

# TO PLANT REDBUD TREES ON LABOR DAY

## State Highway Dept. Landscapes South Approach to City on M-174

### Now Here's the Proposition

Uncle  
Hank  
of  
Hills  
Corners  
Says:

All wars begin in April, which includes them started over house cleaning.

#### He's Late Anyway

The late Mr. Reed was insistent in preaching more speed and more power.

Wherever he went he would travel at 80 or 90 an hour.

He claimed that in motion lay safety.

That the way to escape was to speed.

And backed up his gospel by action.

That's why he's the late Mr. Reed.

Fannie, the front street flapper, says it doesn't help with the housing shortage any that so many women are willing to take in rumors.

Fannie, the front street flapper, says that the trouble with most men is, they can't grasp the distinction between remaining young and remaining adolescent.

Clem Styles, who is the eminently conservatively eddytor of the Glenderry Bugle, sez he throws all the polyclitic propergander in the waste basket only he throws the Democrat a leetle harder.

#### Another Democrat Takes a Walk

Making good a threat which Al Smith, former Democratic party head, made recently, Postmaster A. G. Haslett took a walk last week and what a walk it was. Glenn is a well built man but not for walking and he was making an inspection trip with Ken Blake, whose years of service with the local foot cavalry have given him a build like a Derby contender. Well, you know how the boys are—few of them had ever seen Glenn walk before and as he ankled around in the wake of Blake, leaping from crag to crag across the yawning chasms of the sewer excavations which threaten to engulf the entire Democratic party, they cheered his arduous journey by laying down a barrage of wise cracks. The one that made him so mad he forgot his sore feet was up on Arctic street when "Chuck" Evans hollered to Perry Green: "Hey Perry, here comes our bonus!"

### P. P. Co-Ops to Open Season Sun.

The Portage Prairie Co-Op baseball nine will open the 1936 season at the Letcher hall diamond Sunday, at which time they will match prowess with the Montague A. C.'s of South Bend. Their old standby in the box, Lester Seabast, is reported to be fully recovered from the injuries which handicapped him last year, and back in harness.

### Blues Play O'Brien Varnish Here Sun.

The Buchanan Blues will open the season at the Liberty Heights diamond Sunday afternoon, opening at 2 p. m. with the strong O'Brien Varnish nine of South Bend as their opponents. Manager Reamer reports that a good game is in sight unless the locals are handicapped by the necessity of a number of the players working that day.

Miss Mary Reynolds of Chicago is a guest this week of her brothers, Abe and Ross Reynolds, at their home in Buchanan.

### Plant to Lawn And Evergreens

Pronounce Redbud Trail One of Finest Drives This Side of Upper Peninsula.

Parking operations on the southern approach of M-174 to Buchanan were initiated Friday by a force of state highway workmen under the direction of Doris Hawks of St. Joseph, in charge of maintenance for the state highway department in Berrien county.

M-174, it may be necessary to explain, is the South Bend Road from Buchanan to M-60, which was taken over by the state and paved for the purpose of affording a connection between the city and the through highway.

The grounds which are being planted comprise the segments of land immediately south of the Michigan Central tracks which were bought by the state in order to replace the old square turn in front of the Knight home with a gradual curve. The triangular section between the curve of the new highway and the old angle to the east of the present road, was partially filled with top dirt and smoothed into a symmetrical bowl. This will be sown to lawn grass this week and next week evergreen trees will be planted there and on the upper bank in front of the E. S. Arney home.

Associated with Doris Hawks in planning and carrying out the work was Walter Trittmatter, district landscaping specialist in charge of the roadside improvement work of the state highway department, with offices in Kalamazoo. Trittmatter is a son of a former superintendent of public parks in Detroit.

Hawks stated that the highway department made the fill while hauling gravel from the Buchanan city pit to the large parking project south of Niles.

### Queen's Sorority Annual Reunion May 6th

The fifth re-union of the Blossom Queen's Alumni sorority was planned at a sorority meeting on Thursday night of this week. The reunion will be held on Wednesday, May 6, at the Hotel Whitcomb, St. Joseph.

Starting with a business meeting and election of officers in the morning, the members will spend the afternoon in recreation. They will attend the annual Queen's dinner at the hotel in the evening, where Governor Frank D. Fitzgerald and the Blossom Queen will be guests of honor. Following the dinner they will go to the Queen's coronation ball.

The sorority comprises three chapters. The Four Flags chapter includes girls from Niles, Dowagiac, Buchanan and Berrien Springs. Girls from Bridgman, Baroda, Stevensville and other southwestern towns of the county are in the Bridgman chapter, and girls of St. Joseph and Benton Harbor belong to the Twin City chapter.

Membership in the sorority is confined to girls who have been in the Blossom Queen's court in past years, and women who have been chaperones. It was organized in 1932.

The sorority will enter a float in the 1936 Floral parade on Saturday, May 9.

#### 25% Wheat Damage

About 25% damage to wheat in the Buchanan district in common with southwestern Michigan is reported as the result of winter and spring conditions. Wheat in spots where the snow was blown off last winter froze out or was weakened so that the alternate freezing and thawing and the dry conditions of April completed its destruction. In about 5% of the acreage the damage to fields was so complete that farmers are replanting to oats or corn. Rains in the past week have helped.

### Cutoff Project Again Revived

Would Route Highway Over Terre Coupe, Chicago, and Days Ave. to Front St.

Five petitions are being circulated in Buchanan and vicinity this week for the purpose of inducing the state highway department to consider the installation of new concrete pavement from M-60 at Bakertown to Buchanan, to constitute a cut-off from that thoroughfare to the city and points east and north.

The circulators of the petition state that they favor routing the new cutoff down Chicago street to Days Avenue, in order to avoid congestion in the business section by the additional traffic which might be rerouted this way as soon as it is generally understood that the new route would shorten the road, by avoiding the southward curve of M-60 between Bakertown and Niles. Bakertown people are enthusiastic in favor of the proposed improvement.

The petitions when completed are to be placed in the hands of an influential committee and laid before the proper authorities at Lansing.

### Tells Billings to Go Jump Rope

Former Crickite Wonders if God Knows Old Gent Any Better Than She Does.

Well, I am writing this to show that I am as brave as James Billings wishes someone to be. I do not know the said person and if God doesn't know him any better, as the old colored preacher said, "He sure am lost."

From Mr. Billings' letter in last issue, you would naturally think he was the only person existing for his article emphasizes a one track mind.

Mr. Merrill's stories as well as those of John Holmes, are greatly appreciated by us old timers, who have some sweet memories of the past and my dearest one is of a mother who lived along McCoy's creek.

A sense of humor, even if it should be "far-fetched" is what each and all of us need, for it brings happiness to ourselves and fellow citizens and we know Mr. Merrill has no thoughts of ridicule.

May I suggest to Mr. Billings that he start practicing that ancient game of "jump the rope" and use it to jump the articles that cause him so much unhappiness and probably lots of lost sleep. But please, Mr. Billings, let us "old timers" still have the pleasure of Mr. Merrill's articles. Good work, Harrison, keep it up. We need sunshine and plenty of mirth.

Mrs. Charles H. Niles,  
219 N. St.-Louis Blvd.,  
South Bend, Ind.

### Leo Davis Leases Wagon Works Bldg.

Leo Davis has leased the entire lower floor of the Rough Wagon Works building, which is being remodeled by the owner, D. DiGiacomo, for garage and automobile storage. Overhead doors are being installed and an up-to-date greasing rack. The entire quarters are 45x125 feet. The quarters will be ready about June 1.

#### ORMISTON MOVES

TO BENTON HARBOR  
E. H. Ormiston, for several years principal of the Buchanan high school, has moved from Holland to Benton Harbor, where he will head the branch office of the Mills Mutual Insurance company of Lansing. He has already begun his duties in Benton Harbor and will be followed there by his family as soon as the Holland schools close in June. He is well acquainted in Benton Harbor, having taught there several years before coming to Buchanan. His many friends in Buchanan wish him all success.

### Farm Wife Puts Out Roof Fire Unaided

The problem of rural fire protection does not mean a lot to Mrs. John Lockey, who resolved herself into a one-woman fire department and extinguished a roof fire at her home two miles north of Buchanan on the Redbud trail last week.

Two of the children were playing in the yard and noticed that the roof was afire in several places, ignited by sparks. They ran into the house and told Mrs. Lockey. She hastily dispatched them to the home of August Ernst for aid, but did not wait for help to arrive. Getting a ladder, she mounted to the roof with buckets of water, and had the flames out by the time Ernst arrived a few minutes later with a fire extinguisher. The fire had burned through the tinder-dry roof and was running along the rafters inside when Mrs. Lockey came to the fore.

### Police Dog or Wolf: Question?

The mystery of the supposed timber wolves which have been ravaging poultry and sheep flocks south of Buchanan for two seasons is believed to have been solved by the killing of a wild police dog in the Ghost Hollow district on the Chicago Road last week. Or at least most observers incline to believe that the animal which was shot and brought in Friday was a wild police dog, although others adhered to the belief that it was a "brush wolf," familiar to those who know the Upper Peninsula.

It is said that nearly two years ago a police dog bitch and two pups left home in Buchanan and "went native" out in the hills and forests of Ghost Hollow, attacking sheep and poultry on the western end of Portage Prairie and giving currency to the report that wolves were abroad there.

### Atty. Worthington to be 79 Friday, Has Practiced Law Here 57 Years

Ranking Lawyer of S. W. Mich. Bar Tells Secret of Retaining Youthful Mind.

Darrow was right—a man who starts life as a would-be reformer ends up as a philosopher, according to Atty. A. A. Worthington who will reach his 79th milestone next Friday, May 1, two weeks after Darrow.

For 57 out of his 79 years Worthington has practiced law within the radius of a block up and down Front street. Sixty years ago he started to study law in the old-fashioned way in the offices of Judge VanRiper and Judge Hinman on the second floor of the old First National building at Main and Front.

Hinman was elected judge of probate and left the firm, and Worthington went across the street with VanRiper to the offices now occupied by Atty. Sanders. Thence they moved to offices in the second floor of the opera house building. Judge Van Riper moved to Niles and Worthington continued on his own, moving 42 years ago to the office he now occupies.

In spite of his years Worthington is perhaps the most vigorous speaker in Buchanan today, with a mentality unusually vibrant and alert. His ability to remain alert he attributes to the fact that for 32 years he has taught the Bethany class of the Methodist church each Sunday. Every week he has to dig up something new and it has kept the wheels from rusting.

Worthington is attached by strong ties to the Methodist church for he came here in 1876 when his father, Rev. Henry Worthington, accepted the local Methodist pastorate. His father had preached as a Methodist circuit rider before there was any Buchanan. In 1887 he preached in the log cabins of the district, riding the forest trails on horseback with his necessities in saddle bags. In 1842 he preached to the first Methodist congregation organized here. He preached in the weaver's loom quarters adjoining the old carding mill at

### T. C. Stearns Has 150 Pct. Lamb Crop

Believe it or not, but T. C. Stearns has had a lamb crop of nearly 150 of his ewe herd at his farm on the Redbud trail, two miles north of Buchanan this spring. His 16 ewes are raising 23 lambs. A total of 25 lambs were born, of which 23 have been saved, a remarkably good percentage.

### Life Resident Buchanan Dies

John Long, 74, is Laid at Rest in Calvary Cemetery, Niles.

John Long, resident of the Buchanan community for most of his life, died Thursday at the home of his daughter, Mrs. Clarence Corey, Niles, and last rites were observed with a regular high mass at the St. Mary's Catholic church of Niles Monday morning. Burial was made in Calvary cemetery in that city.

He was an employee of the Clark Equipment company for a number of years, and was a member of Camp 886, Modern Woodmen of America. He is survived by two sons, John, Jr., and Louis of South Bend, and a daughter, Mrs. Clarence Corey of Niles; three brothers, William of South Bend, Henry of Ceresco, and Charles of Durand, Mich.; by two sisters, Mrs. Wm. Hill, St. Louis and M.S. Delos Koonz, Waltham.

Mr. Long was born June 5, 1861, on a farm near Clear Lake.

### Townsendites to Meet Mon. Evening

The members of the Townsend club will hold a meeting in the Modern Woodman hall next Monday evening at 7:30 o'clock. The speaker of the evening will be the Rev. Wm. Montgomery of Edwardsburg.

Bakertown. In a pioneer home adjoining the present Currier farm his oldest son, Atty. Worthington's oldest brother, was born.

He returned to Buchanan as the regular minister for several years following 1876.

A further aid in maintaining a youthful outlook has been Atty. Worthington's constant interest in out door life. He is planning on building a boat this summer—"a wide scow that I can walk around in," for further pursuit of his beloved angling. All his life he has gone fishing but not always to fish. While pursuing the wily trout he might spy a rare bird and dropping his rod, he would bring his ever-present field glass to bear, forgetting all about fish. Among his birthday guests he is expecting a pair of wrens who have occupied a bird house at his home on Chicago street for several years.

and even more effective as a mellow of the years has been his continued interest in youth. Undoubtedly "Uncle Bert," as he is known among the young folks, has probably attended more high school games over a stretch of years than any other resident of the town. And ever once in a while there comes to his office some youthful protege with a problem, for which he always finds a ready and sympathetic listener in "Uncle Bert."

It has probably helped his peace of mind that he consistently refrained from entering politics. Never in his 57 years of public life has he ever held any office other than the local postoffice. In former years he entered every campaign in behalf of the Republican ticket, making his first political speech at the Painter school house in 1878. A few years later he attended the national convention where "Blind" West of Ohio nominated the "Plumed Knight of Maine," James G. Blaine. He launched the official careers of a number of friends. But he never threw his own bat in the ring.

### August Ernst, Redbud Trail Farmer, Is Booster for Hard-Surfaced Road

Pioneer of Good Farming Methods Believes in Value of The Trail.

"The surfacing of the Redbud Trail will, in my opinion, add from \$15 to \$25 in value to the farms that front on it," said August Ernst, who owns a fine farm on the road two miles north of Buchanan and who has been the hardest and most consistent booster for the project since it was first visualized several years ago.

Ernst knows why he thinks so. Several years ago, before the trail was built and surfaced and when the Moccasin Bluff hill was the terror of the farmers on the river bottom, Ernst was bottled up for several months with 500 bushels of potatoes on his hands, unable to market them on account of the hill. And before the roads were good enough to haul them they had dropped from \$1.50 to \$1.00 per bushel. Figure that out yourself.

So when the proposition of a hard surface road was broached, Ernst was for it from the word go. It was a matter of public spirit and it was also a matter of good business. When \$500 was needed to complete the right-of-way, Ernst wrote a check for \$100 just like that. When the project of planting the roadside with redbud trees with a view to calling it the Redbud Trail it was Ernst who made it possible by providing the redbuds, some 150 of them.

Soon after he located on his 116 acre farm two miles north of Buchanan some 18 years ago, Ernst proved that he had the instinct of pioneering by being the first in his district to take up alfalfa culture. Alfalfa simply wouldn't grow there, so everybody told him, but Ernst opened up a four foot layer of high grade marl on his farm and plastered his whole place with it. Now it raises 3 cuttings of alfalfa, averaging three tons yearly. Soon after he started raising alfalfa, some 17 years ago, Ernst quit raising wheat.

"You can't make money by selling grain off the place," he explains, "you have to put it into stock. Take corn. You can get all the corn you want now for 40c a bushel. You can buy corn at that price and put it into hogs and make money. But hogs are selling for \$10.60 per hundred today. Could you afford to sell corn? As a matter of fact I raise my own corn. I don't buy a bushel of grain or sell a bushel. I cut down on hogs two or three years back when they got so low, but they're more profitable now. We finish out a half dozen or a dozen at a time and ship them in our own truck to Majors at Mishawaka.

"We keep a herd of Guernseys and always milk a number, selling the milk. That is our product—pork and milk. It has been slow during the past few years, but we have always been getting by."

Ernst is another of the farmers of the Buchanan district who have found a solution of the farm problem in the application of the formula, "Lime, alfalfa and live stock."

That the solution has been satisfactory in his case is attested by his finely improved farm and his beautiful home, which will be modernized with electric equipment when the Indiana & Michigan extension now coming in from the north reaches his place early this summer.

### State's Gas Tax Below U. S. Average

Michigan's tax of three cents a gallon levied on motor fuel is below the average for the nation, according to a survey just made by the Standard Statistics Company of New York City. State taxes range from two cents a gallon in the District of Columbia, Missouri and Rhode Island, to seven cents in Florida and Tennessee. Every state in the union has levied a gasoline tax since 1929. In that year Massachusetts and New York joined the other 46 states in this form of taxation for the building and maintaining of highways used by owners of the motor vehicles which use the highways.

Power Machinery and Pioneer Neighbors Sow 25 A. Oats in Day

Modern power machinery plus good old-fashioned neighborliness achieved big results in a short time Friday when four farmers moved with three tractors and a drill in a 25 acre field belonging to Frank Middlecamp west of the Miller school, and completed the job from the first furrow to the drilling between dawn and sunset. Middlecamp is unable to work this spring on account of losing two fingers in a buzz saw. The three farmers who plowed with tractors were Jas. Reed, Floyd Fedeore, and Ira Nelswender. Joe Letcher drilled in the oats.

### Mary Andlauer Taken by Death

Many Organizations Contribute to Lovely Floral Display at Funeral.

Funeral rites were held from the Childs Funeral Home at 2 p. m. yesterday for Mrs. C. A. Andlauer, with Rev. H. A. Staver formerly of Buchanan and now of Marshall, collaborating with Rev. W. H. Brunelle in charge of the service.

The wide esteem in which Mrs. Andlauer was held was attested by the many flowers given by many organizations and individuals of the city, comprising a lovely bank covering the entire north side of the chapel. Burial was made in Oak Ridge cemetery, with the following acting as pallbearers: L. R. Bradley, Frank Imhoff, H. B. Thompson, Dr. H. M. Beistle, R. R. Rouse and J. C. Rehm.

She was born Nov. 14, 1859, at North Webster, Ind., her name before marriage being Mary Kyle, daughter of Levi and Catherine Coleman Kyle. She was married to C. A. Andlauer at Pierceton, Ind., Dec. 14, 1878. They came to Buchanan in 1910.

She is survived by her husband and an only daughter, Myra Andlauer.

She was a very active member of the First Presbyterian church here, and of a number of its organizations and activities.

### L. D. S. Legion Plans Institute

The local Zion's Christian Legion is sponsoring a Legion Institute to be held here, May 9th and 10th. Saturday evening, May 9th, a banquet will be served in the American Legion hall at 6 p. m., followed by a play, "The New Minister Arrives," given by the Starlight club. Tickets sell for 50c. We are glad to welcome anyone who wishes to be present. There are to be several guest speakers from Grand Rapids, Lansing and Independence, Mo. The Sunday meetings will start with an early morning prayer service at 8.30, followed by class work. This will be a good time to get acquainted—why not know our own town people better?—Contributed.

### Funeral Directors Will Meet Here

The members of the Tri-County Funeral Directors Association comprising the directors of Berrien, Cass and Van Buren counties, will meet in Buchanan Tuesday of next week, the guests of local directors T. D. Childs, L. O. Swem and Carl Hamilton. The afternoon will be spent at the Orchard Hills Country Club. A banquet will be served to the members and their wives by the Eastern Star at the Masonic hall, and a business meeting will follow there. The ladies will hold a theatre party at the Hollywood while the meeting is in session.

### F. F. A. to Plant Trees Tuesday

Girl Scouts will Sell Trees Again in Collaboration with Lions Project.

Planting of Redbud trees in Buchanan, which was initiated last year under Lions club auspices, will be continued as a special Arbor Day project on Tuesday, May 5, with the members of the Future Farmers of America of the local high school collaborating with the Lions this year.

The planting will be done mainly in clusters at places along the trail, especially at the southern approach of M-174 south of the Michigan Central and adjacent to the parking now under way by the state highway department.

The Girl Scouts will again sell trees to the local residence owners to carry out the Redbud idea over the city and to cover incidental expenses. These trees will be sold this year at the rate of 50c for small and 75c for large, with reductions for more than one tree. These trees will be planted on Arbor Day by a force of workers under the direction of Kermit Washburn, head of the high school agricultural department.

The planting along the trail last spring was directed by O. I. Gregg, landscape specialist connected with the extension department of Michigan State college. Results were satisfactory, nearly all of the redbud trees of the 150 planted being alive this spring. Since the tree has a moderately slow growth, it is not expected that there will be any extensive bloom display inside of five or six years.

It will be necessary to continue the effort over a number of years to get satisfactory results. August Ernst is again donating the trees this year.

### Complete Unit One by June 1

Force Reduced from 235 to 217; Installation Mains Over Half Done.

Over half of the installation of main sewer 10 and 12 inch trunk lines is now done, according to officials in charge of the work here, and total installation of Unit One, comprising all of the installation north of and including Front street should be completed by June 1, barring unforeseen accidents.

Excavation of laterals is not carried out while the mains are open, for the reason that the caving in of the corners creates a safety hazard. There will be an interval between the completion of Unit One mains and the beginning of Unit Two mains, because of the unusual government routine, when the force will be employed in digging the laterals to houses. All of this work will be completed ready for connection by house owners before any work is done on Unit Two, the district south of Front and west of Days.

Only a little over two blocks of hand excavation on account of ground water remains in Unit One, comprising Front street west to Oak and Main street between Front and Dewey. All of the remainder of the main excavation in this unit will be done by machine. In Unit Two excavation will be by hand on Days Avenue and Oak to Chicago and on the lower sections of Chicago street.

Force Reduced  
The force was reduced this week from 235 to 217 by the withdrawal of 18 men to a Niles project. A few hours were lost Tuesday and Wednesday, but all of this, according to the present arrangement, must be made up by the men.

### Nelson Transfer In New Headquarters

The Nelson Transfer company is opening local headquarters in the annex to the south side of the old Rough Wagon Works building this week-end, using the rooms now occupied by the Wonderlich Realty Co. as offices and the rooms to the rear for truck and other storage. The Wonderlich Realty Co. is moving out this week but has not definitely decided on a location.

GALIEN NEWS

Economics Club

Holds All-Day Meet

The Economics club group 3, held an all day meeting Friday at the home of Mrs. Lester Olmstead and elected the following officers: Mrs. Nellie Smith, president; Mrs. Muriel DeBois, secretary-treasurer; leaders, Mrs. Ruth Sheeley and Mrs. Flossie Unruh.

Gleaners Hold

County Meeting

The Gallien Arbor of Berrien County Gleaners are holding a county meeting at Moose hall in Niles, Thursday, April 30. At this meeting a queen will be selected from the representatives of each arbor.

Gallen girls entering the local contest are Carmen Sheeley and Dorothy Sheeley.

Grand Lodge Heads

Visit Gallien Meet

Three state officers were present Thursday evening when over 150 members of the Rebekah lodge met in the I. O. O. F. hall Thursday evening. The state officers were Mrs. Etta Smith, Grand Rapids, Mrs. L. Stoner and Mrs. Mabel Alexander, Detroit. After a business meeting was held refreshments were served and the rest of the evening spent in dancing.

P. Freeling Dies

After Long Illness

Peter Freeling was born July 19, 1877 in Russia, and passed away at his home three miles north of Gallien, Wednesday afternoon at 4:30, after several months illness. He leaves his wife, Christina, and six children,ohn, Henry, George, and Conrad at home and Peter, Jr. of Glendora, and Miss Pauline at home.

Surviving also are three brothers, John of California, George, of Central America, Henry of Russia and a sister, Mrs. Margaret Heinrich, Russia.

The funeral was held Saturday afternoon at 2 o'clock at the Glendora Lutheran church, conducted by the pastor, Rev. Jeschke. Burial was in the Glendora cemetery.

Charles Partridge

Commits Suicide

Our community was shocked Friday evening with the sad news of the death of Charles Partridge, who took his life by drinking poison. His wife, who returned from Niles about 5 o'clock in the evening

of the girls of Gallien are planning to attend. They will be at camp from June 23 to 30. Girl Scouts from Buchanan, New Buffalo and Mishawaka are attending camp at the same time.

The Culture Club held their last meeting until October on Friday afternoon at the Slocum Hotel. After the yearly reports were given by the officers, Mrs. Clyde Swank had charge of the afternoon's frolic. A number of songs were sung and several readings and recitations were given. A co-operative 5 o'clock dinner was served.

Mr. and Mrs. Ward James were host and hostess at a bridge party at their home Wednesday evening.

Marie Carroll and Lucille James of South Bend spent the week-end with their parents.

Jerry Kenney, Notre Dame, spent his spring vacation with his parents.

Gallen Schools

The junior and senior chemistry class made a trip through the Studebaker plant at South Bend, Thursday. Supt. Paul Harvey accompanied them.

Mrs. Hohmann is not at school this week on account of the death of Mr. Hohmann's father.

Mrs. Mecham visited school Monday.

A party for the faculty was given at the home of Mr. and Mrs. Harvey Monday night.

The honor roll for the last six weeks for the grades and high school is as follows:

Second, Betty Bowker, Violet Bender; third, Carmen Longfellow, Suzanne Prince, Mary Lou Kelley, Shirley Foster, Nancy McLaren; 4th, Norma Jean Noggle; 5th, Jean Hoinville, Kathryn Luther, Velma Nagle; 7th, James Goetzinger, Donald McGowan, Warren Nelson; 8th, Emma Jean Doughton, Coral Matthews, Marilyn Roberts; freshmen, Wanda Potter, Mason Jones; sophomores, Kathryn Hampton, Alene Jones, Ellen McCarty, Wayne Newitt, Harold Renbarger; juniors, Margaret Hampton; seniors, Esther Hess, Grace Swartz.

Mr. and Mrs. Lawrence Pierce and family of Indianapolis were over Sunday visitors at the home of their parents, Mr. and Mrs. Delbert Pierce.

Mrs. Sarah Most of Buchanan is spending the week with her son, Chester, and wife.

A surprise party was given Mrs. Floyd Smith Saturday evening in honor of her birthday.

Miss Anita Mack of Midlothian,

Illinois, spent last week here at the home of Pat Nagle.

Mr. and Mrs. Jack Smith of Brookfield, Ill., spent the week-end in the Lewis Mitchell home.

Mr. and Mrs. Richard Wentland spent last week in Ann Arbor with their daughter, Bonita, who is attending the University and was having her spring vacation.

Mrs. Sylvester Dairymple spent Saturday with her nephew, Charles Price, in Dowagiac.

Stanley Morley and family of South Bend and Ralph Kuhl and wife of Buchanan were guests at the Wm. Morley home Sunday.

Mrs. R. Wentland attended a meeting of the Berrien County Red Cross officers at the Four Flags hotel in Niles Wednesday.

Mr. and Mrs. Gilbert Hebblewhite and Miss Jane Kelley of Lansing spent the week-end at the Frank Kelley home.

Mrs. Paul Luther entertained the ladies of her Card Club Tuesday afternoon.

Olive Branch

Misses Betty Kinney and Edna Saeger spent Sunday afternoon with Helen Hinman.

Miss Irene Williams of South Bend spent the week-end with Mr. and Mrs. Harry Williams.

Mr. and Mrs. Russell Dickey and family spent Sunday with Mr. and Mrs. Hugh Martell near Three Oaks.

Mr. and Mrs. Don Dennison of Niles were Monday visitors in the Ira Lee home.

Miss Marjorie Sprague was hostess for the 500 club at her home Saturday evening.

Mr. Colby and family of Chicago, Mr. and Mrs. Jack Roush and baby and several other friends of South Bend were among the large crowd from Gallien and vicinity that attended the chicken supper at the Millie Bowker home Saturday evening.

The Aid realized a neat sum of money. Mrs. Myrtle Kiefer, Mrs. Lucille Clark, Mrs. Leon DuBois were the committee in charge.

A TONIC AND BUILDER

BERT HENSON of 371 E. Michigan Ave., Battle Creek, Mich., said: "My health broke. I didn't care whether I ate or not and became thin and all dragged-out. After taking Dr. Pierce's Golden Medical Discovery I soon showed signs of improvement in I had taken four bottles I was as well and strong as any one." New size, tablets 50c, liquid \$1.00 & \$1.35. ## Along McCoy's Crick

By Harrison Merrill

Buchanan in 19th century days was able to put on celebrations with much more success than any other place in Berrien county. Other cities and towns were out-distanced completely when it came to staging a Big Day. This was a result of the splendid civic spirit which existed along the shores of the Crick at the time.

There was that Fourth of July celebration for instance, when Dr. Swazey, plump Chicago dentist, who had purchased the Roe farm at the far end of Moccasin avenue, put on his race, meeting on the half-mile track which he had built on the farm property along the river bank down the lane to the north of his home. There, in truth, was a big day.

It is recalled that on the day of the race that there was a delay in the first heat of the first trot getting under way while a bevy of noted sportsmen in an open barouche drawn by two fiery

steeds circled the track many times, the occupants apparently unaware of the large crowd that impatiently milled around the outer edge of the oval waiting for the meet to get under way.

Seated in the carriage, wearing linen dusters and light plush topers, were the Messrs. William Trembeth, merchant tailor, Abe Baker, carriage painter, William Glover and one other.

In time the procession was halted and the promoter of the event, Dr. Swazey, mounted the judges stand built of dry goods boxes. Before the Chicago horseman could ring the farm bell that would start the trotters in the opening tussle the boards in the stand, unable to withstand the 298 pounds of excessive avoirdupois which adorned the dentist's frame, suddenly gave way allowing the good doctor to descend equally as suddenly to the ground. Fortunately there were enough people on hand and one or two over, to restore the eminent dentist to his feet and also to his standing in the community.

Dr. Swazey did not believe in allowing any of the starters in the various events carded to do the mile in more than three minutes. All time was given in two minutes plus in order to maintain the speed reputation of the new oval.

In the final race of the day the doctor, after ringing the bell vigorously to quiet the crowd, amid cheers, announced: "Lady Charlwood wins this heat and race. And the time, two minutes and 86 seconds. Whereupon Mr. Charlwood, owner and driver of the winner, turned to admirers who surrounded his high wheel sulky and said: "Blame me, if I thought that mare could go under three minutes."

Mr. Charlwood for years worked at his trade as plasterer in the village and was the father of Charles "Coaly" Charlwood, John Charlwood, who later played second B flat cornet in the Buchanan band, and "Toad" Charlwood, all of whom were well known Crick dwellers.

There also was the time when the annual picnic of the Berrien County Anti-Horse Thieves association was held in Buchanan. That, too, was a big day. The event up to that time had always been held at Sawyer on the lake.

The gathering was a big success with a large and enthusiastic crowd present. It might have been more outstanding had it not so happened that while the speech-making exercises were going on at the school house grounds, strangers apparently from Indiana, wand-

ered into the village and made away with eleven head of horses. The following year members of the association met at Sawyer.

The Berrien County Young People's Association picnics in Buchanan were always more successful than those held elsewhere. The merchants always were ready to chip in bravely and make them so.

It was at such a celebration that first balloon ascension and parachute leap in the county was made and it was a real thrill. Prof. John Oglesby, the ascensionist, might have injured himself severely had not the wind veered at just the right moment as he and his parachute were about to light on White Redden's red barn atop the Niles hill, and carried him around so that they landed on top of a lightning rod instead of the ridge pole.

The ascension and leap caused countless young Crick boys to suddenly decide to adopt the new profession. One of the youngsters who jumped off the grain elevator at the depot, it is recalled, dropped on a pile of rocks on the ground and sustained two fractured legs and several smashed ribs. The umbrella which he was carrying at the time failed to work.

It was at one of the Young People's picnic that the first ham sandwich was made and served in Buchanan. Jake Rough was the eminent producer. Also at the same time Charles William (Billy) Osborn went up and down Front St. through the crowd offering for sale "the old bald-headed Beeman's chewing gum."

The first hamburger sandwich, with everything, was served several years later by a Mr. George Stanton, who at the time conducted an eating place deluxe on Main St.

Another big day in the history of the village was when the Frank A. Robbins circus came to town. It was the first, and no doubt the last, railroad show to visit Buchanan. The circus had previously exhibited at the old Madison Square Garden, New York.

The show grounds were located north of town just beyond the Blodgett brick yard. When circus day arrived it was accompanied by heart-breaking rainfall which never ceased. It was by long odds the worst drizzle of the century.

Small boys who met the show at the depot and spent the morning and afternoon carrying water for the elephants with the promise of free admission to the evening performance later were to learn that the old saying about the "show goes on" was, in fact, a reality, as late in the afternoon the tents were taken down and the circus loaded back on the flat cars and the Robbins' show moved on. The grounds selected, it seems, had been found to consist of a rich grade of clay muck and had the

circus remained to complete the engagement the performance would have been staged some 20 fathoms deep.

Those who carried water to the elephants and who are still entitled to free admission should it ever return are Willie Miller, Mickey Murphy, Ted Rouse, George and Joe Richards, Shag Cooper, Art Stone, Clint Hathaway and Frank Merson.

At one of the Buchanan picnics a horseless carriage was offered as an attraction and anxious crowds came from miles around. Said horseless carriage proved to be a buggy drawn by a mule. Quite a little of the Barnum spirit prevailed along the Crick in those days it now seems.

It might be well, at this time, in order to keep the historical record complete as well as accurate, to state that the first automobile owned in Buchanan was built by Gus Kooztz, head of the Buchanan Windmill company, a Rough Bros. subsidiary. The fact that the so-called "car" was propelled by steam created by a good grade of soft coal carried in the caboose attached to the machine proper does not take away from the performance. The "car" actually moved back and forth and at times sideways.

A second automobile was built several years later by Peter English, one of the owners of the first Buchanan dam. That machine actually went places. It was exhibited for the first and last time at a Fourth of July celebration. Mr. English worked several years, pushed something with his foot, and at once the so-called horseless carriage started to move. It went ahead a few paces then started to back up briskly and the last seen of it the machine was going over the top of the Front street hill. Apparently it never stopped. At least it was never recovered and what happened to the "auto" is still a mystery of the kind that would keep even a Pn's Vance guessing.

Short time later Harry (Macaroni) Sabin had two small cars shipped to him at Buchanan which he was to attempt to sell for a relative who was in the motor business. On the first trial trip car No. 1 suddenly caught fire at the edge of town and burned to the ground. "Macaroni," therefore, was the first Buchanan person to ever walk back from an automobile trip. Later "Mac" cranked up car No. 2 and drove out to estimate the damage that had been wrought and that "auto" also burned to the ground at the same place where the former machine had given up the ghost.

The young salesman, thereupon, decided that in the future he would sell from catalog only.

Another big day saw the banks of the old St. Joe river crowded with people who had been drawn there to see the Voorhees Brothers—Charlie and Deb—make a heavily advertised, but perilous trip, over the new dam in a scowboat. The two daredevils had received a

## Sheriff Chas. L. Miller Out For Third Term

Sheriff Charles L. Miller today formally announced his candidacy for re-election to the office of sheriff of Berrien County.

Mr. Miller bases his claim for re-election on the splendid record he has established during the time he has been in office.

His record for service, efficiency and economy is unmatched. Official records and jail reports show that the number of arrests have increased steadily since his term of office began and last year reached an all time record with a total of 1,740 prisoners, and during the same period of time the cost of operation of the sheriff's office has decreased materially. The records further reveal that the cost of operation for his first three years in office resulted in a savings to the tax payers of Berrien County of approximately \$63,000 as compared with the cost of operation for the preceding three years.

It is upon this record that Mr. Miller will ask the support of the electors in Berrien county for the Republican nomination in the primary election September 15.

The breathless crowd anxiously watched the scow which, after hesitating slightly at the top of the dam, made the plunge into the whirlpool below. The boys landed safe and sound and right side up.

Just had a note from Eugene "Teedle" Pnker with the Western Union in Detroit saying it was Henry Spohr who gave him his first slice of Hor. plug.

Have just finished reading a letter to the Record on the first page of last week's issue signed by James Billings in which he finds fault with the "extra accuracy" used in preparing the articles. It is one of those things that just cannot be helped, however. The writer cannot believe that Mr. Billings is one of the rough-tough youngsters who used to carry on along the Crick years ago. Otherwise he never would consent to reside on Sylvan avenue in later years. Anyway, there's always 247 to call and tell one's troubles to the Chubbs.

### North Buchanan

We wish to thank the neighbors for their kindness in sowing our oats while I was not able on account of my fingers which were hurt in a buzz saw. Mr. and Mrs. Frank Middeldamp. 1811p

### Glendora

Mrs. Hazel Smith and family have moved from the Wilber South place near Glendora, to the home of her mother, Mrs. Marie Shephardson, to reside. Her two sons are employed in Niles and the daughter Evelyn is recovering from injuries received in an auto accident.

Mr. and Mrs. Jacob Forriet of Bridgman have moved into a part of the house occupied by Maggie Stevens.

Mrs. Alta Harner of Galien was a week-end visitor of her sister, Mrs. Minnie Kool.

Mr. and Mrs. Rubie Wolkins entertained the Rev. Richard James Saturday night and Sunday. He will be entertained at the George Kool home next Sunday.

George Allen, who was operated on at Mercy hospital last Monday morning, remains very ill.

A number of the Glendora Rebekah lodge visited Galien last Thursday night to hear the vice-president and secretary of the Rebekah Assembly speak. There was lunch and entertainment after the meeting.

The Weasaw Home Economics club held their last meeting at the home of Mrs. Ann Bales, Three Oaks. The new officers are: Mrs. Ina Hill, chairman; Mrs. Florence Mensinger, secretary-treasurer; Mrs. Eva Pletcher and

Mrs. Ann Bales, leaders. Mrs. Ann Bales was elected delegate to the Farm Women's Week at Lansing.

The visitors at the George Kool home last Sunday were Mr. and Mrs. Peter Steelman of Port Wayne, Mrs. Lou Seel of Eau Claire, and Mr. and Mrs. Peter Murdock of Three Oaks.

Mr. and Mrs. Lawrence Pierce of Indianapolis visited Mr. and Mrs. Robert Weaver Saturday night.

Mr. and Mrs. Charles Hendrickson have moved from the farm home of the former's father, Dr. Chas. Hendrickson, to the farm of Wm. Finkel on the Glendora-Buchanan road.

Mrs. Amiel Dass entertained the one o'clock bridge club at her home near Bridgman. Prizes went to Mrs. C. L. Weaver and Mrs. E. H. Zurfley and consolation to Mrs. Leslie Boyd. Mrs. C. L. Weaver will entertain them in two weeks.

## Brother B. E. Steele Dies

Edgar A. Steele, a brother of B. E. Steele of this city, died at his home in Albion, Mich., April 23.

Mr. Steele, a former professor of history and economics at Hedding College, Abingdon, Ill., was graduated from Albion college in 1898. He was, for three years, business manager of Walden university, Nashville, Tenn. For 25 years he was a secretary of the International Y. M. C. A. having been stationed during that time at various cities here and abroad. During the World War, Mr. Steele served three years in the army and navy.

He is survived by one son, Alfred N. Steele, Chicago and three brothers, Frank A. Steele, Benzons-

ia, Harold Steele, Jackson, and Burton E. Steele, Buchanan.

### OBITUARY—LEHMAN

Mrs. Florence Lehman was born in Lutz, the former Russian capital in 1844 and passed away April 22 at 6 o'clock.

When 19 years of age she was united in marriage to August Lehman, who passed away at St. Joseph. She was 57 years of age when she came to the United States.

She is survived by two sons, Roman Lehman of Buchanan, and Robert Lehman of St. Joseph; two daughters, Mrs. Bertha Lehman, St. Joseph and Mrs. Martha Lutz of Buchanan; 13 grandchildren; 4 great grandchildren and many friends.

Dartmouth college is named for the earl of Dartmouth who contributed to its establishment.

## When You Buy A New Car

Insist to your dealer that you are capable of selecting your own insurance and the agent to carry it.

Never allow the dealer to tell you where you must carry your insurance or finance your car.

Such methods are obsolete but are still used by some dealers who have a SPECIAL REASON for such insistence.

If the dealer won't co-operate with you on these items—buy your car where the dealer WILL.

Simply be firm and insist on your rights. Remember you are their customers and THEY MUST HAVE CUSTOMERS.

They will readily agree with you and let you exercise your rights.

# LOCALS

E. C. Wonderlich and C. L. Weaver are moving their offices to 130 Main street for the time being.

Mr. and Mrs. Tenny Bunker and Mr. and Mrs. Keith Bunker were guests Sunday of Mr. and Mrs. Dan Kingston, Niles.

Mrs. Emma Vinton left Tuesday for San Antonio, Texas, to visit her son. She has been visiting two months at the home of her niece, Mrs. Susan Curtiss.

Mr. and Mrs. Francis Bennett and family are moving from 504 W. Front street to the Leiter farm south of Dayton.

Mrs. Warren Willard and daughter, Francis, visited Saturday and Sunday with the former's uncle and aunt, Mr. and Mrs. Edward Warner, Sheffield, Ill.

Kenneth Holmes was called here from Kalamazoo yesterday by the serious illness of his father, A. E. Holmes.

Mrs. Leah Weaver spent the week-end as the guest of Mr. and Mrs. Wm. Weaver, of Berrien Springs.

Mrs. Charles Shean and son, George, and Miss Ann Dispennette, all of Jackson, were week-end guests of Mrs. May Whitman and daughter, Miss Margaret Whitman.

Mr. and Mrs. Virgil Exner and son returned to Detroit. They were week-end guests at the home of Mr. and Mrs. George Exner.

Mrs. George Roe spent the week-end as the guest of her sister, Mrs. S. S. Nelson, Rock Island, Ill. Legion Auxiliary.

## Shorts

**Shows in Minneapolis**  
Miss Margaret Koons writes her parents that the Mary McCormick Opera company with which she is traveling is showing in Minneapolis this week.

**Gridiron Needs Seed**  
Supt. Stark is boosting for some more lawn grass sown on the Athletic Park gridiron, which is thin in spots. He is also negotiating for another layer of cinders on the track in preparation for the county track meet May 9th.

**New Homes Erected**  
Ed Weatherwax is building a 5-room bungalow on a small tract which he bought from the Best estate where West Front turns north on Wagner road.

Eldon Kingery and Homer Cooper are starting new homes in the Polfs & Glaser addition on West Front St.

**Lazelle Weaver Honored**  
Lazelle Weaver, who is a student at General Motors Tech at Flint, was recently elected vice president of the freshman class and has been pledged by the engineering fraternity, Phi Sigma Phi.

**One Manhole Costs \$65**  
One sewer manhole on Short St. cost \$65 for labor and materials, according to one of the sewer officials, the structure requiring 2200 brick, six barrels of cement and about \$10 in labor.

**Clem Savoldi Goes on Mat**  
Clem Savoldi left last week for Santa Monica, Calif., where he plans to join his brother, Jumpin' Joe, competing in professional wrestling in the 145 lb. class under the auspices of a western syndicate.

**Many at Cave Opening**  
Messrs. Overmeyer and Hess report a fine attendance at Bear Cave Sunday afternoon. Many glowing reports of the beauty of the cavern were brought back by those who went through.

## Officers Are Elected at Annual Meet

Ken Blake attended a reunion of a former junior choir of St. Paul's church, Indianapolis, Ind., Sunday, going in company with two former members from South Bend. The reunion was held in connection with the silver anniversary of the church. The choir had been active 23 years ago and of the 42 in it at that time, 22 were present at the reunion, a number of them wearing their original vestments. Those going from South Bend were Mr. and Mrs. Cecil Calvert and Mr. and Mrs. Rex Deel.

## Officers Are Elected at Annual Meet

The Berrien County Crippled Children's Society, holding its annual meeting here Tuesday afternoon, re-elected Dr. E. J. Witt, St. Joseph physician, as its president. Other officers will be Mrs. C. B. McClellan, Benton Harbor, first vice-president; Roscoe Hurch, Benton Harbor, second vice-president; Mrs. Caroline Chandler, St. Joseph, secretary; and Mrs. Carter Cook, Benton Harbor, treasurer.

Miss Ruth Swanson, a registered nurse who is physical therapist of the society, made her report. It showed that she had 160 active cases of crippled children under her care on April 1, and that she has closed 137 cases. Twenty-four children are enrolled in the orthopedic school at Morton Hill school building in Benton Harbor, which is maintained by the Benton Harbor board of education with aid from the state. Seven children over 16 years of age are receiving special education through state aid.

**Coyotes as Pets**  
Parago Indians of the Southwest used to make pets of coyotes, captured young.

## THE OLIVER ROW-CROP "70"

Just a light touch on the steering wheel turns the new Row Crop "70" completely around. It's the easiest tractor to operate you ever saw. Every control's right at your finger tips—and you have steering and gear shifting like an automobile.

This is Oliver's new 6-cylinder Tractor that has caused so much talk. There are two "70's"—one designed solely for regular gasoline—and the other to get the utmost fuel economy out of kerosene or distillate.

With either one you'll get unusually great power with light weight—and great speed. Under ordinary soil conditions, you can plow with two 14-inch bases at over 4 miles an hour! That gets the work done quicker and gives more spare time for other things.

The Row Crop "70" comes from the tractor factory of the founders of the tractor industry. You'll want to see this latest, modern tractor at once—with its complete line of mounted listing, busting, planting and cultivating equipment.

death of the former's brother, John Long at Niles. A sister,

of St. Louis, Mich., and a brother, Charles Long of Durand, Mich., were guests of their niece, Mrs. Herman Boyer.

YOU MAY NEED ONLY \$100

All Right! Come in!

Small loans are welcome at this bank. They give us the chance to help more people, and to make new friends for the bank.

The size of your business has nothing to do with the matter. Is your business sound? That is the real question. If it is, it doesn't have to be big.

If you are interested in a loan, we shall be glad to see you and to show you every courtesy and attention.

CCC Camps' Usefulness Told on 3rd Birthday

The third birthday of the Civilian Conservation Corps, April 5, was marked by a report showing the work accomplished by the 1,600,000 persons it has employed. Outstanding features were the planting of 558,000,000 trees; 1,963,500 soil erosion dams built; 69,000 miles of roads and trails cut through forests. Explaining that CCC concentrated on improving and preserving the nation's forests, the report speaks volumes to millions of citizens interested in preserving, expanding and developing the timbered areas that still remain in this country, despite the wasteful and extravagant misuse of our forest resources in the past. Up to March 1, the cost was \$1,204,560,000, including \$33,325,000 for purchase of forest lands. Of \$356,638,000 paid to members, \$260,000,000 was sent home to their needy families. In addition, \$815,000,000 was spent for materials and equipment, including \$63,583,000 for shelter. Of the last 298,000 enlistments, 17,219 were 17 years of age; 94,492 were 18 years and 50,978 were 19 years. These figures in sharp contrast to those of former years, when the average age ranged from 22 years up to 30, show that graduates are being absorbed into private employment. Recent statistics revealed that the training the government has given CCC members enabled them to find jobs at the rate of 10,000 a month and even more.

Church Services

Dayton M. E. Church  
J. C. Snell, Pastor  
2 o'clock in the afternoon, church services.

7:30 a. m. B. Y. P. D. meeting. 8 p. m. Sermon by Rev. George Weybright.

Christian Science Churches  
"Everlasting Punishment" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, May 3.  
Among the Bible citations is this passage (Gal. 6: 7, 8): "Be not deceived; God is not mocked: for whatsoever a man soweth, that shall he also reap. For he that soweth to the flesh shall of the flesh reap corruption; but he that soweth to the Spirit shall of the Spirit reap life everlasting."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following (p. 405): "Christian Science commands man to master the propensities, to hold hatred in abeyance with kindness, to conquer lust with chastity, revenge with charity, and to overcome deceit with honesty."

Methodist Episcopal Church  
Thomas Rice, Minister  
The Sunday School and morning service will be combined this Sunday beginning at 10 o'clock and closing not later than 11:30. There will be special numbers including a selection by the orchestra. Mr. Rice will speak briefly on "Spiritual Draughtmen."

Junior League at 5:30. There will be both a devotional and social part in the meeting, the social will include a treasure hunt.

Young people's meeting for those over 14 years of age at 6:30. Evening service at 7:30. There will be special numbers. Sermon, "Salvaging Waste."

Service at Oronoko at 9 a. m. If you like to worship God in a little country church in the springtime, this church invites you.

Prayer circle this Thursday at 7:30. We will study the book of Hosea, roll call with scripture beginning with letter G. Everyone enjoyed the circle last Tuesday at the home of Miss Gertrude Simmons, the study of the book of Obadiah was very interesting.

Manufacturers and States Hurry to Obtain Space at Cleveland

With the opening of the Great Lakes Exposition only two months away, sales of space for the show are greatly exceeding all expectations. Two large contracts for space were signed during the past week, following on the heels of the closing of a contract involving a quarter million dollar exhibit by the State of Florida.

Contracts signed during the past week were for the General Motors Corporation, which has taken a large space in one wing of the Automotive building, and the Firestone Tire & Rubber Co., whose contract calls for 18,000 square feet of ground on which they will erect their own building, and do a tremendous job of landscaping.

Space to be occupied by the Firestone exhibit will be almost exactly that of both the Hall of Progress and the Automotive buildings, which are both one-tenth of a mile long. Firestone will set up the famous "Singing fountains," colorful illuminated cascades of water, flowing to the accompaniment of continuous music. They were featured at Chicago's Century of Progress.

Steel construction is completed on the Exposition's three story Horticultural building, and workmen are now busy on floors, walls, and roof of building. Hundreds of workmen are busy grading and planting the three and a half acres of horticultural gardens which adjoin the building on Lake Erie's shore to the west of the building. The first tree was planted in the gardens during the past week, a 25 foot, 35 year old European linden, of which about fifty will be planted. Contracts have been let for 100,000 trees, shrubs and smaller plants for the gardens.

The last gigantic wood truss, 60 feet long by 20 feet high, has been placed in the all-wood Hall of Progress, and steel work has started on the Automotive building. Over in the Streets of the World, workmen are finishing the elaborate Italian village. In this village alone there will be about 20 separate buildings featuring entertainment and colorful shops of all kinds. There will be a Continental type movie house, and a theatre for production of the plays well known to Italian provinces. In all there will be about forty separate villages in the Streets of the World, each village with from three to twenty or more buildings.

Harvey Jarvis In Race For Congress

Harvey Hope Jarvis, state representative from the 2nd district of Berrien this week announced his candidacy for Congressman from the 4th district, on the Democratic ticket.

Mr. Jarvis has served four years as state representative, and has been active in farm organization work. He is well-known through his district, and has campaigned twice with his uncle, Roman I. Jarvis.

At this time Mr. Jarvis is making no announcement of his platform, although he stated that it would be founded on a farm and social justice program.

Valetta Is Maltese Fortress  
Malta, Great Britain's strategic naval base in the Mediterranean, has been conquered by many nations. Valetta, chief port of the island, was founded by a group of crusaders who became known as the Knights of Malta. The most and walls, ancient defenses of the city, remain. As at Gibraltar, many of the harbor fortifications are hewn out of solid rock.

Wild Life is Asset To Farmers

Encouragement of wild life for economic, esthetic and recreational reasons is recognized as sound agricultural practice, according to Arvid Tesaker, forester with the Benton Harbor project of the United States soil conservation service. Wild life management has a definite place in the program of soil conservation now being developed in two areas near Benton Harbor.

"Wild life as we understand it is not to be construed merely as game birds and animals," Mr. Tesaker said, "but it includes song birds and other non-game animals. Song birds play an important part in the control of many orchard and field insect pests."

Land which is retired from cultivation to prevent wind or water erosion may be planted to sod farming crops, trees or shrubs. This type of soil conservation promotes wild life to the fullest degree if the proper plantings are made and protected.

The forestry crews of the soil conservation project are now planting trees and shrubs on several farms in the area. Fifty thousand red pine and one hundred thousand black locust seedlings have been received and are to be planted this spring and fall. There also will be 25 bushels of black walnuts, to bushels of red oak acorns and many native berry bearing shrubs will be planted. The native berry shrubs will be planted in gullies, protected areas in pastures and in fence covers and will provide both food and cover for wild life.

Blossom Fete May 3 to May 10

Bloom Parade to be Held Saturday, May 9; Open Week with Music Festival.

Residents of Indiana, Illinois, and Ohio will receive official invitations to attend the 1936 Michigan Blossom Festival celebration to be held in the twin cities of St. Joseph and Benton Harbor the week of May 3 to 10.

These invitations will be from Gov. Frank Fitzgerald of Michigan to the governors of Ohio, Indiana, and Illinois and will be delivered by the lucky girl who is selected as the 1936 Michigan Blossom queen at the final contest to be held April 22. The blossom queen will also have official invitations from the mayors of St. Joseph and Benton Harbor which will be presented to the mayors of the various cities where the queen and her party will visit on the official tour arranged at a recent meeting of the executive committee.

The members of the queen's party will also include her two official hostesses "Miss St. Joseph" and "Miss Benton Harbor" and possibly the two runner ups in the final contest together with two chaperones.

According to the present plans, the tour will start from the twin cities on April 28, and will go direct to Lansing, where the queen will be greeted by the Michigan governor who will hand her the official invitations to the governors of Ohio, Indiana and Illinois. Then the party will speed to Detroit where the group will be the guest of the Michigan Automobile club, which will have charge of an entertainment program during their stay in the motor city. On the following morning the queen and her party will leave for Columbus, O., stopping enroute at Toledo, Cleveland and Akron. At the Ohio capital the official invitation will be presented to the governor and the party will speed on to Cincinnati, where they will remain over night.

The following day the queen and her escorts will turn northward for Indianapolis where the official invitation will be handed to Governor Paul McNutt or his representative.

Starting with a music festival on Sunday, Monday and Tuesday nights, Blossom Week begins to work towards its climax on Wednesday evening, with the annual queen's coronation ball at St. Joseph. Gov. Frank Fitzgerald of Michigan will crown the queen.

Children's activities, with a juvenile parade and a children's ball, over which a child queen reigns, takes place Thursday. On Friday comes the annual Night of Knights carnival parade, a mardi gras presented by the Knights of Blossom.

The week reaches its peak on Saturday, when the annual Floral parade, containing 100 floats and 25 bands, follows a five-mile line of march from St. Joseph to Benton Harbor. Nearly two hundred thousand spectators will see it.

Blossom Week closes Sunday with an air circus at the Benton Harbor airport. Army flyers from Scott field, Belleville, Ill., and from Selfridge field, Mount Clemens, Mich.; parachute jumpers and stunt flyers will participate in a busy afternoon of providing aerial thrills. Howard Anthony of the Heath Aircraft company, Benton

Harbor, will attempt to break the world's altitude record and speed record for light airplanes.

Grottos Lighted By Electricity

Interior Characterized by Beauty of Iron-Tintured Stalactites.

Bear Cave, famous scenic feature of the St. Joseph river north of Buchanan, will be open and accessible to the public for the first time next Sunday, according to Messrs Hess and Overmeyer of South Bend, who have cleared it out and enlarged part of the passage so that a person can walk through part of its extent.

Anyone who goes into the cave expecting to see anything of the magnitude of the caves of the Kentucky limestone region will be disappointed by its size, but any such short coming will be compensated by the delicate cameo-like beauty of its miniature grottoes and their pendant stalactites of crystal tinted red and brown with iron.

The excavators have strung electric lights through the cave from a plant which they have installed on the grounds, and these lights will be equipped with reflectors so that they will not be visible to the eye but will throw the light back into the recesses, emphasizing the rare coloring of the stalactites.

Entering from below the falls, which have been closed in the cavern has been opened several rods and from the extremity a shaft equipped with a circling staircase has been excavated, providing an exit at the top of the hill over the falls. The beauty of the interior depends not only on the pillars and stalactites but on the imbedded twig and leaf structure of the tufa rock in which the cave lies. It is claimed that this is the only tufa rock, cave known, which is rendered possible by the fact that the Moccasin bluff district is one of the few regions of the United States in which pure tufa rock is present in large quantities.

Hess and Overmeyer have built a gravel drive from the Redbud trail back to the cave. The road goes directly across the little creek instead of winding north of it past the cabin to the picnic grounds as formerly. No cars will be allowed in the picnic grounds henceforth. Instead a bridge has been built across the creek to take the traffic to the top of the hill south-west of the cave where a parking space has been cleared which will accommodate 300 cars.

Twenty or more picnic tables will be installed on the grounds. Admittance to the park will be free, the only charge being admittance to the cave and a small hourly fee for the picnic tables. Lights will be strung over the grounds so that picnics and other events may be held there by day or in the evening.

## EDITORIAL

Mistakes are little incidents that happen every day; some that change a whole life, bringing heart aches and tears; some that bring laughs. Mistakes appear to be so innocent but underneath sometimes have such a guilty meaning.

Over this rough road of life many boulders are left on the pathway—boulders that are mistakes we stumble over as we go on and on. Instead of pushing them aside and overcoming these mistakes, clearing the paths for others as well as for ourselves, the boulders have been left there and walking becomes harder and progress slower.

"Mistakes are only final when you stick to them" is the claim of David Lloyd George. Yes, he is right. Go back over your mistakes until you are able to admit you have conquered them. Then, and then only, are they not final. In mathematics when one makes a mistake he is penalized for it; but if he retraces his footsteps, finds his mistake and masters it—the mistake is not final! That individual has learned something by a mistake and when he comes to a similar situation he will immediately know what to do and how to do it.

Pushing such little pebbles of mistakes out of the way now, will help to overcome the boulders later on. Students are young, ready for action and so they should begin now making it easier for themselves and accomplishing today what might be more difficult to do tomorrow.

## TRACK

Yes, B. H. S. does have a track team although very few of the students know it.

At a recent meet at Niles not over ten students were there. That certainly isn't supporting the team. They appreciate support equally as much as the basketball and football fellows. Come on now, students, let's get out and boost our track team.

## There Came a Big Spider And—

In second hour study hall one day while the students were studying (or pretending to) a tiny spider began its descent downward, supported only by its fragile, slender web. After having come half-way down, the insect decided it did not like the appearance of the room and began its journey upward again.

But lo, after the spider had reached the ceiling and did a few steps on the top covering, it came down to the floor with a bang, and incidentally landed on someone's head. (Please don't get curious and ask whose head.)

## BLUFFER

Maybe Ted wants the teachers to think he is actually working by the way he writes with his large two fisted pen that he acquired on a punch board.

Ted is very masterful at the art of bluffing anyway, but this pen sure makes him work to swing it. My advice is for Ted to get a small pen and really do work with it.

## GREAT DISCOVERY

The school was astounded at the great discovery of what was at the end of Ben Franklin's watch chain. Carolyn Hattenbach explored Ben's watch pocket only to find that Ben's watch has a safety pin at the end of his watch chain, sort of an anchor, I guess. "Ben's" pride, a huge medal seems to be the only thing on the chain.

## REPORT CARDS

During the past week report cards were issued and the students have settled down to the last six weeks period.

Most of the students have decided to make these last six weeks count.

## HAVE YOU NOTICED—

Ben Franklin's desire for pocket pencils?  
Variety of shoes—white, gray, and cream?  
Lewis Paul's star for tender-foot?

Senior play cast practicing?  
Una Kelley's desire for blue?  
Boys wearing flashy suspenders?

## Gets Broken Nose

From Bump When "Messing Around"

Accidents will happen even in the best of families! It so happened that Rose Zachman was the victim this time.

Rose was "messing" around with a bunch of girls, and one of them bumped her on the nose. She suffered a broken nose!

She was out of school the first of last week, but just a broken nose can't keep her down. She was back Wednesday ready to go to work.

We take our hats off to you, Rose, for the courage you have shown.

## Office News

The speaker on the general assembly program of Friday, April 24, was Mr. N. Beilharz. Wednesday, April 29, the student body listened to a speaker from Hope college.

## SPRING FEVER

A stranger at the high school might have thought the seniors had started to write love letters and were looking in the dictionary for new adjectives to describe their feelings. However, it wasn't Spring Fever it was an English assignment.

## F. F. A. CLUB MEETS

At the F. F. A. meeting held in the Buchanan high school Tuesday, April 21, it was decided to hold the "Father and Son" Banquet May 12, as this is the first date that Mr. Lurkins can attend.

The Michigan State college, County Agriculture Agent, Buchanan Agriculture department, and one agriculture student, Lawrence Bachman, will co-operate in raising one-eighth acre each of three corn hybrids. Corn hybrids are a cross between two different varieties of corn. These hybrids give better yields, better grain, and mature more quickly. All the agricultural schools in Michigan will take an active part in the raising of these hybrids.

Lawrence Bachman must keep careful results, which will be compiled at the state college. During the summer a demonstration will be held at Lawrence Bachman's farm for those interested.

## TENNIS TEAM

During the past week a girls' tennis team has been organized. The girls will meet St. Joseph, for the first time in tennis, Friday May 1st. This game will be played in St. Joseph.

In turn St. Joseph will come to Buchanan to play, May 22. Miss Ahegna Henry, instructor, has also planned meets with Dowagiac.

The team is composed of the following girls: Dorothy Jerue, Carolyn Hattenbach, Georgie Upson, Virginia Wright, Caroline Webb, and Rose Zachman.

## Auto Club Member Addresses Students

"Learn what a car is, how it operates, and how it should be operated, before you venture to drive it," declared Mr. H. Rounds of the Automobile club of Michigan as he addressed the students of the high school, last Monday morning. His topic was "Safety."

"Along with the compensation bill," began Mr. Rounds, "came good roads; and with good roads came rotten drivers, and with rotten drivers came 36,400 deaths. Traffic deaths—avoidable accidents. What was the cause? In 86 cities an analysis was made and five major reasons were the cause; namely:

1. Taking the right-of-way from another person.  
2. Failure to give the signal to signify the intentions of the driver.  
3. Cutting in ahead of another car.

4. Exceeding speed limit.  
5. Intoxication.

In reference to the fourth reason he explained that the driver should not drive any faster than the existing conditions permit. People driving should take extra precautionary measures while passing through crowded districts because death may be waiting to push an unsuspecting individual in front of your car or some one else's. With his arresting power of speech Mr. Round claimed also that accidents can be avoided and are caused by dumbbells (a stick with two-wooden heads).

"In the year 1919," he said, "a boy's safety patrol was founded in Detroit, through necessity because of the continual rise of deaths thru improper driving. Teachers co-operated with the safety patrols until the death rate declined each year. At the present there are over 40,000 boys and girls in the 2,000 safety patrols in Michigan. But, again we begin a strong drive for with the twenty-first amendment came another rise in deaths. Students when you drive, think before the wreath is hung on your door."

Mr. Rounds brought out that students should first learn what a car is, how it should be run, and then be able to pass a driver's test before venturing to drive and threaten other's lives. Bye?

WHISTLING LESSONS  
Anyone interested in whistling lessons please see Mr. Paul Moore. I understand he is a very good whistler, anyhow that's what he told Lewis Paul.

Here are some songs and the people they should be dedicated to:  
Over Somebody Else's Shoulder, Everyone during examination.  
Let's Swing It, Dick Ellis.  
He Has New Ideals, Harold Jackson.  
Alone at a Table for Two, Una Kelley.

I'd Love to Take Orders from You, Students of B. H. S.  
I Wake Up Smiling, Dorothy Jerue.

I'm a Little Big Shot Now, Spencer Kohlman.  
Wahoo, Don Haroff at any dance.

"Truckin", Raymond DeWitt.  
I'm Pulling All My Eggs in One Basket, The farm crops class.

Born to be Bored, Carolyn Hattenbach.  
Tormented, Ben Franklin.

Beautiful Lady in Blue, Maxine Chismore.  
You're So Indifferent, Barbara Hamilton.

Lost, Louise Howe.  
The Lady in Red, Rose Lynn Ernst.  
It's been so Long, Dorothy Dunlap.

WE WONDER—  
What has happened to Dorothy Jerue's knee again?  
Why all the girls that went out for track are limping?  
Where Warren Borst got his black eye?  
Why all the typing students are

looking for cross-stitch cats and dogs?  
Why all the sad faces when report cards came out?  
Why the weather doesn't change and get warm once in a while?

GRAVEL !!!  
I will deliver A-1 concrete gravel anywhere in Buchanan at \$1.25 per yard. Call 119 Niles and reverse the charges.

We recommend with confidence this scientific preparation for "run down" people.

Now's the time to get back to feeling right again. If your blood lacks iron, let Pursang help build it back to normal by increasing the supply of hemoglobin—the substance that makes red blood red. Try Pursang a week and see how much better you feel.

## Zion Builders

The Zion Builders club of the L. D. S. church will meet Thursday, April 30, at 2 p. m. with Mrs. Mark Gross on W. Smith St.

## Monday Club Meeting

The Monday Literary club met with Mrs. Emma Knight on Monday for a co-operative dinner. This was the last meeting of the season.

At the dinner table a beautiful birthday cake formed the centerpiece, in observance of the birthday of two members, Mrs. Cora Leiter and Mrs. Marietta Redden. Mrs. W. F. Runner made the presentation and Mrs. Redden responded. Mrs. J. C. Kobe made a report of the County Federation meeting held at New Buffalo. The afternoon was spent socially. The program committee for next year is comprised of Mrs. A. H. Hiller, Miss Gertrude Simmons and Mrs. J. C. Kobe.

W. B. A. Meeting  
The W. B. A. met Tuesday evening making plans to go to Benton Harbor May 25, when the officers and guards will confer the initiatory degree. A co-operative dinner precedes the meeting. The committee comprised Mrs. Claude Stretch, Mrs. Ada Boyce and Mrs. Roy Pierce. Bunco was played and prizes were won by Mrs. Lillian Crull, Mrs. Norman Smith, Mrs. George Ditto and Mrs. Emma Knight.

## "Burning of the Brush" Ceremony On May 7th

Farmers of Berrien and VanBuren counties can co-operate in the 1936 Blossom Festival, without cost to themselves, by joining in the annual ceremony known as "Burning of the Brush," according to County Agricultural Agent Harry J. Lurkins, who is asking the farmers' help at all farm meetings this month.

"This is the least the farmers can do as their part of Blossom Week," Mr. Lurkins says. "The entire burden of Blossom Week is paid by the cities. It is designed to help the farmers and they contribute nothing in the way of money. Farmers should help by cleaning up their farms and homes, and by waiting until Thursday night to burn their rubbish. If everyone will do it, we can illuminate two counties, in a spectacle that will be worth coming to see. The burning of the brush will take place on Thursday evening, May 7.

Guaranteed to Be  
More Truth than Poetry

Said car owner to mechanic,  
"How come my bill's so high?"  
Said mechanic to car owner,  
"It's a cinch—I'll tell you why  
You've used just 'any gasoline'  
Now look, you're in a fix,  
But you can cut your costs! Just change  
To Phillips 66!"

No poetry, but plenty of truth. Anyone who has used Phillips 66 will agree. Packed with more heat units per gallon Phillips 66 starts instantly, accelerates right now! Thus you use the choke less, avoid wasteful, harmful crankcase dilution, which is so damaging to your motor.

One trial tankful will convince you... it pays to PHILL-UP with PHILLIPS 66

Picture the perfect motor car—then compare it with Pontiac

Picture a car that would suit you perfectly and see how this Silver Streaked beauty fills the bill! It's the most beautiful thing on wheels. It has the finest features that money can buy. As for dependability—over 83 per cent of all Pontiacs ever built are still in use, many with records of over 200,000 trouble-free miles. And Pontiac's economy is beyond question. It won the famous Yosemite Valley Economy Run\*, under American Automobile Association supervision—averaging 23.9 miles per gallon (no oil added) to defeat all entrants in its class! Plainly, on any basis, you can't do better than a Pontiac.

THE MOST BEAUTIFUL  
THING ON WHEELS..

**USE BANK CREDIT  
TO BUY A CAR**

Do you know that you can borrow from this bank, with your new car, or good used car, as security for the loan?

Let us explain to you how you can save money over other plans of automobile financing.

If you bear a good business reputation and have an adequate income, arrangements can be made for financing your car through a bank loan. There will be many advantages for you which you will appreciate. You will be able to pay cash for your car and you can then pay the loan in convenient monthly installments extending over a year or more.

We shall be glad to talk the matter over with you.

*You may doubt this but—*  
**YOU'LL BE A BETTER  
DRIVER IN A BUICK!**

TAKE this as a challenge if you want to! Come around and make us prove it if you like!

But you've never had such control over power as you've got in this action car with its quiet, trigger-quick valve-in-head straight-eight engine.

You've never had brakes so smooth and sure, yet so light and easy in their action.

You've never had a wheel so feathery light to guide, or a car that holds itself on the track like this solid, low-swung, road-hugging mile-tamer.

Its very steadiness and smoothness keeps you relaxed and easy behind the wheel—and that itself makes you a safer and a better driver.

You won't believe it, of course, until you

try it. So why not let us bring around a Series 40 Buick Special and let you see how a good car can make you an even better driver than you think you are?

There's no obligation if we don't prove our point—but there's a whole of a treat in store for you if we do!

**"Buick's the Buy"**

A GENERAL MOTORS PRODUCT

**EVER STEP FROM  
10 to 60**

in less than 21 seconds? That's the kind of hair-trigger getaway you get, when you need it, in the Buick Special, Series 40. All the speed a sensible driver could ask for—and hydraulic brakes to keep your stopping line straight and smooth. But come around—take a demonstration—see for yourself why Buick's the Buy.

**MONTHLY PAYMENTS TO  
FIT YOUR PURSE!**  
Ask about the General Motors  
installment plan

**\$765** to \$1945 are the list prices of the new Buicks at Flint, Mich., subject to change without notice. Standard and special accessories groups on all models at extra cost. All Buick prices include safety glass throughout as standard equipment.
