

COUNCIL RESTORES ANGLE PARKING

Now Here's the Proposition

Well, Walter Hawes is on his way to Sweden for a six weeks' vacation. The staff tried to talk Walter into being Spanish war correspondent for the Record while in Europe, but Walter said no, it was hum-drum enough to listen to the old flap stories at the Record office without looking for any more excitement.

Walter won't worry any more about not being able to speak the native tongue while in Sweden. Someone told him that over there they load the table so heavy that he won't even have to ask for the food.

A noted economic writer makes the following pertinent comment: "Of all the infinite consequences of any deed, we can of course know but a few. This, however, does not justify inaction, which also has its effects, infinite in number and for the most part, unpredictable." In other words, young fellow, if you want to marry the gal don't let any grass grow under your feet.

—J. E. Johnson

To Hold Eighth Grade Exercises Next Saturday

Commencement Address To
Be Given By Reverend
Karl H. Keefer

The commencement address at the Berrien County Eighth Grade Commencement will be delivered by Rev. Karl H. Keefer of Watervliet, and is titled, "The Biggest Business in the World." The Commencement program is to be held in the high school auditorium at Benton Harbor, and will begin at 2:00 o'clock in the afternoon on Saturday, June 12.

The program is as follows:
Processional—Mrs. Edith Arnold, Berrien Springs.
Invocation—Rev. M. K. Richardson, Benton Harbor.

Vocal Solo—Miss Madeline Weckler, Benton Harbor; accompanist, Mrs. L. H. Weckler, Benton Harbor.

Address: "The Biggest Business in the World," Rev. Karl H. Keefer, Watervliet.

Vibrant Solo—Bob Dewhirst, St. Joseph.

Presentation of Diplomas and presentation of Penmanship medals—Jennie B. Meacham.

"America"—Assembly.
Benediction—Rev. M. K. Richardson.

Rita Hemminger of Miller school, Buchanan township, will receive the penmanship medal for the best writer in the seventh grades.

Guests From East Return Home

Dr. and Mrs. C. J. Wilson and son Carroll left Monday for their home at Hillside, New Jersey, after a visit with the former's parents. Mr. and Mrs. C. J. Wilson and other relatives and friends in this vicinity. Dr. Wilson stopped at Dayton, Ohio enroute home and visited one of the large refrigeration plants at that place, checking on the oils being used there. Dr. Wilson is employed by the Standard Oil Company, and has a laboratory in New Jersey, where he analyzes the reaction of the oils used for various purposes, such as in the operation of the Queen Mary. "Jimmy" as he is known to his many friends, has had three promotions in the less than two years that he has been with the company. Miss Doris Kroll, of Michigan City, sister of Mrs. Wilson, accompanied them to Hillside for a visit.

Margaret Whitman, daughter of Mrs. F. S. Whitman, is expected to return home from Ann Arbor today. Miss Whitman has been taking work for a Master's degree in Education at the University of Michigan.

Sons of Diamond Daddies Good at Baseball

These four stalwarts of the University of Florida baseball team ought to be pretty good at the national pastime if there is anything in the theory of heredity. All are sons of famous major league fathers, whose names were household words a few years ago. Left to right are Ed Manning, twenty, son of Ed Manning, former pitcher for the St. Louis Browns; Lee Meadows, Jr., nineteen, son of Lee Meadows, old Pittsburgh Pirates mound ace; Jimmy Shotton, seventeen, son of Bert Shotton, a former St. Louis Cardinal; and Wilbur White, nineteen, whose father once played third for the Chicago White Sox.

Buchanan Visitor Studied Art Under Henri, Bellows, Parker

Memories replete with recollections of years of study under great men of the world of art, are the valued possessions of Donald M. Baker of Columbus, Ohio, who recently visited Harry L. Hayden, Mr. Baker studied three years at the Art School at Ohio State University, then went to New York, where for three years he was the pupil of such artists as Robert Henri, whose paintings can be seen in any art museum in the United States, Walter Kuhn, who is now exhibiting throughout the country, George Bellows, and Lawton Parker.

Mr. Baker is an old acquaintance of Mr. Hayden, having attended high school at Urbana, Ohio, with him, and while here

made a fishing trip at Lake Charlevoix with Mr. Hayden and son, Richard. They ran into poor weather, however, Richard Hayden making the only catch, a four pound steelhead, but of course came back with a story about the "big one that got away."

Mr. Baker who at present paints, and sells his work, emphatically renounced any desire to teach art, except to a few students whom he considered worth while.

"Not more than three out of a hundred art students have the necessary talent to become professional artists," Mr. Baker declared, asserting that it was misleading and wasteful to devote valuable time to those who, are ill-equipped for creative art.

H. S. Bristol Celebrates 80th Birthday on Tuesday, June 8th

The years of a life spent in diverse and numerous activities and lived during a period of history-making events in our nation, totaled eighty last Tuesday for H. S. Bristol of Buchanan, who celebrated his birthday on that day.

Mr. Bristol was born near Constantine, Mich., in 1857. He was married at Roper in 1877 to Miss Frances Ellen Ferguson. The following fall he went to Iowa, staying there for two years, and then returning to Roper. The next summer after his return he went to Mishawaka, this being just after Garfield was assassinated. In 1883 he went to Sherman, Texas, remaining there two years, then going to Ft. Smith, Ark., where he resided for five years, following with a stay of one summer at St. Louis, and then coming to Buchanan. In 1891 he again moved, this time to Chicago, where he was employed by the Elmer Engineering Works for twenty years. He re-established residence at Bu-

chanan in 1912, and has made this his permanent residence since that time.

Mr. Bristol started a pattern shop here, selling out to his son, Earl from Battle Creek, a year ago, after losing his son, Clyde, and since that time has been retired.

Mr. Bristol's father was in the Civil War, being enlisted in Company D, 19th Michigan, and fought under "Fighting Joe" Hooker.

Apparently desiring more travel since "settling" down in Buchanan, Mr. Bristol made two trips to California, one in 1922, at which time he did some prospecting and "pitching horse-shoes," and again in 1927, when he bought into the Pioneer Chief Gold Mine, in which he still has stock.

Mr. Bristol states that he plans another trip to California, planning on visiting St. Louis, Ft. Smith and other former residences.

Lions Elect Heads, Initiate Members

The Buchanan Lions Club elected the following new officers at their meeting last week: R. G. Van Deusen, president; John Kobe, first vice-president; Del Boardman, second vice-president; Howard Barbour, third vice-president; H. L. Conant, secretary and treasurer; Dr. J. C. Strayer and Glen Haslett, directors; M. J. Converse, tall twister; and R. E. Donk, lion tamer.

Five Buchanan men were initiated into the Lions Club at a joint meeting held with the Niles Lions Club, at Niles, on Wednesday, June 9. The men are: R. E. Doak, Walter Hacking, E. J. Yoder, Charles Morgan, and Harold Boyce.

Medical Office Will Be Opened Here By Dr. Fish

Mr. and Mrs. E. C. Fish of South Bend have moved into the Wallace property at 112 W. Front St., where Dr. Fish will open medical offices about July 1st, when his work at Epworth hospital in South Bend will have been completed.

Una Kelley, daughter of Mrs. Josephine Kelley, is to return today from Ann Arbor where she has been attending the University of Michigan.

Mr. and Mrs. Homer Cooper and family and Mrs. Bealhorst were called to St. Joseph last evening by the critical illness of the latter's sister, Mrs. Walls.

Leave For Trip To Old World

Mr. and Mrs. Walter C. Hawes left Monday to sail by the steamship Drottningholm of the Swedish American line June 9 for Göteborg, Sweden, for a visit with the latter's mother and brothers who live near Bollnas, Sweden, north of Stockholm. Mrs. Hawes will make an extended visit with her mother there, while Mr. Hawes will remain a short time and will return, passing through Norway and England. They expect to arrive in Sweden in time for the special Midsummer festivities.

During Mr. Hawes' absence his news work will be handled by J. E. Johnson, of the Department of Journalism of the University of Michigan.

Father of Buchanan Residents Dies In Argos Last Sunday

Henry J. Gowland, 77, died last Sunday afternoon at his home in Argos, after one year's illness. He is survived by his widow; two sons, George B. of LaPorte, Ind., and John E. of Buchanan; seven daughters, Mrs. Mary Kolhoff of Galien, Mrs. Robert Stijer, of Plymouth, Ind.; and Mrs. Joseph Kendall of Argos; and a sister, Mrs. Elizabeth Hewitt, of Lebanon.

Funeral services were held Tuesday afternoon in the O. L. Grossman funeral home. The Rev. R. H. Crowder, pastor of the Methodist Episcopal church officiated. Burial was made in Oak Ridge cemetery, Buchanan.

Mr. Gowland was born May 31, 1860, in Petone, Ill., the son of George B. and Mary Ann Gowland. The family moved to a farm in Goodland, Ind., in 1873. He married Maude A. Seaman, on October 31, 1888. They moved first to Rensselaer, Ind., then in 1901, moved to a farm near Dayton, where they resided for several years. They moved to Argos in 1930.

Musicians Appear in Original Trio

Three outstanding musicians of southwestern Michigan, Bruno Rampoldt, cellist, Josephine Kelley, pianist, and Clarence Roth, violinist, appeared for the first time as a trio in the closing number of a recital by Mrs. Kelley's school classes at the Niles high school auditorium, June 2.

Playing in ensemble, the trio presented "Trio in G Minor" by C. M. Von Weber, including the three movements: Allegro Moderato, Scherzo, and Schaefer's Kluge. Each member of the trio played a solo part, resulting in a beautiful combination.

Mrs. Kelley is continuing her classes during the summer in Buchanan, Niles and Clayton Township, Indiana.

Armless Golfer To Play Match At Orchard Hills Club Grounds

Exhibition to be Open to
Public, Will be Held
Saturday, June 19

The most unique exhibition of golfing ever displayed here will be brought by the Orchard Hills Country Club to the club grounds on Saturday, June 19. The exhibitor will be Thomas P. McAuliffe, of Detroit, armless golfer, who will be matched in a round of the Orchard Hills course for an afternoon show. The public is invited to see this display of golfing without arms, by a man who has developed his game so that it is the equal or better than most amateurs and in a class with other professionals.

Mr. McAuliffe, "world's champion armless golfer," was born on Friday the 13th; married on Friday the 13th; lost his arms on Friday the 13th; was born and reared in 13th largest city, and signed all vaudeville contracts on the 13th. Yet, "I'm not superstitious," says this unusual golfer.

Mr. McAuliffe's history sounds like a fiction story. He lost both arms in a railway accident when nine years old; was laid up in a hospital for two weeks and one day, and has been going ever since. He graduated from high school, attended Michigan State college two years, studied law, and took courses in publicity, pro-

motion and personnel work. He is a former sports writer. He operates a typewriter at the rate of 35 words per minute, writes with pen or pencil between his teeth and lips at the rate of 45 words per minute, or can write the same way his golf club. It is held — between right shoulder, cheek and crotch of neck.

Mr. McAuliffe learned to golf as a caddy, won two silver cups in caddy-boy championships, has toured New Zealand, Australia, Tasmania, Canada and Hawaii, as well as every one of the 48 states.

His scores for 18 holes to date, on par 72 courses, over 6,000 yards, made on four famous courses from 1929 to 1936, averaged 86. He played East Lake at Atlanta, Ga. (Bobby Jones' home course) in 91 strokes.

"Tommy" McAuliffe is married and the father of three daughters and a son.

The public is cordially invited to witness this exhibition. A charge of 50 cents will be made to help defray expenses of bringing Mr. McAuliffe here. In the evening of the same day a stag party for members only will be held at the club house when Mr. McAuliffe will give a talk and show moving pictures of interest to golfers. Charge to members will be \$1.25 for afternoon and evening.

Presbyterians To Honor Ninetieth Year in Buchanan

The ninetieth anniversary of the Presbyterian church of Buchanan will be commemorated Sunday, June 13. Reverend Wm. H. Brunelle will speak at the 11:00 o'clock service on "Our Church Through 90 Years."

Those members who have been united with the Presbyterian church before 1900 will be particularly honored at the morning service. The member of the longest standing in the church is Mrs. Ella French, who united with the church in 1879. The next is Mrs. Charles Bainton, who united in 1881, and Mrs. Lucy Beistle, a Presbyterian since 1882, is the member with the third longest standing.

The present church is the third building used by the congregation. The first was on Third street, and has since been moved to W. Fourth street, where it still stands, now being used as a residence. The second church, built in 1892, was at the present site, and was destroyed by fire in 1924. The present structure was erected in 1927.

The present building was built during the pastorage of Reverend Harry Staver. Reverend Brunelle came to the congregation in February, 1935, from the University of Pastors at Ohio State University, where he was with the Presbyterian church.

Former Resident Dies in Saginaw

Henry Tiech, 81, a former resident of Buchanan, died in the Saginaw hospital, Saturday evening.

He was born near Three Rivers, October 10, 1855. He married Mary E. McCoy of Buchanan. The old Tiech farm, where he resided while here, is located north of the Colvin school, and is now occupied by Will Diment.

He is survived by his widow; by two daughters, Mrs. Stanley Crane of St. Charles, Mich., and Mrs. S. A. Dourman of Muncie, Ind. He was a member of the Presbyterian church and of the Knights of Pythias. He was at one time in the railroad service.

V. F. W. Auxiliary Plans Card Party

A card party, to be held Friday evening, June 11, at the Veterans Hall at 8 o'clock, was planned at the Veterans of Foreign Wars Auxiliary meeting, Thursday, June 3.

The amount of \$56 was collected in the Auxiliary's poppy sale, according to a report made at the meeting.

City To Speed Work on Streets

Grafton States Citizens Com-
plained of Delay In
Reconditioning

Much of the remaining brick replacement and street reconstruction necessary as the result of the sanitary sewer installation will be done by the city, according to Phay Grafton, chairman of the Street Commission. The delay of J. P. A. work on the reconstruction, resulting in complaints from irate citizens, had necessitated action by the city. Mr. Grafton stated, although the work had been part of the contract with the W. P. A.

Street Commissioner Edward Mitchell stated that gravel would be placed on every street in the city which has been torn up.

Relaying of bricks on Front Street, between Main and Oak, has been completed by the Buchanan Street Department, and work is now being carried on by the department on Days Avenue.

Country Club to Fete Klinger Members

Members of the Orchard Hills Country Club will entertain Klinger Lake members at their annual party Sunday, June 13. Dinner will be served at 1:30, with golf in the afternoon. The usual refreshments will be served at No. 7 tee and at the club house.

A good turn-out of Klinger Lake members is expected and local club officials want as many Orchard Hills members on hand as can possibly be there. Inter-club visits of Orchard Hills and Klinger Lake have become noted for their interest, entertainment, and fellowship, and the meet Sunday will be no exception.

Legion Auxiliary Plans June Picnic

The American Legion Auxiliary met Friday night, June 7, at which time plans were made for a picnic for members of the Auxiliary and their families, and members of the American Legion and their families. The picnic is to be held on June 25, at Fuller's Resort at Clear Lake.

A highly successful poppy sale in which \$94 was taken in, was reported by Mrs. Norman Smith. The amount is said to be the highest for several years. The members of the Auxiliary have expressed their desire to thank all who contributed to the fund.

The social committee, composed of Mrs. Magnus Lundgren and Mrs. John Elbers, awarded prizes for the bingo games held following the meeting.

BLIND LECTURER

Miss Hazel Hurst, blind lecturer, shown being led up the gangplank of an Atlantic liner by her "seeing eye" companion, "Babe." Miss Hurst, with the aid of "Babe," was en route to France, where she will deliver some lectures.

Title Applications Reach Year's High

High production records in the automobile manufacturing business are reflected in the Department of State, where titles for new cars, and transfers of titles, are issued.

Titles for new cars, and title transfers involved in "trade-ins" as well as in outright used car purchases, are being mailed back to car owners at the rate of about 5,700 daily, figures submitted to Leon D. Case, Secretary of State, show.

The number of titles and title transfers mailed out on application of car owners reached a record for 1937 on June 3, with the figure of 9,762 reached. The previous high mark for the year was scored May 28, when 9,007 titles and transfers were mailed out from Lansing.

Extra help has been employed by Case in order that increasing demands of the motoring public may be met.

Many to Attend Pres. Centennial at Winona Lake

The Presbyterians of this vicinity will be gathering at Winona Lake about the middle of the month to join in the Centennial Celebration of the Board of Foreign Missions. Several of these celebrations will be held in various parts of the country. Outstanding missionaries will be heard and motion pictures presented of the work accomplished during the 100 years of effort. A Pageant depicting the proposed work of the Missionary Board will be given by the Drama Guild of the First Presbyterian Church of Gary, Indiana. The pictures shown will be accompanied by the voice of Dr. Robert E. Speer, well known and much beloved leader of the Foreign Missionary Board.

Speakers who will take part in the program are Signior Rizzi from Brazil; Dr. Fred Hope, Industrial Missionary to Africa, who will show pictures of his work in the Cameroon District; and Dr. R. D. Bussdicker, Medical Missionary to Iran.

A special feature of the Centennial will be the appearance of Miss Jessie Swanson of Valparaiso, Indiana, who just a few days ago won the second prize in the Oratorical Contest held at the General Assembly of the Presbyterian Church, U. S. A., in Columbus, Ohio. Miss Swanson will repeat her oration, the subject, "The Next Century of Foreign Missions."

Presbyterians throughout southwestern Michigan will, no doubt, attend this celebration at Winona Lake.

Dee Weaver, son of Mrs. Leah Weaver, will graduate next Monday from Michigan State College. He will receive a Bachelor of Science degree in Forestry.

Mrs. Fred Miller and Mrs. Frank Miller visited Mr. and Mrs. Larue Abell of Terre Haute over the week-end.

Plans to Extend Third to Clark's

Action on Charter Changes
Deferred, Library Approp-
riation Favored

Re-establishment of angle parking from Oak to Portage on the South side of Front street, and from Oak to Days on the north side, was ordered by the City Commission, Monday night. A two-hour parking limit between 7:00 a.m. and 6 p. m., with the exception of Sundays and holidays, within the same area, was also established by the Commission.

Complaints of shoppers as to the inconvenience of parallel parking, and the lack of convenient parking space, were indicated by members of the Commission as the reason for the change back to the old parking plan. The parking limit was supported for the expressed purpose of speeding up the accessibility of parking space.

Plan to Extend Third St.

Extension of Third Street to the Clark Equipment plant, and the construction of a bridge over McCoy's Creek on the proposed road, were planned in a resolution passed by the Commission. Alleviation of the traffic on Dewey Street by giving Clark employees another and more convenient outlet from the plant were expected results of the measure voiced by members of the Commission.

Further action on the proposed charter amendments was postponed until return of the re-submitted amendments from the State Attorney's office.

To Appropriate Library Funds.
A favorable attitude toward an appropriation for the proposed library expansion program, and the intention of the Commission to make such an appropriation after July 1, when new revenue will be forthcoming, was voiced by Mayor Frank Merson, in reply to an inquiry by Rev. W. H. Brunelle, on behalf of the newly formed Library Association. Rev. Brunelle stated that the Library Association had collected in contributions but that additional money would be needed to establish an adequate library.

Members of the Park Board which is to have charge of both parks, and which is to supervise the provision of night lighting for the soft ball games, were announced as follows: Fred Smith, chairman; Art Johnston, Harold Stark, E. B. Ross, Harold Boyce, and Phay Grafton.

Church School Starts Monday

Once again the Protestant Churches of Buchanan will cooperate in a Vacation Church School. The school will open next Monday, June 14, at 9:00 and will be held in the High School Building. All children of the community between the ages of 4 and 14 are welcome to come to the school regardless of what Sunday School they attend, and are just as welcome if they do not yet attend any. The school will last two weeks, Monday through Friday, from nine o'clock until eleven thirty.

The director of the school this year will be Rev. Wm. H. Brunelle. The secretary-treasurer will again be Mrs. T. E. VanEvery. The faculty will include Rev. Thomas Rice, Rev. Paul Carpenter, Miss Light, Mrs. Mack Widmoyer, Mrs. W. H. Brunelle.

The cooperating churches are: the Church of the Brethren; the Church of Christ; the Church of the Latter Day Saints; The Evangelical Church; the Methodist Episcopal Church; and the Presbyterian Church.

Jane Addams League Chooses Officers

The Jane Addams Conservation League met Monday night at which time the following officers were elected: Mrs. Bud Proud, president; Mrs. Earl Derfinger, vice-president; Mrs. M. F. Surls, treasurer; Mrs. Alice Ludwig, secretary; and Mrs. A. S. Boyer, director of the exchange.

A talk on "Cooperation Between Parents and Teachers" was given at the meeting by Mrs. Clarence Dunbar.

Berrien County Record

Published by
THE RECORD PRINTING COMPANY
Editor W. C. Iawea
Business Manager A. B. McClure
Entered as second class matter November 20, 1919
Buchanan, Michigan, under the act of March 3, 1879

THIS OUGHT TO BE NEWS

During the coming weeks of summer we will be taking a vacation from our reportorial and editorial duties on the Record for the purpose of embarking on a voyage by land and sea to the Old World.

Under the supervision of our better half and general manager we will sail from—we will already have sailed from when this paper is published—New York City, touching at Halifax and thence across the wild Atlantic north of Scotland to the port of Goteberg in southwest Sweden. The voyage is made for the purpose of a visit at the former home of our manager near Bollnas north of Stockholm, and also for the purpose of seeing what may be seen. We hope to arrive in the land of the Vikings in time to grab a ribbon and dance wildly about the Maypole in the Midsummer festival on June 25. Our friends are hereby granted the privilege of deriving any and all possible amusement from imagining the results.

We feel sure that they will accord to our successor while absent the same kind and courteous co-operation that they have always extended to us.

Thanks. We're glad you're glad we're going. (We can't believe it yet.)

GALIEN NEWS

M. E. Ladies Aid Re-Elects Officers

The regular meeting of the M. E. Ladies Aid Society was held Sunday afternoon at the home of Mrs. Ernest Renbarger. A short business meeting was held and the officers of the past year were re-elected as follows: president, Mrs. Harry Lintner; vice-presidents, Mrs. Bertha Hamilton and Mrs. Ernest Renbarger; secretary, Mrs. Frank McCarty; treasurer, Mrs. Bert Babcock.

Mr. and Mrs. W. E. Baker entertained at supper, Monday evening, Rev. and Mrs. Truchell and family.

CHILDREN IN COURT

(Judge Malcolm Hatfield)
A sixteen year old boy was arrested yesterday for automobile banditry. This youngster's parents should stand trial in his place as they are primarily responsible for his crime.

The beginning of this young man's criminal career started years ago when his parents let the whip fall from their grasp. The boy soon picked it up and from that day forward never dropped it. His father and mother never realized that they had abdicated their authority and stepped down from their legitimate places as heads of the family. Consequently, the boy was never taught to respect authority or the rights of others and as a result soon violated both the federal and state laws.

Record Hailstorms

On June 15, 1829, Cazorla, Spain, was visited by a hailstorm that crushed houses. Some of the ice knobs weighed four pounds. In 1788 a severe hailstorm devastated the crops of central France. The resulting food shortage contributed to bring on the French revolution.

Chronological Eras

In Christian countries the years are counted from the birth of Christ. This system is called the Christian Era. It was not instituted until early in the Ninth century. But years are also counted, in other countries, by systems starting before and after the beginning of the Christian Era.

Annual Cost of Carelessness in the U.S.

5 STAR PLAN

- ★ 1. \$15.00 TRADE IN ALLOWANCE for your old flaming fuel range.
- ★ 2. \$15.00 FREE CREDIT TO NEW HOMES to be applied on the purchase of an Electric Range.
- ★ 3. LOWEST FINANCE CHARGE IN HISTORY Compare our 3 per cent charge with other finance rates.
- ★ 4. MODELS COSTING AS LITTLE AS 50c A WEEK Extended deferred payments make this possible.
- ★ 5. LOW 2 1/2 CENT RATE AVAILABLE With our fast breaking rate this cheap electricity is available above 60 kilowatt-hours a month.

Economical!

Modern!

THE Five Star Economy Plan makes it possible for every homemaker to cook the modern way—with fast, clean, pure electric heat. The plan provides for a liberal trade-in allowance on your old range or if you are building a new home to receive a credit certificate to be applied on the purchase of a new Electric Range. Monthly payments, made with electric bill, may be spread over 48 months, if you wish. This feature, combined with our low finance charge, makes it possible to buy an Electric Range for as little as 50c a week.

INDIANA & MICHIGAN

LOCALS

Mr. and Mrs. L. W. Johnson are planning to visit Mrs. Johnson's sister, Mrs. H. J. Stoner, of Elm Valley, next Saturday and Sunday.

Miss Betty Graham of Harbor Springs, who is engaged to Harold Pierce of Reading, was injured in an automobile accident last Saturday. She is reported to be getting along nicely but will be forced to be in a cast for the next three months.

Mr. and Mrs. Edward Ramey visited Mr. Ramey's aunt, Mrs. Matheny, of Granger, last Sunday.

Miss Mary Reynolds left Tuesday to visit in Chicago for a couple of days.

Mrs. Glen Crawford and son of Calumet City, Illinois, are guests this week of Mr. and Mrs. Joseph Meyers.

Miss Lilla E. Brown, Evanston, was a week-end guest at the home of her parents, Mr. and Mrs. Harry Brown.

Mrs. Anna Bird arrived home last Thursday from Berrien Springs, where she had been visiting her sister, Mrs. Molly Priddy. While there she also attended the funeral services for her grand nephew, Robert Ewalt, at Hinchman. He died as a result of injuries received in an auto accident in Detroit.

Roscoe Allen, accompanied by Mrs. Mary Wallace of Dowagiac, and by Stanley Wallace, son of Isabel Wallace, deceased, spent the week-end and Decoration day visiting at the home of Stanley's grandparents at Hillsboro, Ill.

Mrs. Edith Houk has returned home from Toledo, Ohio, where she visited her son, Roscoe Frame and family.

32 kinds of pneumonia germs. But now scientists have found chemical germ-fighters that may destroy them all. An interesting article in the American Weekly, the magazine distributed with next Sunday's Chicago Herald and Examiner.

Mr. and Mrs. Oscar Morris returned home Saturday evening from Brookings, South Dakota, where they visited the latter's mother, Mrs. Fred Wright.

Roy Wynn, recovering from an operation, is feeling better, but will probably be unable to return to work for at least a month.

Scenes and Persons in the Current News

1—Police shown dragging a striker to the patrol wagon during fight between police and steel strikers in South Chicago recently, when five strikers were killed. 2—Wilbur Shaw, right, winner of the 500-mile Indianapolis Speedway race. 3—Neville Chamberlain, new prime minister of England, who succeeded Stanley Baldwin following the coronation.

While they last. 89c hose 69c—75c hose 59c, at Root's. 231c Mrs. H. C. Jefferson of Compton, Cal., was a week-end guest of Mr. and Mrs. George Roe.

Mr. and Mrs. Frank Anderson are moving from Elkhart to Buchanan, and will make their home on South Cayuga street.

A daughter was born to Mr. and Mrs. Roy Antisdell, last Saturday. She has been named Cary Sue.

Mr. and Mrs. R. W. French of Minneapolis, visited Mr. French's mother, and Mr. and Mrs. Fred French, over the week-end.

Craig Robinson, son of Mr. and Mrs. R. R. Robinson, had an emergency appendectomy last Saturday. He was attended by Dr. J. C. Strayer.

Among Buchanan men attending the White Sox-Philadelphia game at Chicago last Sunday, were John Elbers and son, Arthur, Arthur Johnston, Henry Zupke, George Sands, Lester Batten and Nelson Hawks.

Clearance Sale—at Root's Gift Shop. All \$1.00 items 79c—all 50c items 39c.

Kenneth Beard spent the week-end at his home near Roseland. Miss Evelyn Hinkson, of South Bend was the Sunday guest of Kermit Mikelson.

Mrs. Minnie Allen, who has been sick for six weeks, is slowly improving.

Mr. and Mrs. Alex Loos were visitors over the week-end with the latter's parents, Mr. and Mrs. Fred W. Herman of Willing, Ind. Cary Sue.

Mr. and Mrs. L. B. Burns of Wabash, Ind., visited their daughter, Mrs. Roy Antisdell and infant daughter, last Sunday.

Mr. and Mrs. Thomas Craig, and Miss Cathleen Sullivan left Tuesday for Watervliet where they are going to open a hotel.

Mr. and Mrs. E. A. Orput and family, and Mr. and Mrs. Charles Orput and family, spent the week-end in Peru, Indiana, with their parents.

The Misses Gerald, Barbara, and Jacqueline Nagle, and Lyman Andrews, all from Chicago, were guests of Mr. and Mrs. Wessner last Sunday.

Mr. and Mrs. Eric Aronson and two sons, Orville and Lamar, of Indianapolis, visited Mrs. Aronson's parents, Mr. and Mrs. Charles Carlston of Whitehall, over the week-end.

Prof. and Mrs. J. Walter Carpenter, Jr., and son, William, left Monday for their home at Johnson City, Tenn., after spending the week-end with their son and brother, Paul Carpenter.

A seven and a half pound son was born June 1 to Mr. and Mrs. D. L. LeCave of Tucson, Arizona. Mr. LeCave is the son of Mr. and Mrs. L. E. LeCave of Niles, and a former resident of Niles and Buchanan.

Mr. and Mrs. C. R. Herriek and grand-daughter of El Cajon, Cal., are visiting Mr. and Mrs. Ray Headley. Mrs. Herriek is a sister of Mrs. Headley. It has been twenty years since they have seen each other.

Mrs. E. N. Schram went to Kalamazoo Friday and visited until Sunday at the Dr. W. B. Sargent home. Sunday, Mr. Schram and daughter, Barbara, joined her and accompanied her home.

Mrs. Lester Miller and W. J. Miller motored to Rochester.

PROTECTOR FOR BATTER

Wally Moses, outfielder of the Philadelphia Athletics, is shown at batting practice wearing a polo helmet, an adaption of which is suggested as a protective measure against possible heading of a batter by a pitched ball. The recent accident to Mickey Cochrane, manager of the Detroit Tigers, who suffered a skull fracture in the game against the New York Yankees, inspired the new safety campaign.

lard finally subsided Monday night with the discovery of a "Caterpillar" pin lost by their guest of the past week, Paul Vaughn of Selfridge Field, and missing for several days. Since the pins, signifying membership in the Caterpillar Club, an organization composed of persons who have been forced to "bail out" of a plane, are possessed by only 600 persons in the United States, a great deal of relief was felt when it was found.

Priest in Wheel Chair Builds Grotto on Hill

Rock Creek, Mo.—A grotto of honeycomb limestone built by a priest confined to a wheel-chair stands today on a hilltop overlooking an Ozark countryside.

The priest, Father Joseph Wipermann, was forced to retire from his duties in Rock Creek seven years ago when he fell on an ice-covered pavement.

Unable to walk at the time, he was taken to a hospital, where he remained for months. When he returned to his parish home in a wheel-chair he was unable to serve his people.

"It was in the midst of a state of depression when I felt a sudden awakening," he recalled. "I decided to build a grotto in honor of the Holy Mother and to plead my cause 'ad nat' of others."

He spoke of his restoration to health with gratitude, declaring what appears to be a deep conviction that a spiritual power was instrumental in his recovery.

"From my wheel-chair," said Father Wipermann, "I mixed the cement that was to be the foundation for the grotto. A stout Armenian helped me with the work I could not do at first. The stone was donated by a friend."

Hitch-Hiker Scorns Ride in Auto Without Radio

Atlanta, Ga. — A hitch-hiker stopped Maj. Trammel Scott as he was driving out of Atlanta. Scott stopped and opened the door. The hitch-hiker looked in.

"Got a radio in there?" he asked. "No," replied the major.

"Go ahead," said the hitch-hiker. "I'll get another car."

Keys a Foot Long

When, in 1147, the Moors were driven out of Lisbon, many of them locked their houses and took away the keys. General Sanjuro found hundreds of such keys when he finally subdued the Moors. In Spain and Portugal there are front-door keys six to twelve inches long. They are believed to be duplicates of those the Moors removed.

Mistakes—Everybody

"When any one tells me he never makes mistakes," said Uncle Eben, "he's makin' one right there in thinkin' I's s'posed to believe him."

Kinks in Cais' Tails

Approximately one-quarter of all the domestic cats in the world have a natural kink, knot or "break" in their tails.—Collier's Weekly.

Hook Up To The Sewer

All materials furnished. Work guaranteed. Free estimates. Our low prices will surprise you. For appointments call W. J. Miller Lbr. Co.

FRANK PORTO

Slaves Brought Leprosy Leprosy was first recognized in the United States in Louisiana, where it is supposed to have been introduced by the slave trade from the West Indies, says the St. Louis Post-Dispatch. The far greater proportion of the known cases began in Louisiana, and the next greatest numbers come from California and Florida. The prevalence of the disease in certain sections of the tropics establishes the fact that warm sections where plant and animal life luxuriate in moist heat and where the rainfall is heavy are most conducive to the spread of the disease.

Origin of Cheese

Although it is quite likely, as some writers assert, that cheese was first created by accident, when an Arab traveler left his day's ration of milk in a canteen made from an animal stomach in which rennet was still active, the Greeks believed cheese had a mythical origin. According to the legend cheese was invented by Aristaeus, the son of Apollo and king of Arcadia.

Sun and Moon Beliefs

It is quite usual, following classical custom, to regard the sun as having masculine attributes and the moon as having feminine attributes. It is of interest to note, in the Oxford dictionary, that in Old English "moon" was masculine and "sun" was feminine, but since the Sixteenth century the classical influence has prevailed. The ancient Greeks and Romans worshipped a sun-god and moon-goddess.

Making Rayon Rayon is made by liquefying cellulose or one of its chemical derivatives and forcing this fluid through small holes into a solution that hardens it into a silky fiber. Because they are smooth and translucent, such fibers are much more lustrous than those of silk. This brilliance is not highly regarded by rayon users, probably because it is a characteristic of what was once an inferior product. It is therefore a practice to add to the rayon a de-lustrant to make it duller and more like silk, says a writer in the Chicago Tribune.

Pagan Temple Found in Transjordan Is of Christ's Time

Place of Worship of the Nabataeans

New Haven. — An amazing pagan temple in the Holy Land, reflecting light on the Bible drama of John the Baptist, Herodias, and Salome, has been unearthed by joint efforts of American and British archeologists.

Most of the ruins, which crown a high hill in Transjordan, south-east of the River Jordan, now stand revealed. The work is being done by the American Schools of Oriental Research at Jerusalem, led by Dr. Nelson Glueck, and the Transjordan Department of Antiquities, led by Lankester Harding. The president of the American Schools of Oriental Research, Prof. Millar Burrows of Yale, announced the find, here.

The temple is of great interest because it stood in the time of John the Baptist and of Christ, and because it was a place of worship of the Nabataeans. The spark which touched off conflict between Herod and John the Baptist was Herod's divorce of a Nabataean princess in order to marry his brother's wife Herodias, whom he preferred.

Little Known About Nabataeans
Very little has been known about the Nabataeans who figure in Bible history, except that they were Arabs who possessed a strong kingdom in Transjordan and northeastern Arabia. Gods worshiped by these people are revealed in the temple ruins. Sculptures have been found of the powerful god Zeus-Hadad, armed with his thunderbolt, and of his consort, the goddess Atargatis, wearing leaf-like decorations on her forehead and shoulders. The Nabataeans also had a goddess of fortune, Tyche, who is portrayed with staring eyes and a crown on her head, and encircled by the figures of the zodiac.

A sculptured eagle and snake entwined suggest to the archeologists that these Arab people borrowed Roman ideas in their religion, and the other gods show that they borrowed from Syria, Greece, and Egypt also.

The temple, which was of gleaming white limestone, consisted of a small shrine, surrounded by an inner court with a gateway to the east. In front of the shrine have been discovered receptacles containing charred bones, wheat grains, and other burnt material, possibly offerings.

Syrup of Raspberry and Cacao Best Flavoring Agents

Chicago.—To kill or disguise an unpleasant taste, doctors find syrup of cacao (chocolate to you) and syrup of raspberry the best flavoring agents. Almost everyone likes these flavors.

Second in popular choice are the syrups of orange, cherry, sarsaparilla and citric acid.

Tasting tests have been carried on by Harold N. Wright, a pharmacologist, among students in the medical, dental and nursing schools of the University of Minnesota.

The flavoring agents commonly employed in medicine were judged in the experiment according to (1) the popularity of their appeal, (2) their efficiency in disguising the bitter taste of certain drugs, (3) their effectiveness in covering the salty taste of other drugs, and (4) their effectiveness in disguising the unpleasant taste of tincture of digitalis.

Bitter drugs are best concealed, Mr. Wright found, by syrups of raspberry, eriodictyon and prepared cacao. Salty drugs are best disguised by syrups of cinnamon, orange and sarsaparilla.

Warn Children Against Playing With "Dry Ice"

Chicago.—Don't let children get hold of "dry ice," warn Drs. Max L. Som and A. Harry Neffson of New York city.

One of the popular neighborhood diversions is to beg or buy some carbon dioxide snow and to put a small piece of it in the mouth. Then the child will blow off "steam."

These two physicians report the case of a seven-year-old boy who swallowed a piece of "dry ice," in the Journal of the American Medical Association. The boy is all right today, but it took a great deal of medical treatment and surgery before the damage was repaired.

Auto Trailer Real Jekyll and Hyde, Says Science Writer

It Can Bring the User Benefit or Disaster

By JANE STAFFORD

AUTO trailers now luring city people out for a summer's gypsying on the highways of the nation give to the casual observer no hint of sinister deeds, but they have a Jekyll-and-Hyde personality. As they travel the highways they can roll up benefit or disaster to health.

Acting as veritable Dr. Jekylls, the trailers can increase the physical well being of a large part of the population by getting these people outdoors and in sunshine much more than would otherwise be possible.

Acting as Mr. Hydes, they can jeopardize the health not only of those who ride and live in them but of whole communities through which the trailers pass. Here is the picture of Mr. Hyde in a trailer as worried health officers see him: Communicable diseases—typhoid fever, smallpox, influenza and all the rest—are spread fastest by travel. With thousands of persons traveling constantly, many of whom never traveled before, the spread of disease may be greatly accelerated.

Milk and Water Problems.

Trailer tourists cannot depend on the milkman or the city water works to supply them with safe milk and drinking water. They must find these for themselves. Penalty for not using a safe supply may be a serious case of typhoid fever or some other ailment that can come from contaminated water or milk.

Gravest danger of all is the trailer tourist's garbage and other waste. If this is not properly disposed of, it will scatter disease along the highways and in tourist camps, villages, farms and cities. A recent conference of health officers suggested many ways to meet this danger. Among them was the radical step of requiring health department approval of every trailer's sanitary arrangements before a license is issued by the highway authorities.

In the end, however, it is up to the trailer tourist to make his trailer a Dr. Jekyll instead of a Mr. Hyde. Specific directions for this can be obtained from any health department.

Optical Phenomenon Is Discovered in Strange Mineral

Corning, N. Y.—In this modern day, when the properties of ordinary masses of matter are seemingly completely known, it was announced here that in a strange Canadian mineral a new phenomenon of optics had been found.

Scientists of the Optical Society of America heard of the baffling glowing property of a mineral known as Hackmanite. This mineral has been known to science since it was discovered, first in Greenland, back in 1906-03 on a Danish expedition.

O. Ivan Lee, mineralogist of Jersey City, described how Hackmanite exhibits a beautiful red-violet color when first fractured into pieces but how this color quickly passes when the fresh surface is exposed to light.

Mr. Lee's discovery is that this striking and characteristic color may be revived at will if the mineral is exposed to ultra-violet light for a short time.

There are two well-known phenomena which cause materials to glow in a fashion somewhat like Mr. Lee's new discovery. They are fluorescence and phosphorescence. The new-found glowing, however, is neither of these for the color seen is different in shade from the mineral's fluorescent or phosphorescent light.

Mr. Lee analyzed, with a spectroscopic, the elements which Hackmanite contains and then turned around, experimentally, and tried to make an artificial Hackmanite. He succeeded in obtaining a mass or powder which shows approximately the same color when exposed to the ultraviolet light rays.

Five Layers of Water Found in One Lake

Leningrad.—Five well-defined layers of water, each different from all the others, have been found in a lake on the Arctic island of Kildin, near the Murmansk coast.

From surface downward the layers of water are: fresh, brackish, strongly salt, red and sulphurous. The sulphur gases dissolved in the bottom layer are deadly to almost all forms of life, but the bacteria that give the fourth layer its red color feed on the sulphur and prevent any of it from poisoning the layers above.

Ohio Will Have a "Little Ruhr"

A new "Little Ruhr" is rising seven miles up the Cuyahoga river from Cleveland, Ohio, which will mark it as America's meeting grounds for iron ore and coal. The development is part of the Republic Steel corporation's program of expansion. A \$15,000,000 plant, shown above, is under construction, which, when completed, will be the world's most continuous strip mill.

AT THE THEATRE

Murder Mystery Thriller Coming

"The Case of the Black Cat," comes to the Hollywood Theatre today, with Richardo Cortez in the role of the famous lawyer-detective, Perry Mason, and June Travis as Della Street, his secretary. There are murders galore—one of an eccentric millionaire's nurse, one of his caretaker who owns a mad cat—and a third for good measure.

"Park Ave. Logger," Fast Action Drama

George O'Brien, starring as a lumberjack in "Park Avenue Logger," a George A. Hillman production for RKO Radio release, is all set for the kind of action that has featured his screen career. The setting for the new outdoor thriller is New York and the big timber district of the Northwest. Beatrice Roberts heads a cast including Willard Robertson, Ward Bond, Bert Hanlon, Lloyd Ingraham, George Rosener and Robert E. O'Connor.

"Maytime" to Introduce New Opera

Rida Johnson Young's memorable stage success, "Maytime," brings to the Hollywood screen Sunday, Monday and Tuesday the triumphant star of "Naughty Marietta" and "Rose Marie" to the tune of the unforgettable song hit, "Sweetheart, Will You Remember?" Nelson Eddy, co-star with Miss MacDonald in the earlier hits, once again plays the hero in the stirring tale of a singer who is forced to make a choice between a career and love.

"Internes Can't Take Money"

Barbara Stanwyck, titian-haired screen star, plays the feminine romantic lead opposite Joel McCrea in "Internes Can't Take Money," a drama of devotion to duty and love which opens on Wednesday at the Hollywood Theatre.

Movies Of National Corn-Husking Meet

The scenes of the 1936 National Corn-Husking contest, held in Licking County, Ohio, are depicted in movies of the contest to be shown June 16-17 at the Hollywood theatre. The picture shows the field, the crowds, the Ohio State Shock-Shucking contest held preliminary to the National event, close-ups of seven of the National contestants in action on the field, weighing in of the corn, sampling, judging, and finally the winner Carl Carlson, of Iowa, demonstrating how he won.

Carl Carlson won the eighty minute contest with a net of 21.04 bushels. He had previously won his Iowa county contest with a net of 27.7 bushels, and the Iowa state contest, with a net of 37.1 bushels, a new state record.

The Hollywood offers the opportunity of viewing the event from a "ringside" seat in comfort without wading through the mud, as many thousands did for only a glimpse of this "battle of the bang boards."

New Zealand Glaciers
New Zealand breaks the rule that glaciers usually stop near the lower limits of perpetual snow, above the timber line. Some of its rivers of ice wind over wooded slopes to end only among tree ferns and other subtropical vegetation. Fox Glacier reaches down to 670 feet above sea level. Its surface is rough with patches of rock debris and with the sharp ridges of great crevasses.

U. S. Flag To Be Honored, June 14

In anticipation of Flag Day, Monday, June 14, the Americanism committee of the American Legion Auxiliary has prepared the following history of the United States flag.

Our flag was first authorized by Congress, June 14th, 1777. This date is now observed as Flag Day throughout America.

The flag was first flown from Fort Stanwix, on the site of the present city of Rome, New York, on August 3rd, 1777. It was first under fire three days later in the battle of Oriskany, August 6, 1777.

It was first decreed that there should be a star and a stripe for each state, making thirteen of both; for the states at that time had just been erected from the original thirteen colonies.

The colors of the flag may thus be explained: The red is for valor, zeal and fervency; the white for hope, purity, cleanliness of life; and the blue, the color of heaven for reverence to God, loyalty, sincerity, justice and truth.

In 1794 Vermont and Kentucky were admitted to the Union and the number of stars and stripes was raised to fifteen in correspondence. As other states came into the Union, it became evident there would be too many stripes, so in 1818 Congress enacted that the number of stripes be reduced and restricted henceforth to thirteen, representing the thirteen original states; while a star should be added for each succeeding

state. That law is the law of today.

The name Old Glory was given to our National Flag, August 10, 1831, by Capt. William Driver of the brig, Charles Doggett.

The flag was first carried in battle at Brandywine Sept. 11, 1777. It first flew over foreign territory January 28, 1778, at Nassau, Bahama Islands; Fort Nassau having been captured by the Americans in the course of the war for Independence. The first foreign salute to the Flag was rendered by the French Admiral LaMotte Piquet, off Quiberon Bay, February 13, 1778.

The United States Flag is unique in the deep and noble significance of its message to the entire world, a message of national independence, of individual liberty, of idealism, of patriotism.

The flag first rose over thirteen states along the Atlantic seaboard, with a population of some three million people. Today it flies over forty-eight states, extending across the continent and over great islands of the two oceans; and one hundred thirty million owe it allegiance. It has been brought to this proud position by love and sacrifice. Citizens have advanced

ALL STEEL and TWO YARDS WIDE

NO OTHER CAR IN THE WORLD HAS ALL THESE FEATURES

- ★ VALVE-IN-HEAD STRAIGHT-EIGHT ENGINE ★ ANO-LITE PISTONS ★ AEROBAT CARBURETOR ★ SEALED CHASSIS ★ TORQUE-TUBE DRIVE ★ UNSTEEL BODY BY FISHER ★ TIPTOE HYDRAULIC BRAKES ★ KNEE-ACTION COMFORT AND SAFETY ★ "HIGH OUTPUT" GENERATOR ★ JUMBO LUGGAGE COMPARTMENTS ★ DOUBLE STABILIZATION ★ SAFETY GLASS

THERE'S a lot more in this picture than meets the eye, though the eye has plenty to sparkle about in the stunning style of this spirited Buick car.

What you don't see here is the lift that's yours when you touch off the flashing power of Buick's valve-in-head straight-eight engine and go streaming off across the map.

What you don't see is the solid, steady feel of Buick—the firm stability that holds you on the line without weave or sway or wander on straight-aways or on the curves.

What you don't see is the assurance you'll know once you step on Buick's tiptoe brakes and see how surely and safely they make you master of its power.

We can't picture here the security that's yours in a body of steel-fused-to-steel—with floor, roof, side panels, cowl all welded into one stout unit of protective metal.

And only time can tell you how big is your money's worth in Buick—all steel and two yards wide, a big package that's your one best bet of the field when you add the superb action that gives its metals life.

All we can do is show you how a Buick looks—and handsome as this gallant traveler is, remind you that its good looks are literally the least of what it has to offer.

There's still time to make this a summer long to be happily remembered—if you'll go try a Buick now.

Duke of Windsor and Wally Are Wed

Picture of the duke of Windsor and Mrs. Wallis Warfield Simpson taken shortly before their recent wedding at Monte Carlo. This picture was posed on the lawn of the Chateau de Candé, where they were married. A religious ceremony performed by a rector of the Church of England followed the civil ceremony conducted by the Mayor of Monte Carlo.

TRANSCONTINENTAL FASHION SHOW IS HELD OVER PHONES

A fashion show held by telephone was a feature of a "transcontinental convention" of garment makers held recently. The convention was held in New York City, Seattle, Philadelphia, Los Angeles, Boston, San Francisco, Cleveland, Portland, Kansas City, St. Louis and Chicago, where members of the industry gathered to listen to speakers from the cloak and suit market centers throughout the country.

A hook-up of 16,500 miles of telephone wire was used to make it possible for people in the distant cities to take part in the convention. Eight speakers from New York and one each from the other cities addressed the gatherings. The fashion show was part of the New York program and included two new coat models by a New York firm. These were seen only by the New York audience, but listeners in at the ten out-of-town markets were given descriptions of the creations.

English House of Parliament The English House of Parliament is a royal palace, and its official name, when not in session, is Palace of Westminster.

Shape of the Circus Maximus The shape of the Circus Maximus was built with tiers of seats running parallel with the sides of the course and forming a crescent around one of the ends. The other end was straight and at right angles to the course so that the plan of the whole had nearly the form of an ellipse, cut in half at its vertical axis. A fence ran through the middle separating the return course from the starting one. The straight end was occupied by the stalls where the chariots and horses were held in readiness.

The Irish Flag "Erin go Bragh" is Gaelic for "Ireland Forever." The symbols on the Irish flag include an Irish harp, the national musical instrument of Ireland; the wreath of shamrocks representing that used by St. Patrick, which illustrates the Blessed Trinity. The three leaves of the shamrock represent the first, second and third persons of the Blessed Trinity, and the shamrock itself is the Blessed Trinity.

Emeralds, gems of May, come chiefly from mines near Bogota, Colombia.

Baseball Players Paid

\$5 Per Day in England London. — Britain's professional baseball season has opened with six teams, all quartered in Greater London, fighting for the first leg on the national "cup."

Under the new salary system, the league pays each player a standardized wage of \$5 a game, and there are two games a week. An additional job, however, is guaranteed for each player by his franchise holder.

Coaches are paid by the league and the club owner. Their salaries have not yet been standardized, but most of them get \$25 a week during the playing season.

Last season Britain's professionals received between \$10 and \$50 a week. Crowds averaged 4,000 a game, every team playing twice weekly. And baseball was a financial failure.

To make the game pay for itself this year, and stir hopes of a profit, salaries were drastically cut.

By the time visiting Americans want to settle down to a bit of "home," they will be able to watch their own national sport in England.

Baby Trade With Squaw Confused "Indian Giver"

Xpsilanti.—In a deal with an Indian squaw when Xpsilanti was new, Joseph Peck found himself in the position of the "Indian giver"—the person who backs down on a deal.

In jest, Peck proposed to his squaw visitor that they trade babies. Squaws were always eager for white children and Peck found his offer accepted with alacrity. He put in a difficult hour convincing the Indian woman he was only joking.

Use Corn Flour in Bread

as Wheat Rises in Brazil Rio De Janeiro, Brazil.—The cost of wheat has risen so high that bread is being made by the addition of corn flour. To maintain the price of bread the municipality decreed a mixture of one-fifth corn flour and four-fifths wheat flour. Immediately the price of corn went up.

How Animals Curl Tail Most prehensile - tailed animals curl their tails downward in grooming, but the tree porcupine curls its tail upward.

Unlawful to Play Tennis It was unlawful to play tennis in England in the reign of King Henry VIII.

Church Services

Sermon at 11, and Baptismal services and reception of new members.
Evening service. League service at 6:30 p. m.

Children's Day program will be held in the evening at 7:30 p. m. Prayer service Thursday evening.

Squaring His Conscience Man is a queer animal and no where queerer than when it comes to squaring his conscience. A Moslem started out to shoot his uncle, but while raising the gun there slipped into his mind the divine precept, "Allah is merciful!" He lowered the gun, stood for a minute plunged in thought, then with a happy smile took aim again, for there also occurred to him the precept equally divine, "But Allah is also just!" And, according to his lights, he was only being just shooting his uncle.

Rust, Corrosion Destructive Rust and corrosion cause an annual direct loss exceeding that caused by fire and flood combined.

Memorial Tablets Recall Past History of Jamaica

Church tablets, in which Jamaica is rich, record the deaths of some forty midshipmen and lads under the age of 20 in cruisers and trade ships in the port, the victims of Yellow Jack. In the Cathedral of Spanish Town, the oldest cathedral in the British colonies, Kingston, Jamaica, notes a correspondent in the New York Times, can be seen monuments and tablets, many of them the works of such distinguished sculptors as Bacon and Steel, bearing testimony to lives spent in work for the colony. Many governors are here commemorated, but none receives a greater tribute than Sir Thomas Modyford, who died in 1679.

Mistake Not Reader for here lies not only the Deceased Body of the Honourable Sir Thomas Modyford, Baronet, but even the soul and life of all Jamaica, who first made it what it now is. Here lies the best and longest governor, the most considerable planter, the ablest and most upright Judge the Island ever enjoyed.

Those in search of the marvelous can visit the grave of Lewis Galdy, who was swallowed up in the great earthquake in the year 1692 and "by the providence of God was by another shock thrown in the sea and miraculously saved by swimming until a boat took him up. He lived many years after in great reputation beloved by all who knew him."

The history of Jamaica is so closely associated with that of England that links can be found not only in its naval history but in the waves of emigrants, including regicides and Quakers, Huguenots and political prisoners, Spanish captives, recalcitrant preachers and trouble-some younger sons, many of whom were successful in making large fortunes in this island.

Teeth Only Remains of Shark That Once Ruled

Sharks' teeth, some as large as a man's hand, are the only known remains of giant sharks that ruled the seas millions of years ago. Great numbers of these fossils are found in sandy deposits along the Atlantic coast and in the Pacific ocean.

The shores and steep cliffs yield these sharp, flat, age-blackened fossils, writes Bernard Kohn in the Washington Star. Some are worn smooth by the elements and others have jagged edges.

The prehistoric teeth are found as far inland as Washington, D. C., while tons of them have been hauled from Wilmington, Del., and ground into fertilizer.

Scientists estimate the ancient sharks attained a length of 80 feet. Their jaws were 6 feet across, with several rows of upper and lower teeth.

Although sharks are big and powerful, they leave behind little evidence of their existence. After death their cartilage framework soon disappears.

Nice Thought

So often we are given a message of remembrance to be taken home to members of the family and yet how seldom do we deliver it. We might even say we met the person but forget entirely that he wishes to be remembered to anyone in particular. Try to carry these little messages to their destination; it makes everyone glad to know that someone else thought about him.

COMMISSION PROCEEDINGS

Regular meeting of the City Commission of the City of Buchanan, Mich., held in the commission chamber on Monday evening, June 7th, 1937 at 7:30 P. M.

Meeting was called to order by mayor Merson. Roll call showed the following members present, Merson, Voorhees, Smith, Graffort and Beistle.

Minutes of previous meetings were read and approved as read and corrected.

The Commission's attention was called to the water standing on Theoda Court. It was suggested that the sidewalk be raised on the west side of Theoda Court in order

that the street could be properly graded. The mayor instructed the clerk to have the county surveyor set a grade for the sidewalk on the west side of Theoda Court.

Complaint was reported regarding the trees on Charles Court. The street committee instructed the Street Supt. to trim the trees on Charles Court.

The finance committee read the bills for the month of May which were as follows:

General Fund	\$ 708.93
Highway Fund	544.35
Water Works Fund	1,074.21
Poor Fund	386.78
Cemetery Fund	154.85
Sewer Dist. No. 1 Fund	38.78
Sewer Dist. No. 2 Fund	309.08

Total \$3,216.98
Moved by Commr. Beistle and supported by Commr. Graffort that the bills be allowed as read and orders drawn on the proper funds for the several amounts.

Motion carried by the following vote on roll call: Yeas; Merson, Voorhees, Smith, Graffort and Beistle. Nay: None.

Moved by Commr. Beistle and supported by Commr. Voorhees that the bill of the High Grade Oil Company in the amount of \$80.10 for Gas and Oil for the month of May be allowed and ordered paid. Motion carried by the following vote on roll call: Yeas; Merson, Voorhees, Smith, Graffort and Beistle. Nay: None.

Moved by Commr. Beistle and supported by Commr. Smith that the premium on the insurance policies covering the fire trucks and the grader be allowed and ordered paid.

Motion carried by the following vote on roll call: Yeas; Merson, Voorhees, Smith, Graffort and Beistle. Nay: None.

Moved by Commr. Graffort and supported by Commr. Voorhees that the bill of Wm. Rynearson be tabled for further consideration.

Motion carried. The finance committee read the treasurers report for the month of May showing a balance available June 1st of \$1,328.40.

Moved by Commr. Beistle and supported by Commr. Graffort that the treasurers report be accepted and made a part of the minutes.

Motion carried. Moved by Commr. Voorhees and supported by Commr. Graffort that the entire proposition of the Koonitz-Wagner Electric Co., for Electrical Installation at the Water Works be accepted.

Motion carried. Moved by Commr. Beistle and supported by Commr. Beistle that the Water Dept. install a new water main from Days Ave., west on Chicago street to the Cora Howe property before the brick is laid on Days Ave.

Motion carried. The street committee read the report of the Street Supt., which was as follows:
Labor on streets \$151.60; Labor on water mains \$16.10; Labor on parking lot \$18.00; Labor on Sewer Dist. No. 1 \$38.50.

Moved by Commr. Graffort and supported by Commr. Smith that the report of the Street Supt. for the month of May be accepted and made a part of the minutes.

Motion carried. After some discussion it was moved by Commr. Smith and supported by Commr. Graffort that the parking on Front Street from Portage to Oak St. be returned to diagonal parking.

Motion carried by the following vote on roll call: Yeas; Smith, Graffort, Beistle. Nay: Merson, Voorhees.

Moved by Commr. Graffort and supported by Commr. Smith that a two hour parking limit be established on Front Street from Portage to Oak Street, from 7:00 a. m. until 6 p. m. daily except Sunday.

Motion carried by the following vote on roll call: Yeas; Merson, Voorhees, Smith, Graffort. Nay: Beistle.

Moved by Commr. Voorhees and supported by Commr. Graffort that the ordinance to regulate and license dealers in used automobile parts be adopted.

Motion carried by the following vote on roll call: Yeas; Merson, Voorhees, Smith, Graffort and Beistle. Nay: None.

Moved by Commr. Graffort and supported by Commr. Smith that the resolution deeming it necessary that Third Street be opened from Portage Street to the Clark Equipment Co., plant and that a concert bridge be constructed across McCoy's creek on Third Street be adopted.

Motion carried by the following vote on roll call: Yeas; Merson, Voorhees, Smith, Graffort and Beistle.

The mayor next appointed the following park board:
Fred Stark, Arthur Johnston, Harold Stark, Harold Boyce, E. B. Ross and Phay Graffort.

Moved by Commr. Beistle and supported by Commr. Voorhees that the appointments be confirmed.

Motion carried.

Moved by Commr. Beistle and supported by Commr. Graffort that the Compensation Insurance policy be renewed July 1st.

Motion carried by the following

vote on roll call: Yeas; Merson, Voorhees, Smith, Graffort and Beistle. Nay: None.

Upon motion by Commr. Graffort and supported by Commr. Voorhees meeting adjourned until Monday evening, June 14th, 1937 at 7:30 p. m.

Signed,
HARRY A. POST,
City Clerk.
FRANK C. MERSON,
Mayor.

1st insertion June 10; last June 24
STATE OF MICHIGAN, The Probate Court for the County of Berrien.

At a session of said Court, held at the Probate Office in the city of St. Joseph in said County, on the 8th day of June A. D. 1937.

Present: Hon. Malcolm Hatfield, Judge of Probate.

In the Matter of the Estate of George Stanard, deceased, Goldie Stanard having filed in said court her petition praying that the administration of said estate be granted to John F. Kobe or to some other suitable person.

It is Ordered, That the 6th day of July A. D. 1937, at ten o'clock in the forenoon, at said probate office, be and is hereby appointed for hearing said petition;

It is Further Ordered, That public notice thereof be given by publication of a copy of this order, once each week, for three successive weeks previous to said day of hearing, in the Berrien County Record a newspaper printed and circulated in said county.

MALCOLM HATFIELD,
Judge of Probate.

AN ORDINANCE TO LICENSE AND REGULATE DEALERS IN USED AUTOMOBILE PARTS AND TO PROVIDE A PENALTY THEREOF

THE CITY OF BUCHANAN ORDAINS:—

Section 1. Definitions.
a. The term "Dealer in used automobile parts" shall mean any person who engages in the business of dismantling automobiles, or who deals in, buys, sells or receives used or second hand automobile parts, accessories or salvaged automobiles.

b. The term "Person" used in this ordinance shall be held and construed to mean and include one or more natural persons, firms, co-partnerships, corporations and all associations of natural persons incorporated or unincorporated, whether acting by themselves or by a servant, agent or employee. All persons who violate any of the provisions of this ordinance whether as owner, servant or employee, shall be equally liable as principal.

Section 2. No person directly or indirectly, himself, or by his clerk, agent or employee, shall engage in the business of a dealer in used automobile parts within the corporate limits of the City of Buchanan, without first having obtained a license therefor from the City Commission and executing a surety bond to the City of Buchanan, in the sum of five hundred (\$500.00) dollars, to be approved by the City Commission.

Section 3. Application for such license shall be made in writing to the City Commission and filed with the City Clerk, it shall give all such information as may be deemed necessary for the proper enforcement of the provisions of this ordinance, including the name and address of the applicant, the particular place in said City where such person, firm, co-partnership, or corporation shall carry on said business, the business or trade name under which the applicant is to operate, previous experience in the business, the name and address

of all persons interested in the business and the issuing of the license and if the applicant is a corporation the names and addresses of the officers, applicant shall also state whether or not the business of the dealer in used automobile parts is to be conducted on a vacant or partly vacant lot and whether said lot is inclosed or partly inclosed or if said business is to be conducted in a building, application shall contain an agreement on the part of the applicant that the license will be accepted, if granted, upon the condition that it may be suspended or revoked by the City Commission on proper cause shown.

Section 4. If the City Commission is satisfied that the applicant is a suitable person to engage in the business of dealer in used automobile parts, it shall grant such license. If the business of dealer in used automobile parts is to be conducted on a vacant or partly inclosed lot or structure, no license shall be granted, until the applicant shall enclose such property with a properly painted tight board fence at least six feet high and erected in such a manner as to obliterate the premises from view, which fence shall at all times be properly maintained by the licensee. Provided, that the City Commission shall not grant a license to any person as dealer in used automobile parts in any residential community where sixty five per cent, or more, of the property owners, within a radius of one city block of the dealer in used automobile parts or contemplated business, petition the City Commission not to do so.

Section 5. When such license has been granted by the City Commission, the City Clerk shall issue the license, upon:

a. Dealer in used automobile parts executing to the City of Buchanan, a surety Bond in the sum of Five hundred (\$500.00) to be approved by the City Commission.
b. Payment of the following license fee to the City Treasurer, Dealer in used automobile parts fifty (\$50.00) dollars.

Section 6. Such license issued under this ordinance shall designate the particular place in said city where such business may be conducted, and it shall be unlawful for any licensee to engage in such business at any other place than that designated in such license. Said license shall be subject to all the terms and conditions of this ordinance, it shall always be conspicuously displayed on the licensed premises. It shall not be assignable or transferable. No person except the licensee, directly or indirectly shall do business or permitted to do business under said license. It shall be unlawful for such licensee to remove, deface or obliterate anything contained in such license.

Section 7. License issued under the provisions of this ordinance shall be revocable by the City Commission at any time for the violation of any of the provisions of this ordinance or if it shall be satisfied that said business as conducted is detrimental to the interests of the public. All licensee shall expire on the 30th day of April of each year unless sooner revoked by the City Commission.

Section 8. No licensee shall receive in the course of his business any article by way of pledge or pawn, nor shall he loan or advance on the security of any article or thing.

Section 9. Every licensee of dealer in used automobile parts shall at his place of business named in said license, keep a book in which shall be written at the time of the purchase, a description of the parts, accessories and of second hand and used automobiles, recording the license, motor and serial numbers of second hand and used automobiles, together with the name, age, address and a personal description of the person or persons from whom such purchase was made. Such book shall at all times be open to the inspection of the police department and shall be substantially bound and in which shall be legibly written in ink in the English language, the amount paid for each and every second hand and used automobile, parts and accessories. No entry shall be erased, obliterated, altered or defaced.

Section 10. No licensee shall purchase, receive or take any article mentioned in this ordinance from any person under the age of eighteen years, from an intoxicated person, from a habitual drunkard or from any person known by reputation or suspected of being a thief or associate of thieves or a receiver of stolen property.

Section 11. No licensee shall wreck or caused to be wrecked, dismantled or disassembled any used or second hand automobile, without first having reported the license, motor and serial numbers of such used and second hand automobile to the police department. Such report shall be made twenty-four hours before wrecking, dismantling or disassembling.

Section 12. No licensee shall make use of any street, sidewalk, alley or any other part of the highway or any other property not

in his possession or under his control for the storage of display of second hand automobile parts, accessories or salvaged automobiles or other second hand goods.

Section 13. A licensee hereunder may keep his place of business open and may purchase or sell only between the hours of 7 a. m. and 7 p. m. on any day except that such business must be closed on Sunday, that such yard or shop shall be so conducted as not to create a nuisance by reason of noise or disagreeable fumes, that no loads of iron or heavy materials may be un-loaded or loaded, nor break hammers used between the closing and the opening hours in the morning.

Section 14. If any section, subsection, clause or phrase of this ordinance for any reason shall be held 'void, such decision shall not affect the remaining portions of this ordinance.

Section 15. Any violation or failure to comply with the provisions of this ordinance, or any rules or regulation adopted pursuant thereto shall be punished by a fine not to exceed one hundred (\$100.00) dollars, and costs of prosecution or by imprisonment in the county jail not to exceed ninety (90) days, or by both such fine and imprisonment in the discretion of the Court, and when such fine and costs are imposed, the Court may provide, that in default of the payment thereof the offender shall be imprisoned for a period not exceeding ninety (90) days, unless such fine and costs shall be soon paid. Provided, no person shall be imprisoned for a longer period than ninety (90) days for a single violation of this ordinance. Upon conviction of a licensee, his license shall be revoked for a period of two (2) years after such revocation.

Section 16. This ordinance shall become in full force and effect from and after the 22nd day of June A. D. 1937.

Made, passed and approved by the City Commission of the City of Buchanan, this 7th day of June A. D. 1937.

Signed
HARRY A. POST,
City Clerk.
Frank C. Merson,
Mayor.

Softball

(John Schultz)

BOYCE & BOYCE vs. CLARK'S
Tuesday, June 1

Clark's hard-hitting ball club beat the Boyce & Boyce aggregation 9-4.

A walk to Proud and a home run by Sheperdson gave the Clark team a lead in the second inning. In the third they got to Fabiano and collected seven runs on six hits. Four errors also figured in the scoring.

Boyce & Boyce got their runs in the fifth and seventh innings, getting two each inning. Two hits and three walks enabled them to put two runs across in the fifth. A double and a single mixed with a walk netted them two more runs in the seventh inning.

Pete Sinner, fast ball pitcher, and Jesse pitched for Clark's, allowing seven hits.

Fabiano, F. Kennedy, and C. Kennedy divided the pitching amongst themselves for Boyce & Boyce. They allowed nine hits.

Jesse with two doubles in four times up, and Sheperdson with a homer and a single, led the Clark's at bat.

Heiderman with two singles in three times up led the Boyce team in batting.

Summary:
Boyce & Boyce 000 000 2 4 7 6
Clark's 027 000 x 9 9 1
Fabiano, F. Kennedy, and C. Kennedy, and Pflingst; Sinner, Jesse and Richter and Rossow.

Wednesday, June 2
Gnodtke won on a forfeit from Larson's aggregation.

ROOT'S vs. POORMAN'S

Thursday, June 3

Root's were knocked from the league leadership tonight by the improved Poorman team. The score was 3-2. Clark's now advance to the leadership with two wins and no losses.

Great infielding and timely hitting did the trick. They came from behind twice to win. They were out to do or die, and they did it.

Errors figured in the scoring of both teams' runs.

Root's jumped out into the lead in the first inning when Schiender walked and advanced to third on a pass ball and an infield out. Then A. Topash threw wildly to third in trying to pick Schiender off the base. Schneider scored easily.

Construction Speeded on New Unit of TVA

Like bones of some huge prehistoric monster the skeleton of the TVA dam at Pickwick Landing on the lower Tennessee river rises into the air, showing the recent progress of the work.

Poorman's tied it up in the fourth when Deeds hit a long high drive over the head of Root's right fielder for a home run to tie the score.

Root's retained the lead in the fifth getting one run on two hits and an error.

Poorman's won the game in the seventh on a walk, a hit, and a costly error.

It was a pitchers' battle between Poorman and Sherburn with Sherburn getting the best of it. Poorman allowed five hits while Sherburn allowed only four hits.

Deeds' with his home run in three times up led the hitting of Poorman's outfit. Walters with two hits in three times up led Root's.

Summary:
Root's 100 100 0 2 5 3
Poorman's 000 100 2 3 4 3
Sherburn and Stelter; Poorman and A. Topash.

CLARK'S vs. WISNER'S

Friday, June 4

Clark's remained in first place in the league by defeating the Wisner 10. In fact it was a shut-out, 16-0.

Jesse pitched the shut-out, allowing only one hit. He had a no-hit game until the sixth inning when he put one where Lester liked it and he hit a single, the only hit off Jesse.

Nine errors, seven walks, and

twelve hits gave Clark's the victory. Also Jesse's shut-out pitching.

Holmes and Luke pitched for the losers allowing twelve hits and walking seven. There were nine errors behind them.

Jesse struck out seven men and allowed only four men to reach base.

Jim Lisika, Ed. Howard, each with two singles in three times up, and Rothfuchs with three singles in four times up led the winners.

Lester, with the only hit, of course, led his team, getting one single in two times up.

Summary:
Clark's 161 144 x 16 12 1
Wisner's 000 000 0 0 1 9
Jesse and Richter; Holmes, Luke, Kalbitzer and Donley.

FOUNDRY vs. BOYCE & BOYCE

Monday, June 7

The third week of play in the softball league started Monday with the Foundry team defeating the Boyce & Boyce team 6-3.

The Foundry team scored first, in the second inning when they scored two runs on a hit, two walks, and an error.

Boyce & Boyce came back in their half of the second inning by getting one run on a hit and two walks.

A hit and an error was good enough for another run for the Foundry in the fourth. They

scored three more runs in the fifth, this being the margin of victory.

Boyce & Boyce got the rest of their runs in the seventh when they got two, on two hits and a walk.

Bob Ellis, making his first start yielded only three hits to the Boyce team. He not only pitched a good game but got two hits in three times up to help his own cause.

Nordstrom and Fabiano divided the pitching duties between themselves, yielding only nine hits. Due again to some bad support they were defeated.

Some nice fielding on the part of Ludwig helped Ellis out of many bad spots. Ludwig made two phenomenal catches in center field of what looked to be extra base hits.

Ellis, Dreitzler and Yazel led the winners with the former getting two hits in three times up, and the latter two getting two hits in four times up.

Heiderman led the losers with a hit and a walk in three times up.

Summary:
Foundry 020 130 0 6 9 2
Boyce & Boyce 010 000 2 3 3 6
Bob Ellis and Yazel; Nordstrom, Fabiano and F. Kennedy.

Scouts Plan For Nation Jamboree

Berrien-Cass Delegation To Entrain For Capitol June 25

Four Buchanan Boy Scouts, at present plan to make the trip to Washington for the National Boy Scout Jamboree to be held there June 26 to July 8. They are: Richard Habicht, troop 41; Lewis and Edward Pascoe, troop 80, and Bill Strayer, troop 80.

Plans are complete for participation in National Jamboree by the Berrien-Cass council. Boys will entrain from St. Joseph, June 25th, at 2:38.

Scout Executive Oscar Noll announced this morning that plans were completed for the participation of the Council in the National Jamboree. Word was released from Chicago that the Jamboree would leave St. Joseph, Pere Marquette station, Friday June 25th, at 2:37 in a private coach. This coach will be attached to a special train leaving Grand Rapids later in the afternoon for Detroit. At Detroit ten more coaches will be added to the train and they will start on their trip to Washington. The trip has been so arranged that the boys will travel through the eastern country during the day time and will arrive at Washington at 2:45 Saturday afternoon. Special arrangements have been made at Harpers Ferry for an hour and a half stop off for a sight seeing trip. The special train will have a cafeteria service for all Scouts. Each troop will have its own coach.

The Council will also be represented in the displays and in the arena shows. Otto Helweg of Stevensville, Scoutmaster of the troop, has prepared a very interesting Indian Lore display. There will also be an exhibition a model Camp Madron which was built by Eagle Scout Albert Mitchell of Troop 6, Benton Harbor. This outstanding piece of work has received Regional recognition and will now be taken to Washington. Donald Paul, Scoutmaster of Troop No. 37, Cassopolis, and one of the leaders, will also be in charge of some of the activities. It is understood that the boys will take part in the Indian pageant and will also have a vaudeville act which will

BREAKS NARCOTIC RING

Miss Joyce McAllister, twenty-seven-year-old former Santa Barbara, Calif., college student, whose under-cover detective work is credited with leading to the arrest of seven Chinese and a veteran federal agent in raids on night clubs in the Chinese quarter of Reno, Nev. The sheriff's office and the federal narcotics bureau provided her with \$1,000 with which she bought narcotics, thus obtaining information leading to the arrests.

be witnessed by the President of the United States. James Anderson, Assistant Scoutmaster of the troop, will be in charge of the activities. The Council is to have one of its leaders take motion pictures of the Jamboree and the activities of this group, as well as all the other representatives, so that these films can be shown in the troops this fall. It is understood that fourteen different foreign nations will also be in camp at Washington at this time, and that our Scouts will have the privilege of visiting all these groups. Many trips of interest are to be taken during the ten days stay. The following is the registration of boys

at the present time. There is still room for a very few more, although registrations coming in from now on will be accepted in order and the time they are received. Joseph Hayden, Thomas Connolly, and Richard Loupee, Troop 37, Cassopolis; Richard Habicht, Troop 41, Buchanan; Richard Sassman and Bert Gelder, Troop 18, Millburg; Richard Harper, Troop 71, Niles; William Shearer, David Phillips, Troop 43, Stevensville; Lewis Pascoe, Edw. Pascoe, Bill Strayer, Troop 80, Buchanan; Bruce Beldier, Troop 38, Dowagiac; Ernest Badt, Troop 15, Benton Harbor; Stanley Derby and Bill Brown, Troop 6, Benton Harbor; Robert Jordan, Troop 22, St. Joseph; Arthur Arnett, Troop 46, Berrien Springs; Don Schreleber, Troop 63, Coloma; Richard Fletcher, Ship 10, Benton Harbor; Paul Kramer, Troop 53, Three Oaks; John Hartline, Troop 55, New Troy.

It was originally planned to have the pre-Jamboree training at Camp Madron, but owing to the thousands of boys coming into Washington at one time the National Council has found it advisable to stagger the arrival of the trains, and the schedule of June 25th for this Council will make it necessary to do our pre-Jamboree training at Washington between the 26th and the 28th.

This Jamboree will be the largest gathering of youth that the United States has ever attempted at one time. At the present time there are tenting facilities for 28,000 boys. Kitchens have been built and every possible sanitary convenience has been constructed. The entire layout is built along the Potomac river and the major activities will center around the Washington Monument.

The return trip of the boys will be made with the same Railroad line and they leave the Jamboree grounds on the afternoon of July the 9th. Arriving in St. Joseph on the 10th.

Richard Bachman
Weds Mildred Rowe
Miss Mildred Rowe, daughter of Mr. and Mrs. Roy Rowe of Berrien Springs, and Richard Bachman, son of Mr. and Mrs. Charles Bachman, were married at 4 o'clock in the afternoon, Sunday, June 6, at the home of the bride's mother. The marriage ritual was read by Rev. Davis of the United Brethren Church. The attendants were Mr. and Mrs. Russell Wooley of South Bend. The ceremony was attended by the immediate relatives of the bride and groom. The bride wore white chiffon, with thistle flowers, and a corsage of white roses. Mrs. Wooley was dressed in blue chiffon with a pink corsage. Mr. Bachman is employed at the Clark Equipment Company. Before her marriage, Miss Rowe was employed at the Simplicity Pattern Company of Niles. They will make their home at 309 Whitman Court.

Popular Buchanan
Girl Married
Miss Maxine Howe, daughter of Mr. and Mrs. Charles F. Howe, was united in marriage to Joseph Hess, son of Mr. and Mrs. Adolph Hess, of Niles, at the Presbyterian Church in Niles, Sunday, June 6, at 12:30 o'clock in the afternoon. Attendants were Mr. and Mrs. John Mannix of Niles. Mrs. Mannix was the former Mildred Buchanan of Buchanan. Mr. Mannix and the groom were college chums at Lansing.

The bride wore white crepe and carried gardenias. The bridesmaid wore brown and carried roses. Mrs. Hess was a graduate of the Buchanan High School with the class of '34 and is employed in the time office at the Clark Equipment Company. Mr. Hess is employed in the office of the Kawneer Company in Niles. The couple are now in their own home at 612 North 12th Street, in Niles. Sunday evening about thirty young friends honored the newly married couple at the Avalon.

Wagner-Portage Granges
The Wagner and Portage Prairie granges will visit the Mt. Taber Grange Friday evening. Entertainment and refreshments are planned.

Mrs. Charles Honored
Mrs. Hugh Pierce and Mrs. Alice Ludwig gave a contract bridge party for their mother, Mrs. Ethel Charles, at Mrs. Charles' home on Friday evening. There were four tables of contract bridge. First prize was won by Mrs. Rena Desenberg, and consolation prize was awarded to Mrs. Maude Peck.

CENTENARIAN ON TOUR

Miss Elizabeth McIlwain of Santa Monica, Calif., who will be one hundred years old on September 12, is not at all feazed by travel. She is shown just before she departed on a transcontinental train journey to her girlhood home at Saltburg, Pa., outside of Pittsburgh. There a niece, Mrs. R. McIlwain, is making preparations for a grand and glorious September twelfth.

Home Service Picnic
The Home Service of the Presbyterian church will have their picnic Wednesday, June 16th, at 1:30 at Island Park, Niles.

Missionary Meeting
The Church of Christ Missionary society will meet Friday at the home of Mrs. J. J. Terry.

Edward L. Mills,
Virginia Clem, Wed
Virginia Clem of Hinchman and Edward Lee Mills were married at 3:00 o'clock in the afternoon on Sunday, June 6, at the parsonage of the United Brethren church in South Bend. The bride's sister, Miss Marilyn Clem of Hinchman and Bill Desenberg were attendants. Rev. Roscoe Wilson read the ceremony.

The couple will make their home in South Bend, where Mr. Mills is employed in the engineering department of the Bendix Company.

EMPLOY "MUD PACK" IN SULPHUR MINES

Engineers Meet Serious Problem in Louisiana.

New Orleans, La.—Creation of the biggest "mud pack" ever applied to the pores of Mother Earth is the solution evolved by mining engineers to meet the problem of maintaining production of sulphur from Louisiana deposits—one of the world's most important sources of this element.

Citing the difficulties and unusual expense attending the production of sulphur in Louisiana, engineers of the Freeport Sulphur company declare that more than 4,000,000 cubic yards of mud have been pumped into their mine wells in the last four years by way of applying the curious "mud pack." They add that the operation must be continued indefinitely to maintain production in the Pelican state of sulphur, which is consumed by American farms and factories at the rate of approximately 2,000,000 tons a year.

The "mud stuffing" operation, unique in mining practice, it is said, is an outgrowth of the Frasch process by which sulphur is melted out of deep-lying limestone formations and brought to the surface in liquid form by air pressure. Ordinary employment of the Frasch process is largely impossible in Louisiana, mining experts say, because the porosity of the underground strata permits the hot water to escape before the sulphur is melted. One well alone has been stuffed with more than 2,000 cubic yards of mud, according to the engineers. To assure an adequate supply of mud they have built a special dredge and machinery to pipe the mud to the wells.

College Uses Recordings for Speech Instruction

Crawfordsville, Ind.—Wabash college, pioneer in the field of college speakers' bureaus, uses a new instrument in speech instruction—a portable recording machine.

The equipment was designed principally for use in courses on diction, interpretative reading and beginning speech, where recordings of students' class speeches are made periodically, filed away and then played back at a later date so that the student may hear his progress or lack of it.

In courses on articulation and pronunciation, where it once was necessary to give verbal instructions and then correct the student's errors, of which he himself was unaware, it now is possible to record his speech and permit him to hear himself as others do.

Instructors in the speech department also plan to use the device to record addresses of men who represent Wabash college in oratorical contests.

The college long has been noted for its speakers and since 1928 has maintained a college speakers' bureau from which it supplies carefully trained students for addresses before luncheon clubs and other organizations. During the eight years of its existence the bureau has filled almost 800 engagements.

England Finds It Has Increase in Population

London.—The popular belief that the marriage and birth rates of Great Britain are falling off and that the population is declining is disproved by the latest statistics issued by the registrar-general. In 1935, the last period of calculation, there were more marriages, more babies and fewer divorces. The marriage rate was 17.2 persons per 1,000 population, compared with 16.9 in 1934 and 15.3 in 1932. There were 598,756 births, an increase on the 1933 total. The population of England and Wales is now estimated at 40,845,000.

First Airplanes Used in War
The first airplanes used in war were flown in Tripoli and the Balkans.

Says Youth Under 13 Served in World War
Louisville.—"The Courier-Journal recently contained a picture of Melvin Garrison, Springfield, Ohio, who enlisted in the World war when thirteen years old," writes a subscriber. "I do not desire to take any glory or praise from Mr. Garrison, but I know of a young man, C. H. Huff, who enlisted when only twelve years and ten months. He served seven months overseas, was engaged in several major conflicts. This young man is a native of dear old Kentucky and resides at Glasgow, Ky."

Blarney Legend's Antiquity
When the legend of the Blarney Stone began is not historically dated, though the expression "blarney" is said to date to the Elizabethan days. It is supposed to define a peculiar form of wheedling Irish eloquence, originally ascribed to Lord Clancarty in his communications with the English queen, in which he showed a knack of making wordy excuses. Elizabeth received one of his communications with a sigh of resignation and the comment: "This is more than blarney." This exclamation has been regarded as the source of origin for the stone. The contact of the mouth and lips with the stone is supposed to communicate the "blarney," a form of infection.

St. Patrick's Well in Ireland
St. Patrick's well in Ireland is situated near the famous Cullen bridge, founded in 1608 on the Old Coach road, where King Niall Caille was drowned in 846, as a warning to invaders, famed in verse as the "Way to Western Ireland," and is near the Royal college, which carries on the work of the original school founded by St. Patrick.

How the Tiger Got Its Name.
The word tiger really means an arrow, and comes to us from the Old Persian. An arrow fired from a bow travels very swiftly through the air, and as the tiger also travels swiftly it was called by the Orientals an arrow, or tiger.

Earth Is Not Flooded
The total amount of rain falling on the earth's surface, day and night, amounts to 16,000,000 tons a second. Yet the earth is not flooded. Evaporation keeps a perfect balance.

Dayton News
