

Now Here's the Proposition

Tip to June Brides
Ye brides of June, consider now
Ye maid of Mary Anne
Who married James because he
was
A promising young man.

He promised her a coat of fur
A yacht, a limousine,
A pent house on a sky scraper
A cottage on the green.

He promised her a life of ease,
Three maids to do her work,
Would she but give her milk-
white hand
In marriage at the kirk.

He filled her ears with promise as
They strolled beneath the moon—
How she should walk in hose of
silk
And tread in golden shoon.

Poor Mary listened to his line
Until with joyous stir
They married at the kirk—and oh!
The difference to her!

She is a hapless kitchen drudge
Denied of every wish
And as she toils the hot tears
dash
Upon the dirty dish.

But James, he is a frugal soul
To whom no wind blows ill;
He lets her cry because it saves
On the hot water bill.

200 Bonus Payts. Here in June

Payment to be Made in Baby
Bonds by Registered Mail.

Bonus payments to approxi-
mately 200 local World War vet-
erans are expected at the Buchan-
an post office within a day or two
following June 15, when they are
mailed, and it is anticipated that
the payments will represent close
to \$150,000, much of which will
be immediately released into var-
ious channels of business.

Postmaster Glenn Haslett states
that the bonds will come by regis-
tered mail and must be delivered
to and signed for by the addressee
only. The bonds cannot be for-
warded to any other post office.
They will be held here thirty days
and if not called for then, will be
returned to the office from which
they were sent.

The payments will be in the
form of baby bonds of \$50 de-
nomination, with treasury checks
for balances of less than \$50.

If the recipient wishes to cash
his bonus, he must bring it to the
local postoffice, bringing also some
one to identify him if he is not
known in the office. The local
postmaster will then take the
bonds and forward them to De-
troit, from whence a negotiable
check will be returned. Baby
bonds cannot be assigned to any-
one.

Buy Chamberlain Hills Property

In Possession of Chamberlain
Family Nearly 100 Years.

A property change of unusual
interest to Buchanan occurred last
week with the purchase of the
Chamberlain Hills and the Cham-
berlain farm of which they are a
part by Mr. and Mrs. Frank Chubb
from Miss Eva Chamberlain.

Since Buchanan was begun the
Chamberlain Hills have been a
crown of beauty for one of the
most beautiful cities of Michigan,
and on a number of occasions the
idea has been advanced that the
wooded tract of about 20 acres
should be acquired by the city as a
park.

Propositions to that effect were
submitted to the city by Benjamin
Chamberlain before his death and
by the seller, Miss Eva Chamber-
lain, but no agreement was ever
reached on the conditions. Later
the city considered the purchase
of the tract.

Mr. and Mrs. Chubb plan to
make their home on the farm,
which is now vacant, as soon as
they can decorate and repair the
old homestead. Mr. Chubb will
continue his work at the Clark
Equipment company. They will
lease their home in town in two
furnished apartments.

It is a matter of satisfaction lo-
cally that, since the city could not
acquire the woods, they will be in
the hands of local people who will
conserve their natural beauty, an
asset of no small importance to the
town.

Although a number of the large
trees have been cut the tract has
never been cleared and repre-
sents one of the few areas of
virgin timber in southwest Michi-
gan.

The hills and the farm which in-
cludes them had been in the pos-
session of the Chamberlain fam-
ily or relatives for almost a cen-
tury. The family once owned most
of the land now comprising the
Walter Dale, Gilman Annis, H. G.
Webster and Chamberlain farms.
The first to come from New York
was Price Hooker, a grandfather
of Miss Chamberlain. In 1848 her
father, Simon Chamberlain, came
and located where the farm house
now is.

According to the late Sam Bunker,
the hills played an important
part in July 4th celebrations in the
fifties and sixties, it being the
custom to erect a liberty pole and
fire a small cannon from the sum-
mit. One Independence Day the
cannon was overloaded and burst,
a fragment hitting the Methodist
church, then at the top of the hill
on Days' avenue. Sam's life and
those of a number of small fry
present was perhaps spared by the
fact that they were lying on the
ground in the lee of the Liberty
pole which had not been erected
yet.

Bill Strayer was the victim of
a painful accident Monday evening
when a .22 rifle bullet glanced
from an automobile fender which

3 Teams Tie In Softball

The Roots News softball team,
known erstwhile as the River
Ramblers, got off to a good start
in the opening week of the soft-
ball season with a 12-3 win over
the Odd Fellows team. The News
team had their bats clicking
handily with A. Rudloff, Smith
and Sexton leading the attack.
H. Rudloff pitched fine ball for
the Ramblers.

The Chevrolet team defeated
the D's Cafe team 10-2 when the
Chevies launched a vicious at-
tack in the 4th and 5th innings
which the inexperienced Cafe
team could not stem. Hits by the
two teams were even, but the
Chevies bunched their runs and
produced runs. The Chevies were
led by L. Wassio and Dreitzler
with two hits each out of three
times up. The Cafe team was
led by Jack Sult with 3 hits in 4
times up. Wassio hit a home run
with the bases loaded in the
fourth inning.

The Wilson's Dairy Nine started
right by defeating the Poor-
man's grocery team 7-2. Jesse and
Proud, pitchers for the Dairy
team, yielded seven scattered hits,
and the same team bunched five
in one inning to score four runs.
Batchelor and Jesse led the at-
tack for the Dairy team, the
former getting 3 hits in 3 times,
and the latter 2 hits and a walk
in 3 times.

State Orders Scout Camps on St. Joe Shut

All Boy Scout camps on the St.
Joseph river in Michigan including
Camp Waters, Camp Black Hawk
and Camp Betz on Lake Chaplin,
have been ordered closed by the
state board of health. C. G. Davis,
who has operated Camp Waters
for several years, was here Sun-
day and arranged with Al Flenar
to act as caretaker of the lodge
this summer. He stated that he
had made a considerable invest-
ment in the past year and that the
order was very inconvenient to
him. Only Camp Betz was main-
tained last year as summer head-
quarters for the Hammond Scouts.
The state declares the camps un-
fit for boys on account of sewage
pollution.

Start New Farm Program Canvas

Fred Koenigshof Heads Co.
Board; Charles Tichenor
Buchanan Twp. Chairman.

Township committees of one
chairman and three assistants
each started Monday to canvass
Berrien county in behalf of the
new soil conservation program,
which replaces the AAA this year.

The committee members visit
each farmer, getting his crop
acres as of 1935 and making a
crop map. The farmers will be given
an opportunity to profit by the
reduction of what is known as de-
pleting crops, and added acreage
of soil conserving crops. The farm-
er will get \$10 per acre for each
acre of such "depleting" crops as
corn, wheat, oats, barley, etc.,
which he reduces, up to 15% of his
1935 total. Among other benefits
he is offered are the following:
for applying two tons of lime, or
four of marl, \$2.50 per acre; for
seeding to alfalfa, \$2 per acre; to
clover, \$1.50 per acre; to sweet
clover, \$1 per acre.

Buchanan township workers con-
sist of Gilman Annis, Will Russell,
Milton Mitchell, headed by Chas.
Tichenor, as chairman.

Bertrand township has the fol-
lowing committee: chairman, Fred
Koenigshof, Charles Copp, LaRue
Gillette, Clarence Cripe.

WANTED—AN ALUMNI BAND

Interest in the revival of summer band concerts here has
been widely expressed in the past weeks with some approval from
the city government, the immediate obstacle being the condition
of the city streets, especially in the downtown district where the
concerts are held.

The project this year is being revived in the form of concerts
by an "alumni" band, composed of the veteran players of the
Clark band as a nucleus with additions from graduates from the
high school. It is the wish of R. R. Robinson, band director of
high school, that the high school players have an organization to
graduate into, in order that there may be more incentive for
them to learn to play. In the absence of adult civic bands there
is no place for the boy to play when he has learned. Since there
is little reason for learning band instruments for merely individ-
ual pleasure, this deprives the student of incentive and the high
school course of much of its value.

Plans thus far discussed have mainly advocated that the
band contain a nucleus of older players who shall be paid a
reasonable amount to recompense them for their trouble, but
that the players fresh from high school play for a time for the
instruction and experience that they would otherwise have to pay
tuition to get.

It has been suggested that while the streets are torn up the
concerts be held at Athletic Park or Kathryn Park. Otherwise it
may be necessary to defer them until July.

Concerts are being supported this summer by a number of
the surrounding towns. The band concert seems to receive widest
approval locally as a form of street entertainment in summer.
A. S. Root, who promoted events that brought large crowds to the
city last summer, states that he is favoring band concerts this
summer.

Another suggestion made is that "community sings" be held
in connection with the concerts, such as are broadcast weekly
over a national hook-up from New York.

Clear Lake Woods Permanent Colony

Clear Lake Woods now has a
nucleus of a year around colony
with six residents who stay all
winter out of the 52 cottagers who
are located there. The permanent
residents are Mrs. Mae Patton,
who operates the hotel, Arthur
Fernwalt, A. Stukas, Joe Buis-
sino, William Butler, Mrs. Lilly
Vaughn and one other. Mrs. Ly-
man Campbell is operating the pa-
villion this year, and reports a very
good opening business.

Promotions Made In I. & M. Heads

Several promotions in the
ranks of I. & M. officials were
effective June 1, as the combining
of the two Michigan districts into
a division.

The two districts of Buchanan
and Benton Harbor will be
maintained with a division over
them, with headquarters at Ben-
ton Harbor. Albert Rohl, former
Buchanan superintendent, has
been made division superintendent
and James Loftus, former
Benton Harbor district superin-
tendent becomes division man-
ager. P. T. Dilley becomes Buch-
anan district superintendent
taking Rohl's place here. Archie
Morley becomes meter superin-
tendent. Albert Rohl is now
working out of Benton Harbor,
and will move his family there as
soon as he can arrange. He has
been in I. & M. service here 17
years and will be missed in com-
munity ranks.

One G. A. R. Man at Memorial Exercises

The Buchanan Memorial Day
services Saturday were honored
by the presence of one Civil war
veteran, George Hanley, who
served in the whole war from the
first battle at Fort Sumpter to
the last at Lee's surrender at
Richmond. He was able to ride
to the exercises in an automobile.

John Coveny, the other surviving
Civil War veteran, is able to be
up and about at his home.
An unusual feature of the parade
was the presence of Mrs. Irving
Swartz, a World War nurse,
escorted by an honor guard con-
sisting of the Misses Pauline
Pierce and Norma Coe, teachers
in the Niles school, who rode on
horses beside her.

Orchard Hills

The Memorial Day Tournament

luncheon that was served at the
club house at 1 p. m.

A feature of the golf was a
"hole-in-one" made by City At-
torney C. R. (Cap) Grathwohl on
the 8th hole. This feat was wit-
nessed by the other members of
his foursome, which, besides his
brother, Conrad, of Indianapolis
included Bob Waterson and Henry

that Cap has made, having first
entered golf's hall of fame on num-

Hollywood Manager Announces Picture

During the past few months we
have brought you some mighty
fine pictures. But on Wednesday
and Thursday, June 10 and 11, we
are going to show you a picture
that we personally recommend as
one of the outstanding pictures of
the year. It is the story of Louis
Pasteur with Paul Muni in the
leading role.

Muni, with all his dramatic ge-
nius, actually lives this great role.
You, too, will live two of the most
thrilling hours of your life when
you witness this great actor's fight
against greed, jealousy and igno-
rance.

Seldom do we become so enthu-
siastic, but we honestly believe
"The Story of Louis Pasteur" is
one picture that is so great and so
important, that you cannot afford
to miss it. We do not hesitate to
give it our sincere endorsement
and guarantee.

Gallen Locals

Frank Klasner, one of our finest businessmen, a partner in the Standard Garage and a son of Mr. and Mrs. Henry Klasner was married Thursday afternoon noon to Miss Leona Wasso of Three Oaks, the daughter of Mr. and Mrs. Charles Wasso, at the St. Paul Lutheran parsonage at Michigan City. The happy couple will make their home in Gallen, and their many friends extend congratulations for a long and happy life.

Mr. and Mrs. William McNair and son, Billy, Chicago, were the weekend guests of Mrs. Lydia Stetum.

The Buchanan school held its annual picnic at Lake Michigan. Mr. and Mrs. Robert Stetum will spend the week-end at Kalamazoo, Mich.

Another year is closed and again the old school bell is silent. Fourteen seniors received their diplomas from the Gallen high school and 12 eighth graders at the Commencement exercises held in the L. D. S. church Thursday evening. The music was furnished by the high school orchestra and the new Rhythm Band from Mrs. Hohmann's room. Miss Vivian Sanford of Buchanan sang two vocal selections. Victor Swank, president of the senior class, introduced the Rev. P. H. Murdock, who gave the address, "Adventuring," which captivated the audience. Supt. Paul Harvey presented the diplomas. Invocation and benediction were given by the Rev. C. J. Snell. The class motto was "Not Finished, Just Begun."

Memorial services were held on Saturday afternoon in the cemetery. The weather was ideal and a large crowd attended. The speech of Gettysburg was beautifully given by Miss Harriet Smith and the "Visions of War" by her sister, Miss Eleanor Smith. "In Flander's Field," was given by Gerald Eastburg, Floyd Lintner, mayor of Gallen, was master of ceremonies and introduced the afternoon's speaker, Mr. Cunningham from Benton Harbor, who held the audience spell bound for half an hour. The high school of Buchanan furnished music. Invocation and benediction was offered by Rev. C. Snell. The cemetery which is a beautiful spot and now has perpetual care, was in perfect condition.

Mr. and Mrs. Ross Simmons, Mr. and Mrs. Wayne Simmons of Gary, and Mr. and Mrs. Lester Smith and family of South Bend were Sunday dinner guests of Mr. and Mrs. Ed Babcock.

A Common Sense Message to War Veterans About the Bonus

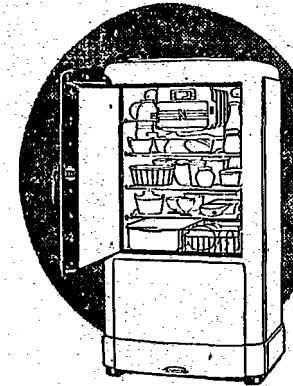

NO ONE likes to be told how to spend his money, and yet veterans will be appealed to from every angle by those who have anything to sell — anything from sox to gold bricks.

The wise veteran is not the man who throws away his bonus money on worthless goods — nor the man who hoards it. It's the man who gets real value when he does spend his money.

And what single thing could bring more real value into a home than a 1936 Kelvinator — the outstanding refrigerator of the year? We urge veterans to see the new Kelvinators and then judge whether there is a better method of investing a small part of their bonus.

Kelvinator is not only the most beautiful refrigerator you ever saw, but it has everything you've always wanted in the way of convenience.

Only Kelvinator gives you a Built-in Thermometer, a Certificate of Low Operating Cost and a 5-Year Protection Plan. It is just as easy to buy as an ordinary refrigerator.

Young
Conquerors
of an Old
World
The young men and young women who will graduate this year will go forth to explore an old world that will be as new as Eden to them.
They will have much to learn, but in the years to come they will teach many lessons to their elders. They will discover new facts in an old world—facts that have been hidden from all other eyes since Genesis.
We welcome these young explorers and future conquerors. In practical business and financial matters we feel that we are in a position to give many of them sound guidance—and it will be a pleasure to do so at every opportunity.

AT THE THEATRE

Comedy Veterans Cast

Two veterans of Mack Sennett
days play comedy roles in "Call
of the Prairie," latest "Hopalong
Cassidy" picture, at the Holly-
wood Friday and Saturday. They
are Chester Conklin and Hank
Mann. Both are cast as Western-
ers and their antics are said to be
highly amusing. William Boyd,
Jimmy Ellison and Muriel Evans
played the principal roles in the
film.

Laurel & Hardy

Those perennial purveyors of
fun, Laurel and Hardy, have never
appeared in a more delightful
or more humorous full-length
motion picture than "The Bohemian
Girl," their screen version of
the Balfe opera. They play here
Friday and Saturday.

"The Perfect Triangle"

It is made up of Clark Gable,
the husband; Myrna Loy, the

wife; and Jean Harlow, the "other
woman."

Apparently Metro-Goldwyn-
Mayer spared no expense to
bring these three great stars to-
gether to form the "perfect tri-
angle" in its brilliant filmization
of Faith Baldwin's best-seller
novel, "Wife Versus Secretary,"
playing at the Hollywood Sunday
Monday and Tuesday.

Paul Muni Leads

The theme of "The Story of
Louis Pasteur" is so absorbing
that the film is sure to win ter-
rific word-of-mouth endorsement.
Paul Muni lends intensity to the
role of a man whose fight against
unsterilized instruments brought
first laughter, then hatred, and
then persecution. The excellent
cast deserves special commenda-
tion. This great picture will be
shown on Wednesday and Thurs-
day.

Along McCoy's Crick

By Harrison Merrill

Your official historian, meaning the writer, had hoped it would be possible to relate certain matters pertaining to the Crick country without mentioning the rather drab incident regarding the house boat on which certain Buchanan residents of the gay 90's made a trip down the old St. Joseph river.

The writer recalls the time the old wooden bridge across the river fell into the brine (stream) just as the threshing machine owned by Lon Bunker, was half way over. The two horses attached to the machine were drowned at the time.

With the bridge gone it then became necessary to ferry back and forth across the river. A large raft 10x22, and not 8x20 as stated in the Record article, was built. Free transportation was provided the villagers.

On a moonlit night the young people would gather at the river and spend the evening riding back and forth on the ferry. Quite often the young men would strum the light guitar on such trips. It really was a very pleasant experience for all.

It, of course, became necessary to build a new bridge. Harry Binns who was either village or township clerk at the time, advertised for bids. It is with some pain and likewise hesitancy that your historian here relates that the contract did not go to the lowest bidder as had been announced.

The salesman who secured the order, a wolf in sheep's clothing if there ever was one, agreed to place a plaque containing Mr. Binns' name as clerk at either end of the iron structure. This cost the taxpayers \$34 more than the amount mentioned in the lowest bid.

In justice to Mr. Binns it is hereby mentioned that he was quite young and unsophisticated at the time and that the idea of having the plaque with his name appearing thereon placed at either end of the new structure appealed to him. In those days the safeguards now placed around a public official to guard him against unscrupulous city slickers did not prevail. The name plate, it is understood, can still be seen at the entrance to the present bridge.

Shortly after the bridge was completed and the plaque installed, a certain number of otherwise honest and upright gentlemen, though taxpayers, kidnapped the ferry and proceeded to use it for a vacation trip down the old river. In fairness to all your historian has decided not to mention the names of those who were a part of the pilgrimage. The old ferry

was repainted so as to deceive the taxpayers who owned it and it was re-christened the "U. S. S. Village of Buchanan."

Mr. William VanMeter who had conducted a pan candy establishment on Front street, was appointed commander and chairman of the board of directors. At that time young Mr. VanMeter wore a waxed mustachio with curled up ends, also sideburns and a thatch of curly hair together with a tall white linen collar.

Young Mr. Van Meter had a very engaging personality. When the craft then on its way to Lake Michigan would drop anchor along the way he would rap at the front door of the residences that dotted the shore and engage the housewife in conversation while other members of the crew, all unbeknown to the young navigator, would steal around to the rear of the place and proceed to help themselves to everything that was not nailed down, including hens, melons and eggs.

Little wonder then that soon after the house boat put to sea that certain gentlemen, not unlike Paul Revere, were riding up and down the river valley informing the residents that the plunderbunds were approaching.

It may be said to the credit of Mr. VanMeter that he entered into the duties of his job as commander honestly, and fearlessly and that he had no idea that the voyage was anything but a vacation trip. He most certainly was not aware there was contraband aboard until the officers arrived on the scene eight miles below Berrien Springs and searched the craft and confiscated the chickens, eggs, melons, cows and vegetables that were brought to light.

The cruise of the "U. S. A. Village of Buchanan" was a dark chapter in the history of the Crick people and had it not been that some thoughtless correspondent brought up the subject this article would never have seen the light of day.

People should always carefully consider consequences before rushing into print with pieces for the paper. River dwellers, even at this late date, could still bring suit against Mr. VanMeter and collect, although, as stated, he was perfectly innocent of any wrong doing and merely the victim of scheming, unprincipled villagers, who placed their own well being above the honesty and integrity of a young man gaining a foothold in the pan candy business.

The Messrs. Van Meter, the writer would have it understood, were merely pawns of Fate and they most certainly should not be held accountable for what happened back there in the 90's when they were young and unsophisticated.

Another historical incident which perhaps would be just as well not to mention on account of its drabness, was when a glib agent from Indianapolis sold what was known as "graveyard insurance" to a number of Crick dwellers.

This was an entirely different policy than the present day kind inasmuch as one in taking out such insurance at \$1.00 per week could choose any one along the Crick as the one whose death would result in the money being paid to the policy holder.

Quite naturally those who took out policies selected one of the oldest women in the village and one whose health was not considered any too good. The dollar per week really looked like a safe and sane investment and, no doubt, would have been so had not the party in question started to perk up and get back on her feet.

Policy holders encountering her along the street would inquire about her health and were much aggrieved to learn that she was feeling better than she had in years. One of the gentlemen, thus concerned, who ran a grocery refused to extend further credit, thinking that by that means he might hasten the exit.

This went on for several months with the premiums being mailed in promptly each week until finally the news was received that the good woman had suffered a relapse and passed on. Of course there was no open rejoicing on the part of policy holders. Particularly after it was learned that the Indianapolis company had gone out of business the previous week and no funds were available.

This is a true story and many old timers, upon request, no doubt, will be glad to vouch for the accuracy thereof.

There was a time when Buchanan was nearly 100 per cent League of American Wheelmen. That was when the bicycle craze was at its height and nearly every citizen rode a bike. That was the start of the bloomer age which at the time was deeply deplored by press and pulpit. Young women, it was declared, were on their way to hell on a bike instead of using the customary handless which was considered a favorite means of transportation in that age.

At one time it required two

hours and 45 minutes for the old Buchanan Cycling club to pass a given point and it wasn't a tap-room either.

There also was what was known as the Century Club. One, in order to become a member of this exclusive body, had to get up long before daylight and travel all day over dusty roads and pile up 100 miles before midnight. Then all one had to do was to send \$1.00 to headquarters in the east and receive a gold arrow which could be attached to the medal one received when joining the organization.

The writer recalled that "Jack" Bishop at one time had at least 50 or more such arrows adorning his chest.

Unless one belonged to the League of American Wheelmen and had the support of that organization one was foolish to try for any public office. What a factor the L. A. W. was in the village at that time!

With an important election coming on it seems like the League of American Wheelmen should be revived and the old timers ride to the polls on their bikes and cast their ballots for the candidate best able to make the wheels go round.

Gard from Herb Roe at Buchanan, states that it was Henry "Red" Spohr who gave him his first chaw of horseshoe plug. There must be others.

The name of the first Crick woman to wear a boyish bob was Mrs. Irwin, who taught the 11th grade in the public schools. The D. A. R. please make a note of this.

"252 miles to the gallon is how I figure it with Red Crown"

...crows Lester Longbow

Mr. Lester Longbow, a prominent resident of Dozen Forks, R. R. 6, is known throughout the state for his untiring efforts in behalf of the Tall Stories Club.

"YEA, see, I was to be speaker of the evening at the annual Grange dinner over to Dozen Forks. I got all tided up, sorta late, and then found the drafted car was out of gas—and Dozen Forks all o' four miles away.

"Well, my wife had an idea. 'Wait'll I get that little bottle o' gas I got from the Standard Oil Station to kill the ants with,' says she.

"I loved as how it was foolish, but we'd try it. So she brought out a little 2-ounce bottle and we dumped the Standard Red Crown it held into the gas tank. I started off, figuring mebbe I'd make a hundred rod.

"But I got past the next farm—and the next—n' fore I knew it there I was in front o' the Grange with the motor still runnin'. Figure it out for yourself...four miles worth o' distance on two ounces o' Red Crown. That's 252 miles to the gallon. That's mileage, mister!... Eh? ... Sure, the whole Grange is using Red Crown now."

We think Standard Red Crown is good, too, but we refuse to be taken in by Lester's vivid report. It's not THAT good.

With "more live power per gallon," Standard Red Crown operates with less waste power per gallon. With it you can be sure of as long mileage per gallon as with any regular-priced gasoline you can buy—if not longer.

But rather than make claims, Standard prefers to make it easy for motorists to find out the real facts about gasoline mileage for themselves.
