E. B. Clark Presents Analysis of Company Business For Past 6 Years

Novel Selling Event May 16-21

Now Here's the Proposition

Uncle
Hank
of

Corners
Says:

Tar-ar-ar-ar-boom-de-ay
This year
Ta.
It is thar!
Every whar!
Within doors and out of doors,
On the walks and on the floors,
In the stores and on the streets,
On the faces that one meets,
Fact, most anywhere one
lodges,
In beer parlors or garages,
On your shoes and on your
pants,
On your uncles and your aunts,
On the bacon and the eggs,
On the pretty ladies' legs,
'This year
'Tar--
It is thar,
Every whar!

The Common Denominators
In these parous days when
everybody, so to speak, just sits
and glares, each at the other, it
seems worth while to bring to
mind the themes which unite
minds rather than divide.

What are the common denomi-
nators of people's minds? Page
Mr. Steve Hannigan, who gets
large grants of dough from var-
ious sources because of his skill as
a promoter, based exactly on his
insight in said common denomina-
tors.

Mr. Hannigan's two great
achievements in promotion have
been the Indianapolis races and
Miami, Fla. The great advance of
the lure of the Indiana speed event
and the attractiveness of Miami
in popular esteem as a winter
tourist capital are credited largely
to Mr. Hannigan's insight and
finesse. And according to Han-
nigan, two leading interests in the
American mind are speed and legs.
He built the popularity of the
Indianapolis event by dilating en-
dlessly on the romance of speed.
And he selected as his major
motif in enhancing the popularity
of Miami the fact that on its
beaches may be seen a more or
less choice array of legs the year
around.

Is Hannigan right? Well, the
tourist interests of Miami are sure
enough that he is right that they
pay him \$25,000 per year for leg-
plicity.

Of course there are other and
less distracting common divisors
of minds. In Buchanan there is
gardening—flower culture. I've
learned about that in the past
few weeks while taking up a
matter of delayed business in
landscaping my yard. As I toiled
with rake and spade striving to
make at least one blade of grass
grow where the fennel and pig-
weed flourished erstwhile, came an
"apparent procession who wit-
nessed, approved, advised. I learned
forcibly what I knew in a way
that the roots of the race are in
the soil. Everyone who passed was
interested. People to whom I
would scarce venture talk polit-
ics with would sit down on my
wheelbarrow and talk over gar-
dening problems in a friendly way
by the half hour.

These half hour interludes were
most welcome, affording my green
muscles a needed rest and at the
same time filling my mind with a
store of garden lore. And I
thanked the Lord that there was
at least one thing, not counting
baseball, that I could discuss with
everybody in a friendly way and
then part more friendly than we
started.

Mr. and Mrs. Albert Herman
and Mr. and Mrs. Gale Bromley
visited Mr. and Mrs. James Gus-
tin at Sutton's Bay Friday and
Saturday.

Comments on Payroll Growth

Raises Question of Ultimate
Effect of Weight of
Federal Taxes

Analysis of the business of the
Clark Equipment Company for
the past six years, ending Dec.
31, 1937, contained in the address
of the president, E. B. Clark, be-
fore a meeting of stockholders
and employees is not only of much
interest because of its local sig-
nificance, but also casts an inter-
esting light on the problems of
business in general.

Mr. Clark selected the six
years as quite typical of the en-
tire thirty years history of the
plant. The period contained one
very profitable year, 1937, and
one quite unprofitable year. Three
of the years the company operat-
ed in the black and three years
in the red in respect to the year's
balance. The year 1937 was per-
haps the best in the history of
the company in spite of a falling
off of sales in the past few
months. A total of over \$1,100,-
000 was earned that year. Net
earnings for the entire six years
were \$979,000, an average of
\$160,000 per year, or a return of
1 1/2 % on the capital investment.
But the company paid its
stockholders during the six years
\$1,720,000 in cash dividends or

Goes to Pershing Rifles Competition

Eugene Kelley, son of Mr. and
Mrs. C. W. Kelley and a fresh-
man at Michigan State College,
accompanied the Rifle team of
that institution as a member to
Bowling Green, Ky., where they
engaged in a meet with four
other schools Saturday. Competi-
tors were the University of Illi-
nois, the University of Indiana,
Western State Teachers college
of Kentucky and West Kent Uni-
versity of Kentucky. The last-
named school won the meet. The
teams of the various schools were
known as Pershing Rifles.

The regular golfing program at
the Orchard Hills course and club
house will open Sunday, May 15
with the club breakfast served
from 7 to 9 a. m. and the Blow-
Out tournament following. Each
member is invited to bring a pros-
pective member as a guest, and
there will be no green fees for the
guest for this day only.

Transient Fruit Workers Are Problem

Typical Family on Relief on Arrival

Fruit Workers Child Malnutrition Case at Infirmary

Cow Shed With Dirt Floor Houses Workers

Poultry House Shelter For Another Family

Berrien County's relief load
may be increased to the extent of
from 350 to 700 cases by next
winter unless the influx of south-
ern fruit workers and harvesters
in destitute circumstances now
coming in is checked, according
to relief officials.

Among measures taken to date
to protect county finances is the
resolution adopted by the county
supervisors Friday making the
farmers who employ them re-
sponsible, and efforts by law en-
forcement agencies to stop the
influx at the state line by refus-
ing to permit trucks without pub-
lic utility licenses for passenger
transportation to bring them in.

Most of the berry workers come
from southern Illinois, Arkansas
and Missouri. A case perhaps
more extreme than typical but
illustrating the nature of the im-
migration and the problems it
creates is afforded by a case un-
covered by the relief workers
near Riverside.

A group consisting of a man
and his wife, three children and
the wife's sister, residents of
Arkansas, had contracted with a
trucker to haul them to Berrien
county for the fruit season for
\$18. The truck was found this
way anyway and the \$18 was
"velvet". The husband quit a
WPA job paying \$21 a month to

come. But at Vandalia, Ill., it
became necessary to take the
wife to a hospital, where she had
a baby.

But the others came on, leav-
ing her and the baby for charity
care at the hospital. They arrived
at the farm near Riverside
where they had worked last year,
without money or other means.
The only shelter available was a
cow shed with a dirt floor. The
manure was removed with a
shovel so that they could enter
and sleep with blankets on the
floor. Here they were visited by
relief workers who took two of
the children in hand and took
them to the county infirmary for
treatment. There Dr. Barkman
stated that the youngest child
was the worst case of malnutri-
tion he had ever seen.

Another similar group were
found living in a chicken coop
near Riverside.
Care of southern fruit harvest-
ers who become public charges in
Berrien county will become the
responsibility of the farmers who
employ them, under a resolution
adopted by the Berrien county
board of supervisors Friday af-
ternoon.

Mrs. Myra Storms, Niles, chair-
man of the committee on health
and welfare, introduced a resolu-
tion, which asked that the board

Boyhood Pals of Sky Knight Tell How He Came to Receive Nickname

Cognomen Was No Prophecy
of His Coming Career as a
Distinguished Skyman

Buchanan's contribution to the
special "cadets" being made to
stamp letters during "National Air
Mail Week" is a design express-
ing the homage of the city to its
distinguished native and former
citizen, Jack ("Sky") Knight a
distinguished pioneer of the air
mail service.

His record as a government
pilot for twenty years, most of the
period in air mail, has received
wide notice. But perhaps it has
never before been told in print
how his boyish nickname, "Sky",
came to be applied. At first glance
the name seems like a curious prop-
hecy of his future. But it was ap-
plied by his playmates over thirty
years ago when even Knight him-
self had doubtless never thought
of a career as an aviator.

A boyhood pal of Knight ex-
plains the name as follows:

While they were boys together
in grade school the Russo-Japa-
nese war was in progress and its
battles, reported in the newspa-
pers, were mimicked in their play.
They gave each other the names
of the leading generals on both
sides, applying to Knight the
name of a Russian leader whose
name ended in "ski." Latter they
dropped the first part altogether
and it became "ski" which the
boys apparently pronounced with
a long "i" sound, making it "sky."
The name stuck as far as the lo-
cal boys were concerned and to
many grown men in Buchanan is
still "Sky" Knight. But the term
has no connection with the fact
that most of his lifework has been
spent in the sky.

At least he had spent 18,000
hours in flight when he resigned
active service as a pilot last
November. In that time he had
flown 2,400,000 miles—which was
reported in the daily press an
all-time record.

Even as a boy he was known
among his comrades for a cool
daring and self-possession which
doubtless played a part in his dis-
tinguished success in the air.

A story of a boyish prank will
illustrate: Knight and several boys
had gathered one night to make a
run on a melon patch. They did no
damage other than to select each
a choice, sizeable melon. They cut
parallel slits in the melon just far
enough apart so that they could
span them with their hand. In-
serting their fingers in these slits
as about a valise handle they were
already to parade out of the
patch, when they heard some one
say, "Good evening, boys," and
saw a man with a shot gun only
a few yards away. The boy who
was immediately with Knight
jumped to run, but "Sky" called to
him to wait. Picking up his
"valise" he walked coolly in front
of the man with the gun with a
civil good "good evening" as he
passed directly in front of him.

The man watched silently with-
out a word or a motion. It is
likely that he did not intend to
pepper the boys when he was as-
sured that they were not damag-
ing the patch. However, had the
boys stamped it is likely that he
would have added to their panic by
a shot or two in their general di-
rection just to "put the fear of
the Lord" in them.

NOTICE

BOARD OF REVIEW MEETING
Notice is hereby given that the
Board of Review of the City of
Buchanan, Mich., will meet in the
chambers of the City Commission,
in the City Hall of said City on
Monday May 16th and Tuesday
May 17th, 1938, from 9:00 o'clock
A. M. until 5:00 o'clock P. M., for
the purpose of reviewing the as-
sessment roll of the said City of
Buchanan.
Signed: HARRY A. POST,
City Clerk.

To Hold Catholic
Ceremony at Three Oaks

There will be a confirmation at
the St. Mary's church in Three
Oaks Sunday evening, May 22, be-
ginning at 8 p. m. with Bishop El-
bers of Lansing in charge.

I. & M. to Hold Demonstration

To Illustrate Home Canning
of Fruit, Vegetables at
High School on May 17

Housewives of Buchanan who
are interested in the home canning
of fruits, vegetables and meats
will have an opportunity to attend
a canning demonstration at the
auditorium of the Buchanan high
school on May 17 at 2:00 P. M.,
conducted by Mrs. Rosina K. Max-
well, of the Home Economics De-
partment of Ball Brothers, Muncie
Indiana, and sponsored by the
Indiana & Michigan Electric Com-
pany.

Mrs. Maxwell is a graduate of
the Home Economics Department
of the University of Illinois and
has been connected with the Ex-
tension Dept. of the Purdue Uni-
versity. While at Purdue she
started and developed the Canning
and Baking Clubs, now a big fea-
ture at the Indiana State Fair; she
also helped organize and instruct
4-H Clubs throughout the State.
Her services as a judge of canned
goods are greatly in demand and
she has served in this capacity at
the National Club Conference, the
Indiana State Fair and similar ex-
hibits.

Mrs. Maxwell has prepared a
highly instructive and interesting
program, using the latest ap-
proved methods in the actual canning
of various fruits, vegetables, and
meats, and has a store of informa-
tion which will be of great benefit
to all ladies attending. A large
part of her program will be de-
voted to questions and answers in
an effort to solve any canning
difficulties anyone may be having.

No other phase of cooking re-
quires greater care than the pre-
serving of foods for winter use.
Meticulous following of directions
on preparation, processing and
sealing cannot be over-stressed. At
one time this was a hot, tiresome
job but has been greatly simplified
by the use of an electric range.

This Explains What National Air Mail Week is Symbolizing

Here's a striking illustration,
from the Buchanan community, of
the tremendous advance in rapid
mail transportation which Na-
tional Air Mail week is symboliz-
ing:

According to the old pioneer his-
tories, back in the days when the
mail was carried from Chicago to
Niles on horseback it took three
days to make the 100-mile trip.

But at 8 a. m. on Monday, May
9, there was delivered at a farm
on Rural Route 2, Buchanan, an
air mail letter that had been pos-
ted in Honolulu, Hawaiian Islands,
at 11:30 a. m. Friday, May 6. As
a matter of fact, when the letter
was stamped in Honolulu at 11:30
a. m. it was already five or six
o'clock in the afternoon at Bu-
chanan, so the letter really had
only about two and one half days
to get here. It had to leave the
Honolulu office by truck for the
bay, thence by airship to San
Francisco and relayed thence by
other planes to Chicago, where it
was shifted to a train to Bucha-
nan and thence to Red Schwartz's
demon mail car, when its delivery
was only a matter of minutes. The
recipient of the letter said that it
had taken about the usual time en
route.

Father Day to be Memorial Speaker

Commander John Elbers of the
local American Legion Post an-
nounces the selection of Father
John R. Day as speaker for the
1938 Memorial Day exercises.

Local Unions to Hold Election

To Poll for Right of Repre-
senting Workers at Clark
Theatre on May 24

An election to determinate
which union shall be the bargain-
ing agency between the Clark
Equipment Company and a labor
organization will be held at the
Clark Theatre on May 24, 1938,
between the hours of 12:00 noon
and 7:00 p. m., by secret ballot.

A consent agreement has been
recently entered into between the
company, the Reliable Independent
Workmen, Inc., and the United
Automobile Workers, both of
which labor organizations are
recognized by the National Rela-
tions Labor Board. The election
will be held under the auspices of
the Labor Board and under the
direction of Frank H. Bowen,
regional director of the National
Labor Board at Detroit.

The result of the election will
determine whether the Reliable
Independent Workmen, Inc., or the
United Automobile Workers of
America shall bargain with the
Clark Equipment Company, and be
the exclusive representative of the
employees with regard to rates of
pay, wages, hours, and other con-
ditions of employment.

All those employees on the com-
pany's payroll and classified as
production employees, as of April
13, 1938, are eligible to vote to
decide which of the above named
unions, both recognized by the La-
bor Board, shall be certified by the
National Relations Labor Board to
enter into a contract with the
Clark Equipment Company, cov-
ering its Buchanan employees.

Cast of 10 to Present Comedy

John Elbers Directs, Assisted
by Phyllis Lamb

The curtains will rise on the an-
nual senior class play Tuesday,
May 13, "The Nut Farm" by J. C.
Brownell, this year's presentation,
promises to be one of the best
plays ever put on in Buchanan
High School. If there's an ounce of
laughter in you anywhere, you'd
better have it ready for Willie and
Ezra Silscombe, and J. Clarence
Biddleford. If you don't succumb to
the humorous situations of this
play, you have more laughter-
resistance than any audience that
has seen it to date.

The characters, directed by Mr.
Elbers and assisted by Phyllis
Lamb are: Carol Kobe, Caroline
Webb, Beverly Koons, John Fuks,
Sidney Deming, Earl Stevens,
Richard Austin, Jerry White, and
Robert Russell.

The scene of the play is the
living room of the Bent home in
Southern California.

The time is the present.

Act I—Living room of Bent
home.

Act II—The same—3 hours
later.

Act III—The same—1 month
later.

The least publicized groups, but
the most active are the stage and
property committees.

Ivan Price is the chairman of
the stage committee. His assist-
ant is Rex Shreve.

The chairman of the property
committee is Phyllis Lamb.

Mrs. Barton, Caroline Webb;
Willie Barton, John Fuks; Robert
Bent, Earl Stevens; Ezra Silscomb,
Sidney Deming; Helen Bent, Be-
verly Koons; Agatha Silscomb, Car-
ol Kobe; Hamilton T. Holland, Rich-
ard Austin; J. Clarence Biddleford,
Robert Russell; Harold Van Hor-
ton, Gerald White; Hilda, Phyllis
Lamb.

Pres. Guild Holds Mothers Day Banquet

The Jeannette Stevenson Guild
of the Presbyterian church observ-
ed Mothers Day at a banquet at
the church Tuesday evening. There
were several special musical num-
bers and Mrs. Mary Harbaugh
gave several readings.

Public Invited to Bid on Sale
Items to be Posted in
Local Windows

Buchanan merchants will stage
something new for this commu-
nity next week in the form of a
Window Auction, in which all
lines of business in the city plan
to cooperate by displaying one or
more items in their windows for
bidding.

Each displayed item will have
a large card beside it. Anyone
may make a bid, which will be
posted on the display card until
superseded by a higher bid. The
event starts next Monday morn-
ing and every item displayed for
auction will go to the highest
bid posted at 8:30 p. m. Satur-
day, May 21. The event is spon-
sored and promoted by the Bu-
chanan Progressive Association.

Stores cooperating will be
Glenn E. Smith Clothing, Roti
Kott's Shoe Store, Clark's News
Depot, Gnodtke's Drug Store,
Reamer's Grocery & Market,
Gambler's Hardware, Ogden's
Jewelry, Bazar Dress Shoppe, H.

News of Buchanan Schools
Collected and Edited By Members of the Journalism Class

Editorial AMBITION

As school draws to a close for this school year, we find an ambitious group of seniors.

You seniors realize that the senior play, junior and senior prom, commencement, and baccalaureate will be the last high school activities you will enter into as Buchanan High school students. Some of you may be glad to leave, and others sorry. All should be glad, for you are now ready to take one more step toward your future. Your future, which is being planned right now; your future, which means your happiness and security, should be one you look forward to with great eagerness and must be chosen by you alone for it is you who must live it. Your future should be set in a career in which you find your greatest ability and one that will give security and happiness.

There is only one thing you need to accomplish this and that is ambition. A burning ambition that will smother all disadvantages of your future career.

Who's Who

Freshman

Russell Clements was born October 6, 1922, in Mishawaka, Indiana. He is 5 feet 2 inches tall and has grey eyes and blond hair. He attended the school at Sakertown before coming to B. H. S. His favorite book is "Wild Animals I Have Known." His favorite movie is "Riding on Air," and Joe E. Brown is his favorite movie star. Ice cream, sweet williams and general mathematics, are some more of his favorites. His favorite expression is "Do tell." His hobby is bike riding.

Sophomore

One of the members of the sophomore class is Loretta Ernst. Loretta says that her favorites are: movie, "45 Fathers"; flower, rose; and book, "Lost Horizon." She likes both bookkeeping and dramatics. She is 5 feet in height and has brown hair and eyes. She was born in November, 1921, in South Bend, Indiana. If you hear "why so" that is one saying that is related with Loretta.

Junior

This boy, a member of the junior class, is 5 feet 11 inches tall with light brown hair and blue eyes. He was born in Decatur, Illinois, April 9, 1921. He has always attended B. H. S. His favorite book is Richard Halliburton's "Book of Marvels." "Treasure Island" as a movie, Clark Gable and the late Jean Harlow are his favorite movie stars. His favorite dish is chocolate ice cream. He likes tulips and his favorite subject is commercial arithmetic. "Oh, yeah!" seems to be his favorite expression. His hobby is basketball and his chief dislike is running in a track meet or in practice. This fellow is none other than Adolph Rauch.

Senior

Iris Dalrymple was born June 18, 1920, three miles south of Buchanan. She attended a country school before entering B. H. S. for her freshman year. Among her favorites are: book, "Speedy"; movie, "Tovarich"; movie stars, Claudette Colbert and Tyrone Power; flower, tulips; dish, potato salad. Her favorite subject is typing. Her favorite expression or byword is "Wow." Just listen to her for a while and you will hear her say it. Her hobby is day dreaming and she dislikes prevaricators. Iris is five feet three inches tall and has brown hair and brown eyes.

SECRET COMMITTEE

The committees for the prom decided to have a secret committee to fix dates for those who are bashful or otherwise. Those who want to have a date should see Miss Krebs for information. If the student body will cooperate we feel we can help those who want to go.

BIOLOGY TRIP

Mr. Langer's three biology classes went on a trip to Clear Lake Monday, May 2. Every one met at the east door of the school building at about 5:30 A. M. Many rode "bikes" while others drove cars. After arriving at the lake, various kinds of birds were looked for for two hours. After returning from the bird hunt, breakfast was eaten with great relish. Two hours were taken to hunt bugs after breakfast. Several went swimming after the bug hunt and others rested until time to leave. They left the lake at about 11:00 A. M. The students on the trip were surprised and sorry to hear of the accident of one of the students, Hermia Sult, while going to the meeting place for the hike.

CHRISTENS DESTROYER

Mrs. Louise Smith Thayer of Newport, R. I., a great-granddaughter of the late Rear Admiral William T. Sampson, pictured as she officiated at the launching of the new United States navy destroyer, Sampson, named after her noted great-grandfather.

Grade News

The fourth graders are writing to a native of the Netherlands who is now living in Holland, Michigan, to ask certain questions which have arisen from the study of the Netherlands.

Many fourth graders have received the booklets which they sent for, explaining the care of pets. These booklets were published for the American Humane Association in Albany, New York.

The first grade made May baskets Friday, April 29. Kenneth Ferris brought some very pretty pieces of wall paper for the children to use.

In the opportunity room we are making a large picture of the playground. In nature study we collect stones to study the different types. We have some new library books; three bird books and a flower book. We are beginning a study of the fly and mosquito. Several people in our room had articles in this issue of the little newspaper. Our bulletin board has circus pictures on it now.

The second grade is studying gardening. We have made posters of plowing, furrowing and planting.

The following names have been added to the Dental Honor Roll: Donald O'Bryant, Franklin Green, Jane Walters and Wilma Green. This makes nineteen up to date.

In the third grade the following pupils have been awarded the Palmer Gold Button: Bobby Swartz, Rose Brown, Jim Harvel, Lucile Shaner, Janet Hanover, Dorothy Backies, Charles Vergon, Helen Ailsworth, Robert Surch, Dennis Smedley, Shirley Mitch, Georgine Chain, Norene Fuller, Robert Pazder, Kathleen Birong, Lowell Kokey and Bonnie Young.

In art we are making original flower designs. We have some very attractive patterns.

Melvin Backus, Lemont Rentergen, Georgine Chain and Charles Vergon are painting large posters from their small gardening pictures.

In Miss Ekstrom's room the class has finished a group of paintings called "Going to Work." The pictures portray both industrial life and farm life. The theme was taken from pictures by Millet and Van Gogh.

The class is making a collection of building materials used in making a house. The boys are building and landscaping a dwelling house. The girls are collecting ideas for furnishing a home.

In geography the fifth grade is studying the Spanish influence upon South America.

Keneth Mitchell and Wilfred Blake in Miss Quicke's third grade have started to color large posters on transportation.

Miss Ream's sixth grade are continuing their unit on Japan. The children are making individual maps showing the occupations of Japan.

Miss Henry gave the girls in Mrs. Heim's second grade a new jumping rope. There are 18 girls and only 6 boys in this room, so the girls are letting the boys jump rope too and all enjoy the recess period.

SCOOPS

The typing classes were making pictures and designs on the typewriter last week.

The dramatics class has started using make-up and will practice making up each other.

The Microphone staff went to South Bend Tuesday, May 3, to the South Bend Tribune building to watch the process of making a daily paper. A guide, explaining many interesting details, escorted the group through the large plant. After the Tribune building was seen, some pupils went to the

show and others to the circus. Dorothy Skinner is back from Grand Rapids after being there for two or three weeks.

The whole school was shocked to hear of the accident of Hermia Sult and her brother, Jack, and hope for their speedy recovery.

The Indiana and Michigan Electric Company sponsored a cooking school Thursday afternoon, April 28. The food was given away to the students by means of drawing. Shirley Bauch and Kenneth Phiscator were elected to go to Lansing to the Boys' Summer Camp, free of charge from June 16 to 25. This camp is for boys only. There are all sorts of sports and games which make the camp life a happy one.

Have you noticed that Joseph Rosetto has been walking home with a certain junior girl lately? Have you noticed that Mildred Ashby rides home with a group of junior boys during noon hour? Have you noticed Eleanor Schneider and Charles Hess are becoming more acquainted with each other?

During second hour economics class, Mr. Elbers was explaining foreign trade and tariffs. "If the United States put a tax on sugar," he said, "we surely would raise cane."

During the faculty and F. F. A. softball game, students kept an eye on the teachers to see who could play. It seems as though Mr. Hyink was the outstanding player. It seems as though Donna Smith, known as "Cannon Ball," is

becoming quite popular among the junior boys.

The Berrien county jail admitted 175 prisoners during April, and discharged 163, according to the monthly report submitted to Sheriff Charles L. Miller by the turnkey, William Hedrick. Forty-two persons were in the jail April 30.

The sheriff department made 122 arrests, the Benton Harbor police 20, St. Joseph police nine, Niles police three, and state police 11.

During the first four months of 1938, 702 prisoners were confined to the jail. This compares with 497 for the first four months last year, 326 for the same period of 1936, and 379 for the first four months of 1935.

Eighteen of the persons arrested in April were charged with drunkenness, 12 with being drunk and disorderly and four for driving while intoxicated. Breaking and entering was the most important bracket in felony charges; seven were arrested for this offense.

Doris Campbell Weds

Philip Hanlin Friday

Miss Doris Campbell, daughter of Mrs. M. H. Campbell, 110 South Portage, was united in marriage to Philip Hanlin son of M. L. Hanlin, 113 Clark, in a pretty home ceremony at the home of the bride's mother at 4 p. m. Friday.

Mrs. W. A. Rice played Lohengrin's Wedding March as the couple came down the stairway into a living room beautifully decorated with spring flowers. The words of the marriage ritual were pronounced by Rev. W. H. Brunelle, the single ring ceremony be-

ing used. Mrs. Rice played "I Love You Truly" and "Oh Promise Me" through ceremony. The principals were attended by Miss Helen Mogford of Cleveland, O., as bridesmaid and John Strayer as best man. The bride was attired in a gown of navy blue sheer with pink accessories, and carried a bouquet of lilacs of the valley and pink roses. The bridesmaid wore a gown of brown sheer with pink accessories and carried a bouquet of pink roses. Only the immediate families attended.

At 5:30 p. m. a wedding dinner was served at the Four Flags

hotel. The tables were decorated for the occasion with white sweet peas and white carnations. A three-tier wedding cake was served. The happy couple left immediately for a short wedding trip.

The bride was graduated from Buchanan high school with the class of 1933, and has been employed until recently in the Clark offices. Mr. Hanlin was graduated from Buchanan high school in 1932 and from Wabash college in 1936. He is now employed in the Clark Equipment company offices. They are at home to their friends at 103 Lake street.

Long Use of Horseshoes
Horses started wearing shoes when first domesticated. Tough as their hoofs appear to be, unless protected they break when the animal is made to do any hard work. Without shoes horses would never be able to run as fast nor work as hard, says the Washington Post. An ancient practice, long before the use of metal, was to shoe horses in a crude type of straw slipper. Japanese used this method up to the Nineteenth century, although metal shoes have been common for more than 1,600 years.

Bushman Count on Toes
The Bushmen of the Kalahari desert of the Bechuanaland Protectorate are simple as children and ask only to be let alone to live in the heart of the wild in their own way. They count on their toes and their language is based on a series of clicks. They have a sense of humor and like fun, playing pranks upon each other like school-boys.

Odd Fellow Barn Dance is Success

The Dayton Odd Fellows announce that they had a crowded house for their barn dance at the Chris Shaw hall Friday evening and that the large audience voted the entertainment a grand success. About eighty performers and contestants were on the stage. The three high prizes went to the Three Oaks tap dancers, Jack and Jean; Miss Irene Zida and Eva and Evelyn.

Seniors Vote On Hollywood Films

"Gold Is Where You Find It" is Named First; "In Old Chicago" Second

Because of the fact that they did not have the theatre bookings in time the senior English class, Mrs. Velma Dunbar teacher, did not rate all the plays appearing this week, but they have made selections from the plays of the coming three weeks at the Hollywood, voting "Gold Is Where You Find It" as tops and "In Old Chicago" as second.

The vote between the two was close, being ten for the California mining play and 8 for the Chicago play. The majority held that the western play had a better historical basis and that the material presented was perhaps more authentic and more important. In addition the acting of the play and the technique are both very highly rated. The play will be presented June 3 and 4.

The second choice, "In Old Chicago" has aroused keen interest through the Chicago area. It is generally rated very highly from the technical standpoint, but not so highly in its selection of material for the entertainment of younger ages. It is quite likely that "Of Human Hearts" presented at the Hollywood Friday and Saturday of last week, would have been selected as tops for May had the vote been taken in time, as it is rated as one of the best film representations of an American historical scene ever done.

of the Hollywood Theatre for May reveals that the month is high in entertainment value, possibly presenting more headliners in film-dom than any preceding month in the past year.

Miss Sonja Heinle, tops in drawing power and financial rating wheeled breathlessly over the silver screen (is it really silver?) the first three nights of the present week in "Happy Landing." And on the two last nights of last week appeared "Of Human Hearts," rated among the all-time highs in film presentation of American historical scenes.

Charlie McCarthy and his stooge, Edgar Bergen, tops in laugh-makers, are billed twice during May, including the presentation last night and tonight of the one-reel "Two Books in a Balloon" and in "Goldwyn Follies."

Then there's that all-time favorite, Will Rogers, appearing in a presentation of "County Chairman" May 25 and 26.

And that's not all for there will be Joe E. Brown, Jimmy Durante, the Ritz Brothers, Robert Taylor and other headliners in romance and comedy, not a one of them set-ups in any entertainment bill of fare.

Hotair Furnaces in Huts
In Korea, a land of one-storied mud huts thatched with white straw, one is astonished to discover that the primitive natives long ago anticipated the hotair furnace. For fire is built at one end of each hut but for cooking and the heat is carried under the house through a system of pipes and flues to the log chimney at the opposite end.

A River
A river is any natural stream of fresh water, larger than a brook or creek, which flows in a well-defined channel. Usually it discharges into another and larger body of water—the ocean, a lake, or another river.

Auto Insurance Rates Have Increased WHAT'S THE REASON?

Did you know that more Americans have been killed or injured by automobiles than by war? In 1937 33,000 lost their lives. Increased loss through collision, Fire and Theft accounts for the rapid rise in insurance rates.

Call it carelessness if you will but the fact remains that no matter how careful you may be your life and your property are always endangered by the carelessness of others—so insure today—and insure adequately thru a full coverage policy.
