

DISTRICT 1 HAS A SURPLUS OF \$60,000

Parent-Teacher Assoc. and School Promotes Interest Hobby Fair

Now Here's the Proposition

Accommodated
you and I, my worthy friend
we come at last to our proper
end
they will bill us down to the
realms below
where they never have
frost or snow.
And Satan will stand, with a sultry
grin
And warmly welcome us, both
within
And say, "My friends, I've a place
for you
Where the fumes are thick and the
flames are blue
And I've told my firemen to fire
up right
To a couple of thousand Fahrenheit,
Or a thousand more if that ain't
enough
To roast two birds who are old and
tough."
And they'll take us both to a good
warm spot
And turn on the thermostat plenty
hot
But you and I, we will say "Odds
fish,
How long has Hades been air
condensed?"
And we'll pound on the registers;
too, yes sir!
And raise plain hell with the
janitor.
And boiler until we are out of
breath
And ask if they want us to freeze
to death,
Fill the devils will gasp and mutter,
"Whew!"
Isn't it ever too hot for you
And you and me—we will chortle,
"Nix—
Not after the summer of thirty-
six."
And the devil will say to his fire-
men, "Scat!"
You can't phase them if they lived
through that."
And we'll go to Jerry's and lu-
bricate
With a round of cokes and the
drinks on Sate.

Hollywood Will Have New Marquee

Over \$2,000 Spent in New Equip-
ment and Interior Improve-
ments

Extensive improvements have
been and are being made at the
Hollywood Theatre. By August
15th the work is expected to be
completed. A new marquee, or
canopy, is to be erected, which is
of the Zephyr type, and the new
signs will be neon and electric.
The features will be illuminated
on the Marquee and this im-
provement will make the Holly-
wood one of the most modern
theatres in the country. Recently
a second generator has been in-
stalled to take care of day emer-
gency in the showing of the pic-
tures, and new carpets are to be
laid throughout the theatre. The
Hollywood Theatre, under the
management of E. C. Hoffman,
is a member of the Co-Operative
Theatres of Michigan, which is
one of the largest companies in
the United States, and through
this affiliation the local theatre is
assured the best pictures to be
obtained, which are booked by
Sam Barrett, through the Detroit
office. The new sound equip-
ment recently installed has made
a great improvement and Buchan-
an is indeed fortunate to have
such a fine theatre. More than
\$2,000 is being expended in the
new improvements.

Mr. and Mrs. John Kelly had as
their guests during the past week
the former's mother, Mrs. Kelly
and Mr. and Mrs. Harvey Level,
Charlestown, Ill.

Mrs. Philip Frank and son,
Jackie, returned Sunday from a
visit with Mr. and Mrs. Ben Baker,
Chicago Heights.

Russel Morse, a returned mis-
sionary from Tibet spent Friday
evening at the home of Mr. and
Mrs. E. N. Schram. His son, Eu-
gene, was a guest of Donald and
Eugene Longworth.

Hobby Show to Be Held in Sept.

Invite Adult Hobby Exhibits
as Stimulus to Youth

The public schools and Parent
Teacher association both have a
deep interest in the welfare of boys
and girls, we are appealing to par-
ents to help in suggesting ways in
which children can best use their
vacation time leisure.
One of the cardinal principals of
education is "the use of free time
for worthy activities and pleas-
ures." The children manifested
their interest in the hobby plan
and seem ready "to go" for this
reason we are instituting this plan
of leisure activity, but parents will
need to help if we are to put it
across with any measure of suc-
cess. Suitable awards will be made
at the hobby show which will be
held early in September.

Up to date we have registered
10 boys and girls who are interest-
ed in various hobbies and have
commenced work.

All boys and girls interested in
any kind of hobby are invited to
come to Kathryn Park next Mon-
day and Tuesday July 20 and 21
from 9 to 11 o'clock for enrollment
and instruction in starting their
projects.

Miss Allegra Henry is in charge
and she is very anxious to have
the boys and girls register early
so that they can get under way
with models etc.

Right now plans are being made
to put on a play and several of the
boys and girls have signed up for
dramatics, others are interested in
airplanes, garden projects, draw-
ing, birds, and insects, Indian
relics, travel photos and many
others.

Those enrolled up to date are:
Melvin Ravish, Airplanes; Dwan
Arend, garden and stones; Ralph
Rosenburg, dramatics; Buddy Ma-
thews, Antiques; Rudy Reisch,
stage management; Nancy Sheets,
dramatics; June Gregory, drama-
tics; John Moyer, Indian relics;
Herbert Moyer, travel photos;
Tommy Van Deusen, drawing of
birds and insects.

Shows 1904 Election Edition of The Argus

Phay Graffort had an interest-
ing exhibit to show at Fay's
Smoke Shop in the past week in
the form of an issue of the Bu-
chanan Argus, of Nov. 9, 1904,
when he was the publisher. The
issue contains a large news display
of the election of Theodore Roose-
velt and the success of the entire
county Republican ticket with the
exception of sheriff.

The item less prominently dis-
played, but of most vital interest
to the town, as has since trans-
pired, was the announcement that
a Chicago firm had leased the
building formerly occupied by the
Cutlery Company, (now the Rus-
sell Chevrolet building) and would
manufacture steel tools. This was
the George R. Rich company,
which subsequently became the
Celfor Tool Company and eventu-
ally the Clark Equipment com-
pany.

Another new enterprise in the
city which seemed much more
auspicious then was the coming of
the Michigan Motor Company, a
automobile factory, which had
leased the old Buchanan Wagon
Works building. This company
really manufactured a few cars
here, but eventually played out.

Announcement is made of an-
other hope that failed, the survey
of the interurban route from Niles
to Buchanan, a continuation of the
South Bend line. It was stated this
line would follow the old Michi-
gan Central roadbed most of the
way. However, the construction of
the road to Buchanan was later
blocked by consideration of the
expense of building a bridge across
the St. Joseph river at Niles, and
the line was continued northwest
to Berrien Springs, where the
abandoned tracks yet remain.

Mr. and Mrs. H. C. Millman ar-
rived today from St. Johns, Mich.,
to visit over the week-end at the
home of the latter's brother, R.
C. Van Deusen and family.

C. W. Ryan returned Saturday
from a visit with his daughter,
Mrs. Edna Messer, Chicago.

Discovers Site Indian Village

J. B. Dalby, Berrien Springs, a
member of the Michigan State
Archaeology Society, reports very
clear evidence of an Indian vil-
lage not listed on any archaeolo-
gist's map extant, located four
miles north of Buchanan, adja-
cent to the picnic grounds at
Bear Cave Park. He states that
he has found distinct fire pits,
each representing an Indian home,
also cooking stones, which denote
a permanent village. He found a
stone awl used to lace leather
clothing, a stone needle, a fine
specimen of a pipe and other
traces. The location is on the
second bench above the river and
comprises about four acres.
This represents the 11th Indian
village found in the vicinity of
Buchanan, which is richer in re-
mains of Indians than any other
section of Michigan.

Summer Maintenance Work On In Schools

The maintenance force of the
local schools under the direction
of A. Flennar and aided by WPA
workers is now engaged in sand-
papering 500 desks and will start
refinishing them next week. A
treatment of the roof of the man-
ual training building has been
completed and a force is now at
work chinking up the foundation.
The regular force will begin treat-
ing the floors next week.

Bird Display in Smoke Shop Window

Much attention has been at-
tracted by a beautiful bird display
in the window of Fay's Smoke
Shop, consisting of two common
quail, a California quail, two
pheasants, and a woodcock. The
taxidermy was done by Charles
Heiney, Mishawaka.

I. O. O. F. Installs The New Officers

New officers of the Odd Fellows
who were installed at the meeting
held Tuesday evening, July 14,
were:

Noble Grand, Harlan Matthews;
Vice Grand, Ernest Young; Sec-
retary, Harris Simpson; financial
secretary, Louis Gray; treasurer,
Leonard Dalenberg; warden, Ern-
est Beadle; conductor, Clarence
Ravish; R. S. N. G., Otto Reinke;
L. S. N. G., Ted Tees; Inside
Guardian, Arthur Mayhew; Out-
side Guardian, Everett Geary; R.
S. V. G., Carl Patton; L. S. V. G.,
A. S. Root; chaplain, V. L. Coon-
fere; R. S. S., A. M. Pierce; L. S.
S., Clyde Wolkins; retiring Noble
Grand, Marlin Keen.

Annual Reunion of Classes 1902-3 Held

The 16th annual reunion of the
Buchanan high school classes of
1902-3 were held in the rock gar-
den at the Frank Imhoff home,
Sunday with twenty present. At-
tending from out of the city were
Mrs. Frank Downs of Chicago,
Mrs. George Wells of Toledo, O.,
Miss O'Brien of Toledo, Mr. and
Mrs. Harry Smith of Mishawaka,
Mr. and Mrs. Roy Rice of Niles.
New officers elected were: pres-
ident, Roy Rice of Niles; secretary,
Ray Weaver of Glen-
dora. The next meeting at Island
Park, Niles, with Mr. and Mrs.
Roy Rice in charge.

Ione Raven Weds Clyde Fuller Sat.

Miss Ione Raven, daughter of
Harry Raven of this city, was
married to Clyde Fuller, Jr., son
of Mr. and Mrs. Clyde Fuller of
north of Buchanan, the wedding
taking place at South Bend Satur-
day.

Am. Legion to Elect Tonight

The Ralph Rumbaugh Post of
the American Legion will meet this
evening for the annual election of
officers. All members are request-
ed to be present.

New Style Combines Threaten to Revolutionize Harvest in Mich.

Harvest Scenes Change With
The Mechanization of
the Farmstead

The drone of the threshing ma-
chine started again in the Bend of
the River this week, recalling one
of the most stirring and interest-
ing episodes of farm life, thresh-
ing time, and bringing to mind
that a change is coming over grain
farming now that may in the next
decade relegate the threshing ma-
chine to the fence corner, to join
ultimately the scythe and the flail
as harvest implements.

Michigan has seen, in its hun-
dred years, the whole gamut of
mechanical farming, from the
most primitive hand tools down to
the combine which now threatens
to antiquate other machinery. A
short time ago about 75 to 100
farmers gathered at the farm of
James Reed to watch a combine
demonstration. The combine was
of the new type adapted to the
Michigan farm, with a five foot
swath. One man worked the entire
outfit, riding the tractor that pul-
led it and controlling the cutting
and threshing, compared with old
time threshing crews of 20 men.

A truck was required to make
trips back and forth, emptying the
20 bushel hopper that carried the
grain. It was evident that the
simplification of the harvest which
this machine makes possible ap-
pealed to the farmers, and that
many of them would buy as soon
as they could afford it.

It is a fact that combines have
not proved practicable in Michigan
previously but the new combines
are designed to overcome the ob-
jections. The synchronization of
the reel and the sickle is such that
all hattering of ripe grain is done
on the elevator canvass, which
carries it to the hopper.

It is argued that with the com-
bine grain can be left standing in
the field longer, that there is little
shattering until the grain is hand-
led, and that the combine reduces
the loss from this source. It is said
that grain which is cut green and
stands in the shock subject to rain
and wet weather is very likely to
deteriorate, whereas grain which
stands until it is entirely ripe has
some of the merits of the tree-
ripened fruit.

It was about the same time that
the first threshing machines were
brought into Michigan. The first
threshers were small affairs, so
small that four men could easily
carry them around. In the base-
ment of the Chamberlain Memorial
Museum of Three Oaks there is
an interesting example used in
Berrien county about 1840. It was
the property of Zack Kinney of
the Gallen district, and consists of
a single wooden cylinders set with
spikes, and operated by horse pow-
er. There was no separator at
first and straw, chaff and grain
were dumped together.

Strange as it may seem, the
first combine was invented and
built by Hiram Moore, Climax,
Kalamazoo county, Michigan, in
the early 1840s, back in the days
of the scythe and the cradle. When
McCormick and the other reaper
and binder pioneers were working
out their ideas, Moore devised a
huge harvester-thresher, that cut
a 14 foot swath and required 16
horses and four drivers. It was
much too large for the small
Michigan farms, and few Wolver-
ine farmers could summon enough
horse power. It headed the grain
leaving the straw in the field and
was open to the objection of
shattering the grain. Moore had
several of the machines made at
Schoolcraft, and one of them was
bought by Leland O'ds and shipped
around Cape Horn by ocean to the
Pacific Coast. There it was found
adapted to the large-scale grain
farming, and the dry, even clime-
ate, and was successfully develop-
ed.

The making of grain cradles
was a considerable industry in the
timbered section in the southwest
part of Berrien county. The mak-
ers would select a thrifty ash
tree, 18 to 24 inches in diameter,
and grub it out by the roots. The
upper part of the tree would go to
the sawmill, the butt of the tree
being used for the fingers of the
cradle. This butt would be placed
in an upright vise and sections

about an inch thick cut with a rip
saw as far down in the bend of
the tree as possible, the grain of
which was desirable for the
cradle fingers. This inch section
was again ripped into strips about
3/4 inch thick. These strips were
then placed in a vise separately
and given proper form and finish
for the fingers by drawing knife,
spoke shaver, scraper, file and
sand paper.

The timber for the snathe or
handle was worked into shape and
then placed in a steam box. When
in proper condition it was twisted
to the desired shape. Braces were
made of the toughest hickory ob-
tainable, shaved down with a knife
and pulled with pincers through
suitable sized holes in a steel bar,
the only metal used. It required
two days to make a cradle by
hand, after the materials were in
the shop.

Henry Chamberlain states that
John Knapp, a pioneer living
southwest of New Troy, grew his
own scythes, snathes, or handles, just
in the shape he desired without
resorting to steaming the wood.
He would select in the spring a
thrifty ash tree about 6 inches in
diameter and cut it off about
eight feet from the ground. About
September there would be a num-
ber of sprouts. He would select
three or four of the best sprouts
and cut the rest away. Two years
from that fall he would take the
sprouts and twist them around
the stump, holding them to it by
wooden pegs driven into the
stump, until they grew into the
desired shape.

Orchard Hills

In the 8 man team match held
Sunday at Orchard Hills Country
Club with the Berrien Hills Coun-
try Club of St. Joseph and Benton
Harbor the local organization was
victorious by a score of 15 to 8.
As usual the match was scored on
the Nassau system one point be-
ing awarded to the winner of each
nine and one point to the winner
of the eighteen.

Due to a combination of unfor-
tunate circumstances the Orchard
Hills team was able to put up only
seven players. Consequently it was
necessary for them to award three
points to the member of the visit-
ing team who had no opponent.

The results of the other matches
were: Cap. Grathwohl 2, Skibbe 1;
Hanlin 1, C. Elck 1; Zellers 2, Sop-
er, Jr. 1; Funk 1, Blake 2; Owen
3, Walker 0; Hadsell 3, Soper, Sr.
0; M. Grathwohl 3, Poffenberger 0;
A. Zick 3 (forfeited).

A return match will be played
at the Berrien Hills course Sunday
afternoon August 16th.

The results in the elimination
flight of the championship for
which the period for playing ended
with the close of play Sunday were
as follows. Ward won by forfeiture
from B. Walther, Beebe defeated
Berquist, Bonner defeated Coles,
Otteson defeated Sheets, Sample
defeated Tonkin and Landsman de-
feated E. Rose. These winners now
take regular places in the Class
C division the first flight of which
is to be completed by the close of
play Sunday July 19th. They are
paired as follows:

Ward vs. Fred Smith, Beebe vs.
Hull, Bonner vs. T. Lyon, Otteson
vs. Vanderberg, Sample vs. Mc-
Ginn, Landsman vs. Peterson.

Relics of Battle In Schram Window

The window of the Schram in-
surance agency contains an in-
teresting exhibit of western curios
and historical relics, the property
of Arthur Snyder, who recently
came to Buchanan from Montana.
Of chief interest are a wooden
stock of a carbine and an old re-
volver with wooden stock, both
picked up on the field of the Custer
massacre in South Dakota, in
1884, some years after the fatal
event. The collection includes a
"madstone," taken from the
stomach of a cow, and reputed in
popular superstition to be a cure
for the bite of a mad dog. There
are also some beautiful agates and
stones.

Work Progresses On Four Apartments

Partition walls have been com-
pleted on the second floor of the
Opera house building for four
apartments, to consist each of a
large living room, dining room
and kitchen combined, bedroom,
clothes closet and bath, steam
heated. They are to be ready by
Sept. 1.

Wilson Hamilton Killed Instantly

Chance Discharge of Shotgun
Takes Life of Buchanan
Rural Mail Carrier

Wilson Howard Hamilton, 42,
was instantly killed early Monday
morning when a barrel of his shot-
gun was accidentally discharged at
his summer home on the St.
Joseph two miles north of Bu-
chanan, the charge passing through
his heart.

Hamilton had announced his in-
tention of trying to shoot weasels
which had been robbing his hen
roost, and it is believed that he
was on his way for that purpose
when the fatal accident occurred.
He had risen shortly before 6 a.
m., donned trousers and slippers,
and had gone to the room where
the shotgun was kept. His wife
and three children heard the shot
and rushed out to see him reel
into the kitchen and fall. Coroner
Louis J. Kerlikowski was called
and pronounced the death ac-
cidental.

Hamilton was born Feb. 19,
1894, in Bertrand township, the
son of Alanson and Alice Hamil-
ton. He was married to Esther
Batchelor Sept. 23, 1916, at South
Bend. He is survived by his widow;
by three children, Frances, Robert
and John, all at home; by his
mother, Mrs. Alice Hamilton Wil-
son; by two sisters, Mrs. Harry
Hartline and Mrs. Noah Weaver,
Buchanan; by one brother, Alanson
Hamilton, Buchanan.

He had served as rural mail
carrier on Route 3 for the past 18
years.

Services were held at 3 p. m.
Wednesday from the Swem Fun-
eral Home, with Paul Carpenter
preaching the sermon and inter-
ment was made in the Oak Ridge
cemetery. Pall bearers were Rich-
ard Schwartz, William Edmie,
William Donley, Allen Matthews,
Kenneth Blake, Harold Mann.

Adeltha Stanard Funeral Rites Today

Mrs. Adeltha Stanard, 81, died
Tuesday at the home of her son,
Gregory Stanard, 613 Front street
after an illness of three days and
the funeral will be held from the
Swem Funeral Home at 2 p. m. to-
day. Paul Carpenter of the Church
of Christ will officiate and burial
will be made in the Greenwood
cemetery at Bridgman. She was
born in 1855 at Valparaiso and
had lived in Bridgman most of her
life, coming to Buchanan about a
year ago. She is survived by three
sons, Gregory of Buchanan, Clyde
of Bridgman and Edson of Grand
Rapids.

Chases 3rd-Lane Law Violator

City patrolman Robert Rinker
figured in a hot chase on U. S. 31
last week when he is reported to
have ridden 80 miles an hour
down the center stripe to catch a
motorist who had been cutting
out in the third lane to pass cars.
The motoring public in general
seems not to have heard that it is
illegal to cross the center stripe
in four lane highways. The viola-
tor was taken to Niles and fined.

Bristol Pattern Adds New Machines

Practically all of the machinery
of the Bristol Pattern Works has
been replaced plus several added
machines, according to the pro-
prietor, Clyde Bristol, who has
added several men to his force and
is looking for more. Among the
equipment added is a new lathe,
milling machine, planer, spindle
sander, drill press and disk sander.

New Water Sport At Camp Madron

Albert Webb One of Three
Instructors at Water
Front

Swimming, boating, canoeing,
sailing, and water sports are the
many activities now seen at the
waterfront at Camp Madron, local
council Boy Scout Camp.

A new feature has been added to
the waterfront activities this sea-
son known as boating and canoe-
ing pilots license. The license in-
cludes a 50 foot swimming test for
a row boat and a 100 yard test
for the use of the canoes. Instruc-
tion is also given in the use of both
row boats and canoes before the
licenses are awarded. During the
first week more than fifty of the
licenses were awarded.

Water games include the use of
two new water balls and games
such as keep away, water tag, and
water polo are played by the
campers.

Boating is a popular sport with
the campers and periods for this
activity are held three times a day,
morning, afternoon, and evening.
When the weather permits the
Cubs are taken for rides in the
camp sail boat.

The waterfront staff includes
Alfred M. Doerfler, Richard Plet-
cher and Albert Webb as assistant
directors.

Co-Ops Defeat Elkhart in 9th

The Buchanan Co-Ops defeated
the Studebaker Grangers of Elk-
hart 9-8 in a close inning, coming
from behind with a six run rally
in the ninth.

The score sheet read:
Co-Ops AB R H
Satter, ss. 6 2 2
Stouffer, 1b. 6 1 3
Sebasti, p. 6 0 1

Struck out, by Sebasti 13, by
Nellist 7.

The Co-Ops will play the North-
western Bears of South Bend at
Letcher's Field next Sunday after-
noon.

Lisle Burris Buys Front St. Building

Lisle Burris is altering the sec-
ond floor of the building in which
his store is located, and which he
recently purchased from the Bu-
chanan State Bank receivership.
He will fit the second floor for his
own living quarters.

Attend Young People's Meeting

Rev. Brunelle will attend a
young people's conference to be
held at Middle Lake near Sturgis,
next week under the auspices of
the Kalamazoo Presbytery. He will
attend as a member of the faculty.
Delegates from the local Presby-
terian church will be Virginia
Wright, Bill Strayer, Phyllis
Lamb, Dale Lyon.

Blues Trim Crack Ball Band Nine

The Buchanan Blues covered
themselves with glory Sunday by
defeating the crack Mishawaka
Ball Band nine 5-4, with Glenn
Jesse pitching.

School Finance Best in His

President Hanlin And
tary Ida Rice Re-Electe

Finances of School District 1,
Buchanan, are in the best condi-
tion in the history of the district,
according to statement by Presi-
dent Hanlin, with a balance of
\$60,855.61 on hand July 1, 1936,
which is sufficient to take care of
the operating expenses, aside from
the debt service, for the coming
year.

The annual school meeting held
at the high school auditorium
Monday night returned President
M. L. Hanlin and Mrs. Ida Rice to
the school board without opposi-
tion, about 70 votes being cast for
both officers.

President Hanlin stated that the
present situation compares very
favorably with that of four years
ago, when the board could not pay
teachers on account of funds tied
up in closed banks, and the value
of the school bonds was impaired
by delinquent interest and were
quoted at about \$600 for a \$1,000
bond. At the present time the same
bonds are quoted at about \$1,500.

The favorable situation is due
in part to income from delinquent
taxes, from dividends from closed
banks and from large state income
from sales tax and liquor sales.
Total expense of the school in the
past year was \$72,170.78, which in-
cluded a debt service charge of
\$14,479.89.

Softball

Roots-I. O. O. F. July 13
The Roots News team won a
game cut short by rain from the
Odd Fellows 6-3, bunting seven
hits and profiting by seven I.
O. F. errors. M. Sherburn, R.
pitcher, scattered six hits and
struck out nine of the I. O. O. F.
players. Raber and Brick led the
attack for the winners with the
former getting two doubles out of
three times up and the latter get-
ting a double and single in three
times up. Joe Letcher and L. A.
Batten got two-thirds of the hits
made by the I. O. O. F. team. The
former got a single and double in
three trips and the latter a walk,
a single and double in three
trips. Batteries: Sherburn and
Raber for Roots, Addington and
Hanks for I. O. O. F.

Wilson-D's Cafe, July 14
Wilson's won a shut-out game
from D's Cafe 9-0, the Dairyman
looking like a real team, regis-
ter nine hits and playing errorless
ball. Jesse allowed only three
singles and struck out six. Wil-
son's team was led by Rothfuchs
and Mike Boyce, each getting two
singles in three trips. Holmes also
got two in three times. Batchelor
batted a home run in the third in-
ning. Seven errors by D's Cafe
helped Wilson's a plenty. Batteries:
Jesse and Rolan for Wilsons;
Holmes and Richards for D's.

Roots-Poormans, July 9
The chief upset of the year was
when the Poorman Grocery team
pushed the Roots News team tem-
porarily out of first place giving
them their first beating, 9-3. Poor-
man pitched great ball scattering
five Root hits, and keeping his
team in the lead all of the way.
Deeds led the attack, getting a
triple, 2 singles and a walk in four
times up. A. Nehring and Dellin-
er each got two hits in four tri-
ps up for the winners. H. Rudloff
the attack for the losers, with
double and single in three trips.
Batteries: For Rudloff, Sher-
burn, H. Raber for Roots, Poor-
man and Topash for Poorman.
Standings

Teams	W.	L.	Pct.
Roots	7	1	.875
Wilson	6	1	.857

Mr. and Mrs. Will Puterbaugh of Eau Claire and Miss Anne Dyer of Jacksonville, Florida called at the Alva Campfield and A. F. Kenn homes Sunday.

Arthur Rager, who lives on the old Will Rager farm, had a bad accident Monday when a load of hay turned over on a wash out, right ankle was caught and legaments badly torn. Andrew Rager, who was helping, got Mr. Rager to the house and Dr. Corey of New Troy was called. It will be

Mr. Hoffman
Announces Candidacy

Clearly States Basis for Request of Support—Decidedly Anti New Deal—Cites His Record as One Reason

Believing in the principles of government as set forth in our Constitution and that this has been, and should be, a government of, by, and for the people, and that the so-called common people, as distinguished from brain trust-

ers, supermen, and those of master minds, are not only competent but best able, through their own action to achieve the greatest prosperity, happiness, and contentment for our people as a whole, my campaign for Congress this year, as two years ago, will be made as a Republican.

The Republican party today is the only party which stands for, and is in a position to make effective, a government of, by, and for the people. The Democratic party, prior to 1932, had the same objectives, although it sought to accomplish the end by different methods.

Since the betrayal of that party by its nominee of 1932 and the ascendancy of the "New Dealers," patriotic Americans, Democrats and Republicans, who believe in their own ability and see no need for either an oligarchy, with its doctrine of scarcity, its destruction of food and the materials for clothing, as desired by a Wallace, the Russianized form, as advocated by a Tugwell, or a dictatorship as evidently desired by Roosevelt, have no choice but to oppose the New Deal candidates, who are neither Republicans nor true Democrats, nor do they, if their utterances be accepted at their face value, believe in our form of government.

It is to this group of patriotic citizens, Democrats as well as Republicans, that my appeal for nomination is made.

Cross Attracts Lightning

No spot on earth, it is believed, has been struck by lightning more times than that occupied by a large wooden cross which stands on a mountain peak overlooking Oberammergau, Bavaria, the home of the world's most famous Passion play. After nearly every severe storm a new cross has to be erected. — Collier's Weekly.

Red Skin Paint Theory

Prehistoric man in America used different colors to decorate his face and body. This custom is ordinarily interpreted as due to a desire for adornment, but the paint may have been used for protecting the skin against the sun's rays.

Beer Known to Romans

Beer was known to the Romans, but was considered an inferior drink fit only for barbarians.

Correction

The Record has been informed that the article which originally appeared in a Springfield, (O.) paper and which was reprinted in the Record last week was in error in the following points: Mrs. A. W. Charles did not inherit a local residence property but had owned it several years; the property was consequently not entailed to her daughter; Mrs. A. W. Charles is co-executor for the estate; her mother did not own any government bonds.

Smelt To Run In All Lake Feeders

A total of nearly four million pounds of smelt were harvested by commercial fishermen and sportsmen during the winter and the brief spawning run of the fish last spring—a catch exceeding in size, but not in value, the total year-around take of lake trout in any of the Great Lakes waters under Michigan's jurisdiction.

The harvest of smelt was heaviest in the streams of Menominee and Delta counties where an aggregate of 1,400 tons of smelt was taken. In some other districts, particularly in the lower peninsula where smelt were sold directly to the consumer, as much as 1-2 cents a pound was paid for the fish.

In compiling the data received from district Conservation officers, additional information was received by Fisheries authorities to indicate that the smelt is now well established in, perhaps every section of the Great Lakes waters and is making spawning runs up streams which it previously has not been found.

Smelt were taken from Carp creek and Ocqueoc river for the first time last spring and were reported running up streams in Presque Isle county and in Alpena county. Mill Pond stream and Black river in Alcona county and Tawas river and Van Etan creek in Iosco county had runs of smelt.

On the west side of Michigan fishermen took smelt by hook and line from the piers near Manistee last fall and from commercial fishing nets this spring. Smelt were taken from Portage lake and inlets north of Manistee and more than 50 tons were caught by hook-and-line in Crystal lake and more than 12 tons in Lake Charlevoix last winter.

Unauthenticated reports were received that smelt were taken from Lake Superior near Munising; and conservation authorities report smelt running up streams from Lake Michigan in the eastern end of the upper peninsula and also on Drummond island. Many streams doubtless had runs that were not discovered, they say.

Robert Ludwig, a commercial fisherman at Michigan City, Ind., reports taking smelt in chub nets set 15 to 20 fathoms of water in lower Lake Michigan, but has taken none in water deeper than that. Smelt were reported taken out of Waukegan, Ill., and are reported by Dr. William J. Harkness of Toronto University as entering waters of Ontario.

An inland smelt run occurred in South Arm creek in Charlevoix county which is tributary of Walloon lake. Fifteen to 20 smelt per day were taken from Kalamazoo river below Allegan dam near Allegan and smelt were discovered jumping a dam for the first time near the outlet of VanEtan lake, Iosco county.

It seems only a question of time before the smelt will be in all the favorable spawning streams tributary to the Great Lakes each spring, believes Fred A. Westerman, chief of fisheries affairs, but he does not think it so simple to arrive at a fair valuation of the fish, in view of the uncertainty as to whether and how its presence effects the supplies of other and more valuable food fishes.

The value of the smelt catch has been increasing steadily each year. The value of smelt caught and sold in 1934 was estimated at \$22,000 and in 1935 at \$47,000. During the past winter and spring the catch had an estimated value of \$100,000.

for radio and lightning, will be charged a maximum rate of 75c cents a week.

"These fees will be assessed merely to cover the cost of installing the special electrical equipment for servicing the coaches at the various state parks," said Walter J. Kingscott, superintendent of state parks. "It is not the intention of the Department of Conservation to make a profit from this service. As a matter of fact, it is not likely that any profit could be made at such rates as will be charged."

Installation of the electrical equipment necessary to service the modern "covered wagons," will be made as swiftly as possible this summer, Kingscott said. Because of their large annual attendances and special camping accommodations, the following parks have been selected for electrical service: Dodge No. 8 State park near Utica, St. Clair state park, Bloomer No. 1 near Middle Straits lake, Dodge No. 5, near Commerce, Grand Haven State park, Holland, Potoskey, Burt Lake, Bay City, Wilson near Harrison, East Tawas, Harrisville, Interlochen, Mitchell, Orchard Beach, Traverse City, Walter J. Hayes.

Possibilities for electric service this summer are Charles Mears state park at Pentwater and Baraga.

A few of the above-named state parks have had limited lighting service for trailer coaches which was started last year, but this service will be extended under the new plan to be effective this summer, Kingscott stated.

State Highway Has Big Federal Aid Program 1936

A train nearly 200 miles long, reaching from Detroit to Niles, would be required to haul all the materials going into the initial projects shortly to be placed under construction on the Federal Aid program of the state highway department, for the current fiscal year.

Bids on nearly \$6,000,000 worth of projects on this \$7,600,000 program were opened two weeks ago by State Highway Commissioner Murray D. Van Wagoner. Six projects have been ordered re-advertised and these bids will be opened July 23. The re-advertised projects are:

4.229 miles of 20-foot concrete pavement on US-2, Kisdam Park east and west, in Delta County; 2.091 miles of 20-foot concrete pavement on M-35, Twenty-Third Street, Escanaba; 4.832 miles of 20-foot concrete pavement on US 2, Pelton Creek to Gegebic Station in Gogebic County; 8.168 miles of 20-foot concrete pavement on M-46 from US-27 west to the county line in Gratiot County; 3.846 miles of 20-foot concrete pavement on US-41, Ishpeming-Negaunee relocation in Marquette County; and 4.883 miles of 20-foot concrete pavement on M-46 in Montcalm County, east county line west.

Commissioner Van Wagoner ordered the projects in Gratiot and Montcalm counties re-advertised while the U. S. Bureau of Public Roads directed the re-advertisement of the others.

Based on the computation methods of the Bureau, more than 3,000,000 man hours of employment will be provided in direct labor on the projects shortly to be placed under contract. In addition, more than 4,000 man years of indirect employment will be provided. In the course of this much employment it is estimated that \$20,000,000 worth of business will be created as a result of this work.

Growth of the Trout

Unlike other babies the trout is proportionately stronger at birth and during his fingerling stages than at any other time of his life. The trout actually grows progressively weaker and less virile in relation to his size as he gets older.

Invent New Rail

A new railroad rail well suited for the new high train speeds has been developed in a commercial laboratory.

It is Further Ordered, That public notice thereof be given by publication of a copy of this order, for three successive weeks, previous to said day of hearing, in the Berrien County Record a newspaper printed and circulated in said County.

MALCOLM HATFIELD, Judge of Probate.

SEAL. A true copy. Florence Ladwig, Register of Probate.

1st insertion July 16; last July 30. STATE OF MICHIGAN, The Probate Court for the County of Berrien.

At a session of said Court, held at the Probate Office in the city of St. Joseph in said County, on the 13th day of July A. D. 1936.

Present: Hon. Malcolm Hatfield, Judge of Probate. In the Matter of the Estate of Alfred Richards, Jr. deceased. Martha A. Richards, having filed her petition, praying that an instrument filed in said Court be admitted to Probate as the last will and testament of said deceased and that administration of said estate be granted to Martha A. Richards or some other suitable person.

It is Ordered, That the 10th day of August A. D. 1936 at ten A. M., at said Probate Office is hereby appointed for hearing said petition.

It is Further Ordered, That public notice thereof be given by publication of a copy hereof, once each week, for three successive weeks previous to said day of hearing in the Berrien County Record a newspaper printed and circulated in said County.

MALCOLM HATFIELD, Judge of Probate.

SEAL. A true copy. Florence Ladwig, Register of Probate.

1st insertion July 9; last July 16. NOTICE TO BIDDERS

The City of Buchanan, Michigan, will receive bids up to 5:00 P. M., Eastern Standard Time on Friday, July 24, 1936, at the Office of the City Clerk in the City Hall, for the following work: One (1) four (4) inch test well; one (1) twelve (12) inch tubular well, approximately one hundred (100) feet deep; One (1) twenty (20) foot strainer; One (1) deep well turbine pump of four hundred (400) gallons per minute capacity; One (1) Ten (10) foot by ten (10) foot brick pump house, together with the necessary materials, fittings and appurtenances. Pump house and well to be located in Liberty Heights Addition near the intersection of Liberty Street and East Smith Street.

Each bidder shall accompany his bid with a certified check in the sum of five per cent (5%) of the amount of said bid made payable to the City of Buchanan, Michigan, to insure the signing of a contract should his bid be accepted. Certified checks of unsuccessful bidders will be returned to such bidders as soon as the successful bidder has been determined. The City reserves the right to reject any or all bids. Each bidder shall state in his bid, the kind, make and capacity of the pump and electric motor he proposes to furnish; also, the kind and make of strainer he proposes to furnish.

Payments will be made in cash from the funds of the Water Department of the City of Buchanan, Michigan, upon certificates of the Engineer and approval of the City Commission of Buchanan, Mich. Bidders may bid on any or all of the items that make up the project.

Plans and specifications are on file at the office of the City Clerk in the City Hall or at the office of the Engineer for the City, Chas. W. Cole, 213 Christianman Bldg., South Bend, Ind. City Commission of Buchanan, Michigan.

FRANK C. MERSON, Mayor.

HARRY A. POST, City Clerk.

856 Berrien Co. Farmers Have Loans

Observing this week the 20-year anniversary of the passing of the farm loan act of 1916, which marked the beginning of cooperative credit for farmers in the United States, President Roy A. Nelson of the Federal Land Bank of St. Paul, said that there are 856 farmers in Berrien county who have federal land bank or commissioner's loans.

In the whole state of Michigan there were only 824 land bank loans outstanding at the end of 1917, the first calendar year of operation.

"In these 20 years one of the most outstanding services the land bank has rendered to farmers of the Northwest is the reduction in interest rates," Mr. Nelson said. "starting with 6 per cent loans, the bank has been able to progressively reduce interest to the point where the borrower of today is keeping in his pocket one dollar out of every three that he would have had to pay under conditions that used to prevail."

Under the 4 per cent rate at which all new loans are made, the land bank borrower pays off both principal and interest with installments that together amount to only 5.4 per cent, and in 34 years the loan is wiped out.

"The system that was inaugurated 20 years ago," Nelson said, "has to its credit 4 main features: it has reduced interest, given the farmer a long period to pay off his mortgage, provided him with a share of conducting the institution from which he obtains his credit, and it has established definitely the principle of making loans on the basis of what the farm can earn. By so doing it is providing helpful, instead of burdensome credit, for it is of no real value to a person to obtain a loan larger than his income can repay."

The land bank system of 1916 was expanded into the Farm Credit Administration in May, 1933 and now provides short-term production loans and credit for farmers' cooperative business enterprises in addition to the long term farm mortgage credit of the beginning.

When the Farm Credit Administration was established 3 years ago it began at once to cope with the problem of halting farm foreclosures, and reduced these from the peak of nearly 40 foreclosures a year per 1000 farms to less than half that number by the end of 1935.

This was largely accomplished through the commissioner's loans, which are made at 5 per cent and on either first or second mortgages, as compared with land bank loans now made at 4 per cent on first mortgage up to half the value of the farm property. Commissioner's loans in certain cases may be made for as much as 75 per cent of the value of the property mortgaged.

Typical of the increased services to farmers of the whole country in the last 3 years are the figures for Berrien county. On May 1, 1933 there were 108 farmers who had land bank loans in this county compared with 856 who had loans through the land bank at the beginning of this year. The amount of credit outstanding rose from \$356,000 to \$2,766,000 during the same period.

This large increase in the amount of loans outstanding has made very little if any increase in the total indebtedness of Berrien county farmers, Nelson said, because about 9 out of every 10 dollars borrowed went to pay off debts that already existed.

Mortgage loans in this county are handled by the local farm loan association, one of more than 5,000 that have been organized by groups of farmers during the last 20 years.

Short-term loans for livestock and crop production, purchase of farm supplies and the making of improvements and repairs are handled through the Benton Harbor Production Credit association which includes Berrien, Cass, Van Buren and Allegan counties. Since this association was established

early in 1934 it has made 330 loans to its members aggregating \$96,600.

James M. Miller Is In Race For Sheriff

Dr. James M. Miller, Benton township veterinarian who led his ticket in 1932, but lost to the present sheriff by a slight margin in the general election that followed, again will be a candidate. He will seek nomination for sheriff at the Democratic primary in September.

He has made his home in Berrien county since the age of 12, having lived in St. Joseph and Berrien Springs in addition to Benton Harbor. He comes from one of the old Democratic families in the community, his father, J. J. Miller, having at one time been mayor of the city. Dr. Miller is a World War veteran.

As county veterinarian, Dr. Miller has made the acquaintance of practically every farmer in the county. His long residence in Berrien and his wide contact with business as well as agriculture has enabled Dr. Miller to acquire a familiarity with the county's problems such as few candidates have, his friends say.

In commenting on his candidacy, Dr. Miller stated that he had decided to run only after friends had urged him to again announce himself.

Never before 1932 a candidate for any office, Dr. Miller has always been interested in politics and has stood for the best in civic advancement.

Hollywood to Give Bicycle Saturday

Saturday afternoon is set for the big day at the Hollywood Theatre, at which time some boy or girl will be made most happy with a bicycle, bought locally, which is to be given away to the lucky youngster, under 12 years of age, who is present with his coupon ticket. These tickets will be given away for the last time during the six weeks period, on

OVERHEATED summer kitchens are a thing of the past with Electric "Cool Cookery." Thick insulation keeps heat in the oven, where it belongs. And, in surface cookery, electricity concentrates all heat on the utensil and does not diffuse it into the air of the kitchen. With electricity as the fuel, immaculate cleanliness is possible. Even the bottoms of pans do not become blackened.

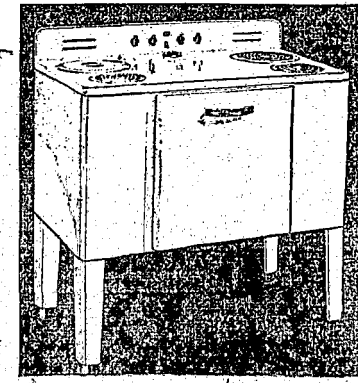

See the beautiful new Electric Ranges today. Discover how you can join the parade of modern women and save money at the same time.

\$15.00 ALLOWANCE
FOR YOUR OLD STOVE

With our new low finance charge (Only 3% a year) you may buy a modern Electric Range for about

50 CENTS A WEEK

Saturday, so those attending this Saturday will still have a chance to win. No employee of the theatre, or member of their family, or the judges or their families, will be eligible to the prize. Walter C.

Hawes of The Berrien County Record and Arthur Johnston, representing the local American Legion, will act as judges, and the award will be made following the Saturday matinee, July 18.

A Healthful Job
Supreme court justices have averaged a year more of life than men in other professions since the court's founding.

"TOUGH GUY" ISO-VIS "D" CAN TAKE IT! KEEPS YOUR OIL LEVEL UP AND YOUR OIL COST DOWN

Standard's Premium Quality
Motor Oil laughs at
long hauls

sweat out the qualities which make it good—it's tough!
By a special process, sludge-forming and carbon-forming impurities have been removed from ISO-VIS "D"—it's all oil! The things that weaken other oils with wear are removed from ISO-VIS "D". That's why it's so good! That's why it lasts.
It lubricates better—longer. You use less—spend less—with ISO-VIS "D".

Here's motor oil that doesn't get tired! Neither the long grind of summer driving nor frying engine temperatures can

**MORE MIDWEST DRIVERS
USE ISO-VIS "D" THAN ANY
OTHER PREMIUM QUALITY OIL**

And it's only
a Quarter a Quart!

plus Michigan General Sales Tax is a qt. plus Federal Tax is a qt.—total 27¢ a quart.

Swing through your Summer's driving with new economy, new engine protection—ISO-VIS "D" will give you these. It's for sale at the sign of STANDARD SERVICE. Wherever you see that sign ask for ISO-VIS "D". The Standard Dealer has the right grade for your car. Let him drain, flush, and fill your crankcase with tough, lasting ISO-VIS "D"—start saving now!
(With ISO-VIS "D" in your crankcase you wouldn't need to change oil again for an indefinite length of time—if it weren't for road dust and gritty foreign matter which eventually turn every motor oil into a grinding compound. ISO-VIS "D", itself, won't wear out! But for clean oil and safe driving check your car and change oil every 1,000 miles. Change now, and run your next 1,000 on ISO-VIS "D".)

CHECK YOUR CAR FOR SAFE DRIVING AND LUBRICATE EVERY 1,000 MILES!

SOCIETY

Evans Mission Society
The Evangelical Missionary society met at the home of Mrs. Harry Surch Tuesday afternoon.

Maccabees Convention
Mrs. Lloyd Shire attended the district Maccabee convention in St. Joseph Wednesday.

No Name Bridge Club
Mrs. E. T. Waldo was hostess yesterday afternoon to the members of the No Name Bridge club.

Pres. Teachers Council
A meeting of the Teachers Council of the Presbyterian church was held Tuesday at the home of Mrs. G. H. Stevenson.

Birthday Party
Mr. and Mrs. Earl Rizer will attend a birthday party at the home of Mr. and Mrs. Frank McCarthy, Galien, this evening.

Attend Demonstration
Fifteen ladies attended a demonstration of household utensils at the home of Mrs. William Bupp on the Red Bud trail, Monday evening and were guests at a supper there.

Hosts at Pinochle
Mr. and Mrs. Harold Heeter entertained Tuesday evening at pinochle, afterwards presenting a gift to Mrs. Luther Steele who was leaving for California. Mrs. Frank Fabiano and Mrs. R. E. Donley were the winners at cards.

Berean Class
There will be no meeting of the Berean Class of the Church of Christ during July.

Attend Reunion
Mr. and Mrs. Harold Collings attended the reunion of the Parsons family which was held Sunday at Danville, Ill. They were accompanied on their return by Mrs. J. G. Parsons, who is visiting here.

Open House Country Club
The regular Saturday evening open house will be held at the Orchard Hills club house, with a meal from 6:30 p. m. until 7 p. m. The committee in charge will be Mrs. Philip Landsman, Mrs. L. G. Fitch and Mrs. Lester Miller.

F. D. I. Club
The F. D. I. Club met Thursday evening at the I. O. O. F. hall, the following winning at games: buncos, Mrs. Elroy Balyeat, Mrs. Margaret McDonald, Mrs. Rose Myers; pinochle, Mrs. Harris Simpson; Mrs. Louis Proud, Mrs. R. F. Hickok. Members of the committee for the next meeting are Mrs. Warren Juhl, Mrs. Warren Willard, Mrs. Roy Pierce.

Attend Homecoming
Mr. and Mrs. J. C. Rehm attended the annual homecoming celebration held at the Lima church near Howe, Ind., Sunday. Mr. Rehm had spent his boyhood in this community and there were several hundred former residents and present residents of the community in attendance. Rev. F. D. Burger of Fort Wayne was the speaker of the day and his wife the soloist. The Woods sisters quartet also gave several vocal numbers. A cooperative dinner was served at noon.

Sorority Picnic
Thirteen active members and two inactive members attended the annual picnic held by members of Epsilon chapter, B. G. U. sorority, at Rocky Gap, near Benton Harbor, Tuesday evening. Mrs. Edward Cayo of Milwaukee, Wis., was an out-of-town guest, and during the evening Mrs. Dora Lundgren and Mrs. Ira Wagner of St. Joseph dropped by.

Family Picnic
The home of Mrs. W. F. Rumber was the scene of a family picnic, Sunday, those attending being Mr. and Mrs. Clarence Runner, Buchanan; Mr. and Mrs. L. C. Rapp and Mr. and Mrs. Clifford Crose, Vicksburg; Mr. and Mrs. Lyle L. Rapp and Mr. and Mrs. Bert Cilley and children, Carla and Buddy, Kalamazoo; Mrs. Duane Hopkins and daughter, Barbara, Lansing.

The home of Mrs. W. F. Rumber was the scene of a family picnic, Sunday, those attending being Mr. and Mrs. Clarence Runner, Buchanan; Mr. and Mrs. L. C. Rapp and Mr. and Mrs. Clifford Crose, Vicksburg; Mr. and Mrs. Lyle L. Rapp and Mr. and Mrs. Bert Cilley and children, Carla and Buddy, Kalamazoo; Mrs. Duane Hopkins and daughter, Barbara, Lansing.

Announce Engagement
Mr. and Mrs. David E. Hinman, 108 West Fourth street, announce the engagement of their daughter, Miss Nellie E. Hinman, to Mr. Otto H. Markwart, son of Mr. John Markwart, Bridgman. The wedding will take place in September.

Townsend Club Elects Officers
Townsend Club No. 1 of Buchanan met in Kathryn Park July 13th and elected the following officers for the ensuing terms.

President, Dr. J. Harrison; vice-president, C. E. Runner, re-elected, secretary-treasurer, Mrs. Carrie Smith, re-elected; publicity agent, Mrs. Florence Chubb.

Delegate to National Convention, Mrs. Carrie Smith.

Next meeting will be held Sunday July 20 at 2:30 p. m. in Kathryn Park. One or more good speakers will be present. Come and listen.

King Mounds in Kentucky
The King Mounds are situated above the meeting of the Ohio and Mississippi rivers near Wickliffe, Ky. There are nine mounds. The burial mounds contain 153 burials of three distinct types: Bundles or reburial, extended dorsal and cremated. The bodies were buried with their favorite pottery, tools, flints, bone implements and jewelry.

Not Bad Idea
"A contented man," said Hi Ho, the sage of Chinatown, "will sometimes pretend to be irritated by small annoyances in the hope that envy will not seek to afflict him with greater ones."

1,200,000 Join S. O. Road Test Of Gas Mileage
One million two hundred thousand and motorists have joined Standard Oil's mileage test in 14 states, it was announced today by Edward G. Soubert, president of Standard Oil Company of Indiana.

That is four times as many participants as were counted on at the beginning of the test. The first lot of 300,000 record books and red-crown gold-winged emblems was exhausted almost before the test was well started, and dealers and motorists were clamoring for more. These were supplied until a total of 1,200,000 kits had been given out.

The test opened May 1, and July 5 was the last day for entrance. Participants who entered the contest the final day have until Sept. 18 to send in their records and their comments on their experience in "learning the truth about gasoline mileage."

Cash prizes totalling \$5,000 and 500 merchandise awards are to be presented to those who submit the best records and comments, as judged by an impartial board. The prizes will not go necessarily to those who report the best mileage totals, as differences in cars will naturally be taken into account. All-around completeness of the report will be an important factor.

The test is expected to demonstrate, at least to all participating that claims based on laboratory or official road tests can be almost anything, but the mileage that counts is the mileage that the consumer actually gets in his own car. Standard Oil sales executives are not without confidence also that the test will demonstrate to participants that Standard gasoline has what it takes to get good mileage.

Data provided by the records sent in by contestants will be utilized by Standard engineers to get a new slant on the performance of gasoline under the conditions of every-day use.

Rules on Moving Farm Machinery On State Highways
State Highway Commissioner Murray D. Van Wagoner urged farmers today to cooperate with the state highway department in protecting trunkline highways that might be damaged in moving heavy farm machinery.

"At this time of year we frequently receive requests for information regarding the movement of farm machinery over state trunklines," he said. "The 1935 highway and bridge laws provide that machinery that might cause damage to the highways cannot be moved without written permission from those having jurisdiction over the roads to be used."

VACATIONING?
Be sure that your car is in first class mechanical condition.

OVERHAULING GREASING BODY BUMPING
DAVIS GARAGE
MAIN at DEWEY

GIVE THE NEW TRAINS A TRY
It is interesting to note that the new Michigan Central passenger trains offering service to Chicago and return at convenient hours of the day are getting a response from the public that seems likely to assure continuance.

Starting the first week with only a handful of passengers, these trains are now carrying good quotas. Municipal depots have assumed an old time aspect not equalled for years except on special excursion dates.

Without entering in any way into a comparison between the cost, comfort or convenience of rail and motor travel, it must be admitted that the Chicago service has special considerations. It permits the person taking a trip in the Windy City and return in a day to avoid the dangerous congestion of the highways around the end of the lake the scene of constant accident, especially during the week end rush. Travelers who avail themselves of the train service are not only adding to their

the aid of a single employee. Burke has a shop in his garage where he indulges a woodworking hobby by making ornamental fences, arbors and other garden devices. A feature of his grounds is the planting of alternate climbing rose and honeysuckle on the fence on the two sides away from the river. Between 200 and 300 evergreens of choice varieties are distributed over the grounds. In one corner is a quiet and restful old fashioned garden arranged in a square, about an open lawn. Over the brink of the bluff is a simple but beautiful rock garden arrangement.

Yet there are many home locations on the river fully as beautiful as Sunset Point, which have not even been platted as home sites. It seems that the region is not yet awake to the possibilities of development along the beautiful wooded bluffs of the St. Joseph. Or perhaps it is awaiting the removal of sewage pollution.

BEAUTIFUL RIVER HOMES
Anyone who wishes to know the possibilities in the way of summer homes in advantageous places on the banks of the St. Joseph river might turn into the lane bordered with evergreens just south of Pennellwood on the Range Line, road and see the V. S. Watson and E. A. Burke homes and the Dwight home in process of construction.

All three of the homes are just in process of development, the Burke home being perhaps the most complete in development of building and grounds. All three are located on a high point over looking that widening of the river above the Berrien Springs dam known as Lake Chapin. This point is known in tradition as Sunset Point, a name which fits its beautiful western outlook over a long stretch of river.

Burke is a retired Chicago hardware firm executive. He and his wife have done much of the work of planting and development with

own safety but they are lightening the traffic on the trunk highways and adding thereby to the safety of motor travel. Municipal traffic engineers facing problems of street congestion have recommended for some time that those making trips into cities park outside and avail themselves of street and elevated railways as far as possible. Many Buchanan people were formerly in the habit of driving to Michigan City or Gary, parking their cars, and taking the electric train to Chicago. The present train service and rates offered by the Michigan Central present an even better chance to travel safe.

While it is pleasant to drive these summer days, the train service will be especially attractive in winter when weather adds to the hazards of the highway. Better give the new Michigan Central trains a try when you go into Chicago and help insure that the service will be continued until you may need it.

Due to the large amount of farm machinery being moved at this time of year, it is not practical to issue permits to everyone desiring them. Farm machinery may be moved over short distances without permits but it will be left to the discretion of the farmer whether damage will be caused to the road."

The Commissioner emphasized each county had been instructed that maintenance organizations in to watch movement of farm machinery. Where damage is discovered the operator will be required to either change lugs on his machinery so that no damage can be done or else take a different route. The section of the law which requires that any operator damaging a road must pay the cost of repairing it, will be enforced.

Farmers are urged to be particularly careful on asphalt, tar and macadam surfaces. Commissioner Van Wagoner pointed out that the greatest damage was done to the edge of the pavement. One of the greatest sources of difficulty are the lugs used on tractors.

No individual will be permitted to earn more than the base or security wage for his particular classification, which in the higher brackets will result in lessened hours each month. For instance, a carpenter, classified as a skilled worker, whose hourly rate is \$6.3 cents will work but 112 hours in the first seven counties, while a bricklayer will work but 50 1/2 hours in the same communities.

The maximum number of work hours in any one week will be limited to 40, with a daily maximum of eight.

The new schedules do not affect supervisory and administrative employes and persons who

own and operate teams, trucks and other owner-operated equipment and also exempted from the provisions of the new schedules.

Lifetime Job
King Edward cannot discharge his chief butler. The office was granted by King Charles II in 1072 to the Dukes of Norfolk and their heirs forever.

Natural Gas
The presence of natural gas in America was known and recorded by Thomas Jefferson in 1787. It is indicated in a book brought to the attention of the American Petroleum Institute.
