

FIRE DISABLES RIVER STREET PLANT

Larson's Issue New Stock to Provide for Further Expansion

Officials Expect
Full Resumption
of Schedule Mon.Half Time Operations Begun
Wednesday; Blaze Origin
Undetermined

A fire of undetermined origin incapacitated the River Street plant of the Clark Equipment Co., Tuesday morning. Starting somehow from electric equipment, the blaze which began at 5:45 o'clock and lasted till 6:30, disabled dynamos and compressors.

Work on two of the four lines in the shop began Wednesday, thus permitting half schedule operation. A. S. Bonner, secretary and treasurer of the company, reported, stating, however, that full time work would probably not be possible till Sunday night or Monday morning.

The extent of the damage is not yet known, Mr. Bonner said, but the plant, he added, is fully covered by insurance.

Damage to the building itself is reported as negligible as very little inflammable material is in the plant. The fire is surmised to have started in transformer insulation, Mr. Bonner said, pointing out, however, that it may be impossible to determine the exact cause.

3-Day Program
of Legion Show
to Start TodayReceipts to be Used to Com-
plete Work on Veterans'
Burial Grounds

The program for the Legion carnival to be held Thursday, Friday and Saturday of this week is as follows:

Thursday: Odd Fellows bicycle race at 7 o'clock. There is to be a race for girls and one for boys. Pie eating contest for boys.

Friday evening: Watermelon eating contest.

Saturday: Hog calling and husband calling contests.

Pet parade at 7 o'clock. Joe Melvin in charge. Any child under twelve wishing to enter is advised to see Mr. Melvin or any other Legion member.

\$30 for Prize Pets

Prizes in the pet parade will be given for the homeliest pet, the best looking pet, the best made up pet, the funniest looking pet, the smallest pet and the largest pet.

First prize in each of the pet classifications will be \$2.50, second prize, \$1.50, and third prize, \$1.00. The total of \$30 for prizes was contributed by local merchants.

Concessions at the carnival will all be operated by the Legion Post, officers state, except three which the Legion has donated to the Boy Scouts, who will have a cane stand, the Legion Auxiliary, who will have a lunch stand, and the Sons of the American Legion, who will have a dart game. Legion members have pointed out that this year the carnival will be entirely locally operated except for the three rides, a merry-go-round, a ferris wheel, and a Tilt-o-Wheel.

To Finance Burial Section

The money derived from the carnival, Mr. Elbers, post commander, explained, will be used to landscape and otherwise complete work on the Legion section at Oak Ridge cemetery, which is to be used as a burial ground for veterans without other burial place. Considerable work on the section in the way of filling in, has been done, Mr. Elbers pointed out, since the section was given to the Legion several years ago, but he added, a great deal more work needs to be done and the Legion needs additional funds for this purpose.

Receive Letter Sent on First
12-Hour Miami-Cristobal MailMr. and Mrs. Childs Get Pan-
ama Message 48 Hours
After Posting

One of the first letters sent by the new Cristobal-Miami 12-hour mail service was received here last week by Mr. and Mrs. T. D. Childs from their daughter, Mrs. Edwin R. Peck, who is living at Coco Solo, Panama, just across the bay from Cristobal.

The letter left Cristobal Tuesday morning and arrived here on Thursday morning, 48 hours later. Mail from Cristobal had never before reached here short of three and a half days, Mr. Childs said.

Included in the correspondence were some clippings relating that an attempt to initiate the service Monday, was defeated when the Pan American clipper plane was halted by a storm in the Andes when on its way to Cristobal from Buenos Aires. The pilot failed to find an opening in the storm even at an altitude of 25,000 feet.

To prevent the recurrence of such a delay the Pan American Grace Airways executives have worked out a plan they feel will defy the vagaries of weather along the Andean peaks.

A trail was recently blazed over the Andes from Mendoza in the Argentine, whereby the planes may cut diagonally across the continent through Bolivia and into Arequipa, one of the principal stops on the original line along the coast. A regular service is being maintained over the route although, according to reports, it was not originally intended for that line to carry the Argentine mails except in a local sense.

Now when the trans-Andean trip from Mendoza, Argentine, to Santiago, Chile, is rendered hazardous because of the inclement weather, the mail and passengers can be re-routed to Arequipa, the Trans-Atlantic flight being made 1500 miles further north.

Executives of the Airway firm point out that it would be most unusual for bad weather in the southernmost to spread out 1500 miles north in a day so as to close both of the routes. The same procedure, they say, can also be used on flights southward.

The south-bound flights were expected to start August 1, or thereafter. By that time it is expected that the 5,000 mile area from Miami to Buenos Aires and north to Montevideo on the east coast of the continent will be served with twice weekly, or three and a half day service, this service being described as representing the accomplishment of long-existent hopes of both north and South American business men and governments.

Plan Boys' Ball Game,
Horseshoe Contest

A softball game for boys under 16 will be held Friday evening at 6:30 o'clock, at the Athletic field. A team from Niles will play the local boys.

A horseshoe tournament for boys will be held starting Wednesday, matches to be played each afternoon from 1:00 to 2:00 o'clock. The finals matches will be played off Friday. Any boys wishing to play are asked to see John Miller, before Tuesday morning.

Plan Croquet and
Horseshoe Contest

Miss Mayme Proseus, director of W. P. A. Recreation at Kathryn Park, announces plans for a croquet and horseshoe tournament to be held next week. Recently a ho-bo parade was held and prizes were awarded David VanBeverly, Dale Florey and Vernell Green. Barbara Ralston, and Kathleen Quinn won prizes in the doll parade. Wm. Gnodtke and Ralph DeNardo donated prizes for the events.

Lunch Room Closed

A change of ownership of D's Cafe has been announced, Mrs. Inez Mangold and Mrs. Margaret McFarlin, proprietors of the Rex Hotel, having purchased the restaurant from Mr. and Mrs. C. K. Detrick.

The restaurant at the Rex Hotel has been permanently closed, and the space will be used for a large lobby.

Edwin J. Long Dies
From Heart Attack

Edwin J. Long, 73, of R. R. Niles, was found dead in his barn yard about 5:00 o'clock Sunday afternoon. His death was attributed to a heart attack.

Mr. Long was born October 30, 1863, at Portage Prairie, the son of Isaac and Susanna Rough Long. In his younger days he was a school teacher, but for a long time he had been farming.

He married Lodema Broceus of Buchanan township, who died about 24 years ago. He is survived by a sister, Mrs. Fannie Howe, of Lansing.

Funeral services were held on Wednesday afternoon at 2 o'clock at the Swem Funeral Home, the Reverend C. A. Sanders officiating. Burial was in Oak Ridge cemetery.

City Hires Use
of Steam Shovel
in Street WorkCouncil Defers Truck Pur-
chase; Asks New Bids on
Third St. Project

The contracting with the Gore Construction Co., of Benton Harbor for the hiring of a steam shovel and grader to speed up work on city streets, was authorized by the City Council at their special meeting, Monday evening.

Purchase of a new truck was deferred after consideration of the bids, to allow members of the council to inspect the various trucks on which dealers had offered bids.

The commission voted to allow \$260 in soldier's tax exemptions. The exemptions are made on property of veterans of the Civil War of the Spanish-American war.

The drawing up of new plans for the proposed Third Street extension, which would provide for the construction of a culvert over McCoy Creek instead of a bridge as called for in the original plans, was authorized. Bids submitted for the original plans had been considered too high by the council and rejected. Bids for construction under the new specifications are to be advertised for and accepted up till 5:00 o'clock Wednesday, August 13.

Commissioner Phay Graffort stated that the use of the shovel would make possible the placing of about twice as much gravel as at present and at a lower cost, as less men would be needed for loading gravel.

Gore Guarantees 300 Yds.

Mr. Gore stated that he would guarantee the removal from the pit of 300 yards of screened gravel each day for \$30. At present, the city hires from ten to fourteen men at a cost of from \$75 to \$100 per day, Mr. Graffort pointed out, and the highest quantity of gravel ever moved in a day, he said, is 120 yards.

Two men are kept constantly busy at present at raking off large stones, Mr. Graffort said, adding that this task would be unnecessary with the use of the screen. Consequently, the new method, he said, will enable the city to cut their street force down to about six men, as ten men are needed at present in the pit.

Roti Roti To

Joseph Roti Roti announces that he will again have a Dr. Scholl's demonstration at his store on Main street. Factory experts will be here for one day only, on Wednesday, August 4th. Those having foot troubles are urged to make appointment.

Gas Service Extended

The Michigan Gas and Electric Co. has extended gas service into the Burkhardt addition, and the installation is now complete. One of the previous drawbacks in the addition has been the lack of gas service.

Lions Choose Frederickson as
President of Fly Snipers ClubKobe, Converse Also Honored
by Election to Office
at Initial Meet

His election acclaimed with expressions of confidence by his associates, Dr. H. C. Frederickson, was chosen as president of the newly formed Lions Fly Snipers Club at the last week's meeting of the Lions. Other officers elected were John Kobe, secretary or official scorer, and M. J. Converse, sergeant at arms or more accurately sergeant at the forks, since the ground rules adopted designated the fork as the official weapon of action.

An outdoor meet is planned by the organization, molasses to be used as the aide-d' allure. Prohibition of the spearing of any fly stuck in the molasses was voted, the practice being denounced as unsportsmanlike and also because it would give the sniper an advantage at luring more flies near his weapon.

The place and other details of the meet will be announced at a later date, all members having expressed a desire to practice up before the crucial contest. A nickel-plated fork which is to be engraved with the winner's name and his winning score, will be awarded in order to enable him to preserve for posterity, a record of his outstanding skill.

Boy Scout Camp
Again Opened on
Batchelor's IsleTests Still Indicate Water
Polluted; Swimming Done
at Clear Lake

With 45 Boy Scouts of the Potawatowmie Trail Council in attendance, Camp Waters on Batchelor's Island, opened last week. The camp had been closed because of the discovery that the water was polluted.

Tests have indicated that the river water is still bad, and scouts are being taken to Clear Lake every morning for swimming and other water activities.

Harold G. Boltz, the director of the camp, is also an executive of the Potawatowmie Trail Council of Harvey, Ill.

The camp program consists of water activities at Clear Lake in the morning, scoutcraft, handicraft, and contests in the afternoon and campfire or water activities, such as canoe races, in the evening.

Scouts now attending are from Harvey, Riverdale, Homewood, Dalton and Chicago Heights, Ill.

A dance is planned for members of the Council executive board, and will be held at Camp Waters in the mess hall.

Now Here's
the
Proposition

The Sinner's Complaint
So you smirk and you grin with
an official-like vim,
And point out my sins to all,
So you gossip and you listen to
every loose tongue,
And whisper my faults around,
So you jeer at me loudly, bring
shame on me gladly,
And draw back into your virtuous
skin.

But here let me ask you,
Just a few little questions,
To find out if you truly should
sneer,

Now will you please tell me if
ever to me,
You've said "Hello" in a
friendly-like time,
No? Then how can you stand, an
immovable judge,
And frown down with your
virtuous scorn?

Or again let me ask you another
good question,
To prod your so sluggish replies,
Have you ever paused in your
busy days trek,
To wonder what made me so
immoral a soul?

If not, and I know that you
never have bothered,
How can you judge consequence
without knowing the cause?

Now let me complete my brief
inquisition—
Have you ever been sure that
your own soul's canvas,
Has never been blenished with
spots of sin's mud?

Have you ever reflected and
paused to remember,
"Let me be the first to throw
stones?"

Then how can you stand in your
smug-like complacence,
And wield so mercilessly the
searing brand.

It's Scientific, Not Laziness

A scientist advises against
jumping suddenly out of bed in
the morning. Give your subcon-
scious self a chance to awaken
gradually, he advises. We've al-
ways known that we had a right
idea about getting that "extra
five minutes."

"Battling" Taylor vs. Joe Lewis

Robert Taylor's recent fist-
threatening to protect Barbara
Stanwyck suggests the possibility
of a Taylor-Lewis match. There
shouldn't be any doubts about its
drawing a capacity crowd. Many
a woman would probably be will-
ing to give up a couple perma-
nents to take it in.

To a Friend

All was joyous and merry and
fun,
Our laughter mingled, our quips
we spun,
Then suddenly 'twas all undone,
A misunderstanding, and the
lingering rancor,
Crept between us and marred our
day.

But now, thank heaven, again
once more,
Our laughter mingles, our quips
we spin,
For just a smile and 'twas all
"re-done,"
And lilting voices and mirthful
tones,
Make this today a funful one.

Berrien Farmers to
Hold Get-Together

Representatives of all the co-
operative associations and the
Farm Bureau of Berrien County
are planning another get-together
of farmers at Indian Fields, Ber-
rien Springs.

It is anticipated that prizes for
the horse pulling contest will at-
tract a larger number of farm
teams. Any farmer interested in
entering a team in the contest
should notify the committee in the
near future.

There will be other sports to
entertain the crowd that is ex-
pected to attend. This Farmers
Roundup will probably be held on
the 14. A definite date will be an-
nounced next week.

Company to Add
\$25,000 Capital
by Stock Sale26,437 Shares of \$1.00 Par
Value to be Offered
at \$1.25

The issuance of 26,437 shares of
\$1.00 par value common stock at
\$1.25 to obtain additional capital
for further expansion has been
announced by officials of the Lar-
son Steel Products Corporation. The
stock is to be offered to present
stockholders until Aug. 14 and is
to be sold at such commissions as
to net the company at least
\$26,437.00.

While probably one of the least
known in Buchanan, the Larson
steel plant is widely known out-
side of Buchanan. The company
furnishes forgings for the Clark
Equipment company and also fur-
nishes forgings to concerns who
are leaders in their respective
lines several hundred miles away
from Buchanan, in direct competi-
tion with forging plants located
much closer to their customers.

At this very time they are ne-
gotiating with a large manufac-
turer for a type of work which
they have been assured they will
receive some time this fall which
will increase their production
probably double.

Larsons make all their own
tools, maintaining a tool room
which is capable of making all
the dies necessary for their shop.
They employ men of high caliber,
who have served many years be-
fore they become what might be
considered expert die sinkers.

That Larsons enjoy a good rep-
utation will be proven by the fact
that one of their largest custom-
ers is within a very few miles of
the largest independent forging
plant in this country under the di-
rect supervision and ownership of
one of the largest steel men in the
United States, yet Larsons enjoy
that business approximately 100
per cent irrespective of the fact
that this large modern plant is as
close to their customer as it is.

The largest manufacturer of
hammer equipment in this country
has carefully analyzed the sales
possibility of territory open to the
local plant, states that there is a
possibility of legitimately putting
to work approximately one hun-
dred to one hundred twenty-five
hammers in this area. The amount
of work possible to produce from
these hammers would be purchas-
ed within a radius of one hundred
to one hundred twenty-five miles
of Buchanan, that distance not be-
ing considered prohibitive as far
as shipping is concerned.

The organization is endeavor-
ing, to seek employees who live
locally and educate them to the
required standards of this type of
work. A close and agreeable re-
lationship between the men and
the management is proven by the
fact that the plant has never had
any labor trouble.

Jerue Award Spurs
Softball Competition

Competition among the soft ball
teams received an additional spur
when Johnny Jerue made the an-
nouncement at the opening of the
lighted ball field that he would
give \$50 in softball prizes, \$25 to
be given to the team winning the
city championship, \$15 to the
runner-up and \$5 each to the lead-
ing batters in each league. To
qualify for the batting award,
players must have played at least
70 per cent of the played innings.

TORNADOES SWEEP MICHIGAN AGAIN CAUSING HEAVY LOSS

Many sections of the state were visited during the past few weeks by terrible windstorms. Barns were torn apart, houses were wrecked, farm tools smashed, orchards uprooted and livestock killed.

From one cyclone alone, June 14, this company had over 200 losses in three townships. Damage was done in sections where cyclones had never before struck. You never can tell when or where a tornado will rip up a few hundred thousand dollars worth of property.

If you want to be safe from heavy loss get a windstorm insurance policy with this company at once. The cost is very low.

ARE YOU MODERN

in Everything but This?

You are not so old-fashioned as to write a letter with a goose-quill pen; blotting it with sand. Instead, you use a fountain pen or typewriter, or you dictate to a stenographer or a dictaphone.

Paying by check also is up-to-date. Safer than cash, easier than walking. Cheaper than paying disputed bills a second time. Saves worry and annoyance. Adds to your business standing. A modern, better way of settling obligations, which helps business and helps you.

CCC Makes Fireline Road Near Mud Lake

A fireline road into the Backus Creek and Mud Lake area, east of Houghton Lake, to be used in forest administration and for fire protection, is being constructed by enrollees of CCC camp Houghton Lake, according to Project Superintendent Sam Cline.

Construction of a dam at the outlet of Mud Lake, to flood approximately 450 acres of marsh land for a wildfowl feeding area, is under consideration by the Department of Conservation. If approved, the dam will be constructed by Camp Houghton Lake workers. The new road would be utilized by the construction crew.

Origination of "Lame Duck" The expression "lame duck" originated in the stock exchange, where it meant a person unable to fill his engagements or contracts.

DO YOU REMEMBER?

(20 YEARS AGO)

Under the direction of President E. B. Ross and the Grounds Committee of the Niles-Buchanan Country Club, the road leading to the club house has been put in excellent condition and made safe for everyone to drive over.

The master list containing the numbers officially drawn at Washington last week was received by the local draft board Monday morning, and before the day had passed, official notices had been mailed to the young men in precinct No. 2, Berrien county, who have been called by drawing to give military aid to their country.

Frank Kean has quit his job as village marshal and general peace maker, a position he has held for several months with credit to himself and the village.

Sam Rouse, Ed. Stevens, Joe O'Leary and Percy Donley camped at Clear Lake last week.

R. J. Burrows went to Washington, D. C., Monday on business. Martin Lentz was home from Michigan City to spend Sunday with his parents, Mr. and Mrs. Chris Lentz.

Mr. and Mrs. Charles Thumm and family of Chicago, are guests at the home of his father, Gottlieb Thumm.

Dr. and Mrs. J. C. Strayer returned Sunday night from two week's vacation spent at Littleburg and Harrisburg, Pa.

Appreciative of the importance of providing homes as quickly as possible for the 150 men who are working in Buchanan and compelled to live in adjacent towns, Buchanan business men have pledged practically the entire amount of capital stock of \$25,000 deemed necessary to the success of the Buchanan Home Building association and this amount was pledged within two hours time after the subscription list was opened.

Vice-president M. L. Hanlin headed the list with \$10,000 for the Clark Equipment Company. Other subscriptions ranged from \$1,000 down to \$100. George Habicht came from Chicago, Saturday, to spend a week's vacation at the home of his brother, Frank Habicht.

Miss Violet Habicht of Buffalo, N. Y., arrived Wednesday morning and will spend a few days at the home of her brother, Frank Habicht.

Miss Ethel Beistle and Miss Cora Smith left today for California. Miss Beistle will spend a month in the West while Miss Smith will remain indefinitely.

Mrs. Esther Parkinson and daughter, Mrs. Ethel Jones, went to Paw Paw to spend a few days at Mrs. Jones' cottage, which has just been completed.

Fred M. Moyer returned Wednesday morning from a three week's visit to his old home, in Pennsylvania.

Cyanide gas may be rough on rats, but it's just another whiff of eau d'cologne to the present day burglar, according to the experience of the St. Joseph Valley Shipping Association, which was visited early Monday morning by gentlemen of the cracksmen profession with designs on the safe. The force had left a nice mess of cyanide gas fixed up for the rats, but their preparations apparently did not discourage the cracksmen who, however, found the safe too safe for them, and left after knocking off the combination.

(5 YEARS AGO)

The construction of the highway spur from Buchanan to M-60 may be deferred until next year, according to a letter received from Grover C. Dillman, state highway commissioner.

Walter Charles left for Minneapolis, Saturday, after attending the funeral of his brother, Al W. Charles.

The Standard Oil Station on Days Ave., was broken into Monday morning, by unknown burglars, who affected an entrance by the washroom window, and broke the combination safe without reaching the interior.

Answers To Banking Questions

Is It Important to Write Checks Carefully?

Our answer to this question is emphatically "yes"—for your own protection. Here are a few simple, but important, rules we recommend:

Never write in pencil. Fill out your stub first. Be sure the date is correct with the month spelled out. See that the amount, as spelled out and in figures, agrees and is legibly written.

Fill in all blank spaces, particularly the amount lines. Never erase! Write a new check and destroy the spoiled one. In signing checks use the same signature on file at your bank.

Never sign blank checks! Make them payable to "cash" or "bearer" only when you personally present them at the bank. Safeguard your blank checks—for your signature might be forged on them. Guard your cancelled checks likewise.

Careful observance of these rules enable us to give you greater protection for your deposited funds.

Edison's Strive to Devise Light for Cutting Fog

Electric Co. to Establish Experimental Station on State Highway

A light that will cut the densest fog is the latest objective of a public safety experiment to be launched on the state highway system.

At the request of State Highway Commissioner Murray D. Van Wagoner, the state administrative board has granted approval for the experimental project to be carried out by the Detroit Edison Company.

The lighting "laboratory" will be established at the intersection of US-12 and M-153 near Dixboro where blinding fog has caused many accidents. Highway signs are obscured by the fog and no lights have yet been used that will cut the fog.

The Detroit Edison will operate the project at its own expense during the trial period which may last for more than a year. At the expiration of this period, the equipment will be removed by the company without expense to the state.

Company officials said that a variety of lighting effects will be used in the experiment.

NOTICE TO CONTRACTORS

Sealed proposals of bids will be received by the Mayor and City Commission of the City of Buchanan, Michigan, at the City Hall, 108 West Front Street, until Five o'clock P. M., on August 13th, 1937, to furnish materials and labor, for the construction of a concrete culvert over McCoy's creek on the proposed extension of Third Street, as ordered and described by resolution passed by the City Commission on June 7th, 1937, and in accordance with plans, profiles, detailed drawings and specifications now on file at the office of the City Clerk in the City Hall.

Prices must be stated both in words and figures. Each proposal or bid must be accompanied by a certified check or bidders bond, payable to the City of Buchanan, Mich., in the amount of five (5%) per cent of the total bid.

The City Commission reserves the right to reject any or all bids, or accept any bid or part thereof they deem advantageous to said City.

1st insertion July 15; last Sept. 30 NOTICE OF MORTGAGE SALE

Default having been made in the conditions of that certain mortgage dated the second day of January, 1928, executed by Ruth C. Swemer and John D. Swemer, her husband, as mortgagors, to the Federal Land Bank of Saint Paul, a body corporate, of St. Paul, Minnesota, as mortgagee, filed for record in the office of the Register of Deeds of Berrien County, Michigan, on the 15th day of October 1928, in Liber 150 of Mortgages, on page 206, by failure to make installment payments of principal and interest at maturity and for four months thereafter, whereby the mortgagee elects and declares the whole of the principal and interest now due and payable as provided by the terms of said mortgage.

The amount claimed to be due on said mortgage at the date of this notice is the sum of \$1431.97, of principal and interest and the further sum of \$55.00, as an attorney fee provided for in said mortgage, and no suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof.

Now therefore, NOTICE IS HEREBY GIVEN, that by virtue of the power of sale contained in said mortgage and the Statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described therein, or so much thereof as will be necessary to pay the amount so as aforesaid due on said mortgage, with six per cent interest from the date of this notice, and all other legal costs together with said attorney fee, at public auction, to the highest bidder, at the front outer door of the Court House in the City of St. Joseph, Berrien County, Michigan, on Monday, the 18th day of August 1937, at ten o'clock in the forenoon.

The premises to be sold are situated in the City of Buchanan, Berrien County, Michigan, and are described in said mortgage as follows, to-wit:-

Lot fifty six (56), Liberty Heights Addition to the Village (now City) of Buchanan, except a strip seven (7) feet wide across the rear end of said lot to be used for an alley.

Dated May 18th, 1937. INDUSTRIAL BUILDING AND LOAN ASSOCIATION, Mortgagee.

Queries Indicate More Interest in Farmer's Dollar, Says Strange

Commercial interests are more greatly interested in the rural dollar than in recent years if requests for fair lists may be accepted as an indication, according to John B. Strange, commissioner of Department of Agriculture.

The inquiries by large and small manufacturers of all lines of merchandise for fair dates are far in excess of former years, he says, with many indicating their desire to participate in the rural events, seeking, of course, their share of the dollars from Michigan's predicted bumper crops.

"This interest," said Commissioner Strange, "coupled with plans of various fair boards for larger and better fairs would indicate that the success of these events this fall are practically assured. For several years requests for fair lists from the department came only from the very largest manufacturers, or those manufacturing strictly farm implements. Inquiries this year are of more general nature."

CHILDREN IN COURT

By Judge Malcolm Hatfield
 The tragedy of a boy with too much idle time on his hands was revealed in court today when a college freshman was convicted of a reckless driving charge in which several persons were injured.

Some ten or twelve years ago the son of the late Calvin Coolidge was approached at his work in a tobacco shed by a young man who casually remarked "Believe me, if I had a car and my father was President of the United States you wouldn't catch me doing this kind of work."

Young Coolidge is reported to have looked up and replied, "You would if Calvin Coolidge was your father."

If there were more parents like the late President we would have fewer boys with high powered automobiles and large expensive accounts reeking excitement and thrills on heavily congested highways.

"HOTEL HAYWIRE" HAS 9 COMEDIANS

A practical joke proves the first step in a hilarious divorce case, when Lynne Overman gets funny at a poker game in "Hotel Haywire," which opens Friday for two days at the Hollywood theatre. Astrology, a pair of out of work vaudeville actors, a young romance and a screwy hotel enter into the case and complicate it. The cast includes Chester Conklin, Benny Baker, Mary Carlisle, Spring Byington and many others.

BURNS SCORES IN HILARIOUS HILLBILLY FILM

Take Bob Burns with amnesia, Martha Raye as a lovelorn lass who wants a husband and doesn't care where she finds him; Terry Walker as a mountain beauty and John Howard as a hillbilly, and a background of the most toe-tickling mountain music you've ever heard—put 'em all together, and

they spell "Mountain Music," the riotous new comedy which opens Sunday at the Hollywood.

"Mountain Music" is the tale of Bob Burns who runs into Martha in a strange city. Bob thinks he's wealthy, and so does Martha, and when they discover that he's really only a hillbilly who ran out on marriage to a girl he didn't love, it's a shock to both of 'em.

CHORUS OF 50 SINGS IN FILM

Two noted groups of choral singers, the Vocalians and the Crinoline Choir, totaling 150 selected voices, provide special song effects in Universal's "Top of the Town," Wednesday and Thursday at the Hollywood. They present chants, spirituals and hot rhythm offerings done in the latest swing time fashion.

Among the featured singers in the picture are Gertrude Niesen, nationally popular on the radio and noted for her appealing rendition of torch songs. Another radio songstress is Ella Logan, whose ability as a comedienne adds sparkle to her method of "mooding" songs, her own charming way of tricking the modern syncopation.

MICHIGAN

for a safe and pleasant vacation

Among the many factors that combine to make Michigan an ideal vacation land is the work of our very efficient Michigan State Police.

Ours is one of the finest State Police organizations in the Union—well officered, well manned, well equipped. These public servants are of exceptionally high type—educated, trained, courteous. And they have accomplished much in making this State a safe and pleasant place in which to live or visit.

To vacationists, the work of the State Police is of special benefit, for members of the highway patrol ever have in mind the safety of the traveling public. Moreover, they are equipped to direct the stranger, and to point the way to places of particular interest.

Friendly and well informed, our State Troopers do much to enhance Michigan's attractions for all who are in search of the perfect holiday.

Starret Advises June Graduates on Getting Jobs

Suggests Careful Checkup of Personal Traits Before Interviews

Practical suggestions on how to win jobs and influence employers were given June graduates by Major Howard Starret, State Reemployment Director, in a recent interview.

Advising young men and women to carefully check on their personal traits, Major Starret listed a number of suggestions through which June graduates with little or no work experience might get jobs.

"Youth everywhere is asking for a chance to get a permanent job," he said. "Few have had a chance to get part time experience and still fewer have had trade training for the types of jobs now open."

"If young people knew what goes on in the mind of the average employer while talking to an applicant, they would give plenty of time to self study before the interview," Major Starret said. "A person must be able to see his abilities. This is of special importance to the person of little or no work experience. It is fundamentally accomplished through appearance, speech and temperament."

Employers Judge Many Ways

"I want to help all these young people," Major Starret said. "How often have I heard it said, 'If they had given me a trial, I would have succeeded' or 'I can do the work better than the man who got the job.' Something was wrong and in many cases it was ignorance of the fact that employers judge in scores of ways."

Some of the points mentioned by Major Starret as among those job applicants should use as a check on their abilities and personalities were:

"How do I present myself? Am I timid, hesitant, confident, forward, vigorous, alert, passive, lethargic, awkward, well poised, pompous, dignified, gracious, gushing, or am I clumsy?"

"What about my grooming? Am I clean, dirty, trim, neat, untidy, careless? Do I have offensive odors? Do I use excessive cosmetics? Is my hair unkempt?"

"What about my clothing? Is it adequate, suitable, clean, ditty, flashy, tasteful, conservative, stylish, well dressed, poorly dressed, shabby or ragged?"

"What about my speech? Do I articulate distinctly, precisely, clearly? Have I an accent, dialect, drawl or any other lingual peculiarities? Is my conversation monotonous, jerky, fluent, fast?"

"What is the pitch and tonal quality of my voice? Is it harsh, loud, pleasant, soft, inaudible, high well controlled, low and hoarse, flat, hollow, or resonant?"

Check on Diction, Grammar, Urged

What kind of diction do I use? Do I make grammatical mistakes and use profane and slangy language? How extensive is my vocabulary?

"Am I sociable or difficult to talk to? Am I too reserved or too aggressive?"

"How is my conversation? Is it organized, deliberate, incoherent, beside the point, rambling, logical, laborious, impulsive, accurate, concise, sarcastic, or argumentative?"

How can I improve my temperament? Is it mature, immature, masculine, feminine, nervous, emotional, apathetic, calm, distressed, anxious, worried, suspicious, fearful, enthusiastic, cheerful, optimistic, depressed, and under pressure, belligerent, sullen, angry, bitter, domineering, friendly, reserved, bashful, assertive, confident, submissive, quick, brusque, vacillating, slow tactful, discreet, tactless, blundering, "Chip on the shoulder," opinionated, facetious, humorous, solemn, sensitive, likeable, repellent, or am I diplomatic and suave?"

"What is my attitude toward work? Toward the job in question?"

Youths Stumble into Interviews

"The trouble with the average young job seeker," Major Starret said, "is that he doesn't try to learn something about the employer and his business before asking him for a job. Too many youths stumble blindly into an employer's office with no further idea of what they want than a 'job with pay.'"

"They are wasting their own time as well as the executive's. If they would analyze themselves first, then find out if they have aptitudes needed to do the work they would stand a much better chance of selling their services to the prospective employer."

"June graduates have the best chance in years to get jobs," Starret pointed out. "For that reason it is more important than ever that the job and the worker be carefully matched. Men and women are happier when they are doing the kind of work they like to do well."

Although the National Reemployment Service will not be able to place all of this year's crop of graduates, all young men and women over 16 years of age are permitted to register in the office serving the county in which they reside. There is no charge for this service.

4 in State Get Fines of \$100 for Killing Deer

381 Arrested for Violations of Conservation Laws During June

Lansing:—The upper peninsula let in the number of flagrant conservation law violators who received \$100 fines in Justice court.

Of eight offenders in the state who were fined \$100 fines and costs, four were Houghton county residents accused of killing deer. All paid. Two of these were placed on probation for three years and two for six months. In Gogebic county one violator was arrested for having 73 brook trout in possession, of which 69 were undersize. The justice set the fine at \$100; suspended half of it and the respondent paid.

Three violators in the lower peninsula paid \$100 fines and costs, all in Hillsdale county. The charge was 'spearing fish with artificial light. One of the violators, a well-known resident, attacked during the arrest and was ordered by the justice of the peace to serve 30 days in jail in addition to paying the \$100 fine and costs.

Arrests made during the month totalled 381, most of them for illegal fishing. Fishing without a

license was responsible for 111 arrests. Thirteen individuals were arrested for violation of fire laws.

Enforcement authorities had a high degree of success in the prosecution of their cases, losing only one case. One case was certified to circuit and eight dismissed or the sentences suspended. A low total in jail terms was recorded, aggregating 381 days. Fines and costs totals approximated \$2,500 each. Fines were suspended in 135 cases.

Pigeon River Bears Ignore Pigs as Food

The old notion that a pig is preferred food to a black bear hardly holds up in view of what's been happening at Pigeon River CCC camp northeast of Gaylord. Several bears have made a rendezvous of a pig pen near camp and not only ignore the pigs but cuff them aside so as to monopolize the trough.

The bears are reported to have been visiting the place regularly, more often at night, and actually climb into the pen. No casualties have appeared among the pigs, which either retreat to a safe corner or get cuffed away as the bears head for the camp refuse. The pen is maintained by one of the camp enrollees.

Black bears seem numerous in the Pigeon River State forest

region. One member of the Pigeon River camp reported seeing five black bears in one day, including a she-bear and two cubs.

Mrs. Emma Burger and children have been guests for the past week at the home of Mr. and Mrs. Arthur Metzger.
