McIntosh crossed the plate for two of the three runs for Buchanan, having reached first on a walk and then going home on a double by Covert on each occasion. The boys rushed to a telephone to call the fire department and thence to the neighbors to summon help, admitting their responsibility. After the fire had been put out, they went around to the neighbors in the immediate vicinity and apologized for the scare, promising to be more responsible in the handling of matches in the future.

**Epidemic Fires
Due to Drouth**

A week of fires caused chiefly by tinder-dry conditions during extreme drouth was climaxed by the double header which destroyed the 11-room home at the Joseph E. Miller farm four miles southeast of Buchanan Sunday afternoon followed by another which destroyed the barn Monday afternoon.

The house caught from unknown causes in the rafters of a wing about 2:30 p. m. Sunday, while part of the family were visiting with guests in the house and the tenant operator, Vern Stienbarger, was talking with visitors in front of the house. The first warning came from a neighbor who saw the smoke from the roof and rushed to tell them. The flames spread very rapidly in the dry structure, and only a part of the furnishings were saved. The Buchanan fire department made a run and were credited with stopping the spread of the flames to other buildings. A straw pile adjoining the barn caught on fire but was extinguished.

The family took the remaining furniture to a granary but spent the night in the barn. Shortly after noon Monday they heard a roaring sound and discovered that flames had again broken out in the strawpile and were being whipped by wind through the barn. So quick was the spread of the flames that they had time only to save a half of a set of harness. Three six-months old calves and eight pigs weighing about 60 pounds each were burned, also 15 tons of new alfalfa, 125 bushels of oats, 57 bushels of wheat, 40 bushels of rye and about 1500 pounds of mash, in addition to several articles of farm machinery. It is believed that fire had been smoldering in the straw pile all night.

Both house and barn were old structures, but had been remodelled. The large, solid walnut timbers of the framework of the house, 20 inches square, remained standing long after the remainder of the building had been burned. The barn was 36x52 in dimension. The owner, Mrs. Joseph E. Miller, makes her home on the farm with the Stienbargers. The loss was only partially covered by insurance.

The Buchanan fire department made another run Monday but were delayed by a grass fire on Detroit street. However, witnesses of the fire stated that it would have been impossible to save it.

The barn of Walter Paxton six miles west of Buchanan near Wagner Lake was destroyed Monday night, the entire 38x26 bank barn and its contents being lost. Considerable hay and farm equipment but no stock were lost. The loss was estimated at \$2,000. The blaze was discovered in the east end of the barn shortly after the owner had retired.

Threatens Chamberlain Woods

The Chamberlain woods south of Buchanan were twice threatened in the past week, once Thursday when a force of men extinguished a blaze in the Boyle pasture adjoining the woods to the southeast, and again Saturday when a grass fire swept up the hill from houses on Hobert street and ignited dry logs at the edge of the woods. The Buchanan fire department was called for the latter fire. Mr. and Mrs. Frank Chubb urge care in the neighborhood of the woods during the duration of the drouth.

**Wilson's Lose To
Niles Team 6-3**

A great afternoon at the Clark picnic Saturday was climaxed when the Wilson Dairy softball team put on a poor exhibition in losing to the Tyler team of Niles 6-3, majority opinion ascribing their downfall to free beer. The teams played a 2-2 deadlock until the sixth inning when the Wilson players became wild and Tylers touched up Proud for four runs on four hits. Jesse and Prouds lead Wilson's attack, each getting a double and single in three times up. The Tyler team were rewarded for their victory with all of the ice cream and cake they could eat. Their attack (in the baseball game) was led by Weaver and Bierwagon, the former getting two walks and a single in three times up and the latter two singles in three times up. Batteries: L. Bierwagon and Cain for Tylers; Jesse, Proud and Rolan for Wilson's.

**Mrs. Ruth Roe
Dies Suddenly**

Mrs. Ruth Hunter Roe, 64, native and lifelong resident of the Buchanan district, was found dead in her bed at her home at 309 West Front street late Tuesday evening by neighbors who were aroused to inquiry when her sister, Mrs. May McKinley, arrived from Minneapolis, Minn., and was unable to find her.

Mrs. Roe had not been seen since Monday and it is believed that she retired as usual Monday night and passed away during sleep from a heart attack. She had been in ill health for the past year but it had not been known that her condition was immediately serious. She had complained of feeling badly the previous evening. Her sister had planned on an extended visit with her.

She was born in the Bend of the River, March 17, 1872, the daughter of Joseph and Louisa Hunter. She moved to Buchanan with her parents at the age of ten and had lived here since. She married Atty. A. C. Roe Aug. 10, 1916. He preceded her in death in 1923.

She was a member of the Buchanan Methodist church and had long been active in its organizations. Surviving are two brothers, Ralph Hunter of Glendora and Frank Hunter of Chicago; one sister, Mrs. May McKinley, Minneapolis, Minn.

LIVING COSTS ARE SOARING

Over the Hill to the poor house

LIVING costs are soaring. In two short years the cost of food has increased 24%, according to the U.S. Department of Labor. Every day the housewife's problem of "making ends meet" becomes more difficult. There is only one item, and that the smallest item in the budget, which has gone down. Household electricity in this community is well below its 1933 level and for the period since 1927 the average domestic rate has declined 42%.
