Clark Officials to Entangle With Business, Professional Men's Ten

B. P.'s Engage Bill Brodrick as Tactician—Hanlin to Lead Clark Crew

No sooner had the groans, grunts, and creakings, which resounded at the Lions game died away than the announcement was made that the Buchanan Business and Professional men's team would meet the Clark Equipment officials in a seven inning "slaughterhouse" softball game with "no holds barred."

To give the game a strictly "professional" tone, anyone now playing in the local softball leagues is barred from either team. Admission to the battle will be ten cents. The game, which is to be a benefit performance, will start at 7:15 o'clock this evening.

So confident are the members of the Business and Professional men's team that they have already informed the Record that it would be perfectly safe to write headlines announcing their victory.

"The game," members of the B. P. team say, "is on the ice." One of the reasons they give for their confidence is that Bill Brodrick, well known local ball fan and former player, will head the "Board of Strategy" for them.

He has already mapped out the game, play by play, they say, and has asserted that everything will go off per schedule.

When asked if the Clark aggregation might not upset his plans, Brodrick is said to have exclaimed, "Not by the eleventh whisker on my grandfather's chin!" They (the Clark crew) will just have to take it—if they can."

Harry Hanlin, head man of the Clark's outfit, is reported to have been equally vehement in his assertions of a sure victory. When told what Brodrick said, he reportedly declared, "Why that kyz'tgaxkyrs ' jgzzpxo." (Sorry folks, there's ethics in newspaper publishing, so we had to give you a rough approximation.)

"Those artichokes," Hanlin is alleged to have said, referring to the B. P. team, "will be so hot with mortification after the game that they'll sing their whiskers so bad they won't have to shave for a month."

Charges that he is a ringleader of a plot to slip knockout drops to the B. P.'s pitcher, John Miller, just before the game, are reported to have been hotly denied by Hanlin, who is said to have called the rumor, "slander of the vilest form, and to have asserted that only a member of the B. P. team would stoop so low.

"We've figured that we'll knock Miller all over the lot," Hanlin reportedly said, "So we decided not to dope him."

"The only trouble we'll have," Hanlin is quoted as saying, "will be to talk the Park Board into getting the park benches in the field that we'll be able to use when the B. P.'s are at bat."

The following men have been reported as slated for the Clark lineup: pitcher, Louis Stevens; catcher, Phil Hanlin; first base, Glenn Vanderberg; second base, Elmer Keyes; short stop, L. G. Fitch; third base, Harry Hanlin; left field, Andy Pierce; center field, Harry Dumbolten; right field, Arnold Webb; and short field, Paul Schultz; utility, Johnny Mack, Jack Boone and Ronald Bolster.

The lineup for the B. P.'s will be: pitcher, John Miller; catcher, Wm. Gnodtke and Ed Smiles; first base, E. A. Orpurt; second base, Harold Boyce; short stop, Bob Strayer; third base, Lowell Swam; short field, Fred Smith; left field, Elliott Boyce; center field, Fay Wilcox; right field, Dr. K. L. Gamble; and utility, Harvey Letcher and Bob Koenigshof.

A son was born to Mr. and Mrs. William Yager Tuesday at their home.

Mr. and Mrs. Alfred Jones, accompanied by friends, Mr. and Mrs. Lyle Sisson, Elkhart, were unexpected visitors at the home of Mr. and Mrs. Clarence Spaulding, Sunday. Mrs. Jones is a cousin of Mrs. Spaulding whom she had not seen for thirty years.

Now Here's the Proposition

Those Gals Who Lie in Magazines

A picture in a magazine's. The most alluring thing. A maid, in tummy gown, reclines in blooms which breathe of spring.

Without a glance, a tempting glass is raised to lovely lips. One hand supports a book, the while My lady reads—, and sips.

I tried to feel like those gals look. In sheer, long frock (for scenery), I chose a book and beverage, And draped me on the greenery.

The flies walked on—and in—my drink; While sunshine blurred my book. To say the least, I didn't feel Quite like those pictures look.

Wouldn't You? A classified ad in the 1917 files of the Record reads: "For Sale—Collie pups and good ones." There wouldn't be any question in our minds. We'd take the good ones.

To Critics When I was seventeen I heard From each censorious tongue, "I'd not do that if I were you; You see you're rather young."

Now that I number forty years, I'm quite as often told, Of this or that I shouldn't do Because I'm quite too old.

O'camping world! If there's an age Where youth and manhood keep An equal poise, alas! I must Have passed it in my sleep. Walter Learned.

### Putting Power to Work on the Farm

FOR many years the line crews of this Company have been engaged in extending electric service into rural areas wherever there was sound business justification for these extensions. Today, if you were to follow our poles and wires over county roads you would traverse 1,306 miles of line and pass the homes of 8,189 users of our electric service.  
More and more the farmer is turning toward electricity for the profitable operation of his farm. For example, an electric milk cooler enables the dairyman to keep down the bacterial count to secure higher prices for his milk.  
Rural folks receive a service equal to that enjoyed by city dwellers, backed by 50 years' experience in this business. Ours is not "amateur service"—it is electric service upon which the farmer may depend.  
Electric rates to rural customers are the same as those paid by customers in the largest communities we serve. The only difference is that the farmer agrees to take a minimum amount of electricity.  
Our city customers will commend this policy of low rates for farmers realizing that an efficient, prosperous countryside is the surest guarantee of busy industry and prosperity in the cities.

## Matron Resigns at Berrien County Home

Mrs. Maude Fischbeck, matron of the Berrien County Detention Home in St. Joseph, since last September, today tendered her resignation to the Detention Home committee consisting of County Welfare Agent, Don R. Pears; Probate Judge Malcolm Hatfield; and Clarence Bartz, Chairman of the Board of Supervisors. The resignation is to take effect September 1st or as soon thereafter as a new matron may be employed.

Decision to resign her position as matron of the Detention Home came about as the result of the death of Mrs. Fischbeck's husband, Edward Fischbeck, last winter, as it is essential in taking care of the Detention Home that the matron and her husband both be available at the Home during certain hours of the day and also at night.

The committee, above named, which will employ a new matron for the Church street home, is now receiving applications for the position of Detention Home matron and has requested that such applications be filed with the County Welfare Agent, Don R. Pears, at his office in the Court House in St. Joseph. Applicants for the position must be married and without minor children, it was stated by members of the committee. There is no salary in connection with the position and the only remuneration received is for the board of children who may be held in the Detention Home from time to time.

**ACTION ROMANCE**  
A daring story of an underworld czar who knew all the answers when it came to men and crime but who was tricked and trapped by the girl he loved brings Claire Trevor, Lloyd Nolan and Alvin Tammoiff to the screen at the Hollywood Theatre on Friday and Saturday in "King of Gamblers."

**RACING CARS CRACK UP**  
Several racing cars were actually cracked-up during the filming of Columbia's drama of the speedways, "Speed to Spare," showing Friday and Saturday with Charles Quigley, Dorothy Wilson and Eddie Nugent in the featured parts. Each car costs more than a Rolls-Royce.

**"PARNELL" HERE SUNDAY**  
Clark Gable and Myrna Loy attain new heights of artistry together in "Parnell," a drama suggested by the career of Charles Stewart Parnell, "Uncrowned King of Ireland," which opens on Sunday for three days. Although it is primarily a narrative of Ireland, "Parnell" is actually international in its scope, for it is the account of a cour-

ageous man who surrendered fame and fortune and power for the woman he loved. John Stahl, one of the screen's most distinguished directors, followed history with a careful eye and reproduced the color and beauty of the people and their times with rare skill and power.

## GUEST FEATURE MONDAY

In addition to the regular showing of "Parnell," "Tarzan Escapes," a full length feature starring Johnny Weissmuller will be shown. From reports received, this picture is running close to one of the most important pictures shown in 1937 and is in a close race for 1937 popularity honors. This picture played here to capacity crowds early in 1937 and the theatre management has had numerous requests to bring it back as a guest feature. Due to the extreme length of this show the guest feature will positively be shown only once, at 9 p. m.

DO YOU REMEMBER?

FIVE YEARS AGO

Pat Clemens, the well known local fisherman and builder of the ark on wheels is back from his trip to Minnesota, telling the biggest story yet. He claims that in the course of his travels he jumped across the Mississippi river. We've swallowed his fish stories but--! It was in the Itasca state park at the headwaters of the Mississippi, if that makes it any easier to believe, according to Mr. Clemens.

Buchanan had the experience of a daylight robbery about 11:40 a. m., yesterday, when two bandits "stuck up" the Standard Oil station on Days Ave., taking the funds accessible and departing southward before the goings on had become known to anyone but Leonard Wood, station attendant.

Miss Charlotte Arnold has accepted a scholarship at Kalamazoo college, carrying tuition for four full years and has made arrangements to enter there Sept. 12, majoring in music and dramatics. Miss Arnold was one of the honor graduates in the 1932 class graduated by the Buchanan High School.

Mr. and Mrs. Hyink and daughter, Eleanor Grace, left on Tuesday for Sherston, Ont., Canada, to visit the remainder of the summer at the home of Mrs. Hyink's parents.

Mrs. Clara Foss of Grand Rapids and her daughter-in-law, Mrs. Judd Foss of Philadelphia, were guests last week of Miss Lydia Harms.

Mrs. Lulu Remington and her daughter, Miss Bythie Remington, arrived Tuesday morning, from Dayton Beach, Fla., to spend two weeks here.

A dividend of ten per cent has been declared to depositors of both the commercial and savings departments of the Buchanan State Bank. Depositors are asked to call immediately at the office for their checks.

TWENTY YEARS AGO

Only a few short months ago the Record announced the change of the Lee Bros. and Co. banking house into the Buchanan State Bank, and this week we take pleasure in giving publicity to their opening in their new and commodious headquarters.

The first three days of this week were busy ones for the local board of Uncle Sam's drafted army. The examinations were held in the Roe block—the board consisting of W. H. Watson, chairman, Dr. Robert Henderson, and Herbert Roe, secretary.

The enthusiasm with which the Home Building Company is taking hold of their contemplated construction augurs well for Buchanan.

The first mid-summer dance of the year will be held at the Niles-Buchanan Country Club, Thursday night of this week.

Work is under way on a large warehouse which the Clark Equipment Co. is building at the east of their plant. The new building, to be used for storage purposes, will be constructed of wood and will be 42x200 feet in size.

Last evening Mr. and Mrs. Edward Riffer entertained fifty guests in honor of her brother, Claud Haslett and family of Baraboo, Wis.

Ava Schram, who has been quite sick with blood poisoning, resulting from the bite of a pet cat, is able to be at his work again.

## Mich. 'Revolution' Tales Discredited by N. R. S. Head

### 7,709 More Jobs Than Applicants in 3 Months, Says Starret

The fallacy that Michigan is in the throes of a "revolution" as exaggerated by reports in other states was partly disproved today by statistics issued by Major Howard Starret, State Re-employment Director. "During the past three months the number of jobs found by the National Reemployment Service in Michigan has exceeded the number of new applications for work by almost eight thousand," Major Starret said. "This should disprove the many erroneous concepts that Michigan is 'through' and that business conditions in this state are at a low ebb due to labor difficulties."

A check of the placements during the past three months shows that 36,308 men and women were given jobs through the 44 district and branch offices in Michigan. At the same time only 28,599 new applications were received. The active file of applicants was reduced from 139,935 to 119,204 during this period.

"Despite the usual seasonal let-down in business activity there is no doubt that there are fewer unemployed actively seeking work in this state than there has been in some months. Many business houses and factories have maintained a high production pace this summer and have laid off fewer people than is usual at this time. Farm crops in Michigan are generally good and have absorbed great numbers of regular farm hands as well as thousands of the seasonably unemployed."

## Approach of Deadline Speeds Tax Payments

With only four weeks remaining for Michigan taxpayers to avail themselves of the installment plan for paying back taxes without penalty, Auditor General George T. Gundry, stated today that reports show many of the tax paying public are hurrying to their county treasurers' offices to take advantage of the Legislative plan to save their property from the tax sale next Spring. Mr. Gundry pointed out that payments made before September 1 may be made with only a 2% collection fee while those paid after that date may still be paid in full but under heavy penalty.

The Auditor General indicated that all real estate taxes for 1935 and earlier years will go to sale unless they are paid in full or are paid up to the currently due installment. He explained that this meant that 1936 taxes must be paid in full, that at least one-tenth of the total of 1933, 1934 and 1935 taxes must be paid in order to escape this sale and that at least three-tenths of the total of 1932 and prior years must be paid to forestall sale of the property next May.

Attention was drawn to the fact that if the first installment of 1933, 1934 and 1935 taxes has not been paid, the property will go to tax sale for the full amount of these taxes.

## Urges Attention to Public Morals in Liquor Sales

### Murphy Declares Too Much Stress Placed on Income to Government

Urging more attention to community morality in liquor administration, Gov. Murphy, speaking at the fourth annual convention of the National Conference of State Liquor Administrators recently held at Mackinac Island, placed the full responsibility for "straight and honest and efficient liquor control," on the chief executive of the state.

"Too much emphasis altogether has been placed on the fact that liquor produces a billion dollar income in Federal taxes and state

taxes," the governor asserted. "Morality More Important" "That's not impressive to me," he declared. "It is important, of course, but the American conception of decency, morality and respect of government is more important."

"Administration of liquor that imperils the American youth, that makes liquor available in the shadows of our schools and churches, that permits carousing at untimely hours," he said, "is abhorrent to me." "Private Interest Justification" "Its only justification," Governor Murphy asserted, "is selfish private interests. That should always yield in the public interest."

"Frankly, the responsibility for administration rests with the governor," he declared. "If he wants it straight and efficient, he can make it so by the selection of a personnel of character and ability and then offering staunch support. If it isn't right, the public should look to the governor and hold him accountable, for it is within his power to make it right."
