Uma Kelly, of Buchanan, is a representative from Helen Newberry Residence to the Women's Assembly Board at the University of Michigan.

Win Honors at U. of Cincinnati

Names of two Buchanan students at the University of Cincinnati appear on the list of honor students enrolled here in the College of Engineering and Commerce.

John Godfrey, son of Dr. J. L. Godfrey, has been elected to membership in Eta Kappa Nu, national honorary electrical engineering society.

Godfrey is enrolled as a junior co-operative electrical engineering student. Donley is also a junior co-operative student in the College of Engineering and Commerce, where he is majoring in mechanical engineering courses.

Both are 1934 graduates of Buchanan high school. Under the Cincinnati co-operative plan of technical education, established at the university here in 1906, students spend alternating periods in classroom and laboratory and at work in industry.

Miss Janet Kelley was elected vice president of Mu Phi Epsilon, honorary music sorority of Michigan State College, a week after her initiation into the chapter. Her sister, Miss Hope Kelley, is the president.

A number of Buchanan people who have relatives or friends in Michigan State College, or who have been students there, listened with interest to the program staged by the school on the "Varsity Hour" which came via WLS over the Blue Network at 9 p. m. Friday evening.

Miss Virginia Wright, freshman at Northwestern University, enjoyed an excursion with her class in geology to the Indiana dunes Saturday. Her parents met her there and brought her to her home here for the week-end.

Business Notes

No Excuse Now For Dinner Not Being Ready - The Patton Food Shop has now added a delicatessen department where salads, meats, bread, home-baked pies, and other ready-cooked food may be secured.

A Big Night

Every week there are good pictures at the Hollywood but on the night of Nov. 22 Manager Hollywood is providing his patrons with a recreational menu that is worthy of special mention.

On that night "Dead End" and "Trader Horn" form a double feature. If you like stirring plays of life, and what's more if you like to be up on the great plays that sth the current world and then become literature, you must see "Dead End." The screen film is taken from one of the best plays of a decade. It's a gangster play but not the ordinary gangster play, for it shows how gangsters are made in the city slums. It was a Broadway hit of the first water with a two-year run in New York city. It was written by Sidney Kingsley, who also wrote the Pulitzer prize play, "Men in White." You'll be seeing a good play and you'll be seeing and hearing literature. It runs on the three nights of Nov. 21-22-23. On the night of Nov. 22 "Trader Horn" comes as a guest feature. It's one of the great adventure plays of all time; it was taken from a book that is literature too. It will provide a refreshing contrast to "Dead End;" together they should make a memorable night's entertainment.

The Buchanan Realty Company has completed alterations of the Ruth Roe home for a duplex apartment, and it is ready for occupancy.

Plan One Show In Each Month

Arnold Webb, M. L. Hanlin to Assist Philip Hanlin, Director

Evidence that the Clark Equipment company will again be a name to conjure by in the field of entertainment as well as in that of the manufacture of wheels and axle housing is afforded by the news that Philip Hanlin has been named director of entertainment activities among employees, with those two veteran entertainment producers, Arnold Webb and M. L. Hanlin as assistants.

Hanlin is well qualified for his role, having been a lead star in collegiate dramatics for four years at Wabash college, including the lead parts in "The Last Mile" and "Journey's End." He was a member of the college dramatic society, "The Scarlet Mask," during his four years there.

He states that rehearsals have started both by the men's chorus which he directs, and the orchestra which is under his direction. Both organizations are being financed by the Clark equipment company.

It is the intention of Hanlin to produce a light opera of a high but popular character sometime in January and an average of one entertainment, either musical or dramatic, monthly after that date. The program is to be interrelated with high school dramatics, so that there will be no near-conflict of dates. It is likely that dances and other informal entertainment will be spliced in between. The personnel of the chorus and glee club will be as follows:

Glee Club: George Roe, William Franklin, Arthur Johnson, Robert Nordstrom, Robert Samuels, Jim Campbell, A. H. Klehn, J. A. White, Jerry Mann, Bert Mills, George Chubb, Tony Witt, Jack Boone, Robert Dempsey, Harry Hanlin, and Charles Jackson. Howard Lentz, accompanist.

Orchestra: Howard Barbour, director; Ray Barbour, Lester Beadle, J. A. White, Bruno Rampholdt, Robert Dempsey, Don Bradley, Bill Strayer, John Hess, Charlie Mills, Jimmy King, Roy Price, and Howard Lentz.

Mrs. Fred Wright Dies in S. Dakota

Mrs. Fred Wright, mother of Mrs. Oscar Morris of this city, died at Brookings South Dakota, at 3 a. m. Sunday, cause of death being pneumonia.

Mrs. Wright died in the home of her daughter, Mrs. Edward Bronson, Brookings, South Dakota, where she went from her home in Buchanan in 1930 following the death of Mr. Wright. She was born in Syracuse, N. Y., Nov. 26, 1853.

Mrs. Wright is survived by four daughters, Mrs. Oscar Morris, Buchanan; Mrs. J. C. Corbin, Chicago; Mrs. A. I. Norris, Syracuse, N. Y.; Mrs. Bronson, and Ear Wright, Akron.

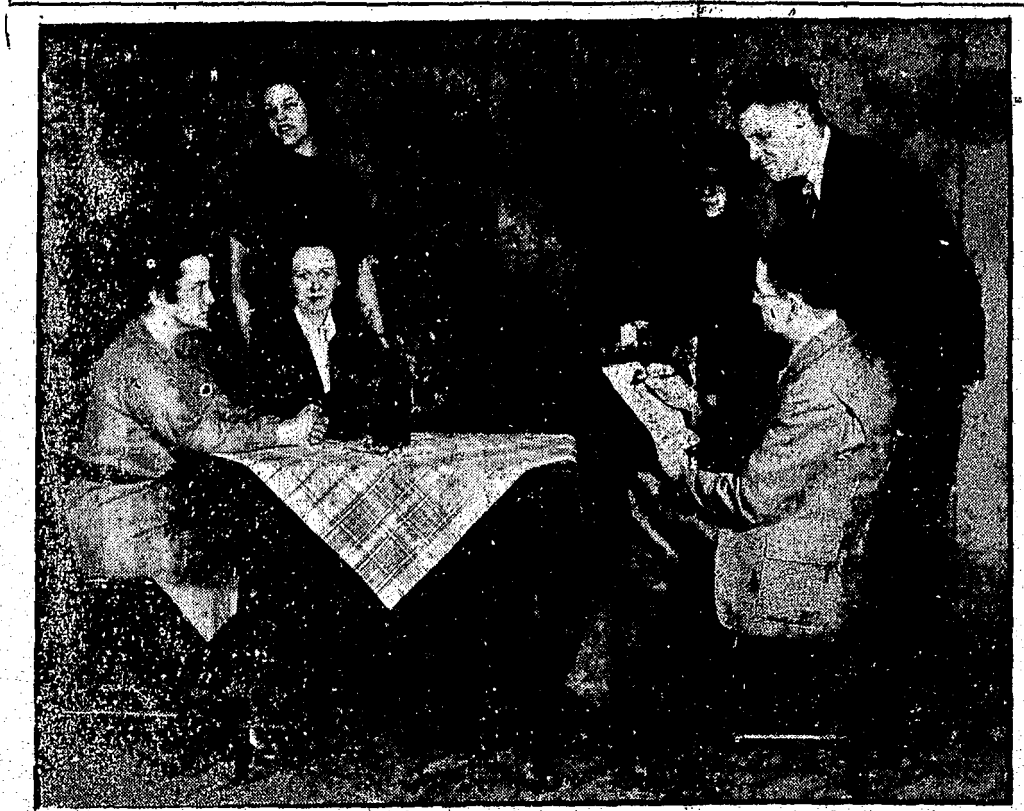

Donald Bromley Is Taken by Death

Donald Bromley, son of Mr. and Mrs. Fred Bromley, died Sunday in Pawating hospital, following a short illness.

Private services were held from the Swem funeral home at 10:30 Tuesday morning, with Rev. Thomas Rice officiating, and burial was made in Oak Ridge cemetery.

He was born Dec. 4, 1916, at Buchanan, attending the local schools. He is survived by his parents; by seven brothers, Gordon of Toledo, O., and by Gale, Edwyn, Murie and William of Buchanan and Junior and Richard at home; by two sisters, Mrs. Lorna Herman of Buchanan and Norma at home.

BUCHANAN FACULTY CLUB IN PLAY FRIDAY.

Surplus Apples Go Into Cider

Mills Run Overtime in Carving For Lower Grades of Mammoth Apple

Southwestern Michigan is having its record run of cider this year, according to reports from the mills, and the sweet unfarmed product is selling at 20 cents a gallon net to you if and when you bring the jug back. Daily long lines of wagons and trucks loaded with apples are lined up at the mills, many of which may be open until Christmas, grinding up windfall and cull apples, while tens of thousands of bushels of choice grades are going into the cold storage bins to await a better price.

The Steffen & Co. mill of Coloma, one of the largest in Michigan, established a new record for receiving cider apples Nov. 3 when they weighed in 337,975 pounds, or approximately 8,000 bushels. In order to take care of the increased volume the company has erected two new 30,000 gallon storage tanks, to be filled and held for vinegar.

At the Eby mill near Cassopolis a rushing custom business is being done, and in addition the mill is selling new pear butter, apple butter, apple cider jelly, sweet cider, boiled cider and vinegar. At the custom mills the people who know their apples are especially particular about the cider for their apple butter. Among the old-timers Talmans Sweets are a favorite for making cider for apple butter. Others choose the Northern Spy or the Delicious. At Bakertown several families held an apple butter bee at the home of Elmer Lauer, where two great brass kettles were mounted over wood fires out of doors. In all two hundred gallons of cider made from Delicious, Northern Spies and Baldwins mixed. While Mr. Lauer boiled the cider down to triple strength, the others peeled and sliced Talpehawken apples for the body or "schnitz" of the butter. After the schnitz was dumped in the kettles one of them had to stay up all night, keeping fire. In the morning the sugar was added and about 10 a. m. the apple butter was dipped into containers and divided.

Mrs. F. Lawson Called by Death

Funeral Services Here and at Gray's Lake, Ill.

Mrs. Clara E. Lawson, daughter of Mr. and Mrs. Lemuel Davis, was born October 25, 1870, at Naperville, Lake county, Illinois, and passed away at Pawating hospital in Niles, on Monday morning, November 15, 1937, at the age of 67 years and 20 days.

On August 13, 1889, she was united in marriage to Frank Lawson in Chicago. To them was born one son, Louis E. Lawson, who passed away at Grays Lake, Illinois in 1908.

She leaves beside her husband, Frank Lawson, one sister, Mrs. Estella Sackett of San Francisco, California.

In the summer of 1921 Mr. and Mrs. Lawson moved from Grays Lake to Buchanan, where they made their home for some six years. They then bought a small farm near Galien, where they resided for a number of years. After selling the farm they returned to Buchanan and later bought the home on South Portage street where they have since resided.

While living in Grays Lake Mrs. Lawson united with the Congregational church and since coming to Buchanan has been an attendant at the Presbyterian church and a member of their Home Service.

She was also a member of the Grays Lake chapter of the Eastern Star and frequently attended the meetings of that order in Buchanan.

Mrs. Lawson was of a happy, cheerful disposition and her genial smile and kindly deeds won the love and esteem of all with whom she came in contact. During her residence in Buchanan and Galien she has made many close friends who are deeply grieved at her sudden passing.

Tight-Wadding It Through Europe

Chapter 13 By Hawes

Well, friends and neighbors, it seems that I proved my Swedish was original last week by getting most of it wrong. Or anyway I should have written "Min hustru ar Svenska," instead of "Min hustru aro Svenska," which was merely the mistake of mixing a plural verb with a singular subject.

It was just before noon on Midsummers Day when I arrived at the old home in the forest near Lohonas. That night the dancing and the festivities were to start at evening and last until morning. Since I had made a special effort to be on hand, my brother-in-law

was to drive us to Dalecarlia, about 80 miles away, where the old Swedish costumes and customs were maintained in unabated splendor.

The Scandinavian summers are as brilliant as the winters are gloomy and Midsummer Day, 1937, was as grand a day as anyone could wish to see. The temperature during the day was ranging from the seventies to the lower eighties (American or Fahrenheit) and in the night down to the fifties. With 20 hours of sunshine, the vegetation had come with a rush. Only Buchananites who have seen that country or a similar latitude in southern Alaska can appreciate

Maroons Start Court Practice

To Meet Berrien Springs Here In Season's Opener November 24.

(By JOHN SCHULTZ) Buchanan's "Fighting Bucks" basketball hopes look very promising. They have a winning spirit this year as shown by their past undefeated football season. The boys are pepped up this year by their successful football season and have the old determination to win and intend to keep this determination in the basketball season.

As Coach Miller says, "A team that wants to win and has the old determination is bound to win games." All John Miller asks of the boys is a continuation of this spirit and he asks for support from the townspeople.

John Miller has said little of his teams this year publicly but you can bet he tells the boys plenty both on the field and on the court. The boys are taking his sayings to heart this year and they are really winning games for old B. H. S.

Basketball practice began Monday November 15 at 4:00 o'clock. This will give the Bucks only a week's practice before they show their wares November 24 against Berrien Springs, their old class C rival. A very promising group of boys will answer the call by Coach Miller Monday. There will be 5 letter men back this season including Simpson, who will be missed or who will play very little against Berrien Springs, at center, Leiter and Beck at forwards, and Stevens and Trapp at guards. Other men who will be working hard for a berth are: Rauch, Dalrymple, Weaver, Doak, Donley, and Hieney.

The reserves under the direction of Coach Langer look very promising also. The boys competing for positions are: Hamilton, Wesner, Robert Habicht, Topash, Hess, Virgil, Russell, Pascoe, Morris and Richard Habicht. Coach Langer's problem will be to find a starting five for their first game.

Fans, let's turn out strong this year and show Mr. Miller that we are behind his teams this year. Season tickets will go on sale this week, let's get one and see an undefeated basketball team also this year. The school is getting recognized in the county for its sport teams let's keep this up by giving them our support.

I'll see you at the basketball game November 24 on the Buchanan court at 7:30.

The schedule this season is as follows:

- Nov. 24—Berrien Springs, here. Dec. 3—Niles here. Dec. 10—Dowagiac, here. Dec. 17—Stevensville, here. Dec. 22—Three Oaks, there. Jan. 4—New Buffalo, here. Jan. 14—Bridgman, there. Jan. 21—Open. Jan. 25—Three Oaks, here. Jan. 28—Dowagiac, there. Feb. 4—Niles, here. Feb. 11—New Carlisle, here. Feb. 18—Bridgman, here. Feb. 25—Berrien Springs, there.

Mrs. W. J. Swift of Kenosha, Wis., was a week-end guest of her cousin, Mrs. Charles Tichenor.

Bucks Close 1st Unbeaten Season

Knock Off Normal High, Undeclared in 3 Years

(By JOHN SCHULTZ and MATTHEW RAUCH) There was little peace last Thursday when the "Fighting Bucks" now undefeated, won their game in a row. They defeated State High of Kalamazoo at the home field. The Buchanan football team in school.

Clinging to being the Berrien Bucks, the Bucks' first victory in the school. The Bucks scored in the first quarter on a reverse from Stevens to Trapp who raced 27 yards to score. This score was nullified when a penalty was called for clipping on the goal line. In the same period another touchdown was halted when a bad pass from center halted their goalward march on the three yard line.

The score remained a scoreless tie until late in the third quarter when Stevens went over from the eight yard line. His eight yard thrust climaxed a 75 yard march started on the Buck's 25 yard line. The march was featured by passes from Leiter to Trapp and Trapp around and for nice gains. One play, in particular, had the fans on edge, this was when Leiter passed intended for Trapp. The pass was partially blocked, then was caught by McCormick. Buck tackled and ran a few yards and fumbled. The fumble was recovered by a Buchanan lineman. The play netted them 25 yards. Stevens picked up power making 23 yards on three plays to score. Leiter's kick was blocked.

Great credit should go to the Buck punter who carried the burden from the time the Bucks scored until the end of the game. Beck, Buck punter, did a marvelous job of punting. He kicked many balls in the coffin corner. The line play of the Bucks was timed perfectly and the charging Bucks line really had the State high plays stopped before they got underway.

Statistics show which team should have won and which team did win. Statistics are as follows: Buchanan State High

Table with 2 columns: Statistic, Buchanan, State High. Rows include Total yards gained, Yds. gained from scrim, Yds. gained passes, First Downs, Yds. lost penalties, Passes Attempted, Passes Completed, Opp. passes intercepted, Fumbles.

The Bucks limited their opponents to 19 points this year while they were scoring 174 points. Midway in the second quarter Smith, Buck halfback, received a

MR. EAST HAS 'EM GOING SOUTH

If information or exhibits illustrative of the early history of America are Americana, then those illustrative of early Buchanan might be called Buchanan, or Buchanan—but whatever you call them, this man Jesse East is sure collecting them in quantity.

You will remember that Mr. East is the former Buchananite who has for his hobby the collection of old pictures showing industries, pastimes, individuals of the Buchanan of other years. East arrived in town last week from his home at Battle Creek, saying that he now has 640 old pictures in his book and is getting more. In fact if we are correctly informed there were 200 or so waiting for him at the place of deposit, Mead's barber shop.

East says that he plans on making an exhibit of some of the most interesting, in a local store window. While the interest grows locally, the example spreads. Three weeks ago we dropped in on W. R. Tuttle and he told us he was sending a letter, together with a Record clipping, to the paper at his former home town, Burton, O., encouraging a similar project for that place.

Mr. East's hobby may be truly famous before he is through with it.

THE GLORY TRAIL

Buchanan high school has closed one of the very best gridiron years in its history in the past week and the team and its, as the sport writers say, mentor, Mr. Johnny Miller, both have reason to feel much as the fabled cat that ate the canary is said to have felt.

We think that in general the Buchanan public is pleased because the team has struck pay dirt this year. Mr. Miller entered on his mentoring duties two years ago. He had been preceded by good coaches. However, each coach has a different way of teaching and a new coach trying to teach in his way sometimes has to unlearn what his predecessors taught. For the first two years the material was on the whole only average and the results were the same. Buchanan people are not as fly-up-the-creek as in some other years could mention, and in general they remained content when the breaks came Mr. Miller's way he would

(Continued from page 1) the brilliant beauty of the flowers, the luxuriance of the fast-shooting vegetation.

The Midsummer rites are doubtless pagan in origin; they derive from the ancient Festival of the Sun. Shorn of their pagan significance, they are yet typical of the joy the Scandinavian takes in his short, beautiful summer.

In order of time the dinner we had at my brother-in-law's should come next, for in the Norrland provinces of Dalecarlia, Harjedalen, and Halsingland the old Swedish customs in eating and drinking are to be seen in primal completeness.

We finished the dinner about 10:30 o'clock (6:30 in our time, but on the Scandinavian clocks the hours run up to 24). Then we started the 80 mile drive to Raftvik and Mora.

The hoods varied in color and in shape, some being pointed at the back, others fitting close and round to the head. Some were loose, others close at the back of the neck.

The costumes of the men did not vary so much. In general they wore dignified dark blue coats, about knee length, square-cut at bottom, and brown goat skin trousers.

At midnight we drove to Mora a shrine of Swedish history. The Swedish royal line, exhorated the Swedes to revolt against the Danes. Here the movement for Swedish independence began.

A dock from the square is the great church and the adjacent church yard where the world famous painter and etcher, Anders Zorn, is buried.

At Raftvik we came on the first great Dalecarlian dance, although there the festivities were surrounded by a regular "midway" of modern-entertainment features designed to get the tourist money.

TERRE COUPE ROAD

Harold Mullen, of Trenton, Mich., is spending the week with his parents, Mr. and Mrs. O. L. Mullen, while on a vacation from his federal work.

Walter Babcock had as his guests at dinner Sunday Dean Swen of Gallien, and Don Blaney and Mac McClellan of Buchanan.

Robert (Pat) Clemens was one of the first Buchanan hunters to get his deer, friends having received a wire from him yesterday morning that he had been successful. He went last week with William Fette.

The little son of Mr. and Mrs. Charles Smith, who has been a patient at Pawating for almost three weeks on account of poisoning from eating poke berries, is reported to be recovering. He is a nephew of Mrs. Robert Clemens.

Walter Babcock and Don Blaney are leaving this morning on a deer hunting trip to the neighborhood of Baldwin, in the lower peninsula.

Mrs. Agnes Mackway, who incurred a broken shoulder in a fall from the porch at the R. E. Doak home last week, is reported to be improved.

A hunting party comprising Ray Babcock, Valmore Speckine, Ira Swartz and Bert Babcock and Bill Luther of Gallien, left Thursday evening for Republic, Mich., deer hunting.

Mr. and Mrs. Raymond Waldron are scheduled to arrive today from Detroit to visit at the R. E. Doak home.

Mr. and Mrs. Carl Wilson and daughter of Porter, Ind., were weekend guests of Mr. and Mrs. Charles Wilcox.

North Buchanan

Mr. and Mrs. Leo Rice of Chicago were weekend guest at the home of Mr. and Mrs. Arthur Ruder.

Services will begin at the Oronoko church at 9 a. m. Sunday with Sunday school following. The prayer circle will meet at the home of Mrs. Frank Kann at 1:30 p. m. Friday.

Members and friends of the Oronoko church met with their Chicago friends at the Berry cabin last Saturday evening for a supper and program. The feature of

the evenings entertainment was moving pictures of wedding of Mr. James Christian and Miss Betty Clarkson which was held in the Oronoko church. Brief talks were given by Mr. Eugene Berry, Mrs. Berry, Pearl Schriver, Mr. Clegg, Mrs. Frank Kann and Rev. Thomas Rice, 85 were present.

Mrs. Maude Eckelbarger and Hans Hansen were married in South Bend at 8:30 p. m. Saturday evening by Rev. Elmer Ward Cole. Their attendants were Mr. and Mrs. George Eckelbarger, Miss Naomi Eckelbarger and Wayne Ellis, of South Bend.

Mr. and Mrs. George Eckelbarger entertained at dinner Sunday their guests being Mr. and Mrs. Hans H. Hansen and Miss Naomi Eckelbarger of South Bend.

WEST BUCHANAN

Clyde Gunion completed removal of his household goods from his former farm home on the Clear Lake Road last week, to his present home at 617 North Michigan street, South Bend. Mr. and Mrs. J. C. Reep, who have lived on the farm for two years, have completed the purchase. It includes ten acres and buildings.

Mr. and Mrs. Robert Patton, Chester, Ill., visited their son, Paxton Patton, Gallien, also the former's brother, Clarence Patton over the week-end.

Mr. and Mrs. Alva Best had as their dinner guests Sunday Mr. and Mrs. J. L. Taylor, South Bend.

Mr. and Mrs. U. T. Carson, who have been spending the past two months at the home of their daughter, Mrs. J. C. Reep, expect to return during the coming week to their home at Paxton, Ill.

Announce Book By Judge Hatfield

The Paebur Company, Inc., Publishers, New York City, announce as follows the publication of a new book, "Children in Court" by Hon. Malcolm Hatfield, judge of the probate and juvenile court of Berrien county.

The Berrien County Juvenile Court there operates on the now recognized theory that children will not become delinquents if their parents will exercise proper supervision. Its Judge, Hon. Malcolm K. Hatfield, holds that when a boy or girl of normal intelli-

gence gets into trouble with the law, it is the fault of the parents in 99 out of 100 cases. He has formed opinion, from his experiences on the bench, that the roots of all juvenile crime are imbedded deeply in the home. It is usual for parents in Berrien County, for instance, to find that they are the ones on trial—not their children—when a boy or girl is taken before the Judge. A case in point follows:

The price of a half-fare bus ticket proved the means of landing a 13 year old girl in the Juvenile Court recently. 24 hours before her apprehension by juvenile authorities for stealing from a ten-cent store, this child had heard her mother tell a bus driver that her daughter was 11 years of age. While the mother saved a few cents by misrepresenting her daughter's age, this proved to be the most expensive ticket she ever bought, for an example of dishonesty was set which the child was not slow in adopting.

After less than five years on the bench, Judge Hatfield already has won for himself a national reputation for his handling of juvenile crime. Now, in CHILDREN IN COURT, which THE PAEBUR COMPANY, INC. will publish early in 1938, he has written a record of his experiences, designed primarily as examples for parents, and for those faced with the problem of rearing children. The book is made up chiefly of cases right out of the files of the Judge's own Juvenile Court in Berrien County, from their original entry into its jurisdiction, until their usually successful termination.

Says Drinking Milk Makes Life Longer

Dr. H. C. Sherman, professor of chemistry at Columbia University, says that the life span can be lengthened 10 per cent through proper diet.

His formula for lengthening life is simple. Increase the proportion of milk, vegetables and fruit in the diet. These are the so-called "protective foods."

Doctor Sherman has no rigid diet schedule to propose. A fairly high percentage of these protective foods, plus grain products, plus liberal quantities of milk or milk products, are the essentials of his diet.

If enough of the protective foods are consumed, the balance of required calories can be regu-

lated by the appetite. Dr. Sherman's deductions are based on his years of experimental feeding of rats. His records contain histories of some 65,000 rats.

"For general purposes, increasing the proportion of milk in the diet should add to the length of life," he says. "The grain crops are still the staff of life for mankind in the great majority of countries, including our own."

"If even a moderate proportion is consumed in the so-called whole, or slightly milled, as distinguished from highly milled forms, this will usually insure ample intakes of phosphorus, iron, copper and manganese, and of vitamins B and E."

"The even more important liberality of intake of calcium and vitamins A, C and G is easily and economically secured by taking a moderately high percentage of the needed calories in the form of milk, fruit, vegetables and eggs. "Milk supplies all four of the chemical factors just mentioned. Fruits, generally, vegetables as a group, and eggs may each be regarded as a fairly good source of some two of the four factors."

He admits the importance of heredity, but is convinced that the average person has it within his power to increase his life span if he wants to by adopting the dietary principles explained above.

HOLLYWOOD

"WESTERN GOLD"
Smith Ballew, radio's greatest singing cowboy, becomes Harold Bell Wright's most thrilling hero in that author's most colorful and action-packed historical romance, "Western Gold," Twentieth Century-Fox release opening here Friday for 2 days. Heather Angel is featured in a romantic role opposite.

"MAKE A WISH"
All the elements of a thoroughly entertaining motion picture are combined in Bobby Breen's new musical starring vehicle, "Make a Wish," the Principal Production for RKO Radio release. Foremost among its attractions is the sweetly tender voice of young Bobby himself, who sings several numbers written especially for the picture by Oscar Straus, noted Viennese composer. Another Straus song is sung by the lovely Marion Claire, radio vocal star, who makes her screen debut in this production.

DRAMATIC SEARCHLIGHT
Bold, sharp, dramatic, lighting strange corners of the world. Drama that has all the tenderness and warmth of the human heart, men battling, women loving, children striving, mangled lives running out their course. The most vivid, the most human drama of the world's most exciting city since "STREET SCENE," enriched by a magnificent cast and a daring production in the tradition of Samue. Goldwyn. "Dead End" will play here Sunday, Monday and Tuesday, starring Sylvia Sydney and Joel McCrea with Humphrey Bogart, Wendy Barrie, Claire Trevor, and Allen Jenkins.

"TRADER HORN"
"Trader Horn" will be shown Monday night as the guest feature along with "Dead End." This picture will be shown at 9 o'clock.

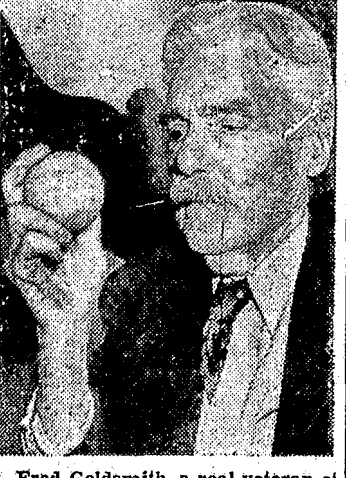

LIGHTNIN' DRAW
Gene Autry, cowboy yodeler who stars in "Routin' Tootin' Rhythm," at the Hollywood Theatre, Wednesday and Thursday, is one of the fastest men "on the draw" in the west. Gene was clocked by Republic cameramen, who found that he can draw a gun and fire in one third of a second. His only rival is Col. Tim McCoy, old time westerner, who has been clocked at one quarter of a second.

DRAMA IN "BIG CITY"
Luise Rainer and Spencer Tracy form the new and fascinating co-starring team of "Big City," which comes to the Hollywood screen Wednesday and Thanksgiving Day. Miss Rainer plays the immigrant girl who marries Tracy, New York City taxicab driver, in Norman Krasna's colorful story of life among a big city's teeming millions.

On Thanksgiving Day there will be a continuous show from 2 o'clock on.

Famous Marriage Papers
Famous marriage certificates are preserved at Somerset House, London, says London Answers Magazine. When George Fox, the founder of the Quakers, was wed in 1669, 22 persons signed the register. The certificate of marriage of William Penn, founder of Pennsylvania, is dated 1672 and bears the signatures of 46 witnesses.

THREW FIRST CURVE.

Fred Goldsmith, a real veteran of the diamond, is shown as the demonstrated how he threw the first curve ball, originated by him. This "roundhouse" surprised the batter by coming in wide and breaking right across the plate. Goldsmith, as a member of the Chicago White Stockings, pitched the first world series game held between his team and the Cincinnati Red Stockings in 1882.

Christian Science Churches
"Soul and Body" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, November 21.
The Golden Text, from Psalm 62, is: "My soul, wait thou only upon God; for my expectation is from him."
Among the Bible citations is this passage (Luke 12:22, 23): "And he said unto his disciples, Therefore I say unto you, Take no thought for your life, what ye shall eat; neither for the body, what ye shall put on. The life is more than meat, and the body is more than raiment."
Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 228): "If we follow the command of our Master, 'Take no thought for your life,' we shall never depend on bodily conditions, structure, or economy, but we shall be masters of the body, dictate its terms, and form and control it with Truth."

Berrien Farmers Name Committee

To Vote Heads For 1938 Soil Conservation Nov. 29 to Dec. 11

The farmers of Berrien County will elect the committeemen for the 1938 Agricultural Conservation Program during the two weeks between November 29 and December 11. At this annual voting the farmers elected will have the responsibility of administering the 1938 Agricultural Conservation Program.

This national program is for the purpose of promoting better management of soil by encouraging farmers to raise a larger acreage of conserving crops and to carry out good soil management practices. Among these practices are: the use of lime, the seeding and fertilizing of legumes and grasses, the use of green manure crops, the planting of forest trees and other practices which tend to maintain soil resources.

The farmers will receive notice of the date and place of the election meetings in their communities. Meetings will be in charge of the county committees. There will be an educational program, outlining the purposes and background of the farm program in connection with the election.

Anyone who is a farmer will be entitled to vote for the three-man community committee, the chairman of which will be a member of the County Board of Directors. The success of the program in the community and county depends to a large extent on the election, by the farmers, of capable committeemen.

1936 Payments Announced
The 1937 Berrien County committee consists of Martin H. Kretzhman, Chairman, Charles E. Tichenor, vice-chairman, D. Earl Ingles and Leo A. Hosben, members, and H. J. Lurkins, Agricultural Agent. Mr. James A. Richards is the secretary of the association. The committee announces that the 1936 Agricultural Conservation Program report is now available. The report shows that out of a total of 5998 farmers in Berrien County, 1721 farmers had their farms measured. Of these farmers, 1293 received payments.

Payments resulting from increasing the acreage of soil-conserving crops amounted to \$28,688.55.
Payments made for soil-management practices were:
For liming 2,899 acres, \$7,247.50.
For seeding 12,844 acres legumes and grasses, \$20,850.00.
For use of phosphate and potash on conserving crops, \$114.00.

Fred Rose Writes From Shelton, Wash.
Now comes Fred Rose, former Buchananite, now of Shelton, Wash., with a renewal of subscription and an interesting letter on conditions in the northwest, and personal messages to some of his old friends here:
"I and brother Albert were known to some of our old schoolmates as the 'Sherbondy boys,' and we would like to hear from any that care to write. My sister Millie's children, Carl and Sarah Leggett, live near here with their families. Also my brothers, Frank, Robert and Albert, live near Shelton. Mother died fifteen years ago and sister Elva Banfill was killed two years ago at Stockton, Calif., by hit-and-run driver, so we four boys are all that are left of our family. Last year my wife visited her two sons at San Francisco and Los Angeles, Calif. In February of this year I made a trip to San Francisco and we crossed on the new Frisco-Oakland bridge 8 1/2 miles long.
I miss the 'Old Timer,' Claude Roe, and I wish he would write more for the Record. I see that Jesse Leggett had a visitor in his home, Aunt Mary Murphy. If she sees this she will drop me a line, and I would like to hear from her.
We are on a 20-acre farm three miles from Shelton, with two milk cows, two milk goats, guinea fowls, and some rabbits. Of course times are not as good as they were a few years ago but we could be a lot worse off. We have large pulp and paper mill here, as well as two large saw mills. The government is building a new postoffice, cost \$80,000.
Would be glad to hear from anyone in Buchanan.
Respects,
FRED ROSE
Shelton, Washington.

THE FEDERAL LAND BANK OF SAINT PAUL, Mortgagee.

GORDON BREWER, Attorney for the Mortgagee, Bronson, Michigan.

NOTICE OF ELIMINATION OF STATUTORY DOUBLE LIABILITY WITH RESPECT TO COMMON STOCK OF THE UNION STATE BANK, BUCHANAN, MICHIGAN.
(Public Act No. 341, Acts 1937; Senate Enrolled Act No. 67, Senate Bill No. 2.)

Sec. 59 Liability of Shareholders. The shareholders of every bank shall be individually liable, equally and ratably, and not one for another, to satisfy the obligations of said bank to the amount of their stock at the par value thereof, in addition to the said stock; but persons holding stock as executors, administrators, guardians, or trustees, and persons holding stock as collateral security, shall not be personally liable as shareholders, but the assets and funds in their hands constituting the trust shall be liable to the same extent as the testator, intestate, ward, or person interested in such trust funds would be if living or competent to act; and the person pledging such stock shall be deemed the shareholder and liable under this section. Such liability may be enforced in a suit at law or in equity by any such bank, in process of liquidation or by any receiver or other officer succeeding to the legal rights of said bank; Provided, That the additional liability imposed upon shareholders under the provisions of this section in any bank organized and existing under or governed by the provisions of this act shall not apply with respect to shares of stock issued by any such bank after July twenty-one, nineteen hundred thirty-three; Provided further, That the additional liability imposed under the provisions of this section upon shareholders in any bank organized and existing under or governed by the provisions of this act shall cease on the effective date of this act, but only as hereinafter provided with respect to all shares issued prior to July twenty-one, nineteen hundred thirty-three, by any bank which shall have been transacting the business of banking on June four, nineteen hundred thirty-five. Such liability shall be deemed to have ceased as of June four, nineteen hundred thirty-five, as to all deposits made in and as to all who became creditors of such bank on or after June four, nineteen hundred thirty-five. As respects any one who became a depositor or creditor of such a bank prior to June four, nineteen hundred thirty-five, such liability shall cease at such time as to any such depositor or creditor who expressly or impliedly consents thereto, and in any event shall cease on July one, nineteen hundred thirty-seven, as respects such a depositor or creditor, unless such depositor or creditor files with the bank an express written dissent to the change in the shareholder's liability as aforesaid. It shall be the duty of the bank to post a copy of this section in a conspicuous place in such bank at least thirty days prior to July one, nineteen hundred thirty-seven. As respects banks which have not secured the express or implied assent of depositors and creditors herein provided for, a copy of this section of the law shall be sent, postage prepaid, to each depositor and creditor of said bank not so assenting at his last known address according to the records of said bank not less than sixty days prior to July one, nineteen hundred thirty-seven. A copy of this section of the law shall be published once each week for a period of three weeks immediately preceding July one, nineteen hundred thirty-seven. If the bank fails to give such

THE TEAM

How many people go to the football game? Every one ought to, but not every one knows to whom credit for the good game should go.

Most folks seem to think that "Smith" and "Steve" are quite the stars which, of course, they are to a limited extent. But at the same time how many folks ever give the linemen proper honors?

Did you ever stop to realize that it wasn't for Sam McCormick, Bainton, Weaver, Beck, Hamilton, and all the other linemen being on the job fighting every inch of the way, and with their minds and hearts working in perfect unison, that Smith and Steve wouldn't get to make their spectacular plays?

DO YOU REMEMBER WHEN Toad Smith didn't think he was good? Neither can I. "Pep Trapp went with Maxine Shaffer? So can I.

Jerry White went with a Mishawaka boy? Quite awhile back. The seniors were freshmen? So can I.

Don Jerue wasn't heard? Neither can anyone else.

Virginia Lollaugh didn't go for red heads? About a year ago.

Betty Batchelor and Monabelle Drietzer were freshies? Oh, yeh?

Personalities

Screen personality, beauty, glamour, the Hollywood vocabulary can be found in our classmates. These personalities set the fashion for clothes and hair dress, and such slang phrases as "Come up and see me sometime" are taken from the movies of Mae West and other well known movie stars.

We find in the midst of good old B. H. S. traits from these stars, showing in our students.

Peaches

Rita May Huebner, a blond with blue eyes, has lived in Buchanan all her life.

Her height is 5 ft. 6 inches and she weighs 116 pounds.

She is very fond of sports and especially basketball, baseball, and soccer. Beating an opponent, she thinks, is a good way to get even with someone. She also enjoys skating and sliding, in fact almost any kind of sport. I also hear that she likes to have it rain because then she doesn't have to walk home. What will she do next year? We wonder.

Her new nickname, "Peaches," was given to her by a few of the senior boys.

Her birthday is November 16 when she will be seventeen years old.

Her ambition is to be a traveler. Rita is a junior and so has one more year in high school.

What Do You Think?

We wonder what movie star Agnes Kovich looks like. She is a brunette with small brown eyes. She stands about five feet five inches tall, and she weighs about one hundred and thirty pounds. Maybe she looks like Karen Morley—what do you think?

Ralph Rosenberg As Joe Penner "Do you wanna buy a duck?" I'm sure you don't, but this is what I imagine Ralph Rosenberg would say if he were to give his idea of Joe Penner.

Joe Penner had better watch out for his laurels if "Rosie" once

practices his lines. "Rosie's" ability to make you laugh and his ability to charm a crowd are very much like Joe Penner's. I guess we shall have to have Eugene Metzger as his valet.

Arliss Fairman is our Janet Gaynor

Arliss Fairman has the demure look that characterizes Janet Gaynor. Her actions are much like Janet's and she has that helpless look which calls for protection.

NEW LIBRARY BOOKS

New library books are the big attraction in the second grade this week. The children are making a selection of their favorite stories and reading them in class.

Dark complexioned people in wide brimmed hats are being studied by the third graders. They have two new books about Mexico: "Mexican Twins" and "How Mexicans Live." They are also making sketches and drawings to the people. A selection of material pertaining to Mexico is being made.

SOCCER PRACTICE

Sixteen girls rush madly from one end of the soccer field to the other chasing the little brown soccer ball which is flying here and there after swift kicks from the girls' flying feet.

Buddy Ruth arrives on the field to join the game because of a shortage of players.

Jerking a red jacket over his head, he quickly gets into the game. Down the field flies the ball. Yea, he touched the ball with his hands: that's okay for he's used to playing football. What a kick! Whe-e-e, he nearly sat down with that kick. Look, the other team has the ball. Away dashes Buddy. The whistle blows and the girls' practice is over.

"So long, Bud. Thanks a lot for help us out," shout the panting girls.

BELIEVE IT OR NOT

The Glee Club has several new prospects.

Fred Manning is a good cook.

Exchange Column

From Dowagiac comes the announcement that James Lewis has taken over the job of principalship. Mr. Lewis succeeds Ralph Tynckal as principal.

The Dowagiac girls played South Haven on Armistice Day.

County judging contest of the Agriculture Department of the county was held in New Troy, November 17. The exhibits included poultry, grain, potatoes and apples.

LIKES HER BEANS

Did you know that Mrs. Danbar was very fond of black jelly beans? I remember the time when she refused to eat any other color of beans. It was in a May-Basket that she received a small neighbor girl. The next year it was exclusively black beans.

Minelaying During World War Minelaying was originated during the World war.

Grade News

Dewey Avenue School News

The first grade children are busy making a pet parade out of molding clay. This will conclude their study of pets.

The second grade has been observing "Book Week" by reading some of their favorite stories to the class and checking on the number of stories read during the week.

As part of nature study the third graders took a field trip this week to observe the changes which have taken place during the last few weeks.

Robert Surch and Bonnie Jean Young have been added to the Dental Honor Roll.

The fourth grade is keeping alert to world news and happenings. They feel the need of peace among nations. To show their sincere feeling toward this subject they composed and planned to produce a play showing friendship with Arabia, a country whose customs might be misunderstood. They hope a better understanding will help us to keep peace with other nations.

The opportunity room has started a weather chart in nature study. Some very excellent "Good Teeth" posters were made by the pupils this week.

Joan Samson is confined to her home with the chickenpox.

John Coleman enrolled in the opportunity room this week.

Three new pupils enrolled in the kindergarten this week are Aster Brown, Jack Adams, and James Bachus.

The kindergarten children are very proud of their new tinker toys and doll house equipment. There little tables and chairs have been painted nice green which also makes a great improvement in the room.

Nurton Smith, Richard Lee, and Joseph Heebner have been added to the dental honor roll.

The "A" reading class in the first grade has finished the Primer Reader and will start more "Dick and Jane" stories Monday.

Members of the class are: Wanda Nauratowski, Pauline Stretch, Violet Smith, Garvin Keefe, Nora Martin, Noci Noggie, Kathleen Tennitt, Sharon Davis, Patty Weaver, and Marilyn Cense.

A thorough study of grain is being carried on in the opportunity room under direction of Miss Reams. Breakfast foods are the main study.

Two more books have been added to their reading table. They are "Kittens," and "Forest Animals."

The object of the children in the opportunity room is to have a neat and clean room and lawn. The children each have their duties to perform. The helpers this week are: chairs, Ted Thurston; black-board, Elton Orpurt and Merlie Noggie; waste paper, Dewane Ochenrger; books, Janet Doyle; erasers, Dud Laken; plants, Evelyn Liska; lawn, Henry Lakin and David Coltas.

A historical novel will be presented by the fourth graders Nov. 19, at an assembly program. They will illustrate the development of writing and printing. This program illustrates a week's study honoring Education Week.

Gravel Covers Minnows' Eggs Several species of minnows or shubs pile gravel over their eggs, the holes picking up tiny stones with their mouths.

A LUNATIC ESCAPED?

Flash—"Calling all cars! Calling all cars! Lunatic loose! Found in the gym. Keep on the lookout for him."

Sounds bad?

Alone in the gymnasium, he was racing madly from one end of the long floor to the other like a man possessed of a wild and rebellious spirit. Suddenly he came to a painful halt. Painful to either him or to the girls who stood startled and awestruck in the doorway. A breathless moment and then peals of laughter echoed shrilly from the high ceiling. Again there was a gasp of amazement, for before one could say "Jack Robinson" the racer had vanished before the very eyes of the hilarious girls.

Oh, yes. It was none other than the tall, dark, dignified, handsome "Stevy."

Maroons Off To Late Cage Start

The Buchanan High School basketball team will have to improve fast this year for there is left only one week of practice before the first game is to be played. This game is with Berrien Springs. Last year each team took a game, but this year the Bucks will endeavor to take both games.

They will have a hard time to fill the position of "Skip" Simpson for a couple of games at the least. Coach Miller will drill the boys until late at night in order to get them in shape. So when they hit Berrien it will give the Bucks a little practice. In other words, it will be a practice game for the Bucks.

The second game is with the Niles Cardinals the following week. The last three years have witnessed great victories over the Bucks, but this year it is going to be a different story. The Buchananers have a winning streak and they are going to carry it out for the whole year.

The Bucks have four lettermen back.—Donald Beck, Earl Stevens, Dale Letter and Dale Simpson. Three of these boys have played on the first five since their freshman-year. By this time they know what each other is going to do.

The Bucks will have co-captains for this year the same as last. They are Donald Beck and Earl Stevens. Both of these boys take things seriously. They are out for a perfect year in both football and basketball and intend to get it.

B. H. S. To Compete in State Debating

Buchanan High School has become a member of the Michigan High School Forensic Association and will compete in the various state-wide speech contests to be sponsored by the Association this season. Mr. John W. Elbers of the high-school faculty will coach the contestants.

Over 300 high schools throughout the State have enrolled to date, and additional enrollments are coming to the Association's office in Ann Arbor daily.

The major activities directed by the Michigan High School Forensic Association consist of state-wide interscholastic contests in debate, oratory, declamation, and extempore speech. The earlier part of the season is devoted to debate, the other speech contests opening in the early spring.

The debates will be conducted in two series again this year, a preliminary series and an elimination series. The preliminary series will open on November 5 for the great majority of schools. Three succeeding preliminary debates will follow on November 19, December

10, and January 14. Each member competing in the Association's regular preliminary schedule will debate twice on the affirmative and twice on the negative of the subject to be discussed. Also, each will debate two times at home and two away.

The topic to be argued in all debates sponsored by the Forensic Association will be that of "Unicameral Legislature." Much interest has already been aroused because of the timeliness of the subject.

Those schools attaining the highest number of points in the preliminary series will enter the elimination series which opens on February 4, and which terminates in the Twenty-first Annual State Championship Debate to be held in Hill Auditorium, Ann Arbor, on the evening of Friday, April 29. In this series, losing schools will drop out of competition and winners will be paired in each succeeding round until there are but two remaining schools. These will be brought to Ann Arbor, expenses paid, to compete for the State Championship.

Various awards are presented through the courtesy of the University of Michigan and Detroit newspapers. To each school taking part in the elimination series, a beautiful Wall Plaque Trophy of American walnut will be presented. The design is taken from the University of Michigan shield. To each debator will go a lapel button or pin replica of the Plaque.

Each debator participating in the Twenty-first Annual State Championship Debate will receive an engraved gold watch. The two competing schools will be presented with bronze loving cups, as will the semifinal teams. Competition in oratory, declamation, and extempore speech is conducted in three series, school, subdistrict, and district contests. No State Championship contest is held in these activities. Here, also, awards

are presented. Each subdistrict winner will receive a Webster's Collegiate Dictionary, with his or her name engraved in gold on the cover. Each school winning in the district contest will receive a wall banner.

Three hundred and sixty-three schools participated in those various activities last season.

ART CLUB

A pot luck supper was held by the members of the Art Club Thursday night in the school cafeteria. After the supper they enjoyed a movie at the Hollywood theater.

Henry Weber Opens Club in Elks Temple

Henry Weber, the genial host at the Weko Beach Pavilion, Bridgman, has closed that place for the season and is now open in the Elks Temple, Niles, Michigan, where he operates the Elks Club, serving his famous fish fries and other tasty foods. The same schedule in use at Weko is being observed in the new place of business.

NEW DYNAFLASH ENGINE

NEW TORQUE-FREE SPRINGING

The prize Automobile Story of the year is wrapped up in Buick — with its DYNAFLASH ENGINE and TORQUE-FREE SPRINGING

THERE are several hundred thousands of people who'll tell you from personal experience that Buick isn't one to promise what it can't provide.

So when we're all excited about the DYNAFLASH engine and its companion-in-greatness, BuicOil TORQUE-FREE SPRINGING—we're not just gushing, we're stating facts you can prove out.

Step in—take charge—put this quick and quiet honey up against the kind of driving you know best—you'll sense instantly in its smoothness and lift that this car is really giving you more for your gasoline money!

Ask more of it than you've any honest right to ask of any car—and the fretless, gracious, joyous way it does things tells you that you've got something that DYNAFLASH engine!

And don't lavish all your praise on the power plant! Great as it is, there's something equally great doing marvelous things at the other end!

That poised, jarless, winging ride is one thing that BuicOil TORQUE-FREE SPRINGING gives. Light-as-fluff handling—freedom from tail-wag—absence of wander—these also stem from those stout, easy-flexing, ever-soft springs of coiled steel.

You hold the road—even on sharp curves. You face fewer skid risks—even on ice-glazed streets. You find rear tires last longer, spring greasing is out, maintenance is simpler. All because BuicOil Springing is here!

Fool you? We wouldn't even try! Let us demonstrate, and you'll know which car you've got to have!

A SAFETY CUSHION ON EACH WHEEL!

Buick replaces the usual type spring with this special spring of stout coiled steel and big direct-acting Trans-port Type shock absorbers. Rigidly aligned by the Torque Tube, rear axle and wheels cannot twist or distort, cannot affect steering, greatly reducing danger from skids. No shackles, no grease points, no chatter, no premature rear tire wear.

MATCH THESE VALUES!

Complete with DYNAFLASH engine and TORQUE-FREE SPRINGING, these models deliver at Flint, Mich., at these prices: Buick SPECIAL business coupe, \$2445; Buick SPECIAL 4-door touring sedan, \$1047; CENTURY 4-door touring sedan, \$1297; ROADMASTER 4-door touring sedan, \$1645; LIMITED 8-passenger sedan, \$2350. All prices include standard accessories. Special accessories, local taxes if any and freight extra. Better Buy Buick on Easy General Motors Terms

Today's Freight Trains

AMERICA has always been a great user of rail-road freight service. Ours has been a major dependence on that service.

Have America's railroads speeded up their freight service to keep abreast of this faster era?

America has the fastest freight trains in the world.

Many of them travel on schedules as rigid as passenger schedules.

Many of them are speedier than passenger trains were 15 years ago. Many of them have cut from 5 to 20 to 30 hours off of their 1930 schedules.

Basically, America's freight trains have been speeded up 55% in the past six years. Freight trains with average speeds above 45 miles per hour are becoming the rule.

In 1922 the average freight train carried 676 tons of freight; consisted of 33 cars; maintained an average speed (including all stops) of 11.1 miles per hour, performed in the average hour a service equivalent to carrying 7,479 tons of freight a mile, with payments for loss and damage to freight amounting to \$1.11 per car loaded with revenue freight.

Today the average freight train carries 731 tons; averages 46 cars per train; has an average speed of 16.0 miles per hour; had an hour-performance equivalent of 11,718 ton-miles; and claims for loss and damage have dropped to 50 cents per loaded car.

A fast-moving world requires fast and efficient freight service. America's railroads are providing it.
