternal. The Science of being fulfills the rule of perfection, and brings immortality to light."

Jerry Moulds, who has been spending the past ten days with his grandmother, Mrs. Carrie Huff, returned to his home in Niles on Sunday evening. His father, Harold Moulds, came for him.

Mr. and Mrs. B. E. Steele left Monday for a visit with their daughter-in-law, Mrs. Eugene Steele, San Antonio, Texas. They will also visit Mrs. Steele's sister, Mrs. Elsie Ahlberg, West Palm Beach, Fla.

Mr. and Mrs. Chester Morris of Plymouth, Ind., were guests of the former's sister, Mrs. C. C. Clark, Sunday. Mrs. Clark's mother, Mrs. Bertha Morris, who had been visiting here, returned with them to Plymouth.

Mr. and Mrs. Fred Setchell of Chicago were guests Thursday evening at the home of Mrs. Bay Rough, visiting also while here with Mrs. Setchell's brother, Walter Noble, Niles. Mr. and Mrs. Clarence Milner, Chicago, accompanied them visiting Mrs. Blanche McIntosh and Mrs. R. F. Montague.

The statutes give the two commissioners the authority to post areas on the right of way of the state trunkline system that are considered hazardous. Once these areas are posted, owners of the transient stands will be ordered to vacate. Arrests will be made by the state police upon failure to comply with these orders.

In mapping plans for the roadside stand campaign, the commissioners ran into legal difficulties. They reached the conclusion that zoning of the right of ways constituted the only legal weapon available under the statutes.

Nat. Farm Youth Congress at Chicago

American farm youth will have its attention focused upon Chicago during the first week of December when the 14th National Congress of 4-H Clubs will be held there in connection with the 1935 International Live Stock Exposition.

Approximately 1300 youths will attend the 1935 Club Congress. They will be given free all expense trips as a reward for having won in contests and project demonstrations held during the summer and fall months at fairs in their home states.

Participants in the Exposition's Junior Live Stock Feeding Contest are largely 4-H Club members. In this event, which is scheduled for the opening day, Nov. 30, several hundred boys and girls will exhibit baby beeves, lambs, and pigs with which they have won prizes at county and state fairs in recent months.

On Friday, Dec. 6th, these animals will be sold at auction on the Exposition grounds.

An event in which interest is unusually high is the naming of the national health champion 4-H boy and girl, chosen by representatives of the American Medical Association from among the many

Observe St. Stephen's Day
Since the Middle ages peasants flock each year to Budapest to celebrate St. Stephen's day. At this festival dignitaries of church and state, attired in medieval splendor and gala uniforms, march in solemn procession through the city carrying the preserved right hand of St. Stephen in a golden shrine. The many-colored costumes of the paraders make this march a fantastic display.

Existence of Scorpions
Scorpions were already in existence in the carboniferous period and there is no essential structural difference between these fossils and existing forms.

State Launches Safety Drive

All Michigan is to feel the effects of the safety drive inaugurated in Detroit a short time ago. Governor Frank D. Fitzgerald has appointed a committee consisting of the administrative board, Commissioner of State Police Oscar Olander, Insurance Commissioner John C. Ketcham, and William Smith, chairman of the utilities commission to act as a directing force in the state. Henry T. Ewald of the Campbell Ewald Co., is serving as publicity director.

The plan is to give as full publicity as possible to the various factors entering into safety and to conduct an educational campaign in an endeavor to secure safety in driving.

Highway Commissioner Murray D. VanWagoner has secured an appropriation of over \$900,000 from the federal government for the purpose of directing a traffic survey of the state and compiling and organizing the results of the study so as to properly arrange a program for the next 20 years both in the construction and financing of highways in Michigan.

It is confidently believed that if the facts are gotten before the driving public as well as the pedestrians the state will become a safer place for everyone who uses the highways.

Campaign to Rid Mich. Highway of Transient Roadside Stands Starts

The state highway department and the Michigan state police have joined hands in a co-operative campaign to rid Michigan highways of transient roadside stands.

Plans for the campaign were mapped at a conference between Murray D. VanWagoner, state highway commissioner, and Oscar G. Olander, commissioner of the Michigan state police, along with several of their assistants. They constituted the first move to eliminate stands since Commissioner Van Wagoner announced his intention of carrying on the crusade several weeks ago.

As the first step in the campaign, E. E. Blomgren, maintenance engineer for the state highway department, was directed to make a survey of all transient stands in the state that are within the right of way of the state trunkline system. Blomgren started district engineers to work on the survey at once.

When the survey is completed, Commissioners Olander and VanWagoner will study the results to determine which stands are a menace to highway safety. The areas covered by these stands will then be zoned off as hazardous. Appropriate posting signs will then be erected by the state highway department.

Habits of Ants
 That ants possess highly developed senses and the power of communicating with one another has long been known to students of their habits. The insects are guided by light, being sensitive to ultra violet rays and also by scent and hearing. Experiments show that an ant follows her own old track by a scent excreted by the tenth segment of the feeler, recognizes other inmates of her nest by a sense of smell resident in the eleventh segment, is guided to eggs, maggots and pupae, which she has to end by sensation through the eighth and ninth segments, and appreciates the general smell of the nest by means of organs in the twelfth segment.

Cattle Calm Passengers
 Cattle are perhaps the most philosophic of all animal passengers on ocean vessels, despite the fate that usually awaits them after they are landed at their destination. They are shipped in wooden pens, made to hold four. On account of the large numbers transported across the ocean, just enough room is allowed for two to stand and two to lie down at one time. By some mysterious understanding between them, they arrange "watches" or turns at standing, and each pair stands up and lies down for fairly equal intervals throughout the voyage without fuss or bother.

Proverb of Scilly Isles
 A proverb of the Scilly Isles, which lie off Cornwall, England, tells that for every man who dies a natural death on the islands the sea takes nine.

Origin of Name "Jayhawker"
 The name "Jayhawker" originated in Kansas during the slavery and anti-slavery warfare and was applied to a few free state men who organized a system of retaliation against pro-slavery outrages. Governor Lane of Kansas in 1861 declared that "the people of Kansas were neither thieves, plunderers nor jayhawkers."

Editorial

The modern youth may be modern, but everyone has passed thru the old-fashioned stage of the "cleaning scene." Yes, the part of the play where Mother sees that your neck, ears, and face are clean and if not you repeat the scene much to your agony.

All through school your reputation follows you like a shadow. The impression you make usually is imprinted on the minds of others. A clean neatly dressed person, who always takes pride in his personal appearance, is held in high esteem among his classmates and teachers.

Cleanliness is one of the easiest and cheapest things to obtain and in the end pays large dividends. As the old adage goes, "Cleanliness is next to Godliness."

Office News

The Teachers' Institute was held at Benton Harbor high school, on Friday, Nov. 8.

The cast has been selected by Mrs. Dunbar, the director, for the faculty play. Watch for the date!

Mr. Stark represented the faculty on the executive committee of the district M. E. A. held at Berrien Springs, Nov. 1. He also was on the program at the dinner held in the Presbyterian church for the representatives of the Girl Scouts Thursday noon, Nov. 5.

A list of credit and honor points for the seniors was posted in the window on the second floor of the Buchanan High School Thursday, Nov. 6. Each senior is requested to check up.

Mrs. Weaver is in charge of the assembly, which will be held at the Buchanan high school Friday, Nov. 15. The program will show a Latin School as it was two thousand years ago in Rome.

A series of 14 educational pictures will be presented at the Buchanan high school. Starting Wednesday, Nov. 6, a unit will be given each week. The first two weeks the pictures will be given on Wednesday, during the next week the pictures will be on Tuesday. The pictures are not a means of making money.

THE CROWDED STAIRS

Have you ever noticed the crowd on the stairs during the passing of classes? It seems as though no one can come up the stairs because of the crowd coming down. They occupy both sides of the stairway. After school is dismissed at 3:45 one generally has to wait patiently

at the bottom of the stairs until the crowd has gone.

In this building this situation could be arranged very nicely. A suggestion is that the students could go down to one side, double file, and come up the other side, double file also.

Grade News

Miss Ekstrom's 5th grade has been studying four leaders in the old world, namely: Shakespeare, Cromwell, Napoleon and Nelson.

This week the children in Miss Ream's sixth grade have enjoyed making slides for the lantern, illustrating the story of "Jimmy Chew."

In Mrs. French's fifth grade, Thelma Flanagan and George Roberts were chosen as good citizens to represent us at the Citizenship Council. Evelyn Burgoyne and Arthur Eibers were the two chosen for October.

Dick Snodgrass made a perfect record in arithmetic last week. We are striving for accuracy. The girls had the most perfect papers but the boys mare the most improvement.

Much interest has been displayed in caring for the teeth. Mrs. French's room is striving for 100 per cent. Over half the pupils have their name on the Dental Honor Roll.

Mrs. Heim's second graders were glad to welcome Marjorie Bouws and Billy Burks back in school after an illness. The Art class is enjoying making large pictures on wrapping paper illustrating autumn scenes, as raking leaves, bonfires and gathering nuts.

Library News

A few new books have been added to the high school book lists. "Bob Gordon" by Gram M. Deam has been added to the tenth grade list.

"Moviemakers" by John J. Floherty has been added to the list of the 11th grade.

Books on "Everyday Manners" have been introduced into the library.

Miss Ekstrom's room has been given the new book of "Honey Jane" by May ustus.

Miss Bohl's room also has received a new book called "Little Ones" by Dorothy Kunhardt.

Mrs. Lamb's News

As there are about 1,000 papers to correct on the hearing test, it will be several weeks before the reports will be made to the parents.

A few cases of chicken pox have been reported among the school children. The law requires that these cases be reported to the health officer. The children having this disease will be kept out of school until all the spots have disappeared.

Class Activities

Foreign Languages
This week the French 11 class is studying present indicatives, affirmatives, and negative of porter, first conjugation verbs, pronouns as objects of verbs and prepositions.

French 12 will continue the study of Paris, LeLafin Quarter and Environs. They will also read about the cities, Lyon and Marseille.

Latin 9 students are having the use of the accusatives. They will translate "A Half Holiday" and study declension of adjectives.

Latin 10 class is reading the story of Niobe and her children.

The soccer game between the Niles and Buchanan girls was played this week. The class soccer games were finished for the season. Basket ball may be started in the classes soon.

The G. A. A. girls are planning for the initiation which is to take place soon.

English
The chapters "Making Others Share An Experience" and "In Stimulating Imagination" are being studied by the English 9 classes. They are also having oral work and written themes covering description, narration, and exposition.

The English 10 classes had a test over phrases and clauses and began the chapter on "Writing Short Stories." They read a number of short stories in preparation for writing some.

The journalism class had the chapter on "Using Description in Stories," and studied the rules on abbreviations in the style sheet.

Music Department
The band went to Dowagiac with the football boys and had a very pleasant trip. They played and marched at the half, doing some new marching maneuvers which were spectacular as well as different. The band members are also rehearsing evenings in preparation for the concerts that are to be given this winter.

The Glee Club festival will be held in Niles on Friday, Nov. 15, about 7:30 or 8 p. m. Forty-five members of the local organization will participate in it.

Manual Training
Individual projects are being made by the students of the 9th and 8th grade classes. Ernest Miller is making a 16 foot out-board motor boat. Bud Dalenberg is making a four-half by eight foot plant growing table for the agriculture department.

Richard Dille, Robert Fairman, Richard Neal and Robert Kill are making end tables.

English
In the 8th grade English class the poem of "Evangeline" was completed. The study of modifiers was begun.

The English II class wrote essays. The subjects of these essays were suggested by reading selections from Jonson, Walton, Burton, Browne, and Bacon.

In connection with the study of "Hamlet" the English 12 class read Galworthy's "Justice."

Writing and studying short stories has been the work of the English ten students. They have also

been studying a little dramatizing. Spelling and exercise books are also a part of their daily work.

The students of the 7th grade English class are diagraming and studying simple and compound subjects and predicates.

They are reviewing the different parts of speech.

Geography, Speech and Social Studies

Geography students are reviewing the geography of Europe with special attention to map work.

The speech class is studying the voice, use of the voice and the expression of emotion.

Students of the 8th grade history class are taking up the introduction of the slavery problem in the United States.

Department of the Interior is the topic of discussion in the American Government class.

Biology and Agriculture
Biology students studied from their work books the unit "How Living Things Grow."

Students in horticulture and farm crops studied: How horticulture in plants is selected and cultural methods, respectively.

Home Economics
The 7th grade girls will be busy finishing their aprons and headbands this week.

Reviewing for the finals will be taken up in the 8th grade as mid-semester exams are to be given soon.

A very pleasant event is to be in store for the ninth grade girls as they are to take a trip to some meat market and possibly the bakery. At the meat market a lecture will be given on the difference between sirloin and porter house steaks.

Child care will be studied in the 10th grade this week. All the proper care, bathing, food and other necessary things for the baby will be among the many things of interest.

History

The 12th grade history classes are discussing the annexation of Texas, the Mexican war, and the development of the western territory.

History ten students are studying the growth of Mohammedism and the religions of ancient times. This week the Citizenship classes are learning that convenience is an aid to better living.

Commercial Department
The shorthand class is studying the outlines of w, y, nk, ng and some new prefixes and suffixes.

Bookkeeping students are reviewing monthly reports and studying the chapter, "Closing the Ledger."

The 12th grade typing class is continuing work on business letters typing two-page letters in which the students must supply the punctuation, as well as arrange the letters.

The typing class of the 11th grade will continue work on typing drills, such as: derivative drills, concentration and accuracy drills, keyboard review drills and acceleration drills.

Mathematics

The algebra class is studying the use of parentheses in representing problems by means of equations.

Studying theorems and problems which have to do with parallel lines in triangles furnishes the work for the geometry class.

Studying theorems which are used in determining the nature of the roots of quadratic equations is the work of the advanced algebra class. The students will also be able to form an equation if the roots are given.

Finding discounts, net prices, and chain discounts is the work of the 7th grade arithmetic class.

Measurements of area and volumes of various types of figures furnishes the work of the 8th grade arithmetic class.

English 9
The freshmen English classes have finished their books and also their posters depicting some scene from the books.

Many interesting and nice looking posters were handed in. These posters made by the following people have been placed on the bulletin board in the English class room and also in the library:

The Royal Road to Romance, Bob Habicht; Gulliver's Travels, Phil Pierce; Little Women, Betty Ann Miller; Young Mexico, Ruth Jean Haslett; Gray caps, Ruth Wales; Thomas Alva Edison, Glen Sult; Rebecca of Sunnybrook Farm, Marie Rudoni; Roundabout America, Herber. Russell; Abraham Lincoln (both sketch and note book), Lynea Rothfuchs.

Science
The physics class has taken up the study of motion, the type called uniformly accelerated motion. This is the study of the "pick up" of automobiles. This also deals with the dropping of bombs and the paths of projectiles.

The unit on Newton's three laws also has been covered. The first law deals with the fact that when a car stops suddenly its passengers slide forward. The second law of motion is manifested by the fact that the large engine in an automobile gives greater pick-up. The third law is shown in the kick of a shot gun when it is fired, etc.

Students of the chemistry class have studied acids. One who is not acquainted with this may think that an acid is a chemical cure-all. The class has learned that a typical acid will not do everything. It has a sour taste and will turn blue litmus paper red; also lighter metal also replace its hydrogen.

LATIN CLUB MEETING

Monday, Nov. 4, the Latin club had a meeting in charge of Elizabeth Penwell. Ruth Beardsley gave a very interesting talk on how the Romans make paper, their ways of travel, the roads, the kind of inns the Romans have, and the sending of letters. They then played a game called Latin Verbs and Dale Lyon's side won.

FRESHMAN DANCING CLASS
Another meeting of the dancing class was held in the gym Tuesday night after school from 4 p. m. to 5 p. m.

This week there was a better turnout than last week, and the ones that were there last week have improved a lot in their dancing.

It seems that the teachers are participating in the class. Ben Franklin was teaching Mrs. Weaver waltz step, and Mr. Washburn brought his trombone to school and sat in and played with the orchestra. It sounded pretty good, too. It looks as though we have more than one of the faculty who has musical ability.

The Latest Football Team

Have you heard the latest news? Members of the entire football team of dear old B. H. S. have recently changed their names.

Here is the new up-to-date lineup:
Left end, Huss; left tackle, Miller; left guard, Exner; center, Babcock; right tackle, Russell; right guard, LeWitt; right end, Flaagan; quarterback, Hawks; left half back, Reinke; right half-back, Crothers; fullback, Hancock; coach—well, perhaps you had better guess.

JUST AN ACCIDENT!

Accidents will happen—if that's what you'd call it!
The high stool in study hall happened to be standing near Harold Holmes' seat. When he went to sit down, it wasn't there. It was quite an embarrassing situation, for when he hit the floor the students roared with laughter.
Some gallant student, to avoid further accidents, took it upon

himself to place the stool out of way. And, of all places to pick, the spot happened to be on top of a desk.
Miss Krebs, witnessing the kind act, walked to the back of the room and very kindly asked Carl Rossow if he would remove the large object. The pleasure was all his!

FASHION PARADE IN B. H. S.

As one walks down the hall an upper classman can be seen wearing the very latest in winter fashions. Bright yellow sweaters combined with brown wool is worn by one. Another is wearing green and brown. A flash of gray, red, black, white, and so on. Everywhere colors appear in harmonious surroundings.

Boys have the latest fashion in sweaters and trousers. Striped corduroys are the last word.

ASSEMBLY PROGRAM

The general assembly program at the high school Wednesday, Nov. 6th, marked the showing of the first of a series of moving pictures which will be shown throughout the year.

"The Sea" was the title of the first film. It showed many varieties of snails, crabs, and star fish, as well as a number of strange flower-like creatures and vegetable growths.
ported to Cairo by the second film. The assembly was quickly transported to the striking contrast between the "old and the new" makes Cairo one of the most picturesque cities in the world.
Impressive pyramids and the stately sphinx are ancient, ageless, yet fitting monuments to its past, as well as to the mystery and beauty of the unchanging East.

Pictures of Johannes Brahms, famous German composer, were then flashed upon the screen. Brahms devoted his entire life to the advancement of all that is true in art. He was born in 1833 and died in 1897 at the age of 64. The greatest tribute to his memory—as "the utterance he gave to music lives on."

"Football" was the title of the last film. It showed the different phases of the game.

The First 8 Pennies

THE TAX Collector, not the railroad, gets the first 8 cents of each \$1.00 you pay for rail freight or fare.

AND, COULD you trace them, about 40 of the remaining 82 cents also ultimately become taxes—local, state and federal—taxes paid by those who supply the railroad with fuel, materials and labor and to whom the railroad pays bond interest and stock dividends (if any) and by those who supply the suppliers of the railroad, etc., etc.

THE RAILROAD pays the highest rate of tax of any agency of transportation. In return it asks nothing in the form of right-of-way publicly supplied and maintained, nor other kind of subsidy. It stands on its own feet—an institution privately maintained and privately operated, yet functioning in the public interest.

THUS WHEN you ship and travel by rail you ease your own tax burden by lending support to the one form of transportation that supports itself and gives most to the support of government.

AND THE freight fee or the fare you pay is the final payment. No "hidden cost" looms later in your tax bill to plague and penalize you for the so-called saving which some subsidized transit agency held out for your patronage.

GIVING BUSINESS to the trucks means giving it to a tax-consumer whose operations only add to our taxes and living costs.

SHIP AND travel by rail and the first 8 cents of your freight or fare dollar will always come back to you as a discount in your tax bill.

THE FASTEST-STARTING GASOLINE IN STANDARD OIL HISTORY HAS ARRIVED

35% QUICKER WARM-UP WITH NEW STANDARD RED CROWN

AT THE PRICE OF "REGULAR" GASOLINE

SOME surprising new discoveries have been made recently about what it takes to start a cold automobile engine—start it and warm it up to full, smooth drive-away power faster.

For many years Standard's research staff has been at work on this problem. Not satisfied with laboratory experiment alone, they have conducted thousands of road tests—in all sorts of temperatures—using all sorts of gasoline formulas.

And now they come forward with a motor fuel that is different, in many respects, from any that ever went into a gasoline tank before—a motor fuel which embodies all these newly discovered principles—which really is quick starting without the drawbacks that so often go with that quality.

This new Standard Red Crown starts at the first flash of the spark. But on top of that it has fully 35% faster warm-up speed in zero temperatures. Actually it will get your car started and under way as quickly and easily in mid-winter as in mid-summer. You'll be free from vapor lock. You'll get better winter mileage. Try it!

It's ready in the pumps now—where you see the sign of STANDARD OIL SERVICE.

One suggestion: Because this new Double-Quick gasoline does turn on full power in a cold engine so quickly, the use of a light grade of winter motor oil is desirable to assure instant, active lubrication of all moving parts. Iso-Vis "D"—10-W or 20-W—is a perfect running mate for the new Standard Red Crown.

SOCIETY

Pres. Mission Society
The meeting of the Women's Missionary Society of the Presbyterian church was held at the home of Mrs. F. R. Montague Friday, Nov. 8th. Mrs. Charles Tichenor was the assisting hostess. Mrs. Laura Montague led the devotions and Mrs. Jeannette Stevenson reviewed the study book, "Under the Southern Cross."

Seniors Hold Salon Tea at Viele Home
The home of Mrs. J. F. Viele was the scene of a charming and unique social event Thursday, when girls of the Buchanan high school senior class in costume presided at a salon tea, with the rooms of the home attractively decorated with the beautiful collection of rare antique and foreign art and fabrics collected by the sister of the hostess, the late Cora Mansfield Anderson and by Mrs. Viele herself.

The living room was the scene of a display of early American pottery and art, with the Misses Eleanor Miller and Vivian Sanford in charge, attired in early American costumes. In the dining room the Misses Cherry Blossom Heim, Caroline Hattenbach and Elaine Donley presided over the genuine Russian samovar, serving tea. They were dressed in Russian costume. In the drawing room were displayed French, Italian and Mexican fabrics and potteries with Miss Evelyn Dolph in Mexican costume and Miss Barbara Hamilton in a French maid's costume in charge.

In the library Miss Una Kelley attired in a genuine Chinese Mandarin's costume, presided over the collection of Chinese and Japanese antiques and objects of art.

Through the various rooms were a variety of exhibits, including a table covered with specimens of Spanish rose point lace and other beautiful laces, a table of Mexican lace and drawn work, a table of Italian fabrics and patterns, a table of rare and beautiful fans, tables with displays of majolica and early American pottery, and a table of old mementos, consisting of high school graduating programs, and other souvenirs of occasions.
