Troop 41 Makes Annual Pilgrimage To Lansing

Twenty-two members of Scout troop 41 made their eight trip to East Lansing last week-end to be the guests of Michigan State College at their opening football game with Wayne University.

The scouts made the trip in private cars this year, leaving here Friday evening and spent a "hay-mow-overnight" at Rumpus Ridge Ranch near Albion, and after mutilating untold quantities of flapjacks which were served by the kindly housewife there...

Friday, 8 a. m. -- The entire city of Buchanan is thoroughly aroused over the disappearance of one of its best known citizens, Miss Nellie Cathcart. Her friends are indignantly repudiating the theory, now being considered by the police, that she has eloped with a carnival attendant.

Friday, 6 p. m. -- Miss Nellie Cathcart arrived home from an easterly direction at 5 p. m. today. Her story, to which she has so far consistently stuck, is that she has spent the intervening time with friends in South Bend and Three Rivers.

Spring Planting Of Trees Advised In Southern Mich.

Losses in forest trees resulting from the drought this summer require replanting either this fall or next spring. Advice from W. Ira Bull, extension forester at Michigan State College, suggests the time for the replanting. North of a line between Bay City and Ludington fall planting is recommended. South of this line in the state replanting in spring is considered best because fall planted trees in this southern section are subject to frost heaving.

Buchanan Wins First Victory

Watervliet 11 Scores in Last Period on Fluke (By Chuck Wesner)

Buchanan's fighting Bucks opened their home season last Friday afternoon by turning back a scrappy Watervliet High School eleven by a count of 19-7.

The victory proved that the Bucks can go places if they want to. Buchanan gained 13 first downs while their opponents managed to collect 5 first downs. The Bucks not only displayed a powerful running attack but they were also successful in the air. Watervliet was caught completely off guard when the Bucks opened up their forward-lateral passing attack. After Buchanan got going they tore the lighter "Vlet" line to shreds.

The Bucks drew first blood midway in the opening quarter. Buchanan got possession of the pigskin on the Vlet 32, a forward-lateral pass Jesse to Virgil to Trapp was good for 21 yards. Trapp and Smith worked the ball to the one yard stripe and Trapp plunged through right tackle to score. Smith's placement attempt for the extra counter was blocked.

Buchanan's second score was made on the opening play of the second half. Trapp tucked the oval under his arm and squirmed and side stepped behind perfect interference of his mates 58 yards down the sidelines for his second goal of the day. Smith again tried to convert but his attempt was low.

Buchanan tallied again in the last canto. Smith, Leiter, and Trapp drove the ball up field 47 yards to the three yard marker. Smith charged through center to score. Jesse drop-kicked the extra point with a beautiful boot.

Watervliet scored in the final period as a result of Morris's fumble of a punt on his own 43. Two first downs and a 15 yard penalty on the Bucks put the ball on Buchanan's 4 yard line. Baldwin, Vlet fullback, jogged around his right end to tally. Cineseski's pass to Baldwin was good for the extra point.

Buchanan High School's band of about 50 pieces played and marched throughout the tilt. A guest baton twirler, Miss Dorothy Brvelin, from Mishawaka strutted her stuff and did a fine job. Jesse, Leiter, Smith and Trapp bore the brunt of the ground gaining burden for the Bucks while Cineseski, Baldwin, and Weber were the Vlets main stays. The entire Buchanan line; Jerue, Beck, Bachman, Yorkovic, Harvel, Kuntz, Weaver, Stevens and Virgil played a whale of a game and opened gaping holes in the Vlet line.

Score by quarters: Buchanan 6 0 6 7-19 Watervliet 0 0 0 7-19

Farm Bureau Unit Is Organized Here

A local Farm Bureau organization was formed at the Buchanan Co-Ops headquarters Thursday evening, the new unit being known as the Buchanan Farm Bureau. The unit will meet the evening of the second Wednesday of each month, the next meeting coming on Oct. 14, at which time permanent officers will be elected. The following temporary officers were elected: chairman, Clarence Cripe; entertainment committee, Noah Anderson; program committee, Robert Koenigshof; refreshments, Albert Houswerth. The topic for discussion at the meeting, to be held at the Buchanan Co-Op headquarters, will be: The Four Proposed Amendments to the State Constitution.

Darius Jennings, First Twp. Clerk and Just. of Peace, Was Man of Affairs

Was Grandfather of Mrs. Fred Gawthrop; Buried in Searls Cemetery

Down the river and just below the sand slide on the Redbud trail there may still be seen by an observant eye traces of the old brush and earth dam which Darius Jennings, first village clerk and justice of the peace of Buchanan, built there in the neighborhood of a century ago.

Mr. Jennings was the grandfather of Mrs. Fred Gawthrop and in her home may be seen an enlargement made from a tintype of her ancestor, showing a gentle, amiable, and intelligent looking man of the whiskered era, with voluminous mustache and mutton chop whiskers.

Jennings lived in a cabin on the north side of the river and just below the old Batchelor place. He erected his sawmill on the opposite side of the river and used to cross to it in a canoe. Mrs. Gawthrop says that she remembers, as a girl, that the old water wheel that furnished power for his sawmill was still standing.

In addition to operating a sawmill and acting as a township official, Jennings farmed, taught school for a spell in the old Miller school and acted as agent for absentee land owners, of which there were many in early days. He reared eight children of whom the last, Alonzo, was for years a carpenter and builder at Cassopolis, dying there only about two years ago, at the age of 82. He made the wooden latches in the log cabin museum at Cassopolis.

One of the four daughters, Olive, married William Hamilton and became the mother of Mrs. Fred Gawthrop. Mr. and Mrs. Hamilton made their home in what is believed to be the last log cabin in Buchanan, located on Fourth street across from the present home of Charles Babcock. Mrs. Hamilton died when her daughter was seven years old. The only other direct descendant of Darius Jennings remaining in this part of the county is one Elmer Jennings, Dowagiac.

In addition to the activities listed above Jennings was also quite a river man, and used to raft lumber down the St. Joseph back in the old ark and keel boat days. He used to say, whimsically, that he would like to be buried on the bank of the river, lying on his side, so that he could see the steamboats go by. But instead he lies in the little wooded cemetery, known as the Searls cemetery, on the west side of the Redbud Trail three miles north of Buchanan.

Advance Guard Festival Nabbed

Two Carnival Men Stowed Away on Charges Car Theft and Being Disorderly

Two members of the advance guard of the Buchanan Fall Festival carnival contingent ran foul of the law Saturday and were placed in mothballs by Judge Mathie until sometime after the closing of the local event.

D. F. Hood was given 60 days for driving while drunk and was bound over to the circuit court for the theft of George Fitch's car. Hood became well beered Saturday night and while in that state went into a confectionery store and won \$5 on a punch-board with the number 100. It seemed like a good racket to Hood and he left the store and returned shortly afterward with another 100 which he had apparently manufactured. He demanded another \$5 but the store owner refused to pay and Hood became quarrelsome. When Chief Mitchell was called in he calmed down and offered to go to his quarters for the night.

Instead he took George Fitch's car from in front of D's Cafe and drove to Niles, where he collided with a parked car. Thence he went south on US-31 and was found by Niles officers surveying the wreck which had occurred there.

His tentmate, Jerry Taylor, Mt. Pleasant, Mich., became impudent when questioned by officers regarding Hood and was arrested on a disorderly charge, and received sentence of 15 days in the county jail.

The thirteen drum and bugle corps held a contest, the Commonwealth Edison post of Chicago winning first and the LaPorte, Ind., post winning fifth. The contest was so close that the first and last teams were separated by only 2.56 points in the judging.

Hobby Show Is Held At School

Forty Entries By Young People Show Much Merit and Wide Range

The Hobby show terminating the recreation project which had been carried on during the summer under the direction of Miss Allegra Henry, concluded in a show held in connection with the September meeting of the Parent-Teachers Association Monday night, with about forty entries enrolled, with a wide range of interest.

The displays were divided into four classes, and prizes were awarded as follows:

Handicraft--1st, model airplane shown by Dick Hayden; 2nd, model airplane shown by Rudy Reisch.

Collections--1st, collection of pressed wild flowers by Vonda Mae Beck; 2nd, collection of arrow heads by John Moyer.

Sewing--1st, sewing display by Janet Haslett; 2nd, sewing display by Willa Miller.

Pictures and books--1st, book of original sketches by Bonnie June Chain, including drawings from life and copies of characters in the "funnies"; 2nd, scrapbook of photographs illustrating trip arranged by Arthur Eibers.

This is the first year that a hobby show has been held, and the merit and range of the entries was very encouraging. Miss Henry stated that if the project were repeated its scope could be widened.

Cass To Invade Buchanan Friday

(By Chuck Wesner) Buchanan's maroon and white clad gridlers will tangle with the Cass Rangers Friday, October 2, at 3:30 P.M. or 2:30 central time, on the Buck's grid iron.

Cassopolis will present a new coach this year in Dr. Dean, who was Ollie Knight's assistant last year. Coach Miller of Buchanan, graduated from the Western State a year after Mr. Dean and Mr. Miller is out to show Mr. Dean that one year's more experience means little or nothing. Both Cass and their opponents will probably use the Western State style of offense.

The Rangers won and lost standing is the same as the Buck's with one victory and one defeat each. Cass will be at full strength for the coming onslaught but the Bucks will be weakened by the loss of several of her main cogs. Capt. Joe Bachman had to have three stitches taken just over his right eye last Friday as a result of tackling a Watervliet ball carrier. Trapp, Smith and Leiter received some hard knocks and it is doubtful as to whether they will even play Friday. Bachman is out for sure. Coach Miller will take no chances on starting injured men and as a result no starting line-up could be obtained. Coach Miller is very optimistic about the outcome of the approaching tilt because of the condition of his squad.

Wilcox, Savoldi Buy Bowling Alley

Fay Wilcox and Clem Savoldi took over the local bowling alleys Saturday, having purchased them from L. Schneidermann of Benton Harbor, who had previously bought the alleys from Artie Booher of Mishawaka, who owned and operated them last year. They will still operate Fay's Smoke Shop, in which they are also partners.

William Nelson is erecting a new 6-room frame cottage on Chippewa street for Arnold Rothfuch. Nelson says that there is considerable interest in home building at the present time, with indications that this interest may materialize in considerable construction in the coming year.

Tomatoes Reach Peak Production In Past Week; Pastures Thriving

Old Jack Frost, veteran arbiter of farm conditions, will have more to say about farm profits from the Buchanan district than any other factor, including politics, according to local agriculturists.

This is true especially with the tomato crop, where most of the growers now estimate that they have paid expenses with the output to date, and that the profit depends on the additional shipments which they can send in. Word was received by the contract growers yesterday that the Campbell Soup plant at Chicago would keep open as long as good tomatoes are sent in.

The peak of production was reached during the past week, with the large growers picking steadily to keep up with the ripening crop. It is estimated that at the present time as many tomatoes have been harvested as were produced in the entire season last year. From this date on the pickings will not be as large, but a late frost date will assure substantial addition. Killing frost came last year Sept. 25.

A week more without frost will assure a large crop of late potatoes. The potatoes are now small but growing rapidly and will continue to grow ten days after the vines are killed.

The peach harvest is being completed with the picking of October Elbertas this week. The harvest of fall apples is now on with Rhode Island Greenings, Grimes Golden, Stayman's Winesap and other popular varieties going to market. A good crop of delicious apples is reported in many orchards, according to Glenn Kinney, North Buchanan fruit man.

St. Joe Reserves Thump Bucks 14-0

(By Chuck Wesner) The Buchanan scrubs lost their first encounter to the St. Joe shock troops last Thursday Sept. 24 on the Athletic Park field by a count of 14-0.

The little Bucks offense was very weak. They didn't make a single first down in the entire game while the north enders managed to hang up a string of eleven first downs. Buchanan fought every inch of the way but several of the Joe's trick-plays spelled defeat for the Bucks. Stultz and Bromley did some fine defensive work.

The Joe's touchdowns were both scored by Vance, a substitute fullback. The first came midway in the second canto after a drive of twenty yards. The Bucks made a goal line stand for two downs but on the third Vance plunged thru his right tackle to score. The same play was used to convert the extra point. The other touchdown was made in the final canto by Vance, who took the pigskin and scampered around his left end for 35 yards and a score. A pass from Keush, the Joe's right half, to Kerly, the left end was good for the extra point.

A pet crow belonging to Bob Squier, a B. H. S. senior, amused the crowd between the halves and during the entire game by his absurd antics.

Score by quarters: Buchanan Reser. 0 0 0 0-00 St. Joe Reserves 0 7 0 7-14

Sail For Coasts of New Jersey

A party comprising Mr. and Mrs. C. J. Wilson and Mr. and Mrs. Glenn Swain slipped anchor from the local dock this morning and set sail for a vacation of two weeks in New Jersey, where they will visit relatives, attend conventions and see, if possible, a couple of World Series games either from grandstand seats or, as the case may be. Mr. and Mrs. Wilson will make their headquarters at the home of their son, C. J., the Second, in Elizabeth. Mr. and Mrs. Swain will visit relatives in Newark. The Wilsons will attend the National Dairymen's Convention at Atlantic City.

NOTICE TO PUBLIC

All Buchanan people are requested to keep their homes and cars securely locked during the remainder of the week. Edward F. Mitchell, Chief of Police.

#### FIRE PREVENTION WEEK PROCLAMATION 1936

WHEREAS each year fire destroys thousands of lives and millions of dollars in property values, besides causing other economic loss as well, and  
 WHEREAS this great waste can be reduced by observing simple rules relating to fire safety, and  
 WHEREAS the President of the United States has proclaimed the week of October 4 to October 10, to be FIRE PREVENTION WEEK.  
 THEREFORE, I, Frank D. Fitzgerald, Governor of the State of Michigan, do hereby proclaim the week of October 4 to October 10, to be FIRE PREVENTION WEEK in order that the people of Michigan in every community shall individually and through various organizations discover and correct existing fire hazards, promote measures of public and private fire protection, extend instruction in fire prevention among adults, as well as school children, and arouse the people generally to the need for habits of greater care.  
 Given under my hand and the Great Seal of the State, this tenth day of September, in the year of our Lord, One thousand Nine hundred thirty-six, and of the Commonwealth, the One-hundredth.  
 By the Governor: **FRANK D. FITZGERALD,** Governor.  
**ORVILLE E. ATWOOD,** Secretary of State.

#### DON'T USE STREET SCRAPINGS FOR TOP DIRT

Buchanan home owners should avoid having scrapings from streets treated with calcium chloride dumped as filler on their premises if they expect anything to grow in it for two or three years, according to William Boh, local landscape gardener and nurseryman.  
 No damage will be done if the dirt is to be covered two or three feet, he says, but if it has been treated within the last year or two it should not be used as surface dirt where lawn or plants of any sort are expected to grow. After two or three years of weathering the calcium chloride will leach down into the soil and the dirt will be all right.  
 The state highway department recently announced that the treatment of 350 miles of state road with salt brine as an experiment was not satisfactory, because of the damage done to vegetation along the roadside. Calcium chloride is preferred, but vegetation will not grow in soil which has been freshly and heavily impregnated with that.

# A Point to Consider When You Finance A Car

## BANK CREDIT

is one of the most valuable assets that any man or business can have.

When you buy a car with the aid of our Automobile Finance Plan, you build credit for yourself which will be valuable later. On the other hand, if you deal with an outside finance company you do not make a friend as you do with this bank. Your credit with the finance company would be of little use until you bought another car.

There are many advantages in our finance plan when you buy a new car.

Insist that your dealer finance your next car with this bank.

### Insurance Congress Fears Roosevelt Financial Policy

**NEW YORK.**—Alarmed by the financial policies of the Roosevelt administration which "seriously impair income necessary for the security of life insurance reserves," the National Fraternal Congress of America recently went on record as opposed to these policies.  
Representing five million holders of fraternal insurance policies in America valued at five billion dollars, the congress passed the resolution without a dissenting vote:  
"Unless the administration's policies are changed or stopped, the millions of policyholders in this country will suffer irreparable injury."  
Living Costs Rise  
**NEW YORK.**—Costs of clothing have risen 21 per cent and costs of rent 24 per cent since the spring of 1933, when President Roosevelt was inaugurated, according to the National Industrial Conference board.

### Small Game Hunt Season Open Oct. 1

Tens of thousands of hunters throughout the upper peninsula and from many parts of the lower peninsula are preparing to celebrate the opening today of the small-game hunting season in the upper peninsula.  
Beginning Oct. 1 the season on rabbits, ruffed grouse, prairie chickens, sharp-tailed grouse, fox squirrels and woodcock in all counties of Michigan north of the Straits.  
Fourteen days later the season on these upland species will open in the lower peninsula, bringing more than a quarter-million hunters into the open.  
The seasons in the upper peninsula on upland game, dates inclusive, are as follows:  
Rabbits Oct. 1 to an. 31.  
Fox Squirrels, Oct. 1 to Oct. 10.  
Ruffed grouse, Oct. 1 to Oct. 12.  
Prairie chickens, Oct. 1 to Oct. 12.  
Sharp-tailed grouse, Oct. 1 to Oct. 12.  
Woodcock, Oct. 1 to Oct. 12.  
The open hunting season on ducks, geese and brant, coot, jack-snipe, rails and gallinules is the same throughout the state. The season opens on Oct. 10 and closes on Nov. 8.  
Wisconsin and Michigan are joining hands along the state line to keep down forest fire. A telephone line is being run from the Wisconsin fire tower near Peabine to the Michigan tower at Falthorn in northern Menominee county, a distance of approximately 11 miles. When "smokes" are sighted towermen between the two points will be able to make cross-shots by communicating over the telephone, thus ascertaining the location of fires and whether they are in Michigan or Wisconsin territory.

**"China Clipper"**  
"China Clipper," the new First National production which is scheduled as the feature attraction at the Hollywood Theatre on Sunday, Monday only, is a glamorous romance of the air, marking a milestone in the pictorial history of daring aviation.  
There is an exceptionally talented cast which includes Pat O'Brien, Beverly Roberts, Ross Alexander, Humphrey Bogart, Marie Wilson and Henry B. Walthall in the principal roles.  
The picture treats of the daring long distance flights of the pioneers of aviation, men who gambled with death to drive their ships through storm and fog to make regular air service possible.

**"We Went to College"**  
One of the most notable casts assembled in recent months for a romantic comedy was completed at Metro-Goldwyn-Mayer with the signing of Charles Butterworth and Walter Abel for two of the principal roles in "We Went to College," which opens here Friday for a two day engagement.  
Hugh Hebert, Una Merkel, Walter Catlett and Edith Atwater have other outstanding assignments in the picture which Joseph Santley directed.

Co-Op Comment

Work is progressing slowly on the rebuilding of the pen stock or flume at the mill. Tearing out the old timbers is proving quite a task. The large spring that flows into the bottom of the pit is some what of a handicap too. Even tho the water-power is out we are in full operation with tractor power.

We have a sample of grain on display that seems to keep some folks guessing as to its name. Come in and see if you can tell us what it is.

The light frost this week gave every one quite a scare. Especially the tomato and potato men. Give us some good sunny days now for a while and the drought goblin will be pretty well under control.

Either folks are becoming better acquainted with the benefits of fertilizer on wheat or a lot more wheat is being sowed as our fertilizer sales have run fifty per cent higher than last fall.

Wm. Lyddick brought in two mighty fine specimens of red corn this week. Don't know but looks like maybe Will is getting ready to attend some husking bees this fall.

We are planning on this column appearing every week for a while. If you have any interesting things happening on your farm, let us know. Your neighbors will be interested in reading about it.

For instance P. E. Hall claims to have a hen that laid an egg with three yolks. He did not show us the egg but Elmer is usually truthful and seldom drunk so we take his word for it.

We know that he takes mighty good care of his chickens; feeds nothing but the best feed (Co-Op Brand), and expects every hen to lay every day. This hen evidently wanted to take a couple of days off and in order to get by Elmer had to put the three yolks into one shell.

We are glad this week that we have a back door. If you can't get in via Days Ave. come in past the Mill via Oak street.

We received this week a shipment of new Rat Poison—U. P. A. Brand. Ask any of the clerks how it works.

ROUND ABOUT BUCHANAN

Roe's Kennels

Attention of sportsmen interested in good hunting dogs has been drawn increasingly in the past few years to the fine kennel of English springer spaniels which has been developed by George Roe at his home on Chippewa street, and from which several animals have developed that have attracted wide attention.

The springer spaniel is rated as the best all around hunting dog, good for all kinds of game, and especially good for hunting pheasants. He is a beautiful animal colored either black and white or liver and white, and with a most gentle and affectionate disposition that makes especially desirable as a pet in families with children.

Roe began breeding these spaniels six years ago. For several years until the present year he was

selling from 30 to 40 dogs a year, as far east as Rhode Island, as far west as Nebraska and as far south as Georgia. This year he is not raising any dogs, although he maintains his kennel of several fine males and females. In mid September one of his male dogs, Roe's Bud, 3, won the reserve championship, at the Benton Harbor Kennel shows. Early in the summer he imported a fine young dog, Allworthy of Avandale, from the Avandale Kennels, largest breeders of English springer spaniels in the world, located at Winnipeg, Canada.

Roe states that although he is not raising any dogs this summer he has not gone out of the breeding business by any means, and as soon as he can get located satisfactorily he plans to develop and expand his business.

State News

High School Debate Contests Many Michigan high schools will again resume their activity in speech work and the State-wide contests in debate sponsored by The Michigan High School Forensic Association each year. Judging from the many enrollments already pouring into the Association's office, a record for membership may be set this season. Some Michigan high schools, not heretofore enrolled, have expressed their intention of participating in the organization's speech activities for the first time this year.

The increased enrollment during the last few years is indicative of the ever increasing interest in public speaking training in the schools and the great benefits it affords for later business and professional life.

Much interest has been aroused in the question chosen for all Association debates this season. It is one which has been argued much and often during the last year. It concerns Governmental ownership and operation of all electrical utilities. Material on the subject is being sent to all participating schools through the courtesy of the Library Extension Service of the University of Michigan.

The debates will be conducted in two series, with the first debate of a preliminary series on November 27. Following the preliminaries, an elimination series will be conducted with the qualifying schools in the preliminaries participating. The elimination titles will culminate on April 30, with The Twentieth Annual State Championship Debate to be held in Hill Auditorium, Ann Arbor, between the two remaining schools. Gold watches are presented to each contestant in this contest.

Debating the subject of "Nationalization of Munitions," last year Kalamazoo Central High School defeated Plymouth High School in the State Championship Debate before an audience of nearly 5,000 people.

Portage Prairie

Mrs. Wm. Elsie will entertain the Women's Missionary Society Thursday afternoon at the regular monthly business meeting.

Mr. and Mrs. Burton C. Chase of Galesburg, Mich., and Mr. and Mrs. M. H. Vite and son, Hubert of this place spent Sunday at the Wm. Elsie home.

Advice for Fire Prevention Week

Your State Fire Marshall asks that you cooperate not only during Fire Prevention Week, October 4-11, but the year around in eliminating the terrible loss which annually occurs in the State of Michigan. Last year's loss amounted to \$7,855,598.

The following are some safety rules which this Department advocates:

Place stoves, furnaces and pipes far enough from walls and wood-work to avoid overheating.

Cover the nearest wooden surfaces with asbestos board, sheet iron or tin; if iron or tin is used, leave an air space behind it.

Where stovepipes or heating pipes pass through walls, enclose the pipes in galvanized iron, double-walled, ventilated thimbles at least 12" wider than the diameter of the pipes.

Never pour kerosene into a coal or wood stove, even when the fire is out.

Never put ashes into wooden boxes or barrels; have a strong metal can.

Study the drafts and dampers. Keep children from playing too near the fire, screen or no screen.

Be careful not to use stove polish on a hot stove; wait until it is cold.

Don't allow rubbish to accumulate anywhere in the home.

Always remember that you must take no chances with gasoline. It is one of the most dangerous substances in common use. It must always be kept in tightly fastened cans; never in glass bottles.

Do not use it for cleaning; get a safe cleaning preparation.

Gasoline in quantity should be kept in underground tanks.

Make sure lamps, stoves, heaters that burn gas, and all pipes and connections are well made, tight and free from leaks. When you smell escaping gas, first open doors and windows, and then find the leak at once. Never look for a leak with a lighted match, lamp, candle or flame of any kind. Use an electric flashlight.

Remember that the human body is a conductor; do not touch wires, rails or anything which may be charged with electricity.

Do not have wiring done or connections made by anyone but an expert and careful electrician.

Never drop a match, cigar, cigarette or anything with a spark or flame in the woods, fields or along the roads.

In case of fire know where to find the nearest fire alarm box and study the directions in advance.

Always save life before property.

The insurance companies know while insurance repays to the owner the value of the property destroyed, it cannot replace the property itself. When the wood that is used in buildings is once burned up it takes years for trees to grow and more lumber to be produced.

But the real thought back of Fire Prevention is bigger even than this. Insurance companies, as well as your State Fire Marshal,

STATE'S BEST COOK

Mrs. F. E. Dona of Canton, N. Y., is hailed as the best cook in the Empire State, for she won first prize in the menu contest sponsored by the state bureau of milk publicity. The prize dinner cooked by Mrs. Dona consisted of onion soup, fish baked in milk, rice potatoes with carrot sauce, diced baked beets and buttered peas, whole wheat scones, apple salad and lemon pudding, with milk for children and cafe au lait for adults.

are using carefulness and common sense because America already suffers heavily from fire. No amount of insurance money can take the place of the thousands of buildings that must be replaced every year; while the money spent in replacing them could be spent so much better for the development of new enterprises which would help America. Doesn't that seem logical?

This is why all Americans are asked to fight fire before it starts—by learning what causes fire and then removing these causes, one by one. Support the insurance companies, then, and all others engaged in this great work, and you will perform a patriotic service for America—the country of your home.

Respectfully submitted, CHAS. V. LANE, Assistant State Fire Marshal.

## A Clever Crow Pays Daily Visit To High School

By Keith Dalrymple  
The most frequent visitor to Buchanan High is a pet crow owned by "Bob" Squire. He is indeed cocky and clever, as his actions show, and he rules the roost, at least around here. The black king starts his power motors and takes flight between 9:05 and 10 a. m. Landing on one of Mr. Elbers' window sills, he looks around and struts to attract the attention of everyone.

Even Mr. Stark and the august Mr. Moore have capitulated to the bird. Mr. Stark was seen feeding him grain from his hand. "Enough time spent for one meal" says the crow as he leaves.

With a few strokes of his wings he lands on Miss Bulla's window. Here he amuses himself by picking at the girl's pocketbooks that are left lying on the window sills. He leaves here with English class in an uproar, but his feelings are hurt, since the windows are closed to him when he turns his back.

Next in line for a visit is Mr. Washburn's biology class. Oh! Mr. Crow knows this is a real place to visit because he soon settles down to definite work on some apples or grain, or whatever the Ag. class has lying around. Finally deciding that he has interrupted school enough for one day, he leaves, but, another day is just another visit from Mr. Crow.

### LIBRARY CLUB

By Chuck Wesner  
The library club held their first social meeting last Thursday night at 7 p. m. in Miss Bulla's room. Names were drawn for partners for the pot luck supper held during the early part of the evening. The latter part was spent in a business meeting and various kinds of amusement. Those who attended were: Mildred Miller, Elaine Blaney, Mary Cripe, Martha Sands, Virginia Lolomough, Bill Ednie, George Lauver, Richard Watson, Bob Fairman, Ivan Price, Ben Harvey, Charles Bainton, Chuck Wesner, and Miss Bulla, the sponsor.

### CLASS NOTES

Mr. Washburn's classes have been bringing in rare specimens of living organisms. They are watching worms spin cocoons. Horticulture students are studying varieties of fruits and they have brought in a nice display of fruits. The animal husbandry class is studying the different breeds of horses. Mr. Elbers' eighth grade history students are studying the formation of the constitution. The 9th grade geography class is making charts and maps depicting the Japanese empire. Eleventh grade government students are studying the development of government. The public speaking students are giving reviews of short interesting news articles. Mr. Rizer's seventh grade arithmetic students are learning to multiply and divide decimals. They are also studying short cuts in multiplication and division. Eighth grade arithmetic students are working exercises on buying and selling, taking into consideration overhead expenses and profit. The commercial law class is studying how contracts may be discharged, how right of action may be discharged, and taking up a general study of case problems.

### PHYSICS

The physics class has just finished the work in the simple machines. They are starting the work on mechanics of liquids, which takes up the study of the pressure a driver must withstand in water and the water pressure in water mains.

### THE BIG QUESTION

A question which seems to be bothering most students is, "What will happen if Don 'Buster' Harroff has to go down the fire chute?" Who taught Olen "Toad" Smith how to make pies? What makes Burrel "Snipe" Weaver so attentive to a certain "Frosh" first hour? What happened to all of last year's romances? Just how many football games are our boys going to win?

### ROOM NOTES

The Opportunity Room has the following students on the Dental Honor Roll: Margaret Clark, David Coultas, George Hempel, and Florence Manners. The fourth grade has the following pupils on the Dental Honor Roll: Billy Banks, Beverly Birong, Merlyn Bradley, Allen Clements, Shirley Gess, Marilyn Mann, Dorothy Rouse, Tommy Van Deussen and Norma Vergon.

### NEWS ITEMS

The Dewey Ave. kindergarten would greatly appreciate any used or outgrown toys. The present enrollment is now 87. The Dewey Ave. first grade has been studying the goldenrod, aster, and milk-weed.

The Dewey Ave. second grade has an enrollment of 34.

There has been very little absence and no tardiness so far this term.

The Dewey Ave. third grade has begun its study of Indians. Miss Bender has loaned the Pueblo house made last year by her pupils. Several children have brought canoes, beads, and arrowheads for the Indian project.

### WHAT ARE OUR CHANCES OF WINNING THE FOOTBALL GAMES THIS YEAR?

Clyde Shaffer—Senior: "It all depends on the 'corn cutters' (football team)."

Catherine Wynn—Freshman: "When we play, we just naturally 'Wynn'."

Shirley Trapp—Junior: "There is victory in sight. Here's hopin'!"  
Jack Polley—Senior: "With such a good team, how can we lose?"  
Lawrence Burgoyne—Freshman: "It all depends on the number of games we play. If it's 10, then it's 10 to 1."

Elwood Vergon—7th Grade: "It all depends on how the line holds up."

Martha Sands—Sophomore: "It depends on the team's fighting spirit."

Caroline Webb—Junior: "Spin a 'Webb' of team work. They will win."

Gerald Weaver—8th Grade: "They're won, I hope."

Don Virgil—Senior: "They're won."

### WATCHING THE CLOCK

By Max Beadle  
Do you realize just how much time is wasted? An average of fifteen minutes a day is lost by each student watching the clock, waiting for the bell to ring. Better than an hour a week is made useless when it could be used to a great advantage by most students. Many students appear in classes with their assignments unprepared. They usually explain this failure as lack of time. Several minutes often make the difference between a failure and a passing mark. These several minutes are generally spent doing nothing, just waiting for the bell to ring. Three minutes is plenty of time for passing to classes. Only a few seconds, or indeed, no time at all, can be saved by being ready to jump out of your seat the instant the bell rings. (Besides, it doesn't go over so big with the teachers). People who do that only add to the confusion in the halls between classes. What's the hurry?

### HIGH SCHOOL ART

One of the new courses that has been added to Buchanan High School is art. It is a commercial class and is expected to become a favorite subject to students who are gifted along that line. They are working on monograms and Christmas cards and later intend to organize a club and sell some of their work. The seventh and eight grades also have a course in art. It is more or less a "build-up" for higher art. At present they are working with water colors and are painting pictures of fruit and trees.

### INDUSTRIAL ARTS

The advanced class in mechanical drawing is working on the machinist vise detail and assembly. First year students are doing lettering and geometric constructions.

### 7TH GRADE ELECTION

The seventh grade class election was held this week. The following people were elected: President, Hosea Coultas; vice-president, Dick Hess; secretary, Eleanor Ingelright; treasurer, Fred Meyers, and Mr. Elbers was elected class adviser.

### BOYS' HOME ECON. CLUB

The newly organized boys Home Economic class is planning to organize as a club. They have high hopes of becoming expert chefs by the end of the year.

The boys have had one picnic thus far, and are planning on other social events. As soon as they gather enough courage they are going to don their aprons and prepare a meal, with their current girl friends as guests.

We take our hats off to you, boys! Here's wishing you lots of luck.

### PEP MEETING

A short and snappy pep meeting was held Thursday morning in the high school auditorium in honor of the football games Thursday and Friday. The football team marched upon the stage dressed in uniforms and performed various football plays. This was followed by high school songs, directed by Mr. Robinson, cheers led by Johnny Foulks. Mr. Moore read a few announcements. The band then contributed some rousing marches.

### LANGUAGES

Eleventh grade French classes are studying the geography of France, parts of speech, and conversation.

The twelfth grade French class is studying French history, the revolutionary period from Napoleon I to Napoleon III.

Ninth grade Latin classes are studying first and second person in pronouns, the Roman house, and the Applan Way.

The tenth grade Latin classes are studying the story of Ulysses and the giant, Perseus and Medusa, ablative of respect, and the perfect indicative passive of the verbs of third and fourth conjugation.

### ENGLISH CLASSES

The senior English class is studying the development of a paragraph from a topic sentence. They are writing topic sentences from outlines, using parallel ideas and parallel constructions.

A period in English literature, class the "End of the Middleages," is being studied by the juniors. They are reading ballads and studying the English Renaissance.

Diagnostic and Mastery tests will be given to the sophomore English classes and themes will be written emphasizing the newly learned facts in sentence construction.

### THAT PET CROW

Bobbie has a little crow, It's not as white as snow, But everywhere that Bobbie goes, The crow is sure to go. It follows him to school each day, Amuses students by its play, Not only students—it is said— He makes the principal see red! He flies up to the window sills, And with our corn his stomach fills, But where he goes then, no one knows, And yet they miss Bob Squier's crow. —Marion Miller.

### Grade News

**FIRST GRADE**  
Miss Carnagan's first grade has started a farm project. Last week the children brought pictures of farm animals and learned their names. This week they are drawing animals and modeling them from clay. Later they will make farm buildings, and build a farm on the sand table.

**SECOND GRADE**  
The morning reading class is enjoying the book "Stumpy," the story of the western chipmunk. The nature study class is studying the lives of crickets brought by Bonnie Young. We have provided as a house, a small kerosene lamp. The crickets eat apples and wheat.

**THIRD GRADE**  
The third grade in Miss Bohl's room is building an island on the library table. We are imagining we were ship wrecked and floated to the island on a log. We are making everything we will have to use while on the island. This week we are studying the food we will find. We learned all about the palm tree and drew it in art class Monday.

**FIFTH GRADE**  
The fifth grade has organized their classes and elected officers for the first week as follows: Willa May Miller, chairman; Keith Ednie vice-chairman. In health, the class has been studying the things that make us grow, and many nice posters on the subject have been made.

### FIFTH GRADE

The fifth grade geography class is making a study of The New England states. Several days were spent on map studies and exercises given in the text book. At present we are studying the early settlers and their work.

The following people did very fine work in the coloring of U. S. maps: Vonda Mae Beck, June Johnston, Millie Stroud, Jean Blake, Arlean Maxon and Robert Liska.

### FOURTH GRADE

Clyde Weaver has been absent from school for two weeks because of illness.

Barbara Mae Ericson, John Gowland, Janice Greenman, Marilyn Mull, and Carl Newsom have perfect spelling records for the first three weeks.

Harold Good brought us a tomato to Sphinx moth which interested us very much. This is one of the humming bird moths and lays the eggs for the large green tomato worms that eat our tomato vines.

The youngsters of the fourth grade at the high school building are enjoying the story of Max, a hunter whose mother was shot by a bear. He became a pet and later was sent to Yellowstone Park to learn to be a bear in a natural background.

### SIXTH GRADE

The sixth grade has been having satisfactory English papers. They have been studying about the pyramids and tombs in Egypt. There are 43 pupils in the entire class and 29 are on the Dental Honor Roll.

### EIGHTH GRADE ELECTS

The eighth grade class held their class meeting and elected the following officers: Jack Edne, president; George Fitch, vice-president; Genevieve Norman, secretary; Paul Martin, treasurer. Mr. Rizer was chosen as their advisor.

### GIRLS ATHLETIC ASSN.

Officers for the Girls Athletic Association for the coming year are:

President, Margaret Huse; secretary, Shirley Trapp; Business Manager, Mary Holerman; Hiking master, Geraldine Ketchum. Miss Henry, girls' Physical Ed. director, sponsors the group.

An overnight hike is being planned for sometime in the near future, and at present the girls are kept busy arranging for the sale of candy at the football games.

### GIRLS SOCCER PRACTICE

## DON'T blame your butcher because Beef is Sky High . . . Conserve Meat with an ELECTRIC RANGE

THROUGH no fault of the farmer, the packer or the butcher, living costs for the past two years have been soaring. Because of an artificial man-made scarcity of livestock and destruction of food for cattle, living costs have increased 24% above 1933 prices.

Meat cooked electrically is more economical than that prepared by any of the old fashioned methods of cooking. You make an initial saving in that the cheaper cuts cook with tender juiciness and a second saving in the small amount of shrinkage.

The Electric Range of today has speed, cleanliness and certainty of results. Don't wait any longer. See the new models today.
