

TO PLAY THREE GAMES HERE FRIDAY

P. T. A. to Present Musical Comedy to Benefit Milk Fund Poorman's Team, Studebaker A. C. to Play Feature

Now Here's the Proposition

We're Not So Gullible A headline in a domestic section of the Herald and Examiner reads: New Equipment Makes Dishwashing a Pleasure. Somehow, it's a little hard to quite believe that.

Ho Might Try Seeing It A writer in a magazine describing a trip across the Sahara says: "It was so silent you could almost feel it."

It Might Be Worth Trying For A New York department store has advised prospective mothers that if they purchase their layettes at the store and the stork, by chance left twins, triplets, quadruplets or quintuplets, the store would present layettes to the unexpected babies upon proof of purchase of the original outfit.—New Yorker.

Believe It? Herbert Spencer once defined marriage as a ceremony in which rings are put on the finger of the lady and through the nose of the gentleman.

Tomorrow Honey, jes' lissen! Don't cry an' fret; Der's a whol' day t'morrow thet ain't been teched yet!

What Others Say Montreal Daily Herald -- The difference appears to be this--If a girl goes around with a hole in the top of her hat it's a halo. If a man does, so it's a disgrace.

Legion Reports Plans for Carnival Contests The schedule of contests for the American Legion carnival to be held at the Athletic Field on July 29-31, has been announced as follows:

Legion Delegates to State Meet Chosen John Eibers, commander of the local American Legion post, and Lloyd Shires are to be the delegates to the state convention which is to be held in Detroit on August 15-17.

Three Act Play To Be Enacted Thurs., Friday

Receipts to Be Used to Provide Nourishment for Needy Children

A three act musical comedy, "Sky High," sponsored by the Buchanan P. T. A., will be presented this evening and Friday evening at 8:07 o'clock in the high school auditorium.

The play is being given to obtain funds for the annual P. T. A. milk fund. The fund makes it possible to distribute free milk to undernourished school children who are unable to purchase the milk.

This past school year 5,868 free bottles of milk, representing a total value of \$117.36, were distributed. Hopes have been expressed by members of the P. T. A. that the play will be successful enough to provide sufficient funds for next year's fund.

The play is directed by Mrs. Hazel Locke Greene, director of the Greene School of Music in Stuttgart, Ar., and radio chairman of the John McAlmont D. A. R. chapter in Pine Bluff, Ark.

Berrienites Get 1,339 Jobs by Using N. R. S.

Six-Month State, County Figures Reported by Starret

The National Reemployment Service found, 1,339 jobs for residents of Berrien County during the first six months of this year, Major Howard Starret, State Reemployment Director, reported today.

The semi-annual report of the NRS, a division of the U. S. Employment Service operated under the Department of Labor, showed private jobs were seven times what they were for the same period a year ago.

Throughout Michigan, 63,029 persons were sent to work. Only 6,148 of these persons were sent to Federal relief projects in contrast to a total of 38,665 sent a year ago.

"This simultaneous increase of private jobs and decrease of relief jobs is due to business activity and efforts of the NRS to place people in private jobs whenever possible," Major Starret said.

During the last twelve months ending June 30, the NRS placed 157,546 people in jobs, Major Starret said.

Every county in the State was represented in the report on placements during the last six months. The Kalamazoo district in which Berrien County is located was credited with 4,023 jobs through the NRS, according to Major Starret.

Niles to Play Local Junior League Team

The Buchanan playground team composed of boys from the age of 12 to 16 is scheduled to play the Niles playground team at softball next week at 2:30 in the afternoon in an official Junior League game.

Niles and Buchanan "Roarers" to Clash in Bone-Breaking Bat-Fest

Expect Extra Police Detail to Control Possibly Rampant Teams

The oft-postponed grudge game between the Buchanan and Niles Lions has been scheduled for Wednesday evening at the Buchanan Athletic Field, at 7:30 o'clock. The battle is to be a benefit game for the athletic fund, and will be played in five expectedly hectic innings.

Evidences of the development of bad blood between the two teams have been reported, members of each team having been heard speaking of members of the opposing team in uncomplimentary terms. Names such as "panty-waists" and "cookie pushers," have been too freely spoken to permit the two teams to meet in their clash next week in anything but a vindictive mood.

Because of the possibility that the players may get out of hand and use their bats for something besides knocking out hits, it is rumored that a special detail of local and state police may be called to maintain law and order.

Athletic Director Miller is reported to be looking for a couple of ex-pugs to act as umpires.

It is even reported that Dr. H. M. Beistle, manager of the local Lions, is feeding his team raw meat until the game, just to make them more vicious.

Dr. Beistle has reported that the following "Roarers" will be in the lineup for Buchanan. "Toughy" Gnodtke, "Sluggo" Orpurt, "One Round" Samson, "Wotta-man" Converse, "Hit and Hold" Gamble, "King of the Swat" Strayer, "Hold-me-back" Swen, "Dangerous Dan" Stark, "Rough-em-up" Root, and "Dynamite" Van Deusen.

Persons planning to attend the game are advised to go early in order to get a seat near the exit so as to be ready in the event that any trouble starts.

Cows on Kinney, Two Sodas Farms Given National Recognition

Seven cows from the herds on the Frank J. Kinney estate near Buchanan, and the Donald A. Shepard and R. A. Steinke farms of Sodas, have completed official records in the Herd Improvement Division qualifying them for admission to the Advanced Register of the American Guernsey Cattle Club, according to Karl E. Musser, secretary of the club.

Two cows from the Kinney estate qualified, two from the Shepard farm, and three from the Steinke farm.

A seven year old cow in the Kinney herd, Betty Jean of Buchanan 282463, produced in 356 days, 7,240.2 pounds of milk and 373.7 pounds of butter fat in class AHI. Another Guernsey, two year old Rosette of Buchanan 400865, produced in 365 days, 8,609.4 pounds of milk and 371.2 pounds of butter fat in class GHI.

A two year old cow in the Shepard herd, Golden Cherub's Hazel 402274, producer in 365 days, 9,265.2 pounds of milk and 452.8 pounds of butter fat in class GHI. Another Guernsey, two year old Golden Cherub's Henrietta 415164, produced in 331 days, 6,557.8 pounds of milk and 338.0 pounds of butter fat in class GHI.

A two year old cow in the Steinke herd, Herod's Hope's Dairy Maid 422642, produced in 365 days 11,023.6 pounds of milk and 453.5 pounds of butter fat in class GHI. Two year old Morning Star's Lena 422640, producing in 365 days, 9,403.1 pounds of milk and 504.1 pounds of butter fat in class GHI, and six and one-half year old Pearl's Ne Plus Polly 294524, produced in 365 days, 12,114.5 pounds of milk and 582.7 pounds of butter fat in class AHI.

Willis Long and his sister and brother-in-law, Mr. and Mrs. Herman Boyer and daughter, spent the week-end at Ceresco, where they visited their parents, Mr. and Mrs. Henry Long.

Clark's to Hold Picnic in Aug. at Indian Lake

The annual picnic of the employees of the local Clark Equipment plant will be held August 14, at Indian Lake. Mr. Edward Taske, general chairman for the picnic, has announced.

A program, to start about 10:00 o'clock, is being planned and will consist of various contests and games. Details of the program will be announced later.

Man Drowns at Madron; Is 11th Victim in County

Fell In While Fishing; Body Recovered 48 Hours Later

The eleventh drowning fatality in Berrien county lakes was chalked up at 5:30 o'clock Saturday afternoon by the death of Clarence Max Bryant, a resident on the Autin road, six miles north of South Bend.

The body of the victim was not recovered until nearly forty-eight hours later when it was found about 75 feet from shore Monday afternoon about 9 o'clock. He had apparently kicked off his clothes and made a vain attempt to reach shore. Coroner Louis Kerlikowski waived an inquest.

Mr. Bryant was fishing from a small boat, and suddenly gave a cry which was heard by a neighbor, William Kizer, and Bryant's twelve year old son, who were fishing a short distance away in another boat. By the time they arrived at the point where Bryant's boat was, Bryant had disappeared.

Several boys from Camp Madron responded to the emergency and sought to recover the body. Albert Webb, director of the Scout waterfront patrol, Gerald Noll, also of the waterfront patrol, with six other scouts made a makeshift drag and began dragging the lake.

Deputies Charles Miller, Clarence Dunbar and Robert Rinker, were summoned and also began to drag the lake. They were later assisted by Deputies Leslie Speese, Vern Story and Charles Davis.

Mr. Bryant was born February 10, 1904, at Akron, O., the son of Mr. and Mrs. Harlan Bryant. He married Florence Wiggins on September 26, 1920, at South Bend. He was a member of the Mt. Pleasant M. E. church near South Bend.

He was a resident around South Bend for the last 17 years, and was working at the Studebaker plant.

He is survived by his wife; by three daughters, Bonnie, Ruby, and Wanda; by two sons, Harlan and Jay; and one brother, Raymond Bryant of Battle Creek.

Services were held at the Mt. Pleasant church Wednesday afternoon at 2 o'clock, the Reverend Naughton reading the services. Burial was in Mt. Pleasant cemetery.

Mr. and Mrs. Robert Antonides and P. G. Mortel of Clear Lake Woods spent Tuesday evening at the home of Mr. and Mrs. William Swartz and family.

Miss Ethel M. Beistle and Miss Hazel S. Miles, left Sunday on an escorted Burlington Tour to the Pacific Northwest and the Canadian Rockies.

"The Feroocious Cave-Bear," First of a series of dramatic paintings by the distinguished artist-scientist, Charles R. Knight. Reproduced in full color in the American Weekly, the magazine distributed with next Sunday's Chicago Herald and Examiner.

Higher Earnings by Clark Plants Shown in Report

Quarterly Common Stock Dividends Rise to \$1.92 Per Share

Total earnings for the first half year for the Clark Equipment company amounted to \$788,438.79 according to the semi-annual report issued by the company.

The earnings are at the rate of \$3.14 per share of common stock after allowance for payment for dividends on preferred stock. The rate for the corresponding period in 1936 was 86 cents per share of common stock. The total earnings were \$242,868.65. In 1935 there was a deficit of \$5.00 per share of common stock.

Earnings for the second quarter of this year amounted to \$478,026.81 which is at the rate of \$1.92 per share of common stock after all charges except tax which may become due on undistributed earnings.

Directors Commend Showing "Your directors and officers," the report states, "consider the showing as reflected by the above figures to be excellent in view of the disturbed conditions of business which have affected numerous of our customers during the past year."

The operating income and miscellaneous income after deduction of factory expense, and provision for depreciation of \$237,350.79, was \$1,330,229.43. Miscellaneous income was \$36,470.93.

Administrative and selling expense amounted to \$296,664.03, cash discounts allowed amounted to \$93,972.42, and interest and exchange paid was \$11,018.39, leaving a net income from operations of \$923,574.59.

Expenditures during the half year for improvements were listed at \$775.40, and the federal income and excess profits tax, \$139,360.40, their deduction leaving the net profit figure of \$788,438.79.

The earned surplus, reported at \$652,497.92 in December 31, 1936, rose to \$1,209,519.66 on June 30, 1937, after the payment of \$41,284.25 in preferred stock dividends and \$190,132.80 common stock dividends. No provision was made for federal undivided profits tax, in the computation of the June surplus figures.

Former Resident Dies at Evanston, Sat.

Mrs. Charlotte Paden, 70, a former Buchanan resident, died Saturday, July 17, at her home in Evanston, Ill., following a short illness. Mr. and Mrs. Paden had spent several summers here, and following his death in 1928 she lived here until she became ill, five years ago, when she returned to Evanston.

Mrs. Paden was born in Litchfield, Ill. She went to Evanston, shortly after her marriage to Joseph E. Paden, a former mayor of Evanston. She was active in clubs and organization work.

Surviving are: three sons, Denison, David, and Phillip all of Chicago; one daughter, Mrs. Kennard Tracy, Washington, D. C. Funeral services were held Monday at Evanston. Burial was in Rosehill cemetery in that city.

"Bigger Berry" Seems Rose Farm's Motto

Growing large berries seems to be a specialty on the O. E. Rose farm. The other day a box of red raspberries, picked by George Rose, was brought to the Record office and found to count 80 to the pint.

A few weeks ago, a box of strawberries, also picked by George Rose on the Rose farm, were brought in and were discovered upon weighing to count eighteen to the pound.

Parking Simplified in Good Old Days; Dobbin Put at Any Angle

Run-Aways Only Safety Problem "Way Back When," Says Binns

The present problems of Buchanan residents of whether to park at an angle, and which angle to park at, were non-existent in the old days, says Harry Binns, who has been in business in Buchanan for nearly 54 years. When he first opened up in Buchanan and for several years afterwards, he related, the only regulations were to "hitch and unhitch."

A run-away now and then constituted the only traffic problem of that time, Mr. Binns said. About 1900, when Colonel H. Porter was mayor, an ordinance was passed to force all drivers to hitch their horses on side streets and keep them off the main thoroughfare.

Some of the merchants, however, Mr. Binns continued, soon erected small platforms in front of their stores and invited prospective customers to hitch up there. In a short while, he said, all the horses were being hitched up again in the main street.

J. Geminder Passes Federal Radio Exam

Word has been received that John Geminder has successfully passed the government radio operator's examination. He has been assigned to the W. H. McGean, an ore freighter plying the Great Lakes.

Lions Committee to Award Prizes for Best Slogans

To Give Five One-Dollar Stipends for Winning Safety Phrases

A slogan contest to replace the place the Safety letter contest has been started by the Lion's safety committee. The best five slogans are to be awarded one dollar each, the committee has announced.

Slogans already winning prizes, the committee reports are the following: "It is better to wait for a red light than an ambulance."

"Careless today, car-less tomorrow."

"It is better to be late than absent."

Contestants are advised to submit their slogan entries early.

Wm. Coleman Passes Away at Age of 80

William E. Coleman, 80, died Thursday morning at 2:00 o'clock at Pawating Hospital, Niles. Surviving are his widow, Ella; one son, Ira Coleman, Battle Creek, Mich.; four daughters, Mrs. Clark Wheaton, Custer, Mich.; Mrs. Otis Van Antwerp, New Troy, Mich.; and Mrs. Walter Paul and Mrs. Charles Suabedissen, South Bend; and one sister, Mrs. Alice Denend, Eureka, Kansas.

Mr. Coleman was born, August 11, 1856. He had lived in this vicinity for about 38 years.

Services were held Sunday afternoon at 2:30 o'clock at the Swem Funeral home. Burial was in Bakertown cemetery. Pallbearers were: William Smith, Charles Bauman, M. E. Gilbert, Joe Proud, John Redden, and Joe Haas.

Boy Falls Off Chair Injuries Right Elbow

Richard Skinner, four, son of Mrs. Catherine Skinner, incurred a fracture of the right elbow Thursday afternoon when he fell from a chair. He had climbed upon the chair attempting to reach his bathing suit on a shelf.

Walters to Open New Five to Dollar Store

A grand opening will be held at the Walter's and Co. five to a dollar store at 228 E. Front St., next Saturday. The store is owned by Raymond Walters and Clyde Shaffer.

Mr. Walters, formerly with Haffner's, where he was manager for five years, will be the manager. Miss Virginia Metzger and Miss Alma Shaffer, also formerly at Haffner's will be clerks at the new store.

The store has been remodeled, new fixtures installed, and an entirely new stock of merchandise has been purchased.

Campaign Begun for Financing of New Band Garb

Robinson Suggests Purchase of Capes to Avoid Difficulty of Sizes

A campaign to obtain \$400 to purchase new uniforms for the High School Band, has been announced by Cress Watson, who will be assisted by his son, Richard.

The reasons advanced for the need of new uniforms are that the old ones, in use since the organization of the band over ten years ago, are not only becoming well worn but that their assortment of sizes makes it difficult to fit incoming members of the band.

Ralph Robinson, director of the band, has proposed that cape uniforms be purchased so that the element of size will not be an important factor in the fitting of new members.

Local business men will be asked to contribute to the fund. A petition will be started this week to obtain pledges of contributions.

Eugene Kelley Wins M. S. C. Scholarship

Eugene Kelley, son of Mr. and Mrs. Con Kelley, has been awarded a scholarship at the Michigan State college, which entitles him with tuition there for four years, providing that he maintains a satisfactory scholastic standing.

The scholarship was won in competition with many other candidates from this senatorial district. An examination was given in the spring, at which time three candidates were selected by the district alumni committee from the group of applicants.

Then the three successful in that exam went to Lansing where they took a second test from which the local boy emerged the winner.

Kelley, who is sixteen, graduated from Buchanan high school this year. He plans to take engineering at M. S. C.

Every year, each of the 32 senatorial districts is allowed one scholarship. The local alumni committee selects three candidates from whom the winner is chosen at Lansing on the basis of the recommendations of the local committee, the high school records, and a comprehensive examination.

Miss Virginia Williams of South Bend was a Sunday visitor at the Wilbur Dempsey home.

Mrs. Edwin Ashbrook, who has been ill for a week with an attack of bronchial pneumonia, is feeling better.

Mr. and Mrs. Herman Boyer and daughter, Annette and Willis Long spent the week-end at Ceresco with Mr. and Mrs. Henry Long.

Mrs. Allene Vischeck and children, Eva Mae and Frank, from Detroit, are spending several weeks at the home of Mr. and Mrs. Harris Simpson. Mrs. Vischeck is a sister of Mr. Simonsen.

Gnodtke's to Meet Owl's Ten; Dry Zero, Mutual Drug Girls Slated

The unbeaten Poorman softball team will meet the Studebaker Union A. C. team from South Bend, next Friday. On the same evening Gnodtke's will clash with the Owl's A. C. team, which is in third place in a South Bend league and the Dry Zero girl's team will meet the Mutual Drug girls' team of Niles in the first game at 6:30 o'clock.

Boyer's will meet the Cobel Manufacturing Co. team from Benton Harbor next Sunday afternoon at 2:30. The Cobel team is a registered state team and is reported to be one of the strongest in the state.

The Studebaker team is in third place in one of the A leagues in South Bend, having won six and lost four in the league. They have won 27 games and lost five during the season, including league games. They have won six and lost four league games.

Two good pitchers in the Studebaker line-up will probably see action here, Friday, Twister Dick, formerly with the South Bend City champions, and Chet Riddler, formerly with O'Brien's Varnish of South Bend.

New Farm Ideas To be Shown at M. S. C. Meet

Harvesting, Household, Building Exhibits Planned for Program

There may be "nothing new under the sun" but the staff of Michigan State College intends to show a parade of new agricultural science to the thousands of farm visitors in the annual Farmers' Day Program on the campus at East Lansing Friday, July 30.

New type barn roof construction is involved in one agricultural engineering demonstration. Miniature buildings will be tested for stresses and roof load limits. New floor finishes for cement, wood and linoleum will interest farmers as well as their wives.

Grazing management and time of cutting alfalfa are farm crops offerings during the day. In addition the department will show results of sugar beet transplants, time of plowing sweet clover for beans, soybean varieties and culture and potato experiments.

Twenty-six brood mares and their colts will be one of the program features for the animal husbandry department. The dairy department will exhibit results of a breeding program with proven sires. Forestry staff members will show how to handle blowing sand with tree plantings. Poultry demonstrations will include use of summer shelters for growing pullets.

To Hold Team Pulling Contest The annual program starts off in the morning with a new type pulling endurance contest for competitive teams matched against a pair of college geldings. Trophies for the best team and the best teamster are offered by the Michigan Horse Breeders association.

After the contest and departmental programs, the afternoon entertainment and education will include a fact parade depicting sources and size of Michigan's agriculture income. E. L. Anthony dean of agriculture, V. R. Gardner, experiment station director, and R. J. Baldwin, extension director, will make brief addresses.

Local Young People Attend Church Meet

Alberta Maxson, Marjorie Bowman James Houseman and Rex Protz, are attending the Young Peoples' Week program of the Christian Church which is being held at Lake James, near Angola, Ind., this week. The Young Peoples' Week is part of what is customarily a five week annual Christian Assembly.

## SWIMMING AND BOATING SUGGESTIONS

With the past week-end bringing the eleventh drowning fatality in Berrien County lakes a few suggestions for swimmers and boatmen should be set down.

Don't go in swimming for at least two hours after eating. Swimming should be avoided by persons with weak hearts.

Swimming like driving is a poor mixer with alcohol. When making a long swim in deep water always have somebody with a boat along with you.

If you don't know how to swim don't jump into deep water just to take a dare or to avoid being the "sissie" of the crowd. Remember a little less nerve sometimes makes for a longer life.

Don't rock the boat. Don't stand up and walk around in a canoe while adrift. Don't stand up in a rowboat or canoe to pull in a fish. Don't go in for vigorous swimming when you're tired.

It's better to swim in somewhat shallow water rather than take a chance with the undertow when the lake is rough.

Don't go out in a boat alone if you can't swim.

Unusual circumstances will of course cause deaths by drownings even when all these suggestions are obeyed but their observance is certain to markedly cut down the risk in swimming or boating.

## Softball

(By J. Schultz)

Friday, July 17  
Two Buchanan teams lost to their out-of-town opposition Friday. Wisner were defeated by the Superior Steel company of Benton Harbor, 6-4, and Boyce Insurance dropped a 3-0 decision to the First Brethren church of South Bend.

The inability of Wisner's pitchers to find the plate proved costly. They issued nine passes over the route.

Long pitched for the winners, and allowed the locals five hits. Superior Steel's undefeated team in league play, got six hits off the combined pitching of W. Schütz and Luke. V. Davis caught for the steel club, while Donley did the receiving for Wisner.

H. Rener led the Harbor hitters with two singles and a walk. Donley led the losers with two singles in four appearances.

Summary:  
Superior Steel 031 020 0 6 6 5  
Wisner's 020 000 2 4 5 2

Boyce's Loss by Shutout  
In the nightcap, Boyce Insurance lost by a shutout to the South Bend church ten.

With Schrader on the mound for the Hoosiers, the Buchanan club had to be contented with three singles.

The winners scored their runs in the third, getting three runs on one hit, two errors, and two walks.

Singles by F. Kennedy, C. Kennedy and Hiemann were the only hits by the Insurance men made off Schrader.

E. Everitt led the winners at bat with a double in three times up. F. Kennedy led the losers with a single in two times up to the plate.

Summary:  
South Bend 003 000 0 3 5 1  
Boyce Ins. 000 000 0 0 3 4

Loop Games Won by Single Runs  
Monday, July 19  
One run victories were the order of affairs Monday night at the new lighted softball diamond as league activity swung into action.

Staging a hectic seventh inning rally the Boyce Insurance ten chalked up a 5-4 victory over the Dr. Zero aggregation to claim the loop lead.

In a similar manner the Wisner Drug club dropped a thriller to the Gnodtke Druggists by the same score of 5-4.

Nordstrom took the slugging honors for Boyce with a single and a double in three times up. Davis was credited with a single and a double for the losers.

In the nightcap W. Schultz took the honors for the losers with a single and a walk. D. Ellis registered likewise for the Gnodtke ten.

Summaries:  
Boyce Ins. 100 000 4 5 7 3  
Dr. Zero 031 000 0 4 10 4

Gnodtke 000 102 2 5 3 6  
Wisner 201 000 1 4 4 5

northeastern United States. Even southern Michigan residents, who now cross into Canada at Detroit, will find the Blue Water Bridge route the shortest way east.

Approach sub-structure work will be completed in September and the main span piers will be finished by January 1938.

V. B. Steinbaugh, chairman of the bridge commission, has announced bids of the super-structure work will be taken within a few days.

Ownership of the Port Huron-Sarnia ferry line has been purchased by the commission, which will operate the ferries until completion of the bridge at which time the line will be discontinued.

## Dr. Elliott Urges Increased Interest in Public Schools

Development of an enlarged community spirit in relation to educational needs was advocated at Ann Arbor this week at the eighth annual summer education conference, by Dr. Eugene B. Elliott, state superintendent of public instruction. Dr. Elliott was one of the principal speakers on a three-day program.

"There has been an awakening on the part of educators throughout the state to the needs for a new spirit in regard to the public's interest in school problems," Dr. Elliott said. "For the first time in history, Michigan's educational program for public schools is ranking at the top of the list."

"We are faced with the problem of carrying out a functional educational program in terms with definite educational goals. This program calls for educators to instill in the minds of growing boys and girls the type of thinking that will best fit them for effective cultural, vocational and professional living in our democratic society with its changing social and economic conditions. There is a need for adjustments in school organization which would follow in the wake of changing conditions."

"The education problem in each community must be of such a nature that it will provide for local needs as well as the legal requirements of the state. The extent to which the local program exceeds the state minimum program will be dependent upon the desire and ability of the local community to establish an enlarged program."

"One of the first requirements in establishing long-term educational planning in Michigan is to enlarge the state board of education and remove from the political field the office of state superintendent of public instruction."

Goiter an Old Affliction  
The goiter affliction is older than written history. Juvenal, the Latin poet, wrote, "Who wonders at goiter in the Alps?"

A French Commune  
The entire territory of France is comprised in municipal organizations called communes, the number exceeding 36,000. They vary greatly in size and population. All except Paris are governed under a single brief code, the municipal law of 1884. Each commune has a municipal council composed of from 10 to 36 members, elected by universal French male suffrage for 4 years, and a mayor, elected by the municipal council, who may be assisted by one or more aids called adjoints. All serve without pay.

## Michiana Fair to be Held at South Bend

The annual Michiana State Fair is to be held at South Bend, August 1 to 8, inclusive, will give South Bend and St. Joseph county their first fair in a decade.

Although premium lists have been available but for the past few days, scores of entries in all divisions have already been received at fair headquarters, 107 W. Colfax avenue. Premiums totaling \$2,000.00 are being offered in the many divisions of competition. J. B. Hendershot is fair manager.

Special attractions have been arranged for each of the eight days of the fair. Free acts will be presented each afternoon and night in front of the grandstand in addition to Ernie Young's musical extravaganza with a cast of 100 persons and a stage 150 feet wide.

## Range Shelters Protect Pullets, Prevent Losses

Losses in pullet raising during hot summer months can be shifted into healthy gains and profitable fall eggs with wise use of a portable range shelter.

Although a shelter (ble to handle 125 pullets to maturity may cost 20 to 30 dollars for materials, the equipment makes a good investment, according to J. A. Davidson, member of the poultry husbandry department at Michigan State College.

One suitable type advised by the college has a frame nine feet by ten feet. When this is placed in an acre of green feed range the pullets are away from adjoining flocks and the shelter can be moved often enough to avoid contaminated range. Alfalfa or sod is suggested for range. In a sod orchard the better the sod, the less the contamination.

Chicks can be placed in this brooder and range as soon as comparative warm weather arrives in June. Because they have sufficient room on range and in the shelter the unit of 100 to 125 pullets can utilize the equipment until they are ready to go into winter laying quarters.

A concise bulletin describes necessary material and gives diagrams of construction. Copies of this bulletin are available by writing Bulletin Room, Michigan State College, East Lansing. The four page publication is called "Extension Bulletin No. 124, Portable Range Shelter."

## Answers To Banking Questions

Why Must a Stranger's Check Be Endorsed?

A check is not money. It becomes money only when honored by the bank upon which it is drawn. Consequently a bank, cashing a check drawn upon another bank, must have some recourse in case the check comes back unpaid.

Banks require endorsement of a depositor on a stranger's check simply as a matter of protection to the bank and its depositors. Cashing a non-depositor's check is, in effect, advancing money without security.

You, as an individual, would not consider it good business to give cash to a stranger in exchange for his check. The rules of good banking simply aim to make sure that the bank will carry on the financial business of its customers and

its community efficiently and safely. In accordance with our established policy we are always

glad to cash a check for any person who is properly identified and his check endorsed by one of our customers.

### Need Clean Bin to Bar Weevils, Say Specialists

Advise Lye Solution Scrubbing to Protect Oats, Wheat, Barley

Profits possible in the grain crop now being harvested in Michigan can be easily tossed into the stomachs of weevils. For the pests, eating up the last of grain stored from previous seasons, are waiting to pounce upon newly threshed grain.

Clean up the bins before a new crop is poured in, warn members of the entomology department at Michigan State College. Wheat, a good crop this year, especially is subject to weevil attacks, Rye, barley and oats also should be protected.

First in the cleanup campaign is the wielding of a stiff strawed broom. Any sweepings gathered up should be burned to destroy the boarders.

Then the bins should be scrubbed with a solution of lye in water. One pound to a gallon makes an effective solution that will not leave sufficient residue to harm the grain. Bins then should be dried and aired out before grain is stored.

Further protection can be obtained. More farmers should line their grain bins with metal, or at least with paper lining has advantage because if the bin of grain becomes infested with weevils it will be tight enough to permit fumigation.

CHILDREN IN COURT  
A grocer's son was taken into custody yesterday in a nearby city by an inspector of the Bureau of Weights and Measures. The young man frankly admitted that he conceived the idea of short weighing orders after having once heard his father boast of a fraudulent practice by which a slight disadvantage was gained over a customer.

It was also discovered that the young man had deliberately faltered over a period of six months of ringing up on the cash register all raoney taken in. The court was not impressed with the father's indignation and frankly informed him that he had no complaint to make so long as he himself cheated his customers in his son's presence.

### New Legislation Greatly Changes Laws on Hunting

#### Game Rule Digest Must Undergo Almost Complete Revision

Michigan sportsmen will have to "brush up" well on their hunting laws this year.

Careful review of records of the 1937 legislation by conservation authorities has revealed so many alterations that Michigan's 1937-1938 game law digest will have to undergo almost complete revision.

Numerous changes in seasons and general regulations have been brought to light. Some of these were made by the legislature in the last-minute rush toward adjournment and were completely lost sight of by interested observers. While not all of the changes have received the governor's signature, it was expected that all eventually will become laws.

#### Eagles, Ospreys Protected Year-Around

Some of the innovations and alterations in the laws which will appear in the new game law digest now being prepared are listed as follows:

Year-around protection for bald eagles and ospreys.

State regulation of private roadside zoos and wild life exhibits.

Prohibition of the possession of loaded firearms in all mechanically propelled vehicles and boats.

A closed season this fall on squirrels.

#### Set Shorter Cotton-Tail Season

Shorter season on cottontail rabbits and snowshoe hares in the lower peninsula. Season was from Oct. 15 to Jan. 31 and is now from Oct. 15 to December 31.

Fines of \$100, to \$500 or imprisonment in county jail from 90 days to one year, or both, for violating laws relative to moose, elk or caribou.

Struck placed on unprotected list and subject to legal shooting year-around.

Provision of general trapping license except for beaver and otter, for which special license is necessary. Small-game hunting license hereafter will not entitle licensee to any trapping privileges.

Non-residents may not trap and may not take raccoon.

#### Officers May Kill Dogs

Dogs running deer may be killed by officers, but not by others without criminal or civil liability. Presence of dog in woods, etc., during deer season no longer prima facie evidence of unlawful use.

Provision for non-resident small game license fee of \$15 in zone three which is that area in southern Michigan south of north line of Town 16 north and east of Saginaw bay, including all of the Thumb area; and a non-resident small game fee of \$5 in all of Michigan north of the north line of Town 16 north and west of Saginaw bay.

#### Hunters, Trappers Must Report

Requirement that all hunters and trappers make reports to the department of conservation of number and species of game birds and animals taken in season under license. This applies to bow-and-arrow and regular deer hunters as well as small-game hunters and all trappers.

Prohibition of the setting of fires in marshes or other lands for purpose of driving out wild birds or animals.

Season set on pheasants, ruffed grouse, prairie chickens and sharp-tailed grouse in upper peninsula from Oct. 1 to Oct. 31, inclusive; in lower peninsula, from Oct. 15 to Oct. 31, inclusive. Prairie chickens and sharp-tails still protected in zone three and pheasant shooting forbidden by commission action in upper peninsula.

No permit necessary to carry firearms by persons entering hunting areas within five days of open deer hunting season.

### State Gets Additional Federal Aid to Fight Summer Forest Fires

Michigan will receive an extra allotment of \$1,575 in federal moneys this summer to aid in the fight against forest fire.

Under the Clarke-McNary act provisions \$106,940 had originally been allocated to Michigan to supplement state appropriations for fire fighting. The extra allotment will bring the total for 1937 to \$108,515. Michigan is second among the states in the amount of federal moneys thus received, California being first.

Never Passed a Bill The so-called "Addled Parliament" met on April 6, 1614, sat through two months, and was dissolved by James I without having passed a single bill.

### Frank Poorman Wins Curtis Display Award

Frank Poorman of Poorman's Grocery, has been notified that he is the prize winner of the 1937 Curtis Publishing Company grocer's selling display contest. The display contest was conducted by the Saturday Evening Post, the Ladies Home Journal, and the Country Gentleman.

The award was given for the best inside display of any commodity advertised in either of the three magazines and was open to any store in the nation, chain stores as well as independent stores being qualified for participation.

In addition to receiving national recognition a \$20 award was presented.

Entries in the contest were required to submit a picture of the display and a letter describing the reason for the composition, and placing of the display.

### Use Iron Often in Making Dress Suggests Expert

#### Advises Pressing at Various Stages for Tailored Appearance

Hot weather or cool, the dress maker who wants to obtain praise for the clothes she wears or sells should put the pressing iron after it has cooled off. For pressing in the minds of clothing specialists is a major part in adding a tailored look to new clothes, even before the goods are cut.

Suggestions from Marjorie Eastman, clothing specialist at Michigan State College, offer the conclusion that pressing is important at various stages of the work as well as when the garment is finished.

She suggests first pressing the folds and wrinkles out of the fabric before starting to cut it. If the parts of the pattern are pressed, the cutting can be more accurate, too.

If ornamental features, such as pockets, are made before sewing up the seams, they can be pressed while the section is flat. Collars, cuffs and other parts made separately, may be more conveniently pressed as they are completed and before they are attached to the garment. After harts, tucks, or pleats have been basted and that portion of the garment tried on, it is time to stitch and then press these details.

Stitched seams are pressed open, particularly if they are later crossed by other seams, as when the waist and skirt of a dress are joined. Sometimes the iron can be used instead of basting a hem or turning a narrow edge. It is a great help in making bias binding or piping that must be folded evenly.

### New State Law Alters Car Title in Color, Content

#### Chattel Mortgages Must Be Endorsed on Face of Ownership Scrip

The familiar buff colored automobile title form will shortly be replaced with another of different color and style, Leon D. Case, Secretary of State, has announced.

Two reasons cause the new form: a color against which type-writing is more legible, will be chosen; the 1937 legislature passed an act which requires additional information on the face of the title.

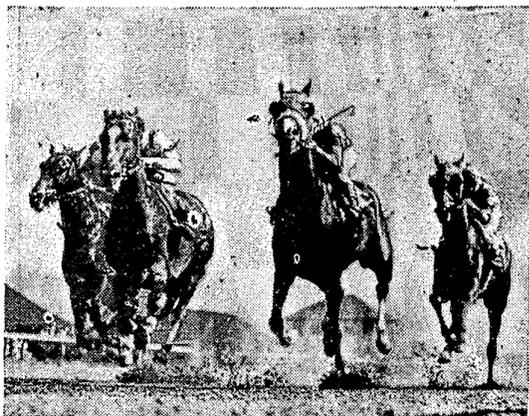

The new law, passed with immediate effect, but not yet operative, will require that all chattel mortgages taken on motor vehicles to guarantee payment of accessories and the like, be endorsed on the face of the car's title, with a true copy filed with the Secretary of State, in addition to the original filed with the Register of Deeds of the county in which the contract is made.

The purpose of the law is to protect innocent subsequent purchasers of cars on which chattel mortgages previously taken and never discharged, might be executed. In such instances, the new owner would have the choice of completing payment for an accessory he believed included in the car's purchase, or of surrendering the car to the seller of the accessory.

Hertofore cautious purchasers of used cars were faced with the nearly impossible task of checking the chattel mortgages recorded with the registers of deeds in 83 counties, Case endorsed the new law as a protective measure.

Gruzla, Russian for Georgia Gruzla is Russian for Georgia, a state in Russia.

### "Sandy Boot" Kicks Up the Most Dust

Picture shows the field coming down the back stretch in the Kildare Handicap at the Aqueduct race track on Long Island recently. "Sandy Boot," a slow starter with a powerful finish, won the mile and an eighth test by a three-length margin over "Challenger," his nearest rival.

### Board Approves 3 U. S. Highway Shifts in County

Murray D. VanWagoner, state highway commissioner, has revealed that the highway advisory board has approved three trunkline changes in Berrien County.

The board approved the cancellation of 7-10 of a mile on US-12 from the trunkline system as a result of the recently constructed relocation at Coloma. The new routing of US-12 and US-31 over Main Street in Benton Harbor calls for the cancellation of 0.43 mile and the determination of .36 mile. These two trunklines formerly had a dual routing through the city over Main and Territorial streets.

Cancellation of 0.75 mile on old US-12 just south of the present widening project near Union Pier was approved. The Berrien County Road Commission, which is anxious to wreck an old bridge along this short stretch of road, requested the change.

These changes are among 75 approved throughout the state, by the Advisory Board and the state administrative board.

### Moose Exhibited at Cusino Game Refuge

Three Isle Royals moose now in a corral at the Cusino game refuge east of Munising will be placed on exhibit at Escanaba fair next month after which they will be released, probably in the Cusino area.

The corral at Cusino now contains six moose, including a calf which was born in captivity this spring. Food study experiments have been conducted by the department of conservation with several of these captives since they were placed in the corral last year.

Approximately 8,000 tourists drove into the refuge last year to see the moose and hundreds of visitors have been reported so far this season. Due to the fact that sufficient labor from the Cusino OCC camp is not available to continue the experiments properly and care for the moose game authorities have decided to reduce the number of captive animals to three by keeping a bull, cow and calf, and releasing one bull and two cows.

A Beautiful Capital Dar-es-Salaam is the beautiful-looking capital of Tanganyika Territory, on the central-eastern coast of Africa.

Sunny in Yuma, Arizona Clouds hide the sun only about 12 per cent of the time in Yuma, Ariz.

### WE MAKE IT EASY

You can finance your car through us, and we have unlimited funds for this purpose. Our policies cover every insurable loss, and one transaction handles both the car purchase AND the insurance. The service is FRIENDLY and PERSONAL and there is no extra expense.

**E. N. SCHRAM**  
"The Insurance Man"

### State Restricts Private Exhibits of Animals, Birds

#### Requires Conformation With Sanitation, Safety Regulations

Roadside "zoos" and other private exhibits of wildlife maintained for commercial purpose will come under rigid regulation throughout Michigan as the result of a measure passed by the 1937 legislature.

The new law forbids anyone to keep any wild animals or birds in captivity for exhibition except by permit from the director of conservation. Such a permit, however, is not required of educational and theatrical institutions, circuses, zoological gardens and public agencies.

The law authorizes the state conservation commission to prepare and enforce regulations requiring adequate sanitation, housing and safety at all roadside zoos and private wildlife exhibits. The law strikes at any possible condition under which wildlife is penned for public exhibition under circumstances offensive or hazardous to visitors. Adequate provisions will have to be maintained by operators for feeding and sanitation of captive wildlife.

Letters Costly in 1842 In 1842 it cost 6 cents postage to send a single sheet letter for any distance less than 30 miles—18 1/2 cents for 400 miles. The person receiving the letter paid the postage.

### Insurance Common sense

#### ★ CALL IT WHAT YOU WILL

Of course, it's insurance—real automobile insurance—but by any name, it would be just common sense to provide yourself with Auto-Owners protection.

Come in today. Let us show you how Auto-Owners gives you more, much more, for your money. Sound financial backing—protection against all hazards—prompt settlements and "Adjustments at Telegraph Speed." All at a cost surprisingly low.

For Complete Protection Insure with Boyce.

### Ogemaw Park Opened to Hunters, Trappers

The closing Ogemaw refuge in Roscommon county to hunting and trapping at all times has been rescinded by the state conservation commission and a new order made effective which will permit part-time small game hunting and trapping in the area.

The new order of the commission closes the refuge to hunting

and trapping during the deer season only, and leaves it open to lawful hunting and trapping at other times. The order was made for two years, beginning October 1, 1937.

### State Erects Signs to Show Fire Towers

To help tourists find the out-of-the-way fire towers in northern Michigan, conservation authorities

have ordered erection of signs along the nearest state highways pointing the direction toward each tower. Approximately 140 large signs for the main-travelled roads and an equal number for the by-roads leading to the towers are being placed. Climbing fire towers is a popular pastime with summer tourists.

Growth of Cottonwoods Cottonwoods grow to 18 inches in diameter in 25 to 35 years.

## OUR AUTOMATIC GAS WATER HEATER SURE GETS MY VOTE IN HOT WEATHER

GO GAS for HOT WEATHER COMFORT.

THERE'S NOTHING LIKE A WARM BATH to freshen me up—and take away that "sticky" feeling after a hot day at the plant.

Believe Me, there's no waiting and fussing around with an old-fashioned water heater. Now, my bath is ready as soon as I "blow in" the door, and BEST OF ALL, the cost of constant hot water is darned little since the Gas Company installed my Automatic Water Heater.

### Your Gas Company

## PONTIAC AMERICA'S FINEST LOW PRICED CAR!

"SUCH EXTRA VALUE FOR ONLY 15¢ A DAY\* MORE IS NOTHING SHORT OF AMAZING"

FOR YEARS I'VE WANTED A BIG EASY-RIDING CAR AND NOW I CAN EASILY AFFORD IT"

\*Based on 18 months terms in 168 representative cities, the average difference in monthly payments between a Pontiac De Luxe six 7-door sedan and the next lower-priced cars is only 15 cents a day!

And when you consider its extra beauty, size and comfort, its extra quality and safety features—and its truly amazing economy, it is easy to understand why Mr. Fifoot, as well as thousands upon thousands of people are amazed at the extra value they get in America's finest low-priced car. Drive it yourself—and see!

### Scribe Collects New Remarks on Buchanan Traffic

Additional suggestions and criticisms on traffic conditions in Buchanan were gathered by the traffic reporter, who is working under the combined auspices of the Lion's safety committee and the Berrien County Record.

Among these new reports are the following:

Chicago Street seems to be nothing less than a speed way for the high school students. During the school term the cars come flying down the hill regardless of the pedestrians. Students should be warned of the danger and some sort of a sign should be put up to obtain their cooperation.

The corner of Chippewa and Third Streets warrants a stop sign. This section of the city has quite a number of small children and they have to be watched constantly to be sure they are safe. A stop sign would make motorists exercise more care.

The rule of turning right on a red light should be done away with in Buchanan. It is nerve wracking to a driver going through a green light to have someone turn right on him. Another bad thing about the right turn on a red light is that the pedestrian is never safe.

The speed limit in some districts of the city should be more strictly enforced. On the extreme west end of Front St. the drivers seem to go as fast as they please regardless of the speed limit. As there are quite a few children in this end of the street, it is becoming more and more dangerous for them to cross the streets. If the speed limit were more rigidly enforced it would mean less worry for the parents.

At the corner of Chippewa and Third Streets there is a rather high bank which obstructs the view of the cars on the other side. Even if the bank can't be leveled off the tall weeds should be cut

### Shriners Elect Sugden Imperial Potentate

View of part of the parade of Nobles of the Mystic Shrine in Detroit in connection with the recent convention. John W. Ashworth, eighty-seven years old, said to be the oldest noble at the convention is shown riding in the parade. Right, is Walter S. Sugden of Sisterville, W. Va., elected Imperial potentate.

down, giving the driver a partial view around the corner. The bridge over McCoy's Creek on Roe Street should be rebuilt and made wider. As it is at present two cars cannot pass without damage to each other. If it can't be fixed, the city should at least put up illuminated signs warning the driver.

A street light is needed on Third Street between Lake and Detroit Streets. During the night it is very dark and accidents are likely to occur since this is a busy street and well populated.

Persons backing out of diagonal parking places should be more careful for it is quite easy to bump into an oncoming car.

A special parking place should be designated for trucks and other vehicles which are unusually long-bodied so that they will not interfere with the rest of the traf-

fic. The city should make an inspection of all man-hole covers in Buchanan to see that they are more securely fastened down. In one instance a car coming down the street tipped up the cover of a man hole. The cover rolled down the street for about thirty feet and finally hit the bumper of a car.

Bicycle riders should be warned to stay on one side. When they weave all over the street, it makes it annoying to the car driver as he can never tell what the bicycle rider is going to do. The authorities could place signs telling bicycle riders to stay to one side.

More street lights are needed on Alexander Street. Stop signs on the pavement should be repainted.

camp enrollees," Dr. Elliott declared in his address. "These men must be turned back into normal life prepared to assume the full responsibilities of citizenship." Vocational training for those who have completed eighth grade work in the camps, was advocated by Dr. Elliott.

### Teamster Trophy to be Awarded at Lansing Contest

Addition of a trophy for the best teamster as well as one already announced for the best team is heightening interest in a new type endurance contest for horses. The competition will be staged for the opening feature of the annual Farmer's Day program at Michigan State College, Friday, July 30.

Entries by farmers are to be matched against a team of college bred sorrel geldings. Stub and Major, Belgians, represent what Ralph Hudson, college farm superintendent, believes are models for horses which show superior willingness, endurance and ability.

Trophies are offered by the Michigan Horse Breeders' association, says Andy Adams, Litchfield, president of the association. This association is cooperating with the college in sponsoring the contest.

One trophy will go to the team placing first on the basis of the greatest total distance in three consecutive pulls. Thirty seconds for intermissions are to be allowed for rest between pulls without unhitching. The teams must pull the college dynamometer set for a pull one half the weight of the team.

The other trophy is to be awarded by popular vote of the crowd. The trophy is offered the teamster making the best showing in horsemanship. The audience will be asked to consider each driver and award 50 per cent for driving 30 per cent for appearance and stability of the equipment and 20 per cent for the quietness and good manners of the team.

Preparations are being made to entertain the thousands of Michigan farmers who annually attend this summer program which offers an insight into college research, projects in agriculture, entertainment and an afternoon program. Addresses will be made by E. L. Anthony, dean of agriculture, V. R. Gardner, director of the experiment station, and R. J. Baldwin, extension director.

### Superlatives Applied to Hawaiian Volcanoes

Honolulu, T. H.—Colossal is just another adjective to rangers in the United States National park on Hawaii island, 220 miles southeast of here, since they have begun comparing data on the natural features under their guardianship.

The most westerly park in America contains, the rangers report, the following "superlative" features:

Kilauea, the world's largest active volcano.

Haleakala, the world's largest extinct volcano.

Mauna Kea, the highest mountain in the world rising directly from the sea (13,825 feet).

Mauna Loa (13,675 feet), the largest single mountain mass in the world, and the world's most symmetrical mountain.

Halemaumau, the only volcanic fire pit in the world where one may safely drive an automobile to the very brink of the crater.

Big Ben Made in 1854. The clock known as Big Ben was made in 1854 and remained in the factory for five years. It was placed in the tower in 1859 and began to go permanently the following year.

### Mother Poisons Son, 27, Follows Him in Suicide

Chattanooga, Tenn.—A mother-and-son suicide, following a similar double death last year in a protest against war, took place in the poisoning of Mrs. Della Williams, fifty-five years old, and her son, Dr. Joseph W. Williams, twenty-seven.

Thirteen months ago Mrs. Capicola Kotes, of Washington and Florida, summoned her son by a former marriage, William Ashworth, to her Washington apartment. They took poison, leaving a note that they died to prevent the youth from serving in "any war."

One night recently, Mrs. Williams, sister-in-law of Mrs. Kotes and wife of Dr. G. Victor Williams, Chattanooga physician, died with her twenty-year-old son.

A note left by the mother said: "I'm ready to go—and I'm sure he is too. Death is the best solution for our troubles."

Digs Up 3,000 Pennies. Santa Rosa, Calif.—Young Randall Williams outdid the "Pennies From Heaven" stunt. He pulled up a fern and unearthed 3,000 coppers with dates ranging from 1862 to 1908. Some of them already have sold at a premium.

### Floods Stock With Fish the Lakes They Create

Clarksdale, Miss.—Floods which swept over North Mississippi and Yazoo basin counties during the first months of the year developed new fishing waters that are filled with fish.

Fish were turned into backwater areas in schools and were distributed by the high waters in several new lakes, bayous and ponds.

Negroes have been living almost exclusively on fish caught from these lakes. In some instances men, women and children have gathered at the lakes for fish fries and hundreds of fish have been removed during the day.

Some Line! Bristol, Maine.—Levi W. Steward went to haul in his rigging while ice-fishing on Biscay pond, when suddenly it disappeared in a hole. Later Steward hauled in another line 100 feet from the first. He yanked out his first rigging—with a four-pound pickerel on it.

Clinton Grapes Black. Clinton grapes are black, but the skins have a bluish cast, due to wax.

### Report Local Bank Stock Oversubscribed

Stock in the local bank is again over-subscribed, Mr. Ewing, vice-president, has announced. When the name was recently changed July 15, from the Gallien-Buchanan Bank, an additional \$25,000 issue of common stock was authorized.

### Wife of Emperor Claudius Agrippina, wife of Emperor Claudius, was born on the site of Cologne, where a Roman colony was planted in 50 A. D.

See "Sky High."

Camels Used in Australia. Camels have been in use in Australia for nearly a hundred years, and are found hauling wool to railway sidings from "out-back stations" in West Australia. Twelve to fifteen are hitched to a huge truck. An old gold miner from Ballarat recounted how camels were used to pull the stage coaches from Melbourne to the mining towns before the railways were built. The stage coaches were duplicates of our own in the "Deadwood Dick" days. And alongside the driver rode an armed guard for protection against the outlaw "bush rangers."

As the Hindu gazed into his crystal ball. He said "you'll have trouble—some summer or fall. And if you get by until autumn, by jing—your bound to have losses some winter or spring."

The Seal was right—get year-round protection.

IT'S NEVER TOO LATE TO LEARN THIS!

LOWEST BUICK PRICES EVER!

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

WHAT if July is here — there's still plenty of summer ahead, and plenty of thrills awaiting you as the driver of a Buick.

There's still time to make the break from cars that "will do" to a car that will do things to you.

And there's still time, talking plain dollars-and-sense, to get a big, modern-looking, quick-stepping Buick at the lowest prices in all Buick history.

That means you can buy the great-powered Buick SPECIAL — with a hundred spirited horsepower in its valve-in-head straight-eight engine — for less than you're asked for some sixes!

Why not learn now what it means to pilot a man-sized car. Get acquainted with Buick's nimble and satisfying action — its steady, thrifty, mile-eating gait. Dress your family in Buick beauty, in this great car's modern, up-to-the-minute style.

There's everything to gain—so take advantage of prices that were never lower on a car built to live up to Buick's name.

Stop yearning for something that's now in your reach — go take that demonstration. You'll never regret the buy; you make now — if you buy Buick!

More Education Needed in CCC, Elliott Asserts

Advices Vocational Training for Enrollees Past Eighth Grade

If the government is going to continue to operate CCC camps as a permanent affair, more attention must be paid to the educational programs within the camps, Dr. Eugene E. Elliott, state superintendent of public instruction told CCC educational advisors assembled in conference at Lake Geneva, Wisconsin, recently. Dr. Elliott is the first state educational leader to recognize the CCC educational programs and his plan for conducting schools in the camps has been adopted by many other states.

"Formal education must play a greater part in the camps in the future if we are going to make worthwhile citizens out of the

Comedy, Tragedy Seen in N. R. S. Agents' Offices

Applicants of Varying Types, Ages, Seek Jobs from Employment Service

Laughter and tears, comedy and tragedy, troop daily through the 44 district and branch and 88 part time offices of the National Reemployment Service located throughout Michigan under the general supervision of Major Howard Starret, State Reemployment Director.

Persons of varying types, from day laborers to professionally trained men and women, from 16 years to 70 years of age and sometimes older, come to this Government agency with one object in view. They all want jobs.

"Ups and Downs" of People Related If one could sit and listen to the conversations between applicants and interviewers, one would learn a lot about this technique of placing men and women in jobs according to their experience and qualifications.

WANTED - Girl, 16 to 25, for housework and care of child in family of three. Pleasant home. \$5 per week to start. Write Mrs. R. Rosenblatt, 2414 E. 78th St., Chicago, Ill. 2913p.

WANTED - Huckleberry pickers. Pick your own at 8c a quart or pick on shares. Inquire 1 1/2 miles northwest of town or call Ida Weather, phone 66. 2911c.

MISCELLANEOUS

OIL BURNERS - Let us equip your heater, range, tank heater, furnace or boiler with an "Oil-King" Oil burner. Burn cheap fuel oil and do away with the drudgery necessary when firing with coal. All burners fully guaranteed. Plenty of heat at zero weather. For full information address Thom. P. Craig, P. O. Box 195, Buchanan, Mich. 2911p.

CARD OF THANKS - We wish to express our heartfelt thanks to friends and neighbors for their many expressions of kindness during the illness and death of our wife and mother. John Thimm, Mr. and Mrs. Wm. Thimm, Mr. and Mrs. Athie Angier. 2911p.

HUCKLEBERRIES are ready. Reasonable if you pick them yourself. Phone Mrs. James C. Reep - 7106F2. 2911c.

WHEN YOUR EYES need glasses, C. L. Stretch, the Optometrist, at Root's News Depot every Thursday. ttc.

SEWER HOOK-UP - All sewer hook-up materials furnished and work guaranteed. Free estimates. Our low prices will surprise you. Frank Porto, 713 N. 5th, Niles, phone 508-W. Appointments made through W. J. Miller Lumber Co. Phone 25. 251c.

FOR RENT

FOR RENT - 23 1/2 acres of wheat ground, lays just west of city limits of Buchanan. Phone Buchanan 7108F12. Edwin J. Long 2713p.

FOR RENT - Two sleeping rooms in all modern home. Breakfasts if desired. 406 W. Third St. 2911p.

ing for a new opportunity. Hundreds of similar cases of readjustment are being solved by the NRS. Proudest Achievement Asked One of the questions generally asked each applicant, "Is there anything, some achievement or accomplishment, of which you are particularly proud, in your whole life?", brings interesting responses. One man replied that he was proud of having helped to save many lives when the Lusitania was torpedoed in 1915. It developed that he, an American, had served on a British transport during the World War and his ship was near the spot of the great fatality. Another man, who had never missed a day's work in 15 years, replied that he was proud of his "long record of employment."

An interviewer at Battle Creek was questioning an ex-railroad fireman, and casually asked him a question, the reply to which gave him a sudden start. The interviewer's father was killed 19 years ago in Cleveland by a switch engine. The man he was interviewing for a job was fireman on the engine that had fatally injured his father.

A card was sent out to a private patrolman who had registered, requesting him to report to the Detroit office for a job. Later it was learned that he was in Bay City. The NRS office sent him a telegram there and following a speedy hop, skip and jump via automobile and aeroplane back to Detroit he got the job and started to work on time.

Expert Squirrel Chaser Found So it goes. A squirrel invaded a private home in Jackson and at the request of a hysterical housewife, the NRS furnished a man who proved to be an expert squirrel chaser. A merchant wanted a man to act as Popoye and read stories to kiddies. He got one. Another wanted a man who could qualify as a devil and ride a mule through the streets as an advertising stunt. He got one. A steeplejack who wasn't afraid to climb the highest steeple, but was scared to death of street traffic, secured a chauffeur to drive him safely through the traffic mazes.

A glass eater registered in one office. Another office has a stone cutter who worked with Gutzon Borglum, famous sculptor of "George Washington in the Rocks," in the Black Hills of South Dakota. There are at least 13 George Washingtons and one or more of such famous folk as Will Rogers, Andrew Jackson, Robert Ripley, Harry Hopkins, Bertha M. Clay and Walt Whitman who have sought and found jobs. The National Reemployment Service is free to all, Major Starret points out. It is affiliated with the U. S. Department of Labor. No discriminations are made on account of race, creed, color, religion or political faith. All applicants are referred to jobs available strictly according to the way their experience and qualifications, as shown on their cards in the files, match up with orders received from employers.

FIVE YEARS AGO

The Pierce family reunion was held Sunday at Kathryn Park, with an attendance of 32. The oldest member present was F. F. Pierce, age 79. The youngest member present was Marilyn Pierce, 15 months old daughter of Mr. and Mrs. Allen Pierce. Mr. and Mrs. D. D. Pangborn left Tuesday morning for Brainerd, Minn., where they will visit their son A. O. Pangborn. A number of people were quite interested in knowing why the plane circled Buchanan, Sunday. It was later learned that it was Richard Pears, son of Mr. and Mrs. C. F. Pears. Mr. and Mrs. Louis Prout and daughter, Blanche, left Monday evening for Indian lake where they will spend a week. Mrs. Charles Young had as her guests Saturday, Leslie Marstener and his bride, who are on their way to Niagara Falls for their honeymoon.

After ten years of scout work Leo Slate has been rewarded this summer with a paid position on the staff of the Lake Madron Camp, as director of handicraft. Dr. J. Hubert Peck who has been visiting several weeks at the home of his mother, Mrs. L. E. Peck, left Monday for Los Angeles, where he enters an osteopathic hospital as an interne. Another way of expressing it will be made available to the people of Buchanan, August 1, when the local office of the postal service will be empowered to receive packages to be sent by the new air nation-wide express service effective on that date.

TWENTY YEARS AGO

Mr. and Mrs. J. C. Rehm, Mr. and Mrs. Wm. R. Rough, and Miss Nellie Cathcart attended the band concert at Three Oaks, Tuesday evening. Miss Eleanor Scheele of Kalamazoo, and Miss Marie Scheele of Three Oaks, were guests of their cousin, Miss Thelma Childs, Monday. The young ladies came to help Miss Thelma celebrate her fifteenth birthday anniversary. Mr. and Mrs. Newton Barnhart and Mrs. Charles Orris went to South Bend to see Mr. Orris' mother, Mrs. Wm. Huss. Mrs. Huss was operated on at Epworth Hospital several weeks ago and had been at her home for a week

when her condition became worse and she re-entered the hospital, Sunday. Jasper Jennings arrived in Buchanan from Nebraska, Friday, and remained until the next day with his niece, Mrs. Fred Gawthrop. Mr. Jennings who celebrated his 75th birthday anniversary last January, drove the entire distance in the automobile, unaccompanied by anyone. Last Thursday morning, A. H. Hiller and family motored to the home of Mrs. Hiller's brother, B. P. Sprague, at Pleasant Lake, Mich., where they met Mrs. Hiller's sister-in-law, Mrs. S. L. Hiller, and three children, of Washington, D. C., who will be guests at the Hiller home for the next ten days. Before returning to Buchanan, the entire party motored to Syracuse, Mich., where they were guests of Mrs. Hiller's brother, P. R. Sprague. The latter accompanied them to Buchanan for a short trip. The Martha Garr tract of timber near Berrien Springs consisting of 80 acres, and mostly monster oaks, has been sold for a consideration of \$25,000. A sawmill will be installed on the property, and it will take two years to convert the timber into lumber. Among Buchanan's sons who are doing things out in the world is Dr. Mathew J. Beistle, son of Mr. and Mrs. F. M. Beistle, who is located in Pullman, Wash. Here Dr. Beistle has established the largest sanitarium in the northwest. Awaiting the arrival from Washington of the master list which contains the official numbers of the men drafted in last weeks, members of the Federal Draft Board for precinct No. 2, which includes the south half of Berrien County, are attending to preliminary work incident to the examination of the 516 men who are drafted for world war service from this precinct. A group of local business men met in the office of president E. B. Clark, of the Clark Equipment Co., Tuesday afternoon and formulated plans for a housebuilding association. The purpose of this association is to build a large number of homes in Buchanan. Mr. and Mrs. P. A. Graffart and Mrs. Mae Whitman were in Chicago last week, Friday and Saturday, attending the annual convention of the Motion Picture Exhibitors.

For burn treatment, Freeman recommends a mild antiseptic to cut down excessive rubbing. Caron oil can be applied. It is made of equal parts of lime water and raw linseed oil. This soothes the hide and helps prevent cracking of the skin. Any oil containing gasoline increases the irritation after sunburn.

C. M. T. C. Camp Starts 4-Week Civilian Course

Young men from all over the state started a four weeks program of citizenship training last week in the annual Citizens Military Training Camp at Camp Custer, Mich. The camp opened Tuesday and the first day was spent in obtaining details and equipment, assigning the trainees to tents and other details of organization. On Wednesday, after the young men had been given a morning in which to get organized for the training ahead of them, a public ceremony was held in the afternoon in which each member of the camp took an oath of allegiance. This was in no sense a military oath but merely an expression of fealty to the United States and a promise to obey the camp rules and regulations. After a brief talk in which he stressed the value of C. M. T. C. training and its desirability as an aid to success in civilian life, Lieut. Col. R. E. Jones, C. M. T. Camp executive officer, administered the oath to the trainees. After the ceremony, the national flag and the C. M. T. C. colors were presented. Training of the C. M. T. C. is under the supervision of regular army officers stationed at Camp Custer and carried out by reserve officers from Michigan, most of them members of the 339th Infantry, Detroit, commanded by Lieut. Col. Charles E. F. Clark of Detroit. During the rest of the camp, mornings are to be given over to instruction in health, in citizenship, physical exercises and sufficient military drill to teach the trainee proper posture, with special emphasis on standing and walking properly. Afternoons are mostly taken up with mass athletics in which an opportunity is given to take part

Need Shown for Pigs' Sunshades to Bar Sunburn

Sunshades for hogs might seem like an expensive luxury. But experiments and experience at Michigan State College prove that a sunburned pig delays gains for two or three months before recovery and that the pig costs more to place on the market. A hot summer in which considerable rain occurs is a season in which the irritation shows up the most, according to V. A. Freeman, extension specialist in animal husbandry at the college. White pigs are especially sensitive to the burning rays of summer sunshine. Whether the wet surface of a hog burns more easily, or whether the rain clears up the atmosphere so that rays of the sun are able to penetrate, the hogs seem to suffer most in weather similar to that in southern Michigan the past few weeks. A sunburned pig acts quite human with its symptoms. He is sore and uneasy and runs around and shakes his head. Redness appears on the skin around the ears and neck or perhaps on the entire upper part of the pig. Itching follows and this helps scatter mange and lice when the animals scratch themselves. Shade is the best preventive. Another good management practice is to keep the animals out of pasture when it is wet with dew or rain. If natural shade is not available, then posts may be set up and boards laid on top for temporary shade. Poles and straw are also used.

M. S. C. Tests Prove Burned Hogs More Expensive to Market

On Wednesday, after the young men had been given a morning in which to get organized for the training ahead of them, a public ceremony was held in the afternoon in which each member of the camp took an oath of allegiance. This was in no sense a military oath but merely an expression of fealty to the United States and a promise to obey the camp rules and regulations. After a brief talk in which he stressed the value of C. M. T. C. training and its desirability as an aid to success in civilian life, Lieut. Col. R. E. Jones, C. M. T. Camp executive officer, administered the oath to the trainees. After the ceremony, the national flag and the C. M. T. C. colors were presented. Training of the C. M. T. C. is under the supervision of regular army officers stationed at Camp Custer and carried out by reserve officers from Michigan, most of them members of the 339th Infantry, Detroit, commanded by Lieut. Col. Charles E. F. Clark of Detroit. During the rest of the camp, mornings are to be given over to instruction in health, in citizenship, physical exercises and sufficient military drill to teach the trainee proper posture, with special emphasis on standing and walking properly. Afternoons are mostly taken up with mass athletics in which an opportunity is given to take part

Focus in Jamaica Botanists have classified over 500 varieties of ferns in Jamaica. Many of these are seen to best advantage in Fern Gulch, near the North Shore, where ferns, ranging from the smallest to several species that grow taller than a man, line the sides of a cool canyon. The road winds through Fern Gulch for several miles in a dense forest of sweetwood and Agwood trees. Long slender stems, known as "withs," which bear tiny leaves and are elastic, stretching when touched, hang from the graceful limbs of these ferns and more ferns. It is a botanist's paradise in a tropical wonderland.

Papillon, Native of Mexico The papillon is not thought to be a European dog but a native of Mexico and brought to Spain by returning soldiers, says a writer in the Los Angeles Times. There is a striking similarity between this tiny stout-hearted pal and that of the lovely long-haired Chihuahua. This breed was interbred with the dwarf spaniel, and the offspring the true papillon.

Langley "Steam" Plane In 1895 Samuel P. Langley built a steam-power airplane that flew for six seconds.

Church Services

Dayton M. S. Church C. J. Swell, Pastor 2 o'clock in the afternoon, church services. 2:45, Sunday School.

St. Anthony's Roman Catholic Church Father John R. Day, Pastor Mass every second and fourth Sunday at 10 a. m.; every first third and fifth Sunday at 8 a. m.

# GALIEN NEWS

## Mrs. John Thimm Dies in St. Joseph at 69

Funeral services were held on Sunday at the German Lutheran church for the late Mrs. John Thimm, who passed away early Thursday morning at her home.

Mrs. Thimm was born May 6, 1868 in Wittenburg, Germany. At the age of 16 she came, with her parents, to America, living in New Carlisle, for two years before coming to Galien where she resided on a farm with her husband until nineteen years ago when they retired. They sold their farm and moved to St. Joseph.

She is survived by her husband, John Thimm; one daughter, Mrs. Elizabeth Angier, St. Joseph; one son, Will Thimm, Glendora; four grandchildren and a great grandson.

Burial was in the Galien cemetery.

### Galien Locals

Mr. and Mrs. William Wolford and daughter of Chicago, are spending their ten day vacation with the former's mother, Mrs. Maude Wolford.

Miss Marie Carroll spent several days last week in South Bend.

Mr. and Mrs. Wilson Long and Ben Quigley of Union Mills spent Sunday with Mr. and Mrs. Lysie Nye.

### HOLLYWOOD

#### "NOBODY'S BABY" INTRODUCES GAY NEW LAUGH TEAM

Patsy Kelley and Lyda Roberti, introduced as a starring fun team in "Nobody's Baby," the Hal Roach-M-G-M feature comedy at the Hollywood Friday and Saturday, offer a unique contrast in personalities.

Patsy's brand of humor is familiar to countless theatregoers but her screen friendship with the glamorous, foreign Lyda Roberti is said to offer a new slant to Kelley. Harum-scarum Patsy assumes the guardianship of Lyda, who thinks a "guardian is lovely because it's always full of fresh "vegetables" and flowers.

Another Chan Mystery "If you value your life, leave the Olympic Games tonight!" was the message but Charlie Chan defied the threat, for among a hundred thousand spectators lurked the ruthless killer he must find. Chand again plays the stouth in "Charlie Chan at the Olympics," Twentieth Century-Fox film coming Friday and Saturday to the Hollywood.

"This is My Affair" Starts Sunday Two great stars, Robert Taylor and Barbara Stanwyck, achieve their true greatness together in "This is My Affair," which opens Sunday at the Hollywood. That they should do so is not exactly surprising for Twentieth Century-Fox, producers of the picture the world is talking about, have cast as co-stars the screen's most talked-about, real-life sweethearts, regaled in Hollywood as the film colony's Number One off-screen romance.

In "This is My Affair," both Taylor and Miss Stanwyck find the most important story either one has ever had, a dramatic account of a love supremely courageous and unshamed, endangering the nation's highest places and gambling life itself for a higher stake. And for Victor McLaglen, who heads the strong supporting cast, it marks the strongest role he has had since his powerful characterization in "The Informer" earned him the acting award of the Academy of Motion Picture Arts and Sciences.

New Romantic Idol in "Soldier and the Lady" Pledged to do or die Anton Walbrook, new romantic screen idol, playing the hero role in the pictorial epic, "The Soldier and the Lady," at the Hollywood Wednesday and Thursday embarks on a harrowing, death-defying mission to liberate Siberia from ravaging Tartar tribes.

Sharing honors with Walbrook in the spectacular Hollywood production are some of the most distinguished players of the stage and screen including Elizabeth Allan, Akim Tamiroff, Margot Grahame, Fay Bainter and Eric Blare.

Lucky Blunders The killer who terrifies a great metropolitan hospital by his unseen depredations is neatly tripped by the scatterbrained antics of a nitwit night nurse in "The Great Hospital Mystery," showing Wednesday and Thursday, with Jane Rawell, Sally Blane and Thomas Beck in the cast.

Doberman Pinscher Dog The Doberman Pinscher dog originated in Germany around 1890. This dog has gained rapidly in popularity in the last few decades, and with very good reason. His appearance is all in his favor to begin with, says a writer in the Los Angeles Times. Of medium size, extremely clean cut in conformation and sleek coat, he combines grace and great muscular power. The average adult male in good condition weighs from sixty-five to seventy-five pounds, but the structure is so compact and the muscles so dense under the short coat that the novice might easily underestimate his weight by fifteen or twenty pounds.

Travel, Masterful Teacher As a civilizer and educator, travel is what it always will be, the world's most masterful and sympathetic teacher, its most beguiling entertainer, its most magnetic healer.

Mark Twain's Burial Place Mark Twain is buried in Woodlawn cemetery, Elmira, N. Y.

# DOLLARS For Safety Slogans

Write out a slogan now on Safety in automobile driving and send it in to the City Hall. The best five slogans win One Dollar each. Here are some slogans that have won prizes: "It is better to wait for a red light than an ambulance," "Careless today car-less tomorrow," "It is better to be late than absent." This contest is in the interest of traffic safety and is backed by the business men whose advertisements appear below. Send your slogan today.

Willys can cut your automobile budget just about in half. The price is much lower—the payments are much lower—and if you average a thousand miles a month, you can probably save \$5 to \$7 a month on gasoline. Willys offers you more seating space than any other low-priced car—all-steel top and body—large luggage space—safety glass all-around. Better investigate.

PAYMENTS AS LOW AS **\$19.80** A MONTH

### Methodist Missionary Society

The Women's Foreign Missionary Society of the Methodist church will meet Wednesday afternoon, July 28, at the parsonage. Mrs. Rice will be hostess. The refreshment committee is Mrs. W. F. Runner and Mrs. Salisbury. Mrs. Ella French, Mrs. A. E. Clark is the leader of devotions. This meeting is the occasion of the annual mite box ingathering, and will be in charge of Mrs. F. C. Hathaway, mite box secretary. Come and bring mite box.

### See "Sky High."

Three Climates Florida has three divisions of climate: continental, semitropical and subtropical.

Mandolin of Italian Origin The mandolin is of Italian origin, but is common in all civilized countries.

Meaning of Term "Bulldoze" The term to "bulldoze" originally meant to thrash a negro with a bull whip.

### Wagner News

Mr. and Mrs. Chester Ayers and two children of Flora, Ind., were Wednesday guests of Mr. and Mrs. Will Whittaker. Mr. and Mrs. Dohn Weaver and Miss Elsie Weaver, daughter of Otis Weaver of Frederick, Mich., arrived Saturday to spend several days at the N. J. Weaver home. Mrs. Clayton Haraline and daughter, Mrs. Arline Rhoades,

went to Battle Creek Saturday to visit the former's sister, who is ill.

Mrs. Carl Wright is reported as being ill.

Miss Bernice Strauss, who is employed at Three Oaks, spent Sunday with her mother, Mrs. Stella Strauss.

Frank Dewey, who has been working at the Bert Mitchell home, was compelled to return to his home in Niles, due to a threatened appendectomy.

Mr. and Mrs. Ralph Dickow of Chicago spent Saturday and Sunday at the Charles Dickow home. An Illinois car left parked near

the George Huff home Saturday was reported to the deputy sheriff, when it was uncalled for up to Monday evening.
