

CANDIDATES INVADE S. W. MICHIGAN

Buccaneers To Clash With Golden Tornadoes on Hostile Ground Many Attend Landon Speech

Now Here's the Proposition

The Presidential Special

One of the largest and most enthusiastic gatherings ever turned out in Buchanan was present at the Michigan Central station this morning to greet the presidential special which passed through eastward at 4 a. m., bearing the president and his entourage.

Sections had been roped off on the south or upper railway bank from the freight depot around the bend west and seats had been sold at \$1 each by the local Young Democrats Club and the entire sitting room was sold out.

Most of the audience attended the second show at the Hollywood theatre after which they marched in a body to the railway station to await the coming of the special the following morning. A special program preceded the coming of the train, Hon. Ike Wells, president of the Bertrand Democrats presenting a proposition for the automatic redistribution of the national wealth by inducing the Republicans to bet on the election.

The speech was frequently interrupted by loud cheers from the cheering section led by Cheer Leader Frank Rinker, and by loud jeers from the jeering section, led by Jeer Leader Harve Bristol.

As the presidential train rounded the bend from Bakertown it was preceded by the local Young Democrat Club led by Atty. Bill Desenberg, by the Batchelors Protective Association led by Bob Koenigshof and other leading local organizations marching in column order, and parting to the right and left as the train passed through. The loud applause that greeted the special was answered by the snoring section aboard the train.

The only hitch to the otherwise well-appointed program was the fact that most of the audience, tired out by the long wait, had fallen asleep and were awakened by Otto Reinke and his maintenance crew as they went to work at 8 a. m.

"Trouble with this campaign is," remarked James Aichenbottom, well known Detroit street Republican, as he dropped into our office yesterday for the weekly exchange of insults, "we don't have enough good natured political arguments."

"The way I figger, you came at me with a good strong point and I can't meet it. What do I do then? Git mad? Nothing of the sort. I jes' say—you sure got one on me there brother, that's one I can't answer, but what do you say to this," and then I come back with one you can't answer—what's that—you say I couldn't do it? Why you lousy, bigoted, mouldy-brained Demmican you—I never heard you give an intelligent answer to anything. All you know is dirty personalities."

This Mental Telepathy Ought to Work Both Ways Elsewhere in this issue, in the Co-op Weekly News Column, that weekly effervescence from the fertile brain of Alf George, the Fertilizer King, there is an allegation that a well known firm of coal dealers anticipate their prospective patrons demands by mental telepathy. We are not supposed to touch his news with a ten-foot pole since Mr. George broke into a national farm magazine and went moody on us, demanding a column to himself, and as a result we have been cheated out of some news that we used to put in this column, for all Alf does now when we go in is to tap his desk with a lead pencil and hum a bar or two of "I'm Crazy About You" or some other popular number, with a vacant look in his eyes. But when we hear that the said firm is ready to imagine the needs of its patrons and also imagine they are paid, we will be ready to do business.

Historic Foes Re-Engage Fight

Two Teams Even In Series For Past Ten Years

(By Chuck Wesner) An old grid fued which has lasted many long years will be renewed Friday night at 7:30 when Buchanan's maroon and white clad Bucks take on the neighboring city's Golden Tornadoes.

In looking over the statistics for the past years we find 5 victories and 5 defeats for the Bucks in their series with Niles.

Table with columns: Year, Buchanan, Niles. Rows: 1926 (21-0), 1927 (19-0), 1928 (6-7), 1929 (18-12), 1930 (0-13), 1931 (6-21), 1932 (13-6), 1933 (13-3), 1934 (0-13), 1935 (6-33), 1936 (??-??)

Buchanan this year will, in order to get the edge on the Bradfieldites, have to win Friday night's battle. The Bucks can do it and will do it so they say. Coach Miller is giving Buchanan a series of good goings over and as a result the squad looks somewhat different. By giving the squad a good talking to he has aroused some of the dormant fighting spirit shown by the teams of old. Friday night will tell the tale as to whether the Bucks have got that old fight and determinedness to really win.

Buchanan's student body and towns people should get behind their squad in "the" game of the year. We want to show "Curly" Bradfield and Niles that we can give as well as take. Everyone turn out, bring a cowbell, anything just so you make some noise.

There will be some switches in the line and backfield for the Bucks, thus putting their greatest strength against the Tornadoes.

Native Buchanan Dies in Elkhart

The death of Andrew Hubbell Beardsley, president of the Miles Laboratories, Inc., of Elkhart, will recall to many of our older citizens the connection of the Beardsley family with Buchanan. Mr. Beardsley was the second son of S. L. Beardsley, one of the owners of the Beardsley Wagon Works then located in a brick building on the corner of Main and Dewey. The family later moved to Kalamazoo and "Hub," as he was familiarly known, went to Elkhart in 1887. Starting from a humble position he worked his way to the top in Elkhart's industrial and commercial life. Besides his connection with the Miles Laboratories he was prominently identified with a number of other enterprises, among which were the Elkhart Packing Co., Elkhart Truth, Hotel Elkhart, First National Bank and the C. G. Conn Co.

A life long Republican, Mr. Beardsley was prominent in Indiana politics and from 1916-1924 was State Senator. In recent years he had been a wide traveler and it was on returning from Germany, where he and Mrs. Beardsley had spent the summer, that he was stricken. He died at Doctor's Hospital in New York on Sunday morning at the age of 72. With him besides his wife, were his two sons, Bruce of Upland, California, Walter of Elkhart and his three brothers, Arthur and Charles of Elkhart, David of Cedar Rapids, Iowa and his sister, Mrs. Charles Miles of Elkhart.

Final services were held on Tuesday afternoon in the First Presbyterian church of Elkhart and interment was in Grace Lawn cemetery.

Messrs. Carl Remington, Ike Kolhoff, A. B. McClure and Bob Franklin returned Monday from a fishing trip on Lake Charlevoix in which they caught a handsome bunch of steel head trout, the largest weighing almost six pounds.

"Swing" Time Invades Football Field

Coach Leonard Sachs of Loyola university moved a piano onto the playing field to see if he could put some "swing" into his backfield. His contention is that football is a matter of speed and timing, and timing is a matter of rhythm and unison, so Coach Sachs pounds out a little swing music as his players practice punting and broken field runnings.

Buck Reserves Swamped by Dowagiac Seconds 31-0

Buchanan's second stringers journeyed to Dowagiac last Thursday afternoon where they were soundly trimmed by a well balanced Dowagiac second string by a score of 31 to 0.

Buchanan held the Chief reserves from seeping through the line but were weak on their pass defense. The Buck reserves were also deficient in blocking and fundamentals.

Lockridge, Chief right end, scored two of the Chiefs tallies on 50 yard runs as a result of passes from Finch, Dowagiac fullback.

Buchanan held Dowagiac for four downs on their 5 yard line early in the opening stanza but the line broke and Dowagiac linemen swarmed in on Doak, blocked his punt, and fell on the ball over the goal line for their first score.

School Tuition Money Coming In

The State of Michigan will distribute \$2,336,041.82 of tuition money to the various school districts this week. A statement of the amounts due each county was furnished to the Auditor General, John J. O'Hara on October 14 by the Department of Public Instruction. Mr. O'Hara states that the checks will be mailed to the County Treasurers on October 17.

The state now pays all high school tuition up to \$65.00 per pupil. The amount of tuition due Berrien County is \$82,587. The share of the Buchanan district last year was approximately \$3,700.

Plan Open House In New Apartments

The Buchanan Realty Company plans to hold "open house" Sunday for the four handsome modern apartments which are to be opened on the second floor of the Rough Opera house building. Each apartment consists of a living room, a combination dining room-kitchen, bedroom, bath room and clothes closet.

Joseph Hyink To Speak at M. E. A.

No sessions are being held in local schools today and tomorrow while the faculty members are attending the meeting of the Eighth District of the Michigan Educational Association at Kalamazoo. Joseph Hyink of the local faculty will talk before the mathematics section on "Mathematics Taught in the Ninth and Tenth Grades in High School" and also on "Difficulties in Mathematics in Rural Schools."

Mr. and Mrs. Gottlieb Thumm had as guests Sunday, Mrs. Emily Stutske and Mr. and Mrs. W. M. Duncan, Calumet City, Ill.

PawPaw Sets Bucks Back 6-0

Locals, Outweighed, Gain But Lack Scoring Punch

(By Chuck Wesner)

Buchanan High School football quad suffered their second defeat of the season at the hands of Paw Paw on the Athletic Park field by a score of 6 to 0 last aSturday afternoon.

The contest was a ding-dong affair, Paw Paw emerging with five first downs to four firsts for the Bucks. Paw Paw put the heaviest team in its history against the Buccaneers and used the extra weight to a victorious advantage. Buchanan was out weighed somewhere around ten pounds to the man in the line. The backfields of both squads were nearly equal.

Buchanan had two scoring chances in the first half but couldn't shove the oval across the goal line. In the opening quarter the Bucks rammed the leather to the Paw's 19 yard stripe but lost the oval on downs. Early in the second stanza the Bucks lanced through Redskins line to their 18 yard line. Paw braced and held taking the pigskin on downs.

Paw braced and held taking the pigskin on downs.

Faw Paw got a nice break in the third canto. Lummis, Paw's right half, returned Jesse's punt from midfield to the Buchanan 17, a jaunt of 33 yards. The three Redskins mail-carriers drove the ball to the 5 yard stripe for a first down. Wahl advanced it to the last yard stripe and squirmed through center on the next play to score the lone tally of the game for either side. Lummis was slow in getting the kick off for the extra point and Buck linemen charged in and block the attempt.

Jesse and Lummis, Buchanan and Paw Paw backs, put on a fine exhibition of punting despite the slippery ball and muddy field. Buchanan took to the air lanes late in the final period but failed to connect. A forward lateral in the last canto—Jesse to Virgil Trapp was good for 21 yards—thus demonstrating the fact that on a dry field with a dry ball Buchanan can gain much needed yardage on passes.

Hunting Season Opened This Morn

Special details of conservation officers attached to district headquarters posts in the north are to be brought into Southern Michigan to give added protection to game during the upland hunting season which opens in the lower peninsula of Michigan today.

Conservation authorities estimate that approximately 250,000 hunters will take to the field today and that this vast number of sportsmen will create serious shooting hazards. The department has issued a request to all hunters to be particularly careful in the use of firearms.

Three of the most common violations on the opening day, says H. R. Sayre, chief of law enforcement, involve the shooting of hen pheasants, exceeding the bag limit on pheasants and dressing out game in the field. The last-named violation, if the game happens to be pheasants, removes the sex identity and subjects the hunter to arrest. Sayre advises hunters to wait until they get home to pluck the feathers from their pheasants. The hen pheasant is protected at all times by law.

Beginning today the open season on small game in the lower peninsula are as follows: Male pheasants, Oct. 15 to Oct. 28; ruffed grouse, Oct. 15 to Oct. 28; fox squirrels, Oct. 15 to Oct. 28; woodcock, Oct. 15 to Oct. 28; sharp-tailed grouse, Oct. 15 to Oct. 28; rabbits from Oct. 15 to Jan. 1. The open season on ducks, geese and brant, coot, jacksnipe, rails and gallinules, which opens on Oct. 10, continues to and including Nov. 7 throughout the state.

The hunting season for ducks, geese, coot, jacksnipe, and woodcock opened October 10th.

President Roosevelt's Special Passes Thru Buchanan Early Today

The current campaign came closer to Buchanan this week than at any other time to date, with Governor Alfred Landon of Kansas speaking to a audience at Kalamazoo containing a number of Buchananites yesterday afternoon, and President Roosevelt passing through Buchanan on his special train at 4 a. m. this morning, en route from Chicago to Grand Rapids.

Governor Landon, made a short speech at Kalamazoo at 5 p. m. yesterday, while en route from Grand Rapids south to Ohio. President Roosevelt passed through by special train over the Michigan Central en route from Kansas City, where he spoke the night before, to Grand Rapids where he follows the president.

The Methodist church was filled to capacity Sunday afternoon for the Vespers service presented by the choir of the Austin Swedish-American church.

The choir was directed by Gil Peterson, who is the director of the Austin Church and also of the Edgewater Swedish-American church. He was trained in vocal music at the American Conservatory, Chicago. A feature of the program was a solo by Mr. Peterson, "The Lord Is My Light" by Alliston. Mrs. Gil Peterson acted as organist. Mrs. Walter Thor and Mrs. Margaret Anderson presented a duet, and Mrs. Signe Dreyer sang a solo. The choir sang selections from Mendelssohn, Shelley, Stainer, and others. Twenty-five choir members made the trip here. After the program they joined with the local choir at a supper, with several talks and a combined song service following. The local choir wishes to thank all the church members who brought food.

The meeting will be called at the city hall here at 8 p. m. sharp (E. S. T.) and it is anticipated that the average attendance will be present from the various county posts. Frank Pond, district committeeman, is expected to attend as one of the honored guests.

The meeting will also initiate plans for sending the Twin City Drum and Bugle Corps, which is composed of both Legion and Veteran of Foreign War members, to the national convention at New York City next year. If the organization attends it will go as the Berrien County Drum and Bugle Corps to advertise this section.

While the Legion is meeting in the city hall the Auxiliary will meet in the Legion hall. After the business session lunch will be served.

W. J. Young Dies at Salem, Oregon

Mrs. W. R. Rough received a letter Tuesday informing her of the death of her brother, W. J. Young, who passed away Oct. 2, at Salem, Ore., at the age of 87 years. As a young man he worked on the farm of Peter Womer on Portage Prairie and is remembered by a few of the older residents.

Attends Reunion Old Schoolmates

Mrs. E. S. Arney drove to Elkhart, Ind., Tuesday to attend a semi-annual reunion of a group of women who were schoolmates together at the Weikel rural school 9 miles east of Elkhart over 50 years ago. This year they met at the home of Mrs. Carrie Shell, Elkhart. The Weikel school is now used only as a grange hall, a central consolidated school having been established there several years ago.

The local fire department was called at 2:30 p. m. yesterday to extinguish a small blaze in one of the old buildings back of the Drill department of the Clark Equipment company. No extensive damage was done.

Miss Marjorie Weaver arrived last night from Kalamazoo to spend the remainder of the week with her parents, Mr. and Mrs. Ray Weaver.

Coleman Verdict Pleases Buchanan

Welcomes Relief to Buchanan Community

Welcome relief was afforded to the entire Buchanan community by the completion of the Coleman case and acquittal of "Coley" on Tuesday evening.

It is not exaggerating to say that the community sentiment was unanimous in favor of the verdict. The defense attorneys, Stuart White and Charles White, are to be complimented on their able advocacy. Prosecuting Attorney E. A. Westin fully met the requirements of his office in his prosecution but it was noted by many that his pleas were notably free from rancour of attack which too many times marks the pleas of attorneys more eager for conviction than for justice. The wife of the defendant received a number of commendations for her gallant contribution to his defense.

Mr. Coleman returns to private life in Buchanan free and unprejudiced and his life is now his own.

Mable Johnston Called By Death

Mable M. Johnston, died at her home at 210 North Detroit street at 7 a. m. Tuesday, after an illness of nine months.

She was born Oct. 25, 1891 at Riverdale, Neb., the daughter of Walter and Mattie Whitney. She came to Buchanan from Nebraska ten years ago. She was married to Samuel J. Johnston March 7, 1909, at Riverdale. She is survived by the husband, by two daughters, Mrs. Eileen Doyle and Mrs. Hazel Marsh, both of Buchanan; by one son, Lorin Johnston of Buchanan; by four sisters, Mrs. Gertrude Hill, Mrs. Cora Brown and Mrs. Olive Freeman, all of Riverdale, Neb., and Mrs. Carrie Dennis of Marshalltown, Iowa; by one brother, Chester Whitney of Riverdale, Neb. She was affiliated with the Church of Christ and with the Royal Neighbor lodge.

Radio Shop Moves To Rough Bldg.

Herbert Batchelor is moving his radio shop during the coming week-end to the east store room in the Rough Opera house building, which has lately been lowered to the street level, and equipped with a new floor and a handsome modern front by the Buchanan Realty Co. Atty. G. H. Batchelor is also moving his offices there.

## ISLANDS OF PERMANENCE

Mark Sullivan, noted Washington commentator and historian of popular movements and manners, wrote recently of the "islands of permanence" in a shifting world, with special reference to the farms in the Atlantic seaboard and New England states which have remained generation after generation in the possession of single families who have occupied them.

While this situation is not rare in European countries where the system of entail governs inheritance of properties, it is rare among Americans whose ruling traits for the past century have been change incessant motion, restlessness. Sullivan says that such "islands of permanence" among the shifting tides of American life may occasionally be found in the upper eastern states.

A survey of the farm history in the Buchanan district will show that ownership and occupation of the same farm by the same family for a century is not as rare here as you might think. Michigan was out of the main stream of the Great Immigration in the four part of the last century, a sort of bayou where the waters eddied apart from the main stream. The historic paths of westward movement were the Ohio river and the National Pike west from Wheeling, West Virginia, through Columbus, O., Indianapolis, Ind., and west to Jefferson City, Mo. For a short interval before the railways usurped the main function of transportation in the forties, the Erie Canal and the Great Lakes were a main avenue. It was through this latter channel that immigration flowed into Michigan. It was a rule that the westward immigration followed parallels of latitude; consequently the Michigan immigration came from upper New York and New England. They came from the typical "Yankee" regions, before the national blood in those sections had been mixed with European immigration. Consequently the strain that first peopled Michigan and give initial impulse to life here was the Puritanic strain, the toughest and most durable strain that entered into the American composite.

The restless, moving backwoodsman who was perhaps the typical pioneer of American history, came from Virginia and further south. When the Yankee struck roots he was more likely to stay put, if the conditions for staying put were favorable. Such are among the reasons why anyone who cares to browse around a little among the farms of southern Berrien county may find a number of instances of a century or nearly a century of residence on the same place by successive generations of the same family. Instances are the R. B. Franklin farm, and perhaps the Haslett and Wells farms on Portage Prairie, George Snyder farm on the river, the Schultz farm west of the Burks school, the Ingelright farm near Berrien Springs.

In the flux of American life there is something nostalgic about the idea of this continued residence on the old family homestead. There must be a wealth of association and of tradition which grows up through such residence tending to breed stability. There is something of course to be gained also through change. Both stable and the restless contribute much of value to the American composite.

A Genial Presence A gracious, genial presence, a charming personality, a refined fascinating manner are welcome where mere beauty is denied and where wealth is turned away. They will make a better impression than the best education or the highest attainments. An attractive personality, even without great ability, often advances one when great talent and special training will not.

## PERFECT RECORD

Mrs. Whitman asked Ross Leazonby if he had been absent for two days this year. Ross heard the word "absent" mentioned and said, "What! did you say I had been absent?" Mrs. Whitman, "Yes." Ross, "I haven't been absent a day this year, (applause from fifth hour history class) and this is the first time I've been late this year too." (More applause.)  
 It seems Ross has a perfect record for the year.

## VIEWS ON THE STUDENT COUNCIL

By Elaine Blaney  
 Eleanor Ingelright (seventh grade)---"I think the student council would be a fine idea, because everyone has a part in all school activities."  
 Richard Habicht (eighth grade)---"I think it is a keen idea."  
 Richard Hayden (ninth grade)---"A student council would be, in my opinion, entirely unnecessary and useless."  
 Audrey Ruth (tenth grade)---"A student council will turn out just fine if everybody will work together and each one do his part."  
 Charles Bainton (eleventh grade)---"A student council would not help us at present, but the future years would be deeply benefited by it."  
 Bob Neal (twelfth grade)---"I don't think it would work for years but in time it would be a good thing."  
 Geraldine McGowan (twelfth grade)---"A student council is O. K. It will work here if everyone gets behind it."

## TO THE RESCUE

Who was the Amazon seen carrying Maire Briney up Lake Street Wednesday morning? It seems that Marie made a remark about being tired after walking so much with the second hour gym class. Imagine Marie's surprise when Verilla Brown quickly came to the rescue, by sweeping the screaming, kicking, Marie into her arms as if it were nothing more than a daily task. Was Marie's face red or was it the reflection of her maroon dress?

## NOTICE TO THE STUDENTS

Let's not forget that our annual game with Niles is to be played tomorrow evening, October 16, at 7:30 P. M. in Niles.  
 Get out and support your team. The cheerleaders need your support, and our winning team deserves your encouragement. Our band will parade during the half at the Niles game.  
 You'll enjoy every minute of the football game, I know. So, boys, warm up the family chariot, and bring the heart's delight over to the game scheduled with our keenest rivals, the "Golden Tornadoes."

## ELECTION OF STAFF

The permanent staff of the Microphone for the first semester has been appointed, those named above having been selected by try-outs held over a period of a month.

Duties of the various departments are:

The editor-in-chief writes editorials, makes suggestions and has final say on copy to be published. The managing editor lists the various articles to be covered for each week and sees that his staff turns in their various articles. The responsibility of turning out a good issue each week rests on his shoulders.  
 The copy editors rewrite and correct the grammar and style of the articles turned in.  
 The feature editor writes the humor and other feature articles. The women's and society editor gathers news on the social activities and women's news.  
 The teachers' news editor gathers news from the various departments of the high school.  
 Everyone in the journalism class contributes articles and everyone in the school may contribute articles.

## WHO'S WHO

Frederick Manning, a freshman, with dark brown hair and blue eyes, who was born Oct. 4, 1922 in Buchanan, Michigan, has lived all his life in Buchanan, and has always attended this school. He says hunting thrills him; as for refreshment, ice cream "takes the cake." His hobbies are stamp collecting and keeping track of a winsome young lady.

Ruby Hall, sophomore, was born in Buchanan, Michigan, June 12, 1921, moved to Galien in 1927, and came back to Buchanan in 1935 for her first year in high school. Ruby has light brown hair, greenish-blue eyes, and a big smile to revery one. Her favorite sport is writing notes and ice cream, her favorite dish.

Lane Dalenberg, junior, was born on August 1, 1919, in Buchanan, Michigan, lived in Buchanan until 1936, then moved to Bakertown. However, he still attends school at good old E. H. S. Lane has dark brown hair and brown eyes. His favorite sport is fishing; and his favorite dish is Italian spaghetti.

Evelyn Proud, a senior, who was born in Buchanan, Michigan, March 24, 1918, moved from Buchanan in 1927 to Three Oaks where she lived for two years, and then came back to Buchanan in 1932 to attend school. Evelyn has light brown hair and greenish blue eyes. Her favorite sport is basketball. Her hobby is going to the movies. Her favorite food is chop suey.

## JOURNALISM CLUB

The Journalism Club met on Tuesday of last week, during home room period, for a business and social affair.

After the business meeting, Marion Miller and Keith Dalrymple had charge of the entertainment. Charles Wesner and Thelma Heckathorne received first place in the games.

At the next meeting, which will be in two weeks, Geraldine McGowan and Thelma Heckathorne will have charge of the entertainment.  
 ---Imogene Russell.

## JUNIOR CITIZENSHIP CLUB

The Junior Citizenship Club in the fourth, fifth, and sixth grades, that did successful work last year, will be organized again this year. There is a slight change in the organization, however. There will be a captain and two lieutenants chosen from each room. These people must be courteous, dependable, and, in general, good citizens. Each period new officers will be chosen. These officers have certain duties which will tend to help in keeping up a high standard of citizenship among the grade pupils.

## PHYSICS--MR. MOORE

In physics we are studying mechanics of liquids. This deals with pressure of water behind the dam. It also has to do with the force of pressure a diver must undergo.  
 We are dealing with specific gravity, and density. Archimedes before the time Christ was the first to use this.

## 5TH GRADE--MISS SPEAR

We are having a spelling contest by rows. The row having the most 100's wins, and so far the first row is leading.  
 Our nature study class is learning some very interesting things about trees. We took a field trip and looked at the trees and leaves that we have been studying.

## Old Shows With New Actors

 "Speed," Football team.

## MR. WASHBURN

Biology---The biology classes have completed Unit I and will begin Unit II on, "How plants and animals use their food."  
 Catherine Wynn brought to class several plant specimens quite different from any found around here. These were sent to her by her uncle in Florida. The most interesting one seemed to be the "Crown of Thorns." It originally came from that tree in the Holy Land from which the Crown of Thorns, which the Lord wore when he was crucified, was made.  
 Horticulture---The horticulture class is about to begin the study of how plants are propagated.  
 Animal Husbandry---The animal husbandry class is studying the feeding of horses.  
 Mr. Washburn's home room hour is being used by the F. F. A. "Future Farmers of America Club."

## L. WEAVER

The ninth grade Latin classes are studying the translation of "A Country Scene." They are also studying the vocative case and how to count in Latin.  
 The tenth grade Latin classes are studying the story, "Patriotism and Declus," a Roman who sacrificed himself to win a battle against the Latins. They are also studying participles.

The eleventh grade French classes are studying the present tense of first conjugation verbs and also interrogative forms.  
 The twelfth grade French class is studying the following places in Paris; Palais du Louvre, Notre Dame, Le Pantheon, and Sorbonne.

## MISS BOHL

The sand table in Miss Bohl's third grade looks very much like a tropical island as everyone made palm trees. The leaves were made from green paper and then were fastened to the stem by brown crepe paper which was twisted from the bottom to the leaves.  
 In nature study they learned about the many uses of the oil palm and coconut palm trees.

## MR. CARTER

CHEMISTRY---George Riley brought an apparatus with which he made ozone for the chemistry class last week. John Fulk and Sidney Deming filled a balloon with hydrogen for the class.  
 Melvin Campbell is laboratory assistant in chemistry this year.  
 SCIENCE---The general science classes have been studying inertia and gravity this week.

## HEALTH NEWS--MRS. LAMB

The school dentist, Dr. E. E. Leachman, has just completed an examination of the pupils in all grades. 1029 children were examined, 357 of whom have perfect teeth, 836 cavities were found in first teeth, and 1021 cavities were found in second teeth, 100 children need to have teeth extracted.

Miss Abell's pupils have the most perfect teeth. An effort will be made this year to have as many 100% rooms as possible. Students certainly do better work when in good physical condition, and no one is in good physical condition who has defective teeth.  
 Parents of children having defective teeth have been sent a written notice.

The Mothers' Club of the kindergarten, 1st and 2nd grades, will be addressed by Miss Bertha Guoth from the State Department of Health at their next meeting, Oct. 15. The subject will be "Child Care."

## ART DEPARTMENT

The seventh and eighth grade art classes are transferring their monogram work into designing.  
 The fourth grade is painting pictures of African trees and jungles.  
 The fifth and sixth grades are water coloring flowers, fruits, and vegetables.  
 The grade music classes are working on the P. T. A. program for next month. They are studying folk music.

 The short hand class is studying downward characters and also studying rules for the letter "s."  
 The first year typing classes are completing the fourth finger keys.

## SECOND GRADE--MRS. HEIM

Harold Layman brought a wild cucumber vine for our fall collection of gourds.

## HOME ECONOMICS DEPT.

The home economics classes under the direction of Miss Krebs have been reviewing the work they have studied during the past six weeks in order to prepare for tests.

## MUSIC DEPT.

The members of the high school band accompanied by Mr. Robinson attended the Notre Dame-Washington University football game.

## ART DEPT

The high school art classes are sketching objects from sight. They are studying color and drawing fall objects such as fruits and vegetables.

## SIXTH GRADE

We, the sixth grade, have been receiving letters from a man in Africa, and in order to follow his travels we have made a big map of Africa.  
 In history we have been studying about the early Babylonians, Assyrians, Chaldeans, and Persians.

## GRADE 4

Mrs. Fuller  
 Our pupils have found the common tree frog an interesting creature. Junior Gombosi brought one to school Tuesday. He placed it on the windows, and it climbed to the top, allowing all the children a splendid chance to study it. The children also observed that it changed colors according to its surroundings.

## GRADE 1

Miss Carnagan  
 The first grade is learning how to identify the maple, elm, and oak trees by their leaves. Several walks have been taken in connection with this work.

## GYM CLASSES

Mr. Miller's junior high classes are having marching commands, drills, and fundamentals of tumbling. The high school classes are working on the fundamentals of calisthenics and tumbling.

## GRADE 6

Miss Reams  
 We enjoyed reading the "World Letter," which arrived from Tangier, Morocco, last week.

## We Were Fooled Once

### Can It Be Done Again?

It was almost for years ago that President Roosevelt, seeking your votes, said:  
"This depression is today's problem. We can not, and must not, borrow against the future to meet it."  
"For three long years the Federal Government has been on the road toward bankruptcy."  
"The members of the Congress and I are pledged to im-

mediate economy."  
"For over two years our Federal Government has experienced unprecedented deficits, in spite of increased taxes. That is an impossible economic condition."  
In 1932, speaking from Pittsburgh, where he talked last Thursday, he made these statements:  
"Now the credit of the family depends chiefly on whether that family is living within its income and this is so of the nation. But if, like a spend-thrift, it throws discretion to the winds, is willing to make no sacrifice at all in spending, extends its taxing to the limit of the people's power to pay, and continues to pile up deficits, it is on the road to bankruptcy."  
President Roosevelt, then was talking of the so-called Hoover deficit and he promised to reduce government expenditures twenty-five per cent, to balance the budget, to avoid deficits. On those promises he won the election. Did he keep those promises?  
Last Thursday night he told us that under his administration the national income had increased from thirty-eight billion dollars to sixty billions, that the national debts should be paid out of the increase in national income, without additional taxes.  
But instead of reducing government expense twenty-five per cent, as he promised, he increased it seventy-two per cent. Instead of a deficit of, as during the Hoover administration, three billion dol-

lars, he admitted he had given us a deficit of eight billion, and the figures show it to be thirteen billion, with a total national debt of more than thirty-four billion dollars. Our interest charge is now upward of nine hundred million dollars per year.

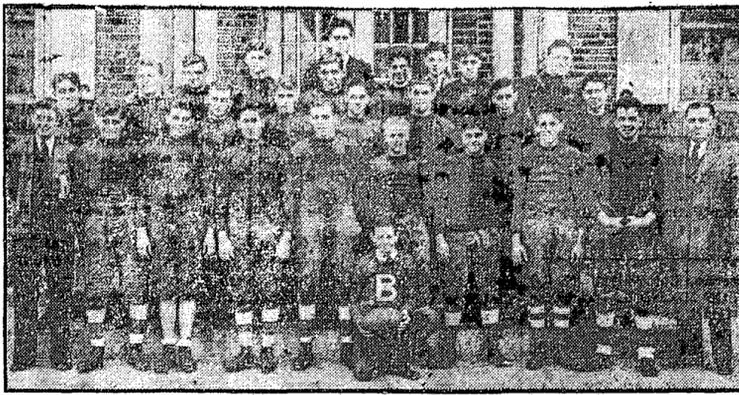

The government's deficit, of which he complained so bitterly, has been increased under his administration, sixty-one per cent. And for this spending what have we had? Waste and extravagance, fraud in relief, unfinished projects by the thousands, a hole in the ground called Passamaquoddy across an arm of the sea, neither of any practical value, and still hundreds of thousands unemployed.

In view of these facts, admitted, never denied, how can the President expect us to place any confidence in his present promises?

Does he think that we have forgotten what Lincoln said:  
"You may deceive all the people part of the time, and part of the people all the time, but not all the people all the time."

Turn, then, from the advice of the man of inherited wealth, from the man who, when he became governor of New York, found a treasury balance of something like five million dollars and left the state bankrupt; who, as President, in a little over three years, has put on an orgy of spending, the like of which has never been known.

Turn from the New Dealers' administration which Democrats like former Governor Ritchie of Maryland; Al Smith, once Democratic candidate for presidency; former Governor Ely of Massachusetts; Bainbridge Colby, former Secretary of State under Wilson; Douglas, Roosevelt's own Director of the Budget; Warburg, his own financial adviser; McCarl, former Comptroller General of the United States, and hundreds of others, good, loyal Democrats, have repudiated because they loved their country more than their party.  
We need less dreaming, less experimenting, less spending, less taxation. Turn to Landon and Knox—Landon, a veteran of the World war; Knox, a veteran of two wars; both, men who have made, in honest business enterprises, their own money; you will know how to conserve the nation's energies and resources and to cut out waste and extravagance.  
For two years I have fought the waste, extravagance, political hypocrisy, of the New Deal, because two years ago, by your vote, you told me that was what you wanted done. I am ready to continue the battle, and Landon, when elected, will need aggressive congressmen.  
Keep your hired man. He has been on the job, shown himself faithful.  
Respectfully,  
OCT. 1936, CLARE E. HOFFMAN, Republican Candidate for Congress Political Adv.

5% OF ALL COAL BURNED IN A FURNACE WITH HOT WATER COILS GOES TO HEAT THE COILS.

"FREE" HOT WATER COSTS THE AVERAGE FAMILY \$24 A YEAR ACCORDING TO PURDUE UNIV. TESTS. THERE ARE 27 NEEDS FOR HOT WATER EVERY DAY IN THE AVERAGE HOME.

PROMINENT universities have proved that about 20% of your fuel during the heating season goes for hot water when you use a furnace coil (evidence on request). Heat is necessary to raise the temperature of water and heat takes fuel.

The furnace coil was considered a satisfactory method of heating water when no better way was known. But today you can have a modern, automatic Electric Water Heater which gives you an abundant supply of hot water day and night. And at present low electric rates you will find it cheaper than less convenient and more hazardous methods. See the beautiful new Electric Water Heaters now on display.

Wrote "Rock of Ages" Augustus Toplady, celebrated divine, was the author of the hymn "Rock of Ages." It was published in the Gospel Magazine in October, 1775, probably soon after it was written, although a local tradition associates its symbolism with a rocky gorge in the parish of Blodden, his first curacy. It was translated into Latin by Gladstone.

AT THE THEATRE

"Heart of the West" Hopalong Cassidy and his range-pal, Johnny Nelson, ride right into the heart of a mess of trouble when they report for jobs at the "Tumbling L" ranch in their new picture, "Heart of the West," opening Friday at the Hollywood Theatre.

"High Tension" "High Tension" might be the description, as well as the title, of the Fox film of that name here Friday and Saturday with Brian Donlevy, Glenda Farrell, Norman Foster, Helen Wood and Robert McWade featured.

"The Texas Ranger" The vast deserts and rocky plains of New Mexico and Texas were used as a background by King Vidor in directing his historic film of the old Southwest, "The Texas Rangers," coming Sunday for three days with Fred MacMurray and Jack Oakie in leading roles.

"The Bride Walks Out" When a young husband has to ask that question, as Gene Raymond asks Robert Young, referring to Barbara Stanwyck, a fast, funny and furious marital confusion results in "The Bride Walks Out," Wednesday and Thursday attraction.

"The Texas Rangers" This unique romantic comedy traces the odd results when a moneyed wastrel becomes sentimental over a new bride and, practically adopting himself into her new home, gleefully insists on looking upon it as a sort of community club in which he should have a place as well as the irascible husband, who finally breaks up the threesome in triumph.

"The Bride Walks Out" Miss Stanwyck's stellar role in "The Bride Walks Out," an RKO Radio Picture, is also supported by Ned Sparks and Helen Broderick "deadpan" favorites of the stage and screen, who contribute their mirth-making under Leigh Jason's direction.

Tahquanmon Falls To Be State Park

Retention of the Tahquanmon Falls area in its natural wilderness state will dominate the policy of the department of conservation in administering the tract as a state park, F. J. Hoffmaster, director of conservation announced today.

Hoffmaster's announcement followed decision of the National Forest Reservation Board to purchase the falls area for exchange for state owned lands within national forest boundaries in Michigan.

The area to be acquired by the state includes more than 2,000 acres on either side of the Tahquanmon River in Chippewa and Luce counties and includes both "Upper" and "Lower" falls. All of the site is within the Lake Superior State Forest.

"We have studied the Tahquanmon Falls area for several years with the hope that some day it might be acquired and developed into a state park," Director Hoffmaster said. "However, we have not made definite plans so far. A detailed survey will be made as soon as possible with a view of immediate development."

"We are decided on but one thing definitely," he stated. "There will be no automobile road directly to the Falls and camping will not be permitted at the Falls. We do not want to spoil the natural beauty of the place by unwarranted extensive development."

It is probable, he said, that most of the "development" will be on the north side of the river. Park headquarters will probably be located on a lake a short distance north of the river. The only contemplated access to the falls will be by foot paths through the woods.

Acquisition of the Falls, Director Hoffmaster said, rounds out plans of the conservation department for a huge wilderness recreational area in the upper peninsula. The Lake Superior State Forest in which the falls are located is rapidly becoming popular with the type of tourist who wants an unspoiled wilderness.

Trapping Season To Open Nov. 1

The first of the fall and winter trapping seasons open in Michigan, November 1.

Beginning on that date and continuing to and including Jan. 31, it will be legal to trap opossum, skunk and badger, throughout the state. The general game law imposes no day or season bag limits on trappers seeking these furbearers.

In the upper peninsula muskrat trappers may begin setting their traps for muskrat on Nov. 1. The muskrat season in the upper peninsula closes on Nov. 30.

The open seasons on trapping muskrat and raccoon in the lower peninsula are staggered. They are as follows:

North of north line of Town 16 N. and west of Saginaw bay from Nov. 15 to Dec. 15 inclusive on both raccoon and muskrat.

South of N. line of Town 16 and east of Saginaw bay, including the Thumb from Dec. 1 to Dec. 15, inclusive, on raccoon and from Dec. 1 to Dec. 31, inclusive on muskrat.

Uphold State Right To Keep Mineral

The State Supreme Court has just ruled that the department of conservation has the legal authority to reserve the mineral rights on lands it sells to individuals or organizations.

This ruling reverses the decision of Judge Fred W. George of St. Clair county. While sitting in Ogemaw county circuit court late last winter, Judge George had ruled that the department did not have the authority to reserve mineral rights on lands it sells and that the leasing of any reserved oil and gas rights to oil operators was illegal.

An appeal to the state supreme court was taken by the department and others. Pending final decision by the state supreme court the department refrained from leasing any reserved oil and gas rights or conducting sales of tax homestead lands. The department now can and will resume the selling of lands and leasing mineral rights, which was suspended following the decision in the Ogemaw court.

County P. T. A. Will Meet Nov. 5

The Berrien County Parent Teacher Association Council will convene at Berrien Springs on Thursday, Nov. 5 for the first meeting of the year, the meeting opening at 10 a. m. E.S.T. The ladies of the Berrien Springs P. T. A. will be hostesses for the meeting. A basket lunch will be served, and an interesting program is in store.

The LANSING LOOKING-GLASS Robert Perkins

"Knox, Knox — Who's There?" — Governor's Mail — Alf's Coming — Hunter's Cautioned — Smiles Light Convention

Governor FITZGERALD, when questioned by reporters at the close of the Grand Rapids G.O.P. convention, voiced the sentiments of everyone in attendance when he smiled and said, "I am very happy." And not without good reason were the Governor's words, for never in the history of Michigan politics has a state convention been so completely harmonious and devoid of bickering.

Although the Fitzgerald influence was everywhere in evidence it was plain that every delegate and every observer was motivated by opinions which were his own rather than those handed down from some font of authority. As the Governor walked through the crowded lobby at the Pantlind, smiling and chatting, everyone else was similarly employed.

Michigan Republicanism was presenting a solid front, a smiling front, and an air of confidence and determination permeated every conversational group on the lobby floor. One elderly woman, chatting at a table in the Coffee Shop, dabbed at moistened eyes as she laughed a bit hysterically and said, "Oh, I'm just sure the country is ready for sanity again. I'm positive Mr. Landon and that nice Mr. Knox will win!"

COLONEL KNOX proved himself a great attraction and his presence at the convention was excellent strategy. People like to at least have a glimpse of men whom they elevate to high office, and at Grand Rapids last week they saw Knox, heard Knox and liked Knox. As the Colonel strode toward the platform an exuberant youth yelled — "Knox, Knox, who's there?" Everyone laughed as a woman with powerful lungs replied, "The next vice-president of the United States." Applause? To be sure!

IN LANSING this week I chatted with P. J. Hoffmaster, Director of Conservation, who is busy spreading the doctrine of safety during the current hunting seasons. Hoffmaster points out that sportsmen, alive and happy today, will some of them be found dead in the fields and woods before the seasons expire. He urges that every precaution be taken in the use of firearms. During the past seven years 124 hunters have been killed and 176 have been injured while hunting small game in Michigan.

CRANK LETTERS arrive in the Governor's mail all through the year. The other-day George Clark, secretary to Governor Fitzgerald, let me run through a few recent ones. Some of them were pathetic, some of them funny, some of them threatening. . . but all of them were born in erratic, twisted

minds that wanted to share their problems with the Governor.

One letter requests that the Governor "order all Christian souls to pray for my wife, a poor woman under a curse"; a postcard from a woman asks for money with which to obtain a divorce; a small town barber applies for the job of "bouncer," to bounce job-hunters out of the Governor's office, yet another man offers his services as "an experienced detective, and if you will hire me I will split my salary with you." One ambitious fellow offers to recruit an army in Michigan, march to Washington, unseat President Roosevelt and place Governor Fitzgerald in the White House. And so it goes. . . threatening letters are never taken very seriously, but invariably go to the State Police. . . the others add to the smiles, frowns and heart-breaking visits the Governor's offices each day. Most letters are answered by a kindly secretary, and sometimes it's a none too pleasant job.

FIGURE THIS OUT if you can. I can't. In 1935 the A.A.A. paid farmers the bulk of the tax money they collected from us — 526 million dollars — to take some forty million acres of farm land out of cultivation. In 1935 the New Deal reciprocal tariff scheme increased farm imports 73 per cent. Foreign countries sent into the United States 43,000,000 bushels of corn, 27,000,000 bushels of wheat, and 3,500,000 pounds of pork and other farm products, which would have required 33,000,000 U. S. acres to produce. Lots like we threw away most of the 526 millions of dollars. Of course, it gave Secretary Wallace's well paid employees in the Agricultural Department something to do — to get the farmers not to cultivate those 40 million acres! But 1,750,000 American farm hands, who would have worked the 33,000,000 American acres, were completely overlooked.

LANSINGITES OF the Republican faith will journey to Detroit on the evening of October 13, there to make the acquaintance of the generalissimo of the Grand Old Party, one Mr. Alf Landon of Kansas, when he makes his Michigan debut. Howard Lawrence tells me that reservations for the affair, to be held at the Olympia, are coming in so fast that handling the crowds will no doubt be a man-sized problem. But Howard will manage somehow. . . he always has.

AND A WPA BAND furnished the music at the Grand Rapids GOP convention! For which some Roosevelt underling will no doubt have to "pay the piper."

### Coal Delivered by Mental Telepathy; A Huss Shows Twin Squash

One day last week Chet Walkden called and ordered a load of coal to be delivered to Geyer school. The next afternoon Chet called to find out why the coal had not been delivered. An investigation discovered the fact that the truck driver had delivered the coal to the Meade School instead of Geyer. The coal for Chet was immediately delivered to his schoolhouse, and everything was O. K. as far as Geyer School was concerned. Just at the time we were straightening out this mix up Cal Bachman called to inquire if we could deliver a load of coal to the Meade School. We were pleased to report that the coal had been delivered the day before and that in the future all that would be necessary would be for him to think about ordering coal and the coal would be there.

September had more rain fall than all of the preceding four months. We are beginning to think that October will run a close second. This kind of weather makes one think of roofs and roofing, we claim there is none better than Certainted. You will be surprised at the low cost of painting your roof with either Asphalt or Asbestos roof coating.

Two of the force, Messrs. Hamilton and George attended a Murphy Mineral Feed dealers meeting at the Oliver hotel, at South Bend Tuesday noon. With our livestock geared up to produce four and five times as much as they did forty years ago it is no wonder that such outstanding results are being obtained by the addition of some minerals which are fast becoming depleted in our soils and grains.

## Chance to Combat Crime at Polls

### Opportunity for law-abiding citizens of Michigan to advance another stage in their battle against lawlessness will be provided at the November election when voters will have a chance to insert new "teeth" in the state's gun law.

Specifically, the voters will decide the merits of a joint resolution passed by the 1935 Legislature with a view to amending the constitution so that the unreasonable search and seizure clause of the constitution "shall not be construed to bar from evidence in any court of criminal jurisdiction, or in any criminal proceeding before any magistrate or justice of the peace, any fire-arm, or any other dangerous weapon, seized by any peace officer outside the curtilage of any dwelling house in this state."

In other words, the law-abiding citizen will retain his right to maintain arms in his own home for the protection of himself and family, but the criminal found in possession of dangerous weapons, in his motor car or elsewhere outside his home, cannot hide behind the constitution, but must face the court with the seized weapons admissible as evidence against him.

If the proposal is adopted, no longer will it be possible for the criminal to carry deadly weapons in violation of the law and snap his fingers at enforcement officers. The result of the adoption of the proposed amendment will be that law-abiding citizens will have ample protection in their homes, but lawless gunmen will carry their instruments of murder at their peril. There will be no argument of counsel for defense that weapons seized on arrest were not taken "by due process of law" and therefore not admissible as evidence.

The most notable instance which shows the need of this change in the constitution and one that was carried through the supreme court, was the case against Sam Stein and Joe Massie, Detroit

gangsters well-known to the Police. Stein and Massie were arrested in Detroit in 1934. Police stopped the cab in which they were riding because it was exceeding the speed limit. The men were armed in violation of the law but Judge John P. Scallan of recorder's court dismissed the charge against them on the ground that the arresting officers had no reasonable grounds for suspicion that they were unlawfully armed. The supreme court later upheld that decision in a five to three opinion.

It was this case in particular, and a large number of similar cases, which led the 1935 legislature to pass a joint resolution submitting a constitutional amendment to remedy what nearly every law enforcement officer believes to be a defect in the basic statute. This measure was originally sponsored by the State Crime Commission and was introduced in the senate by Senators Joe Baldwin and Leon D. Case, the latter a member of the State Crime Commission.

### Simple Economics

"The fundamental principles of government finance are exactly the same common-sense principles that we follow in the handling of our own family finances. So long as our government follows these principles our people will prosper. But if our government disregards these principles, it squanders our resources and destroys the public credit."—Alf M. Landon.
