

CHARTER AMENDMENT VOTE ON JULY 1

Cadillac Judge to Deliver Commencement Address at H.S. Tonight To Ballot on 3 Amendments

Now Here's the Proposition

To The Graduates
It seems as though I hardly know
The maiden of a year ago
Who now trends sober, yet elate,
At last a sweet girl graduate.
With more sedate and quiet guise,
And light of romance in her eyes.
The lad that marches at her side
His eyes elate with manly pride
It hardly seems that he could be
The lad I knew of yesterday.
Alas, that childhood goes so fast
And even youth will soon be past,
For—chick and child and colt and pup
The trouble is—they all grow up.
It's something we can't change
We know
And yet, we hate to see them go.

Future Farmers Give Farewell For Kermit Washburn

Members of the Future Farmers Club of the Buchanan high school agricultural department, gathered in the home economics room Tuesday evening for a farewell party for the instructor, Kermit Washburn, who has resigned his position to engage actively in farming, near Decatur, specializing in asparagus culture. The meeting was in charge of the president, Lawrence Bachman who introduced members of the class and others for brief farewell talks. Musical numbers were a guitar duet by Lawrence Zupke and Chester Borst and an accordion solo and a one-man accordion and mouth harp duet by Charles Hess, all much appreciated. The program was followed by refreshments, after which the annual election of officers was held resulting as follows: president, Lawrence Bachman; vice-president, James Hemminger; secretary, Joe March; treasurer, Ted Upham; reporter, Charles Hess.

Exercises Open at 8 O'clock

Theme of Address is "The Education Of A Prince"

E. J. Millington, judge of the recorder's court of Cadillac and a leader in state education for several years, will deliver the commencement address tonight for the 1937 graduating class of the Buchanan high school, the title of his address being "The Education of a Prince."

Judge Millington comes very highly recommended and the address which he has selected has been delivered at high school and college commencements over the entire Middle West.

The program will open at the

high school auditorium at 8 p. m., with Supt. H. C. Stark as chairman and the following numbers will be presented:

Supt. H. C. Stark, Chairman
Overture, "Pique Dame"—
H. S. Orchestra
Invocation Rev. C. A. Sanders
Morning (Oley Speaks)—
Girls' Glee Club
Address, Judge E. J. Millington
"None But the Lonely Heart"
P. Tchakousky, Girls' Glee Club
Presentation of Diplomas
Recessional H. S. Orchestra
Note:—The audience will please remain seated until after the recessional.

There will be no further school activities except that all pupils will return to school at 1 p. m. Friday to receive their report cards.

Treasures Dime of John D. Rockefeller

While the passing of John D. Rockefeller is still the theme of editorial comment it is interesting to note that one Buchanan resident, Mrs. Rosa Hess, treasures one of the dimes which he dispensed.

While in Florida a few years ago Mrs. Hess attended the Ormond Beach church near Daytona, which Rockefeller regularly attended. After church was dismissed he walked across the room to present dimes to Mrs. Hess and a companion.

Her daughter, Mrs. Phil Boone became acquainted with Mrs. Fannie Evans, who was in charge of his home, "Casement," having been selected by Mrs. Evans as her personal salsacy at the store where Mrs. Boone clerked several winters. Mrs. Boone visited her several times at Casement and on one occasion was her guest at a luncheon, accompanied by Dora Lundgren.

Hindenburg Disaster Shown in Pictures at Hollywood Theatre

Manager Hoffman of the Hollywood theatre, announces that news pictures of the Hindenburg disaster, which were to have been shown over the Memorial holiday, were delayed but will be shown Thursday and Friday nights of this week. Explosion of the giant airship at its mooring base in the east, was one of the major disasters of aviation history and many people will take advantage of this opportunity to see what happened to the big air liner.

Speed Mt. Rushmore Memorial

The heads and shoulders of President Washington and President Jefferson, sculptured in the solid granite of South Dakota's Black Hills, receive the finishing touches as workmen begin work on the first figure, that of President Lincoln. Gutzon Borglum, the sculptor, recently announced that he expected to have the major work on Mount Rushmore, near Rapid City completed by next year, leaving the finishing touches for 1939.

Monitor Tells of P. C. C. Cars, For Which Clarks Build Undercarriage

Calls Them "Millenium For The Straphanger"

The Christian Science Monitor carried an article in a recent issue entitled "Millenium For The Strap-Hanger," which in part lauds of the new P. C. C. street cars, for which the Clark Equipment company builds the trucks. The article says:

They sneak along on cat's paws—silent and swift and sure. They are powerful and lithe, streamlined mechanisms combining safety, luxury and beauty. Yet their services may command only a nickel—rarely more than a dime. They are the modern trolley cars, descendants of many flat-wheeled and rickety progenitors.

Several years ago engineers began to yank out the rattles and the jerks from streetcar equipment. They found scores of kinks that needed straightening, but in the end substituted innovations which made this necessity of mass transportation throughout the civilized world as different from the old "rattlers" as they, in turn, were from horse cars.

Like steam railroads engaged in modernization of passenger facilities, American street transportation systems have undertaken an improvement program calculated to win increased patronage and revenues by providing the public with wanted comforts and conveniences. In 1935, the most recent year for which complete figures are available, transit lines collected 9,000,000,000 fares. Traffic managers hope that added billions will be attracted to ride on the new and radically improved equipment available today.

Last year 500 of the new trolley cars went into service or were ordered for leading American cities. Together with gasoline motorbuses, "trackless" trolley buses and rapid transit cars, they helped equipment manufacturers to enjoy their busiest year since 1912. Even brighter prospects are held in store for 1937, with one technical survey finding that during the next five years, transit systems must spend \$300,000,000 to purchase the 28,000 vehicles needed to modernize their properties.

The "straphanger" searches in vain for his strap in the new trolleys. It isn't there. Skilled tool-makers have substituted a more slightly and sanitary metal bar. And as a matter of fact, the chances are that he will not look for the bar, but sink down into an upholstered seat of just the angle and shape for maximum human comfort. From this resting point, he will look out thru spacious windows which actually move in their metal frames without the assistance of neighboring hands.

Sitting in the front seat is a

motorman who finds his job simpler and better safeguarded, in addition to which he has the opportunity to perform all duties far more efficiently. His cap shows above a comfortable platform from which he has an unobstructed view of the street ahead.

Beneficial alike to rider and pedestrian, as well as to all urbanites, is the silencing of rattles and knocks. Rubber and lightweight material in generous quantities have eliminated most of this bedlam.

The modern trolley, figuratively, of course, can stop on a dime. Making such quick and sudden stops is vitally important in traffic.

Three kinds of brakes insure this result—dynamic, magnetic track and air brakes. They work in synchronized fashion, bringing the trolley to a joltless stop to take on or leave passengers, or whenever a careless motorcar gets in the way.

Behind all this progress is a story of development spurred by necessity and resulting from organization. It began with the conclusion of electric railway men that something had to be done to revive their business, which reached its peak of 13,500,000,000 fares in 1926, thereafter declining rapidly until 1932.

From this conviction came the Electric Railway Presidents' Conference Committee, a co-operative organization which supported a \$750,000 research and experimental program resulting in the modern trolley car. The transportation executives concluded that in order to get economical equipment they would have to follow the lead of automotive manufacturers and go in for mass production. The standard streetcar was the objective, and this—the P. C. C. car—can now be produced for from \$14,000 to \$15,000, or \$3000 less than the old type, they say.

Harris Simpson Is Odd Fellow Head

Semi-annual election of officers was held Tuesday evening by Subordinate lodge No. 75 E. O. O. F., the following being chosen: Noble Grand, Harris Simpson; Vice Grand, Clarence Ravish; Recording Secretary, Otto Reinke; District Deputy, Joseph Melvin; first representative to the Grand Lodge, Charles Rastatter; alternate to first representative, Warren Juhl; second representative, Harlan Matthews; alternate representative, Otto Reinke; team captains, initiator, J. Roti Roti, first degree J. Melvin, second degree Frank King, third degree Roy Pierce. Announcement of appointive officers will be made at the time of installation.

G. A. R. Not In Memorial March

Civil War Veterans Absent First Time: Rev. Keefer Gives Stirring Talk

The 70th Memorial Day procession marched from the town to the cemetery Monday morning but for the first time there was present no veteran of the war for which the institution was begun—the Civil War.

George Hanley, sole surviving Civil War veteran of the city, was able to attend last year, but this year he was bedfast from the infirmities of age, perhaps not even able to hear the strains of the high school band as the procession halted for a section in his honor in front of his home.

A considerable delegation of veterans of the World War marched, and two Spanish-American War veterans, Frank Rinker and John Mitchell, rode in the procession. Youth dominated as the high school band marched in front and a large delegation of school pupils followed the veterans. A charming addition to the procession this year was a World War nurse, Mrs. Irving Schwartz, who rode at the head of the line mounted on a handsome riding horse.

Arthur Johnston, county Legion commander, was in charge of the program at the cemetery. Rev. Thomas Rice pronounced the invocation and was followed by the speaker of the day, Rev. Karl Keefer of Watervliet. Rev. Keefer gave an interesting talk developing the early history of the nation, with special reference to the debt of Michigan to President Washington, and to the leaders of the Revolution who served with him. He mingled his serious discussion with a running fire of humor that kept his audience with him. The ceremony was terminated by the sounding of "Taps" by three young musicians, Beverly Koons, Virginia Sanford and William Ednie, Jr. A firing squad in charge of M. L. McKinnon fired the salute.

Scout Heads Attend Meet

Council and Troop Committee Attend Field Institute

Members of the Buchanan Girl Scout council and troop committees attended a field institute last Wednesday at the Berrien Hills Country club at Benton Harbor, with morning and afternoon sessions and luncheon at the Country Club at noon.

Those going from Buchanan were Mesdames E. C. Pascoe, Paul Wynn, Phil Boone, M. H. McKinnon, Walter Lamb, Lester Miller, Glenn Haslett, O. L. Donley, Claude Carter, M. Dalrymple, G. C. Vandenberg, J. Van Schaick, D. Carlisle, Con Kelley, H. D. Raymond and Miss Maude Slate.

The theme of the program was "The Value of Outdoor Activities," the following numbers forming the morning and afternoon sessions:

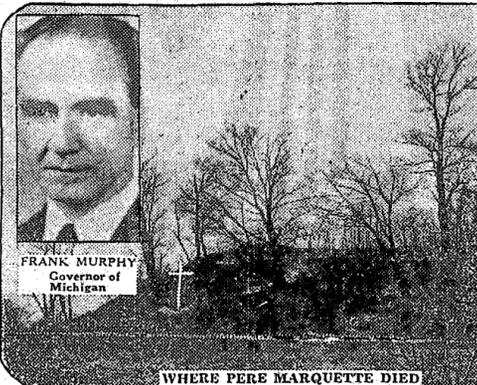

Morning Session: 10:00 - 12:00
Chairman: Mrs. J. S. Herlig, Commissioner.
Twenty-five Years of Girl Scout Camping, Mrs. Clarence M. Day Regional Chairman.

Objectives in Camping and Girl Scouting, Mrs. R. S. Bishop, member National Board.
"Camp Sunset," Mrs. Katie Lee Johnson, Regional Director.
Luncheon
The First Girl Scout Camper, Juliette Low, Mrs. Clarence M. Day.
Afternoon Session: 1:30 - 3:30
The group discussions on:
1. Achievements in Day Camping, Mrs. R. S. Bishop.
2. Achievements in Established camping, camp costs and rates, camp uniforms, Mrs. Katie Lee Johnson.
3. Achievement in Trip Camping, Mrs. Clarence M. Day.
4. Regional Camp Committee, Members, Mrs. Walter Fenton.
Reports from group discussions, Mrs. Walter Fenton, vice chairman, regional camp committee.
Camping around the world, Mrs. Clarence M. Day.

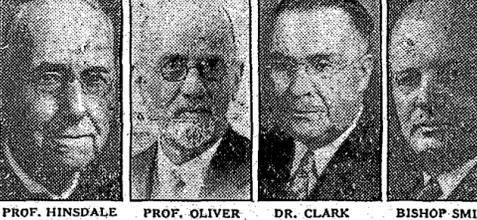

A Tribute to Pere Marquette

J. E. GREGOIRE Mayor of Quebec
BISHOP SPENCER Protestant Episcopal Church
JAMES O'DONNELL Noted Writer
FR. MCCARTHY President, Marquette University

WHERE PERE MARQUETTE DIED

PROF. HINSDALE University of Michigan
PROF. OLIVER University of Illinois
DR. CLARK Michigan Historical Commission
BISHOP SMITH Methodist Episcopal Church

For the third consecutive year, Ludington, Mich., will honor the memory of Pere Jacques Marquette at a pageant to be staged Aug. 5, 6, 7 and 8. In the 1937 observance, Ludington is joining in celebration of the tercentennial of Pere Marquette's birth. Sponsors for the pageant are shown above. Marquette died May 18, 1675, on the hummock shown in the photo, located on Lake Michigan just south of where Ludington now is situated.

Old Irish Lace, Linen Pack Peddler Tells of Acquaintance Jack London

James J. Flynn Sold Fancy Goods to Buchanan 45 Years Ago

James J. Flynn, itinerant berry worker and an Irish lace pack peddler in the Buchanan district nearly a half century ago, arrived in Buchanan Sunday on his annual visit and called on his friends here, a little late this year on account of illness that kept him in the Cook county hospital six weeks.

Flynn knows many of the older residents and their fathers and grandfathers before them. His rounds as a pack peddler took him in northern Ohio and Indiana and southern Michigan. He has seen a lot of changes, he says, in appearances of the country and also in the character of the people.

"I used to go afoot along the mud roads," he said, "with rail fences on either side of me, and folks saw me coming. When I got to the door it was open, they were that glad to see me. They would tell me to come right in and open my pack and pretty soon the word would go around that an Irish pack peddler was there. Pretty soon they would be all gathered in like an Irish wake. Folks didn't know what was going on ten miles away then, for there was neither telephone or radio and hardly a newspaper, and I would tell them the news. I sold them the real Irish lace and linen too. But after that the Jews started in with their one-horse rigs, selling humberg stuff that was linen on one side and not linen on the other."

A talk with Jack London, the famous writer of "The Call of the Wild" and many other stories is one of Flynn's treasured reminiscences.

"I bought a couple of burros at Albuquerque, N. Mex.," he said, "and drove them across the mountains and the Mohave and American deserts to California, to go prospecting. It was in 1886 that I

Edwin Donley on Tour of Europe

Edwin Donley, son of Mr. and Mrs. R. E. Donley, and a representative of Michigan at the U. S. Naval Academy at Annapolis, writes his parents that he has successfully passed the examinations at the end of the first year and as a result will be one of those eligible to leave June 4 on a European cruise.

Three warships will make the cruise, the Wyoming, Arkansas and New York. Young Donley will be on the Wyoming. They will arrive at Kiel, Germany, June 21, and will be given the choice of several conducted tours through Germany. They will leave Kiel June 29, and arrive in Piraeus, the port of Athens, Greece, on July 14. After visiting the ancient capitol of Greece two days, they leave for Livorno, Italy, arriving there July 20, after a cruise of the Mediterranean Sea. They will tour scenic points of Italy and leave Livorno July 23, arriving at Hampton Roads, U. S. on Aug. 14.

Kinney Guernsey State Champion

Dorothea of Buchanan 346920 has just completed a record which makes her queen of all four and a half year old Michigan Guernseys in class BHI of the American Guernsey Cattle Club. Dorothea, of Buchanan was bred and is owned by Frank J. Kinney of Buchanan, Michigan and in one year made a record of 11,826.7 pounds of milk and 640.0 pounds of butterfat.

An aged cow in the Kinney herd Sally of Buchanan, 351,872, produced in 365 days 12,166.4 pounds of milk and 583.2 pounds of butterfat in class BHI. She is 4 1/2 years old.

Propose Popular Choice of Mayor, Clerk, Treasurer

Buchanan will hold a special city election on Thursday, July 1, to vote on three amendments to the city charter, providing for popular election of mayor, clerk and treasurer, according to announcement by City Clerk Harry Post, who fixed the date Saturday.

The proposition of the popular election of each officer is couched in a separate amendment and the vote will be on each separately. Previously the mayor has been chosen by the city commission, which elected him annually from their own number at an organization meeting. The clerk and treasurer have been appointed by the mayor and the appointment approved by the commission, as is the case with all other city officials.

The petitions for the amendments were first submitted in March, but the sponsors withdrew the first set on an agreement to confer with the city attorney to iron out certain differences. This delay made it impossible to vote on the amendments at the time of the regular spring election in early April. The sponsors then drew up another set of petitions which were sent to the attorney general of the state, who sent back the treasurer amendment because of a typographical error. The sponsors then corrected this error and returned the amendment petitions to Lansing where they are now awaiting the formal action of the attorney general and the governor.

The attorney general stated that the approval of the two state officers is not an absolute requirement and that the sponsors may, if they insist, require the election regardless. The sponsors have indicated that they will seek the approval of the state.

The popular election of city officials has been advocated here by a number of people for several years, a main contention being that the election of at least the mayor would greatly increase the interest in city affairs, and result in a larger city vote.

The system which has been in use since the charter was adopted in 1929 is defended on the grounds that the appointment system removes politics from civic government and results in better business methods.

Lois Boyce Gets Degree at Milligan

Miss Lois Boyce attended the commencement at Milligan College, Johnson City, Tenn., Monday, receiving the diploma certifying the A. B. degree for which she completed the work in January. She remained there for a visit.

Joe Savoldi Coming Back From Antipodes

Joe Savoldi is reported to be on his way home from Australia, where he had spent several months wrestling. He is scheduled to arrive here about June 15.

Local News

Mr. and Mrs. E. T. Waldo were visitors in Lansing Tuesday.
Dr. E. T. Waldo accompanied a patient to the Chicago Osteopathic hospital today.
Albert Nutt arrived home last week from a visit of a month at the home of Frank Ward at White Pigeon, and of his son, William Nutt at Dearborn.
Mrs. Sue Thomas had as her guests Sunday and Monday her brother, Charles McManus, Mr. and Mrs. Melvin Koontz and daughter, Doris of Elkhart, and her nephew, William Schneek, of Chicago.
Bob Willard, Adrian Gebhart, Allsworth Johnson, Paul Vaughn, all of Selfridge Field, arrived Saturday to visit over the weekend at the home of the former's parents, Mr. and Mrs. Warren Willard. Vaughn is a member of the Caterpillar Club of aviators who have "bailed out" at some time.
Mrs. Rosa Livingston had as her guests for the week-end her daughter, Mrs. Edwin Schlee and family of Detroit.

HELP YOURSELF—AND EVERYONE

In order to facilitate response to the prize offer for traffic suggestions, L. B. Spafford has adapted the offer to make it simpler to direct the answers.

The purpose of this contest, sponsored by the safety committee of the Lions club, is to get suggestions regarding improper driving practices or traffic dangers in the city which will be the equivalent of a general traffic survey in which the public takes part. In addition five prizes of \$1 each are offered weekly.

This public traffic survey is a part of a program for safety which Mr. Spafford has been carrying on for over a year, at great expense of his own time and at some cost in money, without any financial return in any way for himself. It is an essential condition that there be nothing in any way personal on letters about any of the improper driving practices reported. No names may be given. The letters must be without personal or other bias, solely with the public interest in view. A proper response should effect a real service in calling attention to faults which many drivers may not be aware of as faults.

The advertisement on another page of this issue lists the names of the local merchants and business men who are making the campaign possible. The rules of the contest have been simplified, requiring, instead of complex reports, letters of 300 words which may be sent to the city clerk, Harry Post, or to any of the business and professional men who are signatories to the advertisements.

WHAT—NO BASEBALL?

Perhaps it's a bit early to go on record, but it seems worthy of comment that for the first time since the memory of man runneth not to the contrary there is no team playing the national sport wearing Buchanan uniforms this season.

In bygone days the Buchanan Blues were an institution. There is a tradition that once the team's enthusiastic supporters thought so well of their reputation that they erected a sign at the Michigan Central depot—"Buchanan, Home of the Blues." The older boys still tell of the prowess of Brodric, Harkrider, Hanover, Herb Roe and others.

Baseball is still recognized as the national sport, but as a community pastime it has given away before the all-popular softball. The old boys will never admit that the newer game rates with its distinguished ancestor, but it does seem to fit into a general community recreation program as no game ever has. Perhaps it is the fact that more may play it, and that its appearance several times a week on evening programs fits into the more abundant leisure of the shorter day. The older game is a more specialized sport, and it seemed that there was only room for one good team in a small town. The games are inter-town, on Sunday afternoon. Nowadays John Public fills up his gas tank Sunday morning and in the afternoon he is likely to be far away, wheeling the concrete ribbons, or enjoying the coolness and other attractions of a faroff lake resort, rather than cooking in hot bleachers.

SO LONG, MIKE

The weekly appearances of the Microphone will cease for the vacation with this issue and also the pleasant weekly visits of the young journalists will cease.

The editors of the 1936-7 "Mike," Marion Miller and Keith Dalrymple, and others, including "Chuck" Wesner, who has written high school sports very well for three years, received their sheepskins last night and are moving on to make room for a new assignment. The Record will miss the pleasant contact and the pleasant labor of seeing that their work got in on time which it usually did. Missed also will be the problem of trying to steer their journalistic efforts towards what seemed to us constructive school news, rather than those "inside" classroom jokes, which all students dearly

love, although they are a closed mystery to adult appreciation.

They were good sports and they did their work conscientiously and ambitiously. Bon voyage.

THE OTHER FELLOW'S KID

Youth is in the foreground this current month as in other time of the year, with commencements in progress for grade and high school, and the more elaborate college commencements looming shortly ahead.

It brings to mind the fact, always true but not always realized, that youth is actually the great asset of the community, as of the nation and the world. There is not a man or woman, whether having children of their own or childless, who does not have, if he tells himself the truth, a stake in youth. The welfare, the progress of youth is distinctly the business of all. It is a satire on our obtuseness, our shortsightedness to real values, that the schools are considered mainly the interest of parents, as far as adults are concerned. It has always seemed to us that the very name, "Parent-Teacher Association," contained a latent sting. Why is it necessary to assume that only teachers and parents are interested in schools? Probably, the answer will be, because that is by and large the fact of the situation.

But there are many distinguished exceptions, and none have ever served youth better than an array of notable leaders who have made the culture of youth their career although they had no children. Having not a "chick" or a "child," they made all children theirs, and their aims were far broader, more disinterested, than those of the tree-run individual. Their interest in education did not lapse when their Johnny or Susie finished school, only to revive when the grandchildren started. Their names are notable and their deeds speak for themselves. There was Miss Jane Addams, author of "The Spirit of Youth and The City Streets," and the founder of Hull House, which was the social salvation of generations of Chicago youth. There was, and still is, Miss Edith Abbott, crusader for a child labor amendment to the constitution. There was, and is, Mary Stuart, longtime leader of the Business & Professional Women's Clubs, writer of the club collect used by the National Federation of Women's Clubs, whose life has been devoted to the welfare of young women.

There was that great interpreter of childhood, James Whitcomb Riley, author of "Little Orphan Annie" and an array of juvenile classics, a batchelor. There was, and is that current interpreter of youth, Booth Tarkington, author of Penrod, the character which was, if we are rightly informed, drawn on the model of a nephew—and also very likely on the model of his own youth. There was that classic interpreter of youth, Robert Louis Stevenson, author of "A Child's Garden of Verses" and of "Treasure Island," though without children. There are many more of the same.

In short you don't have to have children to be interested in youth. You can be interested in the other fellow's kid. You must be very self-centered, or blind to your own interests, if you are not. It's to your interest that we have good schools. Perhaps it's to your interest that we have a better library.

GALIEN NEWS

Albert Schaafsma Honored by Seniors

The Senior class of the Galien high school gave a farewell party in the school house Wednesday evening for their social science teacher, Albert Schaafsma, who has taught the past six years, and has accepted a position for next year at Holland, Mich.

Galien Eighth Grade Graduated

Eighth graders who received diplomas were: Dumard Mikewell, Stanley Wolkins, Donald McGown, Robert Underly, Jack Swen, William Watson, Virginia Boyle, Cleo Meyers, Patricia Olmstead, Edna Slager, Zane Sheeley, James Stickett, Harvey Underly, Sylvia Rounly, Melvin Keeler, Harold Rickerman, James Goetzinger, Mary Louise Payne, and Warren Nelson.

COBB'S SON A HERO

Cadet B. H. Cobb, nineteen-year-old son of Ty Cobb, baseball immortal, who "acted with great heroism," according to officers of the New Mexico Military Institute at Roswell, when he dashed from a class room to the aid of Andre Jaramillo, drowning in the institute swimming pool recently.

were host and hostess Sunday for the Annable and Earl reunion, with 40 in attendance. Present were Mr. and Mrs. Curtis Freehand and family, Mrs. Florence Upham of Toledo, O., Mrs. Mildred Duke, Ben Annable and two sons of South Bend, Harry Annable, Mr. and Mrs. Irvin Annable, New Buffalo, Mr. and Mrs. George Annable, Mr. and Mrs. Russell Annable, Mr. and Mrs. Lawrence Snyder, Mr. and Mrs. E. Bommer-scheim and twin grandsons of Three Oaks, Mr. and Mrs. Andrew Hodges and daughter of Kalamazoo, Mr. and Mrs. Robert Graham of Allegan, Mr. and Mrs. C. Burbank of Hartford, Ten Annable and Miss Stopp of Lyddick, Ind., Mr. and Mrs. Guy Dalenberg of Grand Rapids, Mr. and Mrs. Arthur Dalenberg and family of New Buffalo, Mr. and Mrs. George Dalenberg of Michigan City.

Mr. and Mrs. Fred Bromley entertained at dinner Sunday honoring the wedding of their son, Bill Bromley, also the birthday of Gordon Bromley, who with his fiancée, Miss Alma Wenzel, was here on a visit from Toledo, O. Twenty-one were present at the dinner.

Mrs. Fred Bromley, Miss Alma Wenzel and Gordon Bromley were guests Monday of Mr. and Mrs. Gale Bromley.
Arle Bromley, Lyddick, was a visitor Monday evening at the home of Mr. and Mrs. Fred Bromley.

Olive Branch

Children's Day Exercises will be held at 10 o'clock at the Olive Branch church next Sunday.
A large crowd attended the Memorial Day services held at the Galien cemetery, Monday afternoon. Prosecuting Attorney Westin of St. Joseph gave the main address. The Buchanan high school band under the direction of R. Robinson furnished the music.
Mr. and Mrs. B. Sherman and children of Athens, have moved into the Ida Bennett farm home. Mr. Sherman has employment at Battle Creek but will spend the week ends here with his family.

Mrs. Carl Eastburg and daughter, Pearl, left for their home in Upland, Monday.
Mr. and Mrs. Alex Roy of Clyde, Ohio, were callers among friends in this neighborhood over the week-end.

Mrs. Emily Wilson of Chicago, spent the week-end with Mr. and Mrs. William Newitt.
Mrs. Lizzie Lauer of Buchanan, Mr. and Mrs. John Lauer and children, Betty, Diana, Jerry of Niles, Mr. and Mrs. Roscoe Smeltzer and sons, Dale, and James of Highland, Ind., Mr. and Mrs. Archie Schoff and son, Junior, Richard and Russell of LaPorte, Ind., spent Sunday with well filled baskets at the home of the former's sisters, Mrs. Grace Kuhl and Nellie Nelbaum the occasion was Mrs. L. Lauer's birthday. Everyone having a good time. The table groaned with goodies, the table held a large birthday cake baked by her daughter, Mrs. Archie Schoff of LaPorte, Ind., the day was spent playing games. The last menu of the day was ice cream and cake. All wishing Mrs. L. Lauer many more happy birthdays.

Mr. and Mrs. Ralph Ferguson of Niles, spent Sunday with Mr. and Mrs. Arthur Chapman.
Mr. and Mrs. Henry Lendeman of Jackson spent the week-end with Mr. and Mrs. John Clark and family.

Sunday, Mr. and Mrs. John Clark, Mr. and Mrs. Ray Clark and family, Mr. and Mrs. Frank Clark, Mr. and Mrs. B. Sherman and children, Mr. and Mrs. Henry Lendeman of Jackson enjoyed a picnic dinner at Tower Hill.
Mr. and Mrs. Lysle Nye, F. A. Nye were Sunday dinner guests in

the Sam Thomson home, north of Niles. They also called in the home of Mr. and Mrs. Elba Powers. Mrs. Nye presented her mother, Mrs. Powers with a beautifully decorated birthday cake.

Mr. and Mrs. Jerry Leitz and son, Miss Nola Van Tilburg of Pontiac spent the week-end with Mr. and Mrs. Ed Van Tilburg.

Mr. and Mrs. Lewis Reum and baby of Detroit, spent several days with relatives here.

Mr. and Mrs. Kenneth Thompson and baby of South Bend visited Mr. and Mrs. Earl Thompson and attended the graduation.

Mr. and Mrs. Henry Goodenough visited Chas. Storms at Oshkemo, Friday.

there for a few days.
Miss Mabel Norris of South Bend spent the week-end at home.

North Buchanan

Mr. and Mrs. Dean Clark had as their guests for the week-end Mr. and Mrs. Fred Helmick, Chicago, Mrs. George Francis and her sister, Mrs. Beattie Brockhouse, Niles.

The men of the Mt. Tabor grange will shingle the hall at an all-day meeting Friday. The women will also meet and serve a potluck dinner.

The Miller school will observe the closing day today. There will be a noon dinner for the children and the patrons, invitations having been sent out by the teacher, Miss Ardelle Kinney. There will be an afternoon program and ice cream refreshments.

Miss Ardelle Kinney had as her guest over the week-end Miss Marlon Sawyer, Kalamazoo.

Will Kinney, Chicago, attended the funeral of his mother, Mrs. Esther Kinney, and visited a week with relatives in the vicinity.

Mrs. Adah Kinney and son, Glenn and Mr. and Mrs. William Brodric, Buchanan, attended the funeral of Harve Darper, a broth-

er-in-law of Mrs. Brodric at Benton Harbor yesterday afternoon.

Carl H. Storm Dies at Pinecrest

Carl Henry Storm, 50, a native and life long resident of Galien township, died Tuesday evening at Pinecrest Sanitarium, where he had been a patient three weeks. He had been ill several months. He was born in Galien township July 30, 1886. Survivors are his widow, Mrs. Hazel Storm; two daughters, Margaret and Shirley;

one sister, Mrs. Bertha Luther of Galien; one brother, August, of Niles. He was a member of the Odd Fellow Lodge and of the Gleaners. Funeral arrangements were incomplete yesterday, pending the arrival of Mrs. Storm from Pinecrest.

Established Arbor Day Arbor day was established by J. Sterling Morton, of Nebraska, later Secretary of Agriculture under President Cleveland. Morton established many windbreaks, shelter belts and farm woodlands on the most treeless prairie.

THE MAIL MUST GO THROUGH

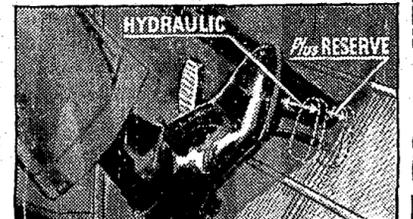

... and Sam gets it there in his **No. 1 CAR!**

"Road's Out? Not to the No. 1 Car!" Sam knows all about rough roads, but he knows his Terraplane will go through where ordinary cars give up. For it has 96 smooth horsepower... more than cars priced hundreds of dollars higher! With not an ounce of needless weight to pull! That's one reason why Terraplane is the No. 1 performer.

"It's Got What It Takes!" Sam's driving a running mate of the 1937 Terraplane that proved its endurance on the Utah Salt Flats... averaging 86.54 miles an hour for 1,000 miles... smashing 8 American Automobile Association records in the most punishing test ever given a low priced stock car. It's smoother riding, too, on a 117-inch wheelbase.

"Plenty of Room... and Then Some!" That extra front seat width comes in handy when Sam takes the family riding. A full 55 inches of comfort for three... several inches more than in other low priced cars! Plenty of leg room, front and back. Level rear floor. Big rear luggage compartment. Package locker with record roominess... 1002 cubic inches.

"No. 1 Safety, Too!" Safest stopping, with exclusive Duo-Automatic Hydraulic Brakes. Giant, smooth hydraulics, with a separate safety braking system operating automatically from the same foot pedal if ever needed. Plus a third system, the handy parking brake up at the instrument panel. Safest bodies, too, all of steel, including roofs.

Come in Today... Drive the No. 1 Cars of the Low and Moderate Price Fields!

No. 1 Wheelbases... 117 inches in Terraplane; 122 and 129 inches in Hudson • No. 1 Horsepower... 96 and 101 in Terraplane; 101, 107 and 122 in Hudson. Double carburetion in Super Terraplane and all Hudson Sixes and Eights • No. 1 Roominess... 55 full inches of front seat comfort for three • No. 1 Driving Ease... with exclusive Selective Automatic Shift (an optional extra) • No. 1 Safety... with exclusive Duo-Automatic Hydraulic Brakes and bodies all of steel, including roofs. New Double-Drop "2-X" Frame • No. 1 Economy... 22 miles per gallon for Terraplane; 22.71 for Hudson in Los Angeles-Yosemite Economy Run • Hydraulic Hill-Hold, optional extra on all models—45 models—choice of 12 beautiful colors... also a complete line of Terraplane Commercial Cars. Ask about the new low-cost Hudson-C. I. T. Time Payment Plan —terms to suit your income.

(An optional extra on all models)
Keeps your car from rolling backwards when stopped on up-grades.

Not the Sale but the Customer

One of the greatest clothing merchants this country ever knew had as his motto: "It isn't the sale that counts—it's the customer."

This is more than a slogan here—it's the cornerstone of our business and we try our level best to live up to it.

It's been the cornerstone of the Hart Schaffner & Marx policy, too, for 50 years. Their unconditional guarantee of satisfaction is one mighty good reason why this famous make has become America's favorite. That's why we're proud to be exclusive headquarters for Hart Schaffner & Marx Clothes—and to recommend them to you without any reservations! By the way, have you seen our new Spring collection—super!

Keeping Up With Science

By Science Service

Highest Laboratory in World Built on Top of Mt. Evans

Denver.—The campus of the University of Denver has been extended up to the peak of Mt. Evans at 14,259 feet. There, at the end of the highest automobile road in the United States, stands the highest laboratory in the world, being some three thousand feet higher than the famous laboratory on the Jungfrau Joch in Europe.

This laboratory is a joint project of the Massachusetts Institute of Technology and the University of Denver. The building was pre-fabricated in Denver, cut into sections and transported from Denver to Mt. Evans in one day by the use of a nine-truck caravan.

CCC men did yoman service in carrying 40 sections averaging in weight from 200 to 500 pounds, up the rocky knoll from the terminal of the automobile road to the site of the laboratory. They also constructed the foundation for the building.

Will Stand Wind and Weather.
The laboratory is designed to withstand a wind velocity of 150 miles per hour and to screen out electrical disturbances of this region, which at times cause electric sparks to jump from one's fingertips, ears, and nose, and make the hair stand out like the quills of a frightened porcupine. Also it had to be made as impervious and impregnable to rodents and souvenir-hunting tourists as possible.

To make the structure wind-proof, side walls were eliminated, while the protection from lightning was accomplished by having the end walls, the roof, and the floor completely surrounded with metal which is connected to ground wires buried deeply in the mountain.

This also protects against rodents, but no satisfactory method has been found for protection against tourists.

The new laboratory is expected to be one of the sights which the hundreds of scientists attending the meeting here of the American Association for the Advancement of Science next June 21-26 will wish to see.

Not for Cosmic Rays Only.
Use of the laboratory will not be limited to research work on cosmic rays. The first work done was that by Dr. Fred D'Amour of the department of zoology, who studied the physiological changes in the rat due to high altitude. The department of meteorology has long desired a station at high altitude where observers could be placed.

Requests to use the laboratory have been received from cosmic ray workers at McGill university, Harvard university, and the University of Chicago. Requests from workers in other fields have been received from the Colorado State Museum, Colorado State college, and the University of Michigan.

Folk Songs of Jamaica
The folk songs of Jamaica have their origin in the distant past, although a few have a distinctly modern note. "Mango Walk" and "Linstead Heath" may some day become popular in America.

Mt. Holyoke Honors Women College Heads

Dr. Katherine Blunt of Connecticut College for Women; Dr. Mildred McAfee of Wellesley; Dr. Virginia C. Gildersleeve of Barnard college; Dr. Margaret S. Morriss of Pembroke college and Dr. Aurelia H. Reinhardt of Mills college (left to right) who received honorary LL. D. degrees at the centennial celebration of Mount Holyoke college at South Hadley, Mass., recently. The college was founded by Mary Lyon as Mount Holyoke Female Seminary in 1837, rechartered as Mount Holyoke Seminary and College in 1888 and under its present title in 1893. Leading alumnae from all parts of the United States returned for the centennial celebration. The college is non-sectarian.

Church Services

Dayton A. B. Church
C. J. Snell, Pastor
2 o'clock in the afternoon, church services.

6:30 p. m. Christian Endeavor
7:30 p. m. Evening worship.
Thursday evening 8:00 p. m. midweek prayer service.

Christian Science Churches
"God the Only Cause and Creator" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, June 6.

Among the Bible citations is this passage (Col. 3:2): "Set your affection on things above, not on things on the earth."
Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 69): "Spiritually to understand that there is but one creator, God, unfolds all creation, confirms the Scriptures, brings the sweet assurance of no parting, no pain, and of man deathless and perfect and eternal."

Christian Science Society
Sunday service at 11 a. m. Subject, "God the Only Cause and Creator."
Sunday school at 9:45 a. m. Wednesday evening meeting at 7:45 p. m.
The reading room, in the church at Oak street and Dewey Avenue, is open each Wednesday afternoon from 2 until 4 o'clock.

Evangelical Church
C. A. Sanders, Pastor
Bible school at 10 a. m. Mrs. John Fowler, Supt. Teachers and classes for all.

The Sunday school lesson subject, "Joseph's Readiness for Service."
Sermon at 11. Sermon theme, "The Day of Pentecost."
Evening Service. Adult League and Young People's League at 6:30 p. m.
Evening sermon at 7:30.
Prayer service Thursday evening.

The W. M. S. of the Evangelical church will meet at the home of Mrs. Boyer, Tuesday, June 8 at 2:30 o'clock.

Presbyterian Church
Wanzer Hull Brunelle, Pastor
10:30 The Church school and the public worship will be combined and during the same hour. This is Children's Day. The program will be in charge of Mrs. L. R. Bradley, superintendent. There will be infant baptism. Mr. Brunelle will make a short talk. The orchestra will play, and the different departments of the church school will take part. The choir will not rehearse this week.
The Boy Scouts will meet Monday night at 7:15.

Methodist Episcopal Church
Rev. Thomas Rice, Minister
Sunday school at 10 o'clock. Mrs. Glenn Haslett and Mr. C. O. Kelley superintendents.
Morning worship at 11 o'clock. The special music will be in charge of Mrs. William Dempsey. The offertory number will be Waltz in A. Op 39—Brahms a piano organ

duet by Mrs. A. L. Hamblin and Mrs. Thomas Rice. Sermon subject: "The Future of the Church."

The special music for the evening service will be in charge of Mrs. Frank Kean, her son-in-law Mr. Clarence Miller and her grandchildren will give special numbers. Mr. Rice will speak on "The Dependable Christ."

Service at Oronoko at 9 a. m. Sunday school following.
The prayer circle will be held at the home of Miss Gertrude Simmons Friday at 7:30.
Rev. and Mrs. Thomas Rice entertained the latter's Sunday school class at Bear cave Tuesday.

Home of the Ant Lion
In sandy places, beneath overhanging cliffs, under buildings, or along banks, where the sun is the warmest, one may find little funnel-shaped pits one or two inches across. The sides are smooth and steep, and at the bottom can be seen two small curved objects. Everything is quiet, until an ant hurrying along on its own business happens to run carelessly over the edge of one of these holes. It then commences to slide down, until it falls into the jaws of the Ant Lion. The Ant Lion throws up a torrent of sand so that it will hit the victim, and knock it down into the pit again. When ready to change to pupae, Ant Lions make for themselves, small round cocoons, fastened together and lined with silk. The adult lion emerges as a graceful insect, with long narrow delicate wings and a slender body.

Mustard Marvels
Mustard has as long a history as salt. The Ancient Greeks used it as a medicine to treat everything. Internally it helps the gastric juices. Externally, it can be applied with massage to stimulate the circulation of the blood. This latter use gave rise to a number of tales about the supposed restoration to life of dead people, according to a writer in London Answers Magazine. The Romans brought it to England. But until the early Eighteenth century it was put on the table in seed form. Diners had to crush it with their knives. Then a smart business woman began to sell it in powder form, and so started an important English milling industry.

Sword as an Ornament
As early as Civil war days the sword had virtually become an ornament. Only officers and cavalrymen carried them into battle. Gunpowder and bayonets ended the utility of the sword. In the Middle Ages, the most prized swords were made by craftsmen in Toledo, Spain, and Damascus, Syria. Blades, which brought unheard of prices, were subjected to severe tests. They were bent double, plunged through one-eighth inch of sheet steel.

Furnish Paint Colors
French Carmine, a lake color, is made by extracting coloring matter from cochineal insects. Vast quantities of these insects are secured from Mexico and South America. The insect bodies are dried, the color extracted by boiling them in water and then precipitated on an alumina clay base. Carmine lake has been made for over 200 years.

Spears Tribe's Calling Cards
Naga tribesmen of Assam formerly left spears stuck in the ground to serve as calling cards.

Greatest Mathematicians
Dr. Eric Temple Bell, famous mathematician and author of "Men of Mathematics," regards Archimedes, Sir Isaac Newton and Johann Friedrich Carl Gauss as the three leading mathematicians of all time.

People of This Day Are Taller and Mature Earlier

Berlin.—The present generation of young men and girls is growing faster than its parents and grandparents, maturing earlier, and attaining larger body size, recent physical measurements in Germany indicate.

Dr. Ernst Walther Koch of Leipzig, measuring large numbers of school children, declares that fourteen-year-olds, both boys and girls, average nearly four inches taller and more than eight pounds heavier than they used to, as shown by older records. He has also found evidences of earlier sexual maturity. His general conclusion is that young people grow up faster, but that their final size is not greater than their ancestors'.

A colleague in the military medical service, Dr. Hans Muller, takes issue with Dr. Koch on the latter point. His measurements on army recruits have convinced him that young men keep on growing until they are twenty years old or more, and that their final height is appreciably greater than that of their forebears.

Dr. Muller also calls attention to a famous measurement made fifty years ago, at a Heidelberg university jubilee. University students of that day attempted to array themselves in suits of armor that had been worn by mighty knights in the Middle Ages—and found them decidedly too short and tight.

Libby Prison Before the War
Libby Prison was a large brick structure named for its owner, who used the building as a ship chandlery and also as a tobacco warehouse. The Confederate government early secured it as a military prison for Federal soldiers, and many thousands were confined there.

Earliest Dated Event James Henry Breasted in His 'Conquest of Civilization'

THE EARLIEST DATED EVENT IN HISTORY, the introduction of the Egyptian calendar, devised in 4241 B. C., is the earliest dated event in history.

Quietude to Be Desired
"Quietude is to be desired," said Hi Ho, the sage of Chinatown. "He who remains silent must think or sleep, and either is beneficial."

OUR GANG COMEDY
"Reunion in Rhythm"

Counties on SUNDAY AND MONDAY, JUNE 6-7.
THIS PICTURE is taken from the famous novel by Charles Monroe Sheldon by the same title, "IN HIS STEPS," with the sole exception of the Bible, is the best selling book of all times.
THE STORY, while remaining true in substance to the original has been modernized and applied to a social problem of today that may be found in any community. The more intense religious aspects have been toned down so that it will appeal to all classes of people.

(By John Schultz) DRY-ZERO vs. WISNER'S Tuesday, May 25 Wisner's, a young but scrappy ball club, fell by the wayside when they lost a close ball game 5-1 to the Dry-Zero plant. Wisner's showed to be a promising ball team. They had pitching, but showed weakness in fielding the ball. They had five errors that helped in the Dry-Zero's runs. The combined pitching of Holmes and Luke held the Dry-Zero team to four hits but due partly to Holmes' inability to find the plate and errors on the field on the part of the whole team they lost a well played game. York, former Niles pitcher, pitched a good game, pulling himself out of many holes by making the opponents hit to the infield. He not only pitched, but hit to help his team win. He got a double and a single in three times at bat. Sult and M. Schultz led the Wisner team by getting one-third of the hits. They got two singles in three times up, each getting two hits. Summary: Dry-Zero 211 100 x Wisner's 000 130 0 York and Lewis; Holmes, Luke and Kolbitzer.

Scenes and Persons in the Current News

1-Battalion of Eritrean colonial troops passing in review before Premier Mussolini in a recent review at Monte Sauro, Italy. 2-Justice Willis Van Devanter, oldest justice of the Supreme court in point of service, who has resigned. 3-Alfred E. Smith, former governor of New York and presidential candidate, shown with Mrs. Smith, right, as they sailed for Europe.

B. Ellis led the Foundry team with a walk and a single in three times up to bat. Summary: Foundry 002 003 x Root's 000 000 1 Sinner and Richter; J. Freehling and Yazel. ROOT'S vs. LARSON'S Thursday, May 27 Root's played the Larson team in what turned out to be a track meet, Root's winning 26-1. Due to inexperience the Larson team found going plenty tough. Root's showed to be a well-balanced team while Larson's seemed to be the opposite. Root's hitting the ball all over the lot won the game in the first inning with six runs in. Larson's helped Root's win by committing eleven errors. Sherburn and Raber divided the pitching duties for Root's allowing only six hits. Sherburn never got into trouble as the score would show. He had a good practice in getting his control. Raber pitched slow balls to the Larson team just to see what they would

do. That wasn't much. Sherburn struck out the side in the second inning. Root's at bat was simply hard to get them out. Virgil and Stelter had a field day each getting five hits in five times at the plate. The team together got twenty-three hits. Dunkleberg got a home run and Virgil two triples. Manley and Roy Ruth divided the pitching for the losers. They did a creditable job, but due to errors lost. Hurley led the losers at the bat with two hits in three times up. Summary: Root's 663 713 x Larson's 100 000 0 Sherburn, Raber and Stelter; Manley and Ruth, and Jones. DRY-ZERO vs. POORMAN'S Friday, May 28 Poorman's got off to a slow start but got going and defeated the Dry-Zero team 10-5. Dry-Zero jumped onto Poorman and showed that they were not fooling and got four runs in the first two innings. Combining four

hits with two errors and a walk they got a lead. Poorman's came back to tie it up in the second and third. Donley's homer tied it up, the ball dropping safely when the fielder lost the ball in the sun. Poorman's went on to win in the fourth and sixth getting three runs in each inning, while holding the losers to one run in the seventh. Poorman pitched the entire game yielding nine hits while his teammates got twelve hits off the combined pitching of Toney and York. A. Topash and Donley led the Poorman attack by getting one-third of the hits allowed by the twirlers of Dry-Zero. Topash got a single and a double in three times at bat, and Donley got a homer and a single. Dry-Zero was led by Cronin, Burbach and Watry each getting two singles in three times up to bat. Summary: Dry-Zero 130 000 1

Table with columns: Team, GP, W, L, Pet. Rows include Poorman, Root's, Clark's, Dry-Zero, Wisner's, Gnodtke's, Foundry, Larson's.

Wagner News

Mr. and Mrs. L. Moore Pratt spent the week-end with Mr. and Mrs. Milton Mitchell. They have moved from Chicago to the mining district of southern Illinois. Miss Doris Whittaker and Ray Foster, Chicago, spent the week-end with the former's parents, Mr. and Mrs. Will Whittaker. Six new sailboats have been installed on Madron lake for the benefit of the Boy Scouts, the gift of Louis Upton. A group of Sea Scouts from Benton Harbor were at the lake Sunday and another group from St. Joseph Monday. They were learning to handle the boats, incurring some minor accidents. Miss Doris Whittaker and Ray Foster of Chicago, will be married at the Graemere Hotel, Chicago, Saturday evening at 8:30. Mr. and Mrs. Will Whittaker, parents of the bride-to-be, and Mr. and Mrs. Ralph Whittaker and Miss Geneva Metzger will attend. Both the young people are employees of the Armour Packing company. The regular meeting of the Wagner Grange will be held Friday evening, with the conference of the third and fourth degrees on several candidates.

HOLLYWOOD

ASTAIRE AND ROGERS IN 'SHALL WE DANCE?' Sparkling entertainment, combining whirlwind comedy with a delightful romance, catchy music and some of the most unique dance numbers in recent years, forms the basis of 'Shall We Dance,' RKO Radio's new Fred Astaire-Ginger Rogers musical offering, showing here Sunday through Tuesday. With Edward Everett Horton

and Eric Blore heading the featured cast, the new picture is said to offer a wealth of novelties. The story deals with a turbulent love affair between a famous ballet dancer who brings his company to this country and a noted revue artiste with whom he falls in love. George and Ira Gershwin composed the song-hits of the Pandro S. Berman production. Eight spectacular dance routines are woven into the story, along with several unique ensembles. Mark Sindrich directed.

BARRYMORE AS COUNTRY JUDGE

Lionel Barrymore, always master of the character analysis in a screen portrayal, again touches the heart in his latest role as a fearless old county judge in 'A Family Affair.' This is the picture which is a part of the double feature program Friday and Saturday, with a supporting cast that is strongly reminiscent of 'Ah Wilderness!' similarly produced at the Metro-Goldwyn-Mayer studios. Cecilia Parker and Eric Linden provide the young romance.

DISCLOSE SECRETS OF POLITICAL LIFE

A brilliant attorney's sacrifice of ambition in order to save the girl he loves motivates RKO Radio's thrilling drama, 'Criminal Lawyer,' featuring Lee Tracy and Margot Grahame Friday and Saturday. The cast includes Erik Rhodes, Betty Lawford, Frank M. Thomas, Theodore Von Eltz and Claire McDowell.

WOMAN SLEUTH GETS HER MAN

'She's Dangerous!' is the title of the exciting Universal picture which has been booked for showing at the Hollywood Theatre on Wednesday and Thursday. The title refers to Tala Birell, who sets a trap for a gang that has stolen \$500,000. When the net

Advertisement for Blackmond's Niles, featuring 'EYES TESTED' and 'Broken Lenses Replaced'.

closes in, Tala herself is caught in the snare. The gang leader is handsome Cesar Romero, who falls in love with Tala. His rival for her affections is Walter Pidgeon.

CASS COUNTY COUPLE ARE MARRIED HERE

Mr. Clayton H. Clark of Dowagiac and Miss Lucille M. Lyon of Cassopolis were united in marriage at noon Saturday in the Methodist Church. Rev. Thomas Rice using the double ring service with Mrs. Rice at the organ. They were attended by Miss Marabeth Clark a member of this year's graduating class of Dowagiac high school and Dr. Dick Lyon of Cassopolis. After a wedding trip they will reside in Dowagiac.

Win Dollars with a Safety Letter

Every citizen of Buchanan is urged to enter this contest in the interest of safety in automobile driving in Buchanan and vicinity. Write a letter of 300 words or less about traffic conditions and incidents as you observe them. You may wish to refer in the letter to dangerous or improper driving, breaking of traffic laws, dangerous corners, anything at all that has to do with traffic conditions in our city. Deliver or mail the letter to any one of the advertisers below or to Harry Post at the City Hall. The writers of the five best letters will receive this week a prize of One Dollar Each. Watch this ad next week.

CLARK EQUIPMENT COMPANY. Special Dollar Prizes for most helpful accident reports. Mark Reports for A. H. Kiehn. Davis Garage. Complete Auto and Lubricating Service. Larson Steel Products Corp.

Tip of Nose Is Center of Balance, Writer Says

The center of all balance is in the end of the nose. By balance I mean physical, psychic, spiritual—all three, observes a writer in the New York Sun. The nose is a most despised feature in Occidentals, and yet there is no other organ so quick to register like and dislike, no other with such a tenacious memory, no other more indicative of character. "Count noses" is a very elementary way of arriving at a decision. A ring in a bull's nose, or even a stick without even a goad, will tame the wildest animal. A skater, a ballet dancer, a skier, an army man, all know this fact instinctively. The ideal nose combines both the eagle and the hound. Too straight a nose, without a saving humorous tip, means fanaticism, too aquiline a nose means a grasping nature, too upturned a frivolous one.

A psychically disturbed person, one who is always and more and more in a hurry, who goes in great Catherine wheels over the universe till he is dizzy, can be checked by concentrating on the end of his own nose.

Try it and see. It polarizes and concentrates the nervous energy. It gives one a sense of the lode star, as the bow of a boat always swings with the tide, but comes back to balance, the arrow flies straight, the man bows to his Maker. Selah!

Poison in Berries and Leaves of Some Garden Plants

According to a Home Gardening expert, many common plants contain dangerous poisons, warns a writer in Pearson's London Weekly.

There is deadly prussic acid in leaves and roots of arum lilies, in hawthorn berries, and in the leaves of the cherry laurel. Another acidic poison, oxalic acid, is contained in the berries of the barberry species.

The poisonous cytisine is found in butcher's broom berries, and in laburnum seeds, while Christmas roses are dangerous on account of the helleborin in them. Every part of the common daisy, and the sticky juice of the dandelion stem, are also poisonous.

Digitalin, a deadly drug, is contained in foxglove leaves, while holly berries hold several poisons. People are also warned against the ivy berries, which are full of hederin. Lupin seeds contain lupinin, and the berries of Daphne, daphnina. The entire monkshood plant is impregnated with aconitine, and poppy heads are full of morphine, the chief narcotic agent in opium. Finally, the yew is dangerous on account of its taxine content. Taxine is a poison which causes suffocation.

"Million Fish"

One of the hardest and most popular of toy fishes is the guppy, a native of the waters of Trinidad, Barbados and Venezuela. It is sometimes called the "million fish" because it multiplies so rapidly. It is also known as the "rainbow fish" because of the bright prismatic colors of the inch-long male.

How Old Testament People Pictured the God of Israel

Portrait of 1200 B. C. Unearthed in Syria

By EMILY C. DAVIS

WHAT did Jehovah, God of Israel, look like—as people of the Old Testament pictured Him?

Biblical Israelites ventured no real portraits. Other nations might surround themselves with statues of their deities, or engraved pictures, or bas-reliefs. But the ten commandments forbade graven images. And even though Israel gave in to temptation to make a golden calf, and even though some Israelites had a weakness for clay figurines of heathen goddesses, there was no known attempt to portray Jehovah.

The bas-relief found in Syria. Special interest, therefore, is aroused by discovery of a portrait which gives the modern world a fairly good idea of how the ancient world visualized Jehovah. The portrait is a bas-relief from the Twelfth century B. C., unearthed at Ras Shamra in Syria, where a Canaanite city stood.

French archaeologists, directed by Prof. Claude Schaeffer of the French National Museums, are finding ruins of Ras Shamra a veritable treasure city for evidences of old history.

The bas-relief shows the deity El, mentioned in the Old Testament as a name for absolute Deity, and later, Prof. Schaeffer says, becoming God of Israel under the name of Jehovah, or Yahveh.

Stern-Faced and Bearded. The Canaanite sculptor has carved a striking profile of a venerable, stern-faced individual wearing a beard and dressed in ankle-length costume and high peaked headdress. He sits stiffly on a high, richly ornamented throne with a footstool. Facing is the small king of the city, devoutly holding up his scepter and a pitcher containing some offering.

Portraits of El have been known before, but none so early a century, which pictures El at the very time when the Israelites were fighting for their promised land under Yahveh's guidance.

The bas-relief is unfinished. Enemies invading Ras Shamra from overseas rudely interrupted life in the Canaanite city. This portrait of El was buried in the sculptor's wrecked home, to wait 3,000 years for a public showing.

Longer Life for Working Classes Has Been Gained

New York.—Longer life for the working classes in this country has been gained during the past quarter of a century as a result of public health activities, a report of the Metropolitan Life Insurance company shows.

The expectation of life at birth for the industrial policyholders of this company crossed the 60 year mark for the first time in 1935. In 1911 the expectation of life at birth for this class of the population was only 46.63 years whereas now it is 60.25 years.

Expectation of life at birth for the working classes is now almost as good as for the population as a whole, it appears from comparison of the life insurance figures with those of the United States registration area. For the whole population, in 1934, life expectation at birth was 60.79 years.

The gain in life expectation of the insured wage earners appears even more striking when compared with urban dwellers rather than with the population as a whole. This is a fairer comparison, the life insurance statisticians point out, because the insured wage earners live chiefly in cities. White males of age ten in the urban area of the United States gained 3.95 years of life from 1910 to 1930, while white male industrial policyholders at the same age gained 6.77 years from 1911-12 to 1930. At the same age white females in the industrial policyholder group gained a year more than those in the urban area of the United States.

Credit Given Health Authorities. The gain in life expectation for the industrial class is all the more striking and encouraging because it was made during a quarter century that included the World war, the devastating 1918-19 influenza epidemic and the economic depression, each of which greatly affected the lives and health of the population.

Commenting on this, the life insurance officers compliment the health authorities of the country as follows:

"Throughout this quarter century, and in the face of the calamities mentioned, those charged with the administration of our public health activities have maintained a scientific attitude toward their duties. Current discoveries in medicine and sanitary science have been applied as soon as they had demonstrated their worth. The results are unambiguously reflected in the highly gratifying figures that have been

Up to 150 years ago most race tracks around the world permitted all spectators on horses to enter the course and to ride, during the races, directly behind the thoughtless. Consequently, says Collier's Weekly, few of these horses ever had their minds on the race. They only thought was to save their lives from the thundering and howling mob at their heels.

Love of Card Games Is Noted in Briton's Talk

The Briton's love of card games is reflected in his speech, says a writer in London Tit-Bits Magazine.

"That's the card," we say when a person does the correct thing, i. e., he has played the right card. We call a sharp fellow "a knowing card"; a man of personality "a great card." "A queer card" describes someone we don't quite understand, or don't quite trust. "When in doubt play trumps" is advice to play the bold game in life—to go all out for a win.

We say of a successful man that he "played his cards well." To "throw up the cards" is to cease to struggle. When the other fellow appears to hold every advantage, we complain that he "holds all the cards."

A queer thing about a pack of cards is that it is like a calendar. There are 52 cards in a pack, and 52 weeks in a year. There are four suits in a pack and four seasons in a year. There are thirteen cards in each suit, and thirteen weeks in each quarter. Counting the Aces as 1, the Knives as 11, the Queens as 12, and the Kings as 13, the pips in a pack total 364. Add 1 for the Joker and we get 365 pips in a pack.

Different countries use different symbols to represent the four suits. Germans used to use Leaves, Hearts, Bells and Acorns. In Spain, Columbus, Roses, Pinks and Rabbits have now changed to Espados (swords), Copas (chalice), Dneros (money), Bastos (cudgels or clubs). French cards have a Pique (pikeman), Coeur (choir-man), Carreaux (tiles or artisans), Trefle (clover or farmer).

Our English "Spades" are a mixture of the French symbols, a pike, and the Spanish name, espados; "Clubs" picture the French trefoil, but adopt the Spanish name; "Hearts" is a corruption of the French coeur into coeur.

Suwanee River Rises in Swamp in South Georgia

The Suwanee river (or Swane) rises in the Okefenokee swamp in South Georgia and flows southwest, emptying into the Gulf of Mexico, twelve miles north of Cedar Keys, Fla., after a course of 240 miles. The scenery along its banks is attractive, and the river is celebrated throughout the country by the song "Old Folks at Home."

Stephen Foster originally wrote the first line: "Way down upon the Pedee Ribber," but was doubtful as to the suitability of "Pedee," probably because it was not a musical name. He subsequently searched a map for something better, and found the name "Suwanee," and he immortalized it in his great song.

Federal Hill, an old Southern mansion near Bardstown, Ky., is said to be the place where Foster wrote "My Old Kentucky Home."

In 1821 it became the property of the State of Kentucky. Foster was born and reared in the North—Philadelphia Inquirer.

Discovered Use of Vinegar

Louis Pasteur made possible the modern methods of vinegar-making. In 1848 he discovered the bacillus which acidifies beer or malt. He soaked birch twigs in sour beer until they were smothered with these bacilli. Then he percolated fresh malt through the twigs until it became acidified. The twigs are built up in criss-cross fashion to a height of about three feet. The percolation goes on for three weeks. London vinegar-makers use some fifteen tons of these twigs a year.

Cutting them is a job for specialists. Only long experience enables you to select the best kind.—London Answers Magazine.

Egyptians Liked Colors

At the height of the glory of the Nile in ancient Egypt, the people had 18 or 20 different colors for paint making. White they got from an earth of Melas; red came from an earth found in Cappadocia known as red ochre; yellow came from yellow ochre, an earth of iron and clay which was used as a paint by the Egyptians, Grecians and Romans. Black came from charred plant life: red from charcoal. Green came from copper mines, and royal and imperial purple came from the famed ancient Biblical city of Tyre as early as 1000 B. C.

Residence of California's Governor

Monterey, by royal decree in 1775, was ordered to be the residence of the governor of all California, both Alta and Baja (though Felipe de Neve did not arrive at Monterey until February, 1777), says a writer in the Los Angeles Times. It continued to be the official residence of all Spanish and Mexican governors (except for the period in 1832-33 when there were two governors, one in the south and one in the north) until Flores abdicated in January, 1847.

Massed Horse Races

Up to 150 years ago most race tracks around the world permitted all spectators on horses to enter the course and to ride, during the races, directly behind the thoughtless. Consequently, says Collier's Weekly, few of these horses ever had their minds on the race. They only thought was to save their lives from the thundering and howling mob at their heels.

BOUNDARY SQUABBLE AT LAST ADJUSTED

Vermont-New Hampshire Limits Clearly Defined.

Washington, D. C.—In 1912 Vermont and New Hampshire decided to ask the United States Supreme court where one begins and the other ends. Now they know.

Finally approved a few weeks ago was Special Commissioner Samuel S. Gannett's report on the 238-mile boundary line which follows the meanderings of the Connecticut river between the two states. Actually, 208 disputed miles of line were surveyed, from which the whole boundary was marked beyond doubt or question.

"This," says the National Geographic society, "is the last word in a boundary squabble which has caused bloodshed, engendered a refusal to admit the free republic of Vermont to the United States until 1791, and inspired Vermont's flirtation with a Canadian union. It even involved efforts to split off a separate state between Vermont and New Hampshire."

The newly approved boundary apparently changes no one's post office address, transfers not a single mile-square parcel of ground, and will necessitate no changes in maps on an ordinary scale. The Connecticut river's west bank has in recent years been the accepted boundary, and the new line merely marks off the west bank's original low water mark before dams were built to alter the river's flow.

Bridges and Taxation.

"The result has been to allot Vermont jurisdiction over a few more bucketsful of river in one spot, several tubfuls more to New Hampshire in another. It may now be definitely known at which ripple Vermont regulations govern trout fishing and where New Hampshire game laws apply."

"The true basis for a boundary dispute this late in history is the problem of bridges and taxation. It is a question of which state shall receive the taxes on riverside paper, lumber, and pulp mills, and the huge hydroelectric plants from whose dams on the Connecticut river power lines carry electricity throughout much of New England. Vermont is awarded a new island or so and some new exclusive tax clients. New Hampshire wins the expensive duty of maintaining most of the bridges."

"The upper Connecticut is a well-behaved little river, and would hardly have worn out the boundary line if left to itself. Except for several cut-offs, its rocky route, twisted and slow, has changed little since a lively logging industry filled it with rafts of timber from low wooded mountains on both sides. Now logs must come down to the pulp mills by truck or rail, for the river is blocked by ten power dams in its 200-mile career as a boundary. Because height of the river is now, almost completely controlled by these dams, the natural low water mark was lost and had to be 'fished' for. To establish it, a survey of the river had to be supplemented by old maps and blue prints."

Rely on North Star. "Accuracy of this survey was guaranteed by starlight. Early American surveyors worked with the compass, which varies even during a day in the same place. This survey was checked every three or four miles by reference to the North star. With transit, surveying rods, and chains, a single commissioner and his small field party of engineers settled a boundary which had baffled three commissions before 1792 and had caused bitter fighting."

"As the actual line between Vermont and New Hampshire is usually submerged, it was not practical to mark it with monuments on the spot. The line is indicated by 91 reference markers, bronze plates on granite shafts planted five feet deep to defeat the New England frost."

The Vermont-New Hampshire boundary is the longest, and possibly the longest-disputed, to be marked in recent years. Since 1920, six other state line disputes have been settled by the Supreme court and Commissioner Gannett. Arkansas had lines drawn for about 10 miles each along the boundaries which it shares with Tennessee and Mississippi. A Minnesota-Wisconsin limit was fixed for about 17 miles, surveyed in winter on the ice around Duluth. The capricious Mississippi necessitated a survey between Louisiana and Mississippi, confirming Louisiana's claim to about 12 square miles in dispute.

"Texas has required the most boundary doctoring. A new line between the Lone Star state and Oklahoma was run for 134 miles along the one-hundredth meridian. The result was one of the straightest and most accurately determined boundaries on record, and it paved off 45 square miles of Oklahoma to enlarge Texas. On the Texas-New Mexico boundary was run one of the crookedest lines possible, requiring five monuments per mile to keep it from getting lost in its own meanders. Part of the line between Colorado and New Mexico is still unmarked, and uncertainty exists over bits of the Texas-Arkansas and the Virginia-District of Columbia boundaries. Otherwise, state lines in the United States are pretty definite."

Carpet Weaving Old Art
Carpet weaving is one of the oldest arts. It was practiced in Babylon 4,000 years ago. In 1791 the first American carpet mill was built at Philadelphia. The power carpet loom, an American invention, so changed the art that wool pile carpets and rugs were made generally available for the first time. The United States is the largest maker.

Cataract Defined

When the lens of the eye becomes clouded the condition is termed a cataract. The lens, not being supplied with blood vessels or nerves, receives its nourishment from the fluids of the eye. The lens is encased in a capsule which acts as a filter to keep out undesirable material. Should this capsule break, the lens is flooded with the eye fluids. It then becomes clouded and the patient has what is known as traumatic cataract. In elderly persons the lens capsule gradually becomes less efficient and the lens, as a result, becomes clouded from the outside toward the center.

1st insertion May 20; last June 10 STATE OF MICHIGAN, The Probate Court for the County of Berrien.

At a session of said Court, held at the Probate Office in the city of St. Joseph in said County, on the 18th day of May A. D. 1937.

Present: Hon. Malcolm Hatfield, Judge of Probate.

In the Matter of the Estate of David A. Schwartz, deceased, Florence Chubb having filed in said court her petition praying that said court adjudicate and determine who were at the time of his death the legal heirs of said deceased and entitled to inherit the estate of which said deceased died seized.

It is Ordered, That the 21st day of June A. D. 1937, at ten o'clock in the forenoon, at said Probate Office, be and is hereby appointed for hearing said petition, and that all persons interested in said estate appear before said court, at said time and place, to show cause why a license to sell the interest of said estate in said real estate should not be granted;

It is Further Ordered, That public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Berrien County Record a newspaper printed and circulated in said county.

MALCOLM HATFIELD, Judge of Probate.

(SEAL) A true copy. Florence Ladwig Dase, Register of Probate.

IN CHANCERY
No. 10059

W. R. PAYNE, in his official capacity as Receiver of the First National Bank of Buchanan, Michigan, Plaintiff.

vs.
BUCHANAN LUMBER AND COAL COMPANY, a Michigan Corporation, ROBERT B. MCKAHAN and CHARLES B. ISHMAN, as assignees of all of the assets of the Buchanan Lumber and Coal Company, JACOB N. SCHLESSEY and HANNA H. SCHLESSEY, his wife, ELMER SCHLESSEY and LEROY C. SCHLESSEY and LOUISE SCHLESSEY, his wife, Defendants.

In pursuance and by virtue of a decree of said Court made and entered on the 20th day of April A. D. 1937, in the above entitled cause, notice is hereby given, that I shall sell at public auction to the highest bidder, at the front door of the Court House in the City of St. Joseph, in said County of Berrien, on the 21st day of June A. D. 1937, at ten o'clock in the forenoon, E. S. T., of that day, those certain lands and premises situated in the Township of Buchanan, County of Berrien, State of Michigan, and more particularly described as follows, to-wit:

1st insertion Apr. 15; last July 1st NOTICE OF MORTGAGE SALE
Default having been made in the conditions of a certain mortgage made by Alonzo F. Howe to Sigmund Desenberg and Rena Desenberg, his wife, or the survivor of them, jointly and not as owners in common, dated the 20th day of January, A. D. 1930, and recorded in the Office of the

Register of Deeds for Berrien County on the 23rd day of January, 1930, in Liber 157 of Mortgages, on page 594, on which mortgage there is claimed to be due on the date hereof the sum of Four Thousand Four Hundred Forty-seven and 10/100 (\$4,447.10) Dollars, under the power of sale contained in said mortgage and the statute in such case made and provided, notice is hereby given that said mortgage will be foreclosed by a sale of the mortgaged premises, or some part thereof, at public vendue, on Saturday, the 3rd day of July, A. D. 1937, at twelve o'clock noon, Eastern Standard Time, at the front door of the Court House in the City of St. Joseph, Michigan, said premises being situated in the Village of Buchanan, County of Berrien and State of Michigan, and described as follows:

Commencing fifty (50) feet West of the southeast corner of lot forty-three (43) of John Hamilton's plat of the Village of Buchanan; thence West twenty-six (26) feet; thence North ninety-nine (99) feet; thence East twenty-six (26) feet; thence South ninety-nine (99) feet to the place of beginning.

Dated: April 15, 1937.
RENA DESENBERG, survivor of herself and Sigmund Desenberg, Mortgagee

Douglas, Barbour, Desenberg and Prudy, Attorneys for Mortgagee, 2139 National Bank Bldg., Detroit, Michigan.

1st insertion May 20; last June 3 STATE OF MICHIGAN, The Probate Court for the County of Berrien.

At a session of said Court, held at the Probate Office in the city of St. Joseph in said County, on the 18th day of May A. D. 1937.

... THE MICROPHONE ...

News of Buchanan Schools

Collected and Edited By Members of the Journalism Class

HIGH SCHOOL NEWS

The journalism class has had their examinations, since the majority of the class is seniors. This is the final issue of the Microphone which they will publish. The ninth grade English class has completed the grammar work in "Adventures Wise and Otherwise," and completed the examination. The eighth grade had its examination on the "Elsion Reader" and "Junior Language Skills."

The history classes have completed their examinations. They had a nice display on maps and notebooks on exhibition.

Members of the shorthand and office practice classes had their examination last week. Bookkeeping and typing students have completed the examinations.

All home economics students have finished the final examination.

The library has been closed for the past week in order that student librarians might take inventory. Charles Bainton and Barbara Schram have been in charge of the work.

SCHOOL SLANTS

And so farewell to the Microphone and B. H. S. This is the last issue of the Microphone to be published in the school year, and tonight will mark the end of high school for the seniors.

What a beautiful spectacle the seniors made, the girls in white and the boys in blue, marching down the aisle last Sunday at the Baccalaureate service. The juniors, too, made a pretty picture in their light dresses and suits.

The prom last Friday was certainly beautiful. Everyone pronounced it a marvelous success and the orchestra committee received showers of compliments for their fine choice of Del Pino's band.

Just a final word—we feel that Mr. and Mrs. Paul J. Moore are to be wished all the happiness in the world in their married life! You know that has a special significance for the Microphone Staff, because it was "Miss Judith Bulla," who has been our adviser and teacher on the Microphone. So again, congratulations!

GRADE NEWS

The third grade pupils at the high school have completed their study of the animals in the zoo. Patricia Covert from Mrs. Helm's second grade has moved to Lakeside.

Velmorian Literary Society
The last meeting of the Velmorian Literary Society was held May 21.

The program consisted of a comical mock graduation.

Melvin Campbell was superintendent, Max Beadle valedictory, Rose Bachman salutatory, Robert Squier history, Marie Montgomery gittatory, Marion Miller prophecy, Jeanette Levin class poem. James Hausman led the music with a baseball bat.

Receive Shorthand Certificates

Three outstanding shorthand students, Kathryn Morgenthau, Marie Montgomery, and Margaret Huse received shorthand awards for having a grade above 90 in a shorthand theory test. This test is sent out monthly by the Gregg Writer, a shorthand magazine.

EXPOSITION QUEEN

The crown of Queen of the Great Lakes Exposition at Cleveland, Ohio, sits becomingly on the blonde head of twenty-two-year-old Margaret Meek. She was selected from among scores of Cleveland beauties.

THROUGH THE KEYHOLE

By E. Poorman
Daisy likes poses of blue if they come from you—Skippy! The prom was a great success! Surprising to see so many new couples "that way" about each other.

Quite a few girls forgot to go to the prom.

"Max" finally succeeded?

ENTIRE SCHOOL FETES PRINCIPAL PAUL J. MOORE AND BRIDE

The entire student body and high school faculty formed a parade and marched with the band down through the business section and back to school last Monday morning in honor of their principal, Paul J. Moore, and his bride, the former Miss Judith Bulla, English instructor. The student body joins the faculty in congratulations and good wishes for Mr. and Mrs. Moore.

LIBRARY CLUB

The Library Club had an informal party and shower to honor Mrs. P. J. Moore, Tuesday, June 1, at school. Following this the club went to Clear Lake for a picnic supper.

Announce Winners Writing Contest

The following list of students are the Buchanan Township winners in the Berrien County Rural Penmanship contest.

Those being the best writers in their respective grades are:
Jack Hemminger, Miller school, grade 3; Joan Dillavou, Miller school, grade 4; Margaret Gast, Coveney school, grade 6; Rita Hemminger, Miller school, grade 7; Arlene Miller, Wagner school, grade 8.

Betty Lou Smith, Broceus school and Hermina Sult, Miller school tied for first place in grade 8.

Those showing the most improvement during the past year are as follows: Olive Jewell, Broceus school, grade 3; Luella Mae Duis, Miller school, grade 4; Dennis Bromley, Broceus school, grade 5; Carl Weaver, Wagner school, grade 6; Donald Marsh, Wagner school, grade 7; Albina Mottl, Broceus school, grade 8.

Mrs. Everett Watson acted as judge for Buchanan township.

Camp Warren To Open On June 20th

Hurley D. Simpson, Camp Director, Announces Summer Program.

The summer program at Camp Warren, seven miles north of Benton Harbor, was announced Thursday by Hurley D. Simpson, superintendent of the camp. The camp is owned and operated by the Berrien County Sunday school association.

The camp will open on June 20, when between 60 and 70 boys and girls of high school age will spend a week in an outing sponsored by the First Baptist church, Kalamazoo. The Rev. Robert T. Wylie, pastor of the church, will be the camp director.

Sixty or more girls will attend the next camping periods, which run from June 30 to July 14. These periods will be managed by

Pole Vault Aces Set New Record

insect control specialist at Michigan State college. If unchecked, the worms attack elm and apple trees which will lose their leaves.

Elm And Apple Trees Threatened By Canker Worm

Shade trees and apple trees in southern Michigan are threatened by canker worm and should be protected by poison sprays or dusting, according to word received Tuesday from C. E. Dibble,

insect control specialist at Michigan State college. If unchecked, the worms attack elm and apple trees which will lose their leaves.

Spray should be applied with heavy pressure, Mr. Dibble says. He recommends two pounds of calcium arsenate or four pounds of lead arsenate, combined with a gallon of skimmed milk, one and one-half pounds of powdered milk and three quarts of summer oil in each 100 gallons of spray. If summer oil is used, care must be taken that it is summer oil and not dormant oil.

For dusting, he recommends one pound of calcium arsenate and 20 pounds of hydrated lime. The dust can be mixed in an old

churn or in any other tight container. Dust may be applied with power dusters or hand dusters, or where dusters are not available, can be shaken into the trees from a small burlap sack at the end of a pole.

Steward Once Highest Officer
Although the lord high steward merely walks before the king at coronations, carrying the crown of St. Edward, in Saxon times he was the highest officer in the land, ruling in the king's absence.

Long Trip for Washington
Washington took four days to go from Mt. Vernon to Philadelphia more than 150 years ago, when he arrived May 13, 1787 for the Constitutional convention, a distance of approximately 160 miles.

YOU SAVE CONTINUALLY

because it operates in

SILENCE!

SERVEL ELECTROLUX has no moving parts

This simplicity means:

- MORE YEARS OF DEPENDABLE SERVICE
- NO MOVING PARTS TO WEAR
- PERMANENT SILENCE
- SAME LOW OPERATING COST
- CONSTANT, PERFECT FOOD PROTECTION
- SAVINGS THAT PAY FOR IT

And you get as well:

- Every Modern Convenience
- Streamlined Beauty of Design
- Extra Roominess
- Greater Ice Cube Capacity

WHEN you see the new 1937 Servel Electrolux, here's something to remember! This is the refrigerator that a million happy families say is the biggest money-saver of them all. And this year it brings you even greater economy and convenience. Be sure to note its extra spaciousness, its wealth of time- and labor-saving features, its smart modern beauty. But even more important are the advantages you cannot see—advantages which result from the silent, different operation of Servel Electrolux. A tiny gas flame takes the place of all moving, wearing parts. This assures you of longer, more satisfying service... worthwhile savings year after year! Stop in today and get the whole story!

Wreckage of the huge dirigible Hindenburg, after the explosion at Lakehurst, N. J., when the great ship was preparing to land. Costing the lives of more than 34, the disaster was one of the worst in history.

Helpers Union
The Helpers Union of the Advent Christian Church was entertained yesterday afternoon at the home of Mrs. Mearl Wideman.

Honor Teachers
Mr. and Mrs. Claude Carter were host and hostess to the men members of the high school faculty and their wives Sunday evening honoring Mr. and Mrs. Kermit Washburn, who are leaving to make their home near Decatur, and Mr. and Mrs. Paul J. Moore.

Legion Meeting
The American Legion will hold its regular meeting, according to announcement by Commander John Elbers, on Friday evening of this week, the date having been postponed from tonight on account of commencement.

Loyal Independent Club
The Loyal Independent Club met Tuesday afternoon at the home of Mrs. Lloyd Shires. Prizes were won by Mrs. Emma Knight, Mrs. Anna Voorhees, Mrs. Nora Sparks and Mrs. William Rynearson. Mrs. Shire's sister, Mrs. Tyron, was a guest.

Royal Neighbor Club
The Royal Neighbor club held a miscellaneous shower for Mrs. Velve Brown Griffiths at the R. N. Hall on Tuesday evening. Refreshments were served and punco played. Prize winners were Mrs. Geo. Denno, Mrs. Allen Matthews, Mrs. Willis Delibac, Mrs. Albert Decker, Mrs. Henry Smith and Mrs. Lydia Myer. The committee in charge of the evening was Mrs. John Ochenryder and Mrs. Harry Smith.

Announce Engagement
Mr. and Mrs. Fred Bromley had as their guests for the week-end and Memorial Day their son, Gordon, and Miss Alma Wenzel, Toledo, O. While at the Bromley home they announced their engagement. Miss Wenzel is employed in a Toledo bank and Mr. Bromley works for the American

Floor company there. They will marry some time in June.

William Bromley Weds Nina Colburn
The marriage of Miss Colburn, daughter of Earl C. Colburn of Chicago, to William O. Bromley, son of Mr. and Mrs. Fred Bromley, took place at 11 a. m., Saturday, at the parsonage of the First Methodist church, South Bend, the pastor, Rev. J. A. Holmes, reading the marriage ritual. The ceremony was witnessed by a sister of the groom, Mrs. A. K. Herman and husband, Eucharan.

The bride wore a dress of royal blue crepe, with white accessories and carried sweet peas and gardenias. She is an operator at the Niles telephone exchange. Mr. Bromley is an inspector in the River street plant of the Clark Equipment company. He was graduated from Buchanan high school in 1933. They will make their home in Niles.

Scout Troop 41
Scout Troop 41 will hold a swim at their regular meeting next Tuesday evening, the event to be at Lake Madron.

Orchard Hills
The Family Day on Memorial Day at the Country club was attended by an unusual crowd. Chief event of the present week was Ladies' Golf Day on Tuesday, with Mrs. Jerry Tyler and Mrs. James Ward as the committee. Another Ladies' Golf Day will be held next Tuesday with Mrs. Harold Hanlin and Mrs. Lester Lyon as the committee.

How Indians Caught Fish
The ancient Indian method of catching fish in primitive Idaho territory was to create eddies in streams by means of dams. When the fish reached the eddies, they paused to rest, whereupon the Indians promptly speared or seined them.

Continental Divide a Plateau
Contrary to general impressions, the Continental Divide between Salt Lake City and Cheyenne, Wyo., is a rolling plateau.

DO YOU REMEMBER?

TWENTY YEARS AGO

Mr. and Mrs. Ted Rouse entertained Sunday at a family dinner. As the door opened to the guests at the home of Mrs. Jesse Viele last Friday afternoon they were greeted by the subtle odor of incense and three ladies, Mrs. Viele, her mother, Mrs. Mansfield, and Mrs. Orma Chamberlain, charmingly attired in Japanese costumes, ushered them into the rooms, which were likewise in celestial attire. Games of Five Hundred furnished the entertainment, followed by a luncheon of ice cream birds, dainty cakes and coffee. The Japanese scheme was in evidence at the luncheon and favors were miniature Japanese fans. Prizes were awarded to Mrs. J. L. Richards and Mrs. E. S. Black for highest on points and games, and to Mrs. J. L. Strayer and Mrs. Saston for lowest.

Mr. and Mrs. J. C. Rohm, Mr. and Mrs. W. R. Rough and Mrs. I. N. Barnhart motored to St. Joseph Sunday to attend the Hobson Lecture. While there Mrs. Rohm and Mrs. Barnhart called on Mrs. P. A. Graffatt at the Lakeview hotel and found her much improved.

H. F. Kingery is still gaining and is able to sit up a few minutes each day.

Mr. and Mrs. A. C. Roe, Mr. and Mrs. J. E. Arney, Mr. and Mrs. Charles Blodgett, Mr. and Mrs. A. A. Worthington and Mr. and Mrs. Will Leiter each took a party of friends to St. Joseph Sunday evening to hear Hobson speak.

Junior Wagner was home Sunday from his duties at the county seat, returning Monday.

NOTICE TO DRIVERS—On order of the village council the vehicle ordinance relating to fast driving, cutting corners, use of automobile cutouts, etc. will henceforth be strictly enforced and drivers violating any section of this ordinance will be placed under arrest. Frank Kean, Marshall; Mrs. Andrew Huss was taken to Epworth hospital at South Bend last week by her daughter, Mrs. William Koch, and Mrs. I. N. Barnhart. She underwent a successful operation Saturday.

In the early morning hours of Tuesday thieves entered the garage of Swank & Dempsey at Galien and stole a large quantity of automobile tires.

Ex-Governor W. N. Ferris will give his lecture, "What is Worth While" at the Princess theatre Friday night.

Local News

William Burgoyne, Fourth street, underwent an operation at the Pawating hospital Saturday night and is now improving satisfactorily. He is a Spanish-American war veteran.

Robert Strayer will arrive home from Lebanon College, Lebanon Valley, Pa., Friday to spend the vacation with his parents, Dr. and Mrs. J. C. Strayer.

Dr. and Mrs. Carroll J. Wilson and son left Saturday on their return to Hillsdale, N. J., after a visit at the former's parents, Mr. and Mrs. C. J. Wilson.

Mr. and Mrs. C. J. Wilson and their son, Carroll Wilson and wife and son, visited over the week-end with Mrs. Wilson's father, F. W. Smedley, Grand Rapids, and with her sister, Mrs. Darl Kautenberg, Hudsonville.

Mr. and Mrs. Carroll Wilson and son, and Mr. and Mrs. C. J. Wilson visited Wednesday evening of last week at the home of Mrs. Carroll Wilson's parents, Mr. and Mrs. Floyd Dawson, Michigan City.

Miss Mildred Wilson, Muskegon, will be a guest of her brother, C. J. Wilson, for the week-end.

Robert Swartz, 10-year-old son of James Swartz, underwent an operation at the Pawating hospital yesterday.

acted the following matters. The Wills and Petitions for the probate of the Last Wills and Testaments were filed in the estates of Florence D. Gorsuch, Francis Cauffman, Nellie L. Sessions and Lulu May Bolton, deceased; Petitions for the Appointment of Administrators were filed in the Henry Dahlman, Lillian Armstrong, John Kurland, Mary E. Turner, Flora M. Addison and Margaret Gilbert, deceased estates; Letters were issued in the William H. Andrews, Caroline Decker, also known as Caroline E. Decker, Mary Kasichke, George H. Burr and Wellington Holmes deceased estates; Inventories were filed in the deceased estates of Walter A. Simmons, Albert E. Pateman, Andrew Wissing, Mary M. Heaton, Robert J. Tiedebohl, Agnes Warman and William H. Andrews; and Final Accounts were filed in the estates of Carl C. Kent, Minnie E. Champion, John C. Fryman and Margaret Weiser, deceased.

Bertha Bromund Guenther and also known as Bertha B. Guenther), deceased; and Closed the estates of Herman Walters, Thomas F. Glavin, Charles S. Card and Leonard Kovarsky, deceased.

True dignity needs no costly emphasis.

CALLED SPANISH SPY

Jose de Gregorio, former secretary at the Spanish embassy in Washington, whose name was mentioned by Senator Gerald P. Nye of North Dakota when he said that Spanish spies in this country are seeking to "violate American neutrality."

Ancestor of the Hen May Have Been a Jungle Fowl

The ancestor of the hen is believed to be the jungle fowl, known as Gallus bankiva, which is found in the jungles of North India, Burma and Siam, states a writer in the Boston Globe. They were first mentioned in history by the Chinese emperor, Fu Hsi, who lived about 3341 B. C. One writer has stated: "From the evidence that has come to us it would appear that the sport of cock-fighting has as much responsibility for the domestication of the fowl as the demand for food and that when once it was brought into the service of man, sport was chiefly instrumental in making the species popular."

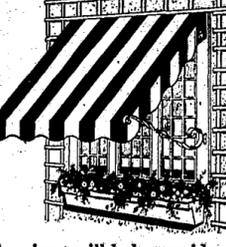

It is not certain whether all the breeds of poultry that we know date back to this common ancestry or not. Some believe that the lighter breeds such as the leghorns originated from this bankiva jungle fowl and that the heavier breeds probably originated from the Malaya fowl.

Many of the later breeds were made by crossing other breeds then in existence. It is noteworthy that some of them originated in New England and that much of the early breeding in the development of the breeds was done in Massachusetts.

"Little Girl, Curl!" Verse
The verse beginning "There was a little girl, she had a little curl right in the middle of her forehead" was by Henry W. Longfellow.
