

# 4 KILLED IN WRECK AT DAYTON SUNDAY

## Organize Association to Provide Modern Library For Buchanan

### Now Here's the Proposition

Mr. and Mrs.

(Editorial note: A number of weekly papers over the country have contracted the words "Mr. and Mrs." to "Mmrs." to save space.)

Why grudge a few lines to the Mrs. and Mr. For all that you have you're indebted to them; Oh brother reporter, or albeit sister, Why should you deny them a few lousy ems? Just leave them intact and alone in their glory. They've sure earned their keep in a number of ways. For many a tale and heart-stirring story Find haven and home in that homely old phrase. Long, long may they live as a time honored fixture While stories continue and items increase, For when that fond twain disappear from the picture, Soon every occasion for printing will cease. There'll be darned few ads in the classified columns. The press will die down and the printer desist; The box office intake will fall off in volume When the missus is missing, the mister is missed.

—Walter C. Hawes.

### The Chicken Business

The dilemma of the chicken farmers brings to mind the sad case of the veteran, said to be from Buchanan, who took his bonus money and went into the chicken business. He bought three acres of land, built him a big poultry plant and ensconced there in a flock of 2,500 chickens. Later a friend asked him how his poultry plant was coming.

"Not so good," he said, "I haven't enough room."

"There isn't enough room on three acres for 2,500 chickens?" asked his friend.

"Heck no!" was the disgusted reply, "Not even enough to bury the chickens."

### Advice From An Old Head

A youthful author by the name of Max McKahan contributes this pungent and pointed lyric from the wealth of his experience:

When you've come to end of your rope And you've found that you must take your dope, Just listen to this, old man, And take it as easy as you can.

### Roosters Break Laying Records

Charley Blodgett has a chicken story to tell that has points.

Last year he went to a Buchanan poultryman and bargained for fifty young White Leghorn roosters, which he intended to fatten up, more for his children than for himself. The roosters did very well, fattening fine and getting in to a very edible condition. Not only that but 29 of the 50 went to laying eggs.

### Bob Geyer Shows

### Play at Gary

Mrs. W. A. Rice was a visitor Monday and Tuesday in Gary and Chicago, attending Monday evening a presentation by the Gary Little Theatre of a play written and directed by Bob Geyer. The play was well rendered and was well received by the audience. Geyer was a leader in amateur theatricals here, and has continued to pursue that interest at Gary, where he is employed in the steel mills. He is director for the Little Theatre group there and has successfully staged a number of plays. He has also designed and executed beautiful interior decorations and lighting effects for the Gary Little Theatre, which have attracted wide interest there.

Richard Tormey, in charge of state sales tax collection for south Berrien county, was in Buchanan yesterday.

## Form Library Association

Temporary Officers Named  
to Precede Permanent  
Organization

A temporary set-up preliminary to a permanent Buchanan Library Association was formed at the high school Tuesday afternoon, in a conference between Miss Constance Bement, director of the Michigan State Library Extension department and representatives of the Thirty Club, the Parent-Teachers, the Child Conservation League, the College Club and the Lions Club.

Mrs. A. S. Root who had conducted arrangements very successfully to this point as chairman of the Thirty club committee refused to accept election as temporary chairman, and the following temporary officers were named: chairman, Walter C. Hawes; secretary-treasurer, Mrs. Ray Miller. Arrangements were made to start at once on a permanent organization on the model of one suggested by Miss Bement, and the secretary-treasurer was authorized to accept memberships at a fee of 25 cents.

Miss Bement stated that while the Buchanan library is far from up-to-date, it has a valuable "back-log" of old standard books to form the nucleus. She recommended that as far as possible the funds available this year be used to build up the book and reading room facilities, and that if possible the resources of free quarters, heat, light and supervision that the organizers have in mind be taken advantage of at least temporarily.

Indications point to a drive at an early date to provide Buchanan with the beginning of an up-to-date library and with a policy which will maintain and improve it from year to year.

This is indicated by the fact that several of the women's clubs, under the initiative of the Thirty Club, have appointed committees and are now working as a general library committee to investigate all possible sources of income before going before the city commission with a plea for support.

Information from a state library organization informs the Record that its editorial statement regarding the bill now before the legislature to provide state aid by a levy approximating 25 cents per capita or \$1,250,000 for the state for the purpose of aiding local libraries was incorrect in one detail. For the first three years the library would not have to have an income of \$6,000 annually but would be permitted to participate in the state aid to the extent of over \$900 annually on the following conditions: 1. That the governmental unit supporting the library increase its appropriation over that of last year; 2. That no aid be given any library which receives less than a three mill tax in support.

Superintendent Stark stated at a committee meeting held Saturday afternoon that in the event that a room can be found, temporary provision for superintendence can be made from those now receiving financial assistance from state or federal projects, such as the national Youth Administration.

A number of Michigan towns have been aided from WPA sources in the past few years, the maintenance of the library being made a project, to the extent of provision of the librarian's salary at least.

### W. S. T. C. Speaker to Address P. T. A.

A member of the extension department of the Western State Teachers College will speak at the regular meeting of the Buchanan Parent-Teacher association at the junior high school assembly at 7:30 p. m. Monday evening, March 22. The business portion of the meeting will include the election of officers and community singing. A report will be made by the library committee. Each parent is requested to bring a guest. Refreshments will be served.

## Seven File For City Commission

Political Interest Centers in  
Polls as Amendment Backers  
Mark Time

One of the most hotly contested city elections of years on April 5 has been assured by filings of seven candidates for the two positions to be filled on the city commissions.

Commissioners Harry Brown and Arthur Voorhees are filing to succeed themselves. In addition petitions were filed with city Clerk Harry Post for the following city board candidates: Fred Smith, Frank Imhoff, Wilson Leister, Fred Schwartz, William Nelson.

Harry Boyce and William Fette are uncontested to succeed themselves as county supervisors from the two city precincts. For the two posts of constable to be filled Ed. F. Mitchell, Fred E. French and Francis True have filed.

No action has been taken by backers of the charter amendments but it is stated unofficially that they will circulate another petition.

## Floyd Sanford Dies in New York

Glenn Sanford received a telegram Tuesday morning informing him of the death of his brother, Floyd A. Sanford, 51 at Fulton, N. Y.

Floyd Sanford will be remembered by many people of Buchanan and vicinity as he made his home in the Bend of the River section for a few years, leaving here about 15 years ago. He is survived by his widow, Mary Sanford, by three sons and three daughters; by two sisters, Mrs. Minnie Phillips of Niles and Mrs. Lillian Dutton of Spokane, Wash.; by one brother, Glenn Sanford, Buchanan.

## Mrs. Alice White Taken By Death

Mrs. Alice White, 76, died at the home of her son, Richard White, at 10 a. m. yesterday, and arrangements have been made for funeral at the residence at 207 Days avenue at 2:30 p. m. Saturday. Burial will be made in Oak Ridge cemetery.

The Ford V-8 in which Gordon Ogden Sr., Gordon Ogden, Jr., of Hammond, Ind., and Leo Richter of Dayton were killed Sunday is here shown as it appears at the Lintner garage in Gallen. The torn top indicates the force with which the victims were thrown clear.

Announcement was released Monday of the payment March 15 of 40 cents per share on Clark Equipment common and \$1.75 per share on Clark Equipment preferred on stock as of record Feb. 26.

## Widow Wizard Oil Maker Dies

Mrs. Mary Hamlin Dies in  
Calif. at Age 100 years

Chicago papers of Monday carry notices of the death of Mrs. Mary Eleanor Hamlin, many years ago a Buchanan resident, at the age of 100 years.

Mrs. Hamlin died Sunday, March 14, in Pasadena, Calif., after having celebrated her 100th birthday on February 22. She was the widow of John A. Hamlin, the maker of Hamlin's Wizard Oil, and a Chicago theatre builder and operator.

The story has had wide currency here that the Wizard's Oil was made here. This was not true. Hamlin apparently established a home for his family here in the seventies, and they lived here for some time, while Hamlin carried on a manufacturing business in Chicago. They had been married in Cincinnati, O., in 1860 and had moved to Chicago the following year. Hamlin originated his Wizard's Oil in Cincinnati and developed it in Chicago. From his Chicago headquarters he maintained medicine wagon routes over the entire country.

## Scout Troop 41 Enjoys Camp Outing

Under the leadership of Scoutmaster Donald Shafer, members of local Scout Troop No. 41 enjoyed the week end at the council camp at Madron Lake.

There were sixteen present on the trip, instructions in the art of camp-cookery were given in the preparation of the meals, night games were played after the evening meal Saturday and a number of the scouts passed second-class tests on Sunday.

This overnight trip which was the first venture of this type attempted in 1937 was very successful and Scoutmaster Shafer who is quite a recognized authority in scouting circles on Nature Study and camp and woodcraft, states that there will be a number of such excursions to various places in the coming Spring and Summer months.

## On Honor Roll at M. State College

Among those receiving honor awards at Michigan State College for excellence in last year's work are Hope Kelley, Rosemary Thompson, Ralph Zerbe, and Janet Kelley, all graduates of Buchanan high school.

Michigan State College students received honors they earned during the 1935-36 school year at the annual Spartan Achievement Day, held recently (March 11) in the campus gymnasium.

Dr. W. D. Henderson, director of the extension service at the University of Michigan, was the principal speaker. Dr. F. T. Mitchell, dean of men at Michigan State, presided.

## Called West By Death of Father

Mrs. Willis Delibac and Mrs. Wilbur Beadle left Thursday for Hennessey, Okla., called there by the death of their father, James Johnson, who passed away Wednesday evening, March 10, at the age of 79. The two women had visited him last fall.

## C. A. Andlauer Taken by Death

Had Practiced Calling of  
Tailor in Buchanan 27  
Years

C. A. Andlauer, 78, a tailor and well known resident of Buchanan for 27 years, died Tuesday and funeral services will be held at the Childs Funeral home at 2:30 p. m. today, with Rev. H. W. Staver of Marshall in charge, assisted by Rev. W. H. Brunelle. Interment will be made in Oak Ridge cemetery.

Charles Alfred Andlauer, son of Frederick and Sarah Jane (Lippes) Andlauer, was born at Pierceton, Indiana, December 14, 1858, and passed away at his late home, 107 South Detroit street, Buchanan, at 9:35 Tuesday morning March 16th at the age of 78 years, 3 months and 2 days.

On December 14, 1878, he was united in marriage to Miss Mary S. Kyle, who passed away April 27, 1936. To them was born one daughter, Miss Myra Andlauer at home. He is also survived by one sister, Mrs. Lotta Long of South Bend.

The Andlauer family came to Buchanan from Niles some twenty seven years ago and Mr. Andlauer has conducted a tailor shop until six weeks ago when the disease which proved fatal compelled him to relinquish his work. His father was a native of Alsace, France, and from him he learned his trade and at which he had worked in a number of the leading cities of the country including North Manchester, Ind., Galesburg, Ill., Chicago, Lansing, Mich., Niles and Hamilton, O.

The Niles Community Chorus will present a sacred concert in the Presbyterian church at 7:15 p. m. Sunday evening, with Mr. Frigard, vocal instructor in the Niles schools as director. The chorus will be accompanied by Mrs. Ada Sortore, Niles. Mrs. M. H. McKinnon will play the organ prelude and postludes. The public will be welcome.

## Family Taking Rabies Treatment

Mr. and Mrs. Claude Hess and two children are now receiving rabies treatments because of the fact that their pet dog which died about a week and a half ago was proved infected. The animal had not bitten anyone.

## Break Into Office Of Babbitt Yard

The office of the Babbitt Lumber Yard was broken into some time Tuesday night and all of the drawers of the counter, desks and filing cabinets were ransacked by unknown parties or party, evidently looking only for money. All money had been removed however and nothing was taken. Entrance was made by forcing up a rear window and exit by the rear door. Ed. Weatherwax, yard man, discovered the entrance when he arrived at the office at 7:45 a. m. Wednesday.

Two members of the society will be in charge and will be glad to aid any needy person who calls.

## Leo Richter of Dayton is Victim

Rear Tire Blowout at High  
Speed Believed to  
Be Cause

LATER: John Ogden, 24, Hammond, Ind., died at 11 p. m. Tuesday in the Pawating hospital, Niles, his death raising the toll in the accident east of Dayton Sunday to four.

His wife is receiving treatment for a fractured right shoulder blade and a fractured bone in her hand.

Death struck again swiftly on the highway three miles southwest of Buchanan late Sunday afternoon, taking a toll of three lives, Leo Richter, 53, of Dayton, Gordon Ogden, 29, and son, Gordon Ogden, Jr., 2, of Hammond.

John Ogden, 24, brother of Gordon Ogden, is lying with fractured spine, in a dangerous condition in the Pawating hospital in Niles. Mrs. Gordon Ogden and Mrs. John Ogden were painfully cut and bruised but not seriously injured.

The Ogdens were from Hammond and were visiting at the home of Floyd Klammer, Dayton, and with other friends. They were frequent visitors in Dayton. They had picked up Leo Richter in Dayton and had driven into Buchanan, stopping at a local store for ice cream and thence had driven to the Jerome Seabast home for a short visit. Thence they drove to Baktown by the cut off, and were en route on M-60 to Dayton when the accident occurred immediately east of the Dayton Lake bridge at 5:45 p. m.

There are several theories as to what happened, but it is possible that the train of circumstances which led to the tragedy started when a right rear tire blew out while they were traveling at high speed. Gordon Ogden, the driver, apparently let the car get somewhat out of control and the right wheels left the pavement. He apparently righted it sharply and it rolled over and over. The top was torn out and all of the inmates of the car except Mrs. Ogden were thrown clear. Leo Richter and Gordon Ogden were apparently killed instantly. The little boy, Gordon Ogden, Jr., died at 9:50 p. m. at the Pawating hospital, Niles.

A strange angle of the tragedy was the fact that Leo Richter did not drive at all because he was afraid of cars. He owned a car, but if he wished to use it he would always get someone else to drive it.

The body of Leo Richter was taken to the Swem Funeral Home and that of Gordon Ogden to the Price & Kiger Funeral Home at Niles.

Leo Richter was born April 10, 1884, at Dayton, Mich., the son of Julius and Emily Richter, and had lived his entire life there.

At the age of 17 he entered the employ of the Michigan Central railway, working under his father, and succeeded his father as foreman at Dayton on the latter's retirement. He was married to Evelyn Sarver Sept. 17, 1909 at Dayton. He is survived by his widow; by four daughters, Mrs. Mary Forthman of Buchanan, and Myra, Dorothy and Margaret, at home; by two sons, Lyle of Gallen and Oscar at home; by one sister, Mrs. Emma Matthews, South Bend; by three brothers, Edward and Fred of Dayton and William of Michigan City.

He was a member of the Odd Fellow and Modern Woodman lodges of Dayton. Last rites were held from the family home at Dayton at 3 p. m. with Rev. C. A. Sanders in charge and burial was made in the Oak Ridge cemetery. Pallbearers were Ralph Allen, Bick Smith, William Fette, Walter Ernberger, Ross Burrus, Claude Sheldon.

Mrs. John Ochenryder incurred a badly sprained knee Thursday when she stepped in some grease on the sidewalk and fell.

Mrs. Wilbur Beadle and son, Lester, and Mrs. Willis Delibac arrived home Tuesday from Hennessey, Okla., where they had been called by the death of the ladies' father, James Johnson who died March 10 at the age of 70. They had visited at a family reunion at his home last fall.

## TRAFFIC LIGHTS NEEDED

There have been repeated suggestions for two traffic lights on Portage street and its extension, the South Bend road, one at the intersection of Portage and River streets and the other at the intersection of the South Bend road and M-60.

Every now and then there is an occurrence which lends weight to one contention or the other. There have been a series of minor accidents at Portage and River. At certain times of the day there is a heavy traffic on River street. The Portage traffic has the right of way at all times, but it is dangerous to presume too heavily on the traffic.

At the Hall Apple Farm corners there was another costly wreck Friday afternoon, when a light Indiana truck undertook to run across M-60 without stopping and was hit in the rear by a heavy Commercial Carrier truck. The carrier was luckily empty. The light truck was struck in the rear and careened on, striking the electric light pole on the east side of the road. The carrier trailer jackknifed and the front part overturned on the south side of the highway. Luckily neither driver was injured, but doubtless damage enough was done to pay for the installment of a light and its operation for some time.

Taken into consideration the known disinclination of the public to respect stop signs, each of these intersections are potential menaces to property, to health and to life. Wrecks are messy and hospital bills and undertaker charges are costly. It might be cheaper to try traffic lights.

## THE CONSUMER IS THE BENEFICIARY—FOR ONCE

The new policy among food producers in various lines of resorting to special advertising campaigns and lower prices to dispose of surplus products, rather than the old policy of destroying part of the crop to maintain a high price level, is all to the good as far as the consumer is concerned.

Buchanan people will remember the campaigns staged by the citrus fruit producers in February to dispose of the nation's record crop at record low prices. This is a distinct reversal of policy for the citrus fruit producers. It was the producers of that commodity who originated, among farmers at least, the policy of limiting production to maintain in prices. Years ago the California citrus fruit growers were pointed out as the only farmers "smart" enough to follow the policy of limited output.

Now comes word that another campaign is in the making of which the consumer will again be the beneficiary. Now that the fancier grades of lemons, oranges and grapefruit have been disposed of, the poorer grades are being canned and soon there will be another promotional campaign for the sale of the canned citrus, which has been rapidly gaining in favor in the past few years.

Also the Colorado-Nebraska Lamb Feeders Association has a surplus lamb crop that has been moving slowly and they have been resorting to the device of lowering prices and advertising in various ways to induce the consumer that lamb at current prices is a good food buy.

At a time when living costs of all descriptions tend to rise, this is a distinct endowment in better living for the general public. It seems that it might be good policy for the consumer to respond generously to these campaigns, in the hope that other lines of production will decide to dispose of their surplus, not by dumping, but by passing on the benefits of plenty to the average man.

## 10 Diseases Lead In Michigan Deaths

Seventy per cent of the 54,777 deaths which occurred in Michigan during the past year were attributed to just ten major causes today by Dr. C. C. Slemons, state health commissioner.

Those causes and the toll of each were as follows: heart disease, 9,774 deaths; cancer, 5,536; apoplexy, 4,180; pneumonia, 4,085; accidents exclusive of automobile, 3,374; nephritis, 3,036; coronary disease and angina, 2,884; tuberculosis, 2,102; automobile accidents, 2,020; and diabetes, 1,267.

Each of these causes of death, with the exception of apoplexy,

showed an increase over the previous year. Major increase was noted in those deaths due to accidents other than automobile. Owing mainly to 1,005 deaths caused by the extended heat wave last summer, this cause of death rose from seventh place in 1935 to fifth place in 1936.

Deaths caused by coronary disease and angina jumped 532 over the 1935 total, an increase of 22 per cent. Cancer, too, maintained its upward climb, claiming 945 more lives in 1936 to show a seven per cent increase. A 21 per cent rise in accidental deaths involving automobiles set a new high record for this cause of death.

## Sun 2d to Auto In Accident Toll

The varying extremes of sun and ice took their places along with the automobile as means to a violent death in this state in 1936, according to statistics released by the Michigan Department of Health today.

A total of 6,247 untimely deaths were reported for last year, thus making violence of all kinds second only to the death toll of heart disease.

The automobile continues to be by far the leading killer with a total of 2,020 deaths, but the sun proved to be no small foe of life last summer when 1,005 persons were killed by excessive heat. Falls of all kinds with ice-covered sidewalks and steps as major offenders accounted for 993 deaths in 1936. There were 666 suicides, 302 drownings, 289 deaths from burns, and 185 homicides recorded among the violent deaths in 1936. The total of 668 suicidal deaths in 1936 was the lowest reported since 1927; the highest total came in the depression year of 1932 when 937 suicides were reported.

The New **ATLAS TIRE** WITH GRIP-SAFE SILENT TREAD

As liberal a guarantee as we offer with every Atlas Grip-Safe, Silent Tread tire could only be possible in connection with a tire "Built To Last".

We can afford to stand back of this guarantee. Atlas tires stand-the-gaff—the new Atlas especially. New in design—new in safety—new in silent operation—yet retaining all the well-known Atlas features—wider and deeper tread—more anti-skid mileage—more road grip. And underneath the tread are extra-heavy piles of heat-resisting, anti-friction cord for blow-out protection. See the new Atlas re-inforced tube—examine the tire carefully. Then, buy this combination with absolute assurance that your investment will be protected—a new achievement in tire value—guaranteed performance.

Sold on easy payment plan.

Obituary

William Buell Jakway

William Buell Jakway was born in Cass county, Michigan, May 18, 1855 the son of Rev. W. L. Jakway, a Methodist minister and Electa Bell Jakway both natives of New York.

Mr. Jakway received his education in the public schools of Cassopolis, Michigan and at the Michigan State College at Lansing where he graduated in 1878. He was married June 5, 1879 to Miss Eva Virginia Wilson. To this union were born two sons and two daughters. His wife and older daughter Mrs. S. M. Smith preceded him in death. The surviving children are Ross W. Jakway and Louis Jakway both of Detroit and Mrs. Herbert Batchelor of Buchanan. A sister, Mrs. O. E. Hawthorne of Fulton, Mo., and five grand children also survive.

Mr. Jakway was a teacher in the public schools for more than forty years having held principalships in Three Oaks and New Troy, Mich. He was elected Justice of the Peace in 1892 and again in 1896 during which time he was admitted to the bar as a practicing attorney. In 1900 he was elected to the Indiana House of Representatives and re-elected in 1902. He held the office of Justice of Peace of Olive twp. at the time of his death.

Funeral was held at Amen Funeral Home in New Carlisle Sunday p. m. with Masonic Lodge of Terre Coupe in charge.

Berrien Schools

Restoration and repair of twenty-three Berrien county rural schools has been accomplished at a federal cost of \$3,766, it was announced here today by Eighth district WPA offices.

At the same time WPA officials stated that cooperation with local school boards would continue until the entire allotment of \$14,000 was expended and that practically all of the 45 schools originally included in the program would receive benefits.

While the county-wide project originally contemplated some grading of school yards, this work has largely been dropped in order to ensure the widest possible use of funds in rehabilitating buildings run down through lack of local money during lean tax years of recent memory.

Ordinarily, three or four different crews operate at one time on this project—and do so without interference with regular classes. Occasionally two or three of these crews are combined on a single school building.

The Berrien county school commissioner exercises a general supervision, advising WPA foreman as to the location and nature of the work desired in various districts. In the great majority of cases the local board purchases necessary materials, such as paint, concrete and lumber.

In several cases entire structures were endangered by rotting and sagging foundations before the present work was undertaken, while the former weather-beaten appearance of the schools is indicated by the fact that about 2,500 square yards of painting has been finished.

Desks, seats, partitions, book cases, etc., have been repaired or built, and in every instance interiors have been thoroughly washed and cleaned.

Niles Bull Gets

National Note

A Berrien County Guernsey breeder, F. W. Knott & Son, Niles, Michigan, has just won national recognition on his pure bred Guernsey bull Luxerin Endicott 109208.

This bull, having two daughters which have made creditable official records, has been entered in the Advanced Register of the American Guernsey Cattle Club. Luxerin Endicott 109208 will be

known hereafter as an Advanced Register sire. Only Guernseys which meet high production requirements are eligible for entry. The two daughters which have completed official records are Nanette of Niles 308331, and Lucerin of Niles 354950.

THE NEW CHEVROLET  
is a modern car with  
PERFECTED HYDRAULIC BRAKES

Chevrolet's Perfected Hydraulic Brakes are unbelievably soft and easy to operate—always dependable—always safe and positive in action.

Chevrolet's exclusive double-articulated brake shoe linkage assures a full contact of the brake lining with the drums when brakes are applied.

Pressure tested tubing and armor piping transmit braking pressure from the master cylinder to the four wheel cylinders, which exert their pressure to expand the two brake shoes—assuring perfect equalization.

Fire Destroys Tenant House At A. Hall Farm

Fire believed to have caught on the roof destroyed this tenant house on the Hall Apple Farm immediately across the road from the W. B. Dale home Sunday afternoon. A passing motorist saw the blaze and honked his horn

until he summoned the Dales who notified the James Crews family, the occupants. The Buchanan fire department was summoned, but there was no water supply available and they were unable to control the flames with chemicals.

The Crews family were able to get all their furnishings out but some furniture and goods belonging to Alfred Hall and Jack Henslee, stored in the upstairs, were destroyed. —Courtesy So. Bend News-Times

MOVIES

"Crack Up" Realistic

One of the most realistic sequences in "Crack Up," the Twentieth Century Fox melodrama of flying aces and foreign spies, which opens Friday and Saturday at the Hollywood Theatre, is a savage battle between four men in the cockpit of a plane sinking in mid-ocean.

"Rainbow on the River" As a singing wait on the streets of Old New Orleans with flowers for sale, young Bobby Breen continues his meteoric career in RKO Radio's "Rainbow on the River," a Principal Production directed by Kurt Neumann. Bobby's sales song is "The Flower Song," by Dr. Hugo Riesenfeld and Selma Hautzik. He also sings eight other numbers. May Robson and Charles Butterworth head the supporting cast on the Friday and Saturday double feature program.

"Longest 'Short' Coming" "Popeye the Sailor Meets Sindbad the Sailor," first two-reel animated cartoon ever filmed and the first Popeye in full color and three dimensions, will be a part of the bill beginning Sunday at the Hollywood Theatre.

Gay Comedy Drama Millions have heard the glorious soprano voice of Deanna Durbin singing in Eddie Cantor's radio show. Now everybody in this city can see Deanna's rare beauty in the movies and hear her golden tones at the same time.

Dainty Miss Durbin has been brought to the screen by the New Universal in "Three Smart Girls," which begins its three day run at the Hollywood theatre on Sunday. Possessing a lyric soprano voice that electrifies all who hear it, little Miss Durbin makes her movie debut in one of the gayest comedy dramas ever to come out of Hollywood.

Baffling Mystery Drama Mystery and romance placed in the peaceful atmosphere of a great college combine in an excellent new drama from Metro-Goldwyn-Mayer, "Under Cover of Night," which opened yesterday with Edmund Lowe featured.

Glamour and Courage One of the finest air pictures of the current season is to be shown here Wednesday and Thursday when "Flying Hostess" will be shown.

Filmed around the trans-continental airlines and the air hostesses who ride the big transport planes, the picture brings to the screen the glamour, the courage and the daring of one of the new and most modern phases of American life.

Early Enactment by Parliament In the year of grace 1700 Parliament enacted the following law: bit of legislation, according to the Montreal Herald: "That all women of whatever age, rank, profession or degree; whether virgin, maid or widow, that shall from and after such act impose upon and betray into matrimony any of His Majesty's subjects, by means of sweet, paints, cosmetic washes, artificial teeth, false hair, Spanish wool, iron stays, hoops or high-heeled shoes shall incur the penalty of the law now in force against witchcraft and like misdemeanors and that the marriage upon conviction shall stand null and void."

Kiddies! Get Your Picture Buck Jones

Out of the night he rides, a white, mysterious figure, fearless and strong, to strike terror in the hearts of outlaws.

The Phantom Rider! Nobody knows from where he comes, or where he vanishes after his swift attacks on bandit hordes.

He faces danger a thousand times, to defeat his enemies and help a splendid girl. You've never seen such riding, such feats of daring!

"The Phantom Rider" stars Buck Jones in a thrilling new 15 chapter Universal serial which opens at the Hollywood Theatre next Friday as a special added attraction with a double feature program. Every Friday and Saturday for 15 weeks there will be a new chapter of "The Phantom Rider," besides the regular feature attraction.

On Saturday manager Hoffman will present the first 300 children attending the matinee an autographed picture of Buck Jones.

Snakes Can Be Tamed Almost any snake can be tamed. Many are genuinely affectionate, those of circus "snake charmers" being examples. Chief difficulty in taming snakes is their extreme nervousness. That's why they strike at any quick motion.

BETHLEHEM TEMPLE

A special Bible class will be held at the Bethlehem Temple each Tuesday and Thursday evening at 7:30. A large chart on God's creation plan of this earth will be displayed, showing past ages, the present and time to come.

The following are some of the questions that will be answered: 1. What is the age of the earth? 2. When did the pre-historic animals live? 3. When was Lucifer cast from heaven and what was the result of his fall? 4. What was Enoch, the seventh from Adam, a type of? 5. When will the new earth come into existence and who will inhabit it? 6. The Holy City, where is it located and what is its size? A young people's meeting will be held at 7:30 p. m. Saturday. Sunday school at 9:45 a. m. Sunday evening service at 7:30 p. m.

What is the purpose of a Bank's statement of condition?

The purpose of a bank's statement of condition is to give to the proper Federal or State banking authorities, and to customers and the public, a report of the financial condition of the bank.

Our bank statement lists our assets and liabilities, showing what we do with our depositors' and stockholders' money.

Part of the money is set aside to maintain required legal reserves. A reasonable amount of cash is kept on hand to meet the daily business requirements.

Under normal conditions much of our deposits goes into active business use. A part is loaned to individual customers and well-managed business enterprises which help the general business life of this community. A part goes into government bonds and other sound readily-marketable securities.

1,000 More Wanted For Training Camp

With applications sufficient to fill nearly one third of the Michigan quota for the Citizens' Military Training Camps this summer, Colonel Ralph M. Parker of Detroit, commanding the Michigan Reserve District, has urged all young men who wish to attend the camps to apply at once.

"While we are still able to accept more than 1,000 applications," Colonel Parker announced, "the fact that almost 500 young men sent in applications during the first two weeks after the camps were announced, indicates the widespread interest being shown in the C. M. T. C. this year. Therefore we are making every effort to see that each young man in the state who wishes to attend the camp is told about it in plenty of time to get his application filed."

"At the same time I want to urge every young man who is planning to attend the camps to make his application in plenty of time so he will not be disappointed."

The camps this year are to be held from July 6 to August 4, with most of the applicants from Michigan going to Camp Custer, near Battle Creek.

A few will be sent to Fort Sheridan near Chicago and Camp McCoy in Wisconsin, while those from the extreme northern part of the state will attend the camp at Fort Brady in Sault Ste. Marie.

These camps are military only in the sense that they are conducted by the War Department, Colonel Parker, who has had wide experience in C. M. T. C. work throughout the United States, pointed out.

"The camp program," he continued, "stresses training for citizenship, with emphasis is on the

moral, mental and physical development, combined with sufficient recreation to make the period really a four weeks vacation without cost."

Young men for the camps, who should be between the ages of 17 and 29, are carefully chosen both for their moral, mental, and physical qualifications so that the camp as a whole will represent the highest type of youth in the United States.

Application blanks may be obtained by writing to the headquarters of the Michigan Reserve District, Room 472 Federal Building, Detroit, Michigan, or from Mr. Phelps Newberry, civilian aide to the Secretary of War for Michigan, Room 2161 Penobscot Building, Detroit.

## American Income Rises 32 Cents; Living Costs Gain 5 Cents In Year

## PURCHASING POWER January, 1937, Compared with January, 1936

THE above chart, illustrating the extent to which the average American has benefited from the rise in national income during the last twelve months, is based upon the monthly consumers' study of Investors Syndicate, of Minneapolis. For every dollar in the pockets of Mr. and Mrs. Public in January, 1936, there was, thanks to improved income of every classification, \$1.32 in January, 1937.

At the same time, the outgo for January, 1937, was only \$1.05, compared with \$1.10 a year earlier, which put Mr. and Mrs. Public 26 cents ahead on every dollar of earnings. This increase in "real" income represents the average of the total dollar incomes involved in the following gains per dollar: investors, 45 cents on every dollar; wage earners, 26 cents; salaried workers, 10 cents.

Rents were up 11 cents on every dollar last January as compared with the same month of 1936; food rose two cents; miscellaneous items were up 7 cents; and clothing remained unchanged.

## Average Auto Rate 45 Miles in Mich.

The average Michigan motorists operates his car at an average speed of slightly more than 45 miles per hour when driving on open trunkline highways. On country roads he reduces his speed about five miles per hour. Upon entering a city his speed drops to less than 38 miles per hour.

These facts were made known by State Highway Commissioner Murray D. Van Wagoner following preliminary studies of data gathered in a special speed investigation conducted as part of the highway planning survey.

Contrary to popular belief, speed is not indicated as cause of accidents. Sections of road having the highest average speed and the heaviest traffic volume account for the lowest number of accidents. At the same time, it was indicated that enforcement of speed restrictions above those of the average driver might help to reduce highway accidents.

Strangely enough, fast drivers seem urged to higher speeds in restricted zones than on the open highways. These drivers jump their average speed from 49 miles per hour on the open road to more than 58 miles per hour where the road is posted for a maximum of 45 miles per hour. In 35 mile-an-hour zones their average speed is 52.2 miles per hour and in 20-mile-an-hour areas their speed jumps to 61 miles per hour.

The average driver tends to stay within speed restrictions above 30 miles an hour. The Commissioner said that this would seem to indicate that motorists will observe speed restrictions which they believe to be reasonable. It would seem that speed restrictions should not be posted which are unreasonable and which the average driver will not observe. It promotes an attitude of disregard for all regulatory signs.

## Electricity On Every Ber. Farm Aim of REA

Preliminary meeting to be held at Berrien Springs Tomorrow

A program to provide every farm in Berrien county with electricity will be instituted on Saturday of this week, when a meeting will be called at Berrien Springs high school by the Rural Electrification Administration, at 2 p. m., eastern standard time.

C. O. Falkenwald, REA engineer from Washington, D. C., will be present to discuss the program in detail and answer questions. The government allotment for Michigan's REA program is available now, and must be used within a short time. If farmers organize properly, it is expected that construction can be started almost immediately.

The first procedure is to appoint township chairmen, who will select committees to make a thorough survey in each township. The survey will determine the number of farmers who do not have electricity, and the number who desire it. This information is to be compiled on a map at the county headquarters of the Rural Electrification Administration.

Used Oliver Perry's Guns  
The same guns that Oliver H. Perry used to win his battle of Lake Erie were later employed to proclaim the opening of the Erie canal. The cannons were placed along the canal and discharged one after another from Buffalo to Albany in October of 1825.

**Real Johnny Cake**  
Johnny Cake was originally known as "Journey Cake," by early American settlers who often took it with them on long journeys.

Default having been made in the conditions of a certain Mortgage made by Bert E. Dalrymple and Lillian M. Dalrymple, husband and wife, to the Industrial Building and Loan Association, a Michigan Corporation, dated the 1st day of September 1926, and recorded in the office of the Register of Deeds of Berrien County, Michigan, on the 3rd day of September 1926, in Liber 150 of Mortgages, on page 198, by failure to make installment payments at maturity and for four months thereafter, wherefore the mortgagee elects and declares the whole of the principal and interest due and payable as provided by the terms of said mortgage.

The amount claimed to be due on said mortgage at the date of this notice is the sum of \$1090.99,

of principal and interest and the further sum of \$214.36, which the mortgagee has paid for taxes on said premises and an attorney's fee of \$35.00, provided for in the mortgage, and no suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof.

Now, therefore NOTICE IS HEREBY GIVEN, that by virtue of the power of sale contained in said mortgage and the Statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described therein; or so much thereof as may be necessary to pay the amount so as aforesaid due on said mortgage, with six per cent interest from the date of this notice and all other legal costs together with said attorney's fee, at Public Auction, to the highest bidder, at the front outer door of the Court House in the City of St. Joseph, Berrien County, Michigan, on Monday the 7th day of June 1937, at ten o'clock in the forenoon.

The premises to be sold are situated in the City of Buchanan, Berrien County, Michigan, and are described in said mortgage as follows, to wit:—

Lot number six (6), in A. C. Day's Addition to the Village (now City) of Buchanan. Also all land lying West of said lot number six running West to Mill race, except alley on West end of said lot six.

Dated March 10th, 1937. INDUSTRIAL BUILDING AND LOAN ASSOCIATION, Mortgagee.

## EDITORIAL

By Keith Dalrymple

The public school is probably the greatest gift that a community of young men and women could ever hope for. However, the principles in back of the organization are too indefinite. The A. No. 1 subject, English, does not supply the need thought by the average student; it is not conducive to produce a broad vocabulary among the student body. If English was taught out of a small text book and a large dictionary, it would be of value for presidents and bachelors alike. As it is, it is of little value to the majority of pupils in any English class, because it lacks practicability and application to life's situations.

Manual training should be required of the boy and home economics of the girl. Subjects such as typing and bookkeeping should be required of everyone. French and Latin should be taught only for the person who intends to go to college. In general, a student should know two things well plus necessary commercial subjects; how to use the English language, and how to apply mathematics.

## SCHOOL SLANTS

At a class meeting last week the seniors voted to wear white and blue caps and gowns. Everyone who attended last year's commencement realizes what a striking combination the two colors form, and what a distinct improvement they are over the old style gray gowns. Only three more months until you can wear them, seniors!

It is really surprising how many high school students will turn out for a grade cantata. At "Hiawatha," nearly all classes were represented, and need it be mentioned that the basketball squad (that was) attended "in masse"? and, speaking of basketball teams, the junior high squad won both of their games from Berrien Springs. Of timely interest: Joe Bachman on Detroit street—The outdoor parties which the snow storm made possible—Dale Lyon insisting he doesn't go steady—The orderly manner with which Bob Fairman keeps the library fourth hour—Virginia Arnold assisting in the office sixth hour—Don Jerue and his girl friend happy again.

Report cards were issued last Wednesday during home room. There are several slants on that subject! It isn't until students are seniors that they really get mad about the marks they receive—and do something about them, such as interviewing the teacher and demanding an explanation. And they usually get such a convincing analysis that they wonder how they could possibly have gotten as high a mark as they did.

## BOYS PREPARE FOR SPRING SPORTS

John Miller, boys' physical education director, recently stated that he may introduce spring basketball into the school curriculum since the weather prevents outdoor practice. Spring basketball would also give him some idea of what to expect from next year's squad.

Baseball practice, or rather workouts, will probably begin in the near future in the gym.

The annual gym show will be given in the forepart of April. This event, which was initiated by Harold "Curly" Bradford, will consist of both a girls' and boys' program. The high school boys will give exhibitions of tumbling, boxing, wrestling, pyramids, Chinese soccer, and work on the parallel bars and horse. The girls will present marching drills, relays, calisthenics, and other games.

The tumbling team members are D. Beadle, R. Neal, D. Neal, H. Little, J. March, J. Bachman, K. Phiscator, R. Shreves, T. Upham, and J. Sult. The men working on the horse will include J. March, L. Dalenberg, I. Price, S. McCormick, L. Bachman, and K. Phiscator. The team on the parallel bars will be D. Griffith, J. Sult, J. Bachman, and R. Neal. W. Lewis and L. Miller may make the parallel squad.

## SENIOR CLASS MEETING

A meeting of the senior class was held March 8 during home room. The class voted to wear caps and gowns; the boys navy and the girls white.

Invitations and cards for graduation were ordered. A treasurer's report was given by Cictor Viganek. The results showed a profitable gain from the candy sold by the seniors, and it was voted to continue the sales throughout the year.

## HIGH SCHOOL NEWS

The members of the boys' home economics class are drawing plans for their ideal homes. The ninth grade classes are working on new clothing projects. Breakfast beverages are being studied in the seventh grade home economics class.

The social science groups are studying history this semester instead of geography. Seventh grade English classes are reviewing verbs and possessive nouns. The eighth grade English sections are studying precise writing.

A review of punctuation, quotations, clauses, and essentials of a sentence is the work of the eighth grade English department. The ninth grade English students are writing short stories suggested by a study of the jungle and Homer's "Odyssey." The first and third sections are beginning work on ballad-like poems. The journalism class is learning the correct method of playing up the feature story and how to vary it.

The "Fairie Queen" by Spencer is being read in senior English, and the class is also studying different forms of the ballad. The work in junior English classes is the study of misplaced modifiers. Different types of sentences are being studied by tenth grade English students.

Algebra students are solving quadratic equations which can be factored. The plane geometry class is working problems based on the pythagorean theorem. This is one of the oldest and most useful theorems in geometry. It is the formula which enables the student to find the third side of a right triangle when two sides are known.

The division in solid geometry has begun working on the theorems which prove formulas and are used to find the areas and volumes of prisms. General mathematics students are reviewing the unit on percentage.

The tenth grade Latin students have begun the study of Caesar's campaign against the Belgians. By the use of a map drawn on the board, the class will be able to trace his line of march in his battles.

Demonstrative adjectives are

being studied by the eleventh grade French divisions. They are reading "Les Souris," and "La Queue du Lapin." Second year French students have finished Malot's book, "Sans Famille," and are beginning "La Tulipe Noir." Typing classes are continuing to write business letters. The study of trial balances has been started by the bookkeeping class. The shorthand class is drilling on disjoined prefixes. Business papers are being prepared by the office practice class.

## WHAT WOULD HAPPEN IF—

Donna Pazder took life seriously? Buddy Matthews liked to have his picture taken? Betty Hamilton was not so bashful?

Donna Smith did not have blonde hair? George Lauver did not have competition? Emeline Delibac went in for society?

Lawrence Zupke did not ask the girls to dance at social hours? Ruby Hall did not have a senior boy close at her heels? Dale Simpson started to go steady again after all these years?

Florence French attended social hours? Successful social hours may pave way to better high school parties

They said that it couldn't be done, but the dance orchestra did make a success of Social Hour. Through the cooperation of Mr. Moore and several teachers and with the help of student teachers, the floor has become rather crowded during the too brief hour devoted to dancing. High school students who do not dance are simply not in the "swing" anymore.

These Social Hours are held every Wednesday, and yet there have been only two high school parties throughout the entire year. Why cannot night parties be made as successful as matinee dances? Last year, one of the sophisticated seniors would have said that a social hour at Buchanan would never pay, but let that same person gaze in the gym any Wednesday now, and he will change his story quickly enough.

A few weeks ago many students would have scoffed at a crowded high school party, but doesn't it seem reasonable that "As Social Hour goes—so goes the high school party?"

## OFFICE NEWS

Mr. Stark and Mr. Moore attended the superintendents' and principals' meeting at Bridgman, Monday, March 15.

Mr. John Miller and Mr. Paul Moore attended the Big Five Conference in Dowagiac, Monday evening, March 8. Although Buchanan is not a member of this conference, its representatives helped solve many difficult problems in making out the football schedule.

Spring vacation starts on Good Friday, March 26, and ends at 8:10 Monday morning, March 29.

The Girls' Glee Club of Western State Teachers' College, Kalamazoo, will present a program April 13, at 1 o'clock in the auditorium.

## GRADE NEWS

Among the children appearing in the grade cantata last Friday night were the following from the second grade:

Jeannie Williams—Little Bo Peep. Billie Lou Lamb—Old Woman in Shoe.

Jacqueline Burks, Barre Heim, Billy Tomas, Wilfred Blake, Philip Hawks, Harold Layman, John Metzger, and Neal Sherve were beggars.

All forty-two pupils in Miss Bohl's third grade have received gold star pins. Dora Dean Leiter and Barbara Zoleman are representatives from this grade in the spelling contest which is being conducted.

Mrs. Fuller's fourth grade has completed a study of Norway. Marilyn Mull and Hadley Borders represent their grade in the spelling contest.

Miss Spear's fifth grade has just completed studying the southern colonies. To interest the pupils and to show the style and manner of dressing during this period, dolls were made and dressed by the students. In grammar work pupils are studying parts of speech.

## DO YOU KNOW

"Toad" Smith and "Daisy Mae" are getting along? Ralph Rosenberg writes notes to a certain "Ruthie"?

The members of the dance orchestra are always on time? Bessie Crothers is mighty good looking?

Students would like another high school party? "Milky" and "Ben" are still going together?

Clyde Shaffer is going to join the circus? "Bob" Bennett likes to milk cows?

"Don" Jerue is adding to his list of admirers?

## MY PAINTED DREAMS

Dorothy Skinner

Alone I sit, by the old cabin door,  
To reflect the memories of you once more.

While the sunset lingers behind the hill,  
I hear the call of the whippoorwill.

The painted shadows across the sky  
Are like the days that have drifted by.

The shooting stars, across the dark,  
Are like the gliding meadow lark.

The shadows slowly drift away,  
To bring regret another day.

But all the day, you only seem  
A shadow, of my painted dream.

## CLUBS

The F. F. A. Club entertained the Three Oaks F. F. A. club March 8. Two basketball games were played. The first team won 15 to 13, while the second team practically swamped Three Oaks by a score of 34 to 4. Refreshments were served afterward, and games and music provided entertainment for the remainder of the evening.

## DINNER SERVED TO SCHOOL BOARD

To receive training on planning the serving of a dinner the Home-makers' Club planned and served a dinner March 16 to the members of the Board of Education and their wives.

The table was decorated with St. Patrick's colors, green and white, which composed a large green hat with clay pipes stuck in the top and small green hats as nut cups.

The menu consisted of: tomato cocktail, perfection salad, baked ham with pineapple, sweet potatoes, spinach puffs, refrigerator rolls, devils food cake, and coffee.

## SMILE AWHILE

Heroic Understanding

"Johnny," asked a visitor, "what are you going to be when you grow up?"

"I'm going to be an Arctic explorer," answered the small boy. "And now would you give me a quarter, please?"

"What do you want a quarter for?"

"I want to get five ice creams and find out how much cold I can stand."

—Montreal Star.

Little Fran usually went to church with boys of his own age, each one having a penny to put in the contribution plate. One Sunday, however, he went with his mother. When the collection was being taken, he saw his mother hastily searching in her purse.

"What's the matter, Mom?" he asked. "Ain't you got a penny?"

"No, I can't seem to find any change."

"Here, take mine," said the gallant lad. "I'll hide under the seat." —American Legion Monthly

### LOWEST PRICE EVER ON A BUICK 4-DOOR SEDAN!

Today's price for a Buick 4-door sedan is the lowest in all Buick history—and you get longer wheelbase—greater power—value-in-head—thrill—straight-eight smoothness—roomier body—safety glass all around—bigger luggage compartment—and immeasurably greater performance, comfort and style! See your dealer for low delivered prices, and see what a buy Buick really is, compared to the average six outside the lowest price field.

GENERAL MOTORS TERMS TO SUIT YOUR LIVING

If you want to see why Buick is leader of the flock—just take seat behind this willing wheel and give the standout performer of 1937 its head.

You'll drive from dawn to evening—and want to keep on going, so fresh and eager and unwearied do you feel—for the truth is you merely guide rather than drive this beautifully balanced car.

Carrying you onward is the ablest straight-eight engine in the world—the quiet, whineless Buick oil-cushioned valve-in-head straight eight. Easy-chair comfort rests back and shoulders all the way—stout frame and ample bulk give firm safety to your ride, steadiness to every mile.

So you set the pace—keep up front without fatigue or effort

—because you're driving the bellwether-car of the year.

There's room for you this year at the head of the procession. This standout car is yours for a mere three or four dollars a week more than those in the very lowest price field.

So come on, get up front, where you belong. If you see the nearest dealer now, you'll have a Buick in your garage by the time warm weather arrives.

## Removing an . . . . Unneeded Restraint

Congress is debating the Pettengill bill which, in substance, would permit the railroads to compete with intercoastal steamships.

The clause of the Interstate Commerce law which the bill would repeal was perhaps once beneficial, but has become restrictive.

No like prohibition governs the railroads' land, air and water competitors, and none is contemplated for them. It applies to the rails alone, with the original need for it non-existent—imposing a handicap on them while it confers advantages on their competitors.

Repeal of this clause will hurt no one; will make lower rail rates eventually not improbable; will create an additional 100,000 railroad jobs.

Nor will it reduce the ICC's powers; or enable the rails to charge rates that are unreasonable or unduly low so as to eliminate competition, or to raise rates if competition did disappear.

The bill is favored by great bodies of shippers, by trade organizations, by the railroads and railroad labor. It is opposed by steamship interests and coastal industries who would retain unfair advantages over inland competitors.

America's railroads face the most unprecedented competition in their history. Unneeded restraints, like this obsolete clause, should be removed that the lines may better be able reasonably, and legally, to compete.

Michigan, and its railroads, will benefit from the repeal. Support for the Pettengill bill should be asked of the State's delegation in Congress.

**Story of How 260 Democrats Took Ride with Republican; Walked Home**

**Capt. George Richards Figured in Incident of Campaign 1860**

It's an old tale, mates and a sad one, about the time that a Niles Republican took 260 Buchanan Democrats for a ride and they had to walk back.

The fact that this ride occurred in the Lincoln-Douglas campaign of 1860 and that the flames of passion engendered have been somewhat allayed with the passage of years make it possible to tell the tale with safety.

There was to be a big Douglas rally at St. Joseph on Aug. 8, 1860. Niles and Buchanan Democrats chartered a steamer, the St. Joseph, to take them down the river to the rally and return. The trouble began before they started. It seems that Capt. Napier of the St. Joseph was an ardent Republican and he had his Lincoln and Hamlin flag flying over his boat. In those days the principal parties had their campaign flags. The Niles Democrats refused to get on the boat while the Lincoln flag was flying. At last the captain took his flag down, but by that time the Democrats were so mad that only about 45 of them got on board anyway. The rest went with horses or stayed home.

But Buchanan made amends, for when the boat pulled up to the pier down below the River street bridge, a vast throng of 260 Democrats were whooping vociferously. The keelboat, Eagle, was towed behind the St. Joseph to accommodate the overflow. All went merry as a wedding bell from thence on until they arrived at St. Joseph where a crowd from Chicago had swelled the rally to about 5,000. After taking part in an early evening torchlight procession, the Buchanan and Niles Democrats got aboard about 8 p. m. and started up river. Near Twin Springs, about eight miles below Berrien Springs an engine shaft broke. Captain Liberty Hunter, another old river man, was acting as pilot. He suggested that Napier drop down stream to Twin Springs, towing the keelboat, as they could find accommodations on shore there. But Capt. Napier cut the keelboat loose on an island, dropped down the river, secured one of the few available beds in the little cluster of houses making up Twin Springs, and was soon sawing cordwood at a great rate, leaving his passengers including many women and children, to spend the night as best they could.

In fact the keelboat with all its
