

Now Here's the Proposition

This here world would be a more heavenly place if people could sit git glad ez ezy as they kin git mad, an' stay that way as long.

Aunt Matilda Buck, whose grandfather started the first harness shop on Front street in 1846, thinks that the heft of a man depends mainly on how long his folks hev lived in town.

Another Depot Rally That was a "purty" good joke about the large turnout of Democrats at the M. C. Depot to see the President train pass through.

Maroons Register 13 First Downs to 12 For Opponents

By Chuck Wesner Buchanan's fighting Maroons completely surprised Coach Bradford's golden clad horde last Friday evening on the Plym park gridiron by scoring on them in the opening stanza of their annual battle.

Statistics: Total first downs, Niles 12, Buchanan 13; first downs scrimmage, Niles 7, Buchanan 6; first down passes, Niles 2, Buchanan 5; first down penalties, Niles 3, Buchanan 2; yards gained scrimmage, Niles 195, Buchanan 75; yards gained passes, Niles 50, Buchanan 95; passes attempted, Niles 12, Buchanan 19; passes completed, Niles 4, Buchanan 10.

Near the end of the second stanza, Masten, Niles' back broke loose and galloped 52 yards before he was brought down by a Buck tackler on the Buchanan 12. Robertson, full back, on two plays advanced the ball to the five yard stripe and Masten plunged thru right tackle for the touchdown.

Will Introduce New, Unique Foot Comfort Service

Dr. Scholl's Scientific Shoes Will Be Demonstrated Oct. 24, At Jos. Roti Roti's Shoe Store

They say that Truth is stranger than Fiction and that old adage may be aptly applied to this story. To build shoes that would satisfy the most discriminating taste and at the same time fit comfortably has been the despair of shoe manufacturers.

Years ago Dr. Scholl, the well-known Foot Authority, began to work on a line of shoes that would completely solve this knotty problem. When he gave to the foot-suffering public his famous line of Scientific Shoes, his efforts were crowned with success.

Mr. Roti Roti, who has for years been headquarters for Dr. Scholl's Foot Comfort Appliances and Remedies, has arranged with Dr. Scholl to demonstrate his Scientific Shoes at his Shoe Store on Saturday, Oct. 24th.

Portage Orchestra to Present Program

The Portage Prairie Sunday School Orchestra will present a program at the Buchanan Evangelical church Sunday evening, Oct. 25, beginning at 7:30 p. m. The program will be as follows:

Place Famed in Annals of Buchanan; Legends Cluster About Its Precincts

A new chapter was begun in the story of a historic acreage recently when Dr. Kenneth Gamble started construction of a home on the old Zimri Moon farm on Moccasin Bluff, which he recently bought.

In addition to possessing one of the most beautiful river views in southwest Michigan, Dr. Gamble's 23 acres is a storied place in the memory of Buchananites. In fact it has a prehistoric record for on the archeological map of the state published by Dr. Hinshdale of the University of Michigan two Indian mounds are indicated on or about this area.

Zimri Moon was a sort of a hermit and a number of legends have grown up about him. One is that he was murdered near his shack on the bluff edge by parties looking for money that he had hidden.

John Covey 94 Years Old

Served in 1st. Mich. Artillery; In Chase of Morgan The Rebel Raider

John G. Covey, one of Buchanan's two surviving Civil War representatives, observed his 94th birthday quietly Tuesday at the home of his daughter, Mrs. Bert Mitchell, six miles southwest of Buchanan.

Covey was enlisted in Battery L of the First Michigan Artillery, his unit being mustered into service at Coldwater, Mich., April 11, 1863, and leaving for the south May 20. Within three weeks they saw service in several engagements in the chase and capture of General Morgan, the Confederate raider, through Kentucky and Ohio.

After that Battery L was stationed alone several places in guard duty, spending the winter of 1863-64 and until June 11, 1864 guarding Cumberland Gap. The last months of the war the battery guarded the great hospital for Union sick and wounded at Knoxville, Tenn. He was discharged with the break-up of the battery, Aug. 22, 1865. The First Michigan Light Artillery did not serve as a unit, its various batteries being scattered through the army and Covey did not serve in any army or division after the capture of Morgan.

Cass Rozelle Bossed Job of Raising 215 Ft. Pole on Days Ave. Back in 1888

Record Number at Legion Meet Here

It's been a long time since Buchanan has seen an old-fashioned political pole raising, not since the turn of the century, but if either or any party wants to raise one, Cass Rozelle of Dayton is the boy who can show them how, even if he can't shin an 80-foot derrick and ride it down as he did on Day's Avenue, in the Cleveland-Harrison campaign of 1888.

One of the largest turnouts of veterans in the history of the Berrien County American Legion organization was present at the meeting here Friday evening, about 200 Legion men and their wives attending.

THESE FEET CAN BE PROPERLY FITTED

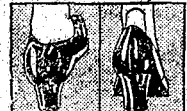

Dr. Wm. M. Scholl, world famous authority on feet and shoes, says that no type of foot is too hard to fit properly, if the right type of shoe for the individual is supplied and is scientifically fitted. He proves his point in our store during the biggest exposition of its kind ever held in this city at any time. Dr. Scholl's shoe fitting expert, direct from the factory in Chicago, will conduct this unusual public

DISPLAY and DEMONSTRATION of Dr. SCHOLL'S SCIENTIFIC SHOES

to be held in our store Saturday, Oct. 24

Dr. Scholl's Shoes are designed on the Straight Line Principle which provides perfect body balance on the three weight bearing points of the foot. This eliminates fatigue.

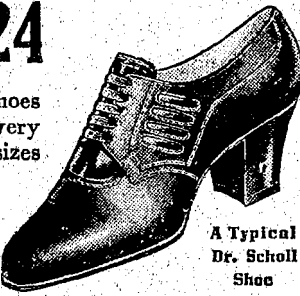

First illustration shows poor fit at the heel. The second shows how snugly Dr. Scholl's Shoes conform to the pear shape anatomy of the heel.

Glove-fitting arch and other special features insure ease with the first fitting; no "breaking in" required.

Here is Dr. Scholl's Bunion Orford specially designed for feet troubled with bunions; remove the pressure and lift the bunion; extremely comfortable—yet smart.

A Typical Dr. Scholl's Shoe. One of many styles, each anatomically correct, comfortable—yet smart.

SEE YOUR FEET in the X-RAY

By stepping on Dr. Scholl's Fluoroscopic X-ray you look down at your feet and see through your shoes clearly, in a gelatine-like outline, the bones, tissues, shoe construction, and the actual positioning of your feet and toes in the shoe. Come in—see your feet on the X-ray.

NAVY DAY PROCLAMATION

Whereas, Navy Day will be observed throughout this nation on Tuesday, October 27, for the purpose of honoring the personnel and officers of our country's sea forces who stand ready to defend our land and institutions against invasion and aggression by unfriendly powers or influences, and to pay tribute to the memories of those who, since the establishment of our Navy by Act of Congress in 1775, have ever been ready in the national defense, many of them laying down their lives in the performance of their patriotic duties; and

Whereas, that day also will be nationally observed as the anniversary of the birth of "The Father of our Modern Navy," Theodore Roosevelt, who brought sharply to our people the need for an adequate defense by sea; and

Whereas, this nation always has been foremost in giving of its wise counsel for the preservation of world-wide peace, and today desires nothing more than the continued peace of the entire world, proposing to meddle not in the affairs of other nations and maintaining only its right to protect its own borders, its institutions and its people and their liberties.

Therefore, be it resolved that I, Frank C. Merson, Mayor of the City of Buchanan, by virtue of the authority vested in me by law, do designate Tuesday, October 27, as Navy Day, so to be observed and celebrated in this community by the appropriate display of the national colors, and by means of such programs and patriotic meetings and readings as may be arranged to commemorate the occasion.

Further, I strongly urge that in all of the churches of this community, proper and appropriate note be made of this anniversary on Sunday, October 25, and that prayers be offered to Almighty God that our country may maintain its peace and dignity toward all other nations, at the same time continuing its splendid efforts and influence for peace among all the peoples of the world.

(Signed) FRANK C. MERSON Mayor of Buchanan. This 19th day of October One Thousand, Nine Hundred and Thirty-six.

Bob Koenigshof Visits Kentucky Mines; C. Cripe Chairman of Farm Bureau

The Farm Bureau meeting held at the store last Wednesday evening was surely well worth while. About fifty folks attended. The discussion concerning the four amendments was very interesting. No. 1 seemed to be one that it would be well to favor but No. 2 concerning a change in county government found some folks on each side. Numbers three and four were definitely bad and agreed they should be voted down.

Mrs. Frank Hamilton led the singing, and how folks did sing! The building still stands but it sure got a good shaking. Doughnuts and cider were furnished by the refreshments committee and try as they would the crowd was not equal to the supply. The permanent officers elected were as follows: Chairman, Clarence Cripe; vice-chairman (in charge of the vice dept.) Richard Koenigshof; Treasurer, Glenn Vite; secretary, A. J. George; entertainment com., Noah Anderson; program com., Koenigshof; refreshments com., A. E. Houseworth.

Editorial

Many of us drive cars and we know that we are supposed to drive on the right side of the road. This law was made so that drivers could avoid confusion in passing. Many of our accidents happen because a careless or reckless driver is on the wrong side of the road. There is no law in Buchanan High School which says that you should keep to the right, but there should be. There is much confusion when classes are dismissed because those people in classrooms at the east end of the hall have to get to their lockers in the other end of the hall.

Our room has elected Arthur Elbers, captain, Robert Vautau and Florence Fressis lieutenants.
We have twenty-four names on our dental honor roll.
Miss Spear fifth grade:
We have chosen the following to represent our room in the Citizenship Club, Captain, George Zupke; lieutenants Janice Pierce, and Keith Ednie. These officers last for six weeks then new leaders will be elected.
We have eighteen on our dental honor roll.
Miss Connell first grade:
Miss Connell's first grade has started a farm project. Miniature homes and furnishings are being made out of modeling clay. Many attractive things are being made for our sandtable.
We have started a series of Talks in our language class. We are now discussing, "Fair Play and Loyalty" both at home and in school.
The following people are on the dental honor roll: Philip Small, Ted Thurston, Ralph Thurston, Gay Vanderburg, Robert Jerue, and Nedra Smith.
Miss Meams sixth grade:
The following were elected to represent our room in the Citizenship Club—Captain, Phyllis Carlisle; lieutenants—Billy Montgomery, and Wilma Morgenthaw.
This week we are studying, "British Lands in Africa."
Miss Bohl third grade:
We have been reading the book "Takamere and Tonhon" which is about two little Indian children. This story written by Joan Dalrymple was voted the best: ("Takamere and Tonhon")
Once upon a time there was a little Indian girl named Takamere, and a little Indian boy named Tonhon. They both had ponies. Takamere's pony's name was White-star. Tonhon's pony's name was Blackfoot. Tonhon was a brave young man: He loved to hunt and he did.

MATHEMATICS

The algebra classes are solving problems by the use of algebraic equations. These equations express the statements of the problems in terms of symbols.

WATCH YOUR STEP

We have a red headed terror around school now, so watch your step. If caught in a peculiar situation, watch out for a gentleman with a little black box. For if you don't, a reproduction of the event, camera true, is inevitable. No chance for paying blackmail for this gentleman is out and around getting snapshots for the annual. Be careful, the camera sees everything!

THE BIG QUESTION

What's the big attraction in Niles?
Why don't they have more teachers' institutes?
How will the student council work out?
Why are students so glad when Friday night comes?
Why is everyone so dreamy-eyed Monday mornings?
Bessie Crothers

FAMILIAR NOISES

Whispers during a test.
Explosions in chemistry class.
The band practicing during the third and fourth hours.
The boys home ec class washing dishes.
Typing classes.
Fifth hour history class applauding honor students.
Arguments in adv. math class.
Johnny Fulks' laugh.
Machines in the shop.
Passing between classes.
Teachers telling everyone to study.

HAVE YOU NOTICED—

Richard Dilley's black eye?
Norma Yoder's temper?
Harold Hansen's new sweater?
The annual's snapshot artists?
A hippotamus walking around in the halls?
Any new suits?
Max Beadle's sarcasm?
James Housman's satirical attitude?
Ben Harvel on Fourth street?
The pet crow at every football game?
Phil Pierce's model "T" in Mishawaka?

JUST A THOUGHT

The agriculture students are of the opinion that it is not always the farmer who is dumb. The city man who buys a hatchet to cut a corn crop, the one who tries to buy dill pickle seed, or the one, seeing honey on the farmer's table, asks if he keeps a bee, show a low type of brain power or lack of common intelligence.

USHER CLUB

The usher club held a meeting October 14, 1936 in Miss Quade's room.
The purpose of the meeting was to discuss the sort of tie the girls will wear. It was decided to wear a maroon foreign hand tie.

GENERAL ASSEMBLY

A general assembly was held in the auditorium October 14, 1936.
Miss Quade was in charge of the program which consisted of a short play put on by the office practice class. The following people took part: Arthur Trapp, the boss, Imogene Russell, stenographer, Billy Poorman, first assistant, Ruth Babcock, second assistant, Jeannette Levin, stenographer, Bob Bennett, office boy. The play was very clever and liked very much by the student body.
A short pep meeting followed the program. A snake dance was held Wednesday night October 14, 1936, at the athletic field.

OFFICE NEWS
Mr. Moore will attend the meeting of Berrien County Principals at Three Oaks Tuesday evening.
The senior credits have been posted in the upper halls and Mr. Moore asks that all seniors check up on credits as soon as possible.
When the initial enrollment was turned in for the state report there were 321 pupils in the Buchanan High School. For the North Central Association report there were 325. The total enrollment for last year was 296.

MR. ELBERS
Seventh grade geography classes have finished work on the Orient and are now making a brief study of the polar regions. They are also studying simpler problems of international relationship.
The 8th grade history classes are beginning the organization and accomplishments of Washington's

first administration.
The speech class is considering the development of directing speech from the audience point of view.
Government eleven is beginning the study of the executive department. Charts are being made showing the different forms of the executive department.

NOTICE
Mr. R. Squires has been attract-

ing attention to the redness of Mr. V. Viganaky's nose. As to whether it is very red or not we'll let you be the judge. However, Mr. Squires' nose is of no little prominence itself, and he should be notified of this.

PHYSICS
The physics class is studying the mechanics of gases. They are also dealing with the atmospheric pressure and all its effects. The study of the barometer, aneroid and mercurial, will take place. It is possible with the barometer to measure the changes of air pressure and thereby predict the weather twenty-four hours ahead. The barometer is not a new instrument. It was invented by Torricelli, an Italian, about 1643.
They will also take up the study of appliances that work because of air pressure.

Insist it move by railroad

When there's freight to go, when there's freight to come, insist it move by railroad.
Freight via railroad means efficient handling, speedy movement, on-time arrival.
Freight via railroad means a protected shipper, a protected shipment, a protected delivery.
Freight via railroad means using the only transit agency whose average charge is less than a penny a ton a mile.
Make this a habit: Have all freight go—and come—by rail.

Save Your Home—Your Country

By rescuing it from the hands of those who think more of the Old World and its institutions than they do of America.

Do you know that we have seven and one half million unnaturalized foreigners in this country?

That there are six million unnaturalized foreigners holding American jobs?

That there are one and one half million unnaturalized foreigners on our relief rolls which the taxpayers are aiding and supporting?

That there are three and one half million foreigners in this country who are here illegally and whom Frances Perkins, Secretary of Labor, Mrs. Eleanor Roosevelt's intimate friend, refuses to order deported, though the law requires it?

Do you know that Americans in foreign countries are permitted to hold jobs there but a short time and that none are supported by foreign aid?

Charity is a fine thing, but it should begin at home.

Gathered around the President and there by his consent, are Hopkins, "the spender"; Wallace, "the Apostle of Scarcity," who would prevent the growing of crops, destroy crops, make hogs into grease and fertilizer, give the American domestic market to foreigners; Tugwell, who builds at excessive cost homes and towns with government money, where there is no one to live in them; Frankfurter and his disciples, who think the constitution out of date; and a host of others who have aided in

centralizing power in Washington. The President said in a message to Congress:

"Within our borders, as in the world at large, popular opinion is at war with a power-seeking minority."

"We have returned the control of the Federal Government to the city of Washington.

There is a power-seeking minority, but it is located in Wash-

ington; it surrounds the President. Not only the control of the Federal Government, but of the State Governments, has been returned to Washington, and that power is in the hands of this small group which rules by executive order, not by law, and there lies the danger of a dictatorship in the making.

The foregoing are facts. If you love your home, your country, if you want opportunity for your

children, elect a Republican President and a Republican Congressman who knows his way about, who has the courage to stand forth and fight the battle against the New Deal.

If the foregoing statement meets with your approval, not only let me have your vote on election day, but from now until that day, help out the New Dealers. This appeal is made to patri-

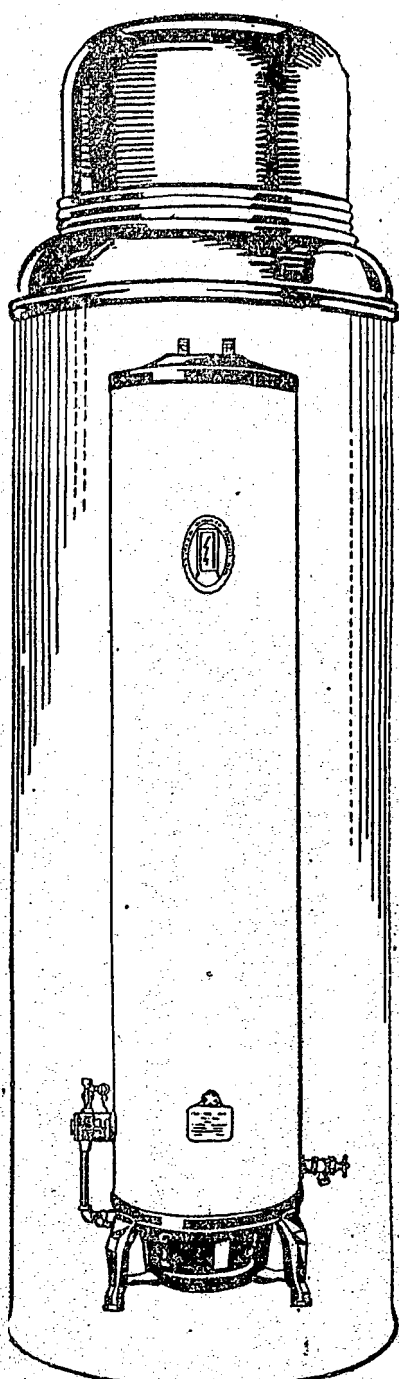

tic Democrats whose party organization has been stolen from them, as well as to Republicans.

Respectfully,
CLARE E. HOFFMAN,
Republican Candidate for Congress.

After the Victory, The Remedy

When the victory has been won, Landon and a Republican Congress elected, let us give to the voter and the taxpayer, not words and promises, not by way of dole, relief, or made work, a fraction of the money taken from him by excessive taxation; not a curtailment of his liberty, of his right to do business in a lawful, proper manner, but legislation which will prevent waste, keep the spoilsman's hand out of funds appropriated for relief, a reduction in his tax burden, a lessening in the number of federal employes, few-

er laws and less officials to administer them. Let us give him legislation which will do away with that horde of public officials who now crowd Washington like sardines in a box, who are scattered out all over the country like a cloud of locusts until it is said that one out of every five is on the government payroll.

Give him legislation which will withdraw government from private business, which will prevent monopoly, which will give producer and consumer his just due, which will give the American consumer market to the American farmer-producer, which will bring our expenditures within our income, which will enable industry to provide jobs at a living wage

rather than giving government aid through dole or relief payments, which tend to prevent re-employ-

ment and bring the farmer, in his effort to secure help, in competition with government-paid men. In short, let us be honest with ourselves, live within our income, encourage industry and thrift, and with public funds give to those, and only those, who are deserving of that aid and who are willing, when occasion arises, to help themselves.

Democrats have been robbed of their party organization, their platform has been scrapped by the New Dealers. Let us then, Democrats and Republicans, join together against the New Dealers and the Communists in this election and then carry out those promises made in '32 to practice economy, balance the budget, reduce the number of Federal office-holders and, at the same time, go forward on the theory that American men and women are still capable of thinking and of doing for

themselves—a theory which will keep for us and our children the same opportunities which we formerly enjoyed and this in a land which is free from regimentation and dictatorship—in short, a government under laws enacted by the people's representatives, rather than a government of men, grasping power and advancement for themselves. If you believe in these things, let me have your vote on election day.

Respectfully,
CLARE E. HOFFMAN,
Republican Candidate
for Congress.

Carroll B. Jones Candidate for State Senator Addresses Taxpayers

To tax payers of Berrien County: The refunded Covert Road bonds of Berrien County will soon be maturing. Questions of extending maturities and return of gas and weight tax monies to the counties are involved in any effort that may be made to mitigate the pending tax burden.

These are matters on which I am well informed and concerning which legislative action may prove desirable. It constitutes just one of many situations in which you will find me ready and willing to work for the interests of District Seven if elected to represent you in the State Senate.

Sincerely yours,
CARROLL B. JONES,
Democrat Candidate for State Senator.
