

Improvements Mark Upturn

Poorman Completes Grocery; New Front Rakowski Bldg.; Davis Builds Fine Garage.

Among the many improvements that have marked the business upturn of the past few months in Buchanan none are more worthy of note than the fine new store building just completed by Frank Poorman at 310 River street.

This structure is one of the most modern and attractive store buildings of Buchanan, 30x50 feet in dimension, with a full basement. The construction is of tile, with a very handsome Carrara glass front. Poorman moved his stock last week into the new building, which is equipped with modern fixtures. The small building in which he housed and sold his stock since the fire which destroyed his store last winter will be moved away at once.

A sidewalk leads to a stairway at the rear, the entrance to a large lunch room, designed especially for factory patronage. The lunchroom has a steam table, a counter accommodating twelve, and six tables, all modern and attractive.

S. J. Rakowski has just completed the installation of a brick front on his store building at 111 Main street, the quarters of the Wilson Dairy. The new two-story front is of wire-finished pressed brick, with a Brasco glass and metal front for the dairy. A large panel of white brick decorates the top. Installation was completed Thursday.

Davis Garage One business improvement is of significance as affording proof that not even a depression can stop some people. Leo Davis is completing the equipment of a modern garage on the entire rear floor of the main building of the old Wagon Works, 126x45 feet in dimensions.

Four years ago in the depths of the depression, Davis started a garage in one of the stalls in the Flinn Bus hotel, where he carried on for a year. In spite of the fact that repair work on cars was at low ebb, Davis' business grew and moved into the Babcock & Coleman building on Dewey avenue, and thence to the rear of the old Wagon Works. After another year and a half in the last place, he bargained with DiGiacomo for the lower floor of the wagon works, had it renovated and fitted with modern overhead garage doors, a hydraulic hoist and other up-to-date equipment. He is installing a body bumping and finishing department with a man of 15 years' experience in charge. He states that he will also have room for storage.

Dow Succeeds Morse As WPA Engineer

C. E. Dow, 38-year-old civil engineer who planned and supervised the construction of the great Wolf Lake Fish Hatchery near Kalamazoo, has assumed the post of supervising engineer for the Works Progress Administration in Berrien and Cass counties.

Dow succeeds E. D. Morse, who has held the post for the past several months and who has now been transferred to duties in other parts of the Eighth WPA district. Dow will maintain his offices in the water-works building in Benton Harbor. He has had wide experience in the engineering field. In addition to the Wolf Lake project, one of the largest WPA projects in Michigan, he was for 12 years an engineer of the state highway department and also served for two years in the United States Geological Survey.

Fay Wilcox to Open Smoke House

Buchanan is to have a new business house known as Fay's Smoke House. Fay Wilcox, local flying ace, is remodeling the Desenberg building next to Mead's barber shop, formerly the Modern Dry Cleaners, in preparation for the grand opening.

Fay is a well known Buchanan boy who has been engaged in the aviation industry for the past five years and has gained a national reputation as a parachute jumper and a stunt flyer, attending all of the big air races in the country in the past five years.

The building is being completely redecorated and new fixtures are being installed. Fay plans to handle soft drinks, ice cream, tobacco and sporting goods. Modern types of equipment are to be used in furnishing the store.

Plans have been made for the opening on the first of July.

Janet Kelley to Teach the Violin

Miss Janet Kelley, graduate of the local high school and formerly a pupil of Harry Frew, is offering lessons to individual pupils here during the summer vacation. Under Mr. Frew's tutelage Miss Kelley won much favor as a violin soloist and was selected by the Niles Music club to represent the Niles-Buchanan area in the contest held by the Interlochen camp for high school musicians in 1934. During the past year she has been a student at Western State Teachers College and has taken lessons of Michael Press, himself a pupil of Leopold Auer, known as the greatest violin teacher in the world.

Cigars Ready When Bob Pinches Mayor

Robert Rinker was appointed city traffic officer at the special meeting of the city commission, with instructions to enforce the traffic laws without fear or favor. "Don't warn them, arrest them," was the instruction to Rinker, who has served as traffic man here for the past two summers. Previously Rinker's activities have been of the admonitory order.

"Don't make any discriminations arrest me or any one else who violates traffic rules," instructed Mayor Merson. Rinker begins patrolling July 1.

Soft Ball

Chevrolets vs. I. O. O. F. A bomb burst in the air, after the debris was cleared away we found the Chevrolet ten on the short end of an 18 to 10 score with the I. O. O. F. team. It was the Odd Fellows initial win of the season. Ragged playing and poor pitching on the part of the Chevrolets did the trick. Eleven I. O. O. F. players walked to first base and there were eight errors. Addition, the I. O. O. F. pitcher coasted to an easy win. Hawks, Rose and Reed led the attack, each getting two hits out of four times up. Wasso led the Chevrolet attack getting two hits out of four times up.

Summary:

I. O. O. F. 0 6 2 3 0 0 7 18 11 7
Chevrolets 0 0 3 0 3 2 2 10 8 8

I. O. O. F. vs. Poormans

The Odd Fellows won their second game in two nights by defeating Poormans' Grocery 5 to 4. Poormans' got a lead but couldn't hold it. The Odd Fellows punched seven hits while Addington scattered eleven hits made by Poormans. There were two double plays and good fielding on the part of both sides. Poormans were led by Liska and Poormans by the former getting two hits and a walk out of three trips to the plate while the latter got two hits out of three times up. Addington and Nehring led the winners with one hit out of three times up. Deeds got a charley horse in his leg but continued with the game.

I. O. O. F. 0 1 0 0 4 0 5 7 2
Poormans 2 0 0 1 0 0 1 4 11 4

D's Cafe vs. Roots

Roots continued their winning streak by defeating the D's Cafe team 4 to 3. It was a close game all the way. D's looked like a real ball team only committing one error. A home run by Raber with two aboard got Roots a three run lead in the first inning. D's Cafe tied it up in the third and fourth innings. Sherburn won his own game by scoring Luke who had singled and got to third. Raber and Luke led the Root attack by getting two hits.

Roots 3 0 0 0 1 0 x 4 6 1
D's 0 0 1 2 0 0 0 3 4 1

Chevrolets vs. Poormans

Poormans won on a forfeit by the Chevrolets.

Thursday night Roots will play the Wilson Dairy team. Both teams are tied for first place.

Orchard Hills

The eight man golf team representing Orchard Hills Country club yesterday afternoon defeated the team of the Cass County Country Club at Dowagiac by a score of 17 to 7.

Among the local players the low score for the day was turned in by "Cap" Grathwohl with 78. This was closely followed by "Swede" Ellasons 79. Par for the Cass County Club course is 74. The points won and lost by all contestants were as follows: Ellason 1/2, Hoppe 2 1/2; Grathwohl 3, Boblk 0, Waterson 1 1/2, Zellers 3, Swisher 0, Funk 3, Bailey 0, Hamilton 3, Taylor 0, Carrigan 2, Langley 1, Owen 1, Foreman 2.

A return match will be played at Orchard Hills the afternoon of Sunday, July 19.

The Berrien Hills Country club of Benton Harbor and St. Joseph will send their eight man team to Orchard Hills Sunday, July 12th.

Next Sunday, June 28th, the members of Orchard Hills Country Club will be hosts to the Klinger Lake Club of Sturgis. Each year this party and the return engagement are looked forward to by the players of both organizations. This contest is different than the team play matches in that it is open to all members of each club. Everyone is urged to take part.

It is expected that from twenty to twenty-five Klinger Lake players will be on hand about 9 o'clock Sunday morning. Match play, which will be for 18 holes, will be immediately started when guests arrive. Dinner will be served at the club house as soon as all matches are completed which it is expected will be about 1:30 or 2 p. m.

This annual party with Klinger Lake has become a cherished tradition with both clubs. It is hoped that as many Orchard Hills members as possible will attend not only for the golf and dinner but also for all festivities of the day.

Sister J. E. Arney Buried at Buchanan

Mrs. Emma J. Beams, daughter of Nicholas and Mary Arney, passed away at her home in Flint, June 21, at the age of 68 years. Cerebral hemorrhage was the cause of her death.

She was born March 26, 1868 at Portage Prairie and attended school and spent her earlier life in Buchanan. On April 5, 1900 she was married to John Beams of Dowagiac. They resided in Iron Mountain, Alpena, and for the last 27 years in Flint. She was a member of the Royal Neighbor lodge and the Methodist church.

Her sudden death was a shock to her relatives and friends as during the past years she had been as well as usual.

She is survived by her husband and one brother, Jake Arney, besides several nieces and nephews and other relatives and friends.

The body of Mrs. Beams arrived from Flint Monday evening, June 22, and was taken to the home of her brother on Oak St., where friends were received until 10 a. m. Wednesday.

The funeral was held at the Hamilton Funeral Home at 2:30 p. m. Wednesday, June 24. Paul Carpenter, pastor of the Church of Christ officiated. Burial took place in Oak Ridge cemetery. Pallbearers were nephews: Guy Bruce, Lewis Bruce, Ned Bruce, Ivan Bishop, Earl Tuttle and Kenneth Bruce.

Attends Milwaukee

H. S. Commencement

Mrs. Effie Mann, Portage st., has been spending the last four weeks at Milwaukee at the home of her daughter and son-in-law, Mr. and Mrs. Raymond Holston. While there she attended the Commencement exercises of her grandson, Arthur Holston, who graduated from West Milwaukee high school. He was one of a class of 83 graduates and was awarded a gold pin for outstanding work in the high school student senate. He also was a swimmer and diver on the varsity team, holding second position on the team.

Safety Hints

For Swimmers

With the inviting waters of Michigan's many bathing beaches attracting swimmers in increasing numbers, Dr. C. C. Slemmons, State Commissioner of Health, issued a warning in Lansing recently of the hazards involved. Last year, he declared, 237 persons were drowned in Michigan; 320 drowned in 1934 and 281 in 1935.

Most of these deaths might have been prevented, the commissioner stated, if precautions had been taken to guard against the usual dangers involved in swimming. The following precautions are recommended by Dr. Slemmons:

1. Avoid all turbid waters. Turbid waters does not allow quick recovery of a person who has gone down; it hides sticks, stones, glass and tin cans which may cause serious injury. The depth of the water is not easily distinguished and injury or death may result from a dive into shallow water. Turbid water may also hide the physical evidence of sewage pollution.

2. Consider flowing waters as unsafe unless bathing is carefully supervised. It is in such waters that the disease-producing germs of typhoid, dysentery and enteritis may be found in dangerous concentration. Flowing streams, too, carry the threat of treacherous currents, sudden drop-offs and submerged obstructions.

3. Never swim alone, for unforeseen mishaps may occur even with the most accomplished swimmer. There should be at least two voices to call for help, two pairs of eyes to watch for danger, and assistance at hand in case of necessity.

4. The physical condition of the swimmer himself must be considered. The soundness of the heart, lungs and nervous system should be determined, as well as the pathological condition of the nose, throat, ears and skin.

5. Swim at well-managed public beaches where capable life guards and life saving devices are available for your protection.

New Troy Plans a School Centennial

A delegation of former "Troy" residents attended the annual New Troy teacher-pupil reunion at the New Troy school Wednesday, those going being Mrs. John Rehm, Mrs. Frank Kean, Mrs. L. O. Swen, Mrs. F. E. Miller, Miss Belle Miller, Boyce, Harold Boyce, Mrs. Etta Morley and Frank Borden, a visitor in Buchanan from Wichita, Kas., who formerly lived in New Troy.

Among the features of the program of the afternoon was a talk by Rev. Herbert Potter, Allegan.

a former Buchanan minister, who originally came from New Troy. It was announced that the reunion on the third Wednesday of June, 1937, would commemorate the 100th anniversary of the school. At that time, according to plans, the school will hold a celebration reminiscent of old times, all cars being barred from a certain distance from the building, and horse and buggy taxis run, carrying the attendants at a small charge to the building.

Speed—Then and Now

With regard to speed the road needs of today are vastly greater than 20 years ago. In 1914 a speed of 30 miles an hour was a good clip. At that speed about 60 or 60 feet of road is needed to stop a car. But at today's common cruising speed of 60 miles an hour about 270 feet are needed to bring a car to a full stop, or five times more space than was required in 1914.

Loans in Berrien

The Reconstruction Finance Corporation has made and disbursed loans as of February 29, 1936, in the amount of \$2,837,420.88 in Berrien county, according to a report published this week by the National Emergency Council. The amount authorized for this county was \$3,905,500, the report states.

This is the first time a county tabulation of loans authorized and disbursed by the Reconstruction Finance Corporation has been made. In explaining the report, Abner E. Larned, State Director of the National Emergency Council

for Michigan, pointed out that these figures do not include loans to Federal Land Banks, Federal Intermediate Credit Banks, Regional Agricultural Credit Corporations, Commodities Credit Corporations, railroads and the like, but mostly to individuals in the county. The report does not include R. F. C. funds that were made available for relief under the Emergency Relief and Construction Act of 1932.

Along McCoy's Crick

By Harrison Merrill
Your correspondent before closing down his desk for the summer and calling it a day for the nonce in order to be in attendance at the three months session of the Accuracy in Historical Recording Institute at Washington, D. C., wishes to go on record as claiming that politics at the present time are much cleaner than back before the turn of the late century. In 1888, it is recalled, when Harrison was the GOP candidate for president, a Detroit newspaper offered a \$100 prize to the place that would enroll the greatest number of "first voters" for their candidate in proportion to the size of the village or city.

Buchanan with 897 "first voters" enrolled was able to win the prize money but it cost the GOP leaders several times \$100 to secure first place in the standings. Little boys between the ages of 6 and 16 who were willing to swear they were 21 years of age were taken into the John Morris store and given sacks of candy. The writer recalls having enrolled and received a dime's worth of candy hearts. Later the children were provided with stiffs so they could appear in the parades and attend the flag raising exercises.

The writer recalls this quite vividly for as soon as his father learned how his young son, then in short dresses, had been imposed

upon by the GOP leaders, the child was obliged to return the 10 cents to the opposition and enroll as a first voter under the Cleveland banner.

Anyway Buchanan won the \$100 prize with a combined "first voter" membership of 897 although only 651 votes were cast for Harrison at the November election. The writer does not believe that politicians of the present time would stoop so low as to try and entice little boys by gifts of candy hearts to swear they are 21 years of age just to bolster up civic pride.

Your historian at this time wishes to acknowledge valuable aid received from Harry Tuttle of Buchanan in preparing these articles. Mr. Tuttle, during the months, has unearthed some very interesting information that has appeared in the columns. Some of the data which was considered libelous has been withheld at least for the time being.

The writer recalls Mr. Tuttle's arrival in Buchanan in the 90's. The newcomer had spent the summer as fourth mate on one of the big excursion steamers on the Big Lakes. A fourth mate, it seems, never sleeps except on the fourth night and, therefore, the young navigator when he arrived in the village was pretty much exhausted. So much so that he spent the first two weeks sleeping in a chair in front of the corner hotel, with Fred Eldridge, town marshal, directing traffic around the other way so as not to disturb the weary stranger.

Mr. Tuttle upon awakening joined the First U. S. Cavalry and spent several months on horseback chasing the elusive natives around the Philippine Isles.

There was a time when Buchanan was the leading dog and pony show center in the U. S. A., there being no less than four vaudeville companies on the road from here. It was no unusual sight while walking along the street to see

little white curly dogs standing on their heads or walking backward clothes lines. No one thought anything of it!

Robert Blake, from across the river, was the first to enter vaudeville from Buchanan with his trained animal act. He later was one of the owners of the Sipe, Dolman and Blake Dog and Pony circus which in time combined with the Gentry Brothers shows. Other trainers were John "Jack" Bishop and Charley Diggins.

Before closing down for the summer the writer wishes to name certain teachers of the Buchanan schools prior to 1900 and at the same time pay tribute to them.

First to be mentioned is Edie Boardley, who taught the first grade in the village schools for many years. A finer, kinder person never toiled in a school room. Old timers have only the finest recollections of this splendid lady.

May Haller, a former teacher, is now Mrs. Henry Russell and resides in Hastings, Neb.; Nina Kempton (Mrs. Will Blowers) lives in Tampa, Fla.; Benjamin F. Buck, principal of schools under O. E. Aleshire, is a Glencoe, Ill., resident. Mr. Aleshire resides in Chicago, as does Miss Effie Perry. Emma Smith Knight, Eva Chamberlain and Anna Treat Sparks live in Buchanan.

Other instructors the writers recall were Miss Williams of New Carlisle, a sister of Charley Williams for several years in charge of the Western Union office at the depot; Mrs. Nellie Fast, widow of Dr. Fast; Miss DeMott from across the river; Maude Miller of Kalamazoo, who later became Mrs. Chas. Cutting, now deceased; and Lillie Abell, who taught the 9th grade.

All were very fine instructors and they certainly turned out some very brilliant scholars.

The writer had hoped to tell ere this how Company C of the old 12th Michigan infantry recruited for the most part from Buchanan, won the Civil war, but that will have to come later. Also there are many other incidents which add mightily to Buchanan record as an up-and-coming village that will have to appear when the series is again resumed.

Buchanan people who may be visiting Washington, D. C., on vacation trips during the summer are invited to drop in on the writer who will be attending daily sessions of Institute in the left wing or Brain Trust department, at the White House. In the mean time may the Ol' Crick continue merrily on its way through the best grown-up village in the universe.

Mr. and Mrs. Lucas Thayer of South Bend were callers Tuesday afternoon with Mr. and Mrs. John Clark.

Mrs. Charles Smith had as dinner guests Friday, Mrs. Dana Roberts and Mrs. Bertha Payne of Galien.

Mr. and Mrs. Henry Goodenough spent Sunday with Mrs. Cassie Mikel in Galien.

Funeral services were held Saturday afternoon at the home for the late Harry Kuhl, who passed away at his home Thursday morning. Rev. J. W. McKnight officiated.

Mr. and Mrs. V. G. Ingles were the singers accompanied by Mrs. Myrtle Kiefer. Burial was in the Galien cemetery.

Sunday was a Red Letter Day at the Olive Branch church when the second homecoming of the church was held. A co-operative dinner and supper was served under two tents provided by our good friends, R. J. Kenney of Galien and Lowell Swern of Buchanan.

Mrs. Anna McLaren, Mrs. Myrtle Kiefer, Mrs. Nina James had charge of the dinner. The morning service was conducted by Rev. Carl Eastburg. Orchestra music, songs by the choir and piano solos were interspersed by talks by different members of the church and friends, followed by an address given by the District Superintendent Dr. M. K. Richardson of Benton Harbor.

The Berrien and Cass Young People's Union presented a play, "What Shall It Profit?" Orchestra selections, piano solos and duets were given between the acts of the play. The Candle Light service brought the meeting to a close.

HOT WATER

SOME families try to struggle along with tea kettle and furnace coil. Others are slaves to old fashioned heaters that require as much care and attention as an ancient cook stove.

Why not end all this needless effort and annoyance forever? At low cost, every family can enjoy a constant supply of hot water, for every need, always on tap. The modern Electric water heater operates automatically, without attention. ENJOY HOT WATER ELECTRICALLY.

IF YOU'VE GOT A SCOTCH STREAK—LISTEN!

WHEN BETTER AUTOMOBILES ARE BUILT QUICKER WILL BUILD THEM

WE'RE not one to suggest that you can run a Buick for nothing—we don't subscribe to the school of selling that makes believe even this great car can run on its reputation.

So you'll never hear us talking in terms of how many drums of gas you'll save in a year, because such promises simply don't fit in with every driver and every driving condition.

But we do know, and do not hesitate to say, that on miles-per-gallon this Buick SPECIAL Series 40 will match or beat many a six in your experience.

We can safely promise you fewer fillings per trip—you'll have more uniform gas consumption over the whole range of the speedometer needle, with a mighty thrifty average over any service period you want to name.

And we know, from certified records, that when you count repair bills and overhauling along with the cost

of fuel, you'll find you have in Buick a car that's as easy to take from the money angle as it is from the angles of style, comfort, safety and performance.

It's smooth, it's brilliant, it's swift—we're constantly hearing pleasant things about its easy ride and featherweight handling. But page Buick owners generally, and their stand-out comment is surprise at the frugality of its habits.

Price can't be keeping you from enjoying a Buick, since the figures begin at \$765* list at the factory. If lack of knowledge about upkeep has been the drawback, come in now and let us show you a few things that will gratify your Scotch streak!

Join the Buick Safety Legion. More than 300,000 safe drivers already enrolled. See your Buick dealer for details.

\$765 to \$1945 are the list prices of the new Buicks at Flint, Mich., subject to change without notice. Standard and special accessories groups on all models at extra cost. All Buick prices include safety glass throughout as standard equipment.

AT THE THEATRE

"Captain January"

Shirley's Latest

A famous story becomes Shirley Temple's greatest picture as the tiny, dimpled Fox star returns in "Captain January," at the Hollywood theatre Sunday, Monday and Tuesday.

Adapted from the beloved tale by Laura E. Richards, the new picture is a heart-tugging drama of a lovable little girl and a sweet old sailor, set in a lighthouse on the rocky coast of Maine.

How Guy Kibbee loves and protects this tiny waif he had picked out of the sea years before, how he loses her to a vicious old traitor officer and eventually wins her back again is revealed in the fascinating plot of "Captain January."

Shirley performs a series of tinkling new steps, including a delightful novelty called "The Multiplication Table Dance," and she also sings three grand new songs. The hit of the three, all with music with Lew Pollack, is "The Right Somebody to Love."

Sim Summerline, "Buddy Ebsen," "Lovely June Lang and Jane Darwell are the principal supporting players in the picture, directed by David Butler.

FRIDAY-SATURDAY

All the thrills of a hitch-hiking love and a \$15,000 bet are afford-

ed audiences in RKO Radio's hilarious comedy, "Love on a Bet" with Gene Raymond. With Central Park as a starting point, a suit of underwear on his back, and no money in his pockets, he ends a transcontinental trek in Los Angeles with \$100, a suit of clothes, betrothed to a gorgeous brunette and winner of a \$15,000 wager.

In the Warner Bros. Western with music "Treacherly Rides the Range," Dick Foran, the Singing Cowboy, sings and shoots his way out of trouble and into love in what is said to be the most exciting drama of the old West the young star of new Westerns has ever filmed.

WEDNESDAY-THURSDAY

With Warren William in the leading role, "Times Square Playhouse," a hilarious Warner Bros. comedy, sprinkled with drama, romance and song.

When accident thrusts an Iowa farmer into the movies against his will one of the most delightful comedy plots of recent years is developed in RKO Radio's "The Farmer in the Dell," with Fred Stone and Jean Parker featured. The film is highlighted with tense drama and skillful casting adds much to the production. Ben Holmes has directed this story of the problems of simple country people forced into the midst of life in the screen capital.

It is Ordered, That the 13th day of July A. D. 1936, at ten o'clock in the forenoon, at said Probate office, be and is hereby appointed for hearing said petition;

It is Further Ordered, That public notice thereof be given by publication of a copy of this order, once each week for three successive weeks previous to said day of hearing, in the Berrien County Record, a newspaper printed and circulated in said County.

Christian Science Churches
"Christian Science" is the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, June 28.

Among the Bible citations is this passage. (Psalms 107:20): "He sent his word, and healed them, and delivered them from their destructions."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 146): "Divine Science derives its sanction from the Bible, and the divine origin of Science is demonstrated through the holy influences of Truth in healing sickness and sin."

A Strong Company

Nearly every year the Holly vicinity is visited by a disastrous wind storm. It usually arrives in the spring but two years ago it was in the late summer. In each of these blows there is a big property loss, and the numerous recurrences has taught our thirty people that it is little short of foolhardy to try to get along without adequate and dependable insurance against loss from windstorm and cyclones.

The Michigan Mutual Windstorm Insurance Co. of Hastings have paid many big claims in the Holly section, and we have yet to learn of a person who was not satisfied with the manner in which the loss was adjusted. They have a record of over 50 years of successful operation, and have nearly \$400,000,000 of insurance in force in the state.

Conservative management has kept their rate among the lowest, the average for the entire life of the company being less than 7c per year on each \$100. Last year they paid out \$261,000 to policy holders. This is the biggest insurance company of its kind in Michigan, and they have 800 agents, several of whom are in the Holly vicinity. Their monthly ads in the Herald vividly portray some of the devastation wrought by the wind.

(Published by The Holly Herald on June 11).

Has Souvenir

Independence Hall

Speaking of Independence hall, Philadelphia, and there is quite a bit of speaking about it now as a feature of interest at the political convention, William T. Richards, county poor relief commissioner, has an interesting souvenir of that famous hall, where the Declaration of Independence was adopted in 1776 and the Constitution was formulated and adopted in 1787. About 1899 the gas fixtures were removed from the hall, and replaced by electricity. An acquaintance of Richards was employed as an electrician in the removal of the jets. When the old fixtures were disposed of he secured a pair of Iron's heads of bronze which had served as gas jets, the jet coming from the lion's mouth. Before his death he gave the jets to Richards. It is not known how old the fixtures are, but it is presumed that they were installed about the time that illuminating gas succeeded candles for lighting, early in the last century.

Hints for Health In Hot Weather

Taking things easy during the warm months is the logical procedure in a climate such as Michigan enjoys, but too often we go to the opposite extreme and over-exercise, over-expose ourselves to the sun and vary our normal habits radically, with the result that summer brings its own crop of major and minor ills, states Dr. Herman H. Riecker, of the University of Michigan department of internal medicine.

Unaccustomed and excessive exercise often carried out under a blazing sun, may be a cause of sore joints, muscles and stomach upsets. In the middle-aged and overweight it may contribute to serious heart trouble. If unaccustomed exercise is planned for summer days, it is well to break in the body gradually, to avoid sudden overloads on the circulatory system, Dr. Riecker advises.

The same rule applies to acquiring the popular coat of sun tan. Get it gradually, avoiding sunburn, which is neither necessary nor healthful. Persons at the extremes of life, babies, young children and old people, particularly, need to have an adequate water intake during hot weather.

Hot weather and vacation eating should be somewhat lighter than in cold seasons, but need not be confined largely to vegetables, as some argue, Dr. Riecker says. Milk is a good summer food and liquids in general will be needed in good quantity to make up for increased evaporation from the skin cooling system. Vacationers will do well not to upset their dietary habits too much, unusual food and doubtful drinking water being frequent causes of both summer constipation and diarrhea. Taking babies on long automobile trips is about the hardest treatment that could be given them, he declares.

Sunstroke and heat exhaustion are the two serious summer ills which almost everyone encounters sometime and which all should be able to recognize. Sunstroke usually affects persons below middle age who have been working or exercising in the direct rays of the sun. The symptoms are quick collapse, unconsciousness, body temperature markedly above normal and perhaps a blueness of the skin. The treatment is to place the victim in the shade, cool him with water or ice, give no drugs and send for a doctor, since the situation is always dangerous.

Heat exhaustion, on the other

hand, usually affects persons beyond middle age, who need not have been in the direct sunlight. The patient is pale, with the body temperature often below normal and he usually retains consciousness. Heart weakness, brought on by heat and working conditions, is the main cause. The victim should get immediate rest in a cool place until a doctor can be called.

Clarence Bartz Announces Candidacy State Representative

In announcing his candidacy for the office of State Representative from the first Berrien County Legislative district, Mr. Bartz feels that the experience in legislative matters gained during his long membership on the Board of Supervisors qualifies him for that office.

He has been a member of many important committees, now serving as chairman of the auditing committee.

His election would give the Board of Supervisors a direct contact with the State Legislature. Such contact is extremely important at this time in regards to such matters as relief and the refinancing of Covert road bonds.

He endorses the pay as you go program of Governor Fitzgerald and pledges his support for its continuance.

"I had to rent a barn to store the Red Crown I saved"

complains Miss Janet B. String

If Miss String, secretary of the Ladies' Auxiliary of the Tall Story Club, has a fault it is that her club reports are always tinged with sadness. To wit:

"LAST fall somebody told me I'd save gasoline if I used Standard Red Crown all the time. So, without considering the consequences, I agreed to use nothing else for a year. And just look what it got me into!

"The very first day I saved a bowl full. That was fine—it wasn't in the way at all. But look—in the first week I'd saved a barrel full! By the end of the year I'd saved a tank-car full!

"My, what a lot of gasoline to keep around the house!

"Father complained so bitterly that I had to rent a barn to store it in. And now I've got a barn full of Red Crown—and more piling up every day. I'm almost sorry I ever started."

Perhaps we should feel sorry for Miss String. But somehow we just can't bring ourselves to believe a word of her story.

We have reason to know that Standard Red Crown is an economical gasoline—but its use hardly saves that much.

Because it does have "more live power per gallon," Standard Red Crown operates a car with less waste power per gallon. What you save, in longer mileage, is well worth while over a year's time. But rather than make claims, Standard prefers to make it easy—and profitable—for motorists to find out the real facts about gasoline mileage for themselves. So, this summer Standard is conducting the most extensive road test ever attempted. You are invited to participate.

BEFORE and AFTER by Dabert

BEFORE
Mary: "Suppose I'll have to be late—or get shaved down town. *!!* I'm going to do something about this!! *!!*"
John: "Well, you know, John, you can't expect to get hot water in the morning when you let the furnace go out at night!"

AFTER
John: "Breakfast's ready, John."
Mary: "Ta-Ta-Te---Gosh, that was a sweet shave---Ta-De-Da---Coming, Mary."
John: "It certainly is a comfort to have plenty of hot water when you want it, Mary!"
Mary: "Yes—that new GAS Water Heater has been a life saver for me, too—I feel like a different woman now."

With the New Low Gas rates you can have an abundance of Constant Hot Water at a surprisingly low cost.

Have us install a **HANDLEY-BROWN GAS WATER HEATER** in your home now—on a Rental or Purchase plan.
