## Increase Force on Local WPA Sanitary Sewer Project to 250

### Now Here's the Proposition

#### Statement of Results

Says the little tin can to the big black truck, "How many victims? Having any luck?" Says the big black truck to the little tin can—"Can't complain, for I got my man—"

Knocked him on the sidewalk and spread him out thin, And you couldn't hardly tell where that man had been!

His ears were deaf and he didn't hear the horn, So he's resting now till the resurrection morn!"

Then a big car says, "so it seems to me, "Had two now but I've gotta have three. Found a big fat boy going down the street—"

Hollered like a rabbit but he was my meat. He was headin' for the sidewalk and was going fine, When I made a flying tackle from the five yard line, I caught him squarely, hit 'em in the pants, And they loaded up the remnants in an ambulance!"

Then altogether the big cars roar "Give us victims—more, more, more. Long or short or fat or lean— We use blood for gasoline. And the little cars whine and the big trucks groan. "Give us a victim all our own." Then their flame eyes glow and their hot breaths flash And you hear their gear teeth grind and clash.

### Debus Sisters Sing Over WLS

The Debus sisters, well known amateur ballad and "hillbilly" singers of the Galien district, who have appeared on a number of home talent programs with much success, will be heard over WLS, Chicago, during the amateur hour beginning at 12:15 p. m. (slow time) next Saturday.

### H. S. Chorus at M. E. Church Sunday Night

The following program will be presented at the Methodist church at 7:30 p. m. Sunday evening by the high school mixed chorus under the direction of R. R. Robinson:

My Heart's in the Highlands, Cain  
Who's That A-Calling?  
(Traditional American Folk Song)

Selection by Girls Trio, Marie Montgomery, Carolyn Hattenbach and Carolyn Webb.  
Cornet solo, Selected, by Virginia Sanford.

Chorus  
Pilgrim's Chorus from Tannhauser by Wagner  
Meditation by Brahms  
Request number, Gloria, from the Twelfth Mass by Mozart.

### Why Swap Hosses When Crossing Sewer

Frank merson, serving his fifth year on the city commission was re-elected to his fourth term as mayor of Buchanan at the organization meeting of the city board Tuesday evening. Appointments made by Merson include Harry Post, city clerk; F. C. Hathaway and Dr. Harry Beistle, water works committee; Phay Graffort and Harry Brown, park and lights committee; Harry Brown and Phay Graffort, streets; T. D. Childs, Harry Brown and Phay Graffort, cemetery board; Mrs. Ada Dacy Sanders, treasurer; Frank Sanders, city attorney; H. E. Squier, assessor; Dr. K. L. Gamble, re-appointed health officer and E. Mitchell, chief of police.

### Transfer Men From Co. Drains

#### Trench Digger Starts Work at Front and Lake St.

A total of approximately 100 men were added to the WPA force at work installing the sanitary sewer here this week, consisting of men from the smaller towns of the county, mostly called from drain work.

Transfer of 78 men from Benton Harbor to work on the local WPA sewer project was at least temporarily blocked Monday morning by the protests of Labor Commissioner Allard, Benton Harbor, on the ground that they were being taken away from the street car track removal projects of the Twin Cities, as yet incomplete.

Transfer here was made on the ground that the track removal project was held up by the exhaustion of the funds allotted. It was decided to wait until yesterday morning while efforts were being made to increase the allotment.

In addition to the 78 men from Benton Harbor, about fifty more from Galien, Three Oaks, Berrien Springs, New Buffalo, Baroda, Bridgman, Stevensville and other county points were brought in, and 31 had been assigned work Monday morning. Most of these men came from drain projects which were temporarily discontinued.

#### Work Ahead of Funds Allotted

The local sewer project is in no danger of being held up by exhaustion of allotted funds, according to WPA officials in charge. The work is in fact ahead of the funds allotted at the present time. The project was divided for appropriation purposes into three districts, as follows: Dist. 1, all streets north of and including Front; Dist. 2 all streets including Davis avenue and west, south of Front street; Dist. 3, all streets south of Front and east of Davis, including the Liberty Heights district.

#### Digger Transferred

The trench digger was moved Monday to Lake street at Front, for excavation north on Lake. It was estimated that Lake street would be completed by the middle of the present week.

### Automobiles Show Registration Jump

With a total of 1,271,186 motor vehicles in the state equipped with 1936 plates or half year permits, on March 25, records of the Department of State clearly indicate the expected increase in total registration this year over 1935.

The total of 1936 plates and stickers sold thus far is nearly as large as the maximum registration of 1,349,951 for 1935, despite the fact that summer always brings thousands of new cars from sales rooms and from garages where they have been hibernating.

### Bishop Misbehaves to be Shown May 1st

The Buchanan Civic Players will present "The Bishop Misbehaves" by Frederick Jackson on May 1, at the Clark theatre. The players are sponsored by the WPA recreation department, under the direction of Harry Banke, Jr., and the play is under the auspices of the American Legion.

The money secured from the play will be used by the American Legion to care for the soldier's lot in Oak Ridge cemetery. This is a very deserving cause and should receive the support of every citizen.

The scene of the play is laid in England and concerns an ambitious bishop who has always had a secret desire to become a detective. He receives his opportunity to apply his theories and very cleverly solves a baffling mystery. The lines of the play are brilliant and full of humor.

Tickets will go on sale next week and may be purchased from any Legionnaire.

The Sunday school class of girls taught by Mrs. Thomas Rice will have a party this Saturday, meet at the church at 1:30. A hike and supper will be part of the program.

### Great Grandfather Local Children Dies

News was received here last week of the death of William M. Miller, father of Mrs. Harry Hemphill and grandfather of Mrs. Arnold Rossow, who expired suddenly of a heart attack at his home at Belle Center, O., Thursday, April 3, at the age of 78. He had made his home in Belle Center for 51 years. He was married to Jennie Miller.

He is survived by 13 children, 31 grandchildren, and three great-grandchildren. The great-grandchildren are Anna Marie, Lois Jean and Robert Arnold of this city. The funeral was held at 2 p. m. Sunday at the Church of Christ, Belle Center.

### Clark Equipment Makes Statement

#### Profit of \$6,013.63 Reported For 1935 After Deduction of All Charges.

Net profit of \$6,013.63 for the year ending Dec. 31, 1935, was reported in the annual statement of the Clark Equipment Company, issued to stockholders this week.

The statement reported a gross profit, after deducting factory expenses, of \$966,440.04. Expenses of administration, selling, payment of taxes, interest and other general charges of \$469,299.76 were made, also a charge of \$368,176.43 for depreciation and accruing renewals, leaving a profit from operations of \$128,963.85.

Profit from the sale of securities including \$15,593.06, being balance of reserve provided in 1932 out of profit and loss, no longer required, totaled \$12,138.84, and added to the profit from operations, brought the total to \$341,102.69. From this amount special charges were deducted, including \$319,807.40 for development costs, and \$9,231.66 for federal income tax, resulting in the net profit of \$6,013.63 above reported.

### A. A. Shepardson Rites at Glendora

Funeral services were held for Albert A. Shepardson, 81, brother of Mrs. Clara Charwood of Buchanan, from the Glendora Christian church at 2 p. m. Friday, Paul Carpenter preaching the funeral sermon, and interment was made in the Weesaw cemetery.

He had lived nearly all his life in this vicinity. He was born April 8, 1855 in Niles township, the son of Ira and Clarissa Cummings Shepardson, moving when small to the Wagner district where his father operated a sawmill. He was married May 29, 1879, to Miss Ketty Smith, Weesaw township. Their golden wedding was observed as a community event at the Hills Corners church of Christ in 1929. They spent a few years in Kansas, Idaho and Washington, but returned here in 1901, settling on the Hills Corners farm where he died Wednesday. He was ill only a few days and was able to cast his ballot at his own home Monday.

He had been a member of the Christian church for 50 years and also was affiliated with the Odd Fellows and the Glenners. He is survived by his widow; by a daughter, Hazel Smith, and a son, Harry Shepardson; by a sister, Clara Charwood and by 11 grandchildren.

The Glendora Odd Fellows lodge was in charge of a committal service.

### Jack Frost Gets In More Dirty Work

A water main on Arctic street broke Tuesday morning, apparently from the result of frost, and the water users in that immediate vicinity were short of water a few hours. Because of the fact that the shut-off valves worked adequately, it was not necessary to shut down all over the city.

Water pipes at the Robert Franklin farm, frozen at a depth of 5 1/2 feet, thawed out a few days ago, revealing a bursted pipe.

### Last Rites for Charles Diggins

#### Barbered in Buchanan 54 Years, Was Circus Showman in His Youth.

Last rites were held at 3 p. m. Sunday from the Hamilton Funeral home for Charles C. Diggins, 77, who died at his home Friday, following an illness of two years.

Diggins had made his home in Buchanan 55 years, and had followed the barber business for 54 years 22 of which were served in Fred Mead's shop. He varied his barbering in his early manhood with work as an animal trainer for the Blake animal show and the Gentry Bros. animal show, after which he toured the country with his own animal troupe, appearing in vaudeville and in circuses.

He began his show work aiding Robert Blake, native of the Bend of the River, in training his show of 80 dogs and 18 monkeys which he kept in winter quarters in the second floor of what is now known as the Chevrolet building on Main street. Diggins demonstrated a natural aptitude for handling animals, and worked regularly for Blake for two years. He then hired out with Gentry Bros., traveling with this show. He then went "on his own" with a trained animal troupe.

At one time, back in the nineties, he performed in the old Opera house, getting his educated horse, Grit Baldy, up the stairs to the third floor. On the way up Grit Baldy got temperamental and floundered and kicked, leaving marks on the walls that are said to be still visible.

Diggins gave up his show work on account of illness in the family which made it impossible for him to be away.

He was born in Kendallville, Ind., May 22, 1858, the son of George W. and Ellen Randall Diggins, coming to Buchanan when 22 years old. He was married to Ann Kemp of Decatur, Mich., in 1913. He is survived by his widow and by one son, Kern Diggins of Hartford.

Rev. C. A. Sanders preached the funeral sermon and interment was made in Oak Ridge cemetery, the following acting as pallbearers: Fred Mead, James Garren, Clarence Dunbar, Harry Boyce, Robert Reamer and Marcus Treat.

### Odd Old Letter Received Here

#### Letter Written by Father 92 Years Ago Arrives Few Hours After Death of C. Diggins.

A "letter that came too late" arrived at Buchanan Friday morning, addressed to Charles Diggins, who had died a few hours before. By a rather strange coincidence the letter came from a cousin, L. W. Diggins, Linford, O., from whom Mr. Diggins had never heard.

A note enclosed stated that the writer had found, while ransacking his attic, a letter 92 years old, written by Charles Diggins' father in 1844, when a boy of 18.

The old letter was enclosed, together with its original envelope, which was a sheet of paper folded and sealed with wax. There was no stamp on the letter, but instead a notation of a charge of a shilling (12 1/2 cents). It was written by the father, George M. Diggins, August 27, 1844, while he was working on the Maumee & Wabash canal at Lafayette, and was carried by horseback mail carrier to his parents at Kendallville, Ind. The letter was written in a beautiful, ornate hand. It stated that the writer had worked on the canal 2 1/2 months, receiving \$17 in wages. It requested that the writer's mother remit him three pairs of stockings and send them to Fort Wayne, where he would get them.

Mrs. John Ochenryder went to South Bend yesterday to get the cast removed from the foot which has been protected for a month during treatment of infected bones.

### Rev. Weybright at Church Brethren

Rev. George Weybright, of the faculty of the Bethany Bible School, Chicago, will preach at 11 a. m. and at 7:30 p. m. at the Church of the Brethren, Sunday. The morning preaching service will be preceded by Sunday School.

### Temple to Open New Quarters

#### Have Bought and Remodeled Old Toy Factory Bldg. on W. Chicago Street.

Bethlehem Temple is opening its new place of worship, Sunday, April 19, at 2 p. m. with the dedicating of their new building.

Property formerly belonging to Wilson Leiter on W. Chicago St., known as the old Toy Factory, has been purchased and remodeled into a church by the local congregation.

A very special program is being arranged with the following speakers: Bishop Harry Barnett of Niles, Bishop G. E. Rowe of Mishawaka, and Elder Charles Taylor of South Bend and Elder Charles Julian of Grand Rapids. We are expecting visitors from Indianapolis, Fort Wayne and a number of others.

We will be especially favored to have with us the Midway Gospel orchestra from Mishawaka. Mrs. Wreatha Proctor will favor us with an acception number. Musical numbers, both instrumental and vocal, will be presented.

The public is invited to these services.

### Milk Dealers Offer Suggestions

The milk dealers of Southwest Michigan have an association known as the Southwestern Michigan Milk Dealers' Association. This is composed of all the fresh milk dealers in the three counties of Berrien, Cass and Van Buren. They are distributing the dairy products produced by the farmers in these three counties.

In this issue there is appearing the first co-operative selling movement to increase the use of distribution of fresh milk. These advertisements, together with the distribution of other advertising material, direct into the homes of milk users, are of vital importance to the food buyer in the homes for the reason that through the use of fresh milk in the planning of the family meals a considerable reduction in the food budget can be effected.

Fresh milk should not only be considered suitable food for babies and children, but more of it in the diet of the adult as a beverage, and in the preparation of vegetables and other foods will insure much more food value for the money in the average home. In this way the use of more milk will actually reduce the cost of living.

### Ochenryder Boy Has Narrow Escape

Herbert Ochenryder, 5-year-old son of Mr. and Mrs. John Ochenryder, narrowly escaped serious injury when he fell into a 10 foot hole under construction as a cess pool at his parents home on Short street about 7 p. m. Tuesday evening. The workmen had bricked the hole up about three feet and had fenced it to keep children away. However, the child got thru the fence and fell into the pit, apparently striking on the edge of the brick as he fell and cutting a gash under his chin. He was not otherwise hurt.

Lyman Campbell and Miss Ruth Campbell and their mother, Mrs. Mary Campbell, were in Buchanan from Chicago during the Easter week-end.

Miss Jean Ednie, South Bend, visited Saturday with her brother, William Ednie and family.

### Margaret Koons In Opera Company

Miss Margaret Koons, daughter of Mr. and Mrs. Charles Koons, is a member of the cast of Mary McCormick's light opera company which will present Gilbert & Sullivan's "Mikado" at the Granada theatre, South Bend, next Wednesday evening, April 22. The performance is heralded as an outstanding rendition of this classic of tuneful humor, with a capable cast and brilliant scenic effects. The performance will begin at 8:30 p. m., one showing only.

### To Ship Tomato Plants from Ga.

#### Several Carloads Required to Bring 2,500,000 Plants for Local Fields.

Plants for the 900 acres of tomatoes for the Campbell Soup acreage here will be shipped in car load lots from Georgia in time for planting about May 15, according to the announcement by company experts at the school of instruction held Thursday evening at the auditorium of Buchanan Co-ops, Inc.

The shipment will be made from Georgia because of the fact that there is not any source of supply in this part of the country able to furnish the two and a half million plants which will be required to plant the 900 acres which will be set to the crop in the Buchanan district.

At least part of the crop on the local acreage will be set with the aid of a machine planter, on which two settlers ride, each one dropping the plants from 30 inches to three feet apart, the rows being six to seven feet apart. Behind the stations of the two settlers will be a water tank with the seat of the driver on it. The machines will be horse-drawn. Into the furrow, before it is closed, will be dropped a supply of water and a shot of fertilizer for each plant. Three planters have already been sold to local acreage contractors.

Mr. Zickman, expert for the company from Chicago, was at the Buchanan Co-ops headquarters yesterday and is there again today making soil tests for the farmers who are putting out acreages. An attendance of 130 prospective growers representing 900 acres was at the school of instruction carried on at the Co-ops auditorium Thursday night, with County Agent Lurkins, Professor Mahoney of Michigan State College, and two experts from the company plant at Chicago in charge.

Small plots for experimentation in the growing of plants will be located on several farms, under the advice of Michigan State College. It is felt that it might be advantageous to develop local sources of supply for the plants, to eliminate chances of disease from plants shipped in.

### S. W. Mich. Pres. Body Meets Here

The Kalamazoo Presbytery held its semi-annual meeting at the local Presbyterian church Monday evening and all day Tuesday. Rev. Robert V. Woods, Edwardsburg, the returning moderator, preaching Monday evening. The new moderator elected is Elder Harry Golliger of the North Presbyterian church, Kalamazoo. The local church reported losses of 23 and gains of 27, making a new total of 171 members in the church. In all 20 ministers and ten elders from southwestern Michigan attended. Rev. W. H. Brunelle and Elder A. J. George represented the local church as delegates. The women of the local church served lunch.

Mr. and Mrs. Jake Shearer of Chicago spent last Thursday at the Glenn Vergon home.

Mr. and Mrs. H. H. Vergon daughter Martha Jean of Huntington, Ind., spent Saturday at the Glenn Vergon home. Mrs. Martha Vergon, who has spent several months in the home of her son here, accompanied them on their return.

### Advocate No Taxes on Homes

#### Legislative Council Recommends Law to Curb Tax Title Sharks.

Michiganders may receive substantial relief in taxes on homes which they own and occupy, if the recommendations of the legislative council are honored by the lawmakers, and action may also be taken on its recommendation to afford relief to delinquent taxpayers in reduction of excess taxes imposed in boom years.

Sub-committees were authorized to draft bills covering the recommended alterations in the tax structure for submission to the 1937 legislature. The council took no action on an insistent demand from a Democratic minority of the taxation sub-committee that Governor Fitzgerald be asked to call an immediate extra session of the legislature to halt or amend the coming May tax sale.

Five Republicans, in a majority report recently, recommended that the sale be held "because it offers the only feasible opportunity to sift the chaff from the grain in the matter of ownership of real property." The Democratic minority, led by Rep. Casper J. Lingeman, Grosse Pointe Shores, held that an extra session should be ordered at once. Lingeman contended \$72,000,000 of Detroit City taxes which are delinquent will be jeopardized if the sale is not stopped. He advocated special legislation to empower the state to buy all titles and hold them for redemption, or to sharply cut penalties so title buyers would not be attracted.

The recommendation for complete abolition of the property tax on homesteads read:

"The small home owner today, even where some reduction has been made in his property tax, is paying more through the sales tax plus the tax on his home than he was prior to 1933. Relief can be obtained only through city and school tax reductions. Perhaps some farther allocation of motor vehicle and gasoline taxes can be made to the cities to aid in street maintenance costs. We recommend that exemption from taxation of all homesteads, owned and occupied as such, should be seriously considered in the near future, and that the loss of revenue to local taxing units caused by such exemptions be offset by funds from the state sales tax, some new tax on intangibles, an income tax or some other form of obtaining revenues from the state at large."

Other recommendations were: That steps be taken to cope with tax title "sharks" if it is found after the May tax sale that they have brought tax titles in large amounts to homesteads having a high equity value—possibly by the state or municipalities buying the tax titles and giving the owner an opportunity to buy them back later.

That welfare burdens now partly or entirely placed upon the counties, such as mothers' pensions, medical aid and so forth be shifted to the state.

That the next legislature merge local revenue collecting agencies and establish a single agency for the state. That a tribunal be established by the legislature for the adjustment of excessive taxes levied against real property during the "boom" years and now delinquent.

Legislation to expedite the transfer of worthless, cut over lands to the state for reforestation or recreational purposes and that efforts be made to get good land back on the tax rolls.

Consideration of an act liberalizing the right of municipalities to take advantage of the federal municipal bankruptcy act.

A method of abandoning excess subdivisions, with adequate restrictions on the future right to plat and sell subdivisions.

Consideration by the legislature of a plan to strike millions of acres of non-productive land in northern Michigan from the tax rolls and still provide revenues necessary for local governmental functions—instead of carrying such lands year after year as delinquent.

### State Officers To Be Present

## THREE BERRIEN TOWNS PLAN OBSERVANCE OF STATE CENTENNIAL

At least three towns of Berrien County have made arrangements to celebrate the 100th birthday of Michigan statehood this summer—Niles, Coloma and New Buffalo.

At New Buffalo, however, the main item of the observance is the 100th anniversary of the founding of the town in 1836, presumably, according to tradition, as the result of the discovery of the harbor by refugees from a shipwreck.

At Coloma observance will honor both the 100th anniversary of the state and the 102nd anniversary of the town, and will be held Aug. 20-21-22. The township has voted \$200 toward the expense of the event, and various means are being taken by the community to increase the sum.

At Niles plans underway include the restoration of the famous old fort and trading post, Fort St. Joseph, dating from the latter part of the 17th century, the site of which is still visible on the bluff south of Niles.

## THE REDBUD IDEA

Last year the Lions club announced a plan to make Buchanan the "Redbud City" and in pursuance of that aim some 150 redbud trees were set along the trail and 60 were set in town, most of them sold to private home owners.

Largely because of a favorable season, the prophecies that few of the trees would live came to naught. Practically all set along the trail are living this spring, although some dogwoods and ornamental shrubs set in shady wet ground on the upper side of the road died, apparently because of disadvantageous location.

Although it was originally planned that these plantings should be continued, nothing has been done to date this spring. The idea of selecting the beautiful redbud tree as a means of advertising the town and the adjacent river road has already demonstrated its effectiveness, but the campaign should be continued to get full benefit. Last year it was reported that travel over the trail increased 400 per cent, in part at least because of the wide publicity the road received.

Atlanta, Ga., has a program to plant 1,000,000 dogwood trees on the approaches to the city to make that place a mecca of the southeast during the three weeks blooming period. The redbud has a blooming period equally long, comprising about three weeks, usually in May.

and Lila Schaw were visitors at our school last week.

Cizzorettes were made a week ago for art class. Circles, half circles and bars were given each pupil to put together in any fashion to make pictures. Some very good pictures were made. We have on exhibit an excellent fish, rabbit, dog, bird, candle, stick, goose and man.

We are very sorry to have Thelma Townsend leave our school. She will attend the Coveny school, in the vicinity they are moving.

Last week Art class started making May baskets. They expect to finish them this Friday. They are made from newspaper strips and paste. A glass jar is used for the base.

Safety First club members are competing to see which one can own the most watches by Friday. For every Safety First Rule with the word watch in it they get a paper watch to put in place of the word watch.

The Fords are still ahead in the spelling match. They are eleven miles ahead of the Chevrolet.

Most of the older students are planning on going to New Troy for a demonstration lesson for the P. T. A. meeting.

The 6th and 7th grades did not miss one word in spelling all week.

"The Ford V-8 uses less fuel and oil for the power it gives than any other car we have ever made

AND ITS UP-KEEP COST IS THE LOWEST"

ENTHUSIASTIC sales talk often begins and ends with gasoline mileage. Some salesmen would like you to believe it is the whole story of automobile economy. But drivers ought to know better. For, the fact is, it's way down the list. The big items of car economy are low first cost, low up-keep cost and low depreciation. Savings here can make a great deal of difference in cost per mile. Gasoline mileage is more of a talking point than an economy factor. gallon is less than \$10 for a whole year's average driving (8400 miles at 18 cents a gallon). Here are the big items that make the Ford the most economical car: More value for every dollar you pay. Lower cost for repairs and service. Long life. Slow depreciation. Quality means economy and the 1936 Ford V-8 gives you more real quality than any other low-price car. No other car under \$1645 has a V-8 engine. No other low-price car has Center-Poise Riding, safe, sure mechanical brakes and Safety Glass all around at no extra cost.

## Along McCoy's Crick

The attention of the writer has been called to an article which appeared on page one of last week's Record in which Mr. Roland S. Black implies in so many words that certain statements that have appeared under the heading of "Along McCoy's Crick" are not based on fact.

The first impulse was to pay no attention to the Black letter but so many phone calls have been received from prominent Buchanan people who apparently are behind the writer in his battle for historical accuracy that there seems nothing left to do but reply at least in part.

The writer has no desire to enter into a controversy with Mr. Black over the location of the old swimming hole. That is not the purpose of this article at all. What the writer seeks to do is to head off further phone calls on reverse tickets from certain old-timers who apparently disagree with Mr. Black.

The fact that the writer has as a result of the numerous collect phone calls was obliged to go without any Easter finery this year for the first time shows at what a cost and what an effort, and with what thoroughness and research these articles are being prepared.

What Mr. Black does not know or, if he does know it he is keeping the knowledge from the public, is that the writer attended the annual convention of the Historically Correct Association at Washington, D. C., last summer and that the paper read by him on "The Art of Keeping Chronologically Straight" resulted in the meetings being held over for several days beyond the three weeks originally scheduled, and that the writer was elected seventh vice-president at the closing session after a deadlock of some 43 hours.

This is merely mentioned to show that Mr. Black, when questioning the veracity of the writer is shooting pretty high. A seventh vice-president of a nationwide organization such as the Historically Correct Association certainly is above reproach and his veracity unquestioned.

Mr. Black seemingly has waded into pretty deep water in intimating that the Crick articles which are appearing in The Record are not based on fact.

If Mr. Black and Henry Kingery, whom he mentions, and Guy Bunker and some of the other smaller boys went in swimming in the St. Joe river opposite the mouth of McCoy's crick it was probably because they were timid and did not wish to "go in" with the larger boys two miles further down stream. Youngsters in those days frequently were afraid of being "ducked" by the larger boys or else obliged to take part in the game of "Perch" which used to be played along the banks of the age-old stream.

The larger boys, of course, would not have cared to venture out into the river where people passing by on the old wooden bridge might see them.

In this connection it might be well to state that the first bathing suit ever worn by a Buchanan boy or man made its appearance in May of 1894, when Mr. Jack Miller, secretary of the Hatch Culery company appeared at West Lake in one of the new-fangled garments. It was three years later that the first Kalamazoo woman, a Miss Tracy, appeared in a bathing suit, then a three piece garment, at West Lake. This caused more or less of a with buses leaving the post office on the even hour.

This must not be construed to mean that Buchanan women, up to that time, had "gone in" without suitable attire, for they had, but they had previously worn long Mother Hubbards, or else in the garb of September Morn had entered the water after dark, which in mosquito time was not a pleasant experience.

This leads up to the statement that the first bathtub in Buchanan was installed in the Sol Rough brick mansion near the top of Front street hill, in March 1880. The new tub was quite a novelty and a large number of citizens called at the home to inspect it and find out just how it worked. However, such a thing as "living models" were unknown in those days.

It is recalled that Mr. George Black, who was one of the callers, stated that he did not think the tub was practical and he at the time expressed the opinion that it would not get beyond "the toy age."

Before the coming of the tin bathtub Buchanan people were obliged to use the wooden wash tub for their Saturday night lunge. In order to do this satisfactorily one had to be somewhat of a contortionist to crowd all the way in. However, with practice it could be done! But people had to get in and keep in shape in those days which, of course, was more or less of an inconvenience.

Maybe, Mr. Rol S. Black, as he signs himself, wishes to take issue with that statement. The writer is purposely leaving the stopper out of the ointment bottle just to see what happens.

Mr. Black in his letter even goes so far as to state that the old swimming hole was across

from the mouth of McCoy's Crick before the writer donned his first diaper. Those are his exact words! Whether it is his intention to convey the impression that a seventh vice-president went around for several years without donning such a garment or whether he expected the writer to grow up and on his own donning is not easily understood.

Mr. Black asks the writer to confer with Mr. Henry Kingery regarding certain facts, and it may interest the gentleman from Florida to know that Mr. Kingery has supplied all the information that has appeared in these articles from week to week.

The writer is very well acquainted with Henry Kingery. He is a gentleman of the first water and always has been so. In fact he used to operate the first sprinkling wagon to traverse the streets of Buchanan. He always took a load of kids, including the writer, on his trips with him. Perhaps the knowledge that the writer used to ride around with Mr. Kingery on the sprinkling wagon was what caused Mr. Black to infer what he did about the diapers.

Mr. Black in his communication points out that there was a party by the name of Dutch John who lived in a little cabin just where the river makes its bend. In this he is correct! Only the party's name was Hungarian Pete and he lived in a brick house opposite Bachelor's Island, two miles down the river, exactly opposite where the old swimming hole used to be.

It was Hungarian Pete who swam across the St. Joe river one cold December night to secure matches with which to light the candles on the Christmas tree only to discover upon arrival, as he stood there on the porch shivering, that the people had moved out and the place was for rent. Pneumonia overtook him on the way back across the stream and several days later the little Christmas tree, still unlighted, was made over into a floral wheel with one spoke missing.

The writer had hoped that the sad case of Hungarian Pete would not have to be related but Mr. Black insists on accuracy and by the Eternal he shall have it, let the chips fall where they may.

Mr. Black also states that the ABC Baker episode was not correct. He claims it was James G. Blaine and not Benjamin Butler, whom the Buchanan carriage painter escorted through the streets of South Bend. He claims he was there at the time!

Henry Kingery says that Mr. Black was always a good Democrat and therefore it seems rather strange that he should have driven all the way to South Bend, 14 miles to the south, to attend a Republican rally. Is Mr. Black sure that it was not his friend, William Jennings Bryan, a former resident of Florida, he meant in his communication?

People who reside in Florida for any great length of time, among those real estate dealers, naturally get strange and fanciful ideas, and perhaps, that is what has happened in this case. Accuracy should at all times be the objective sought in historical acclaims.

In the old days Buchanan people either were more hardy and more capable of taking it or else they had never heard of Florida. They were able to take a good old Michigan winter without murmur or regret.

One of the first of the Crick people to visit Florida each winter was a Mr. Rankin, a grocer. He may not have been the best grocer in town but he had the best turn-over in partners, it is recalled. He kept the painters busy painting the name of the new firm on the front windows.

Dr. Roe also was among the first to visit Florida each winter. One year the Doctor brought back with him Rance Calvin and three crocodiles which he allowed to play along the banks of the Crick back of his home on Oak street. It was a rare sight for the children who gathered to see the display. Rance in those days was as silent as the alligators at his side. That, of course, was back in 1888. While the official records are not obtainable it is assumed that Rance later made up for any silence he may have sustained during the time.

Letter just received from Bryan Treat of Buchanan says it was Henry "Red" Spohr who gave him his first show of fine cut. Seems that he managed to survive. There must be others, however!

Now the controversy regarding the location of the old swimming hole has been permanently closed with Mr. Black being historically unhorsed the articles regarding the old Crick will proceed to ripple as usual next week same as if there had been no interruption or detour.

The O. C. O. class party will be held this Friday evening beginning with a cooperative supper at 6:30 in the church parlors. The committee in charge is Mr. and Mrs. Archie Morley, Mr. and Mrs. Herbert Walquist and Mr. and Mrs. Bradley.

## Olive Branch

Harrison Sheeley of Niles spent several days last week with Mrs. Ada Sheeley.

Mr. and Mrs. Currie McLaren and daughter spent Friday evening with Mr. and Mrs. Eugene Sprague.

Mr. and Mrs. R. E. Cealka and family of South Bend were Easter guests in the Otto Fish home. Mrs. R. J. Kenney was an afternoon caller.

Mrs. Oscar Olson and son and Mrs. William Newitt spent Friday and Saturday in Chicago.

Mrs. Sadie Ingles spent Sunday afternoon with Miss Minnie Bohn. Mr. and Mrs. Currie McLaren and family and Miss Gladys James attended the M. E. church Easter services in South Bend, Sunday. They were dinner guests in the Robert Grant home.

Mr. and Mrs. Dell Smith were dinner guests in the Paul Pence home on Portage Prairie Sunday.

Mrs. Harry Williams is numbered among the sick this week.

Mr. and Mrs. John Rose called Sunday afternoon in the D. Wallace home near Dowagiac.

Mr. and Mrs. Lotus Kanouse entertained the former's sister and family from Niles Easter.

Communion services and an Easter message was given at the Olive Branch church. Rev. Carl Eastburg was in charge.

Rev. Ruth Eastburg spent the week-end in Sodus and helped with the Union sunrise services at the U. B. church there Sunday morning.

The second quarterly conference will be held Tuesday evening, April 14, at the Olive Branch church. Dr. M. R. Richardson will be the speaker.

The 500 club was held with Miss Gladys James Saturday evening. High score prize winners were Mrs. Thelma Roberts, Fred McLaren, and consolation winners were Helen Koffel and Dick Norris.

Mr. and Mrs. Lester Finney and Mrs. Nave of South Bend were the Sunday evening guests in the Chas. Smith home.

Mrs. Jerry Lutz and son of Pontiac is visiting her parents, Mr. and Mrs. Ed VanTilburg for two weeks.

Mr. and Mrs. Will Roundy attended the Easter services at the Midway Gospel Tabernacle in South Bend Sunday.

Mr. and Mrs. Everett Hardman of South Bend spent Sunday with Mr. and Mrs. Charles Dietrich.

Mr. and Mrs. Henry Goodenough entertained at an Easter dinner Mr. and Mrs. Ralph Thomson of Clarktown, Mr. and Mrs. Henry Jerue of South Bend, Mr. and Mrs. Millie Jerue of New Carlisle.

Miss Violet Roberts returned to her home after two week's visit with her sister, Mrs. Geraldine Goodenough.

Mrs. Fred Reamer of South Bend spent several days with her father, L. L. Hinman.

Miss Helen Hinman spent Easter with her aunt, Mrs. Fred Reamer, South Bend.

Mrs. John Clark returned to her home Friday from St. Anthony's hospital, Michigan City, where she had been a patient for the last week. She is improving nicely.

Mrs. Nina James and daughter, Gladys, were in St. Joseph Friday.

This community was shocked to hear Easter morning of the sudden death of Mrs. Lovina Hollister, who passed away at the home of Mr. and Mrs. John Clark. She had just finished dressing for breakfast when she was taken by a sudden heart attack before anyone was aware of it.

Mrs. Lovina Saunders Hollister was born Oct. 17, 1849 in Ekford, Calhoun Co., Michigan. Most of her girlhood was spent there except for two years spent in Iowa.

She was married to Albert Hollister Nov. 17, 1872. To this union was born four children, one dying in infancy and three surviving. Mrs. Nellie Clark of Galien, Frank Hollister of South Bend, and Mrs. Irene Laker of Homer, Mich. She is also survived by ten grandchildren and five great grandchildren, by two sisters, Mrs. Alma Renner of Portland, Ore., and Mrs. Keda Cory of Vicksburg besides a host of friends.

They moved to this vicinity in 1903 and located on a farm near Galien. Since Mr. Hollister's death in 1911, Mrs. Hollister has spent most of the time with her two daughters.

She will be greatly missed in the family circle for she was very active, cheerful and hospitable to all. She was a devoted Christian and a member of the U. B. church and Lovina Ladies Aid which bears her name.

Funeral services were held Tuesday afternoon. Private services were held at 2:30 P. M. at the home of Mr. and Mrs. John Clark, followed by other services at the Olive Branch church. Rev. Carl Eastburg officiated. Casketbearers were the grandsons, John, Frank, Ray and Ralph Clark, B. Sherman and Paul Smith.

## Full Week of Big Hit Features

Management Plans Full Week of Hit Productions for Patrons in Appreciation of Patronage.

The Hollywood Theatre, under the management of E. C. Hoffman, will observe its first anniversary starting with April 17th and running through and including April 23. To start this week of outstanding pictures will be a double feature bill, including that rollicking comedy, "Three Live Ghosts," which has an undertone of impending drama. "Three Live Ghosts" is Metro-Goldwyn-Mayer's newest contribution to the great art of laughter. Briefly, it's the story of three devil-may-care young soldiers—one of them goofy from shell shock who come back from the war to find themselves officially "dead," and who decide to stay that way. Their adventures as they move through London as nameless beings provide comedy and drama. Richard Arlen and Beryl Mercer are the stars. The second feature for Friday and Saturday is "Tough Guy," a drama of the government Secret Service. Hair's-breath escapes, thrills of running automobile battles and airplane pursuits, the amazing cleverness of a dog, and comradeship between three of the most oddly assorted characters ever thrown together, are to be found in this picture with Jackie Cooper, Joseph Calleia and Rin Tin Tin, Jr., playing the gangster, boy and dog who, thrown together in hiding, become friends and comrades.

"Old Kentucky" Presenting Will Rogers with a stellar supporting cast. "In Old Kentucky," brings the drama which has thrilled and delighted thirty million Americans, to the Hollywood Sunday, Monday and Tuesday, with continuous shows Sunday, starting at 12 noon.

Rogers' role in "In Old Kentucky," is that of old Steve Tapley. A shrewd, quizzical and humorous horse-trainer, he makes champions of colts, friends out of fued fighters and brings romance to estranged sweethearts.

The drama of the picture arises out of a feud between the families of old Charles Selton and Charles Richman. Rogers gets himself in and out of all sorts of trouble trying to protect Selton from the law, and keeping the romance of Sel-

ton's daughter and Richman's trainer from breaking up. The contest between the two families reaches its dramatic climax when they enter their horse in the great Ashford Stakes. In a pounding, heart-grIPPING finish, Rogers' horse comes in ahead carrying romance and happiness across the finish line.

Cast as Rogers' faithful friend and hostler, Bill Robinson, loosens his nimble feet on a series of his incomparable tap dances and even teaches Rogers a few of his steps so that the humorist can win the heart of a southern lady!

"Dangerous"—"Exclusive Story" Wednesday and Thursday brings two outstanding performances to the screen when the public will see Bette Davis in "Dangerous" with Franchot Tone and Margaret Lindsay. This play is sheer drama of dynamic intensity and tremendous emotions.

Bette has the role of a famous actress, who after rising to the top of the ladder through her own egotism and selfishness, although she calls it a jinx, falls, dragging down those who loved her. It is after her fall that Tone, in the role of a young architect, sets about sobering her up and trying to reestablish her as the brilliant star she has been.

But Bette loves lightly and too well. She already has a discarded husband she has ruined, of whom the architect knows nothing. The situation leads to a veritable scandal which ends in dynamic and tumultuous scenes and an amazing climax.

Miss Davis is not presented in a pretty light, but the part is said to give her the strongest characterization which she has had in films.

"Exclusive Story," featuring Franchot Tone and Madge Evans was written by ace reporter Martin Mooney. It is a dramatization of his crusade against the racketeer overlords of New York, dealing in particular with the notorious "policy game," which is said to rob citizens of millions each year.

Gaining fame from his dramatic expose, Newspaperman Mooney was recently given a jail sentence for failing to divulge the sources of his astonishing information. It is this material which provides the sinews of the new screen play.

Briefly, the exciting theme of "Exclusive Story" is told in the lives of a group of people who are in one way or another affected by the machinations of gang bosses.

Mr. Hoffman has given the people of Buchanan the biggest picture of 1935 and plans to give the same thoughtful attention to the 1936 season.

## EDITORIAL

The school library has opened its doors to all high school students, but is being unfairly treated in return. Books are handled carelessly by all the students, for the backs are broken and they have to be rebound, plus other repairs administered by the readers. Few open a new book correctly, which is cautiously bending the pages back from the front of the book and from the back of the book, alternating it.

Such "book criminals" never could succeed in the perfect crime, for they carelessly leave marks—finger prints whose fingers have come in contact with chocolate, candy or dirt; the "gypsy" in some arises and pictures that might win prizes in very modern are result, dog-eared corners of pages are discovered which are a result of marking the places when they have finished.

Scotland Yard could catch these outlaws in less than twenty-four hours, but the school leaves it up to each individual to be responsible for each book he takes out of the library, and included in the responsibility is caring for the book, not destroying it in any way, for don't forget, someone always reads it after you.

### TISH TISH

Ted Lyon is always breaking in to print in his manifold way so he has first place in the column of "walking jokes." In his clever way he always tries to vindicate himself for the incorrect answers he gives Mr. Elbers. He can't take "no."

The telephones that Keith talked of that should be installed in each room, ought to be changed to alarm clocks (they are more useful). Oh, these slumbering kiddies! Mr. Elbers tried to impress upon the minds of his students the different agricultural belts of the United States. He ended by saying, "—and so we have the corn belt, wheat belt, cotton belt and leather belts." The last belt made the best impression.

A boo to the students whose names burn a hole in the study hall blackboard and seem to be everyday scenery. (Library fines.) This one is a puzzle: Who is being called "baby face?"

### Grade News

The sixth grade castle is getting stronger every day. We are improving in clean bodies, clean rooms, clean yards, tardiness and in courtesy and safety.

We have been studying about birds and have made a bird calendar so when we see a bird we write it under the month in which we saw it.

Eight of our people won finals this week in Palmer.

The sixth graders in Miss Reams' room are making posters of Switzerland.

A committee of Evelyn Johnson, June Johnson, and Bonnie Metzgar have planned a French village in the fourth grade room.

Bonnie Jean Plumb has left the 5th grade to move with her sister to Idaho. We hope that Bonnie Jean will write us.

Pauline Mitch and Norman Ferris were elected to represent their 5th grade in the Citizenship club meeting.

Mrs. Heim's second grade has a new pupil in their room. Carl Dork entered Monday from Lansing.

They entertained the first grade last Friday afternoon, reciting poems learned throughout the year in the different classes. Each child recited a poem and carried a picture illustrating his poem.

Edna Lauver brought a magnifying glass that was used in the preparatory science class.

Mary Ann Coultas brought the first pussy willows for an Art class.

Miss Bohl's third grade is enjoying a clean room after a clean-up period last week.

Miss Connell's room is memorizing poems by Robert Louis Stevenson, "My Shadow," "Where Goes the Boat," "Singing," "Land of Counterpane," "The Swing," "The Friendly Cow," "Time to Rise," "Bed in Summer," have all been memorized.

### GYM

The girls of the gym classes have played baseball in the gym. When the weather will permit they will play out doors. A tennis team is to be chosen also, and the girls will practice in the gym when they cannot go out doors. All girls wishing to play volleyball are allowed to do so on Wednesday nights after school.

### RUSHING THE SEASON

During the past few weeks, the girls and boys have been wearing their spring apparel such as: anklets, short jackets, light spring dresses, and also going around in shirt sleeves.

But lo, after wearing their spring finery a few days, old man winter decided this could not be tolerated and down came millions of tiny snowflakes, and Mr. Wind did his bit towards making the weather a good, old-fashioned blustery snow storm. Many were forced to bring out their winter clothing again.

### CLASS MEETINGS

The sophomore, junior and senior classes each held a class meeting Wednesday to select one delegate to go to Holland, Michigan, to see how their student council is governed. Those selected are as follows: Kenneth Metzgar, sophomore; Virginia Wright, junior and Ben Franklin, senior.

### "BUSTER" GETS SPRING FEVER

Another poor soul has been affected by spring fever and another romance is resulting. The new victim is a certain robust freshman who has showed symptoms of the malady for some time by writing notes, to the ladies fair.

As the malady tightened he struggled to go to the Avalon but was unable—bed time at nine, you know.

Now, the young Romeo is in the market for a new suit and a flower store to complete his misery. Girls, please leave him alone or he might do something very drastic.

### ART PROJECTS

The first and second division of the fifth grade have made interesting posters.

In the first division health posters were made because health is being stressed in the grades. The posters are represented by different slogans that strive to improve health in everyday conditions.

The second division has a completely different type of poster. These posters show the history of boats. They include all types of boats. These are done in chalk of different colors.

### Office News

The Science and Mathematics club met at Kalamazoo, April 10. The Michigan Schoolmasters club

will meet in Ann Arbor, May 1 and 2.

The Home Ec club will not meet on April 8 as was scheduled, as Mrs. Lynd will not be here.

Mrs. Lamb's News  
There are still many students out of school due to the epidemic of mumps which has been going the rounds of Buchanan. Many new cases have been reported.

### GRADE MAY FESTIVAL

All grade pupils will participate in the grade May festival, which will be held in the high school auditorium, May 8.

There will be folk music sung from all countries, including American folk music. The staging has already begun. The background will be posters made by the students in the fifth and sixth grades and one by a high school student. They are posters that portray the countries from which the folk songs are taken. The festival will be directed by Miss Eunice Miller.

### Class Activities

Biology and Horticulture.

The biology classes have started the exercise "How Living Things are Classified." Also the biology projects, which are due the week before school is out, are included as a part of the work.

In the horticulture and farm crops classes the study of plant insects has been completed. Some very fine charts have been prepared on the subject by the horticulture students.

The F. F. A. club elected two delegates, Gilbert Collings and Charles Bainton, to participate in the state convention to be held in East Lansing, May 7 and 8. April 13 is the National F. F. A. Day and the F. F. A. club is planning a suitable program.

Mathematics  
The 7th graders are finding areas and volumes of geometric figures.

Formulas as equation changed to meet needs of problems involved, is the work of the 8th grade arithmetic classes. They are also continuing the use of these formulas after they have been changed.

The commercial arithmetic class is continuing the work on roofing, carving and paper hanging. They will also review problems on applying fundamental principal of arithmetic.

The algebra class is using ratio and proportion.

Theorems which are related to similar polygons are the work of the geometry class.

The trigonometry class is using formulas to find area of a triangle.

Language  
The first year French students have taken up the study of past definite uses of past tenses and peculiarities of first conjugation.

During the past week the second year French students have finished the book of "Sans Famille" by Malot.

Work in Latin 3 has been given over to maps of Italy in the time of the Early Romans, and study of the third declension, also stories of a Pyrrhic Victory.

Latin ten students are studying stories about the Belgian and Roman armies meeting and the battle at the River Aisne.

English and Journalism  
The freshmen are studying the play "Julius Caesar" in the Literary and Life Books.

Sophomores are taking up the unit on the "Recreation Toward Realism" and studying the lives and Writings of Lanier and Whitman.

The journalism class is practicing writing editorial replies.

The beginning of the Civil War and the effect it had on literature, the lines and works of Lincoln and Simms was the work of Miss Miller's English ten class. Work books were handed in, and reports of outside reading were given.

Mrs. Walton's 7th grade English class will try to clinch the parts of speech and correct usage with a different system introduced in a different way. Projects were handed in on King Arthur stories.

History, Government and Citizenship

The senior government students have completed their study of the national government. Among the departments to which special attention was given were: Post Office Department, Department of Labor and Department of Interior.

A discussion of the chief administrator of the national government was the work of the citizenship students.

### FEMININE WEAKNESS

MRS. Mary E. Frost of 701 O'Hara St., Bloomington, Ill., has said: "Some years ago I couldn't sleep and was barely able to eat. I would become nauseated so easily. I used to have awful headaches and felt so tired day after day. I used Dr. Pierce's Favorite Prescription and it did me a world of good. I was able to eat, sleep at night, the headaches disappeared and I felt just fine in every way." Buy now of your druggist.

When it comes to staying power, Iso-Vis "D" refuses to take its hat off to any other motor oil on the market. Compare it with oils that cost as much as 10¢ more a quart—compare its ability to stay on the job in long hard driving. Watch how your oil level stays up and your oil costs stay down, when you have Iso-Vis "D" in your crankcase. Its tough, smooth, durable "body" resists the usual effects of sharp changes in temperature; doesn't thicken greatly in cold, nor thin out seriously under high engine-heat. Enjoy its economy this Spring and Summer.

Eight short minutes is all it takes to have your crankcase drained and refilled with the proper grade of Iso-Vis "D" for Spring, at Standard Oil Stations and Dealers—where you see the sign of

## NOW it's time to dress up your Windows

... and Wyman's drapery department is the place to see what's new and fashionable for windows in this spring of 1936.

Hundreds of pairs of curtains and draperies... dozens of new lovely styles—have arrived within the past two weeks. We've never had a larger, more varied selection—from perky organdy cottage sets for the kitchen to handsome damask draperies ready to hang in your living room.

Be sure to see the new colors in glass curtains and ruffled curtains, such as duobonnet, brown, henna, Nile green, light blue—for color is as smart in curtains as it is in clothes.

So make it a point to visit Wyman's drapery department the next time you're in South Bend. You'll get so many ideas for beautifying your home for spring.
