

# EXPECT RECORD VOTE AT CITY POLLS

## Secret Committee to Name Buchanan Entry for '38 Blossom Queen

### Now Here's the Proposition

Uncle  
Hank  
of  
Tells  
Corners  
Says:

Well, Clint Hathaway waited in from Florida Tuesday morning, bringing with him a wave of balmy air and with a cloud of butterflies trailing his wake.

We don't know whether it is Clint that brings this weather or just the effects of the hot political campaign in progress.

Watch That Guy  
There's a certain guy you wot of that is out to do you guile. And a constant eye upon him will be very worth your while. Don't worry what they call you—just be careful what you are. And be sure you hitch your goat to the proper sort of star. It's never worth your fighting over the underhanded sneer. Let 'em think you couldn't get it or you were too slow of ear. But one guy don't trust a minute or he'll have you on the shelf. For the chap that's due to hurt you is the chap you call yourself.

Hold your tongue and keep your counsel, whatever the chatter be.

For there's no one else can rate you but the fellow you call "me".  
He's the nigger in the woodpile; he's the insect in the soup. He's the villain of the drama that can throw you for a loop; Let the empty-minded rattle of the anvil gang go by; The sophomore humor that's intended to be sly; Let them think you didn't hear them, never mind their brand of paint. No matter what they call you—just be careful that you ain't!

A Word From The Sorely  
Beleaguered Business Man  
A friend of the Record forwards us this unusual response to a request for payment of a bill: My dear sirs:

In reply to your request to send a check, I wish to inform you that the present condition of my bank account makes it almost impossible. My shattered financial condition is due to Federal laws, State laws, County laws, City laws, Corporation laws, liquor laws, Mother-in-laws, Brother-in-laws, Sister-in-laws and Outlaws.

Through these laws I am compelled to pay a business tax, amusement tax, head tax, school tax, gas tax, light tax, sales tax, liquor tax, carpet tax, income tax, food tax, furniture tax and excise tax. Even my brains are taxed. I am required to get a business license, car license, hunting and fishing license, truck license, not to mention a marriage license and dog license.

I am also required to contribute to every society and organization which the genius of man is capable of bringing to life; to women's relief, the unemployed relief and the gold digger's relief. Also to every hospital and charitable institution in the city, including the Red Cross, the black cross, the purple cross and the double cross.

For my own safety I am required to carry life insurance, property insurance, liability insurance, burglar insurance, accident insurance, business insurance, earthquake insurance, tornado insurance, unemployment insurance, old age and fire insurance.

My business is so governed that it is no easy matter for me to find out who owns it. I am inspected, expected, suspected, disrespected, rejected, dejected, examined, re-examined, informed, required, summoned, fined, commanded, and

### Plan Selection Miss Buchanan

#### Secret Committee to Pick Miss Buchanan From City at Large

Buchanan's candidate for the 1938 queen of the Blossom Fete will be selected in a novel way this year that should conduce to better results than ever, according to Miss Jeanne Roti, local committee chairman.

The plan for this year is to hold a secret selection without formal entries, every qualified young lady of the city being considered a potential Miss Buchanan, and being under observation until the date of final selection by a secret committee who will observe them in their daily appearances in the city, instead of requiring a select list to go on parade on a platform.

A committee has been named to manage the selection but the actual choice of the city's representative will be made by another committee, whose personnel is to be kept entirely secret, so that the girls will not know who is observing. The committee in general charge is: Jeanne Roti (chairman), Alice Ludwig, Mrs. Carl Garmire, Edna Nelson, Mrs. Ralph DeNardo, Mrs. Joseph Roti, L. P. Metzgar, M. E. Dake.

No special invitations will be issued to any aspirant, but if any girl wishes to indicate that she would like to be considered, she may give her name to the above committee and they will see that the actual judges will not overlook her.

Eligibility will be limited to single girls from 18 to 25, not attending school. Points considered will be character, general appearance, facial beauty, figure, poise. The selection will be announced about the middle of April. The final selection of the Blossom Queen will be made in Benton Harbor April 27. This year the Queen and her two maids of honor will be treated to a special tour through Virginia, West Virginia, Ohio and Indiana, in addition to the regular tour of Chicago.

### Unusual Weather Threatens Fruit

Fruit growers of the Buchanan district were registering some apprehension this week over the rapid push of vegetation as the result of one of the warmest spells on record here for this time of year. The thermometer rose to nearly 80 Tuesday and registered over 70 during the whole preceding night. Hepaticas, anemones, skunk cabbage and other spring flowers were out in full glory on Moccasin Bluffs yesterday, nearly a month in advance. Peach and apple buds bursted their wax sealings and may be in danger of later freezes.

### Sell Remaining First Nat. Assets

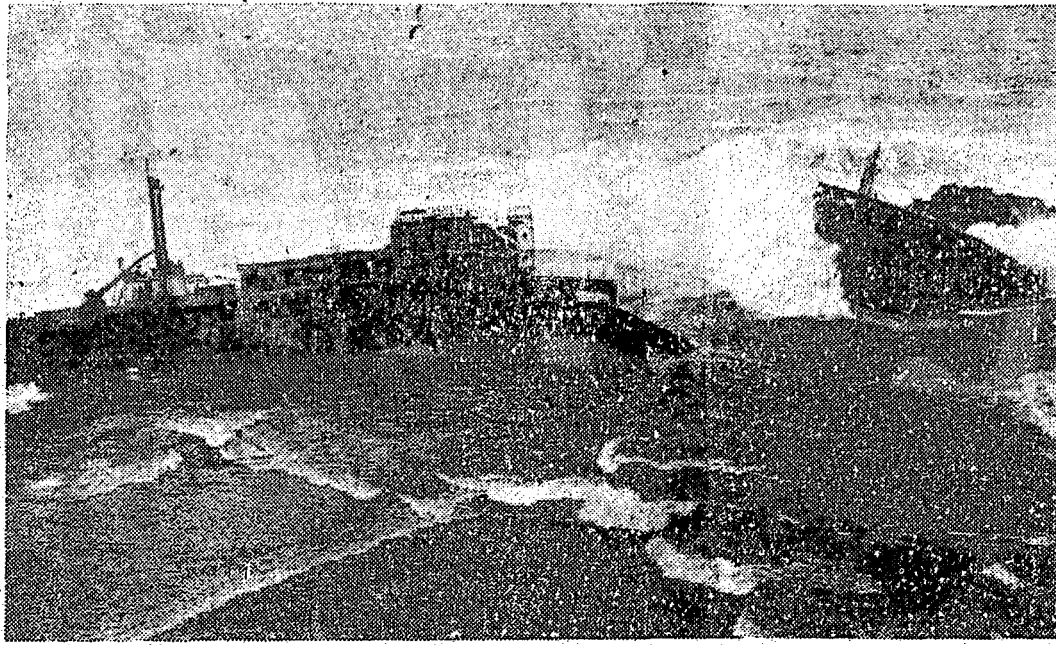

The remaining assets of the Buchanan First National Bank were sold at auction at the Hollywood theatre, Saturday afternoon, Mr. Sands of Chicago buying the entire lot for \$1,375. The assets sold included 43 tax titles, a few notes, and office and bank equipment. First they were auctioned off by single items, then by groups and finally all together, bringing the most by the latter method.

#### REGISTRATION NOTICE

Notice is hereby given to the qualified electors of the City of Buchanan, Michigan that I will be at the City Clerk's office in the City Hall for the purpose of reviewing the registration and receiving general registration by personal application of all qualified electors who may apply on Tuesday March 15th 1938 from 8 o'clock in the forenoon to 8 o'clock in the afternoon of said day and during office hours on any other business day up to and including Saturday March 26th, 1938.

HARRY A. POST,  
City Clerk.

### Ship Reaches Its Last Port of Call

The freighter Ohioan, which went aground many months ago off Lands End near San Francisco, Calif., is shown above after it was broken in two during one of the worst storms off the California coast in many years.

### B. H. S. Athletes Form "B" Club

#### Present and Past Stars to Form Monogram Club

Several weeks ago, football, basketball and track letter winners held a meeting and laid the foundation for a varsity "B" club. Arrangements were made for drawing up a constitution and officers were elected as follows: Earl Stevens, President; Kenneth Jesse, vice-president; Don Beck, secretary-treasurer. It was also decided in this meeting that alumni men who have previously earned monograms might join the club, and that new letter winners would be taken in at the close of the respective athletic seasons.

The charter members are: Coach Miller, Earl Stevens, Kenneth Jesse, Don Beck, Ivan Price, Sam McCormick, Russell Heckathorn, Olen Smith, Richard Donley, Dale Simpson, Dale Letter, Burrell Weaver, Marshall Doak, Keith Dalrymple, Edward Ingie, Wright, Richard Walkden, Charles Bainton, Marne Trapp, Lawrence Bachman, Glen Sult, Dale Lyons, Ben Harvel, and Don Jerue.

### Soil Specialists, Hold Meeting Here

County agent Harry Lurkins conducted a meeting at the Co-Ops auditorium Monday afternoon, introducing three soil specialists from Michigan State College. Ed Longnecker spoke on "Soil Erosion" and Dr. John Munsey on "Seed Treatment," and George Ambruster on "Farm Crops." Quite a number of farmers brought in samples of soil for testing.

### Atty. Killian to Address P. T. A.

Atty. Joe E. Killian, St. Joseph, will speak at the regular March meeting of the Buchanan Parent-Teachers Association in the Junior high assembly room of the central school at 7:30 p. m. Monday evening, March 28.

Atty. Killian will talk on conditions in Berrien County contributing to delinquency. An excellent program is anticipated and it is desired that a good audience be present. Miss Helen Krebs will talk on the work of the home economy department. There will be special musical numbers.

### The Library

The library is indebted to Miss Hazel Miles for a gift of excellent books.

The Buchanan Teachers club has subscribed for that deluxe aristocrat of the magazine world, Fortune. The subscription price to Fortune is \$10 per year. Although its subscribers are consequently limited to the more well-to-do, the policy of the magazine tends to a liberal independence. In abundance and excellence of illustrations, in pleasing format, as well as in the excellence of its articles it is about tops.

All records for loaning books from the Buchanan Public library went by the boards Monday, Mar. 7, when Miss Procure, FWA recreational staff worker in charge, passed 116 books across her desk to borrowers.

T. C. Stearns and daughter, Mrs. Sam McClellan, left yesterday afternoon for Newmarket, near Clarinda, Iowa, called there by the death of the former's brother, Louis Stearns.

### Tight-Wadding It Through Europe

CHAPTER XXX  
By HAWES

It might be of interest this week to inject a timely note in these articles. Last week there came to a close a two-months restaurant strike in the city of Stockholm.

During that time all of the public eating places of the city were generally, not entirely, limited in operations. As I was able to gather the story in a provincial daily which I receive as a gift from North Sweden the facts in brief were:

Swedish restaurant workers were paid quite low in actual wages, the assumption being that they could piece out their pay in tips. The Swedish worker has become increasingly, but hardly radically, independent, and resented the funkyness required to earn money in this manner. They struck for a wage which would make unnecessary universal tipping, known there under the old term of "Drickspengare" or "drink money."

This strike received some notice through the American press—the more because Swedish internal relations have been widely advertised as models of good feeling. In particular a South Bend newspaper noted the settlement with an editorial entitled "Strife in Sweden," which dealt in a rather self-satisfied air on the fact that "after all Sweden is no Utopia."

It was hardly a fair deduction, because in the first place the Swedes realize very keenly that they have no Utopia. Their claim to national pride, if any, is that they have done very much with very little. Many adjustments have been made in the last two decades in the direction of promotion of the general welfare, but they have nearly all been made at the cost of a hard disputed internal struggle. It might be said indeed that 25 years ago Sweden went through a struggle similar to that now in progress in the United States. It was marked and has since been

### Evan. Church to Present Play

#### Carefully Drilled Cast of Eight to Appear in Mission Drama

The Evangelical church will present a carefully drilled play, "Simon, the Leper," with a missionary theme, at the time of regular evening services at the church next Sunday evening, Mar. 27, beginning at 7 p. m.

Characters in the play: Simon, the leper, John Kelly; Judith, his sister, Mary Harbough; Amon, his brother, Dwight Marrs; Suzanne, his betrothed, Pauline Jesse; Lazarus, his friend, Fred Zimmerman; Mary and Martha, sisters of Lazarus, Mae Mills, and Berdella Prings; Jalon, a leper, Dwight Marrs.

Setting: A garden between the homes of Simon and Lazarus in Bethany. There is evidence of wealth and luxury. Flowers are growing in abundance. At left among other plants, is a bush resembling the oleaster, which has leaves of a silver sheen and sweet white blossoms. There is an entrance, rear center, to the outer grounds of the estates, approached by a shallow light of stairs, entrance right, to the house of Simon the leper, entrance left, to the house of Lazarus. There are benches or stone settles at right and left.

First Episode: The garden on a morning in early spring.

Second Episode: An evening several weeks later.

Third Episode: Afternoon of the day before the Passover.

Fourth Episode: Early morning on the first day of the week.

Artist: Harrison Moore.

Electrician: George Nelson.

Properties: Edwin Arthurholtz, and Allen Pierce.

Sponsored by the Woman's Missionary society and directed by Mrs. Allen Pierce.

### V. Scheetz Buys McFallon Home

Mr. and Mrs. V. L. Scheetz moved Monday to the former Elia McFallon home at 414 West Front, which they have purchased. The Mary Hawkins home at 210 North Detroit, which they vacated, was occupied Tuesday by Mr. and Mrs. Claude Carter.

### Resort Operator Addresses Lions

W. A. Strickler, Mishawaka, spoke before the Lions last night on the wild life and scenery of the northern Minnesota region where he conducts a large fishing and tourist resort. He accompanied his talk by fine pictures of scenic features and fishing.

### Charles F. Boyle is Killed in Fall

#### Falls From Top of Ladder at Farm Saturday, Lives Only Two Days

The city was deeply shocked in the past week by the tragic death of Charles F. Boyle, lifelong resident and one of the leading residents of the community, who died in the Niles hospital Monday afternoon as the result of injuries incurred in a fall from a ladder at his farm a mile and a half west of the city Saturday afternoon.

Mr. Boyle was standing on one of the top rungs of a 22-foot ladder holding to the frame of a window while he fitted a screen on his barn, when the ladder went from under him and he fell direct to the ground. He struck on the back of his head, shattering the sixth cervical vertebra and completely severing the spinal cord. Mrs. Good, wife of his tenant, saw him lying on the ground and ran to him. Finding him unable to move she summoned aid from Buchanan. He was fully conscious and in possession of mental faculties almost until his death, but was paralyzed from the neck down.

He was born in Buchanan township Sept. 27, 1874, being 63 years old. He had lived his entire life in this vicinity, farming near Buchanan many years, but of late years had retired to a home at 305 West Front street and had spent his time managing his farm and city interests. He was married on April 18, 1900, to Miss Mary E. Allen at the home of Mrs. Johanna Allen.

Survivors are his widow; one son, Charles A. Boyle of Chicago; four half brothers, Clayton, Earl, Vere, and Glenn Beckwith, all of Benton Harbor.

The funeral will be held from the home at 305 West Front at 2:30 p. m. today, with Rev. Thomas Rice in charge. The body may be viewed at the home until that time. Burial will be made in Oak Ridge cemetery.

### Ghost Town to Return to Life

Mrs. Margaret McFarlin loaned the Record an interesting clipping this week from a western paper, telling of the revival of an old "ghost town" Georgetown, New Mexico, in which her father, Ed Moulton, was mentioned as one of the prominent figures of the old boom days. The "ghost town" was also the birthplace of Mrs. McFarlin.

This camp was a center of intense activity from 1875 to the date of the demonitization of silver in 1882. Silver had been discovered there in 1866, and the day of its activity was contemporaneous with the day of silver as a material for money on a par with gold. For nearly twenty years it was a roaring mining camp, graced by the presence of such Wild West bad men as Billy the Kid. With the demonitization of the white metal Georgetown and practically all the other silver camps of the West were practically extinguished. At its height it claimed a population of 10,000.

But lately a large mining company has leased the rights to the old mine leads from the present owner, Mrs. Edith Cramer, a school teacher and activity is due to begin. She owns all of the patented and unpatented claims on the old town site. Abandoned for almost 45 years, only a few shells of part of the old buildings are left, a good part having been wiped out by fire.

It may be of some local interest to note that the most famous of all the great silver miners, H. A. W. Tabor of Campbell mine fame, and one of the builders of Denver, was an uncle of Mrs. Dorothy Irwin of Buchanan.

Mr. and Mrs. F. C. Hathaway arrived here Tuesday forenoon, after having spent the winter at Orlando, Fla. They reported that they had had one of the pleasantest winters of their experience in Florida, although reputed one of the coolest.

### HEADS ENGINEERS

Col. John J. Kingman, who was named by President Roosevelt as assistant chief of army engineers with the rank of brigadier general, for a four year term. Colonel Kingman, currently on duty in San Francisco as engineer in charge of river and harbor improvements, is the son of the late Brig. Gen. D. C. Kingman.

### Business Men Will Organize

#### 35 Attend Opening Session at I. O. O. F. Club Rooms

A start was made toward a general organization of business men in Buchanan at a meeting of 35 representatives of all lines of mercantile and professional enterprise in the city, held at the I. O. O. F. hall with M. E. Dake, sponsor of the meeting, in charge.

Mr. Dake presented the aims of the meeting and then called for the election of a temporary chairman, Atty. Philip Landsman being elected. Wednesday of this week was set for the second meeting and the following committee was named to compile by-laws and objectives: Fred Mead (chairman), E. R. Beivel, Joseph Roti, Fred Smith, E. A. Orpurt, M. E. Dake, W. T. Sullivan.

In a talk preceding the opening Mr. Dake stated that the general aim of the organization would be to band the business men together to promote and protect the general welfare of the community in order to secure the benefits of collective action. He suggested multiple memberships by business organizations, depending on the size of the firms, these memberships to be assigned to employees interested in associated community work.

An addition he suggested the budget fund plan, under which individuals and firms would be asked to subscribe, in addition to membership dues, amounts varying in accordance with benefits derived and ability to pay. He said: Through effective leadership the Association can develop this community as the trading and the visiting center of the entire section which Buchanan dominates, and bring about better merchandising methods. It can render co-operative services by which the merchant can render better service at less cost.

There is hardly a community which does not complain that a percentage of its retail purchasing is in some COMPARATIVELY nearby larger center. We will probably never see the time when a stop can be put to all of this; but by CO-OPERATIVE effort on the part of all Buchanan's merchants through sane and sensible methods, with merchandise well displayed and of lines and assortment in each line suitable to the needs of Buchanan, with adequate publicity and perhaps occasionally some new wrinkle to attract attention to the retail possibilities of Buchanan, retail business can be substantially stimulated.

Miss Betty Semple is expected to come from Lake Forest to spend the spring vacation from her studies at the home of her parents, Mr. and Mrs. J. R. Semple.

### Expect Heavy Municipal Vote

#### Many New Registrations Point to Keen Interest in April 4 Polls

Indications point to one of the most hotly contested city elections since the adoption of the charter form of government in Buchanan on April 4, according to City Clerk Harry Post, who bases his estimate on the greatly increased number of new registrations totaling 125 at noon yesterday.

Registration of new city voters will be permitted until noon Saturday, March 26. In order to accommodate those who do not find it convenient to register during regular hours, Mr. Post will keep his office open Friday evening until 8 p. m. It is always necessary for those to register who have changed residence from one precinct to another since their last registration.

The list of candidates is: Mayor—Frank Merson, C. J. Wilson.

Clerk—Harry Post, Edwin Ashbrook.

Treasurer—Ada Dacy-Sanders, Esther Hamilton, Nellie Boone.

Commissioner (to succeed Dr. H. M. Beistle)—Ed Hess, Fred Schwartz.

Supervisor from Precinct One—Harold Boyce, Frank Imhoff, C. J. Bradley.

Supervisor from Precinct Two—William Fette, Ralph Allen.

Constable (elect 2)—Ed. F. Mitchell, Fred E. French.

Justice of the Peace (elect two)—Lee Mathie, G. H. Batchelor.

### Hollywood Presents 2 Youth Features

The Hollywood theatre will present two features during the coming week of special value to youth, one for the younger children and one for the high school age.

As a special added attraction for children at the Sunday matinee March 27, there will be a two-reel miniature musical, the first of its kind, entitled "Our Gang Polka" and featuring Spanky McFarland and special cast of 100 juvenile starlets. This is twice the length of the regular "Our Gang" comedies and will undoubtedly be received with pleasure by both children and adults.

Especially appropriate for adolescent education will be the Metro-Goldwyn feature "Servant of the People," dealing with the Constitution and the Supreme Court.

### Troop 80 Loses in Sectional Meet

The First Aid team of Troop 80 was badly off form in the sectional First Aid meet held at St. Joseph high school Saturday afternoon, making their poorest showing of the year, and scoring only a tie for second with the Holland team, each registering a score of 79.2. The winners represented Troop 11 of Grand Rapids, registering 86.4. In previous meets Buchanan had regularly scored in the neighborhood of 95.

### Lloyd F. Bliss Dies at 42 Years

Lloyd Feather Bliss, 42, died Saturday, March 19, at his farm home six miles northeast of Niles. He was born at the home where he died on July 4, 1895, the son of Milton J. and Julia M. Bliss. On November 4, 1916, he married Cecel Upham of Buchanan. Survivors are his widow, six daughters, Mrs. Paul Letcher of South Bend; Mary Louise, Marguerite, Barbara, Frances and Kathryn Ann; one granddaughter; his grandmother, Mrs. Nancy Studebaker of Springer, N. Mex.

### Will Present Comedy April 7

The Dramatic Society of the L. D. S. church will present a one-act comedy, "Two of a Kind," at the church on the evening of April 7. A silver offering will be taken.

### Jews' Prayer Shawl

The shawl or scarf worn by Jews during prayers is a tallith. It is made of white wool or silk with blue or black stripes at each end and has fringe at each corner.

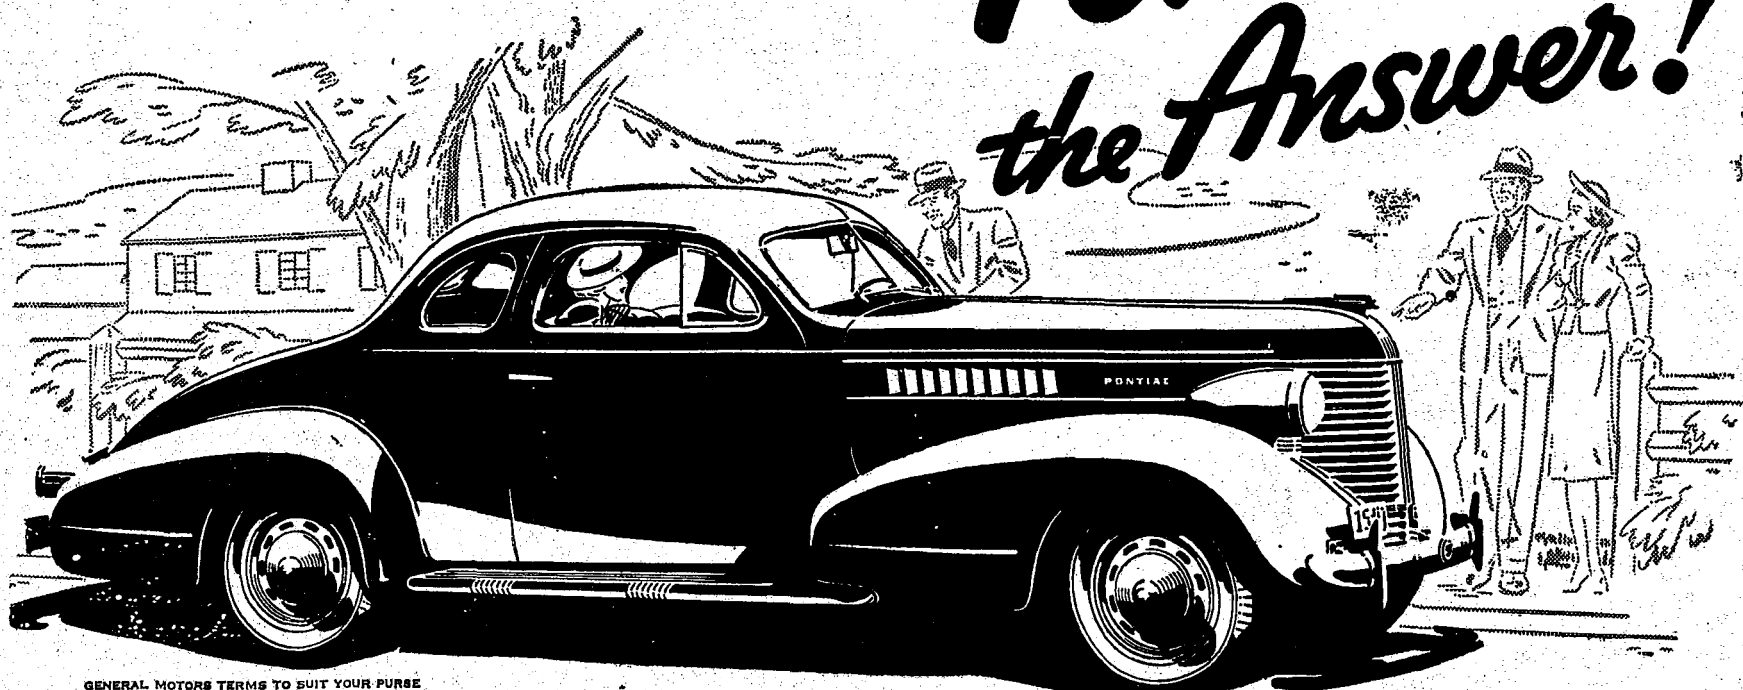

### DON'T MISS THIS OPPORTUNITY

If you are not feeling well and need a TONIC or a BODY BUILDER  
 TAKE THIS COUPON TO  
**GNODTKE DRUG STORE**

and get a large \$1.00 bottle of WA-HOO-BITTERS for only 50c. This is an introductory offer and good for two weeks only. WA-HOO-BITTERS is an old time Indian remedy compounded from nature's roots, herbs, and barks. As a tonic and strength builder, it has no equal. WA-HOO-BITTERS has been successfully serving the public for eighty years (this alone proves its merit). So take an old reliable medicine, the same WA-HOO your ancestors used many years ago, and quit experimenting—get a bottle today and enjoy new life and vigor. No artificial sweetening added which pleases the taste, but spoils the results. Be sure it bears the name C. K. Wilson, No. 1234. No more than (3) three bottles to one person at special price.

## NATIONAL WILDLIFE WEEK, 1938

By the President of the United States of America

A PROCLAMATION  
Whereas one of the most important phases of the conservation of our natural resources is the protection and preservation of our wildlife; and

Whereas this is a work in which virtually our entire citizenship can participate wholeheartedly and enthusiastically, whether resident in the large metropolitan centers, with limited access to the great outdoors, or permitted to enjoy at first hand the wonders of nature; and

Whereas the carrying into effect of any program for the conservation of our hereditary wildlife in the past seriously diminished and depleted by destructive exploitation and lack of proper understanding and sympathy must enlist the support of all of our citizens if the mistakes of the past are to be avoided in the future in dealing with this important resource of incalculable social, economic, esthetic, and recreational value;

Now, therefore, I Franklin D. Roosevelt, President of the United States of America, do hereby proclaim and designate the week beginning March 20, 1938, as National Wildlife Week, and do earnestly appeal to all of our citizens first to recognize the importance of the problem of conservation of these assets in wildlife, and then to work with one accord for their proper protection and preservation. To this end I call upon all citizens in every community to give thought during this period to the needs of the denizens of field, forest, and water and intelligent consideration of the best means for translating good intentions into practical action in behalf of these invaluable but inarticulate friends. Only through the full cooperation of all can wildlife be restored for the present generation and perpetuated for posterity.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington this 14th day of February, in the year of our Lord nineteen hundred and thirty-eight and of the Independence of the United States of America the one hundred and sixty-second.

(SEAL)  
FRANKLIN D. ROOSEVELT  
The foregoing Proclamation is brought to the attention of officers and employees of the Postal Service, as it is deemed most desirable that the information contained therein be as widely known as possible.

JAMES A. FARLEY,  
Postmaster General.

## HOLLYWOOD

YACHT CLUB BOYS HEAD

NEW FILM COMEDY CAST

The Yacht Club Boys, singing comedians, head the cast of Paramount's gay new comedy romance, "Thrill of a Lifetime," which opens next Friday at the Hollywood theatre.

Supporting their mad antics is a cast of film favorites, headed by Eleanor Whitney, Johnny Downs, Betty Grable, Lief Erikson, Larry Crabbe, Judy Canova and Ben Blue.

"Thrill of a Lifetime" was directed by George Archambault. It is a Fanchon production.

FILM CO-STARS LOMBARD

AND JOHN BARRYMORE

Reunited for the first time since they made motion-picture comedy history in "Twentieth Century," Carole Lombard and John Barrymore appear in Paramount's new comedy-drama, "True Confession," which opens next Sunday, Monday and Tuesday with Fred MacMurray co-starred with them.

"True Confession," from the French play, "Mon Crime," by Louis Verneuil and Georges Berr, gives Miss Lombard the most astounding opportunity for comedy characterization of her career, and Barrymore an equally great opportunity, in the roles of two innumerable liars fighting to claim credit for a murder which neither of them committed.

Says We're Having

Whiskey Depression

A boy at school was asked, "What is the shape of the world?" He replied, "My father says it's in the worst shape he ever knew it to be."

No doubt all of us have been asking ourselves what has caused this depression, at this particular time, in this good old U. S.

Well, the answer came to me the other day. When millions of dollars are being diverted from the legitimate channel of purchasing food, clothing, household furnishings, autos, etc., and going down men's (and women's) throats, what else

could be expected.

Money spent for drinks, cigars, Keeley cures, and all the other expenses caused by the crime wave that is sweeping over our country can not be used for the necessities of life at the same time.

So when breweries, distilleries, and drinking joints, are prospering and growing wealthy, the industries must necessarily suffer.

So perhaps a whiskey depression is the right name for it.

Spring is in the air,  
Love is in the air,  
And our school spirit seems to be up there, too, somewhere. We had better start looking for it, for with spring comes new sports; track for the boys and indoor for the girls. The last few pep meetings were poor examples of what they should be, and there is no excuse for letting our school spirit melt away with the snow. So, let's try and say: Spring is in the air, Love is in the air, But we have our school spirit here all the time.

## B. J. H. S. WINS NUMBER SEVEN

By JOHN SCHULTZ  
During the past week Coach Miller's Junior High five has added two more victories to its string now at seven. Both victories were over Niles.

Friday the "Millerites" traveled to Niles and defeated the "Nilesites" 18 to 14.

Tuesday Buchanan played host to Niles and again Buchanan emerged victorious. This time 24 to 18.

Turning on the power in the first-quarter the "Millerites" led at the end of the quarter 11 to 0. They let up in the second canto letting Niles outscore them 8 to 3, but they still led 14 to 8. Niles closed the gap from six points to two points in the third quarter. The "Millerites" repeated the first quarter in the final canto in that they held the "Nilesites" scoreless; they garnered four points for themselves to make the final score 24 to 18.

Bowman led the undefeated Buchanan Junior High with five baskets and a charity toss for eleven points. Center, Long, led the Nilesites with a nine-point total.

While the Junior High were winning two games during the last week, the Freshmen were losing two to the Niles' Freshmen. The score at Niles was 21 to 7, and at Buchanan the score was 13 to 9. An early lead was maintained throughout by Niles.

Vanderbeck led Niles with three baskets for six points while Heiney was garnering four points for Buchanan.

## LIBRARY BOOKS

By Ramona Dalenberg  
The library has made many changes this year, and more books are being read as the result. Non-fiction books, which are always less popular than fiction with the students, are being taken out in an increasing amount. This is due to the new and interesting books ordered by Miss Cernahan who is in charge of the library.

The total number of non-fiction books taken out since September through February is 739, and the total fiction is 3,282. In their order of popularity the books according to their circulation during this school year are as follows:

Fiction, 3,282; History, 185; Useful arts, 146; Biography, 134; Travel, 83; Science, 83; Literature, 37; Social science, 32; Fine arts, 29; Philosophy, 4; Religion and language, 3.

The circulation of non-fiction has increased over eight times from September through February. The following shows the increase:

	Non-fiction	Fiction	Totals
September	21	477	498
October	120	620	740
November	154	674	828
December	132	457	589
January	135	587	722
February	177	467	644

A fine of one cent a day is charged for overdue books. Since November, \$2.37 has been taken in from fines, 36c in November, 55c in December, 80c in January, and 66c in February.

## SCOOPS

It appears to be a fad with the Reamer girls to pick up a boy friend who is in the grade below them.

It seems as though Evelyn Dalrymple is always getting into awkward positions.

Some people who want a laugh are still "hollering" because Mr. Robinson didn't make that red-headed freshman boy walk the quoted "five times around the room" instead of only one during the hour.

New romances are budding and old ones are blossoming. Is it the early spring?

It took just a minute and a half to clear the building last fire drill.

The seniors will have to do lots of talking to get their skip day.

The Glee Club Festival is Wednesday, and the boys and girls are working hard to learn their songs.

Cooking school by the Indiana and Michigan Electric Company was held Wednesday and Thursday, March 16 and 17, in the auditorium.

The seniors had a class meeting to talk over the coming senior play directed by Mr. Elbers.

The juniors also had a class meeting to discuss the junior prom.

The Dramatics class is now taking singing lessons. The "Farmer in the Dell" and "Three Blind Mice" are favorite songs.

Donna Smith stated by actions in English class the other day that George was her Lauver (Lover).

Bob Best and his girl in Niles just can't get along. Going to South Bend, next, Bob?

We wonder if Maryette Richards used to be a Vestal Virgin.

Marjorie Bowman's pet saying is "Give me a Tumble, son" (Tumbelson).

It's queer how big (Habicht) Hermina's notes are growing.

The other day a sophomore girl went into a store and asked for a Beck of potatoes. My, my, Mildred. What were you thinking of?

Bill Ednie seems to have developed a great liking for allies or anyway one Allee.

The Bookkeeping class has received new projects and are now settling down to do some real bookkeeping. Don't run out of ink girls and boys.

Fred (Sid) Hagley went to sleep in fifth hour study hall Wednesday and wondered what it was all about when Mr. Elbers awakened him and the students were laughing.

## BASKETBALL REVIEW

By JOHN SCHULTZ

Players:  
For two years Dale "Zeke" Leiter's name has been on the lips of practically every Buchanan basketball fan. Dale was an important factor in the success of the team. He was always an inspiration to his team mates and never lost heart. His under-the-basket work was excellent. "Zeke" is a junior and will be one of the main links in Coach Miller's chain next year. He shared high point honors with Simpson this past season.

Alert pivoting and wonderful basket shooting made Dale "Skip" Simpson the backbone of the quintet. He played consistent ball and was not outplayed by any of his opponents. His height advantage aided him in being one of the high scorers of the team. Dale is a junior and will be one of the big beans in next year's five.

Playing his second and last year on the varsity five, Don Beck, regular forward on this year's five, played a very hard game and always fitted into the team nicely. Don was Co-Captain of this year's five. He will be missed next year.

One of the best defensive men on the whole team was Olin "Toad" Smith. "Toad" was a tower of strength to the Maroon and White. He could manacle effectively any forward and was a capable shot besides. He is a senior this year and will give Coach Miller a task to find a replacement for him.

This was Matthew Rauch's first year on the varsity, but he had plenty of reserve strength or experience before this year. "Mat," although handicapped by a weight disadvantage, played a grand game of ball for B. H. S. He started slow, but by the close of the season he held down a regular berth for Coach Miller. Mat will be back next year to aid the Buchanan cause.

The coolest ball player on this year's squad was Richard "Pete" Donley. "Pete" always used his head and figured in as the main cog in offensive play. "Pete" always saved a few baskets on the offensive side of the game. We are all sorry to say that "Pete" is a senior. Although small in height he made up for it in scrap.

Playing his first year on the varsity squad Mark Heiney showed that he had what it takes to be a player on the game of basketball. (Wynn) and he liked to do his part to help his team accomplish this. Mark's height will come in very handy next year. An injury toward the close of the season slowed him up, but he continued to play regardless.

Earl "Steve" Stevens did not see much action this season, for some unknown reason, but when he was substituted, he did a very nice job of guarding. Steve had a good eye for the basket and had a lot of drive. Earl could shoot over the best of defenses to count for B. H. S. He is a senior this year.

Evidently the fastest man on this year's team, Marne "Pep" Trapp, used his speed to an advantage. He had a little trouble controlling his speed. He played a good game both on defense and on offense. "Pep" is a senior.

Burrell Weaver, known to you as "Snipe," was the fight of the team, but during the entire season he played a steady game of ball. He figured in the scoring of his team's points when injected into the game. He is a senior this year.

Another junior on this year's basketball squad was Robert Wesner. Bob played a guard and could hold the opponents forwards in tact. When injected into the game, Bob gave his all for his team. He is a very good prospect for next year.

Keith Dalrymple played his first year on the varsity squad, and evidently his last year. Keith played little, but when put in the game he filled in nicely for whom he was substituted.

Coach Johnny Miller, a product of Western State, enjoyed a big year at Buchanan this year. In football he produced an undefeated eleven that will never be forgotten in the history of B. H. S. Not only in football did Johnny shine, but in basketball he had a fine team. The boys all liked John as a coach and we all hope he will have many more good years at Buchanan.

The cagemen this year were Robert Heiney, and William Donley. The boys were always at the aid of the players and the coaches. The boys are both freshmen and you'll probably see these two boys carrying the water, tossing in the towels and carrying the first aid kit next year.

The Bucks emerged the victor nine times this season and lost four. The review of scores is as follows:

Nov. 24 Buchanan 20 Ber. Sp'g. 15  
Dec. 3 Buchanan 21 Niles 25  
Dec. 10 Buchanan 36 Dowagiac 17  
Dec. 17 Buchanan 25 Stev'sville 23

G. P.—Games played.  
T. P.—Total points

The team averaged 27.9 points a game as against 22.7 points for their opponents.

Kraft, Niles' forward, was the highest scoring opponent with 34 points against Buchanan in 3 games.

Highest scorer for one game was Leiter with 14 points against Niles in the tournament.

Second highest was Simpson with 13 against Bridgman.

## PHYSICAL EDUCATION DEPARTMENT

One of the most active departments of our school is physical education of which Miss Allegra Henry and Mr. John Miller are in charge.

A physical education course should develop individuals as a whole; socially, mentally, physically, and emotionally. This is shown more with the girls' classes since there is no effort is made to try to develop star performers as, to some extent, is the case with the boys. Basketball is about the best sport to develop these aims as the player must be well physically and learn to control his temper which is an emotion. Socially he is always in contact with others, and he must think and act quickly which is a mental reaction.

The girls have five major sports; soccer, basketball, indoor tennis, and track. They have just started indoor and will later have interclass games as they did in basketball. There are 189 girls taking gym, and they must take three years of it to graduate.

A special class has been started this year for the first time for those girls who need individual corrective work. These girls take exercises to correct faulty posture and to acquire good habits and to give each individual a desire for correct posture and carriage.

Boys' sports give more attention to a few because of the outside competitive games. The three major sports are: football, basketball, and track.

In football, composed of eleven men and the substitutes, there are three main points which make good players; good blockers, good tacklers, and the right spirit. Weight of course is a good advantage.

In basketball, with five men and substitutes, speed is the most important feature with shooting ability next in importance. The reserve strength is not so important.

The track men plan to follow a good program this year with track meets with Benton Harbor, Niles, Dowagiac, South Haven, and Paw Paw. All seven of these are not definite.

The system used to train men for the team is that freshman and sophomores learn the fundamentals of the game, then, in their junior year, they should be ready to play a good game. In Mr. Miller's physical education classes, there are two phases of gym work. Free play is supervised and formalistic. The formalistic is more beneficial and the bars are used in this type of class work.

In the free play type of class, the boys do anything they want to do. The intramural program of organized games in the fall are soccer and touch football; spring, indoor ball and interclass track meets; and in the winter, basketball among the different grades at the end of the basketball season and interclass tournaments are held.

The whole physical education program is trying to give to the students a well-balanced personality.

Miss McNeil: "Now, boys and girls, I want you to write a little composition telling about yourself. No copying now—just write what is inside of you."

So Charles Bainton wrote: "Inside of me, I have a heart, a liver, some lungs, and a stomach and in my stomach I have two chocolate bars, an apple, a piece of chewing gum, and my dinner."

## Grade News

Arthur Gaul, in Miss Pelhank's second grade, brought a box turtle to school. The care of a turtle was discussed. The children learned the poem "The Turtle" by Vachel Lindsay, and later, wrote the poem for a writing lesson.

Miss Heim's second graders are seeking evidence of spring. They have planted seeds in a tiny garden, and their radish seeds have found their way through the ground. They took a walk down the hill behind the school building. They recognized the songs of the meadow lark and the mourning dove.

Pauline Smith brought a flying squirrel to school. It had been captured in the attic of her home and all the children were curious to see it.

Miss Spear's fifth graders are studying and making pictures of circus animals. They are building a circuit tent and planning the entire circus set-up.

Miss Ream's sixth graders are making a collection of newspaper clippings containing items of interest concerning the countries of southern Europe.

Miss Abell's sixth grade room has a Sacred Lily of India. Jack Mitchell brought this lily and told the class that it required no earth or water to make it mature. The lily now in bud stands about three feet in height and at maturity reaches as high as six feet. The most disgusting thing about it is its ugly odor when the blossom opens.

Jack Miller is back in school after an absence because of sickness.

The reading table is a popular place with its magazines and attractive books. Every child can find something to read at his own reading level.

Thursday and Friday the monthly curriculum arithmetic tests were given. After each test the child makes a graph showing his progress for the year. The grade medium has improved, which indicates that many pupils are doing better work.

Dewey Avenue  
The kindergarten has been observing the winds of March and are most interested in making windmills.

The first graders are starting an experiment of interest. They dig up a piece of frosty soil about a foot square. They bring it in to watch developments so that they can see what will come up and find out the plant's name.

The radishes in the opportunity room have grown several inches. Most of our peas have leaves now. We have seen several early spring birds, which we are adding to our list in the bird booklet.

Elton Orput's name has been added to our dental honor roll. Several more people could easily have their names added to this list.

## South Shore Line Trains Every Hour

South Shore Line schedules are made for people who don't like to wait for trains. There's a South Shore Line Train that will fit your plans exactly—and even if you miss the train you won't have long to wait for the next one.

## Who's Who

Paul Bennett  
Paul Bennett was born April 2, 1921, in Hamilton, Indiana. His favorite sport is football and his favorite hobby is catching and mounting butterflies. His favorite dish is a butterscotch sundae, and how! Paul is rather quiet when around girls, but he might have something up his sleeve—who can tell? Paul is seen in many activities around school and is a very active member of the freshman class.

Virginia Arnold  
Virginia Arnold was born July 4, 1922, in Buchanan. Her favorite sport is swimming and one of her pet hobbies is driving her dad's big Buick. Her favorite dish is ham and baked potatoes. Her favorite subjects are: English, history, gym, Latin, and geometry. Maybe you have seen her in a Terraplane lately or maybe you have seen the Terraplane with her. Rex Proud.

The little boy from Bakertown, Rex Proud, the baby of the family, is 17 years old. He was born in the old Homestead in Bakertown. Rex is a very dark complexioned boy with very curly hair and eye lashes. He is the treasurer of the junior class and is an active member of the debate team. He likes to sit down to a meal of weenies and sauerkraut. He likes indoor, swimming, and Betty Smith—any way he likes to walk home from school with her.

Margarete Haas  
Another one from Bakertown is Margarete Haas. She is 17 years old, and her birthday is July 6. Margarete is active in sports, is the secretary of the G. A. A. and also a member of the French Club. Her favorite dish is baked corn, sport is indoor, and hobby, running the "little Bakertown Grocery." She is a senior and wants to be a stenographer after she graduates.

## NICKNAMES

Robert Heiney received his nickname, "Legs," from a group of freshmen boys. During a basketball game a girl in the audience whispered, "What pretty legs that little kid has!"

Marne Trapp received his nickname, "Pep," from a group of high school students. During a cooking

class Miss Krebs asked, "Marne, what do you have for breakfast?" "Wheaties," replied Marne.

## JOKES

Teacher: "Good morning, students. I shall lecture on the subject of 'Liars of Today.' How many have read the 25th chapter of the text book?"

All freshmen raised their hands. Teacher: "You're just the group I wish to talk to. There is no 25th chapter."

Ivan Price: "What's the temperature of a kiss?"  
Raymond DeWitt: "I'll bite."  
Ivan Price: "Two in the shade."

Maryette Richards: "Would you object to a husband who chews tobacco?"

Donna Smith: "I certainly would, but I intend to keep quiet about it until I got one."

Mrs. Bromley: "Look at that bump on your head. Where did you get it?"

Norma: "Well, I thought awful hard today."

## RADIO ABOLISHES GEOGRAPHIC BARS

### Speed and Extent of Communication Marvelous.

Washington, D. C.—"Modern wonders of radio communication and the extent to which radio has abolished geographic barriers were emphasized by the broadcasting of President Roosevelt's recent message to congress by short wave to many parts of the world," says the National Geographic Society.

"Foreign radio listeners, hearing the President's speech or a translation of it on their short-wave sets, perhaps did not all realize that the sounds they heard were traveling to them in a series of giant 'bounces' between earth and sky," continues the bulletin.

**Waves Bounce Up and Down.** "Radio short waves, in crossing the ocean, are not content to hug along like a sedate ocean liner. They are far too exuberant for that. They must bounce up and down between sea and sky, as a rubber ball bounces between your hand and a sidewalk. (They travel on land the same way.)

"What is there in the sky for them to bounce against? Not clouds, for they bounce far higher than the clouds. Looking upward, nothing is visible, but there is something there. It is a nebulous layer of electrified particles, between 100 and 200 miles up, a kind of shell surrounding the earth as a rind surrounds a melon.

"Sometimes this is called the 'radio roof' or the 'ionosphere.' One can see through it, on out toward the stars, and if one were in the middle of it he would not know it was there. But nevertheless it stops the radio waves, and reflects them back toward the earth as a mirror reflects a beam of light.

**Amazing Speed.** "Modern radio makes it possible for a man's voice to 'put a girle round the earth' in far less than the 40 minutes required by Puck in Shakespeare's 'Midsummer Night's Dream.' Not even 40 seconds is required today. In a recent test, a man's voice, traveling by a combination of radio short-wave circuits and telephone wires, grided the earth in one-third of one second.

"How far flung an audience was brought within easy range of the President's voice by radio is indicated by the vast distances bridged even by ordinary, everyday radio telephone conversations between the United States and foreign lands.

"The radio telephone circuit to Australia, for example, consists of a channel across the Atlantic, linked with another from London that jumps eastward to Sydney a distance of 10,000 miles. And when radio transmission is better in the other direction, as it sometimes is, the circuit runs westward from London to Sydney, some 14,400 miles."

### Origin of Cain's Wife

There are various explanations of the origin of Cain's wife, whose name is not recorded anywhere. Some Bible students regard the story of Cain as a composite of several traditions relating to different periods; some suppose Cain's marriage occurred much later than the murder of Abel and that he married a sister or other relative. Others maintain that according to the Bible Adam and Eve were not the first two persons on earth but the first two named persons. Genesis, chapter 4, verse 14, which quotes Cain as saying, "Everyone that findeth me shall slay me," would support this theory.

The group of boys and girls from the classes taught by Mrs. F. Kean, Mrs. T. Rice, Mr. Claude Carter and Mr. W. Becker will have a penny pot luck supper Tuesday beginning at 5:30. The proceeds will go for a missionary's support.

A Lenten thought: Jesus said: "For their sakes I sanctify myself." To sanctify means to reserve or set apart for some high and holy purpose. Jesus lived under a constant sense of dedication to great objectives, but not for Himself. He set apart His life and kept it in sacred trust for others. When the time came to pour it out for others, He let it go. Our lives are not our own. We must hold our best in trust for those with whom we live. Even the last full measure of our devotion belongs to them. From "The Upper Room."

**Christian Science Churches**  
"Reality" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, March 27. The Golden Text, from Psalm 125:1, is: "They that trust in the Lord shall be as mount Zion, which cannot be removed, but abideth for ever."

Among the Bible citations is this passage (Psalm 145:3, 10): "Great is the Lord, and greatly to be praised; and his greatness is unsearchable. All thy works shall praise thee, O Lord; and thy saints shall bless thee."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 331): "The Scriptures imply that God is All-in-all. From this it follows that nothing possesses reality nor existence except the divine Mind and His ideas."

**Evangelical Church**  
C. A. Sanders, Minister  
Bible school at 10 a. m. Mr. Harry Surch Superintendent, Miss Betty Miller, secretary. Teachers and classes for all.  
Morning worship, Prelude, Mrs. John Fowler. Gloria, sung by the congregation. Scripture and prayer. Special number by the choir. Sermon theme, "The Cross of Christ."  
Evening service. Adult League

and Young Peoples League at 8:30. This will be a union meeting of both the leagues.

At 7:30 there will be a missionary play entitled "Simon the Leper." A free will offering will be taken. The public is invited to the play. Prayer service Thursday evening.

### Read The Classifieds

All residents of the Buchanan community are invited to take a look at the classified columns. The Record runs a good classified list because in general classified advertisements have good results. The Record cannot guarantee results but it can say that if there is a market for the article advertised, the classified will reach it. That is because our classified columns are very generally read.

The charge is 5 cents per line with a minimum of five lines. Ordinarily five words make a line. The advertiser can often save by taking advantage of the offer to run the classified three times for fifty cents if the copy is not changed. We wish to distinctly call to the potential advertisers' attention that if they ask for a change in the copy before the series of three runs is completed, it will be equivalent to the insertion of a new advertisement and will be charged as such. The reduction is offered strictly for unchanged copy for three issues.

### Lady Godiva Half-Penny

**Discovered in New York**  
New York.—A Lady Godiva half-penny, worth a hundred times its original one-cent value, was discovered recently among coins tossed by tourists into the Spanish wishing well in Rockefeller Center's Sky Gardens here.

The Lady Godiva coin, struck in Coventry, England, in 1792, bears up on one face the figure of Lady Godiva on horseback. It was identified by Howard Wood, president of the American Numismatic society, from piles of pennies, nickels, dimes and coins from China, Canada, Holland, Italy, Germany, Russia, France, Great Britain and the Philippines.

Oldest coin from the wishing well is a soido, one-cent piece cast by Austria in 1777 for the northern provinces of Italy, which it controlled. The soido is not valuable today.

### Hunting Coyotes in Alaska

**Is New Sport in Alaska**  
Seward, Alaska.—Ingenious Alaskans, who perform such unusual feats as transporting livestock and mining machinery by airplane, hailed coyote hunting by automobile as the latest in winter sports.

Lake Kenai, a large body of water thirty-five miles long and frozen over with a coat of thick, smooth ice, is the scene of the hunting parties.

To date the number of bounties claimed on coyotes bagged by this new method has been negligible, but promoters of the sport declare it is "lots of fun anyway."

**Story of Roast Pig**  
The story about the discovery of roast pig is in Charles Lamb's "Essays of Elia." He is a careless Chinese swineherd, allows the pigsty to burn. Desperately searching in the ruins, he burned his fingers on the charred remains of a pig. Involuntarily putting them in his mouth, he found the flavor enticing, which led to the discovery of roast pig as a favorite dish.

**Belief of Primitive Tribes.**  
Many primitive tribes in various parts of the world believe that those who have died in sleep, particularly warriors, says a writer in Collier's Weekly, must have met an enemy, in a dream, and were killed in the ensuing combat.

**BENTON HARBOR REALTY CORPORATION**, a Michigan Corporation, HUMPHREY S. GRAY (also sometimes known as H. S. Gray) and ELEANOR G. GRAY, husband and wife, LUMMAN H. GRAY, (GEORGE R. DAFER, and THE UNITED STATES OF AMERICA, Defendants.

In pursuance of a decree of the Circuit Court for the County of Berrien made and entered on the 26th day of October, A. D. 1937, on the above entitled cause, I, the subscriber, a Circuit Court Commissioner of the County of Berrien, shall sell at public auction or vendue to the highest bidder at the front door of the Court House in the City of St. Joseph, in said County of Berrien, on the 18th day of April, A. D. 1938, at eleven o'clock in the forenoon, of that day those certain lands and premises, situated as to parcels numbered one and two in the City of Benton Harbor, and as to parcel number three in the Township of Hagar, County of Berrien, State of Michigan; and more particularly described as follows, to-wit:

Parcel No. 1. Part of the Northwest quarter of Section 19, Township 4 South, Range 18 West, Beginning at the Southwest corner of said heretofore sold by M. G. Lampot and Mary Lampot to William G. Newland, which point is 50 feet Southwesterly from the Southwest corner of John Abraham's brick store on the Easterly side of Pipestone Street in the City of Benton Harbor; the corner of John Abraham's brick store is supposed to be South 29 degrees and 30 minutes East 77.75 feet from the Southwest corner of Block 27, original plat of Benton Harbor; thence running North 46 degrees and 30 minutes East along the South line of Newland's land 96 feet; thence Southwesterly on a line parallel with said Pipestone Street 25 feet; thence South 46 degrees 30 minutes West on a line parallel with said Newland's South line 96 feet to Pipestone Street; thence Northwesterly on the Easterly side of Pipestone Street 25 feet to the place of beginning.

Parcel No. 2. Lot 1 of Block 2 of the original plat of the village of Benton Harbor, now City of Benton Harbor, according to the recorded plat thereof, excepting therefrom a strip of land off the North end of said lot described as follows: Beginning at a point on the East line of said Lot 15 feet South of the Northeast corner; thence North to the Northeast corner of said lot; thence West to the Northwest corner of said lot; thence South along the west line 5 feet; thence Southwesterly to the place of beginning, also except railroad right of way.

Parcel No. 3. All that part of fractional Sections 10 and 15, Township 3 South, Range 18 West, Hagar Township, Berrien County, Michigan, which is described as beginning at the Southeast corner of said Section 10; thence West along the South line of said Section 10, 121 feet to the center of the Hagar Shore Road, so-called; thence Southwesterly along the center of the said Hagar Shore Road, so-called, and as platted in the plat of Lake Michigan Beach No. 3, which is recorded in the office of the Register of Deeds for Berrien County, Michigan, to the intersection of said center line of Hagar Shore Road, so-called, with the center of Highway U. S. 31; thence Southwesterly along the center of Highway U. S. 31 to a point that is at right angles to and 60 feet Easterly of the Southeast corner of Lot 1 in the plat of "Beachwood on Lake Michigan," as recorded in the office of the Register of Deeds for Berrien County, Michigan; thence Westerly 60 feet to said Southeast corner of said Lot 1, said corner being the place of beginning of the description of said plat of "Beachwood on Lake Michigan," and being described as commencing at the East Quarter Post of said Fractional Section 15, thence West 1085.8 feet; thence North 55 degrees 30 minutes West 954 feet; thence North 30 degrees East 300 feet; thence North 16 degrees 30 minutes East 1084 feet; thence North 48 degrees West 76.1 feet to said place of beginning of the description of the plat of "Beachwood on Lake Michigan"; thence North 48 degrees West 433.9 feet; thence North 8 degrees West 153 feet; thence North 60 degrees West all along the South line of the plat of "Beachwood on Lake Michigan" to Lake Michigan; thence Northeasterly along Lake Michigan to the East line of said Section 10; thence South along the East line of said Section 10 to the place of beginning. The above described land includes the plat of "Beachwood on Lake Michigan."

Dated this 23rd day of March, A. D. 1938.  
R. R. DESENBERG, Circuit Court Commissioner.  
FRANCIS J. MILLER, Attorney for Plaintiff.  
Business Address: Peoples State Bank Bldg., St. Joseph, Michigan.

**OAK FOREST SCHOOL**

Agnes Bennett, teacher

We lost five pupils when Frances, Ruth, Wanda and Edna Bowler and Harlow Cox moved a short time ago.

We now have five new pupils, James and Imogene Clark, from New Carlisle, and Madeline and George Zecklin and Betty Pinder from Millburg.

We have read all the books in our school library, so those who like to read have cards at the Buchanan Public Library. Mrs. Bennett carries our books to and from the library. We have read many good books and enjoyed them very much.

The fifth and sixth grade language class prepared the copy of this news, in connection with their study of newspaper work in class.

The upper grades have completed the first half of a unit on "Light." They have finished their

booklets on "History of Light."

The last part is "Light and Eye-sight."

The lower grade science classes are making charts of electrical devices used for light, heat and motion.

The eighth grade boys are making bird houses as an experiment in science. The girls are making a bird bath.

**HOWE SCHOOL**

Mrs. G. H. Batchelor, teacher

The Howe, Thompson and Womner schools went to the Gitchell Friday afternoon to rehearse for the Music Festival which is to be held at Three Oaks in a few weeks. Miss Mary Louise Beardsley was the accompanist, while her mother, Mrs. Ruth Beardsley, directed the pupils.

marked by the same stubborn intolerance on both sides that marks the conflict here. That is, to an extent.

But the thing to properly remark is that although the struggle has been fundamental and bitter, it has been on the whole orderly and during the contest rules have been rather more scrupulously observed than here. Take the restaurant strike for example.

Early in January the restaurant workers walked out

**Guides, Professional Class**  
The guides, or dragomen, of Cairo are an hereditary professional class. In some families the profession has been followed more than 100 years. Home city of the guides is Giza, a village at the foot of the Pyramids plateau. Many of the guides have handsome homes there.

## Mich. Bell Employee Honored as Hero

Theodore O. Hanson of Northport, plant employee of the Michigan Bell Telephone Company, has been awarded the Theodore N. Vail medal in bronze in recognition of a "meritorious act of public service," beyond the normal performance of duty, that resulted in saving a life.

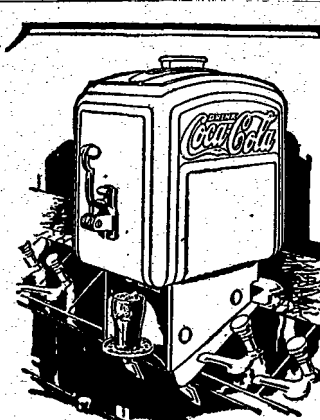

The announcement was made by George M. Welch, president of the company, following citation of Hanson by the Michigan Vail Medal Committee of Award, meeting in Detroit.

On the night of May 30, 1937, while Hanson and his wife were driving near the Indian village of Peshwabtown, between Traverse City and Northport, they came upon the scene of an automobile accident in which a man was badly injured and was in danger of bleeding to death. Hanson, who had taken the first aid course offered its employees by the Michigan Bell Company, applied a handkerchief-tourniquet to the partially severed arm of the victim and stopped the hemorrhage. He then took the man to a physician at Suttons Bay and later to a hospital at Traverse City for an emergency operation. Rounding a curve, the injured man's car had crashed into another car without lights that was parked on the highway, it was stated. He credits Hanson with saving his life.

Hanson's is the 64th Vail medal presented to Michigan telephone men and women since the award was created 17 years ago in memory of Theodore N. Vail, twice president of the American Telephone and Telegraph Company. Six of the recipients were employees of Michigan telephone companies other than the Michigan Bell.

The Vail Medal Committee of Award also recommended five letters of commendation to telephone employees for unusual acts of public service performed during the past year. They are: Olga Veitengruber, chief operator, and her two sisters, Florence and Emma Veitengruber, operators at Frankenmuth; Phillip Colasanti, plant chief at Sault Ste. Marie, and Vera Terongo, senior operator in the Townsend central office, Detroit.

**Latin Mottos on Great Seal**  
On the obverse of the Great Seal of the United States is the familiar motto, "E Pluribus Unum," translated, "One from Many." On the reverse are two Latin mottos. The one above the design is "Annuit Coeptis," translated as "He (God) Prospered Our Endeavors." The lower one is "Novus Ordo Seclorum" and is translated as "A New Order of the Ages."
